The committee met regularly this school year in collaboration with the administrative team to work through the next steps and create a framework for global and cultural perspectives in the school district. Out of their meetings came the new branding for global & cultural perspectives -- Warriors BEglobal. This branding partners well with the existing MCSD programs Warriors BEyond and Warriors BEwell. The committee is planning to form an ad hoc group with several community members to get feedback, suggestions and input on the framework it is developing.
