

MARCH 2026 NEWSLETTER

Continued Success in BPA

Our Business Professionals of America (BPA) students recently competed at the State Leadership Conference, and we are proud to share their outstanding results. National Qualifiers:

- Kaylynn Allison – 1st Place, Advanced Desktop Publishing
- Wyatt Toth-Thompson – 2nd Place, Personal Financial Management
- William Powers – 4th Place, Linux Operating System Fundamentals

Top State Finishers:

- Emma Miller & Prince Slezak – 4th Place, Visual Design Team
- Clifton Warren – 5th Place, Entrepreneurship
- Carter Wheatcraft – 7th Place, Digital Media Production

We are incredibly proud of the professionalism, preparation, and hard work these students demonstrated on the state stage.

Big Crowds, Big Futures: Open House 2026

Our Open House was a tremendous success, welcoming more than 1,200 prospective students and family members to Greene County Career Center. Guests had the opportunity to explore our labs, meet instructors, and experience hands-on learning across programs.

The Culinary Arts program added a sweet touch to the evening by preparing and serving fresh cookies for visitors, while Digital Design & Development offered a complimentary photo booth opportunity, giving families a fun keepsake from the event!

Due to the overwhelming interest and high volume of applicants, we have officially closed the admissions application for the 2026–2027 school year. We are grateful for the incredible response from families across our partner districts and look forward to welcoming the next generation of career-technical students. Thank you to our students and staff who showcased their talents and helped make the evening informative, welcoming, and memorable for all who attended.

Upcoming Events

- March 11 - Board Meeting
- March 12 - End of 3rd Quarter
- March 13 - Non-Student Day
- March 23-27 - Spring Break
- April 1 & 2 - Hiring Fair
- April 6 - No School

Stay Safe, Speak Up!

Parents and students can call online to report issues that affect education or safety. To make a report, please [click here](#) or call 1-866-LISTEN2ME.

STEM Camp Registration Opens Soon

GCCC hosts a hands-on, five-day STEM Camp for students entering grades 6–8 from Greene County school districts. Campers will explore multiple STEM disciplines through interactive projects in our state-of-the-art labs while connecting learning to real-world career pathways. Registration is open March 13–May 13, 2026. Late registration closes May 29. We look forward to welcoming future innovators to campus this summer!

Myth Busters Material Science Camp New This Year

GCCC will offer a new Materials Science Summer Camp for students entering grades 6–8. This four-day, hands-on experience will introduce campers to the science behind the materials used in everyday products and advanced technologies. The camp will take place June 1–4 from 9 a.m.–3 p.m. at GCCC's main campus, with lunch provided each day. The \$50 registration fee includes all materials. Registration information will be available soon.

Congratulations to all regional competitors, state qualifiers, and national qualifiers. We are proud of your hard work and look forward to cheering you on at state competitions this spring.

PBIS: Recognizing Positive Behavior

Our Positive Behavior Report (PBR) program continues to recognize students who demonstrate respect, responsibility, and professionalism each day at GCCC. When students are “caught” doing the right thing, they receive a PBR and are entered into monthly prize drawings. Students can work together to reach building-wide milestones and unlock fun incentives and rewards.

The goal of PBR is simple: to celebrate positive choices, reinforce strong character, and build a supportive school culture where students feel seen and valued. Every PBR submitted represents a moment worth recognizing, and those moments add up!

Peace Officer Basic Training Academy Graduates

GCCC's Adult Education Peace Officer Basic Training Academy held the graduation of its most recent class, BAS 25-076.

Throughout the academy, cadets completed comprehensive physical training, academic coursework, scenario-based instruction, and practical skill development designed to prepare them to sit for the state certification examination and serve in law enforcement roles. The program requires discipline, integrity, and a strong commitment to public safety.

We commend the members of BAS 25-076 for their dedication and perseverance and congratulate them as they begin the next step in their professional journey.

GCCC Hosts Building Bridges Industry Discussion Panel

GCCC's Building Bridges discussion panel brought together education and industry partners to strengthen workforce connections and collaboration. The event was hosted by Work-Based Learning Coordinator Mr. Rick Mack and featured regional business and workforce leaders who shared valuable insight with attendees. We appreciate everyone who contributed to the success of this event, including our panelists, presenters, and moderator. A special thank you to our Culinary Arts students, who catered the event and helped create a welcoming atmosphere for our guests.
