

2022-2023

FINE ARTS GUIDE

**JENISON
PUBLIC SCHOOLS**

TALENT ON DISPLAY

The fine arts have been a pillar of the Jenison school community since the very beginning. Nationally recognized for exceptional standards of excellence, we're proud of the reputation our talented students and leaders have built for our District.

Music, theater, and visual arts are essential components of the learning environment at Jenison—beginning in Kindergarten. I encourage you to explore the many opportunities available in this guide to engage in the outstanding experiences offered by the fine arts.

I am so proud of our students, directors, and volunteers who together make our fine arts program so rewarding for so many people in our community.
