

Corry Area School District
Non-Aerosol Topical Sunscreen Use
Parent/Guardian Form

In October 2018, the Pennsylvania School Code was amended to include a section on Sun Protection Measures for students. Section 1414.10 states that a school entity shall allow the application of sunscreen during school hours, at a school-sponsored activity, or while under the supervision of school personnel. [Review the full legislation](#), which is available on the Pennsylvania General Assembly's website: www.legis.state.pa.us.

Parents/guardians may choose to supply their child with **non-aerosol topical sunscreen**, if it is approved by the U.S. Food and Drug Administration. Parents/guardians must complete and submit the following information in order for their child to apply sunscreen during school hours, at a school-sponsored activity, or while under the supervision of school personnel. **If you are concerned that your child may not be able to apply their own sunscreen, staff can assist. We would need a PRN medication permission form to be filled out to apply the sunscreen, and each student would need to have their own sunscreen sent in from home with their names clearly written on the bottle/tube. The PRN Medication Form can be found on the district website under Health Room Forms.**
