

1 Investigations and Arrests by Police

2
3 All contact between the school and the police department on matters involving students shall be
4 made through the administrative office. The District encourages police to talk to a student away
5 from the school and before or after school hours. Law enforcement authorities should only be
6 allowed to conduct an interview in the school, if they can show special circumstances exist or if
7 the interview is at the request of the school. The Superintendent or principal should make this
8 determination.

- 9
- 10 A. If the police have a warrant for the student's arrest, they must be permitted to arrest the
11 student; however, whenever possible, the arrest should be conducted in the principal's
12 office out of view of other students. Before removing a student from school, the police
13 shall sign a release form in which they assume full responsibility for the student.
14
 - 15 B. Law enforcement personnel should not be allowed to roam about the school until the
16 student is found. They should remain in the administration office while school personnel
17 seek out the student.
18
 - 19 C. If possible, the educational program of the student should not be disrupted to allow for
20 police questioning.
21
 - 22 D. Any questioning by police should be conducted in a private room or area where
23 confidentiality can be maintained.
24
 - 25 E. If law enforcement officials are to be allowed to question a student under the age of
26 eighteen (18), a reasonable attempt shall be made to notify the parents, except in cases of
27 suspected child abuse or child neglect involving the parent. The parents should be given
28 the opportunity to come to the school prior to the questioning.
29
 - 30 F. If the parents are notified and able to attend, they should be allowed to be present at the
31 interview. The administrator should be present at the interview, but should not take part
32 in any questioning. The administrator should at all times remain a neutral observer.
