## Williamsburg Elementary School Kindergarten Registration for the 2023-2024 School Year

Williamsburg Elementary School is conducting registration for families who have a student(s) eligible to begin Kindergarten for the upcoming 2023-2024 school year. At this time, simply fill out this brief Google Form if you have a student you intend to enroll in Kindergarten for the 2023-2024 school year:

<https://bit.ly/3QM9rSP>

**Students are eligible to begin Kindergarten if they are five (5) years of age on or before August 1, 2023.** We ask all families who have students eligible for our 2023 Kindergarten class to enroll early! Enrolling early helps us plan for the upcoming school year and provides your student with the opportunity to participate in transition activities later this spring. **Students who register during our early registration period will:**

- Have the opportunity to meet one-on-one with their Kindergarten teacher May 23 or 24, 2023.
- Have the opportunity to participate in relationship-building experiences with their teacher and classmates prior to school beginning in mid-August.

### The following documents are required for registration:

- Photo ID of the parent/guardian
- Original birth certificate
- Health/immunization record
- Custody papers, if applicable
- Proof of residency, which must be at least one of the following documents (**must be dated within the last 60 days**):

- 

Gas/water/sewage bill

Cable/internet bill

Monthly mortgage statement

Lease/notarized residency affidavit

**Families seeking open enrollment:** please note that registering and participating in spring Kindergarten enrollment events doesn't guarantee acceptance. Open enrollment decisions for incoming Kindergarten students are made during the summer once our district has a better idea of the number of students enrolling in the Kindergarten class of 2023-2024.
