

Anthony Wayne Chromebook Summer Care Guide

AW Families of the Classes of 2024, 2025, 2026, 2028, 2029 and 2030.*

As the school year draws to a close, we want you to know your student will be able to keep their Anthony Wayne Chromebook over summer break. This is being done to promote digital literacy and enable some buildings to provide valuable enrichment/learning opportunities to students in June and July.

The following guidelines are provided to make this experience as trouble-free as possible:

- **Keep your Chromebook charged.** Leaving the battery drained over the summer can reduce its life.
- **Do not use your Chromebook in a hazardous environment.** It should be kept away from liquids, direct sunlight, extreme hot and cold temperatures, etc.
- **Keep Chromebooks safe and secure at all times.**
 - Loss of a device is considered neglect and is not covered under the Chromebook Protection Plan.
 - If a device is stolen, a police report will have to be provided to the AW Technology Department in order to replace it. Without a police report, families will be charged the full replacement cost of the Chromebook before the District can replace the device.

Key Chromebook Contacts

- **Repairs**
Email summersupport@anthonywayneschools.org or call 419-877-1221 ext. 5. If a tech is not immediately available please leave your name, best contact phone number, and issue with the device. Someone will contact you to set up a repair time.
- **Report Inappropriate Use/Restrict Student Access**
Contact Chris Hamady, *Director of Technology* at 419-407-6227.
- **Report Unlawful Device Use**
Contact your local police department, then contact Chris Hamady, *Director of Technology* at 419-407-6227.

We hope that you have a wonderful summer!

Thank you,
AWLS Technology Department

** The class of 2027 will receive new Chromebooks when they enter high school per the District Technology Plan*
