Dear Parent/Guardian,

ONC BOCES uses School Tool for its student management system which houses schedule, attendance, and grading information for each student. We are happy to announce that a student/parent portal is available for those who have provided an email address with the updated student contact information collected at the start of the school year. It is a password-protected, secure website that offers parents and students online access to information about a student's academic program and progress. Our goal is to provide timely and effective information to students and parents to help students in their educational growth.

The portal allows students and parents to log into ONC BOCES' student data system to review:

- Basic contact information
- Assignment grades (grades 7-12)
- Progress reports (grades 7-12)
- Report cards
- Student attendance and discipline
- Student schedule
- Assessments
