

Risk Management

The Board believes the District must identify and measure risks of loss which may result from damage to or destruction of District property or claims against the District by persons claiming to have been harmed by action or inaction of the District, its officers or staff. The District will implement a risk management program to reduce or eliminate risks where possible and to determine which risks the District can afford to assume. Such program will consider the benefits, if any, of joining with other units of local government for joint purchasing of insurance, joint self-insuring, or joint employment of a risk manager. The Board will assign primary responsibility for administration and supervision of the risk management program to a single person and will review the status of the risk management program each year at the regular April Board meeting.

The District will purchase surety bonds for the Superintendent, Clerk, and such other staff and in such amounts as the Board shall from time to time determine to be necessary for honest performance of the staff in the conduct of the District's financial operations.

Security

Security means not only maintenance of buildings, but also protection from fire hazards, intruders, damage, vandalism, and faulty equipment. The District shall implement safe practices in the use of electrical, plumbing, and heating equipment. The Board requires close cooperation with local police, fire, and sheriff departments and with insurance company inspectors.

Access to school buildings and grounds outside of regular school hours shall be limited to staff who have work requiring access. An adequate key control system shall be established which shall limit access to buildings to authorized staff and shall safeguard against the potential entry of unauthorized persons.

Records and funds shall be kept in a safe place and under lock and key when required.

Locks and other protective devices designed to be used as safeguards against illegal entry and vandalism shall be installed when appropriate to the individual situation. Employment of security officers may be approved in situations where special risks are involved. All incidents of vandalism, unauthorized access, and burglary shall be reported to the Superintendent immediately and to law enforcement agencies as appropriate.
