Seeing the Future with 2nd Grade

From the past to the future! Second-grade X.T.A.R. students from our partners, Xenia City Schools, explored career possibilities at GCCC, visiting our Advanced Industrial Robotics, Drone and UAS Technology, and Advanced Engineering System labs.

As part of their Historical Thinking: Past, Present, & Future theme, they're discovering how education and technology shape their city and future careers. We hope this visit inspired them to dream big and see the exciting opportunities that await at GCCC!

CTE at the State House

Celebrating innovation and achievement at the 2025 Ohio CTE Legislative Conference! Our Advanced Engineering Systems students proudly displayed their adaptive car project, showcasing the power of hands-on learning and problem-solving in career-tech education.

And a huge congratulations to Corinne Gill (Beavercreek) for being honored as one of Ohio's nominees for the U.S. Department of Education Presidential Scholars Program! This prestigious recognition highlights her dedication, leadership, and impact in CTE. Special thanks to Corinne Gill, Rey Bassett (Beavercreek), and Ethan Matthews (Xenia) for representing GCCC at the Ohio Statehouse! Their hard work and passion make a difference.

Powering Success with SkillsUSA

Congrats to our skilled Electrical Wiring and Motor Control seniors at the SkillsUSA regional contest last week! Evan Cole electrified with a 1st place win in Residential Wiring, Matthais Brausch received 2nd place in the same category, and Isaiah Betts secured 3rd place in Industrial Motor Control.

Additionally, Construction Technology juniors, Colton Salyers, Logan Schliemann, Nate Kuhns, and Steven Crites, took 1st place in the Team Works competition. We're proud of their hard work and can't wait to see what's next for these skilled competitors!
