

Teens get special perks, reward and privileges for living drug-free!

## Teens In DFCA...

- ★ Are rewarded for their drug-free lifestyle.
- ★ Enjoy student leadership opportunities.
- ★ Make their applications & resume stand out and boost their portfolio.
- ★ Have a safety net when dealing with drug situations by saying, "I can't, I might be tested."
- ★ Can rest assured that *only their parents/guardian* get test results (not the school or teachers).

**PLUS: DFCA parents have free access to a knowledgeable resource to ask substance related questions if confidential advice is ever needed.**

## How it Works for Students:

1. Apply to Be a Member and Pay the Membership Fee.
2. Take a Drug Test.
  - The testing process is private and SIMPLE!
  - Retests pop up randomly during the year. This gives teens a *real* out in any situation with drugs by saying "I can't! I might be tested"!
3. Receive a DFCA ID Card and Rewards!
  - The card is used for special privileges and perks at school and in the community arranged by school. Common ones are jump the lunch line, discounts at restaurants, get out of the parking lot early, etc.
4. Join a Community of Leaders.
  - Learn about drug issues. No meetings required!
  - Make a plan to stop peer pressure and lead by example.
  - Show parents, friends, coaches, teachers, colleges, and employers a commitment to making healthy choices.

Connect on social with  
**@drugfreeclubs** & WATCH for our  
give-aways designed by teens!

*"I like Drug Free Clubs  
because of the benefits  
and rewards I get for  
being drug free."*

- Anthony, Student

## Teens Help Design The Club!

Chosen teen leaders will:

- Create Club communication plans for the student body
- Suggest in-school rewards for members only
- Plan events, meetings, field trips
