School Board Advocacy

The Board of Trustees of Jefferson High School District believes it has a responsibility to the students, parents, and community to advocate for student achievement and quality education. In order to meet these responsibilities, the District may work for the passage of new laws designed to advance the cause of good schools and for the repeal or modification of existing laws that impede this cause.

Trustees, should keep themselves and community members informed of pending legislation and actively communicate board positions and concerns to elected representatives at both the state and national level. The Board should work with legislative representatives (both state and federal), with the Montana School Boards Association, the National School Boards Association, and other concerned groups in developing an annual as well as long-range legislative program.

Each Trustee is encouraged to participate in the MTSBA Delegate Assembly and the MTSBA Board Legislative Contact Program and the caucuses. We also encourage each board and trustee to be aware of the importance of building a relationship with the community, to be used to increase student success.

In doing so, the Board should:

1. At its annual organizational meeting appoint a member as its Board Legislative Contact (BLC) to the Montana School Boards Association (MTSBA). This person may:
  - a. Serve as the Board's liaison to MTSBA;
  - b. Attend the Day of Advocacy during each legislative session;
  - c. Attend other state and regional association meetings as approved by the Board and
  - d. Advise MTSBA of the Board's views regarding MTSBA's legislative positions and activities.
2. At least once each month, the Board meeting agenda may include an opportunity for the BLC to report on educational issues pending on the state and federal levels.
3. Work with the BLC, MTSBA, the National School Boards Association (NSBA), and other concerned groups and organizations on matters of mutual interest.

School Board Advocacy

Once the Board of Trustees has determined that it is in its best interest to actively become an advocate for the education of the students in its District, the following guidelines are established to help facilitate the process.

  - a. In the event of an appointment, the District Clerk will submit the name to the Administrative Service Specialist at MTSBA no later than one (1) month after the appointment.
2. The Board will identify this appointee and/or additional trustees as registered lobbyists for the District.
  - a. If the appointment is made, the District Clerk will make sure that the appointed trustee(s) are sufficiently registered as lobbyists for the District
3. The threshold for reimbursement of expenses before the lobbying license requirement becomes effective will be determined by the Commissioner of Political Practices.
4. The BLC, or designee, may attend the Day of Advocacy during each legislative session.
5. The BLC, or designee, may attend the annual Delegate Assembly.
6. The Board may set additional parameters, including the number of trips to the Legislature, the number of regional and state meetings approved, etc.
7. The Board may include an item on its monthly agenda, giving the BLC an opportunity to discuss advocacy information.

13  
14 The policy committee may develop its own methods for tracking and processing their work. This

22  
23 The procedure for processing policy proposals is:

- 24  
25 1. Committee meets as needed to review and research policy proposals and may revise or  
26 construct drafts of the policy proposals.
- 27 2. Proposed policy draft is submitted to the Superintendent to be included on the agenda at  
28 the next regularly scheduled board meeting. For policy changes, written drafts must be  
29 the current policy language with deleted language formatted with a strike through and  
30 new language underlined. The agenda item will include the policy number, title and a  
31 brief description of the proposal.
- 32 3. District Clerk disseminates proposed policy marked as "1st Reading Draft" to trustees.
- 33 4. If approved on 1st reading, the District Clerk incorporates any changes made on 1st  
34 reading in the draft policy with markup formatting and disseminates the updated draft to  
35 the Board marked as "2<sup>nd</sup> Reading Draft" and adds the proposed policy for 2nd reading to  
36 the agenda for the next regularly scheduled board meeting.
- 37 5. If approved on 2nd reading, the District Clerk incorporates any changes made on 2nd  
38 reading, removes the markup formatting, and emails the final approved policy Word  
39 document to the District's provider of policy maintenance services, if any, as soon as  
40 possible but not more than ten (10) working days after approval.
- 41 6. Policy maintenance vendor adds the approved policy document to our word documents  
42 on their site, updates the Board Timeline Index if needed, and posts a new full Policy  
43 Manual PDF to our directory on their website. The file name of the official policy manual

8. If the District does not use a policy maintenance service, then the District Clerk will update the PDF file locally.

Administrative Procedures

The goals of written administrative procedures are:

- A clear understanding and expectation of how recurring important tasks are done consistently and well within the district is shared among administration, staff, students, trustees and the public, and
- Achievement of district goals is enhanced through communication and implementation of procedures tied to goals, and
- Transitions between former and new staff are improved less time is spent “reinventing the wheel.”

To this end, the Superintendent shall develop and maintain administrative procedures in such a way that:

1. An electronic manual of procedures is created and maintained by the district office under the direction of the superintendent and available in PDF format to the public upon request.
2. Any recurring task for which it is important that the task be done consistently and in a certain manner has a written procedure in the procedure manual.
3. A timeline index is created and maintained as part of the procedures manual.
4. Each procedure clearly identifies the need for the task, the steps involved, who is responsible, when the task must be done, any measurements for success that are appropriate and a reference to any corresponding district goals or policy.
5. The manual uses a style, format and numbering scheme, consistent with the District policy manual.

Closed Sessions

Under Montana law, the Board may meet in closed sessions to consider matters of individual privacy. Before closing a meeting, the presiding officer must determine that the demands of individual privacy exceed the merits of public disclosure and so state publicly before going into closed session. The Board also may go into closed session to discuss a strategy to be followed with respect to litigation, when an open meeting would have a detrimental effect on the litigating position of the District. This exception does not apply if the litigation involves only public bodies or associations as parties. Before closing a meeting for litigation purposes, the District may wish to consult legal counsel on the appropriateness of this action. No formal action shall take place during any closed session.

School Board Meeting ProcedureAgenda

The agenda for any Board meeting shall be prepared by the Superintendent in consultation with the Board Chair and members. The Board Chair must approve any items submitted by Board members or members of the public, to be placed on the agenda. Citizens wishing to make brief comments about school programs or procedures will follow the public comment procedures in district policy.

The agenda also must include a “public comment” portion to allow members of the general public to comment on any public matter under the jurisdiction of the District which is not specifically listed on the agenda, except that no member of the public will be allowed to comment on contested cases, other adjudicative proceedings, or personnel matters. The Board Chairperson may place reasonable time limits on any “public comment” period to maintain and ensure effective and efficient operations of the Board. The Board shall not take any action on any matter discussed, unless the matter is specifically noticed on the agenda, and the public has been allowed opportunity to comment.

With consent of a majority of members present, the order of business at any meeting may be changed. Copies of the agenda for the current Board meeting, minutes of the previous Board meeting, and relevant supplementary information will be prepared and distributed to each trustee at least twenty-four (24) hours in advance of a Board meeting and will be available to any interested citizen at the Superintendent’s office twenty-four (24) hours before a Board meeting. An agenda for other types of Board meetings will be prepared, if circumstances require an agenda.

Consent Agenda

To expedite business at its meetings, the Board may approve the use of a consent agenda, which includes those items considered to be routine in nature. Any item that appears on the consent agenda may be removed by a member of the Board. Any Board member who wishes to remove an item from the consent agenda must give advance notice in a timely manner to the Superintendent. Remaining items will be voted on by a single motion. The approved motion will be recorded in the minutes, including a listing of all items appearing on the consent agenda.

Minutes

Appropriate minutes of all meetings required to be open must be kept and must be available for inspection by the public. If an audio recording of a meeting is made and designated as official, the recording constitutes the office record of the meeting. If an official recording is made, a written record of the meeting must also be made and must also include:

## THE BOARD OF TRUSTEES

1420

Page 2 of 3

- Date, time, and place of the meeting;
- Presiding officer;
- Board members recorded as absent or present;
- Summary of discussion on all matters discussed (including those matters discussed during the “public comment” section), proposed, deliberated, or decided, and a record of any votes taken;
- Detailed statement of all expenditures;
- Purpose of recessing to closed session; and
- Time of adjournment.

If the minutes are recorded and designated as the official record, a log or time stamp for each main agenda item is required for the purpose of providing assistance to the public in accessing that portion of the meeting.

Unofficial minutes shall be delivered to Board members in advance of the next regularly scheduled meeting of the Board. Minutes need not be read publicly, provided that Board members have had an opportunity to review them before adoption. A file of permanent minutes of Board meetings shall be maintained in the office of the Clerk, to be made available for inspection upon request. A written copy shall be made available within five (5) working days following approval by the Board.

#### Quorum

No business shall be transacted at any meeting of the Board unless a quorum of its members is present. A majority of the full membership of the Board shall constitute a quorum, whether the individuals are present physically or electronically. A majority of the quorum may pass a resolution, except as provided in § 20-4-203(1), MCA, and § 20-4-401(4), MCA.

#### Electronic Participation

The Board may allow members to participate in meetings by telephone or other electronic means. Board members may not simply vote electronically, but must be connected with the meeting throughout the discussion of business.

If a Board member electronically joins the meeting after an item of business has been opened, the remotely located member shall not participate until the next item of business is opened. If the Board allows a member to participate electronically, the member will be considered present and will have his or her actual physical presence excused. The member shall be counted present for purposes of convening a quorum. The Clerk will document it in the minutes when members participate in the meeting electronically.

Any Board member wishing to participate in a meeting electronically will notify the Board chairperson and superintendent as early as possible. The superintendent will arrange for the

meeting to take place in a location with the appropriate equipment so that Board members participating in the meeting electronically may interact and the public may observe or hear the comments made. The superintendent will take measures to verify the identity of any remotely located participants.

Meeting Conduct and Order of Business

General rules of parliamentary procedure are used for every Board meeting. Robert's Rules of Order may be used as a guide at any meeting. The order of business shall be reflected on the agenda. The use of proxy votes shall not be permitted. Voting rights are reserved to those trustees in attendance. Voting shall be by acclamation or show of hands.

Rescind a Motion

A motion to rescind (cancel previous action) may be made anytime by any trustee that voted on the prevailing side of the motion being considered for revision. A motion to rescind must be properly noticed on the Board agenda for the meeting. It is in order any time prior to accomplishment of the underlying action addressed by the motion.

Notice Regarding Public Comment

Montana law requires school districts and other public agencies to include on the agenda for public meetings an item allowing public comment on any public matter not otherwise specifically listed on the agenda that is within the jurisdiction of the agency. The public comment portion of the agenda is not the time designated to hear items that are specifically listed/identified on the agenda.

For those individuals who desire to address the Board during the public comment portion of the meeting, if you haven't already done so, please sign your name to the sheet and indicate the general topic on which you will be commenting. The Board Chairperson will call individuals to speak in the order listed on the sheet provided. Please state your name prior to beginning your comment. There will be an opportunity for citizens who have not signed in to comment at the conclusion of the comment period. The Board would like to remind everyone in attendance to avoid violations of individual rights of privacy when providing comment. The Board is not authorized to hear comments on contested cases or other adjudicative proceedings.

By law, the District cannot take any action on any matter discussed during the public comment portion of the meeting as those matters are specifically noticed on the agenda. The Board may take a matter raised during the public comment period under consideration for inclusion on a future agenda.

In accordance with Montana law, citizens have the right to comment on an item that is specifically listed on the agenda. Citizens will be permitted to do so when the item comes up for discussion and action. The board chair will indicate when the public has the opportunity to comment prior to board action on a particular agenda item.

The Board Chair has the authority to manage all public comment periods and will do so in accordance with state law and district policy.

Abstentions From Voting

Section 20-3-323(2), MCA, requires the minutes of each Board meeting to include the voting records of each trustee present. As a general rule trustees should vote on all issues, unless casting a vote would be a violation of law. Under Montana law, instances in which it would be unlawful or inappropriate for a trustee to cast a vote on a particular issue include, but are not necessarily limited to, situations when the Board is considering hiring the relative of a trustee.

In addition, a trustee shall be allowed to abstain from voting to avoid the appearance of impropriety or the appearance of a perceived conflict. If a trustee abstains from voting, the abstention should be recorded in the minutes and may include an explanation of the reasons for the abstention. The Board discourages abstentions, unless the reasons are substantiated as provided herein.

Audience Participation

The Board recognizes the value of public comment on educational issues and the importance of involving members of the public in its meetings. The Board also recognizes the statutory and constitutional rights of the public to participate in governmental operations. To allow fair and orderly expression of public comments, the Board will permit public participation through oral or written comments during the “public comment” section of the Board agenda and prior to a final decision on a matter of significant interest to the public. The Chairperson may control such comment to ensure an orderly progression of the meeting in the manner described in Policy 1420F.

Board/Staff Communications

Every reasonable means of communication is encouraged throughout the education community. Nevertheless, an organization must maintain some order and structure to promote efficient and effective communications.

Staff Communications to the Board

All official communications or reports to the Board, from principals, supervisors, teachers, or other staff members, shall be submitted through the Superintendent. This procedure shall not deny any staff member the right to appeal to the Board from administrative decisions, provided that the Superintendent shall have been notified of the forthcoming appeal and that it is processed according to the applicable procedures for complaints and grievances.

Board Communications to Staff

All official communications, policies, and directives of staff interest and concern will be communicated to staff members through the Superintendent. The Superintendent will employ all such media as are appropriate to keep staff fully informed of Board concerns and actions.

Visits to Schools

In accordance with Montana statutes, each trustee shall visit every school of the District at least once each school fiscal year to examine its condition and needs. As a courtesy, individual Board members interested in visiting schools should make arrangements for visitations through the principals of the various schools. Such visits shall be regarded as informal expressions of interest in school affairs and not as “inspections” or visits for supervisory or administrative purposes.

Social Interaction

Staff and Board members share a keen interest in schools and education. When they meet at social affairs and other functions, informal discussion about such matters as educational trends, issues, and innovations and general District problems can be anticipated. **Discussions of personalities or staff grievances are not appropriate.**

Trustee Expenses

Expenses for Board Members - In-District

The members of the trustees of any district may not receive compensation for their services as trustees. A trustee is entitled to collect mileage at a rate equal to the mileage allotment allowed by the United States internal revenue service for the current year for the first 1,000 miles and 3 cents less per mile for all additional miles traveled within a given calendar month.

The members of the trustees who reside over 3 miles from the trustees' meeting place must upon request be reimbursed at the rate as provided in 2-18-503 for every mile necessarily traveled between their residence and the meeting place and return in attending the regular and special meetings of the trustees, and all trustees must be similarly reimbursed for meetings called by the county superintendent. The travel reimbursement may be accumulated during the school fiscal year and paid at the end of the fiscal year, at the discretion of each trustee.

A trustee must file a reimbursement for mileage form, prior to July 1 of each year, requesting reimbursement for the then current fiscal year. The form may be obtained from the District Clerk/Business Manager.

Expenses for Board Members at Out-of-District Meetings

Trustees normally attend workshops, training institutes, and conferences at both the state and national levels. The District will pay all legitimate costs for trustees to attend out-of-District meetings, at established rates for reimbursement set by the District:

1. Transportation as approved by the Board;
2. On-site transportation during the course of the meeting, i.e., bus, taxi, or rental car;
3. Hotel or motel costs for trustee, as necessary;
4. Food costs as necessary;
5. Telephone services for necessary communications with business or family, resulting from the trustee being away from Jefferson County;
6. Incidental expenditures for tips and other necessary costs attributable to the trustee's attendance at a meeting; however, the District will not reimburse or pay for such items as liquor, expenses of a spouse, separate entertainment, or other unnecessary expenditures.

Uniform Complaint Procedure

The Board establishes this Uniform Complaint Procedure as a means to address complaints arising within the District. This Uniform Complaint Procedure is intended to be used for all complaints except those involving challenges to educational material and those governed by a specific process in state or federal law that supersedes this process or collective bargaining agreement. Matters covered by a collective bargaining agreement will be reviewed in accordance with the terms of the applicable agreement.

The District requests all individuals to use this complaint procedure, when the individual believes the Board or its employees or agents have violated the individual's rights under state or federal law or Board policy. Complaints against a building administrator shall be filed with the Superintendent. Complaints against the Superintendent or District administrator shall be filed with the Board.

The District will endeavor to respond to and resolve complaints without resorting to this formal complaint procedure and, when a complaint is filed, to address the complaint promptly and equitably. The right of a person to prompt and equitable resolution of a complaint filed hereunder will not be impaired by a person's pursuit of other remedies. Use of this complaint procedure is not a prerequisite to pursuit of other remedies, and use of this complaint procedure does not extend any filing deadline related to pursuit of other remedies.

Deadlines requiring District action in this procedure may be extended for reasons related but not limited to the District's retention of legal counsel and District investigatory procedures.

Level 1: Informal

An individual with a complaint is first encouraged to discuss it with the appropriate employee or building administrator, with the objective of resolving the matter promptly and informally. An exception is that a complaint of sexual harassment should be discussed directly with an administrator not involved in the alleged harassment.

Level 2: Building Administrator

When a complaint has not been or cannot be resolved at Level 1, an individual may file a signed and dated written complaint stating: (1) the nature of the complaint; (2) a description of the event or incident giving rise to the complaint, including any school personnel involved; and (3) the remedy or resolution requested. This written complaint must be filed within thirty (30) calendar days of the event or incident or from the date an individual could reasonably become aware of such event or incident. The applicability of the deadline is subject to review by the Superintendent to ensure the intent of this uniform complaint procedure is honored.

Introduction

The board of trustees and its staff are operating under unusual, even unprecedented circumstances by virtue of the declaration of a statewide emergency by the Governor and the executive orders related to school closure to address concerns from the COVID-19 Virus. As part of its own concurrent declaration of an unforeseen emergency (community disaster), the board of trustees has found it necessary to adopt temporary policies related to emergency school closure. To ensure clarity and transparency, the board has organized all emergency school closure policies into a temporary chapter. The board has also included this introductory section as a heading for each policy to ensure understanding of the purpose and duration of each policy adopted pursuant to this chapter.

Purpose(s) of Policies

1. Addressing barriers to learning presented by distance.
2. Improvement of instruction in offsite setting during school closure.
3. Ensuring equity in services provided, including special education for exceptional children pursuant to Title 20, Chapter 7, Part 4.
4. Mitigation of digital divides that could otherwise create barriers to effective learning.
5. Ensuring adequate nutrition for students relying on the district's nutrition programs.
6. Ensuring continuity of employment of school district staff and/or continuity of services provided by contract transportation providers.
7. Ensuring accountability to families with children.

Term of COVID-19 Emergency Measures Policies

The term of School District Policies Numbered 1900-1999 shall run concurrent with any emergency related to COVID-19 declared by the President, Congress, Montana Legislature, Governor, Montana Department of Public Health and Human Services, county health department or the board of trustees. This policy shall terminate, unless further extended, on the earlier of June 30, 2020 or the date upon which all emergency declarations related to COVID-19 that apply to the district have lawfully expired or have been dissolved.

Emergency Policy and Procedures

Applicability of Emergency Policy Series

During a state of emergency declared by the Board of Trustees or other local, state or federal agency, official, or legislative body, the provisions in the emergency policies adopted by the Board of Trustees as codified at 1900-1999 in the district policy manual will govern in the event of any conflict or inconsistency between an emergency policy and other provision in the district policy manual. All other aspects of the district policy manual not affected by the provisions in the emergency policy series continue to be in full effect.

Legal References

In the absence of a legal reference on an emergency policy adopted by the Board of Trustees, the policy is specifically based on the Board of Trustees authority to supervise and control the schools within the District in accordance with Article X, section 8 of the Montana Constitution.

Adoption and Amendment of Policies

New or revised policies that are required or have required language changes based on State or Federal law or directive, required by administrative rule, or are required due to a declaration of emergency issued by the Board of Trustees or other state or federal agency official or legislative body may be adopted after the first (1<sup>st</sup>) reading if notice has been given through the board agenda provided to the trustees and public. All new or amended policies adopted as part of the emergency policy series shall become effective immediately upon adoption; unless a specific effective date is stated in the motion for adoption.

Suspension of Policies

Under circumstances that require waiver of a policy, the policy may be suspended by a majority vote of the trustees present. To suspend a policy, however, all trustees must have received written notice of the meeting, which includes the proposal to suspend a policy and an explanation of the purpose of such proposed suspension.

Administrative Procedures

The Superintendent shall develop such administrative procedures as are necessary to ensure consistent implementation of policies adopted by the Board of Trustees.

Alternative Grading

This policy is adopted as a temporary policy in accordance with the framework set by District Policy 1900 – Temporary COVID-19 Policies and is intended to govern School District operations for the period affected by the COVID-19 health and safety measures implemented by the School District in response to federal, state or local authorities.

Teachers will grade students as usual in accordance with established classroom or course practices during the grading period in accordance with District Policy 2420 and the Employee Handbook.

The default option for students and parents is the grade typically assigned for students in the grade level or class which may include an A-No Credit letter grade. Students and parents may choose to receive a Proficient/No Credit or P/NC grade in place of a grade typically assigned for the student's courses. The P/NC grade option can be requested by a student and parents no later than 7 (seven) calendar days after report cards have been sent to parents by submitting a written request to the principal, the School District's custodian of records.

For students or parents who request a P/NC grade, the School District will record the P/NC designation using a rubric in which all grades of 60% or higher earn a Proficient in accordance with District Policy 1005FE and the School District's COVID-19 Plan of Action as submitted to the Office of the Governor.

Students earning course grades converted to a Proficient grade in this temporary P/NC option for grading periods affected by COVID-19 health and safety measures will be granted credit for the course and the credit will count towards promotion or graduation requirements and extra-curricular eligibility. Students earning a Fail designation in a course will not earn credit, will be subject to retention consideration, and, if applicable, will be subject to extra-curricular eligibility consequences.

Grades converted to P/NC will not be counted toward or against class honors or valedictorian status as outlined in Policy 2410P for classes of students graduating during or after 2020.

The School District will include a designation on the students' transcripts indicating the extraordinary circumstances for any grading period affected by COVID-19 health and safety measures.

Student, Staff, and Community Health and Safety

The School District has adopted the protocols outlined in this policy during the term of the declared public health emergency to ensure the safe and healthy delivery of education services provided to students on school property in accordance with Policy 1906, and a safe workplace when staff are present on school property in accordance with Policy 1909, and the safety, health and well-being of parents and community members. The supervising teacher, principal, superintendent or designated personnel are authorized to implement the protocols in coordination with state and local health officials.

Symptoms of Illness

Students and staff who are ill, feeling ill, diagnosed as ill, or otherwise demonstrating symptoms of illness must not come to school or work. Students who have a fever or are exhibiting other signs of illness must be isolated in a designated area until such time as parents or caregiver may arrive at the school to retrieve the ill student. All surfaces and areas should be thoroughly cleaned and disinfected once the student has vacated the area by staff utilizing safety measures in accordance with state and/or local health standards as applicable. Students may engage in alternative delivery of education services during the period of illness or be permitted to make up work in accordance with District Policy 1906. Staff members will be provided access to leave in accordance with District Policy 1911 or the applicable Master Contract or Memorandum of Understanding.

Parents, guardians, or caregivers of students who are ill, feeling ill, diagnosed as ill, or otherwise demonstrating symptoms of illness must not be present at the school for any reason including but not limited events or gatherings or to drop off or pick up students excepted as provided by this policy. To avoid exposing others to illness, parents or caregivers who are ill must make arrangements with others to transport students to school or events, if at all practicable. If not practicable, parents, guardians or caregivers must not leave their vehicle during pickup or drop off and must arrange with District staff to supervise students in accordance with physical distancing guidelines in this Policy.

Physical Distancing

Students, staff, volunteers, and visitors will maintain a six-foot distance between themselves and their colleagues and peers throughout the school day inside any school build, on school t-provided transportation and on school property before and after school. Staff members will arrange classrooms and restructure courses, transportation services, and food service to meet this standard.

Recess will continue as scheduled in accordance with physical distancing guidance without the use of playground equipment. Any other use of school playgrounds is strictly prohibited.

Drop off and pick up of students will be completed in a manner that limits direct contact between parents and staff members and adheres to social distancing expectations around the exterior of the school building while on school property.

Visitors to the school authorized by District Policy 1903 will maintain a six-foot distance between themselves and others. This distancing requirement does not apply to individuals who are a part of the visitor's regular household isolation group when the group is authorized to be present at the school facility.

#### Masks as Personal Protective Equipment

Staff and students may wear a mask while present in any school building. The School District does not require the use of masks and will not provide masks except in cases required by this policy or at the discretion of the administration. The Board of Trustees' decision to not require or provide masks is based on a review of the circumstances in the community and consultation with local health officials on issues including but not limited to the possibility of exposure and availability of masks.

#### Cleaning and Disinfecting

School district personnel will routinely both clean by removing germs, dirt and impurities and disinfect by using chemicals to kill germs on all surfaces and objects in any school building and on school property that are frequently touched. This process shall include cleaning objects/surfaces not ordinarily cleaned daily.

Personnel will clean with the cleaners typically used and will use all cleaning products according to the directions on the label. Personnel will disinfect with common EPA-registered household disinfectants. A list of products that are EPA-approved for use against the virus that causes COVID-19 is available from the supervising teacher or administrator. Personnel will follow the manufacturer's instructions for all cleaning and disinfection products.

The District will provide EPA-registered disposable wipes to teachers, staff, and secondary students so that commonly used surfaces (e.g., keyboards, desks, remote controls) can be wiped down before use. Supervising teacher or administrators are required to ensure adequate supplies to support cleaning and disinfection practices.

#### Student Arrival

Hand hygiene stations will be available at the entrance of any school building, so that children can clean their hands before they enter. If a sink with soap and water is not available, the School District will provide hand sanitizer with at least 60% alcohol. Hand sanitizer will be kept out of elementary students' reach and student use will be supervised by staff.

COVID-19 EMERGENCY MEASURES

A District employee will greet children outside the school as they arrive to ensure orderly compliance with the provisions of this policy.

Temperature Screening

Designated School District staff are authorized to test the temperature of students with an approved non-contact or touchless temperature reader. Students who have a fever or are exhibiting other signs of illness must be isolated in a designated area until such time as parents or caregiver may arrive at the school to retrieve the ill student. All surfaces and areas should be thoroughly cleaned and disinfected once the student has vacated the area.

When administering a temperature check on a possibly ill student, designated staff members will utilize available physical barriers and personal protective equipment to eliminate or minimize exposures due to close contact to a child who has symptoms during screening.

Healthy Hand Hygiene Behavior

All students, staff, and others present in the any school building will engage in hand hygiene at the following times, which include but are not limited to:

- After coming in contact with bodily fluid
- After recess
- After handling garbage
- After assisting students with handwashing
- After use of the restroom

Hand hygiene includes but is not limited to washing hands with soap and water for at least 20 seconds. If hands are not visibly dirty, alcohol-based hand sanitizers with at least 60% alcohol can be used if soap and water are not readily available.

Staff members will supervise children when they use hand sanitizer and soap to prevent ingestion.

Staff members will place grade level appropriate posters describing handwashing steps near sinks.

Vulnerable Individuals

Vulnerable individuals (defined by the Centers for Disease Control at the time of this policy's adoption as those age 65 or older or those with serious underlying health conditions, including high blood pressure, chronic lung disease, diabetes, obesity, asthma, and those whose immune system is compromised such as by chemotherapy for cancer and other conditions requiring such

therapy) are authorized to talk to their healthcare provider to assess their risk and to determine if they should telework during the period of declared public health emergency.

Employees who have documented high risk designation from a medical provider are entitled to reasonable accommodation within the meaning of that term in accordance with the Americans with Disabilities Act and Section 504 as outlined in District Policy 5002. These accommodations may include but are not limited to teleworking in accordance with a work plan developed in coordination with and authorized by the supervising teacher, administrator or other designated supervisor. #### Public Awareness

The School District will communicate with parents, citizens, and other necessary stakeholders about the protocols established in this policy and the steps taken to implement the protocols through all available and reasonable means.

#### Confidentiality

#### Transfer of Funds for Safety Purposes

The School District may satisfy the aggregate number of hours through any combination of onsite, offsite, and online instruction. The District administration is directed to ensure that all students are offered access to the complete range of educational programs and services for the education program required by the accreditation standards adopted by the Montana Board of Public Education.

Staff shall calculate the number of hours students have received instruction as defined in this policy through a combined calculation of services received onsite at the school or services provided or accessed at offsite or online instructional settings including, but not limited to, any combination of physical instructional packets, virtual or electronic based course meetings and assignments, self-directed or parent-assisted learning opportunities, and other educational efforts undertaken by the staff and students that can be given for grade or credit. Staff shall report completed hours of instruction as defined in this policy to the supervising teacher, building principal, or district administrator for final calculation.

2 for particular grade levels and groups once students have satisfied the required number of  
3 applicable aggregate hours.

4  
5 In order to comply with the requirements of the calendar, District Policy and Section 20-1-301,  
6 MCA, the District shall implement the instructional schedules and methods identified in this

17 the same manner as students attending an onsite institutional setting.

18

20 students to utilize an offsite or online instructional setting at parental request if onsite instruction  
21 is offered in the School District in accordance with Policy 1908.

32 ensure all applicable statutes are followed in accordance with U.S. Department of Education  
33 guidelines.

34  
35 Student Attendance

37 The Board of Trustees authorizes the supervising teacher, building principal or district  
38 administration to set an attendance policy for students that takes into account the location of  
39 instructional services, the applicability of proficiency-based instruction, the student's grade level,  
40 and the health and safety of the student and their household. Students are expected to complete  
41 assigned work. If a student is not present for the instructional day, the student shall be permitted

Student Instruction Resources and Best Practices

In accordance with Policy 1005FE – Proficiency Based Learning and Section 20-9-311(4)(d), MCA, “a school district may include in its calculation of ANB a pupil who is enrolled in a program providing fewer than the required aggregate hours of pupil instruction under subsection (4)(a) or (4)(b) if the pupil has demonstrated proficiency in the content ordinarily covered by the instruction as determined by the school board using district assessments. The ANB of a pupil under this subsection (4)(d) must be converted to an hourly equivalent based on the hours of instruction ordinarily provided for the content over which the student has demonstrated proficiency.”

Proficiency or satisfying aggregate hours of instruction can be achieved through an on-site, off-site, or blended learning model as outlined in Policy 1906.

Best practices, including but not limited to those outlined below, will assist districts in facilitating quality learning for each student regardless of background or circumstance.

Planning & Communication

- Providing tools for virtual learning will help ensure equity in access to learning opportunities. With Policy 1904, districts may utilize transportation funds to facilitate internet and device access to students currently without.
- Provide weekly learning agendas communicated to students and parents.
- Set student meetings, teacher office hours, assignment expectations, and grades available on an established schedule. Districts may consider Policy 1902 – Alternative Grading.
- Establish whole group virtual “class time” and/or opportunities for small group learning
  - Post assignments online early and for the entire week.
    - During this time of challenge, providing structure and certainty will support academic, mental and emotional health.
  - Students should receive some form of communication from the school community at least once per day.

Set Expectations

- With students and parents/guardians set expectations and acknowledgment of the importance for ownership of student learning.
- Expectations can outline due dates for assessments.
- Outline how much online participation is required of students.
- Include expectation for daily submission of work or review of accomplishments toward goals.
- Survey students and parents/guardians to make adjustments to lessons. Remember to be flexible—time learning software, apps, etc. should be considered part of learning.

Differentiated Instruction & Learning Models

- 1 • Embed experiential learning that fosters a learning environment that promotes
- 2 connections. Districts participating in Transformational Learning funding can utilize their
- 3 Strategic Plan as a guiding document and adapt to a virtual environment.
- 4 • Social Emotional Learning and connections.
- 5 ○ Begin the day by connecting with students—a Brain Teaser or an exercise for
- 6 students to share a topic of interest or something from home with others.
- 7 • Record lessons
- 8 ○ Lessons should come with visual substance and multiple types of instruction to
- 9 facilitate learning—downloads, PowerPoints, videos, readings, audio recordings,
- 10 etc.
- 11 • Honor students’ interests and passions through experiential learning opportunities.
- 12 • Project based learning.
- 13 ○ Engage the students to do the work through research, developing, and creating a
- 14 product which encompasses a variety of subject areas.
- 15 ○ Encourage creativity.
- 16 ○ Consider pointing students to the right resources (videos, websites, files) and
- 17 allow them to be contributors to their own learning-- Creation of a science
- 18 project—writing, demonstration of items needed, YouTube video with the end
- 19 result being submitted to the teacher and classmates.
- 20 ■ Wax Museum example: reading about character, writing about individual,
- 21 dress up and record via YouTube or creation of a Power Point with
- 22 pictures
- 23 ○ Project-based learning presents opportunities for cross-subject collaboration and
- 24 flexibility in ways to show student learning.

25 Demonstrating Learning

- 26 • Provide video meeting and messaging capabilities to engage students in multiple
- 27 mediums to show learning.
- 28 • Provide daily feedback to address academic growth and monitor and improve social
- 29 emotional wellness.
- 30 ○ Clearly communicate to ensure students and parents are aware of the importance
- 31 of this mutual feedback.
- 32 • Opportunity for MAP testing/Unit testing for subject areas
- 33 • Formative assessments can guide instruction and provide multiple opportunities for
- 34 feedback and identifying gaps in student learning and instruction through a low-stress
- 35 medium.

Grade Organization

The District maintains instructional levels for grades nine (9) through twelve (12). The grouping and housing of instructional levels in school facilities will be according to plans developed by the Superintendent and approved by the Board.

Instructional programs will be coordinated between each grade.

A student will be assigned to an instructional group or to a classroom which will best serve the needs of that individual while still considering the rights and needs of other students. Factors to be considered in classroom assignments are class size, peer relations, student/teacher relations, instructional style of individual teachers, and any other variables that will affect the performance of the student.

Criteria for grouping will be based on learning goals and objectives addressed and the student's ability to achieve those purposes.

Objectives

Continuous Progress Education

The Board acknowledges its responsibility to develop and implement a curriculum designed to provide for sequential intellectual and skill development necessary for students to progress on a continuous basis from elementary through secondary school.

The Superintendent is directed to develop instructional programs which will enable each student to learn at the student's best rate. The instructional program will strive to provide for:

2. Learning materials and methods of instruction considered to be most appropriate to the student's learning style; and
3. Evaluation to determine if the desired student outcomes have been achieved.

Each year, the Superintendent will determine the degree to which such instructional programs are being developed and implemented. Accomplishment reports submitted annually, at the regular June Board meeting, will provide the Board with the necessary information to make future program improvement decisions.

Program Evaluation and Diagnostic Tests

The Board strives for efficiency and effectiveness in all facets of its operations. To achieve this goal, at the regular October Board meeting the Board will set forth:

1. A clear statement of expectations and purposes for the District instructional program;
2. A provision for staff, resources, and support to achieve stated expectations and purposes; and

Interscholastic Activities/Athletics

The District recognizes the value of a program of interscholastic activities/athletics as an integral part of the total school experience. The program of interscholastic activities/athletics includes all activities/athletics relating to competitive sport or intellectual contests, games or events, or exhibitions involving individual students or teams of students of this District, when such events occur between schools outside this District.

Interscholastic activities/athletics enhance the quality of education through teaching character education, sportsmanship, and ethical and socially responsible behavior. It is the responsibility of our administration and activities/athletic staff to prove the educational worth of high school interscholastic activities/athletics and to show that the lessons learned by participants in these activities/athletics will reinforce and supplement the same goals as those of classroom teachers.

All activity/athletic programs will operate in compliance with District policy. All manuals, handbooks, procedures, rules, or regulations, including subsequent changes, intended for use within any activity/sport must be submitted to administration for review of compliance with District policy prior to use. It is the responsibility of administration and activity/athletic advisors/coaches to develop any such materials far enough in advance of the intended date of use to allow for administrative review.

All facilities and equipment utilized in the interscholastic activity/athletic program, whether or not the property of the District, will be inspected on a regular basis. Participants will be issued equipment which has been properly maintained and fitted.

An activity/athletic advisor/coach must be properly trained and qualified for an assignment as described in the advisor/coach's job description. A manual which outlines the skills, techniques, and safety measures associated with an advising/coaching assignment will be developed and maintained by administration and distributed to each activity/athletic advisor/coach. All advisors/coaches will hold a current valid first aid certificate.

The Board recognizes that certain risks are associated with participation in interscholastic activities/athletics. While the District will strive to prevent injuries and accidents to students, each parent or guardian will be required to sign an "assumption of risk" statement indicating that the parents assume all risks for injuries resulting from such participation. This form is attached as **2151F1**. Each participant will be required to furnish evidence of physical fitness (physical form) prior to becoming a member of an athletic team sanctioned by the Montana

High School Association (MHSA). A participant will be free of injury and will have fully recovered from illness before participating in any event.

Advisors/Coaches and/or trainers may not issue medicine of any type to students. This provision does not preclude the advisor/coach and/or trainer from using approved first aid items.

Program Review

Administration and activities/athletics advisors/coaches must periodically, but not less than every three years, fully review the activities/athletics program in alignment with the set of standards listed below, utilizing the form attached as **2151F2**. Every interscholastic activity/athletic program for which the school hires an advisor/coach and pays a stipend must be included in this review. The full review must be presented to the Board at least every three years at the regularly scheduled June Board meeting in the review year. Interim progress and plan presentations must be made to the Board annually in non-review years at the regularly scheduled June meeting. The full review and the interim presentations must include annual and cumulative demographic and survey response data.

Surveys

Administration is required to survey participants, parents, and advisors/coaches to solicit feedback on the quality of each program at the close of each activity/athletic season. Administration must ensure that surveys are conducted in a manner that provides anonymity to the respondents.

Survey participation is required. Parents and participants must acknowledge and accept this responsibility prior to the student participating in any JHS interscholastic activity/athletic program or sport. An acknowledgement form is attached as **2151F3**. Administration will incorporate this acknowledgement/acceptance form in pre-season materials. Administration will track survey participation.

Survey templates are attached as **2151F4-5-6**. Survey items may not be removed except by approval of the Board. Survey items may be added at the discretion of administration in order to obtain more or better information relating to program standards and goals and improvement initiatives. Essay or free-form text survey questions must not be used. Questions that would require a survey participant to give identifiable information must not be used.

These review and survey processes are intended to be an evaluation of the activities/athletics program and are not to be used as the sole evaluation of an advisor/coach. The Board recognizes that supervision and evaluation of activity/athletic advisors/coaches rests with school administration. Data from the surveys associated with these policies may be used as a part of, but not as a substitute for, the regular advisor/coach evaluation process. In addition, the Districts recognizes that complaints about an advisor/coach should follow the Uniform Complaint Procedure in Policy 1700.

ACTIVITY/ATHLETIC PROGRAM STANDARDS

**STANDARD I: Guiding Principles.** Activity/athletic programs and competition are an integral part of students' academic, social, emotional and physical development. The JHS Activity/athletic Program promotes the academic mission of our school and honorable

As part of this, each coach, player and parent/guardian is required to acknowledge and abide by our Codes of Conduct which are attached as Forms **2151F7-8-9**.

**STANDARD II: Activity/athletic Program Expectations.** Activity/athletic programs are developed by administration that enable the school to achieve these expectations: high level of student participation in activities/athletics, activity-specific skill development, promotion of academic achievement, the teaching and endorsement of sportsmanship, character development, ethics, values, living a healthy and drug free lifestyle and appropriate behavior for all participants, advisor/coaches, parents, and spectators in connection with the activity/athletic program.

The accomplishments of the program, the participants and the advisors/coaches are regularly acknowledged and celebrated.

**STANDARD V: Program Evaluation.** Ongoing evaluation procedures are in place to measure the department's success in achieving its standards and expectations and the developmental skill growth of each participant. The program has a clearly defined evaluation plan in place which is designed to enhance the professional growth of all advisors/coaches and participants. Skill growth goals and plans for the team are co-developed by the participants and advisor/coach at the beginning of each season and formally assessed at the end of each season. **JHS Activities/Athletics Player's Code of Conduct**

I accept responsibility for my behavior on and off the field and/or in and out of an activity or competition. I understand that what I do and say affects my teammates, school, and other people either positively or negatively.

I lead courageously and live with integrity by speaking up against injustice and on behalf of others even when it is hard or unpopular.

I act with respect toward myself and the people and things around me including my parents, my coaches, my teammates, my teachers, my opponents, and the spectators.

I do not put people in boxes according to their race, gender, religion, neighborhood, sexual orientation or abilities. I judge people by the content of their character.

I act with empathy. I try to understand what is going on in the hearts and minds of others and what is causing those feelings so that I can be supportive and encouraging. I ask, "How can I help you?"

I serve as a role model at all times by talking politely and acting courteously toward coaches, teammates, opponents, officials, and spectators. I understand that it is a privilege to represent my family, school and community as a student-athlete or activities participant.

I give 100% effort to practices, games, and events. I understand that effort demonstrates my commitment to the team and my respect for my coaches and teammates.

I display good sportsmanship. I acknowledge and applaud the efforts of others. I encourage my teammates with positive statements. I refrain from boasting to my teammates and 'trash-talking' to members of other teams. I accept defeat graciously by congratulating my opponents on a game or activity well played.

Because I represent my family, school, and team, I abide by the policies, rules and guidelines of the school, team, and coaches.

**JHS Activities/Athletics Coach's Code of Conduct**

The purpose of my coaching is to: help boys become men and girls become women of empathy and integrity who will lead, be responsible, and change the world for good.

I am mindful to never shame a player or participant, but to correct in an uplifting way.  
Affirmation!

I believe in every player or participant. Remember, "In youth is where miracles are made."

I protect our players or participants. I am big enough to build up, not tear down. Kids are getting attacked from many places that we don't often see and of which we are not aware.

My job is to put players or participants in a position where they can develop to their fullest potential through proper teaching and nurturing.

Each player or participant is part of our family, deserves every chance to succeed and deserves the utmost respect.

Coaches can disagree in meetings but never in front of our players or anyone else outside of our family. Disagreements are saved for private meetings.

Our players are student-athlete/participants and we are teacher-coaches. We hold ourselves accountable as teachers of young men and women and the lessons they need in order to navigate masculinity, femininity and life.

If I do not know, I say so and get appropriate information. I won't bluff my players or participants! They know the difference.

Parents are our partners. I strive to work with each family in helping their child succeed. "Every boy is a son, every girl a daughter to their mother and father."

I love our players or participants and the other coaches.

I use no profanity!

I know the difference between shaming and coaching. No screaming, shaming, swearing, or sarcasm.

I won't be afraid to apologize! We all make mistakes. When mistakes are made publicly, I will apologize publicly; when mistakes are made personally, I will apologize personally.

We are nurturing successful people, not just successful athletes or participants.

I understand and endorse the purpose of our program: to help boys become men and girls become women of empathy and integrity who will lead, be responsible, and change the world for good.

I support the coaches by applauding behaviors in my child and teammates that demonstrate characteristics of integrity, empathy, sacrifice, and responsibility.

I acknowledge and appreciate every player or participant's growth towards maturity and efforts toward establishing stronger relationships with teammates, coaches, and themselves.

I affirm my child and teammates when good character, healthy sportsmanship, and other-centered behaviors are displayed. I will not only affirm athletic performance or a victory.

I serve as a role model for our players, talking politely and acting courteously towards coaches, officials, other parents, visiting team parents, and spectators at practices, games, and meetings.

I model good sportsmanship. Acknowledge and applaud the efforts of team members and opponents. Accept defeat graciously by congratulating the members of the opposing team on a game well played. Support the team regardless of how much or how little my child plays or what the win-loss record is.

I encourage my child and teammates with positive statements, even when they make mistakes. At every practice they are growing physically and emotionally. At every practice they are learning moral and ethical lessons. At every practice they are developing character.

I refrain from boasting about my child's accomplishments.

When problems or questions arise, I have my child present the problem to the coach. This develops self-advocacy. After meeting with their coach, if the issue requires more clarity, I will contact the coach.

Because I am a parent with the power, position, and platform to make a positive difference in the lives of all players, I commit to this code of conduct. When failing to live up to these standards, I will allow for accountability and take responsibility for my actions.

Family Engagement Policy

The Jefferson High School Board of Trustees believes that engaging parents/families in the education process is essential to improved academic success for students. The Board recognizes that a student's education is a responsibility shared by the district, parents, families and other members of the community during the entire time a student attends school. The Board believes that the district must create an environment that is conducive to learning and that strong, comprehensive parent/family involvement is an important component. Parent/Family involvement in education requires a cooperative effort with roles for the Office of Public Instruction (OPI), the district, parents/families and the community.

Parent/Family Involvement Goals and Plan

The Board of Trustees recognizes the importance of eliminating barriers that impede parent/family involvement, thereby facilitating an environment that encourages collaboration with parents, families and other members of the community. Therefore, the district will develop and implement a plan to facilitate parent/family involvement that shall include the following six (6) goals;

1. Promote families to actively participate in the life of the school and feel welcomed, valued, and connected to each other, to school staff, and to what students are learning and doing in class;
2. Promote families and school staff to engage in regular, two-way meaningful communication about student learning;
3. Promote families and school staff to continuously collaborate to support student learning and healthy development both at home and at school and have regular opportunities to strengthen their knowledge and skills to do so effectively;
4. Empower parents to be advocates for their own and other children, to ensure that students are treated equitably and have access to learning opportunities that will support their success;
5. Encourage families and school staff to be partners in decisions that affect children and families and together inform, influence, and create policies, practices, and programs; and
6. Encourage families and school staff to collaborate with members of the community to connect students, families, and staff to expand learning opportunities, community services, and civic participation.

The district's plan for meeting these goals will:

1. Provide activities that will educate parents regarding the intellectual and developmental needs of their children at all age levels. This will include promoting cooperation between the district and other agencies or school/community groups (such as parent-teacher groups, Head Start, etc.) to furnish learning opportunities and disseminate information regarding parenting skills and child/adolescent development.
2. Implement strategies to involve parents/families in the educational process, including:

Title I Parent and Family Involvement

The District endorses the parent involvement goals of Title I and encourages the regular participation of parents and family members of Title I eligible children in all aspects of the program to establish the agency's expectations and objectives for meaningful parent and family involvement. The education of children is viewed as a cooperative effort among the parents, family members, school, and community. In this policy the word "parent" also includes guardians and other family members involved in supervising the child's schools.

Pursuant to federal law the District will develop jointly with, agree upon with, and distribute to parents of children participating in the Title I program a written parent and family involvement policy. This may include meaningful consultation with employers, business leaders, and philanthropic organizations, or individuals with expertise in effectively engaging parents and family members in education.

At the required annual meeting of Title I parents and family members, parents and family members will have opportunities to participate in the design, development, operation, and evaluation of the program for the next school year. Proposed activities to fulfill the requirements necessary to address the requirements of parental-involvement goals shall be presented.

In addition to the required annual meeting, at least three (3) additional meetings shall be held at various times of the day and/or evening for parents and family members of children participating in the Title I program. These meetings shall be used to provide parents with:

1. Information about programs provided under Title I;
2. A description and explanation of the curriculum in use, the forms of academic assessment used to measure student progress, and the proficiency levels students are expected to meet;
3. Opportunities to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children; and
4. The opportunity to bring parent comments, if they are dissatisfied with the school's Title I program, to the District level.

Title I funding, if sufficient, may be used to facilitate parent attendance at meetings, through payment of transportation and childcare costs.

The parents and family members of children identified to participate in Title I programs shall receive from the school principal and Title I staff an explanation of the reasons supporting each child's selection for the program, a set of objectives to be addressed, and a description of the services to be provided. Opportunities will be provided for the parents and family members to meet with the classroom

and Title I teachers to discuss their child's progress. Parents will also receive guidance as to how they can assist at home in the education of their children.

Each school in the District receiving Title I funds shall develop jointly with parents of children served in the program a "School-Parent Compact" outlining the manner in which parents, school staff, and students share the responsibility for improved student academic achievement in meeting state standards. The "School-Parent Compact" shall:

1. Describe the school's responsibility to provide high quality curriculum and instruction in a supportive and effective learning environment enabling children in the Title I program to meet the state's academic achievement standards;
2. Indicate the ways in which each parent will be responsible for supporting their child's learning, such as monitoring attendance, homework completion, and television watching; volunteering in the classroom; and participating, as appropriate, in decisions related to their child's education and positive use of extracurricular time; and
3. Address the importance of parent-teacher communication on an ongoing basis with, at a minimum, parent-teacher conferences, frequent reports to parents, and reasonable access to staff.

The activities authorized under this policy may include establishing a parent advisory board comprised of a sufficient number and representative group of parents or family members served by the district to adequately represent the needs of the population served by the district for the purposes of developing, revising, and reviewing the parent and family engagement policy.

for review by authorized District personnel, parents, and adult students. Special education teachers will maintain an IEP file in their classrooms. These records will be maintained under the direct supervision of the teacher and will be located in a locked file cabinet. A record-of-access sheet in each special education file will specify the District personnel who have a legitimate interest in viewing these records.

D. Safeguards

The District will identify in writing the employees who have access to personally identifiable information, and provide training on an annual basis to those staff members.

E. Destruction of Information

The District will inform parents five (5) years after the termination of special education services that personally identifiable information is no longer needed for program purposes. The parent will be advised that such information may be important to establish eligibility for certain adult benefits. At the parent's request, the record information shall either be destroyed or made available to the parent or to the student if eighteen (18) years or older. Reasonable effort shall be made to provide the parent with notification sixty (60) days prior to taking any action on destruction of records. Unless consent has been received from the parent to destroy the record, confidential information will be retained for five (5) years beyond legal school age.

F. Children's Rights

Privacy rights shall be transferred from the parent to an adult student at the time the student attains eighteen (18) years of age, unless some form of legal guardianship has been designated due to the severity of the disabling condition.

Discipline

Students with disabilities may be suspended from school the same as students without disabilities for the same infractions or violations for up to ten (10) consecutive school days. Students with disabilities may be suspended for additional periods of not longer than ten (10) consecutive school days for separate, unrelated incidents, so long as such removals do not constitute a change in the student's educational placement. However, for any additional days of removal over and above ten (10) school days in the same school year, the District will provide educational services to a disabled student, which will be determined in consultation with at least one of the child's teachers, determining the location in which services will be provided. The District will implement the disciplinary procedures in accord with the requirements of CFR 300.530 - 300.537.

Traffic Education

Jefferson County High School will provide a drivers' training instruction program for students who live within the geographic boundaries of the public school district whether or not they are enrolled in the public school district and provided that students enrolled in the course will have reached their 15th birthday within six months of course completion, and has not yet reached 19 years of age on or before September 10 of the school year in which the student participates in traffic education.

All eligible students will be treated fairly and without bias in the notification, enrollment, and class administration procedures associated with the traffic education program.

Students are scheduled by age, with the oldest student having first priority.

The purpose of the program is to introduce students to a course of study which should lead to the eventual development of skills appropriate for a licensed driver. The traffic education program is designed to meet the criteria established by the Superintendent of Public Instruction. These criteria include requirements for instructional time, for instructor certification, recommendations for course of study and reimbursement procedures.

Digital Academy Classes

The District recognizes that the District and students may have a need for greater flexibility in the educational program due to funding, teacher availability, individual learning styles, health conditions, employment responsibilities, lack of success in traditional school environments or a desire for students to accelerate their learning and work at the college level before leaving high school. The District acknowledges that online learning solutions offered by the Montana Digital Academy (MTDA) may fulfill these needs.

The Superintendent, and/or designees, shall be responsible for developing procedures for the online learning program that meet the District standards.

Further, the online learning solutions providers ensure that:

- A. Online course providers are accredited by a nationally recognized accreditation program or agency ***or are approved and endorsed by the Montana Office of Public Instruction.***
- B. Qualified district staff provides information and guidance to students and parents regarding the selection of appropriate online courses to meet their needs, as well as a suitable number of online courses in which a student may enroll.

School Closure

All students, parents, and school employees should assume that school will be in session and buses running as scheduled, unless there is official notification from the Superintendent to the contrary. Such notice will be given via public media.

In the event extremely cold temperatures, wind chill factors, snow, wind, or other circumstances require a modification of the normal routine, the Superintendent will make the modification decision prior to 6:00 a.m. and contact the public radio stations for broadcast to the community and will initiate the emergency fan-out communication procedure to all administrators.

Work Schedules and Responsibilities for School Closures

**Superintendent**

Only the Superintendent has authority to close schools. The Superintendent will be on duty throughout any existing or potential emergency situation, day or night. All orders of doubtful origin should be confirmed with the Superintendent.

**Building-Level Administrators, Non-Teaching “Exempt” Personnel, and Key Support Staff**

All building-level administrators and non-teaching “exempt” personnel will report for duty per their normal shifts or as otherwise directed each day during the school closure, together with the head custodian and at least one (1) secretary, insofar as is safely possible. The building administrator will ascertain that the building has been adequately secured and that any child who mistakenly reports to school [in the event school has been closed] is properly and safely cared for and returned home per District policy. The administrator and this minimal support staff shall notify other staff and/or other support employees of the situation and will respond to telephone questions. When the situation has been stabilized, the personnel who reported to work may choose to return home. An administrator or exempt employee who does not work a normal day will then adjust his/her work year, by memorandum to the Superintendent, by the number of hours not worked on the day or days of school closure.

**12-Month Classified Employees**

In the event of school closure, 12-month classified personnel may report for duty or not report for duty, as directed by their immediate supervisor. Building secretaries and secretaries to key central administrative personnel who are required to be on duty are expected to report for duty. If a 12-month classified employee is unable to or does not report for duty, the employee will complete a leave request form to declare the day as personal leave, vacation, or leave without pay.

**10- and 11-Month Classified Employees**

Ten- and 11-month employees may report for duty or not report for duty as directed by their immediate supervisor. If such employees do not report for duty, they will complete a District leave request form to declare the day as personal leave, vacation, or leave without pay.

**Aides, Food Service Workers, and Other 9¼-Month Classified Employees**

These employees work only those days school is in session and are not expected to work when school is not in session. If school has been closed, 9¼-month employees should not report for duty unless otherwise directed by their immediate supervisor. 9¼-month employees will complete a leave request form to declare the day as personal leave, vacation, or leave without pay.

**Teachers (Teachers, Librarians, Psychologists, Counselors)**

If schools are closed for weather or other emergency conditions, teachers are not expected to report for duty unless directed otherwise. Teachers do not need to submit an absence form. In cases of school closures, it is customary for the days to be made up at another time; thus teachers will typically still fulfill their contract days.

Selection of Library Materials

The Districts' library has the primary objective of implementing and supporting the educational program in the schools. It is the objective of the library to provide a wide range of materials on all appropriate levels of difficulty, with diversity of appeal and the presentation of different points of view.

The provision of a wide variety of library materials at all reading levels supports the District's basic principle that the school in a free society assists all students to develop their talents fully so that they become capable of contributing to the further good of that society.

In support of these objectives, the Board reaffirms the principles of intellectual freedom inherent in the First Amendment of the Constitution of the United States and expressed in the School Library Bill of Rights, endorsed by the American Association of School Librarians in 1969.

Although the Superintendent is responsible for selection of library materials, ultimate responsibility rests with the Board.

The Board, acting through the Superintendent, thereby delegates authority for selection of library materials to the principal in each of the schools. The principal further delegates that authority to the librarian in the school.

(NOTE: BY STATUTE, THE SUPERINTENDENT HAS AUTHORITY AND IS RESPONSIBLE FOR SELECTION OF LIBRARY MATERIALS, SUBJECT TO BOARD APPROVAL. THE SUPERINTENDENT AND BOARD MAY NOT WANT TO DELEGATE THIS RESPONSIBILITY.)

Selection of Library Materials

Selection of library materials is a professional task conducted by the librarian with advice from the appropriate staff members. In selecting library materials, the librarian will evaluate the existing collection; assess curricula needs; examine materials, and consult reputable, professionally prepared selection aids.

Weeding

When materials no longer meet criteria for selection, they will be weeded. Weeding is a necessary aspect of selection, since every library will contain works which may have answered a need at the time of acquisition, but which, with the passage of time, have become obsolete, dated, unappealing, or worn out.

Discarded materials will be clearly stamped:

“WITHDRAWAL FROM JEFFERSON SCHOOL PUBLIC SCHOOL LIBRARY”

Materials will be discarded in compliance with § 20-6-604, MCA. When the decision to sell or dispose of library materials is made, the Board will adopt a resolution to sell or otherwise dispose of the material because it is or is about to become abandoned, obsolete, undesirable, or unsuitable for the school purposes of the District. The Board will publish a notice of the resolution in the Boulder Monitor and Jefferson Courier. The resolution may not become effective for fourteen (14) days after notice is published.

Gifts

Gift materials may be accepted with the understanding they must meet criteria set for book selection.

Instructional Materials

The Board is legally responsible to approve and to provide the necessary instructional materials used in the District. Textbooks and instructional materials should provide quality learning experiences for students and:

- Enrich and support the curriculum;
- Stimulate growth in knowledge, literary appreciation, aesthetic value, and ethical standards;
- Provide background information to enable students to make intelligent judgments;
- Present opposing sides of controversial issues;
- Be representative of the many religious, ethnic, and cultural groups and their contributions to our American heritage;
- Depict in an accurate and unbiased way the cultural diversity and pluralistic nature of American society.

Basic instructional course material in the fundamental skill areas of language arts, mathematics, science, and social studies should be reviewed at intervals not exceeding five (5) years. All instructional materials must be sequential and must be compatible with previous and future offerings.

Instructional materials may be made available for loan to students when the best interest of the District and student will be served by such a decision. Students will not be charged for normal wear. They will be charged replacement cost, however, as well as for excessive wear, unreasonable damage, or lost materials. The professional staff will maintain records necessary for the proper accounting of all instructional materials.

Selection, Adoption, and Removal of Textbooks and Instructional Materials

Curriculum committees will generally be responsible to recommend textbooks and major instructional materials purchases. Recommendations will be made to the Superintendent. The function of the committee is to ensure that materials are selected in conformance with stated criteria and established District goals and objectives. A curriculum committee may consist of only those members in a particular department. The same basic selection procedures should be followed as with District-wide committees.

Selection and Adoption

Textbooks shall be selected by a curriculum committee representing the various staff who will likely be using the text. In most, but not all, cases an administrator will chair the committee. Each committee should develop, prior to selection, a set of selection criteria against which textbooks will be evaluated. The criteria should include the following, along with other appropriate criteria. Textbooks shall:

- Be congruent with identified instructional objectives;
- Present more than one viewpoint on controversial issues;
- Present minorities realistically;
- Present non-stereotypic models;
- Facilitate the sharing of cultural differences;
- Be priced appropriately.

Removal

Textbooks may be removed when they no longer meet the criteria for initial selection, when they are worn out, or when they have been judged inappropriate through the Learning Materials Review Process.

Copyright

The District recognizes that federal law makes it illegal to duplicate copyrighted materials without authorization of the holder of the copyright, except for certain exempt purposes. Severe penalties may be imposed for unauthorized copying or use of audio, visual, or printed materials and computer software, unless the copying or use conforms to the “fair use” doctrine.

Under the “fair use” doctrine, unauthorized reproduction of copyrighted materials is permissible for such purposes as criticism, comment, news reporting, teaching, scholarship, or research.

While the District encourages its staff to enrich learning programs by making proper use of supplementary materials, it is the responsibility of staff to abide by District copying procedures and obey requirements of law. Under no circumstances will it be necessary for staff to violate copyright requirements in order to properly perform their duties. The District cannot be responsible for any violations of the copyright law by its staff.

Any staff member who is uncertain as to whether reproducing or using copyrighted material complies with District procedures or is permissible under the law should consult the Superintendent. The Superintendent will assist staff in obtaining proper authorization to copy or use protected materials, when such authorization is required.

Copyright ComplianceAuthorized Reproduction and Use of Copyrighted Material in Print

In preparing for instruction, a teacher may make or have made a single copy of a chapter from a book; an article from a newspaper or periodical; a short story, short essay, or short poem; or a chart, graph, diagram, drawing, cartoon, or picture from a book, periodical, or newspaper. A teacher may make multiple copies, not exceeding more than one (1) per pupil, for classroom use if the copying meets the tests of “brevity, spontaneity and cumulative effect” set by the following guidelines. Each copy must include a notice of copyright.

1. Brevity

- a. A complete poem, if less than 250 words and two pages long, may be copied; excerpts from longer poems cannot exceed 250 words.
- b. Complete articles, stories or essays of less than 2500 words or excerpts from prose works less than 1000 words or 10% of the work, whichever is less, may be copied; in any event, the minimum is 500 words. (Each numerical limit may be expanded to permit the completion of an unfinished line of a poem or prose paragraph.)
- c. One chart, graph, diagram, drawing, cartoon, or picture per book or periodical issue may be copied. “Special” works cannot be reproduced in full; this includes children’s books combining poetry, prose, or poetic prose.

2. Spontaneity. Should be at the “instance and inspiration” of the individual teacher.3. Cumulative Effect. Teachers are limited to using copied material for only one (1) course in the school in which copies are made. No more than one (1) short poem, article, story or two (2) excerpts from the same author may be copied, and no more than three (3) works can be copied from a collective work or periodical issue during one (1) class term. Teachers are limited to nine (9) instances of multiple copying for one (1) course during one (1) class term. Limitations do not apply to current news periodicals, newspapers, and current news sections of other periodicals.

Performances by teachers or students of copyrighted dramatic works without authorization from the copyright owner are permitted as part of a teaching activity in a classroom or instructional setting. All other performances require permission from the copyright owner.

The copyright law prohibits using copies to replace or substitute for anthologies, consumable works, compilations, or collective works. “Consumable” works include: workbooks, exercises, standardized tests, test booklets, and answer sheets. Teachers cannot substitute copies for the purchase of books, publishers’ reprints or periodicals, nor can they repeatedly copy the same

Learning Materials Review

Citizens objecting to specific materials used in the District are encouraged to submit a complaint in writing and discuss the complaint with the building principal prior to pursuing a formal complaint.

A formal request to remove an item from the school or limit its use must be in writing and will be acted upon by the Superintendent. A spokesperson for each side of the issue will be heard by the Superintendent, if requested. A written decision will be delivered to the complainant within forty (40) school days. Any appeal of this decision must be delivered in writing to the Board within fourteen (14) calendar days. The Board will make final decisions on appeals.

Learning materials, for the purposes of this policy, are considered to be any material used in classroom instruction, library materials, or any materials to which a teacher might refer a student as part of the course of instruction.

If a complaint is made (a complaint is defined as a written statement of opposition to a resource, requesting that it be removed or restricted), the procedures are as follows:

1. Treat each complainant courteously and confidentially but make no commitments.
2. Each complainant should be directed to the building principal.
3. The building principal will invite the complainant to complete and return a prepared questionnaire.
4. The completed questionnaire will be submitted by the principal to the chairperson of the review committee.
5. The review committee shall be a committee consisting of two (2) teachers selected by the Superintendent; the librarian; the principal; and a parent selected by the Superintendent. The principal, the Superintendent, and the librarian or teacher involved will be promptly informed of the completed questionnaire.
6. Use of challenged resources shall not be restricted during reevaluation proceedings.
7. The chairperson of the review committee will:
  - a. Notify committee members of the challenge and set up a meeting.
  - b. Discuss the questionnaire with the librarian or teacher involved.
  - c. Inform the complainant and librarian or teacher involved of the time and place of the committee meeting.

Field Trips, Excursions, and Outdoor Education

The Board recognizes that field trips, when used as a device for teaching and learning integral to the curriculum, are an educationally sound and important ingredient in the instructional program of the schools. Such trips can supplement and enrich classroom procedures by providing learning experiences in an environment beyond the classroom. The Board also recognizes that field trips may result in lost learning opportunities in missed classes. Therefore, the Board endorses the use of field trips, when educational objectives achieved by the trip outweigh any lost in-class learning opportunities.

All field trips must be approved in advance by the building principal.

The building principal will develop procedures with respect to field trips, excursions, and outdoor education.

Staff members may not solicit students during instructional time for any privately arranged field trip or excursion without Board permission.

The presence of a person with a currently valid first aid card is required during school-sponsored activities, including field trips, athletic, and other off-campus events.

Contests for Students

Contests may be made available to students by outside organizations through the schools, subject to certain limitations. The administrator shall determine that the contest is not in conflict with nor will it diminish the primary educational aims of the schools and that it meets the needs and interests of students.

The schools shall confine their participation to those national contests which are currently placed on the approved list published annually by the Committee on National Contests and activities of the National Association of Secondary School Principals.

A state or local contest in which students participate shall be:

1. One that supplements and does not interfere with the regular school program.
2. One that is beneficial to youth in education, civic, social, or ethical development.
3. One that makes it possible for individual students to work out contributions by their own efforts and does not invite dishonest collaboration.
4. One whose subject is not commercial, controversial, sectarian, or concerned with propaganda. It must emphasize high moral standards, good citizenship, and intellectual competence.
5. One from which no contestant shall be excluded because of race, color, creed, sex, or payment of entry fee.
6. One which does not place an undue burden on students, teachers, or the school nor require frequent or lengthy absence of participants from the school.
7. One sponsored by an organization engaged in a creditable or acceptable enterprise, regardless of kind or amount of prizes offered. The contest or activity must not be used as a "front" for advertising a company name or product.

Contests will not be allowed unless they further the educational goals of the District.

Controversial Issues and Academic Freedom

The District will offer courses of study which will afford learning experiences appropriate to levels of student understanding. The instructional program respects the right of students to face issues, to have free access to information, to study under teachers in situations free from prejudice, and to form, hold, and express their own opinions without personal prejudice or discrimination.

Teachers will guide discussions and procedures with thoroughness and objectivity to acquaint students with the need to recognize various points of view, importance of fact, value of good judgment, and the virtue of respect for conflicting opinions.

The Board encourages and supports the concept of academic freedom, recognizing it as a necessary condition to aid in maintaining an environment conducive to learning and to the free exchange of ideas and information.

In a study or discussion of controversial issues or materials, however, the Board directs teaching staff to take into account the following criteria:

1. Relative maturity of students;
2. District philosophy of education;
3. Community standards, morals, and values;
4. Necessity for a balanced presentation; and
5. Necessity to seek administrative counsel and guidance in such matters.

Religion and Religious Activities

In keeping with the United States and Montana Constitutions and judicial decisions, the District may not support any religion or endorse religious activity. At the same time, the District may not prohibit private religious expression by students. This policy provides direction to students and staff members about the application of these principles to student religious activity at school.

Student Prayer and Discussion

Students may pray individually or in groups and may discuss their religious views with other students, as long as they are not disruptive or coercive. The right to engage in voluntary prayer does not include the right to have a captive audience listen, to harass other students, or to force them to participate. Students may pray silently in the classroom, except when they are expected to be involved in classroom instruction or activities.

Staff Members

Staff members are representatives of the District and must “navigate the narrow channel between impairing intellectual inquiry and propagating a religious creed.” They may not encourage, discourage, persuade, dissuade, sponsor, participate in, or discriminate against a religious activity or an activity because of its religious content. They must remain officially neutral toward religious expression.

Graduation Ceremonies

Graduation is an important event for students and their families. In order to assure the appropriateness and dignity of the occasion, the District sponsors and pays for graduation ceremonies and retains ultimate control over their structure and content.

District officials may not invite or permit members of the clergy to give prayers at graduation. Furthermore, District officials may not organize or agree to requests for prayer by other persons at graduation, including requests from students. The District may not prefer the beliefs of some students over the beliefs of others, coerce dissenters or nonbelievers, or communicate any endorsement of religion.

Baccalaureate Ceremonies

Students and their families may organize baccalaureate services, at which attendance must be entirely voluntary. Organizers of baccalaureate services may rent and have access to school facilities on the same basis as other private groups and may not receive preferential treatment. The District may not be identified as sponsoring or endorsing baccalaureate services. District funds, including paid staff time, may not be used directly or indirectly to support or subsidize any religious services.

INSTRUCTION

Assemblies, Extracurricular and Athletic Events

District officials may not invite or permit members of the clergy, staff members, or outsiders to give prayers at school-sponsored assemblies and extracurricular or athletic events. District officials also may not organize or agree to student requests for prayer at assemblies and other school-sponsored events. Furthermore, prayer may not be broadcast over the school public address system, even if the prayer is nonsectarian, nonproselytizing, and initiated by students.

Student Religious Expression and Assignments

Students may express their individual religious beliefs in reports, tests, homework, and projects. Staff members should judge their work by ordinary academic standards, including substance, relevance, appearance, composition, and grammar. Student religious expression should neither be favored nor penalized.

Religion in the Curriculum

Staff members may teach students about religion in history, art, music, literature, and other subjects in which religious influence has been and continues to be felt. However, staff members may not teach religion or advocate religious doctrine or practice. The prohibition against teaching religion extends to curricular decisions which promote religion or religious beliefs.

School programs, performances, and celebrations must serve an educational purpose. The inclusion of religious music, symbols, art, or writings is permitted, if the religious content has a historical or independent educational purpose which contributes to the objectives of the approved curriculum. School programs, performances, and celebrations cannot promote, encourage, discourage, persuade, dissuade, or discriminate against a religion or religious activity and cannot be oriented to religion or a religious holiday.

Student Religious Clubs

Students may organize clubs to discuss or promote religion, subject to the same constitutionally acceptable restrictions the District imposes on other student-organized clubs.

Distribution of Religious Literature

Students may distribute religious literature to their classmates, subject to the same constitutionally acceptable restrictions the District imposes on distribution of other non-school literature. Outsiders may not distribute religious or other literature to students on school property, consistent with and pursuant to the District policy on solicitations (Policy 4321).

Participation in Commencement ExercisesStatement of Policy

A student's right to participate in a commencement exercise of the graduating class at Jefferson High School is an honor. As such, participation in this ceremony is reserved for those members of the graduating class who have completed all state and local requirements for graduation before the date of the ceremony. Students who complete their requirements after the date of commencement exercises will receive their diplomas at that time.

Organization and Content of Commencement Exercises

The school district will permit students to honor their American Indian heritage through the display of culturally significant tribal regalia at commencement ceremonies. Any item that promotes drug use, weapon use, threats of violence, sexual harassment, bullying, or other intimidation, or violates another district policy, state, or federal law may not be worn during graduation.

The school administration may invite graduating students to participate in high school graduation exercises according to academic class standing or class officer status. Any student who, because of academic class standing, is requested to participate may choose to decline the invitation.

The school administrators will censor any presentation or require any specific content but may advise participants about appropriate language for the audience and occasion. Students selected to participate may choose to deliver an address, poem, reading, song, musical presentation, prayer, or any other pronouncement of their choosing.

The printed program for a commencement exercise will include the following paragraphs:

*Any presentation by participants of graduation exercises is the private expression of an individual participant and does not necessarily reflect any official position of the District, its Board, administration, or employees, nor does it necessarily indicate the views of any other graduates.*

*The Board recognizes that at graduation time and throughout the course of the educational process, there will be instances when religious values, religious practices, and religious persons will have some interaction with the public schools and students. The Board, while not endorsing any religion, recognizes the rights of individuals to have the freedom to express their individual political, social, or religious views.*

Health Enhancement

Health, family life, and sex education, including information about parts of the body, reproduction, and related topics, will be included in the instructional program as appropriate to grade level and course of study. An instructional approach will be developed after consultation with parents and other community representatives. Parents may ask to review materials to be used and may request that their child be excluded from sex education class sessions without prejudice.

The Board believes HIV/AIDS and other STD instruction is most effective when integrated into a comprehensive health education program. Instruction must be appropriate to grade level and development of students and must occur in a systematic manner. The Board particularly desires that students receive proper education about HIV and other STD's, before they reach the age when they may adopt behaviors which put them at risk of contracting the disease.

In order for education about HIV and other STD's to be most effective, the Superintendent will require that faculty members who present this instruction receive continuing in-service training, which includes appropriate teaching strategies and techniques. Other staff members not involved in direct instruction, but who have contact with students, will receive basic information about HIV/AIDS and other STD's and instruction in use of universal precautions when dealing with body fluids.

In accordance with Board policy, parents will have an opportunity to review the HIV/STD education program, before it is presented to students.

Therefore, the following advancement requirements are required in the District:

Students may not be allowed to advance to the next grade level, unless the following year requirements are met by August 30:

- A minimum of six (6) credits is required for advancement into the 10th grade.
- A minimum of twelve (12) credits is required for advancement into the 11th grade.
- A minimum of seventeen (17) credits is required for advancement into the 12th grade.

High School Graduation Requirements

The Board will award a regular high school diploma to every student enrolled in the District who meets graduation requirements established by the District. The official transcript will indicate the specific courses taken and level of achievement.

The Board will establish graduation requirements which, at a minimum, satisfy those established by the Board of Public Education (A.R.M. 10.55.904 and 905). Generally, any change in graduation requirements promulgated by the Board will become effective for the next class to enter ninth grade. Exceptions to this general rule may be made, when it is determined by the Board that proposed changes in graduation requirements will not have a negative effect on students already in grades nine (9) through twelve (12). The Board will approve graduation requirements as recommended by the Superintendent.

To graduate from Jefferson High School, a student must have satisfactorily completed the last quarter prior to graduation as a Jefferson High School student. Highly unusual exceptions may be considered by the principal, such as a student exchange program in a recognized school.

A student with a disabling condition will satisfy those competency requirements incorporated into the individualized education program (IEP). Satisfactory completion of the objectives incorporated in the IEP will serve as the basis for determining completion of a course.

A student may be denied participation in graduation ceremonies in accordance with § 20-5-201(3), MCA. In such instances the diploma will be awarded after the official ceremony has been held.

High School Graduation Requirements

Publication of Graduation Requirements

Prior to registering in high school, each student will be provided with a copy of the current graduation requirements. Graduation requirements shall also be included in the student handbook.

Credits

Students shall be expected to earn a total of twenty-two (22) units in order to complete graduation requirements. Special education students who have successfully completed their IEP leading to completion of high school will be awarded a diploma.

Waiver of Requirement

Graduation requirements generally will not be waived under any circumstances. However, in rare and unique hardship circumstances, the principal may recommend and the Superintendent approve minor deviation from the graduation requirements in accordance with state law.

Alternative Programs

Credit toward graduation requirements may be granted for planned learning experiences from accredited programs, such as summer school, university courses, and correspondence courses.

Credit for work experience may be offered, when the work program is a part of and supervised by the school.

All classes attempted at Jefferson High School and all acceptable transfer credits shall be recorded on the transcript. All grades earned, including failures and retakes, shall be recorded as such and utilized in the calculation of Grade Point Average and class rank. Credit shall be awarded only once, regardless of repetition of the course.

Dual Credit

Dual credit allows high school students to simultaneously earn credit toward both a high school diploma and college coursework that can lead to a postsecondary degree or certificate, or toward transfer to another college. As noted in the Student Handbook, the District will assign the grade given by the classroom teacher to the student's report card. The primary purpose of offering dual credit courses is to deliver high quality, introductory, college level courses to high-performing high school students. The Jefferson High School district has dual credit partnerships with post-secondary institutions. Students interested in dual credit opportunities must meet with their building administration to determine available options.

Students should be aware of Montana High School Association on-campus attendance eligibility requirements for activity participation.

Honor Roll

A student must have a minimum grade-point average of 3.00 to be placed on the regular honor roll. Specific information regarding honors at graduation are included in the student handbook.

INSTRUCTION

Class Rank (Grade Point Average)

Class Rank is compiled from semester grades. Courses not eligible for GPA are designated with an asterisk on the report card.

Early Graduation

Students who want to complete their high school career prior to eight semesters or the equivalent amount of attendance may do so under the following conditions:

1. They present a written request for early graduation to the principal prior to their last semester in attendance.
2. They have completed all classes for graduation either at JHS or in residence at an accredited high school.
3. No diploma will be issued until the date of normal graduation during the school year in which they complete their requirements.
4. They will be allowed to participate in graduation ceremonies during that year provided that they notify the school in writing not less than two (2) weeks prior to the date of graduation and that they attend scheduled rehearsals.

In accordance with provisions of § 20-9-313, MCA, the ANB of a school may be increased when a high school district provides early graduation for a student who completes graduation requirements in less than eight semesters or the equivalent amount of secondary school enrollment. The increase must be established by the trustees as though the student had attended to the end of the school fiscal year and must be approved, disapproved, or adjusted by the superintendent of public instruction.

The Board hereby authorizes the administration to grant permission to students who have completed the minimum requirements for graduation in less than eight semesters.

Requests for transfer of credit or grade placement from any non-accredited, nonpublic school will be subject to examination and approval before being accepted by the District. This will be done by a credit evaluation committee consisting of a counselor, a staff member from each subject area in which credit is being requested, parents/guardians, and the principal.

The parents/guardians must supply the following information prior to committee review:

1. Dates of instruction throughout the student's school career;
2. Verification that the student has spent approximately the same amount of classroom hours in the non-accredited school;
3. Academic grades for each completed course and verification that the content is essentially similar;
4. Current achievement scores and related data;
5. County superintendent's verification of school registration if a home school; and
6. Medical records and other pertinent data deemed necessary by the evaluation committee.

The credit evaluation committee will:

1. Document that the student has spent approximately the same number of classroom hours in home school as would have been spent in a regular class in the District;
2. Document that the student followed a curriculum essentially similar to that of a course for which credit is requested;
3. Document that in the event of a credit request in a lab, industrial arts, or music course, equipment and facilities were sufficient to meet required learning activities of the course;
4. Require that the student has satisfactorily passed, in all courses in which a final exam normally is given, a final exam prepared and administered by a District staff member.

The District will give credit only for home schools which have met all requirements specified in Montana law. Credit from home schools will be accepted only when a like course is offered in the District.

The school transcripts will record courses taken in home schools or non-accredited schools by indicating the title of the course, the school where the course was taken, and the grade.

Homework may be assigned for one or more of the following purposes:

2. Preparation: To help students gain the maximum benefits from future lessons;

Entrance, Placement, and Transfer

Entrance, Date, and Age

All waivers are granted in the sole discretion of the Trustees. Non-resident students may be admitted at the discretion of the Trustees. Children will be enrolled in the grade identified in accordance with District policy or at the discretion of the administration in consultation with the student's parents or guardians. The District requires proof of identity and an immunization record for every child to be admitted to District schools. The trustees may at their discretion assign and admit a child to a school in the district who is under 5 years of age or an adult who is 19 years of age or older if there are exceptional circumstances that merit waiving the age provision.

School Entrance

1. The District requires that a student's parents, legal guardian, or legal custodian present proof of identity of the child<sup>1</sup> to the school within forty (40) days of enrollment, as well as proof of residence in the District. Students who are not residents of the District may apply for admission pursuant to Policy 3141.
2. To be admitted to the District school, in accordance with the Montana Immunization Law, a child must have been immunized against varicella, diphtheria, pertussis, tetanus, poliomyelitis, rubella, mumps, and measles in the manner and with immunizing agents approved by the Department of Health and Human Services or the local county health department. Immunizations may not be required if a child qualifies for conditional attendance or an exemption is filed as provided by Montana law.
3. The above requirements are not to serve as barriers to immediate enrollment of students designated as homeless or foster children as required by the Every Student Succeeds Act (ESSA) and the McKinney-Vento Act as amended by ESSA. The District shall work with the local child welfare agency, the school last attended, or other relevant agencies to obtain necessary enrollment documentation and ensure a student receives education services in the best interests of the child. The superintendent or designee shall serve as point of contact with all applicable agencies to review records, facilitate services, and resolve disputes.

Placement

The District goal is to place students at levels and in settings that will increase the probability of student success. Developmental testing, together with other relevant criteria including, but not limited to, health, maturity, emotional stability, and developmental disabilities, may be considered in the placement of all students. Final disposition of all placement decisions rests with the principal, subject to appeal to the Superintendent or the Board.

<sup>1</sup> For the purposes of this section "proof of identity" means a certified copy of a birth certificate, a certified transcript or similar student records from the previous school, or any documentary evidence that a school district considers to be satisfactory proof of identity. 44-2-511(6)(a), MCA

Transfer

District policies regulating the enrollment of students from other accredited elementary and secondary schools are designed to protect the educational welfare of children.

Secondary Grades (9-12) Credit Transfer: A transfer of credits from any secondary school is subject to a satisfactory examination of the following:

1. Appropriate certificates of school accreditation;
2. Length of course, school day, and school year;
3. Content of applicable courses;
4. School building as it relates to credit earned (i.e., lab areas for appropriate science or vocational instruction);
5. Appropriate evaluation of student performance leading toward credit issuance.

The District will follow Montana Accreditation Rules and Standard, along with local alternate procedures for earning credit, in reviewing requests for transfer of credits. The high school principal has authority for approving credit transfers, subject to review by the Superintendent or the Board.

Compulsory Attendance

To reach the goal of maximum educational benefits for every child requires a regular continuity of instruction, classroom participation, learning experiences, and study. Regular interaction of students with one another in classrooms and their participation in instructional activities under the tutelage of competent teachers are vital to the entire process of education. This established principle of education underlies and gives purpose to the requirement of compulsory schooling in every state in the nation. A student's regular attendance also reflects dependability and is a significant component of a student's permanent record.

Parents or legal guardians or legal custodians are responsible for seeing that their children who are age seven (7) or older before the first day of school attend school until the later of the following dates:

1. Child's sixteenth (16<sup>th</sup>) birthday; or
2. Completion date of the work of eighth (8<sup>th</sup>) grade.

Compulsory attendance stated above will not apply when children:

1. Are provided with supervised correspondence or home study; or
2. Are excused because of a determination by a district judge that attendance is not in the best interests of the child; or
3. Are enrolled in a non-public or home school; or
4. Are enrolled in a school in another district or state; or
5. Are excused by the Board on a determination that attendance after age of sixteen (16) is not in the best interests of a child and a school.

Enrollment and Attendance Records

Since accurate enrollment and attendance records are essential both to obtain state financial reimbursement and to fulfill the District's responsibilities under the attendance laws, staff shall be diligent in maintaining such records.

- A resident of the district or a nonresident student admitted by trustees under a student attendance agreement and who is attending a school of the district;
- Unable to attend school due to a medical reason certified by a medical doctor and receiving individualized educational services supervised by the district, at district expense, at a home or facility that does not offer an educational program;
- Unable to attend school due to the student's incarceration in a facility, other than a youth detention center, and who is receiving individualized educational services supervised by the district, at district expense, at a home or facility that does not offer an educational program;
- Living with a caretaker relative under § 1-1-215, MCA
- Receiving special education and related services, other than day treatment, under a placement by the trustees at a private nonsectarian school or private program if the student's services are provided at the district's expense under an approved individual education plan supervised by the district;
- Participating in the Running Start Program at district expense under § 20-9-706, MCA;
- Receiving education services provided by the district, using appropriately licensed district staff at a private residential program or private residential facility licensed by the Department of Public Health and Human Services;
- Enrolled in an educational program or course provided at district expense using electronic or offsite delivery methods, including but not limited to tutoring, distance learning programs, online programs, and technology delivered learning programs, while attending a school of the district or any other nonsectarian offsite instructional setting with the approval of the trustees of the district; or
- A resident of the district attending a Montana job corps program under an inter-local agreement with the district under § 20-9-707, MCA.
- A resident of the district attending a Montana Youth Challenge Program under an 8 inter-local agreement with the district under § 20-9-707, MCA

STUDENTS

- Meets the Criteria for Proficiency based ANB under policy 3126FE

In order for a student who is served through distance learning or offsite delivery methods to be included in the calculation of average number belonging, the student must meet the residency requirements for that district; live in the district, and must be eligible for educational services under the Individuals with Disabilities Education Act or under 29 U.S.C. 794; or attend school in the district under a mandatory attendance agreement as provided in § 20-9-707, MCA.

Enrollment and Attendance Records

Average Number Belonging

Average Number Belonging (ANB) is the enrollment measure used for the State Foundation Program calculations as defined in § 20-9-311, MCA. The ANB of one year is based on the attendance records of the preceding year. Funding for districts is based on ANB, which is based on “aggregate hours” per year and must be accurate. “Aggregate hours” means the hours of pupil instruction for which a school course or program is offered or for which a pupil is enrolled.

For a child to be counted for ANB purposes:

- a) The child must meet the definition of pupil as found in § 20-1-101(11), MCA;
- b) Attending 181 to 359 aggregate hours = One-quarter time enrollment
- c) Attending 360 to 539 aggregate hours = One-half time enrollment
- d) Attending 540 to 719 aggregate hours = Three-quarter time enrollment
- e) Attending 720 aggregate hours or more = Full-time enrollment

Enrollment in a program for fewer than 180 aggregate hours of pupil instruction per school year may not be included for ANB purposes unless the pupil has demonstrated proficiency in the content ordinarily covered by the instruction as determined by the school board using district assessments. The ANB must be converted to an hourly equivalent based on the hours of instruction ordinarily provided for the content over which the student has demonstrated proficiency. 20-9-311(4)(d).

Homebound Students

Students who are receiving instructional services, who were in the education program and, due to medical reasons certified by a medical doctor, are unable to be present for pupil instruction, may be counted as enrolled for ANB purposes, if the student:

- a) Is enrolled and is currently receiving organized and supervised pupil instruction;
- b) Is in a home or facility which does not offer a regular educational program; and
- c) Has instructional costs during the absence, which are financed by the District’s general fund.

If a homebound student does not meet the criteria set forth above, the District may request a variance through the Office of Public Instruction, for consideration of the student in the enrollment count for ANB purposes beyond the tenth (10th) day of absence.

Attendance Accounting

Days present and absent for every student are to be recorded in each building, for the purpose of informing parents of a student's attendance record.

On the first (1st) Monday in October, and on February 1st (or the next school day if those dates do not fall on a school day), the number of all enrolled students (whether present or absent) by grade level and class will be recorded on the forms provided by the District. Children who are enrolled in special programs sixteen (16) hours or more a week will be listed separately. The Director of Special Education should be contacted to verify this count. Monthly student counts of enrolled children by grade and classroom will be provided by the office.

Attendance Policy

To reach the goal of maximum educational benefits for each child requires a regular continuity of instruction, classroom participation, learning experiences, and study. Regular interaction of students with one another in the classroom and their participation in instructional activities under the tutelage of competent teachers are vital to the entire process of education. This established principle of education underlies and gives purpose to the requirement of compulsory schooling in every state in the nation. The good things schools have to offer can only be presented to students in attendance.

A student's regular school attendance also reflects dependability and is a significant component on a student's permanent record. Future employers are as much concerned about punctuality and dependability as they are about academic record. School success, scholarship, and job opportunity are greatly affected by a good attendance record.

Attendance Policy

In order to graduate from Jefferson High School, a student must complete twenty-one (21) credits. Completion of a course at Jefferson High School will be defined as receiving a grade of D- or higher and attendance to include not more than eight (8) absences per class per semester. This attendance criteria is based on the theory that prompt and regular attendance in school is the beginning of dependability in adult business, personal, and social life. Furthermore, regular attendance is important, because valuable skills and information gained in the classroom may or may not show up on tests or be reflected in an academic grade. The general welfare of all students is best served by regular attendance.

1. A student will be allowed eight (8) absences per class, per semester. Any absence beyond that number may mean a loss of credit in those subjects missed.
2. The ONLY absences that WILL NOT be used in calculating the attendance record are:
  - a. School-sponsored/Co-curricular Activities: Those that occur due to school-sponsored activities, since these are considered an equivalent educational experience. These exemptions will apply to students participating in sports events, cheerleading, music-related events, FFA trips, academic field trips, and others deemed co-curricular.
  - b. Bereavement: a death of an immediate family (grandmother, grandfather, father, mother, sister, brother) and the associated activities when properly excused.
  - c. College visitations: Juniors and seniors are granted two (2) days of college-organized college visitations per year.
  - d. Medical Illness: Illness or hospitalization verified by a doctor's statement.
  - e. Failure of a bus/Inclement Weather: Student's absence due to failure of a bus to provide them transportation and/or road closure to the student's swellings.
3. Absences which will be counted in the eight-(8)-day limit will include such areas as: family trips, work days, vacations, visiting friends or relatives, watching tournaments when not an actual participant, hair, medical, dental, or photography appointments, skiing, hunting, court appearances, attending concerts, shopping, or any others not mentioned which are unacceptable to the administration.
4. After the fourth (4<sup>th</sup>) and sixth (6<sup>th</sup>) and eighth (8<sup>th</sup>) absence from school/class, a letter or phone call to the parent or guardian will be made to notify them that their son/daughter is approaching the maximum limit.
5. Following the sixth (6<sup>th</sup>) absence the student will report to the principal and account for

STUDENTS

the history of the six (6) absences.

6. The eighth (8th) absence will result in a conference with the principal, student, parent or guardian, or an adult representative.

7. After the student has exceeded the eight-(8)-day limit, the principal will meet with the student and formulate a plan to make up the excess absence(s). The Plan will be signed by student, parents, and administration.

8. If a student fails to meet the parameters of the Plan, he/she will be denied credit.

9. Any decision to withhold credit can be appealed to the Superintendent.

10. If the appeal is not granted, the student, parent, guardian, or adult representative may appeal the decision to the Board.

Rewards for Good Attendance

Students who have no absences or one (1) absence from a class in any quarter will be given special recognition.

The student/parent handbook further defines the consequences for absences.

Attendance Policy – Truancy

Students are expected to attend all assigned classes each day. Teachers shall keep a record of absences and tardiness. Before the end of the school day, each school shall attempt to contact every parent, guardian, or custodian whose child is absent from school but who has not reported the child as absent for the school day, to determine whether the parent, guardian, or custodian is aware of the child's absence from school.

For the purpose of this policy "truant" or truancy" means the persistent non-attendance without excuse, as defined by this policy, for all or any part of a school day equivalent to the length of one class period of a child required to attend a school under 20-5-13. "Habitual truancy" means recorded unexcused absences of 9 or more days or 54 or more parts of a day, whichever is less, in 1 school year.

The Jefferson High School district's definition of non-attendance without excuse is stated in the Student Handbook.

The Jefferson High School district has appointed the principal as the attendance officer. If the district does not appoint an attendance office, the county superintendent must be the attendance officer.

Upon the board designation one or more of its staff as the attendance officer, the attendance officer shall have the powers and duties as stated in 20-5-105(1) (Section 2), MCA

Military Compact Waiver

The State of Montana is one of numerous states across the country that is a member of the Interstate Compact on Educational Opportunity for Military Children. As a school district within the State of Montana subject to the laws of the State of Montana, the District shall follow the requirements of the Compact for students who enroll at the District for whom the Compact applies.

Purpose

The purpose of the Interstate Compact on Educational Opportunity for Military Children is to remove barriers to educational success for children of military families due to frequent relocation and deployment of their parents. The Compact facilitates educational success by addressing timely student enrollment, student placement, qualification and eligibility for programs (curricular, co-curricular, and extra-curricular), timely graduation, and the facilitation of cooperation and communication between various member states' schools.

Applicability

This Compact applies only to children of:

1. Active duty members of the uniformed services as defined in the Compact, including member of the national guard and reserve on active duty orders pursuant to 10 U.S.C., 12301(d) and 12304;
2. Members of the veterans of the uniformed services who are severely injured and medically discharged or retired for a period of 1 year after medical discharge or retirement; and
3. Members of the uniformed services who die on active duty or as a result of injuries sustained on active duty for a period of 1 year after death.

Educational Records and Enrollment

1. **Hand Carried/Unofficial Educational Records:** In the event that official educational records cannot be released to a parent for the purpose of school transfer, the custodian of records from the sending school shall prepare and furnish to the parent a complete set of unofficial educational records containing uniform information as determined by the Interstate Commission.

Upon receipt of the unofficial educational records, the District shall enroll and appropriately place the student based upon the information the school receives in the unofficial educational records, pending validation by the official records, as soon as possible.

Education of Homeless Children

Every child of a homeless individual and every homeless child are entitled to equal access to the same free, appropriate public education as provided to other students. The District must assign and admit a child who is homeless to a District school regardless of residence and irrespective of whether the homeless child is able to produce records normally required for enrollment. The District may not require an out-of-District attendance agreement and tuition for a homeless child.

The Superintendent will review and revise as necessary rules or procedures that may be barriers to enrollment of homeless children and youths. In reviewing and revising such procedures, the Superintendent will consider issues of transportation, immunization, residence, birth certificates, school records, and other documentation.

Homeless students will have access to services comparable those offered to other students, including but not limited to:

1. Transportation services;
2. Educational services for which a student meets eligibility criteria (e.g., Title I);
3. Educational programs for children with disabilities and limited English proficiency;
4. Programs in vocational and technical education;
5. Programs for gifted and talented students; and
6. School nutrition program.

The Superintendent will give special attention to ensuring the enrollment and attendance of homeless children and youths not currently attending school. The Superintendent will appoint a liaison for homeless children.

A “homeless individual” is defined as provided in the McKinney Homeless Assistance Act.

Anyone having a concern or complaint regarding placement or education of a homeless child will first present it orally and informally to the District homeless liaison. To further ensure that the District is removing barriers to the educational access and success of children and youths who are homeless, and to ensure that Title 1 funding is expended in an appropriate manner, the District has adopted the dispute resolution form at 3125F.

Discretionary Nonresident Student Attendance Policy

The parents or guardians of the student must complete and submit to the Superintendent an out-of-district attendance agreement form preceding the requested admission. The Superintendent may accept a late application if good cause is shown.

1. Except as required by § 20-5-321, MCA, the District will admit nonresident students at its discretion.
2. The Superintendent will recommend to the Board any nonresident student admission in accordance with this policy, with the Board making the final decision on admission.
3. The District will examine a student's records from this District and other school districts before any Board approval for admission. Review of the records and decisions regarding admission cannot be inconsistent with District policies regarding nondiscrimination.
4. The District will not admit nonresident students when doing so would cause the district to exceed the class size standards under 10.55.712 and 10.55.713, ARM.
5. All resident students who become nonresidents because their parents or guardians move out of the District may continue attendance for the school year, barring registration in another District. At the completion of the semester, a student must apply as a nonresident student.
6. The Board reserves the right to charge tuition for nonresident students. At its discretion, the Board may charge or waive tuition for all students whose tuition is required to be paid by one kind of entity, defined as either a parent or guardian or a school district. Any waiver of tuition will be applied equally to all students whose tuition is paid by the same kind of entity (i.e., if the District charges tuition in those circumstances where a resident district pays but waives tuition in those circumstances where a parent or guardian is responsible for tuition, the tuition waiver will be applicable to all students whose parents or guardians bear the responsibility for payment).
7. All nonresident students will be considered ineligible transportees for school transportation services (§ 20-10-101, MCA).
8. The Board will not admit any student who is expelled from another school district.

Part-Time Attendance

Although it is the desire of the Board to accommodate the educational needs of all students residing within District boundaries who are not otherwise enrolled in the educational program, it shall be the policy of the District not to allow such students to enroll on a part-time basis for academic classes.

Montana law provides that properly enrolled students must attend school, unless the child is excused from attending, as specifically provided by law. Enrollment in a non-public or home school which complies with the provisions of Montana law, § 20-5-109, MCA, excuses the child and his/her parent/guardian from the compulsory enrollment and attendance requirements.

From time to time, however, registered home school students in the Jefferson High School District may seek to enroll and be approved for enrollment on a part-time basis in Jefferson High School.

Part-time student enrollment will be accommodated by Jefferson High School, within the following limitations:

1. Placement: The location of the services provided will be at the discretion of the District, pursuant to District policy. Students may be placed in grade levels and/or courses at the discretion of the principal, based on assessment results.
2. Attendance: Upon enrollment as a part-time student with the District, the student will comply with the compulsory attendance provisions of the law for the time he/she is scheduled to be in class in the District. Students found in noncompliance with the attendance/enrollment rules for the time schedules to be in class will be considered truant.
3. Discipline: The parent/guardian understands and agrees that the child will be subject to Montana law and the discipline policies and procedures of Jefferson High School as prescribed by law. Students determined to be in violation under these provisions may be suspended or expelled as allowed by law.
4. Transportation: Transportation services **outside regular, established District transportation** will be provided by the parent/guardian, pursuant to Montana law and District policies.
5. Part-time students may attain a diploma if/when they fulfill the Jefferson High School graduation requirements.

Student Publications

Student publications produced as part of the school's curriculum or with the support of student body funds are intended to serve both as vehicles for instruction and student communications. They are operated and substantively financed by the student body and the District.

Material appearing in such publications should reflect all areas of student interest, including topics about which there may be controversy and dissent. Controversial issues may be presented provided they are treated in depth and represent a variety of viewpoints. Such materials may not be libelous, obscene, or profane nor may they cause a substantial disruption of the school, invade the privacy rights of others, demean any race, religion, gender, or ethnic group, or advocate the violation of the law. They may not advertise tobacco, liquor, illicit drugs or drug paraphernalia.

The District recognizes that a student's choice of dress and grooming habits demonstrate personal style and preference. The District has the responsibility to ensure proper and appropriate conditions for learning, along with protecting the health and safety of its student body. The building administrator shall establish procedures for the monitoring of student dress and grooming in school or while engaging in extracurricular activities. Students attending public events sponsored by the school district are permitted to honor their American Indian heritage through the display of culturally significant tribal regalia at a public event sponsored by the school district. Any person may report sex discrimination, including sexual harassment, at any time, including during non-business hours. Such a report may be made in person, by mail, by telephone, or by electronic mail using the contact information listed for the Title IX Coordinator or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report.

For purposes of this policy and the grievance process, "sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

1. A District employee conditioning the provision of an aid, benefit, or service of the District on an individual's participation in unwelcome sexual conduct;
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's education program or activity; or
3. "Sexual assault" as defined in 20 USC 1092(f)(6)(A)(v), "dating violence" as defined in 34 USC 12291(a)(10), "domestic violence" as defined in 24 USC 12291(a)(8), or "stalking" as defined in 34 USC 12291(a)(30).

When the harassment or discrimination on the basis of sex does not meet the definition of sexual harassment, the Title IX Coordinator directs the individual to the applicable sex discrimination process for the investigation.

An individual is not required to submit a report of sexual harassment involving the Title IX Coordinator. In the event the Title IX Coordinator is responsible for or a witness to the alleged harassment, the individual may report the allegations to the building principal, superintendent, or other unbiased school official.

The District prohibits intimidation, threats, coercion, or discrimination against any individual for the purpose of interfering with any right or privilege secured by Title IX or this policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation proceeding or hearing, if applicable. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX or this part, constitutes retaliation.

Confidentiality

The district must keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any individual who has been alleged to be the victim or perpetrator of conduct that could constitute sexual harassment, and any witness, except as may be permitted by Family Educational Rights and Privacy Act (FERPA) or as required by law, or to carry out the purposes of the Title IX regulations, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder.

Notice Requirements

The District provides notice to applicants for admission and employment, students, parents, or legal guardians of elementary and secondary school students, employees and the union(s) with the name or legal title, office address, email address, and telephone number of the Title IX Coordinator and notice of the District grievance procedures and process, including how to report or file a complaint of sex discrimination, how to file a formal complaint of sexual harassment and how the District will respond. The District also posts the Title IX Coordinator's contact information and Title IX policies and procedures in a prominent location on the District website and in all handbooks made available by the District.

Training Requirements

The District ensures that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, receives training on the definition of sexual harassment, the scope of the District's education program or activity, how to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, when applicable, and how to serve impartially including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias. The District also ensures that decision-makers and investigators receive training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant as set forth in the formal procedures that follow, and training on any technology to be used at a live hearing, if applicable. Investigators also receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence. All

materials used to train individuals who receive training under this section must not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment and are made publicly available on the District's website.

Conflict of Interest and Bias

The District ensures that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process do not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

Determination of Responsibility

The individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment is presumed not responsible for alleged conduct. A determination regarding responsibility will be made by the decision-maker at the conclusion of the investigation in accordance with the process outlined in Policy 3225P. No disciplinary sanctions will be imposed unless and until a final determination of responsibility is reached.

Sexual Harassment Grievance Procedure – Students

The Board requires the following grievance process to be followed for the prompt and equitable resolution of student complaints alleging any action that would be prohibited as sexual harassment by Title IX. The Board directs the process to be published in accordance with all statutory and regulatory requirements.

Definitions

The following definitions apply for Title IX policies and procedures:

“Actual knowledge”: notice of sexual harassment or allegations of sexual harassment to the District’s Title IX Coordinator or any official of the District who has authority to institute corrective measures on behalf of the District, or to any employee of an elementary or secondary school.

“Education program or activity”: includes locations, events, or circumstances over which the District exercised substantial control over both the individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment, and the context in which the sexual harassment occurs.

“Complainant”: an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

“Respondent”: an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Formal complaint”: a document filed by a Complainant or signed by the title IX Coordinator alleging sexual harassment against a Respondent and requesting that the District investigate the allegation of sexual harassment.

“Supportive measures”: non-disciplinary, non-punitive, individualized services offered as appropriate, as reasonably available and without fee or charge to the Complainant or Respondent before or after the filing of a formal complaint or where no formal complaint has been filed.

District Requirements

When the District has actual knowledge of sexual harassment in an education program or activity of the District, the District will respond promptly in a manner that is not deliberately indifferent. When the harassment or discrimination on the basis of sex does not meet the definition of sexual harassment, the Title IX Coordinator will direct the individual to the applicable sex discrimination process of investigation.

The district treats individuals who are alleged to be the victim (Complainant) and perpetrator (Respondent) of conduct that could constitute sexual harassment equitably by offering supportive measures. Supportive measures are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the District's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, mutual restrictions on contact between the parties, leaves of absence, increased security and monitoring of certain areas of the District's property, campus escort services, changes in work locations, and other similar measures.

The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures. Upon the receipt of a complaint, the Title IX Coordinator must promptly contact the Complainant to discuss the availability of supportive measures, consider the Complainant's wishes with respect to supportive measures, inform the Complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the Complainant the process for filing a formal complaint. If the District does not provide the Complainant with supportive measures, then the District must document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

#### Timelines

The District has established reasonably prompt time frames for the conclusion of the grievance process, including time frames for filing and resolving appeals and informal resolution processes. The grievance process may be temporarily delayed or extended for good cause. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities. In the event the grievance process is temporarily delayed for good cause, the District will provide written notice to the Complainant and the Respondent of the delay or extension and the reasons for the action.

#### Response to a Formal Complaint

At the time of filing a formal complaint, a Complainant must be participating in or attempting to participate in the education program or activity of the District with which the formal complaint is filed. A formal complaint may be filed with the Title IX Coordinator in person, by mail, by electronic mail, or other means designated by the District.

The District must follow the formal complaint process before the imposition of any disciplinary sanctions or other actions that are not supportive measures. However, nothing in this policy precludes the District from removing a Respondent from the District's education program or activity on an emergency basis, provided that the District undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and

provides the Respondent with notice and an opportunity to challenge the decision immediately following the removal. A period of removal may include the opportunity for the student to continue instruction in an offsite capacity. The District may also place a non-student employee Responded on administrative leave during the pendency of the grievance process. This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Upon receipt of a formal complaint, the District must provide written notice to the known parties including:

1. Notice of the allegations of sexual harassment, including information about the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, the date and location of the alleged incident, and any sufficient details known at the time. Such notice must be provided with sufficient time to prepare a response before any initial interview;
2. An explanation of the District's investigation procedures, including any informal resolution process;
3. A statement that the Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made by the decision-maker at the conclusion of the investigation;
4. Notice to the parties that they may have an advisor of their choice who may be, but is not required to be, an attorney, and may inspect and review any evidence; and
5. Notice to the parties of any provision in the District's code of conduct or policy that prohibits knowingly making false statements or knowingly submitting false information.

If, in the course of an investigation, the District decides to investigate allegations about the complainant or Respondent that are not included in the notice initially provided, notice of the additional allegations must be provided to known parties.

The District may consolidate formal complaints as to allegations of sexual harassment against more than one Respondent, or by more than one Complainant against one or more Respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

#### Investigation of a Formal Complaint

When investigating a formal complaint and throughout the grievance process, the District must:

1. Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the District and not the parties;
2. Provide an equal opportunity for the parties to present witnesses and evidence;
3. Not restrict either party's ability to discuss the allegations under investigation or to gather and present relevant evidence;
4. Allow the parties to be accompanied with an advisor of the party's choice who may be, but is not required to be, an attorney. The District may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;
5. Provide written notice of the date, time, location, participants, and purpose of any interview or meeting at which a party is expected to participate, with sufficient time for the party to prepare to participate;
6. Provide the parties equal access to review all the evidence collected which is directly related to the allegations raised in a formal complaint and comply with the review periods outlined in this process;
7. Objectively evaluate all relevant evidence without relying on sex stereotypes;
8. Ensure that Title IX Coordinators, investigators, decision-makers, and individuals who facilitate an informal resolution process do not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent;
9. Not make credibility determinations based on the individual's status as Complainant, Respondent, or witness;
10. Not use questions or evidence that constitute or seek disclosure of privileged information unless waived.

Dismissal of Formal Complaints

If the conduct alleged in the formal complaint would not constitute sexual harassment, even if proved, did not occur in the District's education program or activity, or did not occur against a person in the United States, then the District must dismiss the formal complaint with regard to that conduct for purposes of sexual harassment under this policy.

The Title IX Coordinator also may dismiss the formal complaint or any allegations therein at any time during the investigation or hearing, if applicable, when any of the following apply:

1. A Complainant provides written notification to the Title IX Coordinator that the Complainant would like to withdraw the formal complaint or any allegations therein;
2. The Respondent is no longer enrolled or employed by the District; or
3. Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon dismissal, the Title IX Coordinator promptly sends written notice of the dismissal and the reasons for dismissal simultaneously to both parties.

#### Evidence Review

The District provides both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation. The evidence provided by the District must include evidence that is directly related to the allegations in the formal complaint, evidence upon which the District does not intend to rely in reaching a determination regarding responsibility, and any inculpatory or exculpatory evidence whether obtained from a party or other source. Prior to completion of the investigative report, the Title IX Coordinator must send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties have 10 calendar days to submit a written response to the Title IX Coordinator, which the investigator will consider prior to completion of the investigative report.

#### Investigative Report

The investigator must prepare an investigative report that fairly summarizes relevant evidence and send the report to the title IX Coordinator. The Title IX Coordinator must send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response. The parties have 10 calendar days to submit a written response to the Title IX Coordinator.

#### Decision-Maker's Determination

The investigative report is submitted to the decision-maker. The decision-maker cannot be the same person(s) as the Title IX Coordinator or the investigator. The decision-maker cannot hold a hearing or make a determination regarding responsibility until 10 calendar days from the date the Complainant and Respondent receive the investigator's report.

Prior to reaching a determination regarding responsibility, the decision-maker must afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the Complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence

about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. Questions must be submitted to the Title IX Coordinator within three calendar days from the date the Complainant and Respondent receive the investigator's report.

The decision-maker must issue a written determination regarding responsibility based on a preponderance of the evidence standard. The decision-maker's written determination must:

1. Identify the allegations potentially constituting sexual harassment;
2. Describe the procedural steps taken, including any notifications to the parties, interviews with the parties and witnesses, site visits, methods used to gather evidence, and hearings held;
3. Include the findings of fact supporting the determination;
4. Draw conclusions regarding the application of any District policies and/or code of conduct rules to the facts;
5. Address each allegation and a resolution of the complaint including a determination regarding responsibility, the rationale therefor, any recommended disciplinary sanction(s) imposed on the Respondent, and whether remedies designed to restore or preserve access to the educational program or activity will be provided by the District to the Complainant; and
6. The procedures and permissible bases for the Complainant and/or Respondent to appeal the determination.

A copy of the written determination must be provided to both parties simultaneously, and generally will be provided within 60 calendar days from the District's receipt of a formal complaint.

The determination regarding responsibility becomes final either on the date that the District provides the parties with the written determination of the result of the appeal, if an appeal is filed, or, if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Where a determination of responsibility for sexual harassment has been made against the Respondent, the District will provide remedies to the Complainant that are designed to restore or preserve equal access to the District's education program or activity. Such remedies may include supportive measures; however, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the Respondent. The Title IX Coordinator is responsible for effective

implementation of any remedies. Following any determination of responsibility, the District may implement disciplinary sanctions in accordance with State or Federal law and/or the negotiated agreement. For students, the sanctions may include disciplinary action, up to and including permanent exclusion.

### Appeals

Either the Complainant or Respondent may appeal the decision-maker's determination regarding responsibility or a dismissal of a formal complaint on the following bases:

1. Procedural irregularity that affected the outcome of the matter;
2. New evidence that was not reasonably available at the time that could affect the outcome; and
3. The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent that affected the outcome.

The request to appeal must be made in writing to the Title IX Coordinator within seven calendar days after the date of the written determination. The appeal decision-maker must not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent and cannot be the Title IX Coordinator, the investigator, or the decision-maker from the original determination.

The appeal decision-maker must notify the other party in writing when an appeal is filed and give both parties a reasonable equal opportunity to submit a written statement in support of, or challenging, the outcome. After reviewing the evidence, the appeal decision-maker must issue a written decision describing the result of the appeal and the rationale for the result. The decision must be provided to both parties simultaneously, and generally will be provided within 10 calendar days from the date the appeal is filed.

### Informal Resolution Process

Except when concerning allegations that an employee sexually harassed a student, at any time during the formal complaint process and prior to reaching a determination regarding responsibility, the District may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and determination of responsibility, provided that the District:

1. Provides to the parties a written notice disclosing:
  - a. The allegations;

- b. The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the Title IX formal complaint process with respect to the formal complaint; and
- c. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

2. Obtains the parties' voluntary, written consent to the informal resolution process.

The informal resolution process generally will be completed within 30 calendar days, unless the parties and the Title IX Coordinator mutually agree to temporarily delay or extend the process. The formal grievance process timelines are stayed during the parties' participation in the informal resolution process. If the parties do not reach resolution through the informal resolution process, the parties will resume the formal complaint grievance process, including timelines for resolution, at the point they left off.

#### Recordkeeping

The District must maintain for a period of seven years records of:

1. Each sexual harassment investigation, including any determination regarding responsibility, any disciplinary sanctions imposed on the Respondent, and any remedies provided to the Complainant designed to restore or preserve equal access to the District's education program or activity;
2. Any appeal and the result therefrom;
3. Any informal resolution and the result therefrom; and
4. All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The District must make these training materials publicly available on its website.

The District must create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the District must document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measure designed to restore or preserve equal access to the District's education program or activity.

Searches and Seizure

The goal of search and seizure with respect to students is meeting the educational needs of children and ensuring their security. The objective of any search and/or seizure is not the eradication of crime in the community. Searches may be carried out to recover stolen property, to detect illegal substances or weapons or to uncover any matter reasonably believed to be a threat to the maintenance of an orderly educational environment. The Board authorizes school authorities to conduct reasonable searches of school property and equipment, as well as of students and their personal effects, to maintain order and security in the schools

The search of a student, by authorized school authorities, is reasonable if it is both: (1) justified at its inception, and (2) reasonably related in scope to the circumstances which justified the interference in the first place.

School authorities are authorized to utilize any reasonable means of conducting searches, including but not limited to the following:

1. A “pat down” of the exterior of the student’s clothing.
2. A search of the student’s clothing including pockets;
3. A search of any container or object used by, belonging to or otherwise in the possession or control of a student; and/or
4. Devices or tools such as breath-test instruments, saliva test strips, etc.

School Property and Equipment and Personal Effects of Students

School authorities may inspect and search school property and equipment owned or controlled by the District (such as lockers, desks, and parking lots).

The Superintendent may request the assistance of law enforcement officials, including their use of specially trained dogs, to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or material. The “pat down” or “search” of a student, if conducted, will be conducted by a school official or employee of the same gender as the student being searched.

Students

School officials may search any individual student, his/her property, or district property under his/her control when there is a reasonable suspicion that the search will uncover evidence that he/she is violating the law, Board policy, administrative regulation, or other rules of the district or the school. Reasonable suspicion shall be based on specific and objective facts that the search will produce evidence related to the alleged violation. The types of student property that may be searched by school officials include, but are not limited to, lockers, desks, purses, backpacks, student vehicles parked on district property, cellular phones, or other electronic communication devices.

STUDENTS

Students may not use, transport, carry, or possess illegal drugs or any weapons in their vehicles on school property. While on school property, vehicles may be inspected at any time by staff, or by contractors employed by the District utilizing trained dogs, for the presence of illegal drugs, drug paraphernalia, or weapons. In the event the school has reason to believe that drugs, drug paraphernalia, or weapons are present, including by alert trained dogs, the student's vehicle will be searched, and the student expressly consents to such a search.

Also, by parking in the school parking lots, the student consents to having his/her vehicle searched if the school authorities have any other reasonable suspicion to believe that a violation of school rules or policy has occurred.

Seizure of Property

When a search produces evidence that a student has violated or is violating either a law or District policies or rules, such evidence may be seized and impounded by school authorities and disciplinary action may be taken. As appropriate, such evidence may be transferred to law enforcement authorities.

1. The Superintendent, principal, and the authorized assistants of either shall be authorized to conduct any searches or to seize property on or near school premises, as further provided in this procedure.

Student Use of Buildings: Equal Access

Non-curriculum-related secondary school student organizations may conduct meetings on school premises without intervention on the basis of the religious, political, philosophical, or other content of the meeting.

The following criteria must be met:

1. The meeting is voluntary and student-initiated.
2. There is no sponsorship of the meeting by the school, the government, or its agents or employees.
3. The meeting must occur during non-instructional time on regular school days.
4. Employees or agents of the school or government are present only in a non-participatory capacity.
5. The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school.
6. Non-school persons may not direct, conduct, control, or regularly attend activities.

Although the school assumes no sponsorship of these kinds of meetings, all meetings held on school premises must be scheduled and approved by the principal.

This policy pertains to student meetings. The school has the authority, through its agent or employees, to maintain order and discipline on school premises and to protect the well-being of students and faculty.

Video Surveillance

The Board authorizes the use of video cameras on District property to ensure the health, welfare, and safety of all staff, students, and visitors to District property and to safeguard District buildings, grounds, and equipment. The Superintendent will approve appropriate locations for video cameras.

The Superintendent will notify staff and students through staff and student handbooks or by other means that video surveillance may occur on District property. A notice will also be posted at the main entrance of all school district buildings, and on all buses, indicating the use of video surveillance.

The District may choose to make video recordings a part of a student's educational record or of a staff member's personnel record. The District will comply with all applicable state and federal laws related to record maintenance and retention.

It is the decision of the District that video recordings will include audio. The Superintendent will notify staff and students through staff and student handbooks or by other means that video surveillance, with audio, may occur on District property. A notice will also be posted at the main entrance of all school district buildings, and on all buses, in which video/audio surveillance may occur.

Suspension and Expulsion – Corrective Actions and Punishment

The Board recognizes that every student is entitled to due process rights that are provided by law.

Suspension

- “Suspension” means the exclusion of a student from attending individual classes or school and participating in school activities for an initial period not to exceed ten (10) school days. An administrator may order suspension of a student.

The procedure set forth below will be followed when a proposed punishment of a student is to include denial of the right of school attendance from any single class or from a full schedule of classes for at least one (1) day.

Before any suspension is ordered, a building administrator will meet with a student to explain charges of misconduct, and the student will be given an opportunity to respond to the charges.

When a student’s presence poses a continuing danger to persons or property or poses an ongoing threat of disruption to the educational process, a pre-suspension conference will not be required, and an administrator may suspend a student immediately. In such cases, a building administrator will schedule a conference as soon as practicable following the suspension and notify the student and parent or guardian of the conference.

A building administrator will report any suspension immediately to a student’s parent or legal guardian. An administrator will provide a written report of suspension that states reasons for a suspension, including any school rule that was violated, and a notice to a parent or guardian of the right to a review of a suspension. An administrator will send a copy of the report and notice to the Superintendent.

The Superintendent will conduct a review of any suspension on request of a parent or legal guardian. A student and parent or legal guardian may meet with the Superintendent to discuss suspension. After the meeting and after concluding a review, the Superintendent will take such final action as appropriate.

Upon a finding by a school administrator that the immediate return to school by a student would be detrimental to the health, welfare, or safety of others or would be disruptive of the educational process, a student may be suspended for one (1) additional period not to exceed ten (10) school days, if the student is granted an informal hearing with the school administrator prior to the additional suspension, and if the decision to impose the additional suspension does not violate the Individuals with Disabilities Education Act (IDEA) or Rehabilitation Act.

Students who are suspended from any class or from school entirely have the right to make up any work missed according to the student handbook.

- “Expulsion” is any removal of a student for more than twenty (20) school days without

**STUDENTS**

the provision of educational services. Expulsion is a disciplinary action available only to the Board.

The Board, and only the Board, may expel a student from school and may do so only after following due process procedures set forth below.

The Board will provide written notice to a student and parent or legal guardian of a hearing to consider a recommendation for expulsion, which will be sent by registered or certified mail at least five (5) school days before the date of the scheduled hearing. The notice will include time and place of hearing, information describing the process to be used to conduct the hearing, and notice that the Board intends to conduct the hearing in closed session unless a parent or legal guardian waives the student's right to privacy.

Within the limitation that a hearing must be conducted during a period of student suspension, a hearing to consider expulsion may be rescheduled when a parent or legal guardian submits a request showing good cause to the Superintendent at least two (2) school days before a hearing date as originally scheduled. The Superintendent will determine if a request shows good cause to reschedule a hearing.

At hearing the student may be represented by counsel, present witnesses and other evidence, and cross-examine witnesses. The Board is not bound by formal rules of evidence in conducting the hearing.

Each school shall maintain a record of any disciplinary action that is educationally related, with explanation, taken against the student. When the Board of Trustees takes disciplinary action against a student, the Board must keep a written record of the action taken, with detailed explanation, even if the disciplinary action is decided during a closed session. A disciplinary action that is educationally related is an action that results in the expulsion or out-of-school suspension of the student. This record must be maintained/destroyed consistent with Montana Local Government Records Schedule 7, and is subject to transfer to a local education agency, accredited school, or nonpublic school pursuant to 20-1-213, MCA.

#### Procedures for Suspension and Expulsion of Students with Disabilities

The District will comply with provisions of the Individuals with Disabilities Education Act (IDEA) and Rehabilitation Act when disciplining students. The Board will not expel any special education student when the student's particular act of gross disobedience or misconduct is a manifestation of the student's disability. The Board may expel pursuant to its expulsion procedures any special education student whose gross disobedience or misconduct is not a manifestation of the student's disability. A disabled student will continue to receive education services as provided in the IDEA or Rehabilitation Act during a period of expulsion.

A building administrator may suspend a child with a disability from the child's current placement for not more than ten (10) consecutive school days for any violations of school rules, and additional removals of not more than ten (10) consecutive school days in that same school year for separate incidents of misconduct, as long as those removals do not constitute a change

of placement under 34 CFR 300.519(b), whether or not a student's gross disobedience or misconduct is a manifestation of a student's disabling condition. Any special education student who has exceeded or who will exceed the (10) days of suspension may temporarily be excluded from school by court order or by order of a hearing officer, if the District demonstrates that maintaining the student in the student's current placement is substantially likely to result in injury to the student or to others. After a child with a disability has been removed from his or her placement for more than ten (10) school days in the same school year, during any subsequent days of removal the public agency must provide services to the extent required under 34 CFR300.121(d).

An administrator may remove from current placement any special education student who has carried a weapon to school or to a school function or who knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function. The District will place such student in an appropriate interim alternative education setting for no more than forty-five (45) school days in accordance with the IDEA or Rehabilitation Act.

The trustees shall annually, at the regularly scheduled June meeting, review this policy and update this policy as determined necessary by the trustees based on changing circumstances pertaining to school safety

A building administrator will report any suspension immediately to a student's parent or legal guardian. An administrator will provide a written report of suspension that states reasons for a suspension, including any school rule that was violated, and a notice to a parent or guardian of the right to a review of a suspension. An administrator will send a copy of the report and notice to the Superintendent.

The Superintendent will conduct a review of any suspension on request of a parent or legal guardian. A student and parent or legal guardian may meet with the Superintendent to discuss suspension. After the meeting and after concluding a review the Superintendent will take such final action as appropriate.

Specific discipline measures, regarding make-up work, for students who are suspended from any class or from school entirely can be found in the student handbook.

Expulsion

The Board and only the Board may expel a student from school and may do so only after following due process procedures set forth below.

The Board will provide written notice to a student and parent or legal guardian of a hearing to consider a recommendation for expulsion, which will be sent by registered or certified mail at least five (5) school days before the date of the scheduled hearing. 8 Procedures for Suspension and Expulsion of Students with Disabilities

9  
10 The District will comply with provisions of the Individuals with Disabilities Education Act  
11 (IDEA) when disciplining students. The Board will not expel any special education student  
12 when a student's particular act of gross disobedience or misconduct is a manifestation of a  
13 student's disability. The Board may expel pursuant to its expulsion procedures any special  
14 education student whose gross disobedience or misconduct is not a manifestation of a student's  
15 disability. A disabled student will continue to receive education services as provided in the  
16 IDEA during a period of expulsion.

17  
18 The building administrator may suspend a child with a disability from the child's current  
19 placement for not more than ten (10) consecutive school days for any violation of school rules,  
20 and additional removals of not more than ten (10) consecutive schools days in that same school  
21 year for separate incidents of misconduct, as long as those removals do not constitute a change of  
22 placement under 34 CFR 300.519(b), whether or not a student's gross disobedience or  
23 misconduct is a manifestation of a student's disabling condition. Any special education student  
24 who has exceeded or who will exceed ten (10) days of suspension may temporarily be excluded  
25 from school by court order or by order of a hearing officer, if the District demonstrates that

inflicts serious bodily injury on another person while at school, on school premises, or at a school  
function under the jurisdiction. A serious bodily injury is one that involves a substantial risk of  
death; extreme physical pain; protracted and obvious disfigurement; or protracted loss or

Student Discipline

The Board grants authority to a teacher or principal to hold a student to strict accountability for disorderly conduct in school, on the way to or from school, or during intermission or recess.

Disciplinary action may be taken against any student guilty of gross disobedience or misconduct, including but not limited to instances set forth below:

- Using, possessing, distributing, purchasing, or selling tobacco products including alternative nicotine and vapor products as defined in 16-11-302, MCA.

Students who may be under the influence of such substances will not be permitted to attend school functions and will be treated as though they had drugs in their possession.

These grounds stated above for disciplinary action apply whenever a student's conduct is reasonably related to school or school activities, including but not limited to the circumstances set forth below:

- On, or within sight of, school grounds before, during, or after school hours or at any other time when school is being used by a school group.
- Off school grounds at a school-sponsored activity or event or any activity or event that bears a reasonable relationship to school.
- Travel to and from school or a school activity, function, or event.
- Anywhere conduct may reasonably be considered to be a threat or an attempted intimidation of a staff member or an interference with school purposes or an educational function.

Disciplinary Measures

Disciplinary measures include but are not limited to:

- Expulsion
- Suspension from class
- In-School Suspension
- Clean-up duty
- Loss of student privileges
- Loss of bus privileges
- Notification to juvenile authorities and/or police
- Restitution for damages to school property

No District employee or person engaged by the District may inflict or cause to be inflicted corporal punishment on a student. Corporal punishment does not include reasonable force. District personnel are permitted to use as needed to maintain safety for other students, school personnel, or other persons or for the purpose of self-defense.

Non-Disciplinary Measures

The Superintendent or designee is authorized to assign a student to non-disciplinary offsite instruction pending the results of an investigation or for reasons related to the safety or well-being of students and staff. During the period of non-disciplinary offsite instruction, the student will be permitted to complete all assigned schoolwork for full credit. The assignment of non-disciplinary offsite instruction does not preclude the Superintendent or designee from disciplining a student who has, after investigation, been found to have violated a School District policy, rule, or handbook provision.

Gun-Free Schools

The Board will expel any student who uses, possesses, controls, or transfers a firearm or any object that can reasonably be considered or looks like a firearm at any setting that is under the control and supervision of the District, for a definite period of time of at least one (1) calendar year, except that the trustees may authorize the school administration to modify the requirement for expulsion of a student on a case-by-case basis. The Board may modify an expulsion period on a case-by-case basis. Any modification from the one-(1)-year mandatory expulsion must be in writing. A building administrator will notify the criminal justice or juvenile delinquency system of any student who brings a firearm to school.

When a student violating this gun-free policy is identified as disabled, either under the IDEA or Section 504 of the Rehabilitation Act of 1973, a building administrator must determine whether a student's conduct is related to disability. If a violation of policy is owing to a disability recognized by the IDEA or Section 504, lawful procedures for changes in placement must be followed.

The Board will grant a hearing for any student subject to an expulsion in accordance with § 20-5-202, MCA, and Policy 3300.

Possession of a Weapon in a School Building

The District will refer to law enforcement for immediate prosecution any person who possesses, carries, or stores a weapon in a school building, except as provided below, and the District may take disciplinary action as well in the case of a student. In addition, the District will refer for possible prosecution a parent or guardian of any minor violating this policy on grounds of allowing a minor to possess, carry, or store a weapon in a school building.

For the purposes of this section only, "school building" means all buildings owned or leased by a local school district that are used for instruction or for student activities; "weapon" means any object, device, or instrument designed as a weapon or through its use is capable of threatening or producing bodily harm or which may be used to inflict self-injury, including but not limited to any firearm, whether loaded or unloaded; air guns; pellet guns; BB guns; fake (facsimile) weapons; all knives; blades; clubs; metal knuckles; numchucks; throwing stars; explosives; fireworks; mace or other propellants; stun guns; ammunition; poisons; chains; arrows; and objects that have been modified to serve as a weapon.

No person shall possess, use, or distribute any object, device, or instrument having the appearance of a weapon, and such objects, devices, or instruments shall be treated as weapons, including but not limited to weapons listed above which are broken or non-functional, look-alike guns; toy guns; and any object that is a facsimile of a real weapon.

## STUDENTS

3310

No person shall use articles designed for other purposes (i.e., lasers or laser pointers, belts, combs, pencils, files, scissors, etc.) to inflict bodily harm and/or intimidate, and such use will be treated as the possession and use of a weapon.

The Board may grant persons and entities advance permission to possess, carry, or store a weapon in a school building. All persons who wish to possess, carry, or store a weapon in a school building must request permission of the Board at a regular meeting. The Board has sole discretion in deciding whether to allow a person to possess, carry, or store a weapon in a school building.

This policy does not apply to on-duty law enforcement personnel.

Delegation of Authority

The Board grants authority to any teacher and to any other school personnel to impose on students under their charge any disciplinary measure, other than suspension or expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with policies and rules on student discipline. The Board authorizes teachers to remove students from classrooms for disruptive behavior.

Discipline of Students With Disabilities

**Code of Conduct Violations by Students With Disabilities, Resulting  
in Disciplinary Consequences of Ten (10) School Days or Less**

Beginning with the eleventh (11<sup>th</sup>) day of disciplinary removals in a school year, the IEP Team must address behavioral issues. If the removal does not result in a change of placement, the IEP Team must meet within ten (10) business days of first removing the student for more than ten (10) school days in a school year, to develop a plan to conduct a functional behavioral assessment, if one was not conducted before the behavior that resulted in the removal. *Reg. 300.520(b)(1)(i).*

After the functional behavioral assessment is completed, the IEP Team meets as soon as practicable to develop a behavioral intervention plan to address the behavior and implement the plan. *Reg. 300.520(b)(2).*

If the student is assigned subsequent disciplinary removals in a school year for ten (10) days or less that do not result in a change of placement, the IEP Team members (including the parent) informally review the behavior intervention plan and its implementation to determine if modifications are necessary. *Reg. 300.520(c)(2).*

If one or more team members believe modifications are needed, the IEP Team must meet to modify the plan and its implementation to the extent the IEP Team deems necessary. *Reg. 300.520(c)(2).*

---  
If the student's IEP already includes a behavior intervention plan, within ten (10) business days of first removing the student for more than ten (10) school days in a school year, the IEP Team must meet to review the behavior intervention plan and its implementation, and modify the plan and its implementation as necessary to address the behavior. *Reg. 300.520(b)(1)(ii).*

**Code of Conduct Violations by Students With Disabilities for Which Recommended Disciplinary Consequences Would Result in Change of Placement for More Than Ten (10) School Days (Excluding Drug and Weapon Offenses)**

Student violates code of conduct, and the recommended disciplinary consequence would result in a removal from the current educational placement for more than ten (10) consecutive school days (alternate placement, expulsion). This constitutes a change of placement. *Reg. 300.519(a).*

---  
The recommended disciplinary consequence may be for a removal from the current educational placement for less than ten (10) consecutive school days, but may constitute a change of placement because the student has already been removed for disciplinary reasons for ten (10) or more school days in the current school year, and the length of each removal, their proximity to each other, and the total amount of time the student has been removed result in a change of placement. *Reg. 300.519(b).*

School personnel may remove from current educational placement for ten (10) school days or less (*Reg. 300.520(a)(1)(i)*) and recommend further discipline according to the code of conduct. (The ten-(10)-day-or-less alternative must be one equally applicable to non-disabled. See pp. 1-2 for educational services to be provided during a short removal.) If a criminal act has been committed, charges may be filed, and law enforcement authorities to whom the crime was reported must be provided special education and disciplinary records to the extent disclosure is permitted by FERPA. *Sec. 1415(k)(9). Reg. 300.529.*

At the time the decision is made to take this action, school personnel must notify parent of decision and provide procedural safeguards notice in *Reg. 300.504. Sec. 1415(k)(4)(A)(i); Reg. 300.523(a)(1).*

Within ten (10) business days, IEP Team and other qualified personnel must meet and review relationship between disability and the behavior subject to disciplinary action (manifestation determination review – MDR). *Sec. 1415(k)(4)(A); Reg. 300.523(a)(2), (b).* If there has been no previous functional behavioral assessment and creation of a behavior intervention plan, the IEP Team must develop an assessment plan. *Reg. 300.520(b)(1)(i).* As soon as practicable after the assessment, the IEP Team must meet again to develop and implement the behavior intervention plan. *Reg. 300.520(b)(2).* If the IEP contains a behavior intervention plan, the IEP Team reviews the plan and its implementation and modifies them as necessary to address the behavior. *Reg. 300.520(b)(1)(ii).*

For the MDR, the IEP Team must look at all information relevant to the behavior subject to discipline, such as evaluation and diagnostic results, including such results and other relevant information from the parent, observation of the student, and the student's IEP and placement. The misbehavior is not a manifestation of the disability, if the IEP Team finds that in relationship to the misbehavior subject to discipline:

- The IEP and placement were appropriate;
- Consistent with the content of the student's IEP and placement, special education services, supplementary aids, and behavior intervention strategies were actually provided;
- The disability did not impair the ability of the student to understand the impact and consequences of the misbehavior; and
- The disability did not impair the ability of the student to control the misbehavior.

*Sec. 1415(k)(4)(C); Reg. 300.523(c).*

If the IEP Team determines any of the standards were not met, the misbehavior was a manifestation of the disability, and no punishment may be assessed. *Reg. 300.523(d).* If IEP Team identified deficiencies in IEP, placement, or implementation, it must take immediate steps to remedy. *Reg. 300.523(f).*

If the IEP Team determines the misbehavior was not a manifestation of the disability, regular disciplinary consequences may be applied to the student, except that the student must continue to be provided a free appropriate public education. *Sec. 1415(k)(5)(A); Sec. 1412(a)(1)(A); Reg. 300.121(a); Reg. 300.524(a).* The campus must ensure that special education and disciplinary records are transmitted for consideration by the school district person making the final determination regarding the disciplinary action. *Sec. 1415(k)(5)(B); Reg. 300.524(b).*

- - -

Parent may appeal a finding that the misbehavior was not a manifestation of the disability. The hearing is expedited before a special education hearing officer, who applies the same standards as the IEP Team. *Sec. 1415(k)(6); Reg. 300.525(a), (b).*

Parent may appeal decision to place student in forty-five-(45)-day interim placement. The hearing is expedited before a special education hearing officer, who applies the standards regarding a dangerous student in *Reg. 300.521. Sec. 1415(k)(6)(B)(ii); Reg. 300.525(b)(2).*

When a parent requests a hearing in a drug or weapon case to challenge the interim alternative placement or the manifestation determination, student remains in interim placement until decision of hearing officer or forty-five (45) days expires, whichever comes first, unless the parent and school agree otherwise. *Reg. 300.526(a).* Then student returns to current placement (defined as placement prior to interim alternative educational setting). School can ask for expedited hearing before special education hearing officer to prevent this return, if the student is substantially likely to injure self or others. *Reg. 300.526(b), (c).* The hearing officer applies the standards in *Reg. 300.121. Reg. 300.526(c).* Hearing officer can order another placement for up to forty-five (45) days. *Reg. 300.526(c)(3).* This procedure may be repeated as necessary. *Sec. 1415(k)(7); Reg. 300.526(c)(4).*

- - -

The standard the educational services must meet is to enable the child to appropriately progress in the general curriculum and appropriately advance toward achieving the goals in the IEP. *Reg. 300.121(d)(2)(i)(B); Reg. 300.524(a).* The IEP Team must determine what services are necessary to meet this standard. *Reg. 300.121(d)(3)(ii).*

### Drug and Weapon Offenses by Students With Disabilities

Student carries weapon to school, or possesses, uses, sells, or solicits sale of illegal or controlled substance on school property or at a school function.

Illegal drug – controlled substance. Excludes legally used and possessed prescription drugs. *Sec. 1415(k)(10)(B); Reg. 300.520(d)(2).*

Controlled substance – drug or substance in 21 U.S.C. § 812(c), Schedules I-V. *Sec. 1415(k)(10)(A); Reg. 300.520(d)(1).*

Weapon – A firearm and more. Something used for or readily capable of causing death or serious bodily injury. Excludes pocket knife with blade of 2½ inches or less. *Sec. 1415(k)(10)(D); Reg. 300.520(d)(3).*

School personnel may remove from current educational placement for ten (10) school days or less, and recommend further discipline according to the code of conduct. *Sec. 1415(k)(1)(A)(i); Reg. 300.520(a)(1)(i).* (The ten-(10)-day-or-less alternative must be one equally applicable to non-disabled students. See pp. 1-2 for education services to be provided during a short removal.) If a criminal act has been committed, charges may be filed, and special education and disciplinary records will be transmitted to law enforcement authorities to whom the crime was reported, to the extent disclosure is permitted by FERPA. *Sec. 1415(k)(9); Reg. 300.529.*

At time decision is made to take this disciplinary action, school personnel must notify parent of decision and provide procedural safeguards notice in *Reg. 300.504. Sec. 1415(k)(4)(A)(i); Reg. 300.523(a)(1).*

Within ten (10) business days, IEP Team must meet and may extend the removal by placing student in appropriate interim alternative educational setting applicable to non-disabled student for same amount of time non-disabled student would be assigned, but not more than forty-five (45) calendar days. *Sec. 1415(k)(1)(A)(ii) and (3)(A); Reg. 300.520(a)(2); Reg. 300.522(a).* IEP Team must review the behavior intervention plan, if one exists, and its implementation and modify, as necessary, to address behavior. *Reg. 300.520(b)(1)(ii).* If there has been no previous functional behavioral assessment and creation of behavior intervention plan, IEP Team must develop assessment plan. *Sec. 1415(k)(1)(B); Reg. 300.520(b)(1)(i).* As soon as practicable after the assessment, the IEP Team must meet again to develop and implement the behavior intervention plan. *Reg. 300.520(b)(2).* The IEP Team and other qualified personnel must review the relationship between disability and the behavior subject to disciplinary action (manifestation determination review-MDR). *Sec. 1415(k)(4)(A); Reg. 300.523(a)(2)(b).*

The forty-five-(45)-day alternative interim placement must:

- Enable student to progress in general curriculum, although in another setting;
- Enable student to continue to receive those services and modifications, including those described in the student's IEP, that will enable the student to meet the goals set out in that IEP; and
- Include services and modifications designed to address the drug or weapon offense so that it does not recur. *Sec. 1415(k)(3)(B); Reg. 300.121(d)(2)(ii).*

Comments to regulations: Students may be subject to multiple forty - five - (45) - day interim placements for separate drug and weapon offenses. The forty - five - (45) - day interim placement may be completed even if drug or weapon offense was manifestation of disability. If misbehavior was not a manifestation of disability, regular disciplinary consequence can be applied in addition to forty - five - (45) - day interim placement.

For the MDR, the IEP Team must look at all information relevant to the behavior subject to discipline, such as evaluation and diagnostic results, including such results and other relevant information from the parent, observation of the student, and the student's IEP and placement. The misbehavior is not a manifestation of the disability if the IEP Team finds that, in relationship to the misbehavior subject to discipline:

- The IEP and placement were appropriate;
- Consistent with the content of the student's IEP and placement, special education services, supplementary aids and services, and behavior intervention strategies were actually provided;
- The disability did not impair the ability of student to understand the impact and consequences of the misbehavior; and
- The disability did not impair the ability of the student to control the misbehavior.

*Sec. 1415(k)(4)(C); Reg. 300.523(c).*

If the IEP Team determines any of the standards were not met, the misbehavior was a manifestation of the disability, and no punishment may be assessed. *Reg. 300.523(d).* If IEP Team identifies deficiencies in IEP, placement, or implementation, it must take immediate steps to remedy. *Reg. 300.523(f).*

- or -

If the IEP Team determines the misbehavior was not a manifestation of the disability, regular disciplinary consequences may be applied to the student, except that the student must continue to be provided a free appropriate public education. *Sec. 1415(k)(5)(A); Sec. 1412(a)(1)(A). Reg. 300.121(a). Reg. 300.524(a).* The campus must ensure that special education and disciplinary record are transmitted for consideration by the school district person making the final determination regarding the disciplinary action. *Sec. 1415(k)(5)(B); Reg. 300.524(b).*

Parent may appeal a finding that the misbehavior was not a manifestation of the disability. The hearing is expedited before a special education hearing officer, who applies the same standards as the IEP Team. *Sec. 1415(i)(6); Reg. 300.525(a), (b).*

If IEP Team finds no manifestation and changes placement to comply with the disciplinary recommendation, parent may appeal the placement decision. The hearing is expedited before a special education hearing officer. *Sec. 1415(k)(6)(A); Reg. 300.525(a)(2).*

During appeals, stay put applies. *Reg. 300.524(c).* If child is substantially likely to injure self or others in the current placement, the school can request an expedited hearing and request the hearing officer to remove to an interim alternative educational placement for up to forty-five (45) days. Standards to be met are those in *Sec. 1415(k)(2)* and *Reg. 300.521.*

The standard the education services must meet is to enable the child to appropriately progress in the general curriculum and appropriately advance toward achieving the goals in the IEP. *Reg. 300.121(d)(2)(i)(B); Reg. 300.524(a).* The IEP Team must determine what services are necessary to meet this standard. *Reg. 300.121(d)(3)(ii).*

### Students Dangerous to Self or Others

IDEA discipline procedures are followed for a non-drug or weapon offense, the penalty for which would result in expulsion or removal from the student's placement for more than ten (10) school days.

IEP Team meets, determines no manifestation and recommends discipline proceed. Parent disagrees and requests a due-process hearing. Stay put applies, and child stays in the current placement, unless school acts to change the placement. *Reg. 300.524.*

School requests hearing officer to change the placement during the pendency of the hearing because of the likelihood of injury to self or others. *Sec. 1415(k)(2); Reg. 300.521.*

Hearing officer holds expedited hearing to consider request. School has burden of proof to show by more than a preponderance of the evidence that maintaining the child in the current placement is substantially likely to result in injury to self or others. *Sec. 1415(k)(2)(A), (10)(D); Reg. 300.521(a).* Hearing officer must also:

- Consider the appropriateness of the current placement.
- Consider whether the school has made reasonable effort to minimize the risk of harm in the current placement, including the use of supplemental aids and services.
- Determine that the interim alternative setting proposed by the school personnel, in consultation with special education teacher:
  - Enables the student to participate in the general curriculum, although in another setting;
  - Enables the student to continue to receive those services and modifications, including those described in the student's current IEP, that will enable the student to meet the goals set out in the IEP; and
  - Include services and modification designed to address the behavior so that it does not recur.

*Sec. 1415(k)(2); Reg. 300.521(b), (c), (d); Reg. 300.522(b); Reg. 300.121(d)(2)(ii)(B).*

- - -

If parent appeals forty-five-(45)-day interim alternative placement by IEP Team in drug or weapon case, hearing officer applies these standards in expedited hearing. *Sec. 1415(k)(6)(B)(ii); Reg. 300.525(b)(2).*

If all requirements are met, hearing officer may order a change of placement to the interim alternative educational setting for up to forty-five (45) days. *Sec. 1415(k)(2); Reg. 300.521.*

Student returns to his or her current placement (the placement prior to the interim alternative educational setting) at end of forty-five (45) days, if no decision has been issued by hearing officer in pending due-process hearing. If school believes it would be dangerous for student to return to current placement while hearing is still pending, school may request another expedited hearing to again place student in forty-five-(45)-day interim placement while hearing continues to be pending. *Reg. 300.526(b), (c)(4)*. Hearing officer holds same type of hearing initially held when hearing officer ordered first forty-five-(45)-day interim placement. *Sec. 1415(k)(7); Reg. 300.526*. Any subsequent forty-five-(45)-day interim setting must meet the standards in *Reg. 300.522*.

Student Health/Physical Screenings/Examinations

The Board may arrange each year for health services to be provided to all students. Such services may include but not be limited to:

1. Development of procedures at each building for isolation and temporary care of students who become ill during the school day;
2. Consulting services of a qualified specialist for staff, students, and parents;
3. Vision and hearing screening;
4. Scoliosis screening;
5. Immunization as provided by the Department of Public Health and Human Services or the local county health department.

Parents/guardians will receive written notice of any screening result which indicates a condition that might interfere or tend to interfere with a student's progress.

In general, the District will not conduct physical examinations of a student without parental consent to do so or by court order, unless the health or safety of the student or others is in question. Further, parents will be notified of the specific or approximate dates during the school year when screening administered by the District is conducted, which is:

1. Required as a condition of attendance.
2. Administered by the school and scheduled by the school in advance.
3. Not necessary to protect the immediate health and safety of the student or other students.

Parents or eligible students will be given the opportunity to opt out of the above-described screenings.

Students who wish to participate in certain extracurricular activities may be required to submit to a physical examination to verify their ability to participate in the activity. Students participating in activities governed by the Montana High School Association will be required to follow the rules of that organization, as well as other applicable District policies, rules, and regulations.

All parents will be notified of requirements of the District's policy on physical examinations and screening of students, at least annually at the beginning of the school year and within a reasonable period of time after any substantive change in the policy.

Student Immunization

The Board requires all students to present evidence of their having been immunized against the following diseases: varicella, diphtheria, pertussis (whooping cough), poliomyelitis, measles (rubeola), mumps, rubella, and tetanus in the manner and with immunizing agents approved by the Department of Public Health and Human Services or the local county health department. Haemophilus influenza type “b” immunization is required for students under age five (5).

Upon initial enrollment, an immunization status form shall be completed by the student’s parent or guardian. The certificate shall be made a part of the student’s permanent record.

A student who transfers into the District may photocopy immunization records in the possession of the school of origin. The District will accept the photocopy as evidence of immunization. Within thirty (30) days after a transferring student ceases attendance at the school of origin, the school shall retain a certified copy for the permanent record and send the original immunization records for the student to the school district to which the student transfers. Exemptions from one or more vaccines shall be granted for medical reasons upon certification by a physician indicating the specific nature and probable duration of the medical condition for not administering the vaccine(s). Exemptions for religious reasons must be filed annually. The statement for an exemption shall be maintained as part of the student’s immunization record. The permanent file of students with exemptions shall be marked for easy identification, should the Department of Public Health and Human Services order that exempted students be excluded from school temporarily when the risk of contracting or transmitting a disease exists. Exclusion shall not exceed thirty (30) calendar days.

The Superintendent may allow the commencement of attendance in school by a student who has not been immunized against each disease listed in § 20-5-403, MCA, if that student has received one or more doses of varicella, polio, measles (rubeola), mumps, rubella, diphtheria, pertussis, and tetanus vaccine, except that Haemophilus influenza type “b” vaccine is required for children under 5 years of age.

The District shall exclude a student for noncompliance with the immunization laws and properly notify the parent or guardian. The local health department may seek an injunction requiring the parent to submit an immunization status form, take action to fully immunize the student, or file an exemption for personal or medical reasons.

Management of Sports Related Concussions

The Jefferson High School District recognizes that concussions and head injuries are commonly reported injuries in children and adolescents who participate in sports and other recreational activities. The Board acknowledges the risk of catastrophic injuries or death is significant when a concussion or head injury is not properly evaluated and managed. Therefore, all K-12 competitive sport athletic activities in the District will be identified by the administration.

Consistent with guidelines provided by the U.S. Department of Health and Human Services, Centers for Disease Control and Prevention, the National Federation of High School (NFHS) and the Montana High School Association (MHSA), the District will utilize procedures developed by the MHSA and other pertinent information to inform and educate coaches, athletic trainers, officials, youth athletes, and their parents and/or guardians of the nature and risk of concussions or head injuries, including the dangers associated with continuing to play after a concussion or head injury. Resources are available on the Montana High School Association Sports Medicine page at [www.mhsa.org](http://www.mhsa.org); U.S. Department of Health and Human Services page at: [www.hhs.gov](http://www.hhs.gov); and; the Centers for Disease and Prevention page at [www.cdc.gov/concussion/sports.index.html](http://www.cdc.gov/concussion/sports.index.html).

Annually, the district will distribute a head injury and concussion information and sign-off sheet to all parents and guardians of student-athletes in competitive sport activities prior to the student-athlete's initial practice or competition.

All coaches, athletic trainers, officials, including volunteers participating in organized youth athletic activities, shall complete the training program at least once each school year as required in the District procedure. Additionally, all coaches, athletic trainers, officials, including volunteers participating in organized youth athletic activities will comply with all procedures for the management of head injuries and concussions.

## Student-Athlete & Parent/Legal Guardian Concussion Statement

Because of the passage of the Dylan Steigers' Protection of Youth Athletes Act, schools are required to distribute information sheets for the purpose of informing and educating student-athletes and their parents of the nature and risk of concussion and head injury to student athletes, including the risks of continuing to play after concussion or head injury. Montana law requires that each year, before beginning practice for an organized activity, a student-athlete and the student-athlete's parent(s)/legal guardian(s) must be given an information sheet, and both parties must sign and return a form acknowledging receipt of the information to an official designated by the school or school district prior to the student-athletes participation during the designated school year. The law further states that a student-athlete who is suspected of sustaining a concussion or head injury in a practice or game shall be removed from play at the time of injury and may not return to play until the student-athlete has received a written clearance from a licensed health care provider.

## A Fact Sheet for **ATHLETES**

### **WHAT IS A CONCUSSION?**

A concussion is a brain injury that:

- Is caused by a bump or blow to the head
- Can change the way your brain normally works
- Can occur during practices or games in any sport
- Can happen even if you haven't been knocked out
- Can be serious even if you've just been "dinged"

### **WHAT ARE THE SYMPTOMS OF A CONCUSSION?**

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Bothered by light
- Bothered by noise
- Feeling sluggish, hazy, foggy, or groggy
- Difficulty paying attention
- Memory problems
- Confusion
- Does not "feel right"

### **WHAT SHOULD I DO IF I THINK I HAVE A CONCUSSION?**

- **Tell your coaches and your parents.**

Never ignore a bump or blow to the head even if you feel fine. Also, tell your coach if one of your teammates might have a concussion.

- **Get a medical checkup.** A doctor or health care professional can tell you if you have a concussion and when you are OK to return to play.

- **Give yourself time to get better.** If you have had a concussion, your brain needs time to heal. While your brain is still healing, you are much more likely to have a second concussion. Second or later concussions can cause damage to your brain. It is important to rest until you get approval from a doctor or health care professional to return to play.

### **HOW CAN I PREVENT A CONCUSSION?**

Every sport is different, but there are steps you can take to protect yourself.

- Follow your coach's rules for safety and the rules of the sport.
- Practice good sportsmanship at all times.
- Use the proper sports equipment, including personal protective equipment (such as helmets, padding, shin guards, and eye and mouth guards). In order for equipment to protect you, it must be:

- > The right equipment for the game, position, or activity
- > Worn correctly and fit well
- > Used every time you play

**Remember, when in doubt, sit them out!**

## A Fact Sheet for PARENTS

### WHAT IS A CONCUSSION?

A concussion is a brain injury. Concussions are caused by a bump or blow to the head. Even a “ding,” “getting your bell rung,” or what seems to be a mild bump or blow to the head can be serious.

You can’t see a concussion. Signs and symptoms of concussion can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If your child reports any symptoms of concussion, or if you notice the symptoms yourself, seek medical attention right away.

### WHAT ARE THE SIGNS AND SYMPTOMS OF A CONCUSSION?

#### Signs Observed by Parents or Guardians

*If your child has experienced a bump or blow to the head during a game or practice, look for any of the following signs and symptoms of a concussion:*

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets an instruction
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows behavior or personality changes
- Can’t recall events prior to hit or fall
- Can’t recall events after hit or fall

#### Symptoms Reported by Athlete

- Headache or “pressure” in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Sensitivity to light
- Sensitivity to noise
- Feeling sluggish, hazy, foggy, or groggy
- Concentration or memory problems
- Confusion
- Does not “feel right”

### HOW CAN YOU HELP YOUR CHILD PREVENT A CONCUSSION?

Every sport is different, but there are steps your children can take to protect themselves from concussion.

- Ensure that they follow their coach’s rules for safety and the rules of the sport.
- Encourage them to practice good sportsmanship at all times.
- Make sure they wear the right protective equipment for their activity (such as helmets, padding, shin guards, and eye and mouth guards). Protective equipment should fit properly, be well maintained, and be worn consistently and correctly.
- Learn the signs and symptoms of a concussion.

### WHAT SHOULD YOU DO IF YOU THINK YOUR CHILD HAS A CONCUSSION?

- 1. Seek medical attention right away.** A health care professional will be able to decide how serious the concussion is and when it is safe for your child to return to sports.
- 2. Keep your child out of play.** Concussions take time to heal. Don’t let your child return to play until a health care professional says it’s OK. Children who return to play too soon—while the brain is still healing—risk a greater chance of having a second concussion. Second or later concussions can be very serious. They can cause permanent brain damage, affecting your child for a lifetime.
- 3. Tell your child’s coach about any recent concussion.** Coaches should know if your child had a recent concussion in ANY sport. Your child’s coach may not know about a concussion your child received in another sport or activity unless you tell the coach.

Remember, when in doubt, sit them out!  
It's better to miss one game than the whole season.

### Be Prepared

A concussion is a type of traumatic brain injury, or TBI, caused by a bump, blow, or jolt to the head that can change the way your brain normally works. Concussions can also occur from a blow to the body that causes the head to move rapidly back and forth. Even a “ding,” “getting your bell rung,” or what seems to be mild bump or blow to the head can be serious. Concussions can occur in any sport or recreation activity. So, all coaches, parents, and athletes need to learn concussion signs and symptoms and what to do if a concussion occurs.

## SIGNS AND SYMPTOMS OF A CONCUSSION

- Shows behavior or personality changes
- Forgets class schedule or assignments

### SYMPTOMS REPORTED BY YOUR CHILD OR TEEN

#### **Thinking/Remembering:**

Administering Medicines to Students

“Medication” means prescribed drugs and medical devices that are controlled by the U.S. Food and Drug Administration and are ordered by a health care provider. It includes over-the-counter medications prescribed through a standing order by the school physician or prescribed by the student’s health care provider.

The building principal or other administrator may authorize, in writing, any school employee:

To assist in self-administration of any drug that may lawfully be sold over the counter without a prescription to a student in compliance with the written instructions and with the written consent of a student’s parent or guardian; and

To assist in self-administration of a prescription drug to a student in compliance with written instructions of a medical practitioner and with the written consent of a student’s parent or guardian.

Except in an emergency situation, only a qualified health care professional may administer a drug or a prescription drug to a student under this policy. Diagnosis and treatment of illness and the prescribing of drugs are never the responsibility of a school employee and should not be practiced by any school personnel.

Administering Medication

The Board will permit administration of medication to students in schools in its jurisdiction. A school nurse (who has successfully completed specific training in administration of medication), pursuant to written authorization of a physician or dentist and that of a parent, an individual who has executed a caretaker relative educational authorization affidavit, or guardian, may administer medication to any student in the school or may delegate this task pursuant to Montana law.

Emergency Administration of Medication

In case of an anaphylactic reaction or risk of such reaction, a school nurse or delegate may administer emergency oral or injectable medication to any student in need thereof on school grounds, in a school building, or at a school function, according to a standing order of a chief medical advisor or a student’s private physician.

In the absence of a school nurse, an administrator or designated staff member exempt from the nurse license requirement under § 37-8-103(1)(c), MCA, who has completed training in administration of medication, may give emergency medication to students orally or by injection.

The Board requires that there must be on record a medically diagnosed allergic condition that would require prompt treatment to protect a student from serious harm or death.

A building administrator or school nurse will enter any medication to be administered in an emergency on an individual student medication record and will file it in a student's cumulative health folder.

#### Self-Administration of Medication

The District will permit students who are able to self-administer specific medication to do so provided that:

- A physician or dentist provides a written order for self-administration of said medication;
- Written authorization for self-administration of medication from a student's parent, an individual who has executed a caretaker relative educational authorization affidavit, or guardian is on file; and
- A principal and appropriate teachers are informed that a student is self-administering prescribed medication.

A building principal or school administrator may authorize, in writing, any employee to assist with self-administration of medications, provided that only the following may be employed:

- Making oral suggestions, prompting, reminding, gesturing, or providing a written guide for self-administering medications;
- Handing to a student a prefilled, labeled medication holder or a labeled unit dose container, syringe, or original marked and labeled container from a pharmacy;
- Opening the lid of a container for a student;
- Guiding the hand of a student to self-administer a medication;
- Holding and assisting a student in drinking fluid to assist in the swallowing of oral medications;
- and
- Assisting with removal of a medication from a container for a student with a physical disability that prevents independence in the act.

Self-Administration or Possession of Asthma, Severe Allergy, or Anaphylaxis Medication

Students with allergies or asthma may be authorized by the building principal or Superintendent, in consultation with medical personnel, to possess and self-administer emergency medication during the school day, during field trips, school-sponsored events, or while on a school bus. The student shall be authorized to possess and self-administer medication if the following conditions have been met.

- A written and signed authorization from the parents, an individual who has executed a caretaker relative educational authorization affidavit, or guardians for self-administration of medication, acknowledging that the school district or its employees are not liable for injury that results from the student self-administering the medication.
- The student must have the prior written approval of his/her primary health care provider. The written notice from the student's primary care provider must specify the name and purpose of the medication, the prescribed dosage, frequency with which it may be administered, and the circumstances that may warrant its use.
- Documentation that the student has demonstrated to the health care practitioner and the school nurse, if available, the skill level necessary to use and administer the medication.
- Documentation of a doctor-formulated written treatment plan for managing asthma, severe allergies, or anaphylaxis episodes of the student and for medication use by the student during school hours.

Authorization granted to a student to possess and self-administer medication shall be valid for the current school year only and must be renewed annually.

A student's authorization to possess and self-administer medication may be limited or revoked by the building principal or other administrative personnel.

If provided by the parent, an individual who has executed a caretaker relative educational authorization affidavit, or guardian, and in accordance with documentation provided by the student's doctor, backup medication must be kept at a student's school in a predetermined location or locations to which the student has access in the event of an asthma, severe allergy, or anaphylaxis emergency.

Immediately after using epinephrine during school hours, a student shall report to the school nurse or other adult at the school who shall provide follow up care, including making a 9-1-1 emergency call.

Administration of Glucagons

School employees may voluntarily agree to administer glucagons to a student pursuant to § 20-5-412, MCA, only under the following conditions: (1) the employee may administer glucagon to a diabetic student only in an emergency situation; (2) the employee has filed the necessary designation and acceptance documentation with the District, as required by § 20-5-412(2), MCA, and (3) the employee has filed the necessary written documentation of training with the District, as required by § 20-5-412(4), MCA.

Handling and Storage of Medications

The Board requires that all medications, including those approved for keeping by students for self-medication, be first delivered by a parent, an individual who has executed a caretaker relative educational authorization affidavit, or other responsible adult to a nurse or employee assisting with self-administration of medication. A nurse or assistant:

- Must examine any new medication to ensure it is properly labeled with dates, name of student, medication name, dosage, and physician's name;
- Must develop a medication administration plan, if administration is necessary for a student, before any medication is given by school personnel;
- Must record on the student's individual medication record the date a medication is delivered and the amount of medication received;
- Must store medication requiring refrigeration at 36° to 46° F;
- Must store prescribed medicinal preparations in a securely locked storage compartment; and
- Must store controlled substances in a separate compartment, secured and locked at all times.

The District will permit only a forty-five-(45)-school-day supply of a medication for a student to be stored at a school; and all medications, prescription and nonprescription, will be stored in their original containers.

The District will limit access to all stored medication to those persons authorized to administer medications or to assist in the self-administration of medications. The District requires every school to maintain a current list of those persons authorized by delegation from a licensed nurse to administer medications.

The District may maintain a stock supply of auto-injectable epinephrine to be administered by a

school nurse or other authorized personnel to any student or nonstudent as needed for actual or perceived anaphylaxis. If the district intends to obtain an order for emergency use of epinephrine in a school setting or at related activities, the district shall adhere to the requirements stated in 20-5-420, Section 2 MCA.

The District may maintain a stock supply of an opioid antagonist to be administered by a school nurse or other authorized personnel to any student or nonstudent as needed for an actual or perceived opioid overdose. A school that intends to obtain an order for emergency use of an opioid antagonist in a school setting or at related activities shall adhere to the requirements in law.

#### Disposal of Medication

The District requires school personnel either to return to a parent, an individual who has executed a caretaker relative educational authorization affidavit, or guardian or, with permission of the parent, an individual who has executed a caretaker relative educational authorization affidavit, or guardian, to destroy any unused, discontinued, or obsolete medication. A school nurse, in the presence of a witness, will destroy any medicine not repossessed by a parent or guardian within a seven-(7)-day period of notification by school authorities.

Communicable Diseases

***Note:** For purposes of this policy, the term “communicable disease” refers to the diseases identified in 16.28.202, ARM, Reportable Diseases, with the exception of common colds and flu.*

In all proceedings related to this policy, the District will respect a student’s right to privacy. Although the District is required to provide educational services to all school-age children who reside within its boundaries, it may deny attendance at school to any child diagnosed as having a communicable disease that could make a child’s attendance harmful to the welfare of other students. The District also may deny attendance to a child with suppressed immunity in order to protect the welfare of that child when others in a school have an infectious disease, which, although not normally life threatening, could be life threatening to a child with suppressed immunity.

The Board recognizes that communicable diseases that may afflict students range from common childhood diseases, acute and short-term in nature, to chronic, life-threatening diseases such as human immunodeficiency virus (HIV) infection. The District will rely on advice of the public health and medical communities in assessing the risk of transmission of various communicable diseases to determine how best to protect the health of both students and staff.

The District will manage common communicable diseases in accordance with Montana Department of Health guidelines and communicable diseases control rules. The District may temporarily exclude from school attendance a student who exhibits symptoms of a communicable disease that is readily transmitted in a school setting.

Students who complain of illness at school may be referred to a school nurse or other responsible person designated by the Board and may be sent home as soon as a parent or person designated on a student’s emergency medical authorization form has been notified. The District reserves the right to require a statement from a student’s primary care provider authorizing a student’s return to school.

When information is received by a staff member or a volunteer that a student is afflicted with a serious communicable disease, a staff member or volunteer will promptly notify a school nurse or other responsible person designated by the Board to determine appropriate measures to be taken to protect student and staff health and safety. A school nurse or other responsible person designated by the Board, after consultation with and on advice of public health officials, will determine which additional staff members, if any, have need to know of the affected student’s condition.

Only those persons with direct responsibility for the care of a student or for determining appropriate educational accommodation will be informed of the specific nature of a condition, if it is determined that such individuals need to know this information.

Emergency Treatment

The Board recognizes that schools are responsible for providing first aid or emergency treatment to a student in case of sudden illness or injury; however, further medical attention is the responsibility of a parent or guardian.

The District requires that every parent or guardian provide a telephone number where a parent or designee of a parent may be reached in case of an emergency.

When a student is injured, staff will provide immediate care and attention until relieved by a superior, a nurse, or a doctor. The District will employ its normal procedures to address medical emergencies without regard to the existence of a do not resuscitate (DNR) request. A principal or designated staff member will call a parent or parental designee so that the parent may arrange for care or treatment of an injured student.

When a student develops symptoms of illness while at school, a responsible school official will do the following:

Isolate the student from other children to a room or area segregated for that purpose;

Inform a parent or guardian as soon as possible about the illness and request a parent or guardian to pick up the child; and

Report each case of suspected communicable disease the same day by telephone to a local health authority or as soon as possible thereafter if a health authority cannot be reached the same day.

When a parent or guardian cannot be reached, and it is the judgment of a principal or other person in charge that immediate medical attention is required, an injured student may be taken directly to a hospital. Once located, a parent or a guardian is responsible for continuing treatment or for making other arrangements.

Removal of Student During School Day

The Board recognizes its responsibility for the proper care of students during a school day. In accordance with District procedures, only a duly authorized person may remove a student from school grounds, any school building, or school function during a school day. A person seeking to remove a student from school must present evidence satisfactory to a principal of having proper authority to remove a student. A teacher should not excuse a student from class to confer with anyone unless a request is approved by a principal. The Superintendent will establish procedures for removal of a student during a school day.

### Removal of Student During School Day

Schools must exercise a high order of responsibility for the care of students while in school. The removal of a student during the school day may be authorized in accordance with the following procedures:

1. Law enforcement officers, upon proper identification, may remove a student from school as provided in Policies 4410 and 4411.
2. Any other agencies must have a written administrative or court order directing the District to give custody to them. However, employees of the Department of Public Health and Human Services may take custody of a student under provisions of § 41-3-301, MCA, without a court order. Proper identification is required before the student shall be released.
3. A student shall be released to the custodial parent. When in doubt as to custodial rights, school enrollment records must be relied upon, as the parents (or guardians) have the burden of furnishing schools with accurate, up-to-date information.
4. The school should always check with the custodial parent before releasing the student to a non-custodial parent.
5. Prior written authorization from the custodial parent or guardian is required before releasing a student into someone else's custody, unless an emergency situation justifies a waiver.
6. Police should be called if a visitor becomes disruptive or abusive.

Student Fees and Fines

Within the concept of free public education, the District will provide an educational program for students as free of costs as possible.

The Board may charge a student a reasonable fee for any course or activity not reasonably related to a recognized academic and educational goal of the District or for any course or activity taking place outside normal school functions. The Board may waive fees in cases of financial hardship.

The Board delegates authority to the Superintendent to establish appropriate fees and procedures governing collection of fees and asks the Superintendent to make annual reports, at the regular June Board meeting, to the Board regarding fee schedules. The Board also may require fees for actual cost of breakage and for excessive supplies used in commercial, industrial arts, music, domestic science, science, or agriculture courses.

The District holds a student responsible for the cost of replacing materials or property that are lost or damaged because of negligence. A building administrator will notify a student and parent regarding the nature of violation or damage, how restitution may be made, and how an appeal may be instituted. The district may not refuse to transfer files to another district because a student owes fines or fees. The District may not withhold the school schedule of a student because the student owes fines or fees.

The district may withhold the grades, diploma, or transcripts of a current or former student who is responsible for the cost of school materials or the loss or damage of school property until the student or the student's parent or guardian pays the owed fines or fees..

In the event a student who owes fines or fees transfers to another school district in the state and the District has decided to withhold the student's grades, diploma, or transcripts from the student and the student's parent or guardian pursuant to the above paragraph, the District shall:

- i. Upon receiving notice that the student has transferred to another school district in the state, notify the student's parent or guardian in writing that the school district to which the student has transferred will be requested to withhold the student's grades, diploma, or transcripts until any obligation has been satisfied;
- ii. Forward appropriate grades or transcripts to the school district to which the student has transferred;
- iii. At the same time, notify the school district to which the student has transferred of any financial obligation of the student and request the withholding of the student's grades, diploma, or transcripts until any obligations are met;
- iv. When the student or the student's parent or guardian satisfies the obligation, inform the school district to which the student has transferred.

A student or parent may appeal the imposition of a charge for damages to the Superintendent and to the Board.

School student records are confidential, and information from them will not be released other than as provided by law. State and federal laws grant students and parents certain rights, including the right to inspect, copy, and challenge school records.

The District will ensure information contained in student records is current, accurate, clear, and relevant. All information maintained concerning a student receiving special education services will be directly related to the provision of services to that child. The District may release directory information as permitted by law, but parents will have the right to object to release of information regarding their child. Military recruiters and institutions of higher education may request and receive the names, addresses, and telephone numbers of all high school students, unless the parent(s) notifies the school not to release this information.

The Superintendent will implement this policy and state and federal law with administrative procedures. The Superintendent or designee will inform staff members of this policy and inform students and their parents of it, as well as of their rights regarding student school records.

Each student's permanent file, as defined by the board of public education, must be permanently kept in a secure location. Other student records must be maintained and destroyed as provided in 20-1-212, MCA

The District will maintain two (2) sets of school records for each student: a permanent record and a cumulative record. The permanent record will include:

- Basic identifying information
- Academic work completed (transcripts)
- Level of achievement (grades, standardized achievement tests)
- Immunization records (per § 20-5-506, MCA)
- Attendance record
- Statewide student identifier assigned by the Office of Public Instruction
- Record of any disciplinary action taken against the student, which is educationally related

The cumulative record may include:

- Intelligence and aptitude scores

- Participation in extracurricular activities
- Honors and awards
- Teacher anecdotal records
- Verified reports or information from non-educational persons
- Verified information of clear relevance to the student's education
- Information pertaining to release of this record
- Disciplinary information

The Family Educational Rights and Privacy Act (FERPA) affords parents/guardians and students over eighteen (18) years of age ("eligible students") certain rights with respect to the student's education records. They are:

1. **The right to inspect and copy the student's education records, within a reasonable time from the day the District receives a request for access.**

Students less than eighteen (18) years of age have the right to inspect and copy their permanent record. Parents/guardians or students should submit to the school principal (or appropriate school official) a written request identifying the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent(s)/guardian(s) or eligible student of the time and place the records may be inspected. The District charges a nominal fee for copying, but no one will be denied their right to copies of their records for inability to pay this cost.

The rights contained in this section are denied to any person against whom an order of protection has been entered concerning a student.

2. **The right to request amendment of the student's education records which the parent(s)/guardian(s) or eligible student believes are inaccurate, misleading, irrelevant, or improper.**

Parents/guardians or eligible students may ask the District to amend a record they believe is inaccurate, misleading, irrelevant, or improper. They should write the school principal or records custodian, clearly identifying the part of the record they want changed, and specify the reason.

If the District decides not to amend the record as requested by the parent(s)/guardian(s) or eligible student, the District will notify the parent(s)/guardian(s) or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent(s)/guardian(s) or eligible student when notified of the right to a hearing.

3. **The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that FERPA or state law authorizes disclosure without consent.**

Disclosure is permitted without consent to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent(s)/guardian(s) or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest, if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records, without consent, to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by state or federal law. Before information is released to individuals described in this paragraph, the parent(s)/guardian(s) will receive written notice of the nature and substance of the information and an opportunity to inspect, copy, and challenge such records. The right to challenge school student records does not apply to: (1) academic grades of their child, and (2) references to expulsions or out-of-school suspensions, if the challenge is made at the time the student's school student records are forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting, or planning, provided that no student or parent(s)/guardian(s) can be identified; any person named in a court order; and appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons.

4. **The right to a copy of any school student record proposed to be destroyed or deleted.**

5. **The right to prohibit the release of directory information concerning the parent's/guardian's child.**

Throughout the school year, the District may release directory information regarding students, limited to:

Student's name  
Address  
Telephone listing  
Photograph (including electronic version)  
Date and place of birth  
Major field of study  
Dates of attendance  
Grade level  
Enrollment status (e.g., undergraduate or graduate; full-time or part-time)  
Participation in officially recognized activities and sports  
Weight and height of members of athletic teams  
Degrees  
Honors and awards received  
Most recent educational agency or institution attended

*Any parent(s)/guardian(s) or eligible student may prohibit the release of any or all of the above information by delivering written objection to the building principal within ten (10) days of the date of this notice. No directory information will be released within this time period, unless the parent(s)/guardian(s) or eligible student are specifically informed otherwise. When a student transfers, leaves the District, or graduates, the school must continue to honor a decision to opt-out, unless the parent or student rescinds the decision.*

A parent or student 18 years of age or an emancipated student, may not opt out of directory information to prevent the district from disclosing or requiring a student to disclose their name [identifier, institutional email address in a class in which the student is enrolled] or from requiring a student to disclose a student ID card or badge that exhibits information that has been properly designated directory information by the district in this policy.

6. **The right to request that information not be released to military recruiters and/or institutions of higher education.**

Pursuant to federal law, the District is required to release the names, addresses, and telephone numbers of all high school students to military recruiters and institutions of higher education upon request.

Parent(s)/guardian(s) or eligible students may request that the District not release this information, and the District will comply with the request.

7. **The right to file a complaint with the U.S. Department of Education, concerning alleged failures by the District to comply with the requirements of FERPA.**

The name and address of the office that administers FERPA is:

Access to Student Records

The District will grant access to student records as follows:

1. The District or any District employee will not release, disclose, or grant access to information found in any student record except under the conditions set forth in this document.
2. The parents of a student under eighteen (18) years of age will be entitled to inspect and copy information in the child's school records. Such requests will be made in writing and directed to the records custodian. Access to the records will be granted within fifteen (15) days of the District's receipt of such request. Parents are not entitled to records of other students. If a record contains information about two students, information related to the student of the non-requesting parent will be redacted from the record.

In situations involving a record containing video footage, a parent of a student whose record contains the footage is allowed to view the footage contained in the record but is not permitted to receive a copy unless of the parents of the other involved students provide consent. The footage is not a record of students in the background of the image or not otherwise involved in the underlying matter.

Where the parents are divorced or separated, both will be permitted to inspect and copy the student's school records, unless a court order indicates otherwise. The District will send copies of the following to both parents at either one's request, unless a court order indicates otherwise:

- a. Academic progress reports or records;
- b. Health reports;
- c. Notices of parent-teacher conferences;
- d. School calendars distributed to parents/guardians; and
- e. Notices about open houses and other major school events, including pupil-parent interaction.

A student that attains the age of legal majority is an "eligible student" under FERPA. An eligible student has the right to access and inspect their student records. An eligible student may not prevent their parents from accessing and inspecting their student records if they are a dependent of their parents in accordance with internal Revenue Service regulations.

Access will not be granted to the parent or the student to confidential letters and recommendations concerning admission to a post-secondary educational institution, applications for employment, or receipt of an honor or award, if the student has waived his or her right of access after being advised of his or her right to obtain the names of all persons making such confidential letters or statements.

41 records, and one (1) copy will be mailed to the parent or eligible student by the  
42 Superintendent. Whenever the District requests consent to release certain records, the  
43 records custodian will inform the parent or eligible student of the right to limit such  
44 consent to specific portions of information in the records.

STUDENTS

9. The District may release student records to the superintendent or an official with similar responsibilities in a school in which the student has enrolled or intends to enroll, upon written request from such official.

The District will designate one (1) at-risk coordinator to collect and disseminate data regarding dropouts in the District and to coordinate the District's program for students who are at high risk of dropping out of school.

Each school year in September, the at-risk coordinator will prepare a dropout reduction plan that identifies:

1. The number of District students who dropped out in the preceding regular school term;
2. The number of students in grades 9-12 who are at risk of dropping out;
3. The District's dropout rate goal for the next school year;
4. The dropout reduction programs, resources, and strategies to be used during the school year.

The Board will review and approve the plan, at the regular October Board meeting, and will make it available to the public.

The District is not required to prepare a dropout reduction plan if fewer than five percent (5%) of its students are identified as "at risk" of dropping out.

At-Risk Students

In determining whether a student is at high risk of dropping out of school, the District will consider the student's academic performance as well as whether the student is adjudged delinquent; abuses drugs or alcohol; is a student of limited English proficiency; receives compensatory or remedial education; is sexually, physically, or psychologically abused; is pregnant; is a slow learner; enrolls late in the school year; stops attending school before the end of the school year; is an underachiever; is unmotivated; or exhibits other characteristics that indicate the student is at high risk of dropping out of school.

Programs and District Plan

The District will provide a remedial and support program for any student who is at risk of dropping out of school.

The District will have a plan designed to retain students in a school setting. The District plan will be the responsibility of the Superintendent or the designated at-risk coordinator and will:

1. Emphasize a comprehensive team approach that includes the Superintendent, principal,

parent/guardian, teacher, student, community service provider, business representative, or others;

2. Include objectives designed to meet the identified needs of at-risk students and to retain those students in school;

3. Be designed to use community resources that are available to serve at-risk youth;

4. Provide for parental involvement, such as participation in developing student academic plans and training programs for parents; and

5. Provide for review of individual profiles for at-risk students.

The District plan may also:

1. Include alternatives; and

2. Provide for the referral of students who drop out to programs such as adult basic education, Job Training Partnership Act programs, or other options.

Page 1 of 2District-Provided Access to Electronic Information, Services, and NetworksGeneral

The District makes Internet access and interconnected computer systems available to District students and faculty. The District provides electronic networks, including access to the Internet, as part its instructional program and to promote educational excellence by facilitating resource sharing, innovation, and communication.

The District expects all students to take responsibility for appropriate and lawful use of this access, including good behavior on-line. The District may withdraw student access to its network and to the Internet when any misuse occurs. District teachers and other staff will make reasonable efforts to supervise use of network and Internet access; however, student cooperation is vital in exercising and promoting responsible use of this access.

Curriculum

Use of District electronic networks will be consistent with the curriculum adopted by the District, as well as with varied instructional needs, learning styles, abilities, and developmental levels of students, and will comply with selection criteria for instructional materials and library materials. Staff members may use the Internet throughout the curriculum, consistent with the District's educational goals.

Acceptable Uses

1. Educational Purposes Only. All use of the District's electronic network must be: (1) in support of education and/or research, and in furtherance of the District's stated educational goals; or (2) for a legitimate school business purpose. Use is a privilege, not a right. Students and staff members have no expectation of privacy in any materials that are stored, transmitted, or received via the District's electronic network or District computers. The District reserves the right to monitor, inspect, copy, review, and store, at any time and without prior notice, any and all usage of the computer network and Internet access and any and all information transmitted or received in connection with such usage.
2. Unacceptable Uses of Network. The following are considered unacceptable uses and constitute a violation of this policy:
  - A. Uses that violate the law or encourage others to violate the law, including but not limited to transmitting offensive or harassing messages; offering for sale or use any substance the possession or use of which is prohibited by the District's student discipline policy; viewing, transmitting, or downloading pornographic materials or materials that encourage others to violate the law; intruding into the networks or computers of others; and downloading or transmitting confidential, trade secret information, or copyrighted materials.

All use of electronic networks shall be consistent with the District's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. These procedures do not attempt to state all required or proscribed behaviors by users. However, some specific examples are provided. **The failure of any user to follow these procedures will result in the loss of privileges, disciplinary action, and/or appropriate legal action.**

Terms and Conditions

1. Acceptable Use – Access to the District's electronic networks must be: (a) for the purpose of education or research and consistent with the educational objectives of the District; or (b) for legitimate business use.
2. Privileges – The use of the District's electronic networks is a privilege, not a right, and inappropriate use will result in cancellation of those privileges. The system administrator (and/or principal) will make all decisions regarding whether or not a user has violated these procedures and may deny, revoke, or suspend access at any time. That decision is final.
3. Unacceptable Use – The user is responsible for his or her actions and activities involving the network. Some examples of unacceptable uses are:
  - A. Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any federal or state law;

  - c inappropriate language.
  - d Do not reveal personal information, including the addresses or telephone numbers, of students or colleagues.
  - e Recognize that electronic mail (e-mail) is not private. People who operate the system have access to all mail. Messages relating to or in support of illegal activities may be reported to the authorities. Do not use the network in any way that would disrupt its use by other users.

- 1           f   Consider all communications and information accessible via the network to be private  
2           property.  
3
- 4       5. No Warranties – The District makes no warranties of any kind, whether expressed or implied,  
5       for the service it is providing. The District will not be responsible for any damages the user  
6       suffers. This includes loss of data resulting from delays, non-deliveries, missed deliveries, or  
7       service interruptions caused by its negligence or the user’s errors or omissions. Use of any  
8       information obtained via the Internet is at the user’s own risk. The District specifically denies  
9       any responsibility for the accuracy or quality of information obtained through its services.  
10
- 11       6. Indemnification – The user agrees to indemnify the District for any losses, costs, or damages,  
12       including reasonable attorney fees, incurred by the District, relating to or arising out of any  
13       violation of these procedures.  
14
- 15       7. Security – Network security is a high priority. If the user can identify a security problem on  
16       the Internet, the user must notify the system administrator or building principal. Do not  
17       demonstrate the problem to other users. Keep your account and password confidential. Do  
18       not use another individual’s account without written permission from that individual.  
19       Attempts to log on to the Internet as a system administrator will result in cancellation of user  
20       privileges. Any user identified as a security risk may be denied access to the network.  
21
- 22       8. Vandalism – Vandalism will result in cancellation of privileges, and other disciplinary action.  
23       Vandalism is defined as any malicious attempt to harm or destroy data of another user, the

32       republishing of text or graphics found on the Web or on District Websites or file servers,  
33       without explicit written permission.  
34
- 35           a. For each republication (on a Website or file server) of a graphic or text file that was  
36           produced externally, there must be a notice at the bottom of the page crediting the  
37           original producer and noting how and when permission was granted. If possible, the  
38           notice should also include the Web address of the original source.
- 39           b. Students and staff engaged in producing Web pages must provide library media  
40           specialists with e-mail or hard copy permissions before the Web pages are published.  
41           Printed evidence of the status of “public domain” documents must be provided.
- 42           c. The absence of a copyright notice may not be interpreted as permission to copy the  
43           materials. Only the copyright owner may provide the permission. The manager of the  
44           Website displaying the material may not be considered a source of permission.
- 45           d. The “fair use” rules governing student reports in classrooms are less stringent and  
46           permit limited use of graphics and text.

- e. Student work may only be published if there is written permission from both the parent/guardian and the student.

3. Each District computer with Internet access has a filtering device that blocks entry to visual depictions that are: (1) obscene; (2) pornographic; or (3) harmful or inappropriate for students, as defined by the Children’s Internet Protection Act and determined by the Superintendent or designee.

4. The district shall provide age-appropriate instruction to students regarding appropriate online behavior. Such instruction shall include, but not be limited to: positive interactions with others online, including on social networking sites and in chat rooms; proper online social etiquette; protection from online predators and personal safety; and how to recognize and respond to cyberbullying and other threats.

5. The system administrator and principal shall monitor student Internet access.

Operators shall not sell a pupil's information, including protected information unless authorized by law. Operators shall not disclose protected information unless the disclosure is made in accordance with School District policy, state or federal law, or with parent consent. Operators shall implement and maintain reasonable security procedures and practices appropriate to the nature of the protected information and safeguard that information from unauthorized access, destruction, use, modification, or disclosure. Third Parties Providing Software and Services

Third parties providing digital education software and services to the School District shall certify that pupil records will not be retained or available to the third party upon completion of the terms of the agreement. Furthermore, third parties shall not use any information in pupil records for any purpose other than those required or specifically permitted by the agreement with the operator. ## COMMUNITY RELATIONS

4120

Public Relations

The District will strive to maintain effective two-way communications with the public to enable the Board and staff to interpret schools needs to the community and provide a means for citizens to express their needs and expectations to the Board and staff.

The Superintendent will establish and maintain a communication process within the school system and between it and the community. Such public information program will provide for news releases at appropriate times, arrange for media coverage of district programs and events, provide for regular direct communications between individual schools and the citizens they serve, and assist staff in improving their skills and understanding in communicating with the public.

The District may solicit community opinion through parent organizations, parent-teacher conferences, open houses, and other events or activities which may bring staff and citizens together.

School-Support Organizations, Boosters and Fundraising

The Board recognizes that parent, teacher, and student organizations are an invaluable resource to District schools and supports their formation and vitality. While parent, teacher, and student organizations have no administrative authority and cannot determine District policy, their suggestions and assistance are always welcome.

School-Support Organizations

Parent or booster organizations are recognized by the Board and permitted to use the District's name, a District school's name, or a District school's team name or any logo attributable to the District, provided they first receive the Board's approval during a duly constituted Board meeting. Unauthorized use of the District school's team name, logo, or imagery is strictly prohibited. The District reserves the right to seek all available legal remedies for unauthorized use of the District school's name, logo, or imagery.

In order for the School District to comply with the federal law, state law and MHSA By-Laws, Rules and Regulations, Board recognition as a parent or booster organization along with consent to use one of the above-mentioned names or logos will be granted if the organization has approved and submitted bylaws containing the following:

1. The organization's name and purpose. Acceptable purposes may include enhancement of students' educational experiences, assistance to meet educational needs of students, support of academic clubs, or enrichment of extracurricular activities.
2. The rules and procedures under which it operates.
3. A statement that the membership will adhere to applicable Board policies and administrative procedures when working on District premises or with District officials or programs.
4. A statement that membership is open and unrestricted and the organization will not engage in discrimination based on someone's innate characteristics or membership in a protected classification.
5. A statement that the District is not, and will not be, responsible for the organization's business or the conduct of its members.
6. A designation of the organization's treasurer. A statement that the organization will maintain finances consistent with General Finance Principles in a manner open to review by any member of the organization or the school district.

7. A recognition that money given to a school cannot be earmarked for any particular expense. Booster organizations may make recommendations, but cash or other valuable consideration must be given to the District to use at its discretion. The Board's legal obligation to comply with Title IX by providing equal athletic opportunity for members of both genders will supersede an organizations recommendation.<sup>1</sup>

8. A recognition that the School District reserves the right to reject any and all donations.

Permission to use one of the above-mentioned names, logos or imagery may be suspended by the administration and rescinded by the Board for failure to comply with this policy. Authorization to use one of the above-mentioned names, logos, or imagery does not constitute permission to act as the District's representative. At no time does the District accept responsibility for the actions of any parent or booster organization, regardless of whether it was recognized and/or permitted to use any of the above-mentioned names or logos.<sup>2</sup> The Superintendent shall designate an administrative staff member to serve as the liaison to parent or booster organization. The liaison will serve as a resource person and provide information about school programs, resources, policies, problems, concerns, and emerging issues. Building staff may be encouraged to participate in the organizations.

#### Individual Boosters or Donors

Individual boosters or donors not covered by the bylaws of an organization governed by this policy may still assist in school operations. The Board encourages the involvement of local communities in school activities and operations. In order for the School District to comply with the federal law, state law and MHSA By-Laws, Rules and Regulations, individual boosters or donors must honor the following provisions:

1. The individual must have prior approval must be granted by the Board for use of the District's name, logo, or imagery.
2. The individual must comply with Board policies and administrative procedures when submitting donations.

---

<sup>1</sup> The School District may not accept booster organization assistance that creates vast gender differences or a school board may face claims that it has violated Title IX. Title IX's focus is on equal funding opportunities, equal facility availability, similar travel and transportation treatment, comparable coaching, and comparable publicity (34 C.F.R. Part 106).

<sup>2</sup> Booster organizations present potential liabilities to a school district beyond loss of funds, because they seldom are properly organized (they generally are not incorporated or otherwise legally recognized), carry no insurance, raise and handle large sums of money, and organization members hold themselves out as agents of the school (after all, no funds could be raised but for the school connection). A disclaimer, such as the one presented here, may not be sufficient. A district may take several actions, after discussion with its attorney, to minimize liability, such as adding a requirement to item 6 above that the organization: (1) operate under the school's authority (activity accounts); or (2) be properly organized and demonstrate fiscal responsibility by being a 501(c)(3) organization, obtaining a bond, and/or arranging regular audits. Ultimately, the best way to minimize liability is to be sure that the district's errors-and-omissions insurance covers parent organizations and booster organizations.

3. The individual may not violate federal law, state law, District policy or MHSA By-Laws, Rules and Regulations.
4. The individual acknowledges the District is not, and will not be, responsible for the individual booster or donor's business or their conduct.
5. The individual acknowledges that donations cannot be earmarked for any particular expense. Individual boosters or donors may make recommendations, but cash or other valuable consideration must be given to the District to use at its discretion in accordance with applicable laws. The Board's legal obligation to comply with Title IX by providing equal athletic opportunity for members of both genders will supersede any individual's recommendation.
6. The District reserves the right to reject any and all donations.

#### Fundraising

All donations completed by recognized organizations are subject to applicable School District policies regarding financial management. Funding endeavors are generally viewed as beneficial when coordinated with district goals, initiatives, and existing plans. The District reserves the right to reject any and all donations.

All funds raised by recognized organizations that are donated to the School District become public funds when placed in a School District account. All public funds must be monitored in accordance with state law. Donations must be reviewed to ensure compliance with equity rules, amateur rules and appropriateness under district policy. Donations may be conditional under state law if conditions are in compliance.

Accommodating Individuals With Disabilities

Individuals with disabilities will be provided opportunity to participate in all school-sponsored services, programs, or activities on a basis equal to those without disabilities and will not be subject to illegal discrimination.

The District may provide auxiliary aids and services when necessary to afford individuals with disabilities equal opportunity to participate in or enjoy the benefits of a service, program, or activity.

The Superintendent is designated the Americans with Disabilities Act Title II Coordinator and, in that capacity, is directed to:

1. Oversee District compliance efforts, recommend necessary modifications to the Board, and maintain the District's final Title II self-evaluation document and keep it available for public inspection for at least three (3) years after its completion date (*for districts having fifty (50) or more full- or part-time employees*).
2. Institute plans to make information regarding Title II protection available to any interested party.

An individual with a disability should notify the Superintendent or building principal if they have a disability which will require special assistance or services and what services are required. This notification should occur as far as possible before the school-sponsored function, program, or meeting.

Individuals with disabilities may allege a violation of this policy or of federal law by reporting it to the Superintendent, as the Title II Coordinator, or by filing a grievance under the Uniform Complaint Procedure.

The principal may approve school assemblies on specific educational topics of interest and relevance to the school program. The District normally does not permit other types of contact by non-school personnel.

JHS Policy 4330, Community Relations, Community Use of School Facilities

The District recognizes the importance and value of the school facilities to the public and is committed to providing public access to district facilities to the greatest extent possible while still

- providing primary facility availability for school activities
- being mindful of district budget and expense limitations
- providing adequate safeguards for the care and maintenance of the facilities and persons using the facilities.

Other than the regular conduct of school district teaching, athletics and activities for students, the types of use that can be approved in District facilities and their requirements include but are not limited to:

	Current District Students Only	Open to anyone	Must be 16 or older	Requires paid district employee supervision	Requires approved supervisor	Covered by District Insurance	May require private insurance	Requires facilities agreement	Student Coaching can occur	May require rental fee

Community Open Gym		X		X		X				
MHSA Open Gym	X			X		X				
Adult Education activity			X		X	X				
Private individual					X		X	X		X

**Student Open Gym** and **Adult Education** activities are scheduled and coordinated through the regular instructional and activities/athletics program.

Generally, Montana High School Association (MHSA) Rules and Regulations preclude coaching of a student at events other than school practices and contests. Exceptions do exist, however, and the interested person should contact the Activities Director for more information or consult the MHSA Official handbook.

**Community Open Gym** is scheduled and coordinated through the office of the Activities Director as part of planning for all school activities. As a school-sponsored event, Community Open Gym must be supervised by a non-student adult supervisor paid by the district. Due to this expense, the availability of Community Open Gym will be limited. The District goal is to provide at least one two-and-a-half hour Community Open Gym on a regular basis per month

or more as facility availability and budget permit.

**Private individual and private organization** use of district facilities is coordinated through the office of the Activities Director. A facilities agreement is required (Form 4330F1).

Private general liability insurance may be required. Rental fees, deposits and cleaning fees may be required. On-site supervision provided by an approved non-student adult supervisor for the setup, event and clean-up may be required. Organizations or individuals found to have violated this policy or its associated Facility Use Agreement, Rules and Regulations for Facility Use, or any other district policy while using a district facility may have their privilege to use the facility suspended for a period of time or revoked indefinitely at the discretion of administration. Appeal of a suspension or revocation decision may be made to the Board but the Board decision is final.

Each spring, the Activities Director will publish the dates during the upcoming summer and school year for which the school south gym may be available for non-school use and will coordinate the schedule and use of the gym throughout the year and maintain an updated schedule. Availability of other District facilities and grounds will be determined by the Activities Director upon request. The Activities Director will maintain a list of non-student adult individuals approved to act as event facility supervisors.

The current facility schedule will be posted by the Activities Director at the front entrance to the school and at the entrance to the south gym at all times.

A permanent sign will be displayed at the entrance to the school and at the entrance to the south gym with information on how to arrange for facility use and the most important rules and regulations for facility use.

INSURANCE REQUIREMENTS FOR FACILITY USE APPLICATION/PERMIT

The District may, in the sole discretion of the Superintendent or the Board of Trustees, require a User of District facilities to provide proof of insurance coverage for the event. In determining whether to require such insurance, the Superintendent or Board will consider such factors as whether the event is being held for commercial purposes and/or if there is a probability of damage or injury to school property and any other factors having to do with the facility and its contents or individuals using the facility.

When required by the District, the User of the facility shall provide the School District with a certificate of insurance. Said certificate shall name the School District as an additional insured. Such certificate shall show coverage for comprehensive general liability insurance for injuries to or death of any person or damage to or loss of property arising out of or in any way resulting from the use of the facility. Said insurance shall provide for amounts not less than \$1,000,000 for bodily injury or death to any one person, \$1,000,000 for all bodily injuries and death resulting from any one accident and \$1,000,000 for property damage in any one accident or the policy may provide a combined single limit for bodily injury and property damage of \$1,000,000. Said certificate shall also contain information regarding the coverage for worker's compensation or self insured status as per Montana insurance guidelines. Said certificate shall contain a provision that the insurer not cancel or refuse to renew without giving the School District written notice at least 10 days before the effective date of the cancellation or non-renewal.

In an effort to give guidance to administration and the community regarding when separate insurance might be required, the Board has compiled the following examples. This is not a definitive list and these decisions will be made by administration or the Board on a case by case basis.

Types of events that would not usually require insurance include but are not limited to:

- District resident or group use (individuals, families, bake sales, Scouts, 4H, County Health, local funerals, community public forums)
- Local non-profit organizations (Booster Club, Local Development Corporation, Boulder Area Chamber, Christmas Bazaar)
- Similar low risk events

Types of events that would usually require insurance include but are not limited to: Commercial for profit or revenue-generating events (Tool sales event, professional performance events)

- Any event with potential risk to the district facilities (Donkey Basketball, circuses)
- Any event for any organization that maintains event or medical liability insurance so that their insurance is primary to ours
- Events with some risk but that provide proof of their own organization's insurance

that would cover this event (Little Guy Wrestling, Collegiate-sponsored or other sports camps or clinics, Helena Titans, Spay/Neuter Clinic, Red Cross Blood Drawing, other school's events)

As coordinator, the Superintendent will authorize the inspection and copying of District records only in accordance with the criteria set forth in this policy.

In accordance with Title 2, Chapter 6, MCA, the District will make available for public inspection and copying all District records or portions of records, except those containing the following information:

1. Personal information in any file maintained for students. Information in student records will be disclosed only in accordance with requirements of the Family Educational Rights and Privacy Act of 1974 and adopted District policy.
2. Personal information in files maintained for staff, to the extent that disclosure will violate their right to privacy.
3. Test questions, scoring keys, or other examination data used to administer academic tests.
4. The contents of real estate appraisals made for or by the District relative to the acquisition of property, until the project is abandoned or until such time as all of the property has been acquired, but in no event will disclosure be denied for more than three (3) years after appraisal.
5. Preliminary drafts, notes, recommendations, and intra-District memoranda in which opinions are expressed or policies formulated or recommended, except a specific record shall not be exempt when publicly cited by the District in connection with any District action.

6. Records relevant to a controversy to which the District is a party, but which would not be available to another party under the rules of pretrial discovery, for cases pending resolution.
7. Records or portions of records, the disclosure of which would violate personal rights of privacy.
8. Records or portions of records, the disclosure of which would violate governmental interests.
9. Records or information relating to individual or public safety or the security of public schools if release of the information jeopardizes the safety of facility personnel, the public students in a public school.

If the District denies any request, in whole or in part, for inspection and copying of records, the District will provide the requesting party with reasons for denial.

If the record requested for inspection and/or copying contains both information exempted from disclosure and non-exempt information, the District shall, to the extent practicable, produce the record with the exempt portion deleted and shall provide written explanation for the deletion.

The District will not provide access to lists of individuals, which the requesting party intends to use for commercial purposes or which the District reasonably believes will be used for commercial purposes if such access is provided. However, the District may provide mailing lists of graduating students to representatives of the U.S. armed forces and the National Guard for purpose of recruitment.

The coordinator is authorized to seek an injunction to prevent disclosure of records otherwise suitable for disclosure, when it is determined reasonable cause exists to believe disclosure would not be in the public interest and would substantially or irreparably damage any person or would substantially or irreparably damage vital governmental functions.

Relations with Law Enforcement and Child Protective Agencies

The staff is primarily responsible for maintaining proper order and conduct in the schools. Staff shall be responsible for holding students accountable for infractions of school rules, which may include minor violations of the law, occurring during school hours or at school activities. When there is substantial threat to the health and safety of students or others, such as in the case of bomb threats, mass demonstrations with threat of violence, individual threats of substantial bodily harm, trafficking in prohibited drugs, or the scheduling of events where large crowds may be difficult to handle, the law enforcement agency shall be called upon for assistance.

Information regarding major violations of the law shall be communicated to the appropriate law enforcement agency.

The District will strive to develop and maintain cooperative working relationships with the law enforcement agencies. Procedures for cooperation between law enforcement, child protective, and school authorities will be established. Such procedures will be made available to affected staff and will be periodically revised.

County Interdisciplinary Child Information and School Safety Team

The District will participate in the Jefferson County interdisciplinary child information and school safety team established by Section 52-2-211, MCA. This team consists of county-level representatives of the youth court, the county attorney, the department of public health and human services, the county superintendent of schools, the sheriff, the chief of any police force, the superintendents of public school districts in the County, and the department of corrections.

The purpose of the team is “to facilitate the exchange and sharing of information that one or more team members may be able to use in serving a child in the course of their professions and occupations, including but not limited to abused or neglected children, delinquent youth, and youth in need of intervention, and of information relating to issues of school safety.”

The Superintendent is authorized to participate in the formation of and request information from the interdisciplinary child information and school safety team regarding students in the School District. The Superintendent shall utilize this authority on a regular basis to ensure the safety and security of the District.

Investigations and Arrests by Police

All contact between the school and the police department on matters involving students shall be made through the administrative office. The District encourages police to talk to a student away from the school and before or after school hours. Law enforcement authorities should only be allowed to conduct an interview in the school, if they can show special circumstances exist or if the interview is at the request of the school. The Superintendent or principal should make this determination.

- A. If the police have a warrant for the student's arrest, they must be permitted to arrest the student; however, whenever possible, the arrest should be conducted in the principal's office out of view of other students. Before removing a student from school, the police shall sign a release form in which they assume full responsibility for the student.
- B. Law enforcement personnel should not be allowed to roam about the school until the student is found. They should remain in the administration office while school personnel seek out the student.
- C. If possible, the educational program of the student should not be disrupted to allow for police questioning.
- D. Any questioning by police should be conducted in a private room or area where confidentiality can be maintained.
- E. If law enforcement officials are to be allowed to question a student under the age of eighteen (18), a reasonable attempt shall be made to notify the parents, except in cases of suspected child abuse or child neglect involving the parent. The parents should be given the opportunity to come to the school prior to the questioning.
- F. If the parents are notified and able to attend, they should be allowed to be present at the interview. The administrator should be present at the interview, but should not take part in any questioning. The administrator should at all times remain a neutral observer.

Cooperative Programs With Other Districts, Public Agencies, and Businesses

Whenever it appears to the economic, administrative, and/or educational advantage of the District to participate in cooperative programs with other units of local government, the Superintendent will prepare and present for Board consideration an analysis of each cooperative proposal.

When formal cooperative agreements are developed, such agreements shall comply with requirements of the Interlocal Cooperation Act, with assurances that all parties to the agreement have legal authority to engage in the activities contemplated by the agreement.

The District may enter into interlocal agreements with a unit of the Montana University System, public community college, and/or tribal college, which would allow students enrolled in the 11<sup>th</sup> and 12<sup>th</sup> grades to attend and earn credit for classes not available in the District. Tuition and fees, if assessed, will be provided for in the interlocal agreement.

The District may enter into an interlocal agreement providing for the sharing of teachers, specialists, superintendents, or other professional persons licensed under Title 37, MCA. If the District shares a teacher or specialist with another district(s), the District's share of such teacher's or specialist's compensation will be based on the total number of instructional hours expended by the teacher or the specialist in the District.

Registered Sex Offenders

The State of Montana has determined that perpetrators of certain sex crimes pose a continuing threat to society as a whole even after completion of their criminal sentences. Recognizing that the safety and welfare of students is of paramount importance, the Jefferson High School District declares that, except in limited circumstances, Jefferson High School District should be off limits to registered sex offenders.

Employment

Notwithstanding any other Board policy, individuals listed by the State of Montana as registered sex offenders are ineligible for employment in any position within the Jefferson High School District. However, the Superintendent shall have discretion consistent with other Board policies to recommend an individual whose name has been expunged from the Sex Offender Registry.

School Off Limits

The District hereby declares that no registered sex offender whose victim was a minor may come on, about, or within 1,000 feet of any District owned buildings or property except as otherwise provided in this policy. If an administrator becomes aware that such a sex offender is on, about, or within 1,000 feet of school property, the administrator shall direct the sex offender to leave the area immediately. The School Board authorizes the administrator to request the assistance of the appropriate law enforcement authorities to secure the removal of any registered sex offender from the area. If a registered sex offender disregards the terms of this policy or the directives of the school administrator, then the Superintendent is authorized to confer with counsel and to pursue such criminal or civil action as may be necessary to enforce compliance with this policy.

This policy shall not be construed to impose any duty upon any administrator or any other employee of the District to review the Sex Offender Registry or to screen individuals coming on, or within 1,000 feet of school property to ascertain whether they are on the Registry. This policy shall only apply when administrators are actually aware that the person in question is on the Sex Offender Registry and that the offender's victim was a minor.

The provisions of this policy prohibiting a registered sex offender from coming on, about, or within 1,000 feet of school property shall not apply in the event that a sex offender's name should be expunged from the Registry.

Rights of Parents on the Sex Offender Registry

In the event that a registered sex offender whose victim was a minor has child attending the District, the administrator of the school where the child attends shall be authorized to modify this policy's restrictions to permit the parent to drop off and pick up the child from school and to

1 come onto campus to attend parent-teacher conferences. However, the parent may not linger on  
2 or about school property before or after dropping of his or her child, and the parent is prohibited  
3 from being in any part of the school building except the main office.  
4

5 This policy does not impose a duty upon the administrator of any school or any other employee  
6 of the District to review the Sex Offender Registry and the school system's directory information  
7 to ascertain whether a registered sex offender may have a child attending school in the District.  
8

9 The provisions of this policy shall apply only if an administrator actually becomes aware that a  
10 parent of a student at the school is a registered sex offender.  
11

12 To facilitate voluntary compliance with this policy, administrators are encouraged to speak with  
13 any affected parents upon learning of their status as registered sex offenders to communicate the  
14 restrictions of this policy. At all times, the administrator shall endeavor to protect the privacy of  
15 the offender's child.  
16

17 In the event of a truly exceptional situation such as graduation, a parent on the Sex Offender  
18 Registry may ask the Superintendent for a waiver of this policy to permit the parent to attend  
19 these special events. It is the intent of the Board, however, that these special circumstances be  
20 truly unusual and infrequent occurrences.

Sexual Harassment of Employees The district does not discriminate on the basis of sex in any education program or activity that it operates. The District is required by Title IX of the Education Amendments of 1972 and the regulations promulgated through the U.S. Department of Education not to discriminate in such a manner. Inquiries about the application of title IX to the District may be referred to the District's Title IX Coordinator, to the Assistant Secretary for Civil Rights of the Department of Education, or both.

The Board designates the following individual to serve as the District's Title IX Coordinator:

Title: School Counselor \_\_\_\_\_  
Office address: 312 S. Main St. Boulder, MT 59632 \_\_\_\_\_

Any person may report sex discrimination, including sexual harassment, at any time, including during non-business hours. Such a report may be made using the attached form, in person, by mail, by telephone, or by electronic mail using the contact information listed for the Title IX Coordinator or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report.

For purposes of this policy and the grievance process, "sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

1. A District employee conditioning the provision of an aid, benefit, or service of the District on an individual's participation in unwelcome sexual conduct;
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's education program or activity; or
3. "Sexual assault" as defined in 20 USC 1092(f)(6)(A)(v), "dating violence" as defined in 34 USC 12291(a)(10), "domestic violence" as defined in 34 USC 12291(a)(8), or "stalking" as defined in 34 USC 12291(a)(30).

When the harassment or discrimination on the basis of sex does not meet the definition of sexual harassment, the Title IX Coordinator shall direct the individual to the applicable sex discrimination process for investigation.

An individual is not required to submit a report of sexual harassment involving the Title IX Coordinator. In the event the Title IX Coordinator is responsible for or a witness to the alleged harassment, the individual may report the allegations to the building principal or superintendent or other unbiased school official.

Sexual Harassment Grievance Procedure – Employees

The Board requires the following grievance process to be followed for the prompt and equitable resolution of employee complaints alleging any action that would be prohibited as sexual harassment by Title IX. The Board directs the process to be published in accordance with all statutory and regulatory requirements.

Definitions

The following definitions apply for Title IX policies and procedures:

“Actual knowledge”: notice of sexual harassment or allegations of sexual harassment to the District’s Title IX Coordinator or any official of the District who has authority to institute corrective measures on behalf of the District or to any employee of an elementary or secondary school.

“Education program or activity”: includes locations, events, or circumstances over which the District exercised substantial control over both the individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment and the context in which the sexual harassment occurs.

“Complainant”: an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

“Respondent”: an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Formal complaint”: a document filed by a Complainant or signed by the title IX Coordinator alleging sexual harassment against a Respondent and requesting that the District investigate the allegation of sexual harassment.

“Supportive measures”: non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the Complainant or Respondent before or after the filing of a formal complaint or where no formal complaint has been filed.

District Requirements

When the District has actual knowledge of sexual harassment in an education program or activity of the District, the District will respond promptly in a manner that is not deliberately indifferent. When the harassment or discrimination on the basis of sex does not meet the definition of sexual harassment, the Title IX Coordinator will direct the individual to the applicable sex discrimination process for investigation.

The District treats individuals who are alleged to be the victim (Complainant) and perpetrator (Respondent) of conduct that could constitute sexual harassment equitably by offering supportive measures. Supportive measures are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the District's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, mutual restrictions on contact between the parties, leaves of absence, increased security and monitoring of certain areas of the District's property, campus escort services, changes in work locations, and other similar measures.

The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures. Upon the receipt of a complaint, the Title IX Coordinator must promptly contact the Complainant to discuss the availability of supportive measures, consider the Complainant's wishes with respect to supportive measures, inform the Complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the Complainant the process for filing a formal complaint. If the District does not provide the Complainant with supportive measures, then the District must document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

#### Timelines

The district has established reasonably prompt time frames for the conclusion of the grievance process, including time frames for filing and resolving appeals and informal resolution processes. The grievance process may be temporarily delayed or extended for good cause. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities. In the event the grievance process is temporarily delayed for good cause, the District will provide written notice to the Complainant and the Respondent of the delay or extension and the reasons for the action.

#### Response to a Formal Complaint

At the time of filing a formal complaint, a Complainant must be participating in or attempting to participate in the education program or activity of the District with which the formal complaint is filed. A formal complaint may be filed with the Title IX Coordinator in person, by mail, by electronic mail, or other means designated by the District.

The District must follow the formal complain process before the imposition of any disciplinary sanctions or other actions that are not supportive measures. However, nothing in this policy precludes the District from placing a non-student employee Respondent on administrative leave during the pendency of the grievance process. The District may also remove a student Respondent alleged to have harassed an employee Complainant from the education setting. The student may receive instruction in an offsite capacity during the period of removal. This

provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Upon receipt of a formal complaint, the District must provide written notice to the known parties including:

1. Notice of the allegations of sexual harassment, including information about the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, the date and location of the alleged incident, and any sufficient details known at the time. Such notice must be provided with sufficient time to prepare a response before any initial interview;
2. An explanation of the District's investigation procedures, including any informal resolution process;
3. A statement that the Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made by the decision-maker at the conclusion of the investigation;
4. Notice to the parties that they may have an advisor of their choice who may be, but is not required to be, an attorney and may inspect and review any evident; and
5. Notice to the parties of any provision in the District's code of conduct or policy that prohibits knowingly making false statements or knowingly submitting false information.

If, in the course of an investigation, the District decides to investigate allegations about the Complainant or Respondent that are not included in the notice initially provided, notice of the additional allegations must be provided to known parties.

The District may consolidate formal complaints as to allegations of sexual harassment against more than one Respondent, or by more than one Complainant against one or more Respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

#### Investigation of a Formal Complaint

When investigating a formal complaint and throughout the grievance process, the District must:

1. Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the District and not the parties;

2. Provide an equal opportunity for the parties to present witnesses and evidence;
3. Not restrict either party's ability to discuss the allegations under investigation or to gather and present relevant evidence;
4. Allow the parties to be accompanied with an advisor of the party's choice who may be, but is not required to be, an attorney. The District may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;
5. Provide written notice of the date, time, location, participants, and purpose of any interview or meeting at which a party is expected to participate with sufficient time for the party to prepare to participate;
6. Provide the parties equal access to review all the evidence collected which is directly related to the allegations raised in a formal complaint and comply with the review periods outlined in this process;
7. Objectively evaluate all relevant evidence without relying on sex stereotypes;
8. Ensure that Title IX Coordinators, investigators, decision-makers, and individuals who facilitate an informal resolution process do not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent;
9. Not make creditability determinations based on the individual's status as Complainant, Respondent, or witness; and
10. Not use questions or evidence that constitute or seek disclosure of privileged information unless waived.

Dismissal of Formal Complaints

If the conduct alleged in the formal complaint would not constitute sexual harassment even if proved, did not occur in the district's education program or activity, or did not occur against a person in the United States, then the District must dismiss the formal complaint with regard to that conduct for purposes of sexual harassment under this policy.

The Title IX Coordinator also may dismiss the formal complaint or any allegations therein at any time during the investigation or hearing, if applicable, when any of the following apply:

1. a Complainant provides written notification to the Title IX Coordinator that the Complainant would like to withdraw the formal complaint or any allegations therein;

2. the Respondent is no longer enrolled or employed by the District; or
3. specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon dismissal, the Title IX Coordinator promptly sends written notice of the dismissal and the reasons for dismissal simultaneously to both parties.

#### Evidence Review

The District provides both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation. The evidence provided by the District must include evidence that is directly related to the allegations in the formal complaint, evidence upon which the District does not intend to rely in reaching a determination regarding responsibility, and any inculpatory or exculpatory evidence whether obtained from a party or other source. Prior to completion of the investigative report, the Title IX Coordinator must send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties have 10 calendar days to submit a written response to the Title IX Coordinator, which the investigator will consider prior to completion of the investigative report.

#### Investigative Report

The investigator must prepare an investigative report that fairly summarizes relevant evidence and send the report to the Title IX Coordinator. The Title IX Coordinator must send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy for their review and written response. The parties have 10 calendar days to submit a written response to the Title IX Coordinator.

#### Decision-Maker's Determination

The investigative report is submitted to the decision-maker. The decision-maker cannot be the same person(s) as the Title IX Coordinator or the investigator. The decision-maker cannot hold a hearing or make a determination regarding responsibility until 10 calendar days from the date the Complainant and Respondent receive the investigator's report.

Prior to reaching a determination regarding responsibility, the decision-maker must afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the Complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the

Respondent and are offered to prove consent. Questions must be submitted to the Title IX Coordinator within three calendar days from the date the Complainant and Respondent receive the investigator's report.

The decision-maker must issue a written determination regarding responsibility based on a preponderance of the evidence standard. The decision-maker's written determination must:

1. Identify the allegations potentially constituting sexual harassment;
2. Describe the procedural steps taken, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather evidence, and hearing held;
3. Include the findings of fact supporting the determination;
4. Draw conclusions regarding the application of any District policies and/or code of conduct rules to the facts;
5. Address each allegation and a resolution of the complaint including a determination regarding responsibility, the rationale therefor, any recommended disciplinary sanction(s) imposed on the Respondent, and whether remedies designed to restore or preserve access to the educational program or activity will be provided by the District to the Complainant; and
6. The procedures and permissible bases for the Complainant and/or Respondent to appeal the determination.

A copy of the written determination must be provided to both parties simultaneously, and generally will be provided within 60 calendar days from the District's receipt of a formal complaint.

The determination regarding responsibility becomes final either on the date that the District provides the parties with the written determination of the result of the appeal if an appeal is filed, or, if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Whether a determination of responsibility for sexual harassment has been made against the Respondent, the District will provide remedies to the Complainant that are designed to restore or preserve equal access to the District's education program or activity. Such remedies may include supportive measures; however, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the Respondent. The Title IX Coordinator is responsible for effective implementation of any remedies. Following any determination of responsibility, the District may implement disciplinary sanctions in accordance with State or Federal law and/or the negotiated agreement. For employees, the sanctions may include any form of responsive discipline, up to and including termination.

Appeals

Either the Complainant or Respondent may appeal the decision-maker's determination regarding responsibility or a dismissal of a formal complaint on the following bases:

1. Procedural irregularity that affected the outcome of the matter;
2. New evidence that was not reasonably available at the time that could affect the outcome; and
3. The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent that affected the outcome.

The request to appeal must be made in writing to the Title IX Coordinator within seven calendar days after the date of the written determination. The appeal decision-maker must not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent and cannot be the Title IX Coordinator, the investigator, or the decision-maker from the original determination.

The appeal decision-maker must notify the other party in writing when an appeal is filed and give both parties a reasonable equal opportunity to submit a written statement in support of or challenging the outcome. After reviewing the evidence, the appeal decision-maker must issue a written decision describing the result of the appeal and the rationale for the result. The decision must be provided to both parties simultaneously, and generally will be provided within 10 calendar days from the date the appeal is filed.

Informal Resolution Process

Except when concerning allegations that an employee sexually harassed a student, at any time during the formal complaint process and prior to reaching a determination regarding responsibility, the District may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and determination of responsibility, provided that the District:

1. Provides to the parties a written notice disclosing:
  - a. The allegations;
  - b. The requirements of the informal resolution process including the circumstances under which is precludes the parties from resuming a formal complaint arising from the same allegations provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from

the informal resolution process and resume the Title IX formal complaint process with respect to the formal complaint; and

- c. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

2. Obtains the parties' voluntary, written consent to the informal resolution process.

The informal resolution process generally will be completed within 30 calendar days, unless the parties and the Title IX Coordinator mutually agree to temporarily delay or extend the process. The formal grievance process timelines are stayed during the parties' participation in the informal resolution process. If the parties do not reach resolution through the informal resolution process, the parties will resume the formal complaint grievance process, including timelines for resolution, at the point they left off.

#### Recordkeeping

The District must maintain for a period of seven years records of:

1. Each sexual harassment investigation, including any determination regarding responsibility, any disciplinary sanctions imposed on the Respondent, and any remedies provided to the Complainant designed to restore or preserve equal access to the District's education program or activity;
2. Any appeal and the result therefrom;
3. Any informal resolution and the result therefrom; and
4. All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The District must make these training materials publicly available on its website.

The district must create and maintain for a period of seven years records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the District must document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the District's education program or activity.

This includes bullying, harassment, or intimidation via electronic communication devices (“cyberbullying”).

Definitions

1. “Third parties” include but are not limited to coaches, school volunteers, parents, school visitors, service contractors or others engaged in District business, such as employees of businesses or organizations participating in cooperative work programs with the District, and others not directly subject to District control at inter-district and intra-District athletic competitions or other school events.
2. “District” includes District facilities, District premises, and non-District property if the employee is at any District-sponsored, District-approved, or District-related activity or function, such as field trips or athletic events, where the employee is engaged in District business.
3. “Harassment, intimidation, or bullying” means any act that substantially interferes with an employee’s opportunities or work performance, that takes place on or immediately adjacent to school grounds, at any school-sponsored activity, on school-provided transportation, or anywhere conduct may reasonably be considered to be a threat or an attempted intimidation of a staff member or an interference with school purposes or an educational function, and that has the effect of:
  - a. Physically harming an employee or damaging an employee’s property;
  - b. Knowingly placing an employee in reasonable fear of physical harm to the employee or damage to the employee’s property; or
  - c. Creating a hostile working environment.
4. “Electronic communication device” means any mode of electronic communication, including, but not limited to, computers, cell phones, PDAs, or the internet.

Reporting

All complaints about behavior that may violate this policy shall be promptly investigated. Any employee or third party who has knowledge of conduct in violation of this policy or feels he/she has been a victim of harassment, intimidation, or bullying in violation of this policy is encouraged to immediately report his/her concerns to the building principal or the District Administrator, who have overall responsibility for such investigations. Complaints against the building principal shall be filed with the Superintendent. Complaints against the Superintendent or District Administrator shall be filed with the Board.

PERSONNEL

Page 2 of 2

The complainant shall be notified of the findings of the investigation and, as appropriate, that remedial action has been taken.

Responsibilities

The District Administrator shall be responsible for ensuring that notice of this policy is provided to staff and third parties and for the development of administrative regulations, including reporting and investigative procedures, as needed.

When an employee has actual knowledge that behavior in violation of this policy is sexual harassment, the employee must contact the Title IX Coordinator. The Title IX sexual harassment grievance process will be followed, if applicable, prior to imposing any discipline that cannot be imposed without resolution of the Title IX process.

Consequences

Staff whose behavior is found to be in violation of this policy will be subject to discipline up to and including dismissal. Third parties whose behavior is found to be in violation of this policy shall be subject to appropriate sanctions as determined and imposed by the District Administrator or the Board. Hiring Process and Criteria

The Superintendent is responsible for recruiting personnel, in compliance with Board policy, and for making hiring recommendations to the Board. The principal will initially screen applicants for educational support positions. The District will hire personnel appropriately licensed and endorsed in accordance with state statutes and Board of Public Education rules, consistent with budget and staffing requirements and will comply with Board policy and state law on equal employment opportunities and veterans' preference. All applicants must complete a District application form to be considered for employment.

Every applicant must provide the District with written authorization for a criminal background investigation. The Superintendent will keep any conviction record confidential as required by law and District policy. The district will create a determination sheet from the criminal history record. The determination sheet will be kept on file at the District Office. The Criminal History Record with no disqualifiers will be shredded on site immediately after review. The Criminal History Record with disqualifiers will be retained on file at the District Office according to law. Every newly hired employee must complete an Immigration and Naturalization Service form, as required by federal law.

Certification

The District requires its contracted certified staff to hold valid Montana teacher or specialist certificates endorsed for the roles and responsibilities for which they are employed. Failure to meet this requirement shall be just cause for termination of employment. No salary warrants may be issued to a staff member, unless a valid certificate for the role to which the teacher has been assigned has been registered with the county superintendent within sixty (60) calendar days after a term of service begins. Every teacher and administrator under contract must bring their current, valid certificate to the personnel office at the time of initial employment, as well as at the time of each renewal of certification.

The personnel office will register all certificates, noting class and endorsement of certificates, and will update permanent records as necessary. The personnel office also will retain a copy of each valid certificate of a contracted certified employee in that employee's personnel file.

Reference Checks

The Board authorizes the Superintendent or the Superintendent's designee to inquire of past employers about an applicant's employment on topics including but not limited to: title, role, reason for leaving, work ethic, punctuality, demeanor, collegiality, putting the interests of students first, and suitability for the position in the District. Responses to these inquiries should be documented and considered as part of the screening and hiring process.

**PERSONNEL****Fingerprints and Criminal Background Investigations**

Board policy requires that any finalist recommended to be employed in a paid or volunteer position with the District, involving regular unsupervised access to students in schools, as determined by the Superintendent, shall submit to a name-based and fingerprint criminal background investigation conducted by the appropriate law enforcement agency before consideration of the recommendation for employment or appointment by the Board. The results of the name-based check will be presented to the Board, concurrent with the recommendation for employment or appointment. Any subsequent offer of employment or appointment will be contingent on results of the fingerprint criminal background check, which must be acceptable to the Board, in its sole discretion.

The following applicants for employment, as a condition for employment, will be required, as a condition of any offer of employment, to authorize, in writing, a name-based and fingerprint criminal background investigation:

- A certified teacher seeking full- or part-time employment with the District;
- An educational support personnel employee seeking full- or part-time employment with the District;
- An employee of a person or firm holding a contract with the District, if the employee is assigned to the District;
- A volunteer assigned to work in the District, who has regular unsupervised access to students; and
- Substitute teachers.

Any requirement of an applicant to submit to a fingerprint background check will be in compliance with the Volunteers for Children Act of 1998 and applicable federal regulations. If an applicant has any prior record of arrest or conviction by any local, state, or federal law enforcement agency for an offense other than a minor traffic violation, the facts must be reviewed by the Superintendent, who will decide whether the applicant will be declared eligible for appointment or employment. Arrests resolved without conviction will not be considered in the hiring process, unless the charges are pending.

## Applicant Rights and Consent to Fingerprint

As an applicant who is the subject of a national fingerprint-based criminal history record check for a noncriminal justice purpose (such as an application for employment or a license, an immigration or naturalization matter, security clearance, or adoption), you have certain rights which are discussed below.

- You must be provided written notification<sup>8</sup> by Jefferson High School that your fingerprints will be used to check the criminal history records of the FBI.
- You must be provided, and acknowledge receipt of, an adequate Privacy Act Statement when you submit your fingerprints and associated personal information. This Privacy Act Statement should explain the authority for collecting your information and how your information will be used, retained, and shared.
- If you have a criminal history record, the officials making a determination of your suitability for employment, license, or other benefit must provide you the opportunity to complete or challenge the accuracy of the information in the record.
- The officials must advise you that the procedures for obtaining a change, correction, or updating of your criminal history record are set forth at Title 28, Code of Federal Regulations (CFR), Section 16.34.
- If you have a criminal history record, you should be afforded a reasonable amount of time to correct or complete the record (or decline to do so) before the officials deny you the employment, license, or other benefit based on information in the criminal history record.<sup>9</sup>

You have the right to expect that officials receiving the results of the criminal history record check will use it only for authorized purposes and will not retain or disseminate it in violation of federal statute, regulation or executive order, or rule, procedure or standard established by the National Crime Prevention and Privacy Compact Council.<sup>10</sup>

If agency policy permits, the officials may provide you with a copy of your FBI criminal history record for review and possible challenge. If agency policy does not permit it to provide you a copy of the record, you may obtain a copy of the record by submitting fingerprints and a fee to the FBI. Information regarding this process may be obtained at <http://www.fbi.gov/about-us/cjis/background-checks>.

If you decide to challenge the accuracy or completeness of your FBI criminal history record, you should send your challenge to the agency that contributed the questioned information to the FBI. Alternatively, you may send your challenge directly to the FBI at the same address as provided above. The FBI will then forward your challenge to the agency that contributed the questioned information and request the agency to verify or correct the challenged entry. Upon receipt of an official communication from that agency, the FBI will make any necessary changes/corrections to your record in accordance with the information supplied by that agency.

If a change, correction, or update needs to be made to a Montana criminal history record, or if you need additional information or assistance, please contact Montana Criminal Records and Identification Services at [dojitsdpublicrecords@mt.gov](mailto:dojitsdpublicrecords@mt.gov) or 406-444-3625.

3 Medical Examinations

4  
5 Through its overall safety program and various policies pertaining to school personnel, the Board  
6 will promote the safety of employees during working hours and assist them in the maintenance  
7 of good health. The Board will encourage all its employees to maintain optimum health through  
8 the practice of good health habits.  
9

10 The Board may require physical examinations of its employees, under circumstances defined  
11 below. The District will maintain results of physical examinations in medical files separate from  
12 the employee's personnel file and will release them only as permitted by law.  
13

14 Physical Examinations

15  
16 The District participates in a Pre-Placement Physical Program for all custodial and maintenance  
17 personnel and other positions deemed inclusive of this policy as determined by specific Board  
18 action. Subsequent to a conditional offer of employment in a position for which the District may  
19 require participation in a pre-placement physical, but before commencement of work, the District  
20 may require an applicant to have a medical examination and to meet any other health  
21 requirements which may be imposed by the state. The District may condition an offer of  
22 employment on the results of such examination, if all employees who received a conditional  
23 offer of employment in the applicable job category are subject to such examination. The report  
24 shall certify the employee's ability to perform the job-related functions of the position for which  
25 the employee is being considered. Such examination shall be used only to determine whether the  
26 applicant is able to perform with reasonable accommodation job-related functions.  
27

28 All bus drivers, whether full-time, regular part-time, or temporary part-time, are required by state  
29 law to have a satisfactory medical examination before employment.  
30

31 Communicable Diseases

32  
33 If a staff member has a communicable disease and has knowledge that a person with  
34 compromised or suppressed immunity attends the school, the staff member must notify the  
35 school nurse or other responsible person designated by the Board of the communicable disease  
36 which could be life threatening to an immune-compromised person. The school nurse or other  
37 responsible person designated by the Board must determine, after consultation with and on the  
38 advice of public health officials, if the immune-compromised person needs appropriate  
39 accommodation to protect their health and safety.  
40

41 An employee with a communicable disease shall not report to work during the period of time in  
42 which the employee is infectious. An employee afflicted with a communicable disease capable  
43 of being readily transmitted in the school setting (e.g., airborne transmission of tuberculosis)  
44 shall be encouraged to report the existence of the illness so that precautions may be taken to

protect the health of others. The District reserves the right to require a statement from an employee's primary care provider, before the employee may return to work.

Confidentiality

In all instances, District personnel will respect an individual's right to privacy and treat any medical diagnosis as confidential information. Any information obtained regarding the medical condition or history of any employee will be collected and maintained on separate forms and in separate medical files and will be treated as confidential information. Only those individuals with a legitimate need to know (i.e., those persons with a direct responsibility for the care of or for determining workplace accommodation for the staff person) will be provided necessary medical information.

Supervisors and managers may be informed of necessary restrictions on the work or duties of an employee and necessary accommodations. First aid and safety personnel may be informed, when appropriate, if a staff member with a disability might require emergency treatment.

All employees are expected to maintain high standards of honesty, integrity, professionalism, decorum, and impartiality in the conduct of District business. All employees shall maintain appropriate employee-student relationship boundaries in all respects, including but not limited to personal, speech, print, and digital communications. Drug and Alcohol Testing for School Bus and Commercial Vehicle Drivers

The District will adhere to federal law and regulations requiring a drug and alcohol testing program for school bus and commercial vehicle drivers.

The program will comply with requirements of the Code of Federal Regulations, Title 49, §§ 382, et seq. The Superintendent will adopt and enact regulations consistent with federal regulations, defining the circumstances and procedures for testing.

Legal Reference: 49 U.S.C. § 45101, Alcohol and Controlled Substances Testing (Omnibus Transportation Employee Testing Act of 1991)  
49 C.F.R. Parts 40 (Procedures for Transportation Workplace Drug and Alcohol Testing Programs), 382 (Controlled substance and alcohol use and testing), and 395 (Hours of service of drivers)

Policy History:

Adopted on: February 2007

Revised on:

Drug and Alcohol Testing for School Bus and Commercial Vehicle Drivers

School bus and commercial vehicle drivers shall be subject to a drug and alcohol testing program that fulfills the requirements of the Code of Federal Regulations, Title 49, Part 382.

Other persons who drive vehicles designed to transport sixteen (16) or more passengers, including the driver, are likewise subject to the drug and alcohol testing program.

Testing procedures and facilities used for the tests shall conform with the requirements of the Code of Federal Regulations, Title 49, §§ 40, et seq.

Pre-Employment Tests

Tests shall be conducted before the first time a driver performs any safety-sensitive function for the District.

Safety-sensitive functions include all on-duty functions performed from the time a driver begins work or is required to be ready to work, until he/she is relieved from work and all responsibility for performing work. It includes driving; waiting to be dispatched; inspecting and servicing equipment; supervising, performing, or assisting in loading and unloading; repairing or obtaining and waiting for help with a disabled vehicle; performing driver requirements related to accidents; and performing any other work for the District or paid work for any entity.

The tests shall be required of an applicant only after he/she has been offered the position.

Exceptions may be made for drivers who have had the alcohol test required by law within the previous six (6) months and participated in the drug testing program required by law within the previous thirty (30) days, provided that the District has been able to make all verifications required by law.

Post-Accident Tests

Alcohol and controlled substance tests shall be conducted as soon after an accident as practicable on any driver:

1. Who was performing safety-sensitive functions with respect to the vehicle, if the accident involved loss of human life; or
2. Who receives a citation under state or local law, for a moving traffic violation arising from the accident.

Drivers shall make themselves readily available for testing, absent the need for immediate medical attention.

No such driver shall use alcohol for eight (8) hours after the accident, or until after he/she

undergoes a post-accident alcohol test, whichever occurs first.

If an alcohol test is not administered within two (2) hours or if a drug test is not administered within thirty-two (32) hours, the District shall prepare and maintain records explaining why the test was not conducted. Tests will not be given if not administered within eight (8) hours after the accident for alcohol or within thirty-two (32) hours for drugs.

Tests conducted by authorized federal, state, or local officials will fulfill post-accident testing requirements, provided they conform to applicable legal requirements and are obtained by the District. Breath tests will validate only the alcohol test and cannot be used to fulfill controlled substance testing obligations.

#### Random Tests

Tests shall be conducted on a random basis at unannounced times throughout the year. Tests for alcohol shall be conducted just before, during, or just after the performance of safety-sensitive functions. The number of random alcohol tests annually must equal twenty-five percent (25%) of the average number of driver positions. The number of random drug tests annually must equal fifty percent (50%) of the average number of driver positions. Drivers shall be selected by a scientifically valid random process, and each driver shall have an equal chance of being tested each time selections are made.

#### Reasonable Suspicion Tests

Tests shall be conducted when a supervisor or District official trained in accordance with law has reasonable suspicion that the driver has violated the District's alcohol or drug prohibitions. This reasonable suspicion must be based on specific, contemporaneous, articulable observations concerning the driver's appearance, behavior, speech, or body odors. The observations may include indications of the chronic and withdrawal effects of controlled substances.

Alcohol tests are authorized for reasonable suspicion only if the required observations are made during, just before, or just after the period of the work day when the driver must comply with alcohol prohibitions. An alcohol test may not be conducted by the person who determines that reasonable suspicion exists to conduct such a test. If an alcohol test is not administered within two (2) hours of a determination of reasonable suspicion, the District shall prepare and maintain a record explaining why this was not done. Attempts to conduct alcohol tests shall terminate after eight (8) hours.

A supervisor or District official who makes observations leading to a controlled substance reasonable suspicion test shall make a written record of his/her observations within twenty-four (24) hours of the observed behavior or before the results of the drug test are released, whichever is earlier.

#### Enforcement

The employee shall be evaluated by a substance abuse professional who shall determine what help, if any, the driver needs in resolving such a problem. Any substance abuse professional who determines that a driver needs assistance shall not refer the driver to a private practice, person, or organization in which he/she has a financial interest, except under circumstances allowed by law.

An employee identified as needing help in resolving a drug or alcohol problem shall be evaluated by a substance abuse professional to determine that he/she has properly followed the prescribed rehabilitation program and shall be subject to unannounced follow-up tests after returning to duty.

1 referral to management.

2  
3 Drivers shall also receive information about legal requirements, District policies, and  
4 disciplinary consequences related to the use of alcohol and drugs.

All District personnel will be advised of routine procedures to follow in handling body fluids. These procedures, developed in consultation with public health and medical personnel, will provide simple and effective precautions against transmission of diseases to persons exposed to the blood or body fluids of another. The procedures will follow standard health and safety practices. Personnel Records

The District maintains a complete personnel record for every current and former employee. The employees' personnel records will be maintained in the District's administrative office, under the Superintendent's direct supervision. Employees will be given access to their personnel records, in accordance with guidelines developed by the Superintendent.

In addition to the Superintendent or other designees, the Board may grant a committee or a member of the Board access to cumulative personnel files. When specifically authorized by the Board, counsel retained by the Board or by the employee will also have access to a cumulative personnel file.

In accordance with federal law, the District shall release information regarding the professional qualifications and degrees of teachers and the qualifications of paraprofessionals to parents upon request, for any teacher or paraprofessional who is employed by a school receiving Title I funds, and who provides instruction to their child at that school. Personnel Records

The District shall maintain a cumulative personnel file in the administrative office for each of its employees, as required by the Office of Public Instruction and current personnel policies. These records are not to leave the administrative office except as specifically authorized by the Superintendent, and then only by signed receipt. Payroll records are maintained separately.

Contents of Personnel Files

A personnel file may contain, but is not limited to, transcripts from colleges or universities, information allowed by statute, a record of previous employment (other than college placement papers for periods beyond active candidacy for a position), evaluations, copies of contracts, and copies of letters of recommendation requested by an employee. All material in the personnel file must be related to the employee's work, position, salary, or employment status in the District. All documents, communications, and records dealing with the processing of a grievance shall be filed separately from the personnel files of the participants.

No material derogatory to an employee's conduct, service, character, or personality shall be placed in the file, unless such placement is authorized by the Superintendent, as indicated by his initials, and unless the employee has had adequate opportunity to read the material. For the latter purpose, the Superintendent shall take reasonable steps to obtain the employee's initials or signature verifying the employee has received a copy of the material. If the employee refuses to sign the document indicating they have had an opportunity to read it, the Superintendent will place an addendum to the document, noting that the employee was given a copy but refused to sign. The Superintendent will date and sign the addendum.

Disposition of Personnel Files

An employee, upon termination, may request transcripts of college and university work. Any confidential college or university placement papers shall be returned to the sender or destroyed at the time of employment. All other documents shall be retained and safeguarded by the District for such periods as prescribed by law.

Abused and Neglected Child Reporting

A District employee who has reasonable cause to suspect that a student may be an abused or neglected child shall report such a case to the Montana Department of Public Health and Human Services and notify the Superintendent or principal that a report has been made. Child abuse or neglect means actual physical or psychological harm to a child, substantial risk of physical or psychological harm to a child, and abandonment. This definition includes sexual abuse and sexual contact by or with a student. The obligation to report suspected child abuse or neglect also applies to actual or attempted sexual or romantic contact between a student and a staff member.

A District employee who makes a report of child abuse or neglect is encouraged to notify the building administrator of the report. An employee does not discharge the obligation to personally report by notifying the Superintendent or principal.

Any District employee who fails to report a suspected case of abuse or neglect to the Department of Public Health and Human Services, or who prevents another person from doing so, may be civilly liable for damages proximately caused by such failure or prevention and is guilty of a misdemeanor. The employee will also be subject to disciplinary action up to and including termination.

When a District employee makes a report, the DPHHS may share information with that individual or others as permitted by law. Individuals in the District who receive information related to a report of child abuse or neglect shall maintain the confidentiality of the information.

All District employees shall participate in retirement programs under the Federal Social Security Act and either the Teachers' Retirement System or the Public Employees' Retirement System in accordance with state retirement regulations.

Payment of Employer Contributions and Interest on Previous Service

A Public Employees' Retirement System (PERS) member may purchase (1) all or a portion of the member's employment with an employer prior to the time the employer entered into a contract for PERS coverage and (2) all or a portion of the member's employment for which optional PERS membership was declined (both of which are known as previous service).

The member must file a written application with the PERS Board to purchase all or a portion of the employment for service credit and membership service. The application must include salary information certified by the member's employer or former employer.

The District has the option to pay, or not to pay, the employer's contributions due on previous service and the option to pay, or not to pay, the outstanding interest due on the employer's contributions for the previous service.

It is the policy of this District to not pay the employer's contributions due on previous service.

### I. Section 19-3-505, MCA

#### Payment of Employer Contributions and Interest on Previous Service

A Public Employees' Retirement System (PERS) member may purchase (1) all or a portion of the member's employment with an employer prior to the time the employer entered into a contract for PERS coverage and (2) all or a portion of the member's employment for which optional PERS membership was declined (both of which are known as previous service). PERS employers must establish policies regarding payment of employer contributions and employer interest due for the previous service being purchased by an employee. The policy must be applied indiscriminately to all employees and former employees. Thus, it is our policy to:

not pay the employer's contributions due on previous service.

and to:

not pay the outstanding interest due on the employer's contributions for the previous service.

### II. Section 19-3-504, MCA

#### Payment of Interest on Employer Contributions for Workers' Compensation Time

A PERS member may purchase time during which the member is absent from service because of an employment-related injury entitling the member to workers' compensation payments. PERS employers are required to pay employer contributions and must establish a policy for the payment of interest on employer contributions due for the workers' compensation time being purchased by an employee. The policy regarding payment of interest must be applied to all employees similarly situated. Thus, it is our policy to not pay the outstanding interest due on the employer's contributions for the employee's purchase of workers' compensation time.

Behavior, conduct, or action that may call for disciplinary action or dismissal includes but is not limited to reasonable job-related grounds based on a failure to satisfactorily perform job duties, disruption of the District's operation, or other legitimate reasons. In accordance with Montana law, only the Board may terminate an employee or non-renew employment.

The District's restrictions on students who have brought to, or possess a firearm at, any setting that is under the control and supervision of the school district and a student who has been found to have possessed, used or transferred a weapon on school district property apply to all employees of the District pursuant to Policy 3311.

Leaves of Absence

Sick and Bereavement Leave

Certified employees will be granted sick leave according to terms of their collective bargaining agreement.

Classified employees will be granted sick leave according to the terms of their collective bargaining agreement. Sick leave may be used by an employee when they are unable to perform job duties because of:

- A physical or mental illness, injury, or disability;
- Maternity or pregnancy-related disability or treatment, including a prenatal care, birth, or medical care for the employee or the employee's child;
- Parental leave for a permanent employee as provided in 2-18-606, MCA;
- Quarantine resulting from exposure to a contagious disease;
- Examination or treatment by a licensed health care provider;
- Short-term attendance, in an agency's discretion to care for a person (who is not the employee or a member of the employee's immediate family) until other care can reasonably be obtained;
- Necessary care for a spouse, child or parent with a serious health condition, as defined in the Family and Medical Leave Act of 1993; or
- Death or funeral attendance of an immediate family member or, at an agency's discretion, another person.

Nothing in this policy guarantees approval of the granting of such leave in any instance. The District will judge each request in accordance with this policy and governing collective bargaining agreements.

It is understood that seniority will accumulate while a teacher or employee is utilizing sick leave credits. Seniority will not accumulate, unless an employee is in a paid status. Abuse of sick leave is cause for disciplinary action up to and including termination.

An employee who has suffered a death in the immediate family will be eligible for bereavement leave according to the terms of the current collective bargaining agreement.

Conditions for Use of Leave

Certified staff may use sick leave for those instances listed in the current collective bargaining agreement. Classified staff may use sick leave for illness; injury; medical disability; maternity-related disability, including prenatal care, birth, miscarriage, or abortion; quarantine resulting from exposure to contagious disease; medical, dental, or eye examination or treatment; necessary care of or attendance to an immediate family member or, at the District's discretion, another relative for the above reasons until other attendants can reasonably be obtained, and death or funeral attendance for an immediate family member. Leave without pay may be granted to employees upon the death of persons not included in this list.

Accrual and Use of Sick Leave Credits

Certified employees will accrue and may use their sick leave credits according to the current collective bargaining agreement.

Classified employees serving in positions that are permanent full-time, seasonal full-time, or permanent part-time are eligible to earn sick leave credits, which will accrue from the first day of employment. A classified employee must be employed continuously for a qualifying period of ninety (90) calendar days in order to use sick leave. Unless there is a break in service, an employee only serves the qualifying period once. After a break in service, an employee must again complete the qualifying period to use sick leave. Sick leave may not be taken in advance nor may leave be taken retroactively. A seasonal classified employee may carry over accrued sick leave credits to the next season if management has a continuing need for the employee or, alternatively, may be paid a lump sum for accrued sick leave credits when the season ends, in accordance with ARM 2.21.141.

Employees, whether classified or certified, simultaneously employed in two (2) or more positions, will accrue sick leave credits in each position according to the number of hours worked or a proration of the contract (in the case of certified) worked. Leave credits will be used only from the position in which the credits were earned and with approval of the supervisor or appropriate authority for that position. Hours in a pay status paid at the regular rate will be used to calculate leave accrual. Sick leave credits will not accrue for those hours exceeding forty (40) hours in a work week, which are paid as overtime hours or recorded as compensatory time. A full-time employee will not earn less than nor more than the full-time sick leave accrual rate provided classified employees.

When an employee who has not worked the qualifying period for use of sick leave takes an approved continuous leave of absence without pay in excess of fifteen (15) working days, the amount of time an employee is on leave of absence will not count toward completion of the qualifying period. The approved leave of absence exceeding fifteen (15) working days is not a break in service, and the employee will not lose any accrued sick leave credits nor lose credit for time earned toward the qualifying period. An approved continuous leave of absence without pay of fifteen (15) working days or less will be counted as time earned toward the ninety-(90)-day qualifying period.

Calculation of Sick Leave Credits

Certified employees will earn sick leave credits at the rate stated in the current collective bargaining agreement.

Full-time classified employees will earn sick leave credits at the rate of twelve (12) working days for each year of service. Sick leave credits will be prorated for part-time employees who have worked the qualifying period. The payroll office will refine this data by keeping records per hour worked.

Sick Leave Banks

Donation of sick leave credits to and use of sick leave credits in the sick leave bank are governed by terms of the current collective bargaining agreement.

Lump-Sum Payment on Termination of Classified Employees

When a classified employee terminates employment with the District, the employee is entitled to cash compensation for one-fourth ( $\frac{1}{4}$ ) of the employee's accrued and unused sick leave credits, provided the employee has worked the qualifying period. The value of unused sick leave is computed based on the employee's salary rate at the time of termination.

Industrial Accident

An employee who is injured in an industrial accident may be eligible for workers' compensation benefits. Use of sick leave must be coordinated with receipt of workers' compensation benefits on a case-by-case basis, by contacting the Montana Schools Group Workers' Compensation Risk Retention Program (WCRRP).

Sick Leave Substituted for Annual Leave

A classified employee who qualifies for use of sick leave while taking approved annual vacation leave, may be allowed to substitute accrued sick leave credits for annual leave credits. Medical certification of the illness or disability may be required.

Paid leave will be substituted for unpaid leave under the following circumstances:

- a. Accumulated sick/personal leave will be utilized concurrently with any FMLA leave that is taken for a serious health reason as described in (b) or (c) above.
- b. Accumulated vacation/personal leave will be utilized concurrently with any FMLA leave that is taken for a family reason as described in (a) above.
- c. Accumulated sick leave will be utilized concurrently with FMLA leave, whenever the FMLA leave is taken for reasons which qualify for sick leave benefits pursuant to District policy or an applicable collective bargaining agreement.
- d. Whenever appropriate workers' compensation absences shall be designated FMLA leave.
- e. Service member FMLA runs concurrent with other leave entitlements provided under federal, state and local law.

Limitations on husband and wife of "Same Employer"

A husband and wife who are eligible for FMLA leave and are employed by the same covered employer are limited to a combined total of twelve (12) weeks of leave during any twelve (12) month period if the leave is taken: (1) for the birth of the employee's son or daughter or to care for the child after birth; (2) for placement of a son or daughter with the employee for adoption or foster care, or to care for the child after placement; or (3) to care for the employee's parent with a serious health condition. *Care for parents-in-law is not covered by the FMLA.*

Examples: (1) If each spouse took six (6) weeks of leave to care for a healthy, newly placed child, each could use an additional six (6) weeks due to his or her own serious health condition or to care for a child with a serious health condition. (2) A husband and wife may each take twelve (12) weeks of FMLA leave if needed to care for an adopted or foster child with a serious health condition provided they have not exhausted their entitlements during the applicable 12-month FMLA period.

If spouses are employed by the same employer, the aggregate number of weeks of leave that can be taken is twenty-six (26) weeks in a single twelve (12) month period for serviceperson leave or a combination of exigency and serviceperson leave. The aggregate number of weeks of leave that can be taken by a husband and wife who work for the same employer is twelve (12) weeks if for exigency leave only.

Page 3 of 5

Employer Notice Requirement (29 C.F.R. §825.300)

Employers are required to provide employees with notice explaining the FMLA through a poster and either a handbook or information upon hire. If an employee requests FMLA leave, an employer must provide notice to the employee within five (5) business days of whether the employee meets the FMLA eligibility requirements. If an employee is not eligible to take FMLA, the employer must provide a reason. The employer must also provide a rights and responsibilities notice outlining expectations and obligations relating to FMLA leave. If FMLA leave is approved by the employer, it must provide the employee with a designation notice stating the amount of leave that will be counted against an employee's FMLA entitlement.

Notice For Leave Due To Active Duty Of Family Member

In any case in which the necessity for leave is foreseeable, whether because the spouse, or a son, daughter, or parent, of the employee is on active duty, or because of notification of an impending call or order to active duty in support of a contingency operation, the employee shall provide such notice to the employer as is reasonable and practicable.

Requests

A sick leave request form is to be completed whenever an employee is absent from work for more than three (3) days or when an employee has need to be absent from work for continuing treatment by (or under the supervision of) a health care provider.

An employer may require that a request for leave be supported by a certification issued at such time and in such manner as the Secretary may by regulation prescribe. If the Secretary issues a regulation requiring such certification, the employee shall provide, in a timely manner, a copy of such certification to the employer.

Medical Certification

The District will require medical certification to support a request for leave or any other absence because of a serious health condition (at employee expense) and may require second or third opinions (at the employer's expense) and a fitness-for-duty report or return-to-work statement.

Intermittent/Reduced Leave

FMLA leave may be taken "intermittently or on a reduced leave schedule" under certain circumstances. Where leave is taken because of birth or placement of a child for adoption or foster care, an employee may take leave intermittently or on a reduced leave schedule only with District approval. Where FMLA leave is taken to care for a sick family member or for an employee's own serious health condition, leave may be taken intermittently or on a reduced leave schedule when medically necessary. An employee may be reassigned to accommodate intermittent or reduced leave. When an employee takes intermittent leave or leave on a reduced leave schedule, increments will be limited to the shortest period of time that the District's payroll.

An employee out on FMLA leave is entitled to continued participation in the appropriate group health plan, but it is incumbent upon the employee to continue paying the usual premiums throughout the leave period. An employee's eligibility to maintain health insurance coverage will lapse if the premium payment is more than thirty (30) days late. The District will mail notice of delinquency at least fifteen (15) days before coverage will cease.

Return

Upon return from FMLA leave, reasonable effort shall be made to place the employee in the original or equivalent position with equivalent pay, benefits, and other employment terms.

Recordkeeping

Employees, supervisors, and building administrators will forward requests, forms, and other material to payroll to facilitate proper recordkeeping.

Summer Vacation

The period during the summer vacation or other scheduled breaks (i.e., Christmas) an employee would not have been required to work will not count against that employee's FMLA leave entitlement.

***SPECIAL RULES FOR INSTRUCTIONAL EMPLOYEES***Leave More Than Five (5) Weeks Before End of Term

Long-Term Illness/Temporary Disability

The following procedures will be used when an employee has a long-term illness or temporary disability, including maternity:

1. When any illness or temporarily disabling condition is “prolonged,” an employee will be asked by the administration to produce a written statement from a physician, stating that the employee is temporarily disabled and is unable to perform the duties of his/her position until such a time.
2. In the case of any extended illness, procedures for assessing the probable duration of the temporary disability will vary. The number of days of leave will vary according to different conditions, individual needs, and the assessment of individual physicians. Normally, however, the employee should expect to return on the date indicated by the physician, unless complications develop which are further certified by a physician.
3. An employee who has signified his/her intent to return at the end of extended leave of absence shall be reinstated to his/her original job or an equivalent position with equivalent pay and accumulated seniority, retirement, fringe benefits, and other service credits.

Maternity Leave and Paternity Leave

The School District's maternity leave policy covers employees who are not eligible for FMLA leave at Policy 5328. Maternity leave includes only continuous absence immediately prior to adoption, delivery, absence for delivery, and absence for post-delivery recovery, or continuous absence immediately prior to and in the aftermath of miscarriage or other pregnancy-related complications.

The School District shall not refuse to grant an employee a reasonable leave of absence for pregnancy or require that an employee take a mandatory maternity leave for an unreasonable length of time. The School District has determined that maternity leave shall not exceed 12 weeks unless mandated otherwise by the employee's physician. Employees will be required to use appropriate accumulated paid leave concurrently while on FMLA leave.

The School District shall not deny to the employee who is disabled as a result of pregnancy any compensation to which the employee is entitled as a result of the accumulation of disability or leave benefits accrued pursuant to plans maintained by the employer, provided that the employer may require disability as a result of pregnancy to be verified by medical certification that the employee is not able to perform employment duties.

An employee who has signified her intent to return at the end of her maternity leave of absence shall be reinstated to her original job or an equivalent position with equivalent pay and accumulated seniority, retirement, fringe benefits, and other service credits.

The School District will review requests for Paternity Leave in accordance with any applicable policy or collective bargaining agreement provision governing use of leave for family purposes.

The holidays required for classified staff, by are according to the current collective bargaining agreement.

When an employee, as defined above, is required to work any of these holidays, another day shall be granted in lieu of such holiday, unless the employee elects to be paid for the holiday in addition to the employee's regular pay for all time worked on the holiday.

When one of the above holidays falls on Sunday, the following Monday will not be a holiday.

Vacations

Classified and 12-month administrative employees will accrue annual vacation leave benefits in accordance with §§ 2-18-611, 2-18-612, 2-18-614 through 2-18-617 and 2-18-621, MCA. Nothing in this policy guarantees approval for granting specific days as annual vacation leave in any instance. The District will judge each request for vacation in accordance with staffing needs. Employees are not entitled to any vacation leave with pay until they have been continuously employed for a period of six (6) calendar months.

	§ 2-18-612, MCA	Rate earned
	§ 2-18-617, MCA	Accumulation of leave – cash for unused – transfer

Policy History:

Adopted on: February 2007

Revised on:

All classified employees, except those in a temporary status, serving more than six (6) months, are eligible to earn vacation leave credits retroactive to the date of employment. Leave credits may not be advanced nor may leave be taken retroactively. A seasonal employee's accrued vacation leave credits may be carried over to the next season, if management has a continuing need for the employee, or paid out as a lump-sum payment to the employee when the season ends (generally in June). The employee may request a lump-sum payment at the end of each season.

Vacation is earned according to the following schedule:

RATE-EARNED SCHEDULE

<u>Years of Employment</u>	<u>Working Days Credit per Year</u>
1 day - 10 years	15
10 - 15 years	18
15 - 20 years	21
20 years on	24

Time as an elected state, county, or city official, as a school teacher, or as an independent contractor, does not count toward the rate earned. For purposes of this paragraph, an employee of the District or the university system is eligible to have school district or university employment time count toward the rate-earned schedule, if that employee was eligible for annual leave in the position held with the school district or university system.

Maximum Accrual of Vacation Leave

All full-time and part-time employees serving in permanent and seasonal positions may accumulate two (2) times the total number of annual leave credits they are eligible to earn per year, according to the rate-earned schedule.

Sick Leave Bank

An employee may contribute accumulated vacation leave to the sick leave bank provided for in 2-18-618, MCA. Donation of vacation leave credits to and use of vacation leave credits in the sick leave bank are governed by terms of the current collective bargaining agreement.

Annual Pay-Out

The District will, subject to the terms of a collective bargaining agreement, provide cash compensation in January of each year for unused vacation leave in lieu of the accumulation of vacation leave.

Lump-Sum Payment Upon Termination

An employee who terminates employment for reasons not reflecting discredit on the employee shall be entitled, upon the date of such termination, to cash compensation for unused vacation leave, assuming that the employee has worked the qualifying periods set forth in § 2-18-611, MCA. The District shall not pay accumulated leaves to employees who have not worked the qualifying period.

Compensatory Time and Overtime for Classified Employees

Non-exempt classified employees who work more than forty (40) hours in a given workweek may receive overtime pay of one and one-half (1½) times the normal hourly rate, unless the District and the employee agree to the provision of compensation time at a rate of one and one-half (1½) times all hours worked in excess of forty (40) hours in any workweek. The Superintendent must approve any overtime work of a classified employee.

Under Montana law and the Federal Fair Labor Standards Act, a classified employee may not volunteer to work without pay in an assignment similar to his or her regular work.

A non-exempt employee who works overtime without authorization may be subject to disciplinary action.

Blended Time

Classified Employees working two or more jobs for the District at different rates of pay shall be paid overtime at a weighted average of the differing wages. This shall be determined by dividing the total regular remuneration for all hours worked by the number of hours worked in that week to arrive at the weighted average. One half that rate is then multiplied times the number of hours worked over 40 to arrive at the overtime compensation due.

*Example: Employee works one job at 30 hrs./week at \$10.00/hr. The same employee works a different job at 20 hrs./week at \$12.00/hr. (Same district). The employee would get \$300.00 per week for the 30 hr/week job (\$10.00X30) and \$240.00 per week for the 20 hr./week job (\$12.00X20). A total of \$540.00 (regular remuneration). Divide \$540.00 by 50(total hours worked) = \$10.8/hr (weighted average). One-half that rate (\$10.80/2 = \$5.40) is multiplied by 10 (number of hours over 40). \$54.00 is the amount of overtime compensation due the employee based on the "blended time".*

**NOTE:** *Please be advised that comp time is not required. If a district adopts a comp time policy, there are basically two (2) types of employees: 1) Those who are covered before the policy was adopted need to be treated on a case-by-case basis, and the agreement to allow comp time must be entered into before the work is performed. 2) Those hired after the policy is in place – the Department of Labor has determined that the employee agreed to the policy. Some experts have said comp time is a credit card, not a savings account. The employee has broad latitude to decide when the time will be taken.*

Workers' Compensation Benefits

All employees of the District are covered by workers' compensation benefits. In the event of an industrial accident, an employee should:

1. Attend to first aid and/or medical treatment during an emergency;
2. Correct or report as needing correction a hazardous situation as soon as possible after an emergency situation is stabilized;
3. Report the injury or disabling condition, whether actual or possible, to the immediate supervisor, within forty-eight (48) hours, on the Employer's First Report of Occupational Injury or Disease; and
4. Call or visit the administrative office after medical treatment, if needed, to complete the necessary report of accident and injury on an Occupational Injury or Disease form.

The administrator will notify the immediate supervisor of the report and will include the immediate supervisor as necessary in completing the required report.

An employee who is injured in an industrial accident may be eligible for workers' compensation benefits. By law, employee use of sick leave must be coordinated with receipt of workers' compensation benefits, on a case-by-case basis, in consultation with the Workers' Compensation Division, Department of Labor and Industry.

The District will not automatically and simply defer to a report of industrial accident but will investigate as it deems appropriate to determine: (1) whether continuing hazardous conditions exist which need to be eliminated; and (2) whether in fact an accident attributable to the District working environment occurred as reported. The District may require the employee to authorize the employee's physician to release pertinent medical information to the District or to a physician of the District's choice, should an actual claim be filed against the Workers' Compensation Division, which could result in additional fees being levied against the District.

Paraprofessional Paraprofessionals

Paraprofessionals, as defined in the appropriate job descriptions, are under the supervision of a principal and a teacher to whom the principal may have delegated responsibility for close direction. The nature of the work accomplished by paraprofessionals will encompass a variety of tasks that may be inclusive of “limited instructional duties.”

Paraprofessionals are employed by the District mainly to assist the teacher. A paraprofessional is an extension of the teacher, who legally has the direct control and supervision of the classroom or playground and responsibility for control and the welfare of the students.

It is the responsibility of each principal and teacher to provide adequate training for a paraprofessional. This training should take into account the unique situations in which a paraprofessional works and should be designed to cover the general contingencies that might be expected to pertain to that situation. During the first thirty (30) days of employment, the supervising teacher or administrator shall continue to assess the skills and ability of the paraprofessional to assist in reading, writing, and mathematics instruction.

The Superintendent shall develop and implement procedures for an annual evaluation of teachers’ aides/paraprofessionals. Evaluation results shall be a factor in future employment decisions.

If the school receives Title I funds, the District shall notify parents of students attending the school annually that they may request the District to provide information regarding the professional qualifications of their child’s paraprofessionals, if applicable.

Volunteers

The District recognizes the valuable contributions made to the total school program by members of the community who act as volunteers. A volunteer by law is an individual who:

1. Has not entered into an express or implied compensation agreement with the District;

District employees who work with volunteers shall clearly explain duties for supervising children in school, on the playground, and on field trips. An appropriate degree of training and/or supervision of each volunteer shall be administered commensurate with the responsibility undertaken.

Volunteers who have unsupervised access to children are subject to the District’s policy mandating background checks.

Chaperones

The Superintendent may direct that appropriate screening processes be implemented to assure that adult chaperones are suitable and acceptable for accompanying students on field trips or excursions.

When serving as a chaperone for the District, the parent(s)/guardian(s), or other adult volunteers, including employees of the District, assigned to chaperone, shall not use tobacco products in the presence of students, nor shall they consume any alcoholic beverages nor use any illicit drug during the duration of their assignment as a chaperone, including during the hours following the end of the day’s activities for students. The chaperone shall not encourage or allow students to participate in any activity that is in violation of district policy during the field trip or excursion, including during the hours following the end of the day’s activities. Chaperones shall be given a copy of these rules, and sign a letter of understanding verifying they are aware of, and agree to, these District rules before being allowed to accompany students on any field trip or excursion.

Any chaperone found to have violated these rules shall not be used again as a chaperone for any District sponsored field trips or excursions and may be excluded from using District sponsored transportation for the remainder of the field trip or excursion and be responsible for their own transportation back home. Student Teachers/Interns

The District recognizes its obligation to assist in the development of members of the teaching profession. The District shall make an effort to cooperate with accredited institutions of higher learning in the education of student teachers and other professionals in training (such as interns) by providing a reasonable number of classroom and other real-life situations each year.

The District and the respective training institutions shall enter into mutually satisfactory agreements whereby the rules, regulations, and guidelines of the practical experiences shall be established.

The Superintendent shall coordinate all requests from cooperating institutions for placement with building principals so that excessive concentrations of student teachers and interns shall be avoided. As a general rule:

Employee Electronic Mail and On-Line Services Usage

Electronic mail ("e-mail") is an electronic message that is transmitted between two or more computers or electronic terminals, whether or not the message is converted to hard copy format after receipt and whether or not the message is viewed upon transmission or stored for later retrieval. Electronic mail includes all electronic messages that are transmitted through a local, regional, or global computer network.

Because of the unique nature of e-mail/Internet, and because the District desires to protect its interest with regard to its electronic records, the following rules have been established to address e-mail/Internet usage by all employees:

The District e-mail and Internet systems are owned by the District and are intended to be used for educational purposes only. While occasional personal use is allowed, employees should have no expectation of privacy when using the electronic mail or Internet systems for any purpose.

Users of district E-mail and Internet systems are responsible for their appropriate use. All illegal and improper uses of the electronic mail and Internet system, including but not limited to extreme network etiquette violations including mail that degrades or demeans other individuals, pornography, obscenity, harassment, solicitation, gambling and violating copyright or intellectual property rights are prohibited. Abuse of the e-mail or Internet systems, through excessive personal use, or use in violation of the law or District policies, will result in disciplinary action, up to and including termination of employment.

All e-mail/Internet records are considered District records and should be transmitted only to individuals who have a need to receive them. If the sender of an electronic mail or Internet message does not intend for the mail or Internet message to be forwarded, the sender should clearly mark the message "Do Not Forward".

In order to keep district electronic mail and Internet systems secure, users may not leave the terminal "signed on" when unattended and may not leave their password available in an obvious place near the terminal or share their password with anyone except the system administrator. The district reserves the right to bypass individual passwords at any time and to monitor the use of such systems by employees.

Additionally, District records, e-mail/Internet records are subject to disclosure to law enforcement or government officials or to other third parties through subpoena or other process. Consequently, the district retains the right to access stored records in cases where there is reasonable cause to expect wrong-doing or misuse of the system, review, store and disclose all information sent over the district electronic mail systems for any legally permissible reason, including but not limited to determining whether the information is a public record, whether it contains information discoverable in litigation and to access district information in the employee's absence. E-mail/ Internet messages by employees may not necessarily reflect the views of the District.

1 Except as provided herein, district employees are prohibited from accessing another  
2 employee's electronic mail without the expressed consent of the employee. All district  
3 employees should be aware that electronic mail messages can be retrieved even if they have  
4 been deleted and that statements made in electronic mail communications can form the basis  
5 of various legal claims against the individual author or the district.

6  
7 Electronic mail sent or received by the district or the district's employees may be considered  
8 a public record subject to public disclosure or inspection. All district electronic mail and  
9 Internet communications may be monitored.

HIPAA*Note:*

*(1) Any school district offering a group “health care plan” for its employees is affected by HIPAA. School districts offering health plans that are self-insured will be entirely responsible for compliance with HIPAA, despite a third party administrator managing the plan. School districts may also be subject to HIPAA as a “health care provider” by either having a school-based health center or a school nurse. School-based health centers staffed and serviced by a hospital or local health department are responsible for complying with HIPAA if there is a sharing of records containing health information. For those districts providing the services of a school nurse, HIPAA regulations issued in 2000 commented that an “educational institution that employs a school nurse is subject to [the] regulations as a health care provider if the school nurse or the school engaged in a HIPAA transaction.” This transaction occurs when a school nurse submits a claim electronically.*

*(2) Any personally identifiable health information contained in an “education record” under FERPA is subject to FERPA, not HIPAA.*

Background**Health Insurance Portability and Accountability Act of 1996 (HIPAA)**

The District’s group health plan is a Covered Entity under the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and its implementing regulations, the Standards for the Privacy of Individually Identifiable Information. In order to comply with HIPAA and its related regulations, the District has implemented the following HIPAA Privacy Policy:

**The HIPAA Privacy Rule**

HIPAA required the federal government to adopt national standards for *electronic health care transactions*. At the same time, Congress recognized that advances in electronic technology could erode the privacy of health information and determined there was a need for national privacy standards. As a result HIPAA included provisions which mandated the adoption of federal privacy standards for individually identifiable health information.

The standards found in the Privacy Rule are designed to protect and guard against the misuse of individually identifiable health information, with particular concern regarding employers using an employee’s (or dependent’s) health information from the group health plan to make adverse employment-related decisions. The Privacy Rule states that verbal, written, or electronic information that can be used to connect a person’s name or identity with medical, treatment, or health history information is Protected Health Information (PHI) under the HIPAA Privacy Rule.

Under the HIPAA Privacy Rule:

**PERSONNEL**

5510

Page 2 of 5

1. Individuals have a right to access and copy their health record to the extent allowed by HIPAA.
2. Individuals have the right to request an amendment to their health record. The plan may deny an individual's request under certain circumstances specified in the HIPAA Privacy Rule.
3. Individuals have the right to an accounting of disclosures of their health record for reasons other than treatment, payment, or healthcare operations.
4. PHI, including health, medical, and claims records, can be used and disclosed without authorization for specific, limited purposes (treatment, payment, or operations of the group health plan). A valid authorization from the individual must be provided for use or disclosure for other than those purposes.
5. Safeguards are required to protect the privacy of health information.
6. Covered entities are required to issue a notice of privacy practices to their enrollees.
7. Violators are held accountable with civil and criminal penalties for improper use or disclosure of PHI.

Compliance

The District Clerk has been designated Privacy Officer. The Privacy Officer will oversee all ongoing activities related to the development, implementation, maintenance of, and adherence to the District's policies and procedures covering the privacy of and access to patient health information in compliance with HIPAA, other applicable federal and state laws, and the District's privacy practices.

As required for a Covered Entity under HIPAA, the plan has developed these internal privacy policies and procedures to assure that PHI is protected and that access to and use and disclosure of PHI are restricted in a manner consistent with HIPAA's privacy protections. The policies and procedures recognize routine and recurring disclosures for treatment, payment, and healthcare operations and include physical, electronic, and procedural safeguards to protect PHI. The procedures include safeguards for sending PHI via mail or fax, receiving PHI for plan purposes, and workstation safeguards and procedures for securing and retaining PHI received by the plan. Plan participants are entitled to receive a copy of the plan's policies and procedures upon request.

Designating a limited number of privacy contacts allows the District to control who is receiving PHI from the contract claims payor for plan operations purposes. The contract claims payor will provide only the minimum PHI necessary for the stated purpose and, as required under the

**PERSONNEL**

5510

Page 3 of 5

1 Privacy Rule, will provide PHI only to individuals with a legitimate need to know for plan  
2 operations purposes.

3  
4 The District has distributed a notice of privacy practices to plan participants. The notice informs  
5 plan participants of their rights and the District's privacy practices related to the use and  
6 disclosure of PHI. A copy of this notice may be obtained by contacting the Privacy Officer.

7  
8 The District has reviewed how PHI is used and disclosed by the plan and has limited disclosure  
9 of that information to employees who have a legitimate need to know or possess the PHI for  
10 healthcare operations and functions. The District will make reasonable efforts to use de-  
11 identified information whenever possible in the operations of the plan and will only use the  
12 minimum PHI necessary for the stated purpose.

13  
14 Some of the District's employees need access to PHI in order to properly perform the functions  
15 of their jobs. The District has identified these employees and has given them training in the  
16 important aspects of the HIPAA Privacy Rule, the privacy policy, and procedures. New  
17 employees who will have access to PHI will receive training on the HIPAA Privacy Rule and  
18 related policies and procedures as soon as reasonably possible after they are employed.  
19 Employees who improperly use or disclose PHI or misuse their access to that information may  
20 be subject to discipline, as deemed appropriate.

21  
22 In the event the group health plan must disclose PHI in the course of performing necessary plan  
23 operations functions or as required by law or a governmental agency, the District has developed  
24 a system to record those disclosures and requests for disclosures. An individual may request a  
25 list of disclosures of his or her PHI made by the plan for other than treatment or claims payment  
26 purposes. All requests for an accounting of PHI disclosures must be made in writing, and the  
27 plan may impose fees for the cost of production of this information. Requests will be responded  
28 to within sixty (60) days. If the plan is not able to provide the requested information within sixty  
29 (60) days, a written notice of delay will be sent to the requesting individual, with the reasons for  
30 the delay and an estimated time for response.

31  
32 In order to comply with the new privacy regulations, the plan has implemented compliant  
33 communication procedures. Except for its use in legitimate healthcare operations, written  
34 permission will be required in order for the District to disclose PHI to or discuss it with a third  
35 party.

36  
37 The HIPAA Privacy Rule prohibits the District from disclosing medical information without the  
38 patient's written permission other than for treatment, payment, or healthcare operations purposes.  
39 An authorization signed by the patient and designating specified individuals to whom the District  
40 may disclose specified medical information must be on file, before the plan can discuss a  
41 patient's medical information with a third party (such as a spouse, parent, group health plan  
42 representative, or other individual).

43  
44 The District has taken the following steps to ensure PHI is safeguarded:

**PERSONNEL**

5510

Page 4 of 5

- The District has implemented policies and procedures to designate who has and who does not have authorized access to PHI.
- Documents containing PHI are kept in a restricted/locked area.
- Computer files with PHI are password protected and have firewalls making unauthorized access difficult.
- Copies of PHI will be destroyed when information is no longer needed, unless it is required by law to be retained for a specified period of time.
- The District will act promptly to take reasonable measures to mitigate any harmful effects known to the group health plan, due to a use or disclosure of PHI in violation of the plan's policies, procedures, or requirements of the HIPAA Privacy Rule.
- The District will appropriately discipline employees who violate the District's group health plan's policies, procedures, or the HIPAA Privacy Rule, up to and including termination of employment if warranted by the circumstances.

The District has received signed assurances from the plan's business associates that they understand the HIPAA Privacy Rule, applicable regulations, and the Privacy Policy and will safeguard PHI just as the plan would.

The contract claims payor and certain other entities outside the group health plan require access on occasion to PHI, if they are business associates of the group health plan and in that role need to use, exchange, or disclose PHI from the group health plan. The plan requires these entities to sign an agreement stating they understand HIPAA's privacy requirements and will abide by those rules just as the group health plan does, to protect the PHI to which they have access. For example the plan engages a certified public accountant to audit the plan annually and to make sure payments are made in compliance with the Plan Document. In order for the CPA to complete an audit, the auditor reviews a sample of the claims for accuracy.

The District will ensure health information will not be used in making employment and compensation decisions. The HIPAA Privacy Rule and other applicable laws expressly prohibit an employer from making adverse employment decisions (demotions, terminations, etc.) based on health information received from the group health plan. To the extent possible, the District has separated the plan operations functions from the employment functions and has safeguards in place to prevent PHI from the plan from going to or being used by an employee's supervisor, manager, or superior to make employment-related decisions.

Evaluation of Administrative Staff

Each administrator will be evaluated annually, in order to provide guidance and direction to the administrator in the performance of his/her assignment. Such evaluation will be based on job descriptions, accomplishment of annual goals and performance objectives, and established evaluative criteria.

The Superintendent shall establish procedures for the conduct of these evaluations. Near the beginning of the school year, the Superintendent shall inform the administrator of the criteria to be used for evaluation purposes, including the adopted goals for the District. Such criteria shall include performance statements dealing with leadership; administration and management; school financing; professional preparation; effort toward improvement; interest in students, staff, citizens, and programs; and staff evaluation.

Both the evaluator and the administrator involved in the evaluation will sign the written evaluation report and retain a copy for their records. A person being evaluated has the right to submit and attach a written statement to the evaluation within a reasonable time following the evaluation conference.

Goals

Because educational programs are dependent on adequate funding and the proper management of those funds, District goals can best be attained through efficient fiscal management. As trustee of local, state, and federal funds allocated for use in public education, the Board shall fulfill its responsibility to see that funds are used to achieve the intended purposes.

Because of resource limitations, fiscal concerns often overshadow the educational program. Recognizing this, the District must take specific action to ensure that education remains primary. This concept shall be incorporated into Board operations and into all aspects of District management and operation.

The Board seeks to achieve the following goals in the District's fiscal management:

1. Engage in advance planning, with staff and community involvement, to develop budgets which will achieve the greatest educational returns in relation to dollars expended.
2. Establish levels of funding which shall provide superior education for District students.
3. Provide timely and appropriate information to staff who have fiscal responsibilities.
4. Establish efficient procedures in all areas of fiscal management.

The annual budget is evidence of the Board's commitment to the objectives of the instruction programs. The budget supports immediate and long-range goals and established priorities within all areas – instructional, noninstructional, and administrative programs.

Before presentation of a proposed budget for adoption, the Superintendent and district clerk will prepare, for the Board's consideration, recommendations (with supporting documentation) designed to meet the needs of students, within the limits of anticipated revenues.

Program planning and budget development will provide for staff participation and the sharing of information with patrons before any action by the Board.

Budget Adjustments

When any budgeted fund line item is in excess of the amount required, the Board may transfer any of the excess appropriation to another line item(s) within the same fund.

The Board authorizes the administration to transfer line items within the same budgeted fund to adjust line item overdrafts or to meet special line item needs. Line item budget transfers to adjust line item overdrafts are at the discretion of the administrators.

Total budget expenditures for each fund as adopted in the final budget shall constitute the appropriations of the District for the ensuing fiscal year. The Board will be limited in the incurring of expenditures to the total of such appropriations.

With timely notice of a public meeting, trustees, by majority vote of those present, may declare by resolution that a budget amendment (in addition to the final budget) is necessary. Budget amendments are authorized for specified reasons by § 20-9-161, MCA. The resolution will state the facts of the budget amendment, the estimated amount of funds needed, and the time and place the Board will meet for the purpose of considering and adopting a budget amendment.

The meeting to adopt a budget amendment will be open and will provide opportunity for any taxpayer to appear and be heard. Budget procedures will be consistent with statutory requirements. When applicable, the District will apply for state financial aid to supplement the amount to be collected from local taxes.

Endowments, Gifts, and Investments

The Board may accept gifts, endowments, legacies, and devises subject to the lawful conditions imposed by the donor or without any conditions imposed. Unless otherwise specified by the donor, when a district receives a donation, the trustees may deposit the donation in any budgeted or non-budgeted fund at the discretion of the trustees and may thereafter transfer any portion of the donation to any other fund at the discretion of the trustees. If the trustees accept a donation and the donor specifies the donation for an endowment, the trustees shall deposit the donation in the endowment fund. Neither the Board nor the Superintendent will approve any gifts that are inappropriate.

If the District deposited donated funds in an endowment fund without specific instruction by the donor, the Board may move the donated funds and any accumulated interest to any other budgeted or non-budgeted fund of the District and may spend donated funds and any accumulated interest unless restricted by condition imposed by the donor.

The Board authorizes the Superintendent to establish procedures for determining the suitability or appropriateness of all gifts received and accepted by the District.

Authorization and Control

The Superintendent is authorized to direct expenditures and purchases within limits of the detailed annual budget for the school year. The Board must approve purchase of capital outlay items, when the aggregate total of a requisition exceeds \$80,000, except the Superintendent shall have the authority to make capital outlay purchases without advance approval when necessary to protect the interests of the District or the health and safety of staff or students. The Superintendent will establish requisition and purchase order procedures to control and maintain proper accounting of expenditure of funds. Staff who obligate the District without proper authorization may be held personally responsible for payment of such obligations.

Bids and Contracts

Whenever the cost of any supplies, equipment, or work shall exceed Eighty Thousand Dollars (\$80,000), the District will call for formal bids by issuing public notice as specified in statute. Specifications will be prepared and made available to all vendors interested in submitting a bid. The contract shall be awarded to the lowest responsible bidder, except that the trustees may reject any or all bids. The Board, in making a determination as to which vendor is the lowest responsible bidder, ~~the Board~~ will take into consideration not only the amount of each bid, but will also consider the skill, ability, and integrity of a vendor to do faithful, conscientious work and to promptly fulfill the contract according to its letter and spirit. Bidding requirements do not apply to a registered professional engineer, surveyor, real estate appraiser, or registered architect; a physician, dentist, pharmacist, or other medical, dental, or health care provider; an attorney; a consulting actuary; a private investigator licensed by any jurisdiction; a claims adjuster; or an accountant licensed under Title 37, Chapter 50.

The Superintendent will establish bidding and contract-awarding procedures. Bid procedures will be waived only as specified in statute. Any contract required to be let for bid shall contain language to the following effect:

*In making a determination as to which vendor is the lowest responsible bidder, if any, the District will take into consideration not only the pecuniary ability of a vendor to perform the contract, but will also consider the skill, ability, and integrity of a vendor to do faithful, conscientious work and promptly fulfill the contract according to its letter and spirit. References must be provided and will be contacted. The District further reserves the right to contact others with whom*

Cooperative Purchasing

The District may enter into cooperative purchasing contracts with one or more districts for procurement of supplies or services. A district participating in a cooperative purchasing group may purchase supplies and services through the group without complying with the provisions of 20-9-204(3), MCA if the cooperative purchasing group has a publicly available master list of items available with pricing included and provides an opportunity at least twice yearly for any vendor, including a Montana vendor, to compete, based on a lowest responsible bidder standard, for inclusion of the vendor's supplies and services on the cooperative purchasing group's master list.

Purchasing will be done locally when it is in the best interest of the school district.

Advertising in Schools/Revenue Enhancement

Revenue enhancement through a variety of District-wide and District-approved marketing activities, including, but not limited to, advertising, corporate sponsorship, signage in or on District facilities, is a Board-approved venture. The Board may approve such opportunities subject to certain restrictions in keeping with the community standards of good taste. Advertising will model and promote positive values for District students through proactive educational messages and not be simply traditional advertising of a product. Preferred advertising includes messages encouraging student achievement and establishment of high standards of personal conduct.

All sponsorship contracts will allow the District to terminate the contract on at least an annual basis, if it is determined that it will have an adverse impact on implementation of curriculum or the educational experience of students.

The revenue derived should:

1. Enhance student achievement;
2. Assist in maintenance of existing District athletic and activity programs; and
3. Provide scholarships for students participating in athletic, academic, and activity programs, who demonstrate financial need and merit.

Appropriate opportunities for marketing activities include but are not limited to:

1. Fixed signage.
2. Banners.
3. District-level publications.
4. Television and radio broadcasts.
5. Athletic facilities, including stadiums, high school baseball fields, and high school gymnasiums.
6. District-level projects.
7. Expanded usage of facilities beyond traditional uses (i.e., concerts, rallies, etc.).
8. The interior and exterior of a limited number of District buses, if the advertising is associated with student art selected by the District. The only advertising information allowed will note sponsorship of the student art by the participant. Maintenance for these buses will include but not exceed normal maintenance costs.
9. Individual school publications (when not in conflict with current contracts).

Advertising will not be allowed in classrooms, other than corporate-sponsored curriculum materials approved subject to Board policy.

The following restrictions will be in place when seeking revenue enhancement. Revenue

enhancement activities will not:

1. Promote hostility, disorder, or violence;
1. Attack ethnic, racial, or religious groups;
2. Discriminate, demean, harass, or ridicule any person or group of persons on the basis of gender;
3. Be libelous;
4. Inhibit the functioning of the school and/or District;
5. Promote, favor, or oppose the candidacy of any candidate for election, adoption of any bond/budget issues, or any public question submitted at any general, county, municipal, or school election;
6. Be obscene or pornographic, as defined by prevailing community standards throughout the District;
7. Promote the use of drugs, alcohol, tobacco, firearms, or certain products that create community concerns;
8. Promote any religious or political organization;
9. Use any District or school logo without prior approval.

Credit/procurement cards may only be used for legitimate District business expenditures. The use of credit/procurement cards is not intended to circumvent the District's policy on purchasing.

Users must take proper care of these credit/procurement cards and take all reasonable precautions against damage, loss, or theft. Any damage, loss, or theft must be reported immediately to the business office and to the appropriate financial institution. Failure to take proper care of credit cards or to report damage, loss, or theft may subject the employee to financial liability.

Purchases that are unauthorized, illegal, represent a conflict of interest, are personal in nature, or violate the intent of this policy may result in credit card revocation and discipline of the employee.

Users must submit detailed documentation, including itemized receipts for commodities, services, travel, and/or other actual and necessary expenses which have been incurred in connection with school-related business for which the credit/procurement card has been used.

The Superintendent shall establish regulations governing the issuance and use of credit/procurement cards. Each cardholder shall be apprised of the procedures governing the use of the credit/procurement card, and a copy of this policy and accompanying regulations shall be given to each cardholder.

The District Clerk shall monitor the use of each credit/procurement card every month and report any serious problems and/or discrepancies directly to the Superintendent and the Board.

## Fund Balances

## I. PURPOSE

The fund balance policy establishes a framework for the management of all excess funds managed by the Jefferson High School District. The policy is in accordance with GASB Statement 54; management of fund balance. It also provides guidance and direction for elected and appointed officials as well as staff in the use of excess funds at year-end.

## II. SCOPE

This fund balance policy applies to all funds in the custody of the School District Business Manager/Clerk of the Jefferson High School District, Boulder, Montana. These funds are accounted for in the District's annual audited financial reports and include, but are not limited to, the following:

- General Fund
- Special Revenue Funds
- Capital Project Funds
- Enterprise Funds
- Any new funds created by the District, unless specifically exempted by the governing body; in accordance with state law or GASB pronouncements.

## III. CLASSIFICATION OF FUND BALANCES

The school district shall classify its fund balances in its various funds in one or more of the following five classifications: nonspendable, restricted, committed, assigned, and unassigned.

## IV. DEFINITIONS

- A. Fund balance---means the arithmetic difference between the assets and liabilities reported in a school district fund.
- B. Committed fund balance—amounts constrained to specific purposes by the District itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the District takes the same highest-level action to remove or change the constraint
- C. *Assigned fund balance*—amounts a school district *intends* to use for a specific purpose; intent can be expressed by the District or by an official to which the Board of Trustees delegates the authority
- D. *Nonspendable fund balance*—amounts that are not in a spendable form (such as inventory) or are required to be maintained intact (such as the corpus of an endowment fund)
- E. *Restricted fund balance*—amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation
- F. *Unassigned fund balance*—amounts that are available for any purpose; these amounts are reported only in the general fund.

V. MINIMUM FUND BALANCE

The school district will strive to maintain a minimum unassigned general fund balance of 10 percent of the annual budget.

VI. ORDER OF RESOURCE USE

If resources from more than one fund balance classification could be spent, the school district will strive to spend resources from fund balance classifications in the following order (first to last): restricted, committed, assigned, and unassigned.

VII. COMMITTING FUND BALANCE

A majority vote of the school board is required to commit a fund balance to a specific purpose and subsequently to remove or change any constraint so adopted by the board.

VIII. ASSIGNING FUND BALANCE

The school board, by majority vote, may assign fund balances to be used for specific purposes when appropriate. The board also delegates the power to assign fund balances to the following: Business Manager and Superintendent. Assignments so made shall be reported to the school board on a monthly basis, either separately or as part of ongoing reporting by the assigning party if other than the school board.

An appropriation of an existing fund balance to eliminate a projected budgetary deficit in the subsequent year's budget in an amount no greater than the projected excess of expected expenditures over expected revenues satisfies the criteria to be classified as an assignment of fund balance.

IX. REVIEW

The school board will conduct, at a minimum, an annual review of the sufficiency of the minimum unassigned general fund balance level.

Independent Investment Accounts

The Board may establish independent investment accounts separate and apart from those funds maintained by the county treasurer. The Board may transfer cash into an independent investment account from any budgeted or non-budgeted funds. A separate account shall be established for each fund from which transfers are made. The principal and any interest earned must be reallocated to the fund from which the deposit was originally made. Unless otherwise provided by law, all other revenue may be sent directly to a participating district's investment account.

The District may either:

1. Establish and use the account as a non-spending account, returning sufficient funds to the county treasurer in time to pay all claims against the applicable fund; or
2. Establish a subsidiary checking account and make expenditures from the investment account, provided all transactions are accounted for and reported, as required by applicable accounting principles. If the District desires to establish a subsidiary checking account for purposes of paying for expenditures directly from an investment account, the District must enter into a written agreement with the county treasurer, in accordance with § 20-9-235, MCA.

The terms of the lease must comply with 20-6-625, MCA. If real property is acquired, the trustees shall comply with 20-6-603, MCA.

The trustees of any district may lease buildings or land suitable for school purposes when it is within the best interests of the district to lease the buildings or land from the county, municipality, another district, or any person. The term of the lease may not be for more than fifteen (15) years unless prior approval of the qualified electors of the district is obtained in the manner prescribed by law for school elections, in which case the lease may be for a term approved by the qualified electors, but not exceeding ninety-nine (99) years. Transfers for School Safety

It is the policy of the District to increase the flexibility and efficiency of the District's resources by utilizing the provision of law allowing transfers of funds to improve school safety and security.

The District may transfer state or local revenue from any budgeted or non-budgeted fund, other than the debt service fund or retirement fund, to its building reserve fund in an amount not to exceed the school district's estimated costs of improvements to school and student safety and security

The transfer of such funds can be for:

1. planning for improvements to and maintenance of school and student safety, including but not limited to the cost of services provided by architects, engineers, school resource officers, counselors, and other staff or consultants assisting with improvements to school and student safety and security;
2. programs to support school and student safety and security, including but not limited to active shooter training, threat assessments, and restorative justice;
3. installing or updating locking mechanisms and ingress and egress systems at public school access points, including but not limited to systems for exterior egress doors and interior passageways and rooms, using contemporary technologies;
4. installing or updating bullet-resistant windows and barriers; and
5. installing or updating emergency response systems using contemporary technologies.

Any transfers made under this policy and Montana law are not considered expenditures to be applied against budget authority. Any revenue transfers that are not encumbered for expenditures in compliance with the four reasons stated above, within 2 full school fiscal years after the funds are transferred, must be transferred back to the originating fund from which the revenue was transferred.

If transfers of funds are made from a District fund supported by a non-voted levy, the District may not increase its non-voted levy for the purpose of restoring the transferred funds.

Goals

In order for students to obtain the maximum benefits from their educational program, a complex set of support services must be provided by the District. These services are essential to the success of the District, and the staff that provides them is an integral part of the educational enterprise. Because resources are always scarce, all assets of District operations, including noninstructional support services, shall be carefully managed in order to obtain maximum efficiency and economy. To that end, the goal of the District is to seek new ways of supporting the instructional program that shall maximize the resources directly available for students' learning programs.

Transportation

The District may provide transportation to and from school for a student who:

1. Resides three (3) or more miles, over the shortest practical route, from the nearest operating public elementary or public high school.
2. Is a student with a disability, whose IEP identifies transportation as a related service; or
3. Has another compelling and legally sufficient reason to receive transportation services.

The District may elect to reimburse the parent or guardian of a student for individually transporting any eligible student.

The District may provide transportation by school bus or other vehicle or through individual transportation such as paying the parent or guardian for individually transporting the student. The Board may pay board and room reimbursements, provide supervised correspondence study, or provide supervised home study. The Board may authorize children attending an approved private school to ride a school bus, provided that space is available and a fee to cover the per-seat cost for such transportation is collected. The District may transport and charge for an ineligible public school student, provided the parent or guardian pays a proportionate share of transportation services. Fees collected for transportation of ineligible students shall be deposited in the transportation fund. Transportation issues that cannot be resolved by the trustees may be appealed to the county transportation committee.

Homeless students shall be transported in accordance with the McKinney Homeless Assistance Act and state law.

In-Town Busing

In-town busing is defined as the busing of students within three (3) miles of their school. In-town busing is a privilege the District can discontinue at any time. The Superintendent will establish guidelines under which a student may request in-town busing.

Children in Foster Care

The Superintendent will appoint a Point of Contact (POC) to coordinate activities relating to the District's provisions of services to children placed in foster care, including transportation services. The Superintendent, or designee, will inform the Department of Health and Human Services who is the POC for the District. The District will collaborate with the Department of Health and Human Services when transportation is required to maintain children placed in foster care in a school of origin outside their usual attendance area or District when in the best interest of the student. Under the supervision of the Superintendent/designee, the POC will invite appropriate District officials, the Department of Health and Human Services POC, and officials

from other districts to consider how such transportation is to be arranged and funded in a cost-effective manner.

If there are additional costs to be incurred in providing transportation to maintain a student in the school of origin, the District will provide transportation to such school if:  
The Department agrees to reimburse the District for the cost of such transportation or;  
The District agrees to pay for the cost of such transportation; or  
The District and the Department agree to share the cost of such transportation.

Definitions

“Foster Care” means 24-hour care for children placed away from their parents, guardians, or person exercising custodial control or supervision and for whom the Department has placement care and responsibility.

“School of origin” means the school in which a child is enrolled at the time of placement in foster care.

While “Best Interest” is not defined in ESSA, that determination shall take into account all relevant factors, including consideration of the appropriateness of the current educational setting, and the proximity to the school in which the child is enrolled at the time for foster care placement.

Contracting for Transportation Services

If the Board enters into a contract for transportation services, the contractor shall operate such equipment in accordance with District policy and the rules and regulations of the Board of Public Education. The contract shall be in effect for not more than five (5) years. Before entering into the first such contract, the District shall determine that the cost of contracting for the ensuing term will not exceed projected costs of operating its own system. Before any transportation contract is awarded to a private party or contractor, the trustees shall:

1. Secure bids by advertising for a twenty-one-(21)-day period (three (3) consecutive weeks); or
2. Negotiate a new contract with the current contractor, provided the new contract does not exceed by more than twelve percent (12%) per year the basic costs of the previous contract.

No money shall be expended unless a contract with a private carrier has been executed. The Board Chairperson will sign such contracts on behalf of the District.

The District reserves the right to own, operate, and to choose with respect to any other form of transportation, whether it be regular school, co-curricular, extracurricular, or District business programs, the means of transportation which best fits District needs at that particular time, as determined by the Board.

Bus Routes and Schedules

The Superintendent's designee is responsible for scheduling bus transportation, including determination of routes and bus stops. Such routes are subject to approval of the county transportation committee. The purpose of bus scheduling and routing is to achieve maximum service with a minimum fleet of buses consistent with providing safe and reasonably equal service to all bus students.

In order to operate the transportation system as safely and efficiently as possible, the following factors shall be considered in establishing bus routes:

1. A school bus route shall be established with due consideration of the sum total of local conditions affecting the safety, economic soundness, and convenience of its operation, including road conditions, condition of bridges and culverts, hazardous crossings, presence of railroad tracks and arterial highways, extreme weather conditions and variations, length of route, number of families and children to be serviced, availability of turn-around points, capacity of bus, and related factors.
2. The District may extend a bus route across another transportation service area, if it is necessary in order to provide transportation to students in the District's own transportation service area. A district may not transport students from outside its transportation service area.
3. School bus drivers are encouraged to make recommendations in regard to establishing or changing routes.
5. Parents should be referred to the Superintendent for any request of change in routes, stops, or schedules.

The Board reserves the right to change, alter, add, or delete any route at any time such changes are deemed in the best interest of the District, subject to approval by the county transportation committee.

Bus Stops

Buses should stop only at designated places approved by school authorities. Exceptions should be made only in cases of emergency and inclement weather conditions.

Bus stops shall be chosen with safety in mind. Points shall be selected where motorists approaching from either direction will have a clear view of the bus for a distance of at least three hundred (300) to five hundred (500) feet.

loading and unloading of students. The principal of each building is responsible for the conduct of students waiting in loading zones.

Delay in Schedule

The driver is to notify the administration of a delay in schedule. The administration will notify parents on routes and radio stations, if necessary.

Responsibilities - Students

Students must realize that safety is based on group conduct. Talk should be in conversational tones at all times. There should be no shouting or loud talking which may distract the bus driver. There should be no shouting at passersby. Students should instantly obey any command or suggestions from the driver and/or his/her assistants.

Responsibilities - Parents

The interest and assistance of each parent is a valued asset to the transportation program. Parents' efforts toward making each bus trip a safe and pleasant experience are requested and appreciated. The following suggestions are only three of the many ways parents can assist:

1. Ensure that students are at the bus stop in sufficient time to efficiently meet the bus.
2. Properly prepare children for weather conditions.
3. Encourage school bus safety at home. Caution children regarding safe behavior and conduct while riding the school bus.

Safety

The Superintendent will develop written rules establishing procedures for bus safety and emergency exit drills and for student conduct while riding buses.

If the bus and driver are present, the driver is responsible for the safety of his/her passengers, particularly for those who must cross a roadway prior to loading or after leaving the bus. Except in emergencies, no bus driver shall order or allow a student to board or disembark at other than his/her assigned stop unless so authorized by the Superintendent. In order to assure the safety of all, the bus driver may hold students accountable for their conduct during the course of transportation and may recommend corrective action against a student. Bus drivers are expressly prohibited from using corporal punishment.

The bus driver is responsible for the use of the warning and stop signaling systems and the

consequent protection of his/her passengers. Failure to use the system constitutes negligence on the part of the driver.

Inclement Weather

The Board recognizes the unpredictability and resulting dangers associated with weather in Montana. In the interest of safety and operational efficiency, the Superintendent is empowered to make decisions as to emergency operation of buses, cancellation of bus routes, and closing of school, in accordance with his or her best judgment. The Board may develop guidelines in cooperation with the Superintendent to assist the Superintendent in making such decisions.

**NOTE:** To receive full state/county reimbursement, budgets must have enough funds to cover the costs of any changes to the route.

**NOTE:** The county transportation committee has authority to establish transportation service areas, should circumstances and/or geography (demographics) warrant.

Transportation of Students With Disabilities

Transportation shall be provided as a related service, when a student with a disability requires special transportation in order to benefit from special education or to have access to an appropriate education placement. Transportation is defined as:

- (a) Travel to and from school and between schools;
- (b) Travel in and around school buildings or to those activities that are a regular part of the student's instructional program;
- (c) Specialized equipment (such as special or adapted buses, lifts, and ramps) if required to provide special transportation for a student with disabilities.

The Evaluation Team that develops the disabled student's Individualized Education Program will determine, on an individual basis, when a student with a disability requires this related service. Such recommendations must be specified on the student's IEP. Only those children with disabilities who qualify for transportation as a related service under the provisions of the IDEA shall be entitled to special transportation. All other children with disabilities in the District have access to the District's regular transportation system under policies and procedures applicable to all District students. Utilizing the District's regular transportation service shall be viewed as a "least restrictive environment."

Mode of Transportation

One of the contracted buses will be the preferred mode of transportation. Exceptions may be made in situations where buses are prohibited from entering certain subdivisions due to inadequate turning space, or when distance from school may seriously impact bus scheduling. In such situations other arrangements, such as an individual transportation contract, may be arranged with parents. Such voluntary agreement will stipulate in writing the terms of reimbursement.

The bus driver shall secure a valid standard first aid certificate from an authorized instructor, within two (2) months after being employed, and maintain a valid first aid certificate throughout employment as a bus driver. The bus driver must have five (5) years driving experience.

A school bus driver is prohibited from operating a school bus while using a cellular phone, including hands free cellular phone devices, except:

- (1) During an emergency situation;

- (3) When the school bus is parked.

A teacher, coach, or other certified staff member assigned to accompany students on a bus will have primary responsibility for behavior of students in his or her charge. The bus driver has final authority and responsibility for the bus. The Superintendent will establish written procedures for bus drivers.

Student Conduct on Buses

The general student code of conduct is applicable to conduct on school buses.

The Superintendent will establish written rules of conduct for students riding school buses. Such rules will be reviewed annually by the Superintendent and revised if necessary. If rules are substantially revised, they will be submitted to the Board for approval.

At the beginning of each school year, a copy of the rules of conduct for students riding buses will be provided to students. A copy of the rules will be posted in each bus and will be available upon request at the District office and in the principal's office.

The bus driver is responsible for enforcing the rules and will work closely with a parent and building principal to modify a student's behavior. Rules shall include consistent consequences for student misbehavior. A recommendation for permanent termination of bus privileges, accompanied by a written record of the incident(s) that led to the recommendation, shall be referred to the principal for final determination. Air Quality Restrictions on Outdoor Activities, Practice and Competition

Each school district is responsible for ensuring the safety of its students and student athletes when participating in physical education, recess, practices or athletic contests.

The Jefferson High School District Board of Trustees and Administration will use the Recommendations for Outdoor Activities Based on Air Quality for Schools guidelines, developed by the Montana Department of Environmental Quality (DEQ) and the DEQ's Air Data Map, as the determining factor when making a decision to allow or not allow students to participate in outdoor activities and contests.

The Jefferson High School District Board of Trustees and Administration have developed the following protocol for determination of allowing students and student athletes to participate in outdoor activities when Air Quality Restrictions have reached the Unhealthy for Sensitive Groups or higher categories as indicated on the DEQ guidelines.

The Board may authorize a portion of federal funds received in lieu of taxes to be used to provide free meals for federally connected indigent pupils.

Because of the potential liability of the District, the food services program will not accept donations of food without approval of the Board. Should the Board approve a food donation, the Superintendent will establish inspection and handling procedures for the food and determine that provisions of all state and local laws have been met before selling the food as part of school meals.

The District will implement a risk management program to reduce or eliminate risks where possible and to determine which risks the District can afford to assume. Such program will consider the benefits, if any, of joining with other units of local government for joint purchasing of insurance, joint self-insuring, or joint employment of a risk manager. The Board will assign primary responsibility for administration and supervision of the risk management program to a single person and will review the status of the risk management program each year at the regular April Board meeting.

District Safety

For purpose of this policy, “disaster means the occurrence or imminent threat of damage, injury, or loss of life or property”.

The Board recognizes that safety and health standards should be incorporated into all aspects of the operation of the District. Rules for safety and prevention of accidents will be posted in compliance with Montana Safety Culture Act and the Montana Safety Act. Injuries and accidents will be reported to the District office.

The board of trustees has identified the following local hazards that exists within the boundaries of its school district: [Fire, Earthquake, Avalanche, High Winds, Tornadoes, Intruders, Firearms, etc.]

The Superintendent building principal shall design and incorporate drills in its school safety or emergency operations plan to address the above stated hazards. The trustees will certify to the office of public instruction that a school safety or emergency operations plan has been adopted. This plan and procedures will be discussed and distributed to each teacher at the beginning of each school year. There will be at least eight (8) disaster drills a year in a school. All teachers will discuss safety drill procedures with their class at the beginning of each year and will have them posted in a place next to the exit door. The drills must be held at different hours of the day or evening to avoid distinction between drills and actual disasters. A record will be kept of all fire drills.

The trustees shall review the school safety or emergency operations plan at its regular June meeting and update the plan as determined necessary by the trustees based on changing circumstances pertaining to school safety. Once the trustees have made the certification to the Office of Public Instruction, the trustees may transfer funds pursuant to Section 2, 20-1-401, MCA to make improvements to school safety and security.

The Superintendent will develop safety and health standards which comply with the Montana Safety Culture Act.

Service Animals

For the purposes of this policy, state law defines a service animal as a dog or any other animal that is individually trained to do work or perform tasks for the benefit of an individual with a disability. Federal law definition of a disability includes a physical, sensory, psychiatric, intellectual, or other mental disability.

The District shall permit the use of a miniature horse by an individual with a disability, according to the assessments factors as outlined in Policy 8425P, if the miniature horse has been individually trained to do work or perform tasks for the benefit of the individual with a disability.

The Jefferson High School District will permit the use of service animals by an individual with a disability according to state and federal regulations. The School District will honor requests for service animals in accordance with the applicable Section 504 or Special Education policy adopted by the Board of Trustees. The work or tasks performed by a service animal must be directly related to the handler's disability.

Examples of work or tasks performed by the service animal to accommodate an identified disability include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing nonviolent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.

The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of this definition.

The District may ask an individual with a disability to remove a service animal from the premises if:

- The animal is out of control and the animal's handler does not take effective action to control it;
- or
- The animal is not housebroken

The District is not responsible for the care or supervision of the service animal.

Individuals with disabilities shall be permitted to be accompanied by their service animals in all areas of the District's facilities where members of the public, participants in services, programs or activities, or invitees, as relevant, are allowed to go.

Service Animal Allowance Procedure

The School District will honor requests for service animals by students or staff in accordance with the applicable Section 504 or Special Education policy adopted by the Board of Trustees. The following procedures have been developed which will help guide the administration when a request for the use of a service animal has been presented by an individual with a disability.

*Inquiries:* The administration shall not ask about the nature or extent of a person's disability, but may make two inquiries to determine whether an animal qualifies as a service animal. The administration may ask if the animal is required because of a disability and what work or task the animal has been trained to perform. The administration shall not require documentation, such as proof that the animal has been certified, trained, or licensed as a service animal. Generally, the administration may not make these inquiries about a service animal when it is readily apparent that an animal is trained to do work or perform tasks for an individual with a disability (*e.g.*, the dog is observed guiding an individual who is blind or has low vision, pulling a person's wheelchair, or providing assistance with stability or balance to an individual with an observable mobility disability).

*Exclusions:* The administration may ask the individual to remove the service animal from the premises if the animal is out of control and the handler does not take effective action to control it, or if the animal is not housebroken. If the administration properly excludes the service animal, it shall give the individual the opportunity to participate in the service, program, or activity without having the service animal on the premises.

*Surcharges:* The administration shall not ask or require the individual to pay a surcharge, even if people who are accompanied by pets are required to pay fees, or to comply with other requirements generally not applicable to people without pets. If the District normally charges individuals for the damage they cause, the individual may be charged for damage caused by his or her service animal.

*Miniature horses assessment factors:* In determining whether reasonable modifications can be made to allow a miniature horse into a specific facility, the District shall consider:

- The type, size, and weight of the miniature horse
- Whether the miniature horse is housebroken, and
- Whether the miniature horse's presence in a specific facility compromises legitimate safety requirements that are necessary for safe operation.

*Revision Note:*

The District supports the use of therapy dogs and other therapy animals by teachers or other qualified school personnel ("Owner") for the benefit of its students, subject to the conditions of this policy.

#### Therapy Animals

Therapy dogs and other therapy animals are family pets that are trained and registered or certified through therapy organizations. They are only half of the therapy team. The handler is the other half. Therapy teams enter the school by invitation or prior approval.

A therapy animal is not a service animal, and unlike a service animal, a therapy animal does not assist a person with a disability with activities of daily living, nor does it accompany a person with a disability at all times. Therapy animals do not have legal rights.

#### Requirements of Therapy Animals and User/Owners

Individuals with disabilities using therapy or companion animals are responsible for their animals at all times and must comply with the following requirements:

**Request:** An Owner must submit a written request to the Superintendent. The request must be renewed each school year or whenever a different therapy animal will be used.

**Registration, Training and Certification:** The Owner must register the therapy animal and provide documentation of the registration, certification, and training to the Superintendent. The registration and certification must remain current at all times.

**Health and Vaccination:** The therapy animal must be clean, well groomed, in good health, house broken, and immunized against diseases common to dogs. The Owner must submit proof of current licensure from the local licensing authority and proof of the therapy animal's current vaccinations and immunizations from a licensed veterinarian.

**Control:** A therapy animal must be under the control of the "Owner", at all times, through the use of a leash or other tether unless the use of a leash or other tether would interfere with the therapy animals' safe, effective performance of its work or tasks.

**Identification:** The therapy animals must wear appropriate visible identification that identifies in writing that the animal is a therapy animal.

**Behavior:** The Owner must take responsibility for the behavior of the animal in private and public places, and for due care and diligence in the use of the animal on school district property.

**Health and Safety:** The therapy animal must not pose a health and safety risk to any student, employee, or other person at the school.

**Supervision and Care of Therapy Animals:** The Owner is solely responsible for the supervision and care of the therapy dog, including any feeding, exercising, and clean-up while the animal is in the school building or on school property. The school district is not responsible for providing any care, supervision, or assistance for a therapy animal.

**Authorized Areas:** The Owner shall only allow the therapy animal to be in areas in school buildings or on school property that are authorized by the school administrators.

**Insurance:** The Owner must submit a copy of an insurance policy that provides liability coverage for the therapy animal while on school property.

**Exclusion or Removal from School.** A therapy animal may be excluded from school property and buildings if a school administrator determines that:

- (1) A handler does not have control of the therapy animal;
- (2) The therapy animal is not house broken;
- (3) The therapy animal presents a direct and immediate threat to others in the school; or
- (4) The animal's presence otherwise interferes with the educational process.

The Owner shall be required to remove the therapy animal from school premises immediately upon such a determination.

**Allergic Reactions.** If any student or school employee assigned to a classroom in which a therapy animal is permitted, and suffers an allergic reaction to the therapy animal, the Owner of the animal will be required to remove the animal to a different location designated by an administrator.

**Damages to School Property and Injuries:** The Owner of a therapy animal is solely responsible and liable for any damage to school property or injury to personnel, students, or others caused by the therapy animal.

**Therapy Animals in Training;** This policy shall also be applicable to therapy animals in training that are accompanied by a bona fide trainer.

Records Management

The District will retain, in a manner consistent with applicable law and the state's *Rules for Disposition of Local Government Records*, such records as are required by law or regulations to be created and/or maintained, and such other records as are related to students, school personnel, and the operations of the schools.

For the purpose of this policy, "records" are all documentary materials, regardless of media or characteristics, made or received and maintained by the school unit in transaction of its business. Records include email and other digital communications sent and received.

Records may be created, received, and stored in multiple formats, including but not limited to print, microfiche, audio and videotapes, and various digital forms (on hard drives, computer disks and CDs, servers, flash drives, etc.).

The Superintendent will be responsible for developing and implementing a records management program for the cataloging, maintenance, storage, retrieval, and disposition of school records. The Superintendent will also be responsible for developing guidelines to assist school employees in understanding the kinds of information that must be saved and those which can be disposed of or deleted. The Superintendent may delegate records-management responsibilities to other school personnel at his/her discretion to facilitate implementation of this policy.

Litigation Holds for Electronic Stored Information (ESI)

The school district will have an ESI Team. The ESI Team is a designated group of individuals who implement and monitor litigation holds, a directive not to destroy ESI that might be relevant to a pending or imminent legal proceeding. The ESI Team will include a designated school administrator, an attorney, and a member from the Technology Department. In the case of a litigation hold, the ESI Team shall direct employees and the Technology Department, as necessary, to suspend the normal retention procedure for all related records.

Inspections of ESI

Any requests for ESI records should be made in writing and will be reviewed by the Superintendent or designee, in consultation with an attorney if needed, and released in accordance with Montana public records law.

Delegated Authority

The Board delegates to the Superintendent or designees the right to implement and enforce additional procedures or directives relating to ESI retention consistent with this policy, as needed.

The Board of Trustees of the Jefferson High School District recognizes that from time to time emergencies may arise that justify the use of an Automated External Defibrillator (AED).

The Board has purchased one or more of these units for use by qualified personnel. The Board of Trustees approves the use of AED units, subject to the following conditions:

1. Establish a program for the use of an AED that includes a written plan that must specify:
  - Where the AED will be placed;
  - The individuals who are authorized to operate the AED;
  - How AED use will be coordinated with an emergency medical service providing services in the area where the AED is located;
  - The medical supervision that will be provided;
  - The maintenance that will be performed on the AED;
  - Records that will be kept by the program;
  - Reports that will be made of AED use;
  - The name, location, and telephone number of a Medical Supervisor designated to provide medical supervision of the AED program; and
  - Other matters as specified by the Department of Public Health and Human Services;
2. Adhere to the written plan required by subsection (1);
3. Ensure that before using the AED, an individual authorized to operate the AED receives appropriate training approved by the DPHHS in cardiopulmonary resuscitation and the proper use of an AED;
4. Maintain, test, and operate the AED according to the manufacturer's guidelines and maintain written records of all maintenance and testing performed on the AED;
5. Each time an AED is used for an individual in cardiac arrest, require that an emergency medical service is summoned to provide assistance as soon as possible and that the AED use is reported to the supervising physician or the person designated by the physician and to the District as required by the written plan;
6. Before allowing any use of an AED, provide the following to all licensed emergency services and any public safety answering point or emergency dispatch center providing services to the area where the AED is located:
  - a. A copy of the plan prepared pursuant to this section; and
  - b. Written notice, in a format prescribed by the DPHHS rules, stating:
    - i. That an AED program has been established by the District;
    - ii. Where the AED is located; and
    - iii. How the use of the AED is to be coordinated with the local emergency medical service system?

Liability Limitations

An individual who provides emergency care or treatment by using an AED in compliance with this policy and an individual providing cardiopulmonary resuscitation to an individual upon whom an AED is or may be used are immune from civil liability for a personal injury that results from that care or treatment.

An individual who provides emergency care or treatment by using an AED in compliance with this policy and an individual providing cardiopulmonary resuscitation to an individual upon whom an AED is or may be used are immune from civil liability as a result of any act or failure to act in providing or arranging further medical treatment for the individual upon whom the AED was used, unless the individual using the AED or the person providing CPR, as applicable, acts with gross negligence or with willful or wanton disregard for the care of the person upon whom the AED is or may be used.

The following individuals or entities are immune from civil liability for any personal injury that results from an act or omission that does not amount to willful or wanton misconduct or gross negligence, if applicable provisions of this part have been met by the individual or entity:

- a. A person providing medical oversight of the AED program, as designated in the plan;
- b. The entity responsible for the AED program, as designated in the plan;
- c. An individual providing training to others on the use of an AED.
