

November 2024 Newsletter

It's hard to believe, but it's already time to start recruiting for the upcoming school year! Greene County Career Center ambassadors have been going out to our member schools with our Recruitment and Admissions Advisor, Mrs. Meek, to promote Career Awareness Days, aimed at giving students a firsthand look at various career opportunities. These upcoming days are designed to spark interest in programs and pathways that can help guide their futures.

Each Greene County public school is invited to a Career Awareness Day, held December 4-6, 2024. The admissions application will follow, opening on December 6, 2024 at 2 PM. These visits are an important part of our recruitment efforts, helping to raise awareness and encourage students to explore their career options before the application for the 2025-2026 school year opens!

CareFlight Lands at GCCC

Students from the Health Science Academy, Drone and UAS Technology, and Aviation Maintenance programs had an incredible experience with CareFlight through Premier Health last month! They discovered the crucial role that aviation plays in emergency medical services and the innovative advancements it brings to healthcare.

Mock Interview Success

GCCC held a highly successful day of mock interviews on October 30th. Professionals from Premier Health, Elliott Tool, QQE, Clark State College, and Sheet Metal Workers International Association Local 24 interviewed students, and were impressed with the professionalism and passion. Students were able to gain valuable feedback to prepare them for their future careers!
