SEPTEMBER 2026 NEWSLETTER

Open House Success

Greene County Career Center welcomed approximately 1,500 students, families and community members to campus for a successful Back to School Night ahead of the 2026-27 school year. The event gave students and their families an opportunity to explore the building, visit career-technical labs and classrooms, meet instructors and staff, and learn more about what to expect during the school year. It was a great chance to become more familiar with GCCC before the first day of school and see the spaces where students will spend the next two years building skills for their futures.

Throughout the evening, our staff helped families navigate campus, answered questions, and shared information about the many opportunities available to GCCC students. The strong turnout and excitement throughout the building made for a great way to kick off a new school year.

Thank you to the approximately 1,500 guests who joined us and to our GCCC staff for helping make the evening a success. We are excited to have our students back in the building and look forward to a great year ahead!

Upcoming Events

September 7 - Labor Day - No School
October 15 - End of 1st Grading Period
October 16 - PD No School

Stay Safe, Speak Up!

Parents and students can call online to report issues that affect education or safety. To make a report, please [click here](#) or call 1-866-LISTEN2ME

Local History on Display

A piece of local law enforcement history has a new home at Greene County Career Center! This 1999 Harley-Davidson motorcycle served with the Greene County Sheriff's Office from 2006–2015 and is now proudly displayed in our Adult Education wing, home of the Peace Officer Basic Training Academy. Before going on display, our Auto Collision students helped shine up the motorcycle and get it looking its best. We're proud to preserve this unique piece of Greene County history for years to come!

Summer Salon Experiences

Our Cosmetology seniors stayed busy over the summer, gaining valuable hands-on experience through internships in the industry. Students recently shared what they learned with their classmates, from strengthening their technical skills to experiencing the day-to-day operations of a salon. They're bringing that real-world knowledge back to the lab as they begin their senior year!

Introducing the Employment Resource Center

GCCC's former Media Center has a new purpose! The space has been transformed into the Employment Resource Center (ERC), a hub connecting students, staff, employers and community partners. The ERC provides students with employment support, skill development and career opportunities, including job and internship leads, resume and interview assistance, guest speakers, employer networking and professional resources. Students can stop by for assistance, while teachers can use the space to bring career connections directly into their classrooms. The ERC is another way GCCC is helping students make connections and prepare for what comes next.

New Year, New Staff

We're excited to welcome several new faces to Greene County Career Center this school year! Joining the GCCC team are Alyssa Shawhan; Craig Dickman, Maintenance; Nick Vrettos, Supervisor of Special Education; Wade Brown, Supervisor of Student Affairs; Chris Tucker, Advanced Manufacturing at Fairborn; Amanda Nothstine, Medical Detectives at Ankeney Middle School; Julie Jones Ruse, Digital Design; Jordan Phipps, Science; Andria Harris, Language Arts; Seth Moore, Math; Ryan Desjardins, Career X Aide; Katelyn Tesla, Culinary Aide; Diana Unger, Guidance Secretary; and Makayla Crafton, Veterinary Science Lab Assistant. We're glad to have them on board and look forward to all they'll bring to our students and school community. Welcome to GCCC!
