## Student Handbook

**2022-2023**

*O Trojans list to our joyous song  
In praise of the Red and White,  
And honor your Alma Mater as long  
As you dare to be true and right.  
Remember how long the school has stood,  
Remember how great she has grown  
And if we always strive as we should  
Her fame will be wider known.*

*All hail to the high school,  
to her we'll be true.  
All hail to the loved Red and White  
Her loyalty ever we'll gladly renew  
As we point to the school colors bright.  
The good times we have as the days speed away  
We'll hold in memory dear,  
We'll honor our high school forever and aye,  
For our dear **T. H. S.** we will cheer!*

## District Policy: Extracurricular Activities

2. Separate records must be kept of all receipts, deposits, and expenditures. These records are the sole responsibility of the advisors and coaches.

3. All forms for the withdrawal of money may be obtained from the Main Office. When forms are submitted, the bill (invoice) must be attached. All forms must be processed through the High School Principal.
4. All student activity organizations **must** submit to the principal's secretary a set of by-laws, list of names of officers, and minutes of all meetings.

#### Deposit of School Funds:

1. All monies for deposit to the activities account are to be remitted daily to the Main Office.
2. All monies should be counted before handing them over to the Main Office.
3. All activities' monies collected under the auspices of the School District, or its organizations must be deposited and processed through the "Activities Account."

#### **Fundraising**

Fund raising will be permitted by Board action only. Solicitation of students on school property without prior approval of the Board and/or the school administration is prohibited.

All fundraising activities conducted within the school system or by any school-related organization will be first approved by the Superintendent of Schools and at the next monthly committee meeting to be presented to the Board. All organizations within the school or outside the school program will comply with all existing school regulations. These include the proper completion and submission of related request forms.

Profits derived from the sale or drive by a school organization will be used with the building administrator's approval for expenses directly affecting the welfare of the students. Such funds will not supplant or conflict with district funding responsibilities. The present money in each fund should be used to finance a program of activities not part of the regular curriculum.

The present money in each fund should be used for student activity purposes and for those students currently in school, particularly when those students have contributed to the accumulation of the funds.

All requisitions for student funds received by Monday will be processed by Friday. All student funds requisitions need to be accompanied by a student expense voucher signed by the organization's student treasurer as well as the advisor and the principal.

Contests or other activities involving awards to students by agencies outside the school will not be permitted unless approved by the Board. The activity must have educational value and be of a noncommercial nature.

## Activities by Class

### SENIORS

Seniors have a fundraiser in the fall and an additional fundraiser in the winter.

Special awards held in this grade area:

1. Homecoming Court
2. Laurel Queen Candidate
3. Flaming Foliage

Girls that were elected for Junior Prom Court are not eligible for Homecoming Court. This allows more girls a chance to hold court positions. The Homecoming court is voted for by the Senior Class.

## CLASS TRIP

The administration has set up certain requirements, exclusive of money, for students to qualify for the senior trip. To qualify seniors must have participated in some fundraising activities or pay additional costs for the trip.

## **JUNIORS**

The Junior class co-sponsors the Junior Prom. The Junior Prom Court is voted for by the Junior Class

## **SOPHOMORES**

The sophomores have a fundraiser in the fall. Part of this money is later used for the Sophomore/Freshman Hop which is held in the spring. The balance of this money is saved for the senior trip.

## **FRESHMEN**

The freshmen class has a sale in the spring. The money from this sale is saved for their senior trip. Awards are given to top salespeople.

## **ATHLETICS**

The Board shall approve a program of interscholastic athletics and require that all facilities utilized in that program, whether or not the property of this Board, properly safeguard both players and spectators and are kept free from hazardous conditions.

The Board shall determine the standards of eligibility to be met by all students participating in an interscholastic program. Such standards shall require that each student, before participating in any interscholastic activity, be covered by student accident insurance or private family held insurance (proof of insurance will be requested by athletic director or school nurse); be free of injury; and undergo a physical examination by a licensed physician. (BP #123)

### **Athletic Courtesy**

Visiting teams are honored guests of the home school and are to be treated as such. Student spectators represent their school the same as athletes do and are to be afforded the same respect and courtesy. Any spectator who continually demonstrates unsporting behavior may be prohibited from future contests. Decisions of officials must be abided. The practice of “booing,” “jeering,” or “taunting” is regarded a discourteous and unsporting.

### **Sportsmanship**

The PIAA lists the following as the Fundamentals of Sportsmanship:

- ***Gain an Understanding and Appreciation for the Rules of the Contest.*** The necessity to be well informed is essential. Know the rules. If you are in uniform, refrain from expressing opinions on officials, coaches or administrative decisions. The spirit of good sportsmanship depends on conformance to a rule’s intent as well as to the letter of a given rule.
- ***Exercise Representative Behavior at all Times.*** A prerequisite to good sportsmanship requires one to understand his/her own prejudices that may become a factor in his/her behavior. The true value of interscholastic competition relies on everyone exhibiting behavior, which is representative of a sound value base. A proper perspective must be maintained if the educational values are to be realized. Your behavior influences others whether you realize it or not.
- ***Recognize and Appreciate Skilled Performance Regardless of Affiliation.*** Applause for an opponent’s good performance displays generosity and is a courtesy that should be regularly practiced. This not only represents good sportsmanship but also reflects a true awareness of the contest by recognizing and acknowledging quality.
- ***Exhibit Respect for the Officials.*** The officials of any contest are impartial arbitrators who are trained and who perform to the best of their ability. Mistakes by all those involved in the contest are a part of the contest. We should not rationalize our own poor or unsuccessful performance or behavior by placing responsibility on an official. The rule of good sportsmanship is to accept and abide by the decision made. This value is critical for students to learn for later application in life.

- **Display Openly a Respect for the Opponent at All Times.** Opponents are guests and should be treated cordially, provide with the best accommodations and accorded tolerance at all times. Be a positive representative of your school, team or family. This fundamental is the Golden Rule in action.
- **Display Pride in Your Actions at Every Opportunity.** Never allow your ego to interfere with good judgment and your responsibility as a school representative. Regardless of whether you are an adult, student, athlete, coach or official, this value is paramount since it suggests that you care about yourself and how others perceive you.
- **Fan Behavior:** Actions meant to demean opposing contestants, teams, spectators and officials are not in the highest ideals of interscholastic education and will not be tolerated. Fans observed violating these ideals will be asked to leave.

## Eligibility

### **Academic Eligibility for activities, clubs, societies, organizations, and athletics**

The student must be passing at least four full-credit subjects, or the equivalent. Eligibility is cumulative from the beginning of a grading period, must be reported on a weekly basis, and must be filed in the principal's office. Where a student's cumulative work from the beginning of the grading period does not as of any Friday meet the standards provided for in this Section, the student is ineligible from the immediately following Sunday through the Saturday immediately following the next Friday as of which the student's cumulative work from the beginning of the grading period meets the standards provided for in this Section. Where a school is closed on a Friday for any reason, the principal may, at the principal's election, determine whether the student as of that day meets the standards.

### **PIAA Curriculum Standards**

#### *PIAA Article IX:*

*Section 1:* To be eligible for interscholastic competition, a student must pursue a curriculum defined and approved by the principal as a full-time curriculum. When required, this curriculum or its equivalent must be approved by, and conform to, the regulations of the State Board of Education and the Pennsylvania School Code, as well as any local policies established by the local school board. The student must be passing at least four full-credit subjects or the equivalent. Eligibility shall be cumulative from the beginning of a grading period, shall be reported on a weekly basis, and shall be filed in the principal's office. In cases where the student's cumulative work from the beginning of the grading period does not as of any Friday meet the standards provided for in this section, he/she shall be ineligible from the immediately following Sunday through the Saturday following the next Friday as of which his/her cumulative work from the beginning of the grading period meets the standards provided for in this section. Where a school is closed on a Friday for any reason, the principal may determine whether the student as of that day meets the standards provide for in this section. (BP#123)

*Section 2:* In order to be eligible for interscholastic athletics, a student must have passed at least four-credit subjects, or the equivalent, during the previous grading period, except as provided in Section 5. Back work may be made up, providing it is in accordance with the regular rules of the school.

*Section 3:* In cases where a student's work in any preceding grade period does not meet the standards provided for in Section 2, said student shall be ineligible to participate in interscholastic athletics for at least fifteen (15) school days of the next grading period where a school has four (4) grading periods per school year, or at least ten (10) school days of the next grading period where the school has six (6) grading periods per year, beginning on the first day report cards are issued, except as provided in Section 5.

*Section 4:* Students who are enrolled for the first time must comply with the requirements of the curriculum rules. The standing required for the preceding week, the preceding grading period or the preceding school year should be obtained from the records of the last school, which the student has attended.

*Section 5:* At the end of the school year, the student's final credits in his/her subjects rather than his/her credits for the last grading period shall be used to determine his/her eligibility for the next grading period.

## Attendance Eligibility

### *PIAA: Article III*

*Section 2* A student who has been absent from school during a semester for a total of twenty (20) or more school days, shall not be eligible to participate in any athletic contest until he or she has been attendance for a total of sixty (60) school days following the twentieth (20th) day of absence, except where there is a death in the immediate family or a near relative as defined in Section 1154 of the Public School code of 1949, as amended, court subpoena, quarantine, or to attend a religious activity/function which the church requires its members to attend, or an absence of five or more school days due to the same confining illness or injury, such excused absence may be waived from the application of this rule by the District Committee. **Attendance at summer school does not count toward the sixty days required.** Absence from school for an entire semester, or for several semesters, shall disqualify a student for the same period as stated in this section.

*Section 3* Fifteen (15) days or more of enrollment in a semester in any secondary school shall count as one semester membership. Enrollment at summer school does not count as a semester or part of a semester.

## Troy Jr/Sr High Attendance Expectations for In Season Athletes

Any student who participates in extra-curricular activities and is absent or late for school will not be permitted to practice or engage in the scheduled activity and/or contest for that day. Any student who leaves school during the day WITHOUT permission will not be allowed to participate in the next practice or game. Students who are tardy and have medical, dental or court appointments will be permitted to participate as long as proof of the appointment is provided upon arrival.

## ATTENDANCE

Attendance at school is mandatory. The right to attend public schools and the compulsory attendance laws apply to all children who legally reside within the boundaries of the Troy Area School District. This applies to migratory children. Troy Jr/Sr High School follows pupil accounting procedures established in the Pennsylvania Compulsory School Attendance Laws. Since good attendance and good grades are highly correlated, Troy Jr/Sr High School attempts to build close contact with parents.

Students are reminded that attendance records become part of their permanent school record and can have beneficial or detrimental results depending upon the record established.

Parents of absent students should call the school at 570-297-2176 by 9 a.m. if a child is going to be absent from school. Parents of absent children not called in may be contacted to verify the absence.

Students may not be asked to leave school because they have reached seventeen (17) years of age, have married, or are pregnant.

Any child who has attained the age of eight (8) years prior to February 1 of any school year, or who has entered school at an earlier age and who has not attained the age of seventeen (17) years, is required to attend school regularly during the entire school year except as amended by Section 1330 of the Pennsylvania School Code of 1949.

## Tardiness and Early Dismissal from School

Students who arrive late to school (After 8:00 AM) must report to the Main Office upon arrival with the reason for their lateness. 1-4 tardies will be accepted with a note from a parent or guardian. All tardies after 4 may require a medical excuse. Excessive occurrences of lateness with no legal reason may count towards absences reported to the district magistrate's office. **After 4 tardies or early dismissals from school, parents and students may be asked to meet with the principal to address missing instruction time and to come up with a plan to address the situation. If a student accumulates 10 tardies, or early dismissals, this will be filed with the district magistrate.**

Written excuses are not required when the school bus is late arriving to the school.

Students may not leave school grounds for lunch. **The student's lunch period must be spent in the cafeteria.**

## Absence from school

On the day students return from being absent, a written statement from home signed by the parent or guardian should be brought to school. This statement must include the date(s) of absences and the reason for the absence. It is preferred that parents use the district excuse form to report their child's absence. The district form is included in this handbook and can be found on the district website. There are also copies available in the JRSRHS office. Failure to present a written excuse within three school days of returning to school may result in absences being recorded as unexcused and/or unlawful.

At any time that a child's attendance is of a concern to the principal, the student and parents may be called in to meet and complete a **truancy elimination plan** to address the attendance issue. A parental excuse (excused absence) will be accepted for any day's absence to a total of **ten (10) days absence** throughout the school year. A doctor's excuse will be required for any absence beyond the ten-day limit. Any doctor's excuse will also require the date the student may return to school. Following an accumulation of ten (10) days of absence, a written notice will be sent to the parents or guardians. *A parent conference may be requested.*

## Legality of Absence

Guidelines for legality of absences have been established by the Pennsylvania Department of Education and will be adhered to by Troy Jr/Sr High School. Acceptability of excuses will be determined by the school officials. **Notification of the school DOES NOT ensure that an excuse will be considered legal.** The final disposition of any excuse is with the building principal or designated personnel.

If a student is absent for reasons other than those listed, he/she will be considered unexcused. **Parents of students who are absent three days unlawfully will be served an Official First Notice.** Any additional unlawful absence can result in parents being fined and referred under Act 333 to Child Welfare Authorities.

Please be advised that absence because of hunting is illegal and unexcused. An accumulation of three (3) days (illegal) during a school year warrants official action.

Students who are absent unexcused without parental knowledge and /or approval are considered truant. Any truant days are subject to being referred to Act 29 (1995) penalties. Under Act 29, the parent and/or guardians may be fined up to \$300.00. In addition, Act 29 may remove truant juveniles their operating privileges or their ability to apply for their learner's permits upon reaching their 16th birthday.

## Make up work while absent

Students shall be permitted to make-up exams and work missed during **excused absences** with the following conditions:

1. A student has one day for each day absent from the date of return to make-up missed work.
2. The student is responsible to contact the teacher to find out what needs to be made-up. Most assignments can be accessed through the online learning management system (Canvas).

Assignments in cases of prolonged absence may be acquired through the office. One day absences are the responsibility of the student. Homework requests must be made before 11:00 am.. Homework assignments may be picked up from the office between 3:30 pm and 4:15 pm on the day the request is made. It is the responsibility of the student to return completed assignments.

Assignments during any suspension are the responsibility of the student. Assignments, quizzes, tests, or other work missed during suspensions shall be completed upon returning to school.

Assignments during an educational or family trip are the student's responsibility prior to the trip. All tests and quizzes must be completed within three days of returning to school. Educational or family trips require prior approval from the

principal. Educational/family trip forms are available in the school office and are available on the district website. The form must be filled out and returned to the office five days prior to departure.

[PA School Code: Attendance](#)

### **Leaving school early due to Illness or Injury**

Any student who has become ill or suffers an injury while at school should report to the Nurse's Office. If the nurse determines that further treatment is necessary or that the student is ill enough to be sent home, the nurse contacts the person listed on the emergency card to pick up the student. **The nurse must approve sending a child home for illness in order for the excused time to be legal.**

### **Permission to Leave Class**

Each student must be in the place specified on his/her schedule unless permission has been given to be elsewhere. If it is necessary to leave, students must receive a pass from the teacher with the time and location where they are heading.

## NTCC Attendance on Early Dismissal/Delayed Start Days

### **NTCC closed and THS in session**

Please ask in the Main Office for a permission slip if you would like to drive to school on the days the NTCC is closed in the morning. No riders in the vehicles. Students without driving permission may obtain a ride from a parent/ guardian or report to school on their school bus. Study hall accommodations will be made. Students **MUST** have the appropriate permission form signed prior to the day it is needed. There may be no last-minute phone calls for permission.

### **THS closed and NTCC in session**

If there is no school at Troy HS and NTCC is in session, students must sign up for transportation no later than the day before. Transportation to and from NTCC will be provided as usual by the district if the students have given notice.

### **Other**

Issues not covered in the above scenarios will be dealt with on an individual basis by the principal.

## Trips

### **Educational Trips**

Educational trips that cause students to miss school are discouraged. Attendance at school is important and is strongly encouraged, as no amount of make-up work can completely replace participation in the classroom. Therefore, a trip will not be automatically approved, but will be considered on its own merit taking into consideration the student's achievement, attendance record, and educational value of the proposed experience. The principal reserves the right to grant approval for excused days based on a student's attendance record and academic standing. Students may not be failing any subjects or have missed more than ten (10) days of school.

Students may take one (1) educational trip per year that total no more than five (5) days. The parent or guardian must submit a written request to the principal at least one (1) week prior to the trip, and the student is responsible for making up all assignments during the period of absence. Educational trip forms are available on the web site. No trips will be approved during final exams, PSSAs or Keystone Exams.

## [Educational Field Trip Approval Form](#)

### **Field Trips**

All field trips must follow procedures established in Board Policy #121. Local funding will not be used for field trips. Expenses must be covered through activity accounts and/or the students. Trojan Transport must be used for transportation needs of field trips.

Field trips occur when any group of students leaves the school campus under the sponsorship of the school and under the supervision of a school employee to extend the educational experience provided by the district curriculum. They require the submission of the appropriate form and the approval of the Superintendent.

Field trips should use the following guidelines:

- Parents must provide written permission.
- Students must remain with the group until the field trip is over.
- Students will conduct themselves in a manner that is a credit to the school district.
- **Students who are failing classes or owe detention time will not attend trips.**

Chaperones must have appropriate clearances and be on the approved volunteer list if they are not a district employee.

## [District Policy: Field Trips](#)

## HOMEBOUND INSTRUCTION (Further Detailed in BP #117)

Homebound instruction is available for resident children who are emotionally or physically incapacitated and who because of such physical incapacity are unable to attend regular sessions as certified by a licensed medical physician or psychiatrist. All referrals for students to be placed on homebound instruction must be made to the principal or his/her designee. The principal will meet with the parents or guardians to discuss the child's condition. The principal will refer the application to the Superintendent of Schools for approval. The Superintendent will approve or disapprove the homebound instruction. Disapproval will be given for any of the following reasons:

The information provided is incomplete.

The physician or psychiatrist does not support homebound instruction.

The illness or injury will not keep the student out of school for four (4) weeks or longer.

The homebound instruction is recommended for emotional reasons and the physician is not a psychiatrist. In addition, the student must be enrolled in a treatment program that is designated to deal with emotional difficulties.

If homebound instruction is approved, the parent and the principal will be notified in writing by the Superintendent on the district form. Homebound instruction is available for a minimum of four (4) weeks or twenty (20) school days and a maximum of twelve (12) weeks or sixty (60) school days. The principal or his/her designee will assign the certified homebound instructor.

## DISCIPLINE

Troy Jr/Sr High employs a "4 D's" philosophy for most discipline situations – students should not do anything that will be seen as Disrespectful, Dangerous, Disruptive, or Defiant by an adult. All students at the Troy Jr/Sr High are expected to conduct themselves in a manner that enhances the educational opportunities for all students and allows for an optimal learning environment. To create and provide learning opportunities in a safe and orderly environment, students must develop respect for property, law, an academic environment and for each

The components of good discipline are defined as:

### ***Self-Control***

All students have rights as well as responsibilities for those rights. Students have the right to equal educational opportunity in a safe and orderly environment. To protect these rights, all students have the responsibility to control their personal desires. Students must examine their own behavior and how it affects others. Self-control is the preferred method of assuring that the rights of all are protected.

### ***Character***

Your character is defined by your total pattern of behavior. The behavior you exhibit is yours. Defending your actions by describing the actions of others is unacceptable. Your actions determine your reputation and also help to determine how other people react to you now and in the future. Trust, respect, and true friendship of others must be earned. Your pattern of behavior or character determines how much trust, respect, and friendship you earn. You should make a genuine effort to develop and maintain good character.

### ***Orderliness and Efficiency***

Learning is often difficult work. It is made even more difficult when unnecessary distractions exist or when plans are unnecessarily disrupted. Self-control and good character help ensure that learning can be accomplished in an orderly and efficient manner.

## **ELECTRONIC DEVICES** Policy 237

### **Cell Phones**

The existence of cell phones presents many potential possibilities and problems for school districts. It is understandable that students prior to and after school hours may have legitimate reasons for the conveniences they afford. At the same time, schools must consider the potential problems they may cause. Among those are the potential for disruptions they may cause and such issues as text messaging.

For example, they are not permitted during state assessment testing or during the Scholastic Aptitude Test (most commonly known as the SAT's, used by universities as a factor in admitting students) because individuals have used this feature to communicate during the test in an effort to cheat.

Students are permitted to use cell phones before school, after school, or otherwise directed by an adult. Students may not use cell phones or personal devices for wireless hotspots.

Continual violations of the cell phone policy, as with all disciplinary issues, will result in increasing consequences. The school will not be responsible for any cell phone that is stolen.

### **Wireless and Wired Speakers**

The use of any speakers (e.g. Bluetooth or tethered) are not to be used during school hours, entry, or dismissal and will be confiscated. Parents will be contacted to pick up the speakers in the high school office.

Major: Transmission of any material in violation of any U.S. or state law, including but not limited to copyrighted material without the written permission of the author or creator; threatening, harassing, pornographic, or obscene material; or material protected by trade secret. The display or transmission of messages, images, cartoons or the transmission or use of e-mail or other computer messages that are sexually explicit constitute harassment, which is prohibited by the Troy Area School District. ### **District Assigned iPad Guidelines**

#### **When will I receive a district owned iPad?**

- District-issued iPads are distributed on a pre-determined date prior to the start of the new school year and requires a completed on-campus orientation and after the district receives a signed acknowledgement of the Acceptable Use Policy and acceptance or non-acceptance of the school-determined insurance.

#### **What happens if my parents refuse to sign agreeing to the guidelines and acceptable use?**

- Students will need to go to the Technology Department to sign out an assigned laptop every morning and return it at the end of each day of school. Students will still be responsible for any homework assignments that require the use of an iPad to complete.

#### **Q: May I use my own iPad carrying case?**

A: No. Students have to use the case that the District has purchased. The District is using a case researched for its durability by the district's insurance provider. It is a requirement of the provider that this case be used all the time. Students are never to remove the case.

#### **Q: May I decorate the District provided case or iPad?**

A: No, you may not decorate either the case or iPad. iPads or carrying cases that have pencil/pen/magic marker writing on them, stickers, or any other marks on them will be viewed as vandalism. There will be an associated cost to restore the iPad to the original condition if marked intentionally.

#### **Q: Who owns the District iPad?**

A: The Troy Area School District owns the District iPad. It is therefore very important that you take good care of it, leave the tags in place, and do not damage it or write on it.

#### **Q: May I take the District iPad home?**

A: Students may take the iPad home once the orientation has been completed and the Acceptable Use Policy and Insurance Form have been signed.

#### **Q: May I access the Internet and my printer at home with the District iPad?**

A: You may use the iPad at home and access your home internet in support of academics. There is a filter installed on the iPad. Parents should not rely on the filter as a catch-all for inappropriate content. There is no such thing as a perfect filter. Under no circumstances should anyone try to tamper with the installed filter. Any attempts to remove or manipulate the filter will be considered a violation of the Acceptable Use Policy.

#### **Q: What do I do if my District iPad doesn't work or is damaged?**

A: Please report to the Technology Department as soon as possible. It is important not to delay as one problem can lead to another if not solved right away. If your iPad is damaged, we will fix it or send it out for repair. If it needs to be repaired, we will loan you an iPad to use until it is returned. Under no circumstances should you or anyone else take the

iPad to a third party to try to fix. District provided iPads are property of the school district and District personnel shall fix related problems.

**Q: May I put games or software on the District iPad?**

A: Any appropriate games, software, or music that you have legally purchased may be put on your iPad, however; if you install anything on the iPad that causes the iPad to stop functioning, it will be removed. The District is not responsible for any loss incurred for personally owned software, games, or music. Under no circumstance shall students have pay-for games, pay-for software, or music on the iPad which you have not purchased. Unlicensed/illegally obtained media is prohibited and may result in legal action for copyright infringement and/or software piracy by the licensed owners of such.

**Q: How do I carry my iPad?**

A: Always carry the District iPad in its case, even when at home.

**Q: Where do I keep my District iPad while at school?**

A: At school, you will use your iPad for nearly all your classes. For any classes not requiring your iPad, or during lunch, you must store your iPad in your locker or at a powering station. If you do not do this, you run the risk of having your iPad collected by faculty/administrators. You are responsible for the iPad and should never leave it unattended or unsecured.

**Q: Is there anything special I should do with my District iPad at home?**

A: Be sure you plug it in overnight, so you come to school with a fully charged battery. Also, be sure to bring your iPad and power cord with you every day to school. You will be responsible if your iPad is not ready for classwork every day. It will be viewed as if you have left your textbook at home if your iPad is not charged and ready to go every morning.

**iPAD RESPONSIBLE USAGE**

As the Troy Area School District embarks on the journey to enrich learning experiences, students are encouraged to use District resources such as computers, tablets, software, e-mail, and the internet for educational or school related activities and for the exchange of useful information. All users are expected to conduct their online activities in an ethical and legal fashion. The use of these resources is a privilege, not a right. Misuse of these resources will result in the suspension or loss of these privileges, as well as possible disciplinary, legal, or other action necessary. All district policies with regard to the use of school property are in effect. Examples of specific board policies that will regulate the use of the iPads are Board Policy 224: Care of School Property, Board Policy 237: Electronic Devices, Board Policy 248: Harassment, and Board Policy 249; Bullying/Cyberbullying. Access to school e-mail and similar electronic communication systems is a privilege, and certain responsibilities accompany that privilege. District users are expected to demonstrate the same level of ethical and professional manner as is required in face-to-face or written communications. All users are required to maintain and safeguard password protected access to both personal and confidential District files and folders.

Unauthorized attempts to access another person's e-mail or similar electronic communications or to use another's name, e-mail, or computer address or workstation to send e-mail or similar electronic communications are prohibited and will subject the individual to disciplinary action. Anonymous or forged messages will be treated as violations of this policy. Nothing in this policy shall prohibit the District from intercepting and stopping e-mail messages that have the capacity to overload the computer resources. All users must understand that the District cannot guarantee the privacy or confidentiality of electronic documents and any messages that are confidential as a matter of law should not be communicated over e-mail.

The District reserves the right to access e-mail to retrieve information and records, to engage in routine computer maintenance and housekeeping, to carry out internal investigations, to check Internet access history, or to disclose messages, data, or files to law enforcement authorities. Any information contained on any computer, cloud, or internet transmitted through or purchased by the Troy Area School District are considered the property of the District. Any attempt to violate the provisions of this agreement will result in revocation of the user's privileges, regardless of the success or failure of the attempt. In addition, school disciplinary action, and/or appropriate legal action may be taken. The decision of Technology Department and building administrators regarding inappropriate use of the technology or telecommunication resources is final.

### **DAMAGE AND THEFT**

Monetary remuneration may be sought for damage necessitating repair, loss, or replacement of equipment and/or services.

## **Liability**

The iPad is issued to the student who, with his or her parents or legal guardians, are the only authorized users of that iPad. Although each student accepts responsibility for the care and use of the iPad, the iPad remains the sole property of the District.

The District owns licenses for the software installed on the iPad. Under no circumstances may any of this software be transferred to any other device. However, in the event of damage to the iPad caused by vandalism or negligence as determined by our repair provider, parents will be charged for the required repair as per our graduated repair fee schedule. Intentional damage by the authorized user student or a member of their family will be the full responsibility of the parent/student.

## **Case**

Each student will be given an iPad carrying case prescribed by our insurance provider. The iPad must be transported in the provided case **at all times**. Students may NOT personalize or alter the District provided carrying case in any way. Cases are to be removed only by the District Technology Department staff.

## **Daily Use**

Students are expected to arrive at school every day with their iPad battery fully charged and with the iPad power adapter. Students that fail to bring these items in or do not have their battery fully charged will be subject to appropriate disciplinary action.

## **Network Access**

Use of the District network is governed by the District Acceptable Use Policy (Board Policy 815). Students have an Office 365 OneDrive accessible only to them, their teachers, and the Technology Department. They also have access to content, shared by other students and teachers.

## **Web Access and E-mail Access**

Students will utilize their school issued e-mail account to communicate to teachers and administrators. Under no circumstances shall students use their own personal email to communicate with District employees.

## **After School**

Under no circumstances should iPads and/or carrying cases be left on the practice/game field before, during, or after practice or games. Lockers must be locked at all times. Students are responsible for damage or theft of iPads and carrying cases if left unsecured. Students will be allowed to return to the locker room to retrieve their iPad/carrying case at the end of practice /game. The student needs to plan to assume responsibility for the iPads during all after school activities.

## **Power adapters**

On a case by case basis, loaner power adapters are available in Technology Department. A student may borrow a charger during the day by signing it out. It must be returned at the end of the day.

## **Care**

iPads should not be left in temperatures below 35 degrees or above 90 degrees. Food, drinks, or pets should not be near the iPads to avoid damage. Rain, wet hands, and high humidity are risky to iPads and should be avoided. iPads are not to be left in a vehicle, this encourages theft and exposes the iPad to temperature changes outside of their operating limits. This is considered negligence (please refer to the section titled *Liability*).

Students may not personalize the iPad, case, or peripherals in any way. This constitutes vandalism and will be subjected to appropriate disciplinary action and where appropriate, monetary restitution. If students believe their iPads or cases are in

need of cleaning, they should bring the iPad to the District Technology Center. Do not clean the iPad or case yourself. Cases are only to be removed by the District Technology Department staff.

The iPad should be with the student or locked in his or her locker in the school building at all times. Students should always guard their iPad closely. It must not be left on car seats, on benches, or anywhere that might be tempting to others. Unattended iPads at school are subject to be collected by faculty and taken to the school office or Technology Department.

### **Loaner iPads**

Should the iPad become inoperable, a student will be issued a loaner iPad while their iPad is being repaired. The loaner iPad assumes all aspects and policies of the student originally issued iPad.

### **Troubleshooting**

Students should report any iPad problems (i.e. software issues, syncing, etc.) to the classroom teacher or to the Technology Department as soon as possible. Students are prohibited from trying to troubleshoot any hardware problem. Under no circumstances shall the District owned iPad be taken to a third party for repair or troubleshooting. All issues relating to the functionality of the iPad shall be reported to the Technology Department.

Failure to abide by this policy, regardless of the resolution, will be considered vandalism and or negligence. (Please refer to the section titled *Liability*)

All physical damage to the iPad must be reported immediately to a responsible adult-either at home or at school. It must be reported to the Technology Department no later than the next school day. The Technology Department will arrange for repair and a loaner as needed. Intentional damage is not covered by our iPad warranty. Intentional damage will be the full responsibility of the parent/student.

The district has arranged for insurance from AGiProtect which covers any accidental damage to the iPad. The cost to parents/students for this coverage is \$20.00/year (prorated for students receiving Free or Reduced Lunch). Accidents include unintentional actions such as drops, drink spills, etc. Intentional acts, as determined by the Technology Department and/or repair service, include any action to do intentional physical damage to the iPad.

If insurance is not purchased there will be no loaner and the parents/students will be invoiced for cost of all damages

- (5) any defects or recalls that fall under an existing manufacturer warranty,
- (6) purposeful acts that causes damage to the device that prevents it from performing as intended by the manufacturer.

All lost or stolen iPads need reports filed with the Technology Office, building principal and local police within 24 hours of the loss or theft. A copy of the police report will be required to be submitted to the building administrator.

If it is determined that it is the responsibility of the parents/guardians to pay for damages or loss, invoices should be paid within 30 days of receipt. If bills are not cleared within 30 days, students/parents will be invoiced for labor costs as well. Invoices over 90 days may be filed with the District Magistrate. ## **School Search and Seizure**

To maintain order and discipline in the schools and to protect the safety and welfare of students and school personnel, school authorities may search a student, student lockers or student automobiles under the circumstances outlined below and may seize any illegal, unauthorized, or contraband materials discovered in the search.

## **Personal Searches**

A student's person and/or personal effects (e.g. purse, book bag, etc.) may be searched whenever a school authority has reasonable suspicion to believe that the student is in possession of illegal or unauthorized materials. Students who leave school grounds are providing reasonable cause for being searched.

If a search of a student's person is conducted, (ex. pants pockets, coat pockets, cuffs, etc.) it will be conducted in private by a school official with an adult witness.

If extreme emergency conditions require a more intrusive search of a student's person, such a search may only be conducted in private by a school official, with an adult witness, and only upon the prior approval of the elementary principal for matters pertaining to elementary students or the secondary principal for matters pertaining to secondary students, or their designee, unless the health or safety of students will be endangered by the delay which might be caused by following these procedures.

## **Locker Searches**

Student lockers are school property and remain at all times under the control of the school; however, students are expected to assume full responsibility for the security of their lockers. All contents in an individual student's locker are considered the property of the student. Periodic general inspections of lockers may be conducted by school authorities for any reason at any time without notice, without consent, and without a search warrant.

## **Seizure of Illegal Materials**

If a properly conducted search yields illegal or contraband materials, such findings should be turned over to proper legal authorities for ultimate disposition.

## **Use of Canines (BP#226)**

The administration is authorized to utilize canines whose reliability and accuracy are legally certified for sniffing out contraband on school-owned property and in automobiles parked on school property. Canines shall not be used to search students unless school officials have established independently that there is reasonable cause to believe the student possesses contraband on his or her person. The canines must be accompanied by a qualified and authorized trainer who will be responsible for the dog's actions. An indication by the dog that contraband is present on school property or an automobile shall be reasonable cause for further search by school officials.

# **GUIDANCE**

## **School Counseling Department Mission Statement**

- The mission of Troy Area School District School Counseling Program is to provide a comprehensive, developmental counseling program addressing the academic, career and social/emotional development of all students. School Counselors are professional school advocates who provide support to maximize student potential and academic achievement. School counselors partner with the community at large: educators, parents or guardians, the business community, and post-secondary organizations. Our goal is to promote lifelong learning and to encourage our students to become healthy and productive members of society.
- Educational excellence is an investment in our future. As leaders of an educational partnership with the family and community, Troy Area School District will prepare all students with the skills essential to become responsible, productive citizens and lifelong learners in a rapidly changing global society.

The School Counseling/Guidance Department at Troy Jr/Sr High School helps students gain the fullest possible benefit from their years in school through a continuous program of academic, career, and social/emotional guidance. Resources include a library of vocational, technical, and college catalogs, scholarship and financial aid information, current occupational information, and other related reading materials. A thorough list of mental health and drug/alcohol counseling services are also available for students and their parent/guardian.

Troy Jr/Sr High School has adopted a guidance model that facilitates parental involvement. Parent involvement in planning the academic and career choices of their children is crucial. Numerous studies have demonstrated students' school success is greatly enhanced when parents are active participants in the choices their children make in their educational programs. This pattern of success is continued in their chosen careers and professions after their school years. Parents are highly encouraged to arrange conferences with counselors at any time. Please contact the Guidance Office at 570-297-2176 to speak with or to schedule an appointment with your child's counselor.

**In the 2022-23 school year your school counselors will be:**

- **Mrs. Marie Gibble and Mrs. Holly Stevens**

The guidance office keeps your academic record. Your academic record is open to you and your parents. (Further detailed in BP#146).

Because of the availability of two counselors at the Junior/Senior High, many opportunities exist to meet with the counselors from 8:00 to 3:30 each day. Unless there is an emergency, students must schedule these meetings during lunch, study halls, before school, or after school. The guidance secretary will schedule a time when you can talk with your counselor if he/she is out of the office or busy with other students when you wish to speak with him/her. You may also email your counselor to set up an appointment. **Students must obtain a pass from a teacher before reporting to the guidance office.**

### Career Planning

One of the most important decisions a student can make is which career to follow as a life's work. Our career determines the type of life we lead, as well as how well we provide for our own family's needs.

Counselors and teachers will utilize career information, including interest inventories, with the use of Smart Futures, a comprehensive K-12 career planning tool. By the end of Grade 8, every student will have an Individualized Career Plan. By the end of Grade 11, every student will demonstrate implementation of that Individualized Career Plan. Additionally, every student in Grade 10 will meet with a Career Coach provided by the Northern Tier Workforce Development Board.

### Course Scheduling

Each year the counselors hold grade level specific scheduling meetings so that every student can receive the necessary information important to course selection for the following year. The Student Scheduling Handbook is provided annually by email to every student at scheduled time and is also available on-line. Hard copies will be available in the guidance office. Students wishing to discuss their course selection individually with the counselors are highly encouraged to do so before making final decisions about courses to take.

### Career Clusters and Courses

All students parents/guardians are encouraged to select courses that will guide the student toward a possible career choice. Please refer to the Student Scheduling Handbook for details concerning:

- career clusters
- career pathways
- course descriptions, prerequisites and fees
- credit requirements by grade level
- graduation requirements
- service learning
- dual enrollment
- AP courses
- online courses
- Northern Tier Career Center offerings

For information concerning Service Learning, NTCC and Dual Enrollment see the [scheduling handbook](#).

You can find the [scheduling handbook](#) on the Troy Jr/Sr High Website.

## **Schedule Changes**

Parent permission is strongly encouraged for all student schedule changes. Counselors will consider graduation requirements when permitting drop/adds. **All change requests are subject to approval.**

### **Summer Schedule Change Requests**

Summer Schedule Change Requests must be made through the Guidance Office. Student, parent, School Counselor and administrative (principal/assistant principal) input will be considered. Requests may be made via e-mail, a written request, by phone, or in person. If you need to leave a voice mail, please call:

Mrs. Brands – 570-297-2176 x5305 (Guidance Department Secretary)

Mrs. Gibble – 570-297-2176 x5306 (School Counselor)

Mrs. Stevens – 570-297-2176 x5307 (School Counselor)

### **Drop/Add Request Period**

All schedule change requests made between **August 22, 2022, and September 9, 2022**, will require the use of the Drop/Add form. All completed Drop/Add request forms must be submitted to the guidance office **no later than September 9, 2022.**

**Requests for schedule changes will be considered for the following reasons:**

- Students with incomplete schedules and students new to the school.
- Students with computer errors on their schedule.
- Students needing to reschedule, repeat or make-up courses.
- Students with summer school credits (or did not take advantage of summer school as advised).
- Course upgrades.

Requests for schedule changes **after the Drop/Add deadline** must meet one of the following criteria:

- Academic misplacement
- Health conditions
- Personal concerns beyond the scope of academics
- Other situations may be considered on a case-by-case basis with approval from administration and the educational team.

### **Options for Failed Courses**

- Reschedule courses for the next school year.
- Summer school course credit, and/or online credit recovery options are available at a cost to the family. Details are available through the guidance office. Summer school courses may also be available from nearby school districts. Contact the Guidance Office for information.

Deadlines provided by the Guidance Department **MUST** be followed. Students not submitting course selection paperwork, summer schedule change requests, or drop/add requests by stated deadlines run the risk of not getting courses they request, being assigned to courses they did not ask for, and/or having a schedule created for them.

## **Grades**

Grades for all classes are sent home as needed but at least at the end of each nine-week marking period. Please refer to the school calendar for dates concerning end of quarter/semester, progress reports, and report cards.

Assessments represent an indication of progress and achievement based on the teacher’s objectives. A student may be rated according to his/her actual achievement based on the specific objectives of the course instructor. No one evaluation should be so weighted that it would determine the marking period grade. Each teacher has a variety of evaluations per marking period, such as: chapter tests, unit tests, quiz-type tests, classroom participation grades, special projects, laboratory work, book reports, homework, etc.

A grade reflects academic achievement only. It is a **student’s responsibility to obtain and complete all work missed** during absences according to the timeline and procedures established by classroom teachers.

When a teacher desires to withhold a student’s mark to permit the completion of work, the teacher may signify a mark of “Incomplete” (I). This mark is used sparingly, and the student may receive credit for late work only in cases of illness or emergency. **Incomplete grades must be converted no later than two weeks from the date the report card is received.**

Teachers are to keep records of all student classroom absences. Grades for a student who has missed all, or a major part of a marking period are determined by the teacher in collaboration with the student’s school counselor and the building principal.

When it is necessary for students to miss classes for practices, games, or other school activities, it is the responsibility of students to consult with teachers prior to the absence. Arrangements to complete work that would be missed should be made in advance.

Days absent and tardy are recorded on the report card at the end of each nine-week period. Questions regarding absences should be addressed to the building principal or assistant principal.

The following grading scale is used at Troy Area Jr./Sr. School. All passing grades must be at least a 70%.

Letter Grade	Numerical Grade	Grade Points
A	100 - 94	4.00
B	93 - 87	3.67 – 3.33
C	86 - 78	3.00 – 2.33
D	77 – 70	2.00 – 1.67
F	Below 70	1.33 - 0

## Final Exam Policy

Unless pre-arrangements have been made between student, teacher and administrator concerning final exams, students must be present to take their final exams. Students who do not report for their final exams must bring a doctor’s excuse; a parent or guardian is asked to call the school if their student will be absent on the day of a final exam. If a student is absent, a doctor’s excuse is required. **Students who do not bring in the appropriate doctor’s excuse WILL receive a grade of zero for the final exam.**

## Class Rank/Honor Roll/Honor Societies

### Class Rank

Class rank is computed quarterly. Students may find out their class rank by coming to the guidance office. Class rank is computed by using every subject the student has COMPLETED using the numerical grade and the credit value of the course. Final class rank will be determined by the final cumulative average for grades 9-12.

## Honor Roll

To recognize outstanding academic achievement, two honor rolls have been established.

High Honor Roll	Students whose average is 95% or higher
Honor Roll	Students whose average is 92% or higher

## National Honor Society

Students with a 94% average or higher are eligible for consideration for induction into the Trojan Chapter of National Honor Society. Students with “I” grades will not be considered. Once a student is elected, they remain a member always unless they fall below a 94% average, at which time they are warned. If that criterion does not improve after one marking period, the student may be removed by vote of the faculty committee.

## National Junior Honor Society

There are five established criteria which a student must meet to be a member of NJHS. These criteria include scholarship, leadership, service, citizenship, and character. Initial selection is based on scholarship only. Students who are in this initial selection are currently in 8<sup>th</sup> grade, must have been in attendance at TJSJS for a period of at least one semester, and have a grade point average of 97 or better based on the 7<sup>th</sup> grade year. Students who meet the criteria stated above are then evaluated by the 7<sup>th</sup> grade core teachers who rate the students on specific requirements related to leadership, service, citizenship, and character as displayed during the 7<sup>th</sup> grade year. Students are now considered as a “Candidate” for membership. The Faculty Council then reviews the candidates and gives final approval for membership. Candidates are then informed of their selection but must continue the process with the completion of various forms and signatures.

## Promotion and Graduation Requirements

### Grade Level Classification

The grade level in which you begin the year in September is the grade level you will remain for the whole academic year. If you are short credits for promotion, it is in your best interest to engage in some type of credit recovery during the summer.

- 10th grade – Students must earn 6 credits their freshman year to be considered a sophomore. Students who have not earned 6 credits are **STRONGLY ENCOURAGED** to engage in some type of credit recovery during the summer following 9th grade at the student’s expense. (on-line, summer school)
- 11th grade – Students must earn 12 credits by the end of their sophomore year to be considered a junior. Students who have not earned 12 credits are **STRONGLY ENCOURAGED** to engage in some type of credit recovery during the summer following 10th grade at the student’s expense. (on-line, summer school)
- 12th grade – Students must earn 18 credits by the end of their junior year to be considered a senior. Students who have not earned 18 credits are **STRONGLY ENCOURAGED** to engage in some type of credit recovery, at student’s expense, and be on target to complete their graduation requirements by the end of their senior year.

**EACH STUDENT MUST SCHEDULE 7 CREDITS PER YEAR.**

## College and Trade School

### Deciding on and Applying to Colleges

Having carefully considered all the facts you have acquired and having discussed your tentative choices with your parent/guardian, counselor, and others, you must now decide to which schools you will apply. Although you may apply to as many schools as you wish, it is important to consider the fact that most will require an application fee of \$20 or more. Most students apply to three or four colleges. If you are applying to several schools that have a reputation for being highly selective, you should also apply to a school where you are reasonably confident that you will be accepted. Also consider community colleges as a viable option. They are typically much less expensive and are an excellent way to begin your post-secondary education if you are planning to earn a four-year bachelor's degree. See your child's school counselor for more information.

### When And How

Most students submit applications to colleges during September, October and November of their senior year.

**Applications to some colleges and universities, military academies, and many nursing programs must be submitted prior to November 1.** Please allow at least two weeks between the time you return your Transcript Release Form in the Guidance Office and the time that it is sent to your college.

**It is imperative to notify the guidance office once you submit your application online. Remember, these schools also need your transcript.** Below are some suggestions for completing your application if you choose to do the Common Application.

1. If you are submitting a Common Application, proofread your application before submitting it. Neatness and clarity are important. Make sure all information is complete.

2. The School Report must be completed by your counselor. Be sure your name is printed at the top. Make certain that your counselor has an up-to-date listing of your activities both at school and in other areas of your life.
3. Teacher recommendation forms (if required) should have your name and identifying information completed before you give the form to the teacher. You may provide an envelope which is stamped and addressed. Also, please give your teacher and counselor (if a letter of recommendation is required) two weeks to complete the letter. Complete a Transcript Release Form for every college you apply. A transcript of your grades and standardized test scores will be included and your counselor's recommendation (if necessary) will be prepared and attached.

## **Scholarships and Financial Aid**

Because of spiraling costs, many colleges award some form of financial aid to many of their students. In order to qualify for financial aid, students need to complete the Free Application for Federal Student Aid (FAFSA) beginning October 1 of their senior year. Most of the aid is awarded solely on financial need. However, there are competitive scholarships based on academic merit. Your counselor can help you locate information on both types of scholarships. Also, many scholarships are available through our high school. For consideration for these scholarships, you **MUST** complete the Troy Common Scholarship Application which is available in the guidance office. Information about scholarships is available at the guidance office and on the guidance web page. Another excellent source of scholarship information is [www.fastweb.com](http://www.fastweb.com).

## **Competitive Merit Scholarships**

These include awards made to those with special skills or talents in athletics, music, art and academics. Several steps for locating and/or qualifying for such scholarships include:

- Take the PSAT/NMSQT as a junior. ALL students are strongly encouraged to take the PSAT at no cost to the student.
- Take the SAT and/or the ACT the spring of your junior year and the fall of your senior year. Fee waivers are available for students who receive Free/Reduced lunch. You may take these tests as many times as you would like.
- Contact the Financial Aid Office of each college you are interested in and ask for information on competitive scholarships.
- Contact the personnel office of your parents' employers and ask if they sponsor a scholarship program.

## **Financial Aid Based on Need**

These scholarships are awarded on the basis of the ability of the family to pay for post-secondary education. This is done by supplying information, generally based on your past federal and state income tax returns, to a central agency which then provides a "needs analysis" to the institutions or agencies where you have applied for assistance. In almost all cases you are urged to apply through all three of the agencies listed below:

- **Free Application for Federal Student Aid (FAFSA)** - This is automatically e-mailed to all students who take the SAT in March or May of their junior year. The FAFSA must be completed by the parent and submitted after October 1. You must indicate which colleges you wish to receive a copy of your "needs analysis." Deadlines for filing the application are generally May 1 of the senior year for those planning on entering a four-year college, and August 1 for those entering trade, technical or two-year programs. Check the guidelines from your college, as dates may differ.
- **Federal Pell Grants** - is a federally sponsored program which award grants (money that does not have to be paid back). The financial information from your FAFSA will determine what you will be eligible for through this program.
- **Federal Stafford Loans** - these are student loans which must be repaid. If the college you attend participates in the Federal Family Education Loan (FFEL) program, a private lender provides the funds for your Stafford Loan,

although the federal government guarantees the loan funds. The interest rate is variable, but never exceeds 8.25 percent. The financial information from your FAFSA will determine your eligibility for this program, as well.

**NOTE:** Although the Guidance Office is a resource for students and parents who may have questions about Financial Aid, they are not experts in this area. The counselors are very willing, however, to help parents contact the appropriate sources, such as PHEAA (Pennsylvania Higher Education Assistance Agency) and/or the Financial Aid Office at the school where the student will be attending. **A Financial Aid workshop is also scheduled every year in September or October in Troy or Canton (alternating years) to answer parent questions and address concerns. See the [district calendar](#) for more details. You are highly encouraged to attend with your child if possible.**

## STUDENT ASSISTANCE PROGRAM (SAP)

### *What is the Student Assistance Program? (BP#236)*

In Pennsylvania, every middle and high school and some elementary schools have a Student Assistance Program (SAP). The SAP team, made up of school and community agency staff, is here to help you access school and community services.

### *Do You See Your Child Showing Any of These Behaviors?*

- Withdrawing from family, friends and/or school
- Changing friends; no longer spends time with old friends
- Unexplained physical injuries
- Talking about suicide
- Depressed
- Defying authority, both at home and at school
- Acting aggressively
- Lying
- Needing money without an explanation
- Sudden drop in grades
- Experimenting with drugs or alcohol
- Self-harm (i.e. "cutting")

### *Are You Concerned About Your Child's Reaction To?*

- Recent death of a loved one
- Divorce of parents
- Family relocation
- A relationship problem or recent break-up
- Other traumatic event

If your child is having trouble in or out of school, we can help you. There may be times when you just don't know how to help your child. That's okay; someone else may know how to help. Don't feel embarrassed or uncomfortable about asking for help. When extra help is needed, knowing how and where to find help can be overwhelming. *Please contact the guidance office for more details (570-297-2176).*

### *How Does My Child Become Involved in the Program?*

Your school's SAP team will help you find services and assistance with the school and, if needed, in the community. We do not diagnose, treat, or refer your child for treatment. Rather, we will provide you with information; you make the choices. **Remember, you are part of our team. Our goal is to help your child succeed in school.**

Students are referred to the SAP team in different ways. Anyone can refer a student to the Student Assistance Program. Some students are referred by teachers and other school personnel. Any school staff member, a student's friend or family member can let the SAP team know that they are worried about someone. The students themselves can even go directly to the SAP team to ask for help.

### ***What if Someone Has Already Referred My Child to the Program?***

First, know that your child was referred because someone is concerned about observable changes they are seeing in your child. Perhaps a teacher or friend has noticed changes in behavior and habits that you may or may not have noticed at home. Your observations of your child at home are very important.

A member of the SAP team will request that you sign a permission form for your child to become involved in the program. Once you sign, the SAP team will begin to work with you and your child. If you feel you need more information before making a decision, please let a member of the SAP team or your child's counselor know. Participation is voluntary.

### ***What Happens After I Give My Permission?***

There are several steps that the team will take after you sign the permission form:

1. The SAP team will gather more specific information about your child's performance in school from all school staff who have contact with your child. A member of the SAP team will also talk with you either in person or over the phone about your observations, your child's strengths, and your concerns.
2. Together, you and the SAP team will develop a plan of action to help your child achieve success in school. The plan might include services and activities in school and/or services from a community agency. If necessary, the SAP team will talk with you about services in the community and give you information on how to contact others who may be able to help.
3. The SAP team will continue to work with and support your child. They will stay in touch with you to talk about your child's progress and success in school. Your continued involvement is very important.

### ***Contacting Your School's Student Assistance Program***

If you feel your child may need help, call your child's school and ask to speak with a member of the SAP team. Someone will be available to listen to the situation and offer help.

### ***Privacy***

The SAP team and the school will respect confidentiality for you and your child at all times.

## **MEDICINE AND ILLNESS**

Emergency cards are a vital part of a student's school record. This card is the first record checked in case of an emergency. Therefore, please have current telephone numbers and responsible relatives or neighbor's addresses listed correctly.

Any past health history that alerts the school to previous health problems is needed to maintain proper health care for the student. Please keep this information up to date.

All students who are ill or injured will report to the school nurse. The school nurse will make the decision of first aid treatment and whether the student should go home and will place the call to the parent or guardian. No student will be dismissed until this procedure is followed.

When the nurse is not in the building, ill students should report to the main office. (Further Detailed in BP#203.1, 210 and 210.1)

### **Medication Policy**

The health care of a school-aged child, including the administration of medication, is primarily the responsibility of the parents. If it is necessary for the child to receive medication while at school, the following will apply:

For a student to be able to receive their medication while at school, there must be a physician's written order on file in the nurse's office, the medication must be in the current prescription bottle, and must be directly delivered to the Nurse's office by the parent or a student. All medications will be held by the nurse during the school day, and the student will see the nurse to receive their dose.

1. All medication's will be in their current prescription bottle, which will be stored in the Nurse's office for administration, no exceptions.
2. The student is responsible for going to the Nurse's office to receive their daily dose.
3. The administration of the medication will take place in the Nurse's office, and self-administration vs nurse administration will be decided at the discretion of the Nurse and Parents.
4. All medications must be accompanied by a physician's note, no exceptions. This includes but is not limited to over the counter medications like ibuprofen (AKA Motrin, Advil), Cough Medicine, and Over the Counter allergy medications like Claritin.
5. The ONLY medications that students may carry on their person while in school are an EPI Pen and or a rescue inhaler. The School nurse should be made aware of these medications.

Violation of these policies can be considered as possession of drugs and/or a controlled substance on school property and can result in the appropriate punishment for these offenses.

### **Injuries**

Students who are injured while being transported to/from school, during the school day, in any school activity, or on school trips sponsored by the district (no matter how minor the injury may be) should notify the responsible teacher, the nurse or the principal at once.

## **TRANSPORTATION**

### **Bus**

The following guidelines will be applied to all students in the Troy Area School District when they are being transported under school jurisdiction, whether to or from homes, on a field trip, or on any other function in which a vehicle is used for transportation.

### **Discipline Policy**

A student who cannot maintain self-discipline while utilizing transportation facilities forfeits this privilege and must rely on other means of transportation. The school bus driver is authorized to enforce safety and social standards on the bus and, in accordance with Pennsylvania School Code, has the same authority as a teacher. The relationship of the operator and the student must be one of cooperation.

District school buses are equipped with video and audio systems. These systems may be used for disciplinary actions and safety measures by the Troy Administration staff when deemed necessary.

The driver reports all violations to the appropriate school official. A report of is sent the parents of the student or students involved from the school office. Bus drivers may contact the parents about the violation. These contacts should be noted on the bus driver report form.

### **Rules**

The school bus is an extension of the classroom, and all Troy Area School District rules and regulations are in effect. Parents can and will be held responsible for any damage done by their children. No unauthorized person may enter a bus without approval; unauthorized persons may be punished according to the law of the state of Pennsylvania. Student transportation is a privilege not a right in the state of Pennsylvania. General rules and regulations for governing and assessing student behavior on the bus are as follows: Students shall behave while on the bus. Riding the bus is a privilege that can be denied temporarily or permanently if the student's behavior warrants it.

- Students shall obey the bus driver at all times while under his/her supervision.
- Student shall board the bus in a calm and quiet manner and proceed to an assigned or empty seat.
- Students shall disembark in an orderly manner.

- Student shall not run in the bus or push other passengers while boarding or disembarking. Any student living on the opposite side of the street shall cross in front of the bus while traffic is stopped. Students should wait for driver acknowledgement to cross street.
- Students shall refrain from placing any part of the body or personal belongings outside the window or in the aisles.
- Students shall cooperate with the driver in providing all information necessary to enforce the rules for safety.
- Students shall refrain from talking with the bus driver except when spoken to or when an emergency arises.
- Student shall act with courtesy and respect toward private and public property and shall expect to be held accountable for committing an act of vandalism.
- Bus drivers will be instructed not to wait any longer than 10 seconds for a student who is not in sight.
- Students are expected to be at bus stop waiting for bus at least 5 minutes before the designated pick-up time.
- While on the bus or at bus stop students shall obey all rules and regulations normally associated with proper classroom behavior and safety. This includes refraining from tobacco, vapes and other uncontrolled substances, vandalism of any kind, discourteous acts or fighting, excessive noise, throwing of materials, use of profanity, use of disrespectful behavior, and possession of weapons.
- Students shall always remain seated while the bus is in motion and shall not move from seat to seat.
- No animals, weapons, dangerous or objectionable items may be brought onto the bus.
- Students are expected to keep their seat and bus area clean.
- Cell phones are prohibited on school buses.

### **Disciplinary Action**

If the bus driver believes that a student's behavior warrants disciplinary action, the driver will fill out a bus conduct form.

1. The principal or assistant principal will discuss the report with the student involved. If the student's version of the incident differs significantly from that of the bus driver, the principal will make a further investigation.
2. If the facts on the bus conduct report are substantiated, the student will be disciplined by the principal in accordance with current policy.
3. A copy of the bus conduct report form is sent to the student's parents with principal's comments of the action taken.
4. The reporting bus driver will be informed of the disposition of the bus conduct form.

NOTE: The seriousness of the incident may warrant the automatic suspension of riding privileges.

In case of a serious nature where the student is denied busing privileges, the parents will be notified as soon as possible. The building principal may, at his decision, arrange for a group conference with all parties involved (bus driver, student, and parent(s) or guardian). The police may also be called.

### **Student Automobiles**

#### **Driving Privileges**

Students are permitted to park on school premises as a matter of privilege, not of right. Liability under the law makes it necessary that this privilege be carefully regulated, and student cooperation is necessary. It is never pleasant for the students or school when driving privileges are revoked.

Permission for students to ride with each other is a matter for parents or legal guardians to decide. The District is not involved in these decisions and accepts no liability in these matters.

All local and state laws must be observed while driving to and from school and on school grounds. Violations are reported to the proper authorities for action. A violation may result in the loss of driving privileges in the school zone regardless of what action is taken by authorities. A duplicate report of the violation is made and sent to the parent or legal guardian.

New or additional vehicles must be registered before they are driven to school.

Driving to the Northern Tier Career Center (NTCC) is restricted to those students who are participating in a co-op experience. NTCC does not issue parking or driving privileges to any other students.

Students who wish to park in the student parking lot must be a **junior or senior** at Troy High School. Students must provide to the office staff: a valid driver's license, vehicle registration, and parent approval form if they wish to drive. For a student to be allowed to drive, he or she must have passed **all classes the prior quarter and must not have been assigned any disciplinary action during the school year**. Students who receive a disciplinary consequence will have their parking privileges removed for the remainder of the school year. Students who have failed a class may re-apply for their parking privileges after they have completed one quarter of passing all classes. Students who drive need to display a valid parking pass in their vehicle's windshield. Vehicles not adhering to these rules will be towed at the student's expense.

### **Driving/Parking Rules**

1. Student must have passed **all classes** the prior quarter.
2. Students with a referral that results in a consequence may have driving privileges revoked for remainder of the school year.
3. Students must be of junior or senior status to drive unless otherwise authorized by principal.
4. All student vehicles must be registered in the main office.
5. All student vehicles must have their assigned current parking pass affixed to the rearview mirror.
6. All cars must be parked in the assigned student parking spot.
7. Cars may not be driven during school hours without permission.
8. Observe local and state laws. Driving must be at a safe rate of speed as posted. Reckless driving is prohibited; and includes but is not limited to quick starts and stops, honking horns and revving engines unnecessarily, and failure to observe pedestrian safety.

**NTCC Students:** Driving privileges to and from NTCC will be considered on an individual basis –TASD rules apply. Additional paperwork from NTCC must be completed and approved PRIOR to driving.

### **Parking violations may result in temporary or permanent suspension of driving privileges.**

#### **Automobile Searches**

Because driving is a privilege, so is parking on school property. The school retains authority to conduct routine patrols of student parking lots and inspections of the exteriors of student automobiles on school property. The interior of student vehicles may be inspected whenever a school authority has reasonable suspicion to believe that illegal or unauthorized materials are contained inside. The District reserves the right to remove any objects or materials contrary to school rules or that may be detrimental to the safety of the school or students. Such patrols and inspections may be conducted without notice, without student consent, and without a search warrant.

## GLOSSARY

### Academic Integrity

The Troy Area School District supports students’ learning and academic achievement by encouraging them to produce academic work that is their own best efforts, done with integrity, and displays the best academic ethical behavior. The district requires all students to demonstrate honesty and responsibility and to abide by ethical standards in preparing and presenting materials, as well as in testing situations. Grades should reflect the student’s own work. Academic dishonesty, cheating, or plagiarism involves an attempt by the student to show possession of a level of knowledge or skill that she/he does not possess. It involves any attempt of a student to substitute a product of another, in whole or in part, as his/her own work. It also includes theft, possession or unauthorized use of any answer key.

A lack of academic integrity is cheating. **Cheating** will be defined as the following and the attempt to do the following:

1. **Copying/Sharing Assignments** – copying or giving an assignment to a student to be copied, unless permitted or required by a teacher.
2. **Plagiarism** – the willful submission of any work that is not the student’s own. It also includes the submission or use of falsified data or records. **Plagiarism** is further defined as the act of appropriating the literary composition of another, or parts of passages of his/her writings, or the ideas or language of the same, and passing them off as the product of one’s own mind. It involves the use of any outside source without proper acknowledgement. In the academic setting, an **outside source** includes any work, published or unpublished, by a person other than the student. **Plagiarism** may be word-for-word copying of a source, paraphrasing the source without giving proper credit, and/or mosaic in which phrases and terms are copied and embedded in the student’s work. It also includes the borrowing of a sequence of ideas, the arrangement of materials or the pattern of someone else’s thought without proper acknowledgement.
3. **Cheating on Exams or Major Projects** – the use of unauthorized material, including, but not limited to, textbooks, notes, calculators, or computer programs during an examination or on a major project without the consent of the instructor. It also includes textbooks, notes, calculators, or computer programs during an examination or major project.
4. **Forgery/Stealing** – the unauthorized access to an exam. It includes the use of an alternate, stand-in or proxy during an examination. It also includes the alteration of computer and/or grade book records or forgery of signatures for the purpose of academic gain, as well as sabotaging or destroying the work of others.

### Alcohol/Drugs

This includes any student under the influence of or involved in the possession or transfer of alcohol, drugs or paraphernalia. Students guilty of the use of either alcohol, drugs or paraphernalia may opt to take six (6) weeks of drug/alcohol counseling in residence at the Troy Jr/Sr High School.

If, at the conclusion of the six (6) weeks of counseling the counselor approves, the ban on participation in athletics or extracurricular activities may be waived at the conclusion of the present season. Further, additional drug and/or alcoholic violations will revoke all athletic and extra-curricular privileges, as previously specified, for the duration of the school year. **Note: extracurricular activities include club involvement, and the participation in any school activity which is not an academic requirement.**

### **Bullying (Further Detailed in BP#249)**

“Bullying” shall be defined as a series of acts directed at another student which occur in the school setting, are severe, persistent, or pervasive and the effect of interfering with another student’s education, creating a threatening environment or which substantially disrupt the operations of the school. The school setting shall mean in the school, on school grounds, in school vehicles at designated bus stops or at any activity sponsored, supervised, or sanctioned by the school.

### **Damage to School Property**

School property is books, materials, equipment, furniture, buildings and grounds, etc.

### **Defiance and Disrespect**

Includes the refusal to follow a request by an adult, or showing the lack of regard, appreciation, concern and/or consideration.

**Disruptive Conduct-** Any conduct which impedes student safety or learning.

### **Hazing (Further Detailed in BP#247)**

Hazing is defined as any activity that recklessly or intentionally endangers the mental health, physical health or safety of a student or causes willful destruction or removal of public or private property for the purpose of initiation or membership in or affiliation with any organization recognized by the Board. When a student feels a hazing incident has occurred, he/she should immediately report the incident to the building principal or assistant principal.

The Board does not condone any form of initiation or harassment, known as hazing, as part of any school-sponsored student activity. No student, coach, sponsor, volunteer or district employee shall plan, direct, encourage, assist or engage in any hazing activity.

### **Skipping Class/School**

Skipping includes any time a child leaves school w/o proper adult permission, or anytime a parent thinks child is in school and he/she is not. Study hall, class, lunch, etc. are all equal when considering class cuts/skipping.

### **Suspension**

#### **In School Suspension**

#### **Out of School Suspension**

### **Tobacco**

Includes the use of any tobacco products. The use of e-cigarettes or vape devices whether or not tobacco is used in them is included in this category.

Students caught in possession of or use of tobacco products on school property can be fined according to the SB 1315 bill which was enacted by Congress on Nov. 25, 1996. When turned over to the police, the student may be fined. Fines typically increase with each offense. In lieu of a fine, the magistrate may assign the student to an alternative adjudication program.

Athletes who are found in violation of this policy will be removed from athletics for the remainder of the season and referred to SAP. Completion of a six-session educational session for abused substances, principal approval, and return of all school equipment will be required to participate in any future athletic activities.

### **Truancy**

Unexcused absence is termed unlawful and truant absence when a student is less than seventeen (17) years of age. Following each day of such absence, a notice is sent to the parent(s) or guardian(s). Any subsequent unlawful absence may result in arrest, hearing, and imposition of fines.

The state regulation does not imply that all students are permitted three (3) days of illegal absence. A half-day of such absence is a violation of the law. It simply means that only after three (3) days of such action is legal action taken against the parent(s) or guardian(s) and the student.

A tardy to school or to class is also a violation of the law. The time lost due to tardiness, not accompanied with acceptable excuse, will be accumulated and counted as illegal or unexcused absences.
