The statement of withdrawal must be acknowledged by the clerk of the district. A candidate may not withdraw after 5:00 p.m. the day before the ballot certification deadline in 20-20-401.

3 Procedure for Maintenance of District Policy and Policy Manual

4
5 The official copy of the policies of Jefferson High School District #1 is maintained as an
6 electronic PDF (Adobe portable document file). The singular location for this official Policy
7 Manual is on the JHS server and it is accessed via the JHS website on a page designated for this
8 purpose in the district information section of the site.

9
10 Generally, each year the Board establishes a policy committee. The purpose of the committee is
11 to review or construct policy additions or change proposals and make recommendations to the
12 full Board for action.

13
14 The policy committee may develop its own methods for tracking and processing their work. This
15 may include internet or other posting of materials, working copies of policy proposals and
16 methods for incorporating public input in the process. All methods used by the committee will
17 adhere to open meeting law requirements.

18
19 All policies that include a due date or other date-related requirement for the Board,
20 administration, staff or other persons or entities will be listed on a "Board Timeline Index" which
21 will follow the Master Index in the district policy manual.

22
23 The procedure for processing policy proposals is:

- 24
25 1. Committee meets as needed to review and research policy proposals and may revise or
26 construct drafts of the policy proposals.
- 27 2. Proposed policy draft is submitted to the Superintendent to be included on the agenda at
28 the next regularly scheduled board meeting. For policy changes, written drafts must be
29 the current policy language with deleted language formatted with a strike through and
30 new language underlined. The agenda item will include the policy number, title and a
31 brief description of the proposal.
- 32 3. District Clerk disseminates proposed policy marked as "1st Reading Draft" to trustees.
- 33 4. If approved on 1st reading, the District Clerk incorporates any changes made on 1st
34 reading in the draft policy with markup formatting and disseminates the updated draft to
35 the Board marked as "2nd Reading Draft" and adds the proposed policy for 2nd reading to
36 the agenda for the next regularly scheduled board meeting.
- 37 5. If approved on 2nd reading, the District Clerk incorporates any changes made on 2nd
38 reading, removes the markup formatting, and emails the final approved policy Word
39 document to the District's provider of policy maintenance services, if any, as soon as
40 possible but not more than ten (10) working days after approval.
- 41 6. Policy maintenance vendor adds the approved policy document to our word documents
42 on their site, updates the Board Timeline Index if needed, and posts a new full Policy
43 Manual PDF to our directory on their website. The file name of the official policy manual

THE BOARD OF TRUSTEES

Page 2 of 2

PDF will include the date and time the file was generated. Example: Jefferson High School District Policies–20110610-1259pm.pdf

7. District Clerk downloads the updated PDF and posts it to the JHS website. The District Clerk moves the former versions of the official policy manual to a linked page on the site where they will be maintained for historical purposes.
8. If the District does not use a policy maintenance service, then the District Clerk will update the PDF file locally.

Administrative Procedures

The goals of written administrative procedures are:

- A clear understanding and expectation of how recurring important tasks are done consistently and well within the district is shared among administration, staff, students, trustees and the public, and
- Achievement of district goals is enhanced through communication and implementation of procedures tied to goals, and
- Transitions between former and new staff are improved less time is spent “reinventing the wheel.”

To this end, the Superintendent shall develop and maintain administrative procedures in such a way that:

1. An electronic manual of procedures is created and maintained by the district office under the direction of the superintendent and available in PDF format to the public upon request.
2. Any recurring task for which it is important that the task be done consistently and in a certain manner has a written procedure in the procedure manual.
3. A timeline index is created and maintained as part of the procedures manual.
4. Each procedure clearly identifies the need for the task, the steps involved, who is responsible, when the task must be done, any measurements for success that are appropriate and a reference to any corresponding district goals or policy.
5. The manual uses a style, format and numbering scheme, consistent with the District policy manual.

Board Meetings

Meetings of the Board and/or committees of the Board must occur at a duly called and legally conducted meeting. "Meeting" is defined as the convening of a quorum of the constituent membership of the Board, whether in person or by means of electronic equipment, to hear, discuss, or act upon a matter over which the Board has supervision, control, jurisdiction, or advisory power.

Regular Meetings

Unless otherwise specified, all meetings will take place in the Jefferson High School Library. Regular meetings shall take place at 6:30 p.m. on the third (3rd) Tuesday of each month, or at other times and places determined by a majority vote. Except for an unforeseen emergency, meetings must be held in school buildings or, upon the unanimous vote of the Trustees, in a publicly accessible building located within the District. If regular meetings are scheduled at places other than as stated above or are adjourned to times other than the regular meeting time, notice of the meeting shall be made in the same manner as provided for special meetings. The Trustees may meet outside the boundaries of the school district for collaboration or cooperation on educational issues with other school boards, educational agencies, or cooperatives. Adequate notice of the meeting as well as an agenda must be provided to the public in advance. Decision making may only occur at a properly noticed meeting held within the school district's boundaries. When a meeting date falls on a legal holiday, the meeting shall take place the next business day.

Emergency Meetings

In the event of an emergency involving possible personal injury or property damage, the Board may meet immediately and take official action without prior notification.

Budget Meetings

Between July 1 and August 10 of each year, the Clerk shall publish a notice stating the date, time, and place trustees will meet for the purpose of considering and adopting a final budget for the District, stating that the meeting of the trustees may be continued from day to day until final adoption of a District budget and that any taxpayer in the District may appear at the meeting and be heard for or against any part of the budget. Before closing a meeting, the presiding officer must determine that the demands of individual privacy exceed the merits of public disclosure and so state publicly before going into closed session. The Board also may go into closed session to discuss a strategy to be followed with respect to litigation, when an open meeting would have a detrimental effect on the litigating position of the District. School Board Meeting ProcedureAgenda

The authority to set the board agenda lies with the Board Chair in consultation with board members and the administration. The act of preparing the board meeting agendas can be delegated to the Superintendent.

Any topics requested by Board members or members of the public must first be approved by the Board Chair before being placed on the agenda. Citizens wishing to make brief comments about school programs or procedures will follow the public comment procedures in district policy.

The agenda also must include a “public comment” portion to allow members of the general public to comment on any public matter under the jurisdiction of the District which is not specifically listed on the agenda, except that no member of the public will be allowed to comment on contested cases, other adjudicative proceedings, or personnel matters. The Board Chairperson may place reasonable time limits on any “public comment” period to maintain and ensure effective and efficient operations of the Board. The Board shall not take any action on any matter discussed, unless the matter is specifically noticed on the agenda, and the public has been allowed opportunity to comment.

Copies of the agenda for the current Board meeting, minutes of the previous Board meeting, and relevant supplementary information will be prepared and distributed to each trustee at least forty-eight (48) hours in advance of a Board meeting and will be available to any interested citizen at the Superintendent’s office forty-eight (48) hours before a Board meeting. An agenda for other types of Board meetings will be prepared, if circumstances require an agenda.

Consent Agenda

To expedite business at its meetings, the Board may approve the use of a consent agenda, which includes those items considered to be routine in nature. Any item that appears on the consent agenda may be removed by a member of the Board. Any Board member who wishes to remove an item from the consent agenda must give advance notice in a timely manner to the Superintendent. Remaining items will be voted on by a single motion. The approved motion will be recorded in the minutes, including a listing of all items appearing on the consent agenda.

Minutes

Appropriate minutes of all meetings required to be open must be kept and must be available for inspection by the public. If an audio recording of a meeting is made and designated as official, the recording constitutes the office record of the meeting. If an official recording is made, a written record of the meeting must also be made and must also include:

- Date, time, and place of the meeting;

- 1 • Presiding officer;
- 2 • Board members recorded as absent or present;
- 3 • Summary of discussion on all matters discussed (including those matters discussed
- 4 during the “public comment” section), proposed, deliberated, or decided, and a record of any
- 5 votes taken;
- 6 • Detailed statement of all expenditures;
- 7 • Purpose of recessing to closed session; and
- 8 • Time of adjournment.

9
10
11 If the minutes are recorded and designated as the official record, a log or time stamp for each
12 main agenda item is required for the purpose of providing assistance to the public in accessing
13 that portion of the meeting.

14
15 Unofficial minutes shall be delivered to Board members in advance of the next regularly
16 scheduled meeting of the Board. Minutes need not be read publicly, provided that Board
17 members have had an opportunity to review them before adoption. A file of permanent minutes
18 of Board meetings shall be maintained in the office of the Clerk, to be made available for
19 inspection upon request. A written copy shall be made available within five (5) working days
20 following approval by the Board.

21
22 Quorum

23
24 No business shall be transacted at any meeting of the Board unless a quorum of its members is
25 present. A majority of the full membership of the Board shall constitute a quorum, whether the
26 individuals are present physically or electronically. A majority of the quorum may pass a
27 resolution, except as provided in § 20-4-203(1), MCA, and § 20-4-401(4), MCA.

28
29 Electronic Participation

30
31 The Board may allow members to participate in meetings by telephone or other electronic
32 means. Board members may not simply vote electronically, but must be connected with the
33 meeting throughout the discussion of business.

34 If a Board member electronically joins the meeting after an item of business has been opened,
35 the remotely located member shall not participate until the next item of business is opened. If the
36 Board allows a member to participate electronically, the member will be considered present and
37 will have his or her actual physical presence excused. The member shall be counted present for
38 purposes of convening a quorum. The Clerk will document it in the minutes when members
39 participate in the meeting electronically.

40
41 Any Board member wishing to participate in a meeting electronically will notify the Board
42 chairperson and superintendent as early as possible. The superintendent will arrange for the
43 meeting to take place in a location with the appropriate equipment so that Board members
44 participating in the meeting electronically may interact and the public may observe or hear the

1 comments made. The superintendent will take measures to verify the identity of any remotely
2 located participants.

3
4 Meeting Conduct and Order of Business

5
6 General rules of parliamentary procedure are used for every Board meeting. Robert's Rules of
7 Order may be used as a guide at any meeting. The order of business shall be reflected on the
8 agenda. The use of proxy votes shall not be permitted. Voting rights are reserved to those
9 trustees in attendance. Voting shall be by acclamation or show of hands.

10
11 Rescind a Motion

12
13 A motion to rescind (cancel previous action) may be made anytime by any trustee that voted on
14 the prevailing side of the motion being considered for revision. A motion to rescind must be
15 properly noticed on the Board agenda for the meeting. It is in order any time prior to
16 accomplishment of the underlying action addressed by the motion.

Notice Regarding Public Comment

Montana law requires school districts and other public agencies to include on the agenda for public meetings an item allowing public comment on any public matter not otherwise specifically listed on the agenda that is within the jurisdiction of the agency. The public comment portion of the agenda is not the time designated to hear items that are specifically listed/identified on the agenda.

For those individuals who desire to address the Board during the public comment portion of the meeting, if you haven't already done so, please sign your name to the sheet and indicate the general topic on which you will be commenting. The Board Chairperson will call individuals to speak in the order listed on the sheet provided. Please state your name prior to beginning your comment. There will be an opportunity for citizens who have not signed in to comment at the conclusion of the comment period. The Board would like to remind everyone in attendance to avoid violations of individual rights of privacy when providing comment. The Board is not authorized to hear comments on contested cases or other adjudicative proceedings.

By law, the District cannot take any action on any matter discussed during the public comment portion of the meeting as those matters are specifically noticed on the agenda. The Board may take a matter raised during the public comment period under consideration for inclusion on a future agenda.

In accordance with Montana law, citizens have the right to comment on an item that is specifically listed on the agenda. Citizens will be permitted to do so when the item comes up for discussion and action. The board chair will indicate when the public has the opportunity to comment prior to board action on a particular agenda item.

The Board Chair has the authority to manage all public comment periods and will do so in accordance with state law and district policy.

Abstentions From Voting

Section 20-3-323(2), MCA, requires the minutes of each Board meeting to include the voting records of each trustee present. As a general rule trustees should vote on all issues, unless casting a vote would be a violation of law. Under Montana law, instances in which it would be unlawful or inappropriate for a trustee to cast a vote on a particular issue include, but are not necessarily limited to, situations when the Board is considering hiring the relative of a trustee.

In addition, a trustee shall be allowed to abstain from voting to avoid the appearance of impropriety or the appearance of a perceived conflict. If a trustee abstains from voting, the abstention should be recorded in the minutes and may include an explanation of the reasons for the abstention. The Board discourages abstentions, unless the reasons are substantiated as provided herein.

Audience Participation

The Board recognizes the value of public comment on educational issues and the importance of involving members of the public in its meetings. The Board also recognizes the statutory and constitutional rights of the public to participate in governmental operations. To allow fair and orderly expression of public comments, the Board will permit public participation through oral or written comments during the “public comment” section of the Board agenda and prior to a final decision on a matter of significant interest to the public. The Chairperson may control such comment to ensure an orderly progression of the meeting in the manner described in Policy 1420F.

A trustee may not:

1. Engage in a substantial financial transaction for the trustee's private business purpose, with a person whom the trustee inspects or supervises in the course of official duties.
2. Perform an official act directly and substantially affecting, to its economic benefit, a business or other undertaking in which the trustee either has a substantial financial interest or is engaged as counsel, consultant, representative or agent.

5. Be employed in any capacity by the District, with the exception of officiating at athletic competitions under the auspices of the Montana Officials Association.
6. Perform an official act directly and substantially affecting a business or other undertaking to its economic detriment when the officer or employee has a substantial personal interest in a competing firm or undertaking.

 - b. This prohibition does not apply to the renewal of an employment contract of a tenured teacher or classified employee employed without a written contract for a specific term related to a Board member, who was initially hired before the Board member assumed the trustee position.
 - c. This prohibition does not apply if trustees comply with the following requirements: 1) **All trustees**, except the trustee related to the person to be employed or appointed, vote to employ the related person; 2) the trustee related to the person to be employed abstains from voting; and 3) the trustees give fifteen

Board/Staff Communications

Every reasonable means of communication is encouraged throughout the education community. Nevertheless, an organization must maintain some order and structure to promote efficient and effective communications.

Staff Communications to the Board

All official communications or reports to the Board, from principals, supervisors, teachers, or other staff members, shall be submitted through the Superintendent. This procedure shall not deny any staff member the right to appeal to the Board from administrative decisions, provided that the Superintendent shall have been notified of the forthcoming appeal and that it is processed according to the applicable procedures for complaints and grievances. The provision does not limit or restrict employees from engaging in public comment during Board meetings as permitted by Montana law.

Board Communications to Staff

All official communications, policies, and directives of staff interest and concern will be communicated to staff members through the Superintendent. The Superintendent will employ all such media as are appropriate to keep staff fully informed of Board concerns and actions.

Visits to Schools

In accordance with Montana statutes, each trustee shall visit every school of the District at least once each school fiscal year to examine its condition and needs. As a courtesy, individual Board members interested in visiting schools should make arrangements for visitations through the principals of the various schools. Such visits shall be regarded as informal expressions of interest in school affairs and not as “inspections” or visits for supervisory or administrative purposes.

Social Interaction

Staff and Board members share a keen interest in schools and education. When they meet at social affairs and other functions, informal discussion about such matters as educational trends, issues, and innovations and general District problems can be anticipated. **Discussions of personalities or staff grievances are not appropriate.**

Trustee Expenses

Expenses for Board Members - In-District

The members of the trustees of any district may not receive compensation for their services as trustees. A trustee is entitled to collect mileage at a rate equal to the mileage allotment allowed by the United States internal revenue service for the current year for the first 1,000 miles and 3 cents less per mile for all additional miles traveled within a given calendar month.

The members of the trustees who reside over 3 miles from the trustees' meeting place must upon request be reimbursed at the rate as provided in 2-18-503 for every mile necessarily traveled between their residence and the meeting place and return in attending the regular and special meetings of the trustees, and all trustees must be similarly reimbursed for meetings called by the county superintendent. The travel reimbursement may be accumulated during the school fiscal year and paid at the end of the fiscal year, at the discretion of each trustee.

A trustee must file a reimbursement for mileage form, prior to July 1 of each year, requesting reimbursement for the then current fiscal year. The form may be obtained from the District Clerk/Business Manager.

Expenses for Board Members at Out-of-District Meetings

Trustees normally attend workshops, training institutes, and conferences at both the state and national levels. The District will pay all legitimate costs for trustees to attend out-of-District meetings, at established rates for reimbursement set by the District:

1. Transportation as approved by the Board;
2. On-site transportation during the course of the meeting, i.e., bus, taxi, or rental car;
3. Hotel or motel costs for trustee, as necessary;
4. Food costs as necessary;
5. Telephone services for necessary communications with business or family, resulting from the trustee being away from Jefferson County;
6. Incidental expenditures for tips and other necessary costs attributable to the trustee's attendance at a meeting; however, the District will not reimburse or pay for such items as liquor, expenses of a spouse, separate entertainment, or other unnecessary expenditures.

Uniform Complaint Procedure

The Board establishes this Uniform Complaint Procedure as a means to address complaints arising within the District. This Uniform Complaint Procedure is intended to be used for all complaints except those involving challenges to educational material and those governed by a specific process in state or federal law that supersedes this process or collective bargaining agreement. Matters covered by a collective bargaining agreement will be reviewed in accordance with the terms of the applicable agreement.

The District requests all individuals to use this complaint procedure, when the individual believes the Board or its employees or agents have violated the individual's rights under state or federal law or Board policy. Complaints against a building administrator shall be filed with the Superintendent. Complaints against the Superintendent or District administrator shall be filed with the Board.

The District will endeavor to respond to and resolve complaints without resorting to this formal complaint procedure and, when a complaint is filed, to address the complaint promptly and equitably. The right of a person to prompt and equitable resolution of a complaint filed hereunder will not be impaired by a person's pursuit of other remedies. Use of this complaint procedure is not a prerequisite to pursuit of other remedies, and use of this complaint procedure does not extend any filing deadline related to pursuit of other remedies.

Deadlines requiring District action in this procedure may be extended for reasons related but not limited to the District's retention of legal counsel and District investigatory procedures.

Level 1: Informal

An individual with a complaint is first encouraged to discuss it with the appropriate employee or building administrator, with the objective of resolving the matter promptly and informally. An exception is that a complaint of sexual harassment should be discussed directly with an administrator not involved in the alleged harassment.

Level 2: Building Administrator

When a complaint has not been or cannot be resolved at Level 1, an individual may file a signed and dated written complaint stating: (1) the nature of the complaint; (2) a description of the event or incident giving rise to the complaint, including any school personnel involved; and (3) the remedy or resolution requested. This written complaint must be filed within thirty (30) calendar days of the event or incident or from the date an individual could reasonably become aware of such event or incident. The applicability of the deadline is subject to review by the Superintendent to ensure the intent of this uniform complaint procedure is honored.

5 If the complainant has reason to believe the administrator's decision was made in error, the
6 complainant may request, in writing, that the Superintendent review the administrator's decision.
7 (See Level 3.) This request must be submitted to the Superintendent within fifteen (15) calendar

Goals

The District's educational program will seek to provide an opportunity for each child to develop to his or her maximum potential. The objectives for the educational program are:

- To foster self-discovery, self-awareness, and self-discipline.
- To develop an awareness of and appreciation for cultural diversity.
- To stimulate intellectual curiosity and growth.
- To provide fundamental career concepts and skills.
- To help the student develop sensitivity to the needs and values of others and respect for individual and group differences.

- To be free of any sexual, cultural, ethnic, or religious bias.

The administrative staff is responsible for apprising the Board of the educational program's current and future status at the regular June Board meeting. The Superintendent should prepare an annual report that includes:

- A review and evaluation of the present curriculum;
- A projection of curriculum and resource needs;
- An evaluation of, and plan to eliminate any sexual, cultural, ethnic, or religious bias that may be present in the curriculum or instructional materials and methods;
- A plan for new or revised instructional program implementations; and

Student Instruction

The School District has adopted the protocols outlined in this policy to ensure the delivery of education services to students onsite at the school and offsite at other locations using available resources. The District administration or designated personnel are authorized to implement this policy.

As outlined in District Policy 2100, and except for students determined by the School District to be proficient using School District assessments, the adopted calendar has a minimum number of 720 aggregate instructional hours for students in kindergarten through third grade; 1,080 hours for students in fourth through eleventh grade; and 1,050 for students in twelfth grade.

The School District may satisfy the aggregate number of hours through any combination of onsite, offsite, and online instruction. The District administration is directed to ensure that all students are offered access to the complete range of educational programs and services for the education program required by the accreditation standards adopted by the Montana Board of Public Education.

For the purposes of this policy and the School District's calculation of ANB and "aggregate hours of instruction" within the meaning of that term in Montana law, the term "instruction" shall be construed as being synonymous with and in support of the broader goals of "learning" and full development of educational potential as set forth in Article X, section 1 of the Montana Constitution. Instruction includes innovative teaching strategies that focus on student engagement for the purposes of developing a student's interests, passions, and strengths. The term instruction shall include any directed, distributive, collaborative, and/or experiential learning activity provided, supervised, guided, facilitated, work based, or coordinated by the teacher of record in a given course that is done purposely to achieve content proficiency and facilitate the learning and acquisition of knowledge, skills, and abilities by, and to otherwise fulfill, the full educational potential of each child.

Staff shall calculate the number of hours students have received instruction as defined in this policy through a combined calculation of services received onsite at the school or services provided or accessed at offsite or online instructional settings including, but not limited to, any combination of physical instructional packets, virtual or electronic based course meetings and assignments, self-directed or parent-assisted learning opportunities, and other educational efforts undertaken by the staff and students that can be given for grade or credit. Staff shall report completed hours of instruction as defined in this policy to the supervising teacher, building principal, or district administrator for final calculation.

In order to comply with the requirements of the calendar, District Policy, and Section 20-1-301 MCA, the District shall implement the instructional schedules and methods identified in this policy.

Offsite Instruction

The Board of Trustees authorizes offsite instruction of students in a manner that satisfies the aggregate number of instructional hours outlined in the School District's adopted or revised calendar for a school year. Offsite delivery methods shall include a complete range of educational services offered by the School District and shall comply with the requirements of applicable statutes. Students completing course work through an offsite instructional setting shall be treated in and have their hours of instruction calculated in the same manner as students attending an onsite institutional setting.

Offsite instruction is available to students:

1. Meeting the residency requirements for that district as provided in 1-1-215;
2. Living in the district and eligible for educational services under the Individuals With Disabilities Education Act or under 29 U.S.C. 794;
3. Attending school in the district under a mandatory attendance agreement as provided in 20-5-321; or
4. Attending school in the nearest district offering offsite instruction that agrees to enroll the student when the student's district of residence does not provide offsite instruction in an equivalent course in which the student is enrolled. A course is not equivalent if the course does not provide the same level of advantage on successful completion, including but not limited to dual credit, advanced placement, and career certification. Attendance under this provision is subject to approval of the Trustees.

The Board of Trustees authorizes the supervising teacher or district administrator to permit students to utilize an offsite or online instructional setting when circumstances require.

Proficiency-Based Learning

The Board of Trustees authorizes proficiency-based learning and ANB calculation in situations when a student demonstrates proficiency in a course area as determined by the Board of Trustees using District assessments consistent with District Policy 1005FE or other measures approved by the Board of Trustees.

The Board of Trustees waives the minimum number of instructional hours for students who demonstrate proficiency in a course area using district assessments that include, but are not limited to, the course or class teacher's determination of proficiency as defined by the Board of Trustees. This determination shall be based on a review of the student's completed coursework, participation in course delivery, and other methods applicable to the specific course or class. The Board of Trustees authorizes the use of the proficiency determination process for students who have selected this method of delivery, students for whom the School District is unable to document satisfaction of the required minimum aggregate number of hours through the offsite or onsite methods outlined in this policy, or other students whom School District personnel determine satisfy the definition of proficient or meeting proficiency.

This provision is based on the declaration by the Montana Legislature that any regulation discriminating against a student who has participated in proficiency-based learning is inconsistent with the Montana Constitution.

Commemorative Holidays

Teachers and students will devote a portion of the day on each commemorative holiday designated in § 20-1-306, MCA, to study and honor the commemorated person or occasion. The Board may from time to time designate a regular school day as a commemorative holiday.

Saturday School

In emergencies, including during reasonable efforts of the Trustees to make up aggregate hours of instruction lost during a declaration of emergency by the Trustees under Section 20-9-806, MCA, pupil instruction may be conducted on a Saturday when it is approved by the Trustees.

Pupil instruction may be held on a Saturday at the discretion of a school district for the purpose of providing additional pupil instruction beyond the minimum aggregate hours of instruction required in Section 20-1-301, MCA provided student attendance is voluntary.

Friday School

In emergencies, including during reasonable efforts of the Trustees to make up aggregate hours of instruction lost during a declaration of emergency by the Trustees under Section 20-9-806, MCA, pupil instruction may be conducted on a Friday when it is approved by the Trustees.

Pupil instruction may be held on a Friday at the discretion of a school district for the purpose of providing additional pupil instruction beyond the minimum aggregate hours of instruction required in Section 20-1-301, MCA, provided student attendance is voluntary.

School Fiscal Year

At least the minimum number of aggregate hours must be conducted during each school fiscal year. The minimum aggregate hours required by grade are:

INSTRUCTION

- a) A minimum of 360 aggregate hours for a kindergarten program;
- b) 720 hours for grades 1 through 3;
- c) 1,080 hours for grades 4 through 12; and
- d) 1,050 hours may be sufficient for graduating seniors.

The minimum aggregate hours, described above, are not required for any pupil demonstrating proficiency pursuant to 20-9-311(4)(d), MCA.

In addition, seven (7) pupil instruction-related days may be scheduled for the following purposes:

1. Pre-school staff orientation for the purpose of organization of the school year;
2. Staff professional development programs (minimum of three (3) days);
3. Parent/teacher conferences; and
4. Post-school record and report (not to exceed one (1) day, or one-half (1/2) day at the end of each semester or quarter).

The Board of Trustees has established an advisory committee to develop, recommend, and evaluate the school district's yearly professional development plan. Each year the Board of Trustees shall adopt a professional development plan for the subsequent school year based on the recommendation of the advisory committee.

Extended School Year

In accordance with Section 20-1-301, MCA and any applicable collective bargaining agreement covering the employment of affected employees, the Board of Trustees may establish a school calendar with an earlier start date and a later end date to ensure students receive the minimum number aggregate instructional hours. The purpose of an extended school year will be to maximize flexibility in the delivery of instruction and learning for each student in the School District. When setting an extended school year, the School District will collaborate with students, parents, employees, and other community stakeholders. When proposing to adopt changes to a previously adopted school term, the Board of Trustees will follow the procedures outlined in this policy.

Grade Organization

The District maintains instructional levels for grades nine (9) through twelve (12). The grouping and housing of instructional levels in school facilities will be according to plans developed by the Superintendent and approved by the Board.

Instructional programs will be coordinated between each grade.

A student will be assigned to an instructional group or to a classroom which will best serve the needs of that individual while still considering the rights and needs of other students. Factors to be considered in classroom assignments are class size, peer relations, student/teacher relations, instructional style of individual teachers, and any other variables that will affect the performance of the student.

Criteria for grouping will be based on learning goals and objectives addressed and the student's ability to achieve those purposes.

Objectives

Continuous Progress Education

The Board acknowledges its responsibility to develop and implement a curriculum designed to provide for sequential intellectual and skill development necessary for students to progress on a continuous basis from elementary through secondary school.

The Superintendent is directed to develop instructional programs which will enable each student to learn at the student's best rate. The instructional program will strive to provide for:

1. Placement of a student at the student's functional level;
2. Learning materials and methods of instruction considered to be most appropriate to the student's learning style; and
3. Evaluation to determine if the desired student outcomes have been achieved.

Each year, the Superintendent will determine the degree to which such instructional programs are being developed and implemented. Accomplishment reports submitted annually, at the regular June Board meeting, will provide the Board with the necessary information to make future program improvement decisions.

Curriculum and Assessment

The Board is responsible for curriculum adoption and must approve all significant changes, including the adoption of new textbooks and new courses, before such changes are made. The Superintendent is responsible for making curriculum recommendations. The District shall ensure their curriculum is aligned to all content standards and the appropriate learning progression for each grade level.

A written sequential curriculum will be developed for each subject area. The curricula will address learner goals, content and program area performance standards, and District education goals and will be constructed to include such parts of education as content, skills, and thinking. The District shall review curricula at least every five (5) years or consistent with the state's standards revision schedule, and modify, as needed, to meet educational goals of the continuous school improvement plan pursuant to ARM 10.55.601.

The staff and administration will suggest materials and resources, to include supplies, books, materials, and equipment necessary for development and implementation of the curriculum and assessment, which are consistent with goals of the education program.

The District shall maintain their programs consistent with the state's schedule for revising standards.

The District shall assess the progress of all students toward achieving content standards and content-specific grade-level learning progressions in each program area. The District shall use assessment results to examine the education program and measure its effectiveness.

The District shall use appropriate multiple measures and methods, including state-level achievement information obtained by administration of assessments pursuant to the requirements of ARM 10.56.101, to assess student progress in achieving content standards and content-specific grade-level learning progressions in all program areas. The examination of program effectiveness using assessment results shall be supplemented with information about graduates and other students no longer in attendance.

To insure proper planning and continuity of instruction, the Board requires that each teacher prepare lesson plans for daily instruction. To facilitate more effective instruction, lesson plans must be prepared at least one (1) week in advance and are due for review at the end of each week, before the teacher leaves for the weekend. Program Evaluation and Diagnostic Tests

The Board strives for efficiency and effectiveness in all facets of its operations. To achieve this goal, at the regular October Board meeting the Board will set forth:

1. A clear statement of expectations and purposes for the District instructional program;
2. A provision for staff, resources, and support to achieve stated expectations and purposes; and
3. A plan for evaluating instructional programs and services to determine how well expectations and purposes are being met.

The District will utilize a variety of assessment processes to:

1. Determine the effectiveness of the instructional programs;
2. Assess the progress of individual students in attaining student learning objectives; and
3. Diagnose the needs of individual students who are not progressing at their expected rates.

Parents who wish to examine any assessment materials may do so by contacting the Superintendent. Parental approval is necessary before administering an individual intelligence test or a diagnostic personality test. No tests or measurement devices which include questions about a student's or the student's family's personal beliefs and practices in family life, morality, and religion will be administered, unless the parent gives written permission for the student to take such test, questionnaire, or examination.

Revision Note:

Interscholastic Activities/Athletics

The District recognizes the value of a program of interscholastic activities/athletics as an integral part of the total school experience. The program of interscholastic activities/athletics includes all activities/athletics relating to competitive sport or intellectual contests, games or events, or exhibitions involving individual students or teams of students of this District, when such events occur between schools outside this District.

Interscholastic activities/athletics enhance the quality of education through teaching character education, sportsmanship, and ethical and socially responsible behavior. It is the responsibility of our administration and activities/athletic staff to prove the educational worth of high school interscholastic activities/athletics and to show that the lessons learned by participants in these activities/athletics will reinforce and supplement the same goals as those of classroom teachers.

All activity/athletic programs will operate in compliance with District policy. All manuals, handbooks, procedures, rules, or regulations, including subsequent changes, intended for use within any activity/sport must be submitted to administration for review of compliance with District policy prior to use. It is the responsibility of administration and activity/athletic advisors/coaches to develop any such materials far enough in advance of the intended date of use to allow for administrative review.

All facilities and equipment utilized in the interscholastic activity/athletic program, whether or not the property of the District, will be inspected on a regular basis. Participants will be issued equipment which has been properly maintained and fitted.

An activity/athletic advisor/coach must be properly trained and qualified for an assignment as described in the advisor/coach's job description. A manual which outlines the skills, techniques, and safety measures associated with an advising/coaching assignment will be developed and maintained by administration and distributed to each activity/athletic advisor/coach. All advisors/coaches will hold a current valid first aid certificate.

The Board recognizes that certain risks are associated with participation in interscholastic activities/athletics. While the District will strive to prevent injuries and accidents to students, each parent or guardian will be required to sign an "assumption of risk" statement indicating that the parents assume all risks for injuries resulting from such participation. This form is attached as **2151F1**. Each participant will be required to furnish evidence of physical fitness (physical form) prior to becoming a member of an athletic team sanctioned by the Montana

High School Association (MHSA). A participant will be free of injury and will have fully recovered from illness before participating in any event.

Advisors/Coaches and/or trainers may not issue medicine of any type to students. This provision does not preclude the advisor/coach and/or trainer from using approved first aid items.

Program Review

Administration and activities/athletics advisors/coaches must periodically, but not less than every three years, fully review the activities/athletics program in alignment with the set of standards listed below, utilizing the form attached as **2151F2**. Every interscholastic activity/athletic program for which the school hires an advisor/coach and pays a stipend must be included in this review. The full review must be presented to the Board at least every three years at the regularly scheduled June Board meeting in the review year. Interim progress and plan presentations must be made to the Board annually in non-review years at the regularly scheduled June meeting. The full review and the interim presentations must include annual and cumulative demographic and survey response data.

Surveys

Administration is required to survey participants, parents, and advisors/coaches to solicit feedback on the quality of each program at the close of each activity/athletic season. Administration must ensure that surveys are conducted in a manner that provides anonymity to the respondents.

Survey participation is required. Parents and participants must acknowledge and accept this responsibility prior to the student participating in any JHS interscholastic activity/athletic program or sport. An acknowledgement form is attached as **2151F3**. Administration will incorporate this acknowledgement/acceptance form in pre-season materials. Administration will track survey participation.

Survey templates are attached as **2151F4-5-6**. Survey items may not be removed except by approval of the Board. Survey items may be added at the discretion of administration in order to obtain more or better information relating to program standards and goals and improvement initiatives. Essay or free-form text survey questions may be used at the discretion of the administration. Questions that would require a survey participant to give identifiable information must not be used.

These review and survey processes are intended to be an evaluation of the activities/athletics program and are not to be used as the sole evaluation of an advisor/coach. The Board recognizes that supervision and evaluation of activity/athletic advisors/coaches rests with school administration. Data from the surveys associated with these policies may be used as a part of, but not as a substitute for, the regular advisor/coach evaluation process. In addition, the Districts recognizes that complaints about an advisor/coach should follow the Uniform Complaint Procedure in Policy 1700.

ACTIVITY/ATHLETIC PROGRAM STANDARDS

STANDARD I: Guiding Principles. Activity/athletic programs and competition are an integral part of students' academic, social, emotional and physical development. The JHS

The accomplishments of the program, the participants and the advisors/coaches are regularly acknowledged and celebrated.

STANDARD V: Program Evaluation. Ongoing evaluation procedures are in place to measure the department's success in achieving its standards and expectations and the developmental skill growth of each participant. The program has a clearly defined evaluation plan in place which is designed to enhance the professional growth of all advisors/coaches and participants. Skill growth goals and plans for the team are co-developed by the participants and advisor/coach at the beginning of each season and formally assessed at the end of each season. JHS Activities/Athletics Parent's Code of Conduct

Participation in interscholastic competition is designed to enhance a student's education. The interscholastic program is designed to augment academic achievement and should never interfere with opportunities for academic success. Each student should be treated with the utmost respect, and his or her welfare should be considered in decisions by the coach at all times. Accordingly, the following guidelines for the parents of activity participants have been adopted by the JHS Board of Trustees.

The conscientious parent understands and endorses the purpose of our program: to help our students become citizens who will lead, be responsible, and change the world for good.

The conscientious parent supports the coaches by applauding behaviors in all participants that demonstrate characteristics of integrity, empathy, sacrifice, and responsibility.

The conscientious parent acknowledges and appreciates every participant's growth towards maturity and efforts toward establishing stronger relationships with teammates, coaches, and themselves.

The conscientious parent affirms all participants when good character, healthy sportsmanship, and other centered behaviors are displayed, not only affirming performance or a victory.

The conscientious parent serves as a role model for all participants, talking politely and acting courteously towards coaches, officials, other parents, visiting team parents, and spectators at practices, games, and meetings.

The conscientious parent models good sportsmanship, acknowledges and applauds the efforts of team members and opponents, and accepts defeat graciously by congratulating the members of the opposing team on a game well played.

The conscientious parent supports the team regardless of the outcome.

The conscientious parent encourages all participants with positive statements, even when they make mistakes.

The conscientious parent refrains from boasting about their child's accomplishments.

When problems or questions arise, the conscientious parent works to have their child present the problem to the coach to develop self-advocacy and communication skills. After meeting with their coach, if the issue requires more clarity, only then will the conscientious parent contact the coach.

Family Engagement Policy

The Jefferson High School Board of Trustees believes that engaging parents/families in the education process is essential to improved academic success for students. The Board recognizes that a student's education is a responsibility shared by the district, parents, families and other members of the community during the entire time a student attends school. The Board believes that the district must create an environment that is conducive to learning and that strong, comprehensive parent/family involvement is an important component. Parent/Family involvement in education requires a cooperative effort with roles for the Office of Public Instruction (OPI), the district, parents/families and the community.

Parent/Family Involvement Goals and Plan

The Board of Trustees recognizes the importance of eliminating barriers that impede parent/family involvement, thereby facilitating an environment that encourages collaboration with parents, families and other members of the community. Therefore, the district will develop and implement a plan to facilitate parent/family involvement that shall include the following six (6) goals;

1. Promote families to actively participate in the life of the school and feel welcomed, valued, and connected to each other, to school staff, and to what students are learning and doing in class;
2. Promote families and school staff to engage in regular, two-way meaningful communication about student learning;
3. Promote families and school staff to continuously collaborate to support student learning and healthy development both at home and at school and have regular opportunities to strengthen their knowledge and skills to do so effectively;
4. Empower parents to be advocates for their own and other children, to ensure that students are treated equitably and have access to learning opportunities that will support their success;
5. Encourage families and school staff to be partners in decisions that affect children and families and together inform, influence, and create policies, practices, and programs; and
6. Encourage families and school staff to collaborate with members of the community to connect students, families, and staff to expand learning opportunities, community services, and civic participation.

The district's plan for meeting these goals will:

1. Provide activities that will educate parents regarding the intellectual and developmental needs of their children at all age levels. This will include promoting cooperation between the district and other agencies or school/community groups (such as parent-teacher groups, Head Start, etc.) to furnish learning opportunities and disseminate information regarding parenting skills and child/adolescent development.
2. Implement strategies to involve parents/families in the educational process, including:

- 6 as well as of their child's participation and progress within these programs.
- 7 3. Enable families to participate in the education of their children through a variety of roles.
- 8 For example, parents/family members should be given opportunities to provide input into
- 9 district policies and volunteer time within the classrooms and school programs.
- 10 4. Provide professional development opportunities for teachers and staff to enhance their
- 11 understanding of effective parent/family involvement strategies.

Title I Parent and Family Involvement

The District endorses the parent involvement goals of Title I and encourages the regular participation of parents and family members of Title I eligible children in all aspects of the program to establish the agency's expectations and objectives for meaningful parent and family involvement. The education of children is viewed as a cooperative effort among the parents, family members, school, and community. In this policy the word "parent" also includes guardians and other family members involved in supervising the child's schools.

Pursuant to federal law the District will develop jointly with, agree upon with, and distribute to parents of children participating in the Title I program a written parent and family involvement policy. This may include meaningful consultation with employers, business leaders, and philanthropic organizations, or individuals with expertise in effectively engaging parents and family members in education.

At the required annual meeting of Title I parents and family members, parents and family members will have opportunities to participate in the design, development, operation, and evaluation of the program for the next school year. Proposed activities to fulfill the requirements necessary to address the requirements of parental-involvement goals shall be presented.

In addition to the required annual meeting, at least three (3) additional meetings shall be held at various times of the day and/or evening for parents and family members of children participating in the Title I program. These meetings shall be used to provide parents with:

1. Information about programs provided under Title I;
2. A description and explanation of the curriculum in use, the forms of academic assessment used to measure student progress, and the proficiency levels students are expected to meet;
3. Opportunities to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children; and
4. The opportunity to bring parent comments, if they are dissatisfied with the school's Title I program, to the District level.

Title I funding, if sufficient, may be used to facilitate parent attendance at meetings, through payment of transportation and childcare costs.

The parents and family members of children identified to participate in Title I programs shall receive from the school principal and Title I staff an explanation of the reasons supporting each child's selection for the program, a set of objectives to be addressed, and a description of the services to be provided. Opportunities will be provided for the parents and family members to meet with the classroom

and Title I teachers to discuss their child's progress. Parents will also receive guidance as to how they can assist at home in the education of their children.

Each school in the District receiving Title I funds shall develop jointly with parents of children served in the program a "School-Parent Compact" outlining the manner in which parents, school staff, and students share the responsibility for improved student academic achievement in meeting state standards. The "School-Parent Compact" shall:

1. Describe the school's responsibility to provide high quality curriculum and instruction in a supportive and effective learning environment enabling children in the Title I program to meet the state's academic achievement standards;
2. Indicate the ways in which each parent will be responsible for supporting their child's learning, such as monitoring attendance, homework completion, and television watching; volunteering in the classroom; and participating, as appropriate, in decisions related to their child's education and positive use of extracurricular time; and
3. Address the importance of parent-teacher communication on an ongoing basis with, at a minimum, parent-teacher conferences, frequent reports to parents, and reasonable access to staff.

The activities authorized under this policy may include establishing a parent advisory board comprised of a sufficient number and representative group of parents or family members served by the district to adequately represent the needs of the population served by the district for the purposes of developing, revising, and reviewing the parent and family engagement policy.

A. Confidentiality of Information

The District follows the provisions under the Family Educational Rights and Privacy Act and implements the procedures in 34 C.F.R. 300.610-300.627, § 20-1-213, MCA, and A.R.M. 10.16.3560.

B. Access Rights

Parents of disabled students and students eighteen (18) years or older, or their representative, may review any educational records which are designated as student records collected, maintained, and used by the District. Review shall normally occur within five (5) school days and in no case longer than forty-five (45) days. Parents shall have the right to an explanation or interpretation of information contained in the record. Non-custodial parents shall have the same right of access as custodial parents, unless there is a legally binding document specifically removing that right.

C. List of Types and Locations of Information.

A list of the records maintained on disabled students shall be available in the District office. Disabled student records shall be located in the special education room, where they are available for review by authorized District personnel, parents, and adult students. Special education teachers will maintain an IEP file in their classrooms. These records will be maintained under the direct supervision of the teacher and will be located in a locked file cabinet. A record-of-access sheet in each special education file will specify the District personnel who have a legitimate interest in viewing these records.

D. Safeguards

The District will identify in writing the employees who have access to personally identifiable information, and provide training on an annual basis to those staff members.

E. Destruction of Information

The District will inform parents five (5) years after the termination of special education services that personally identifiable information is no longer needed for program purposes. The parent will be advised that such information may be important to establish eligibility for certain adult benefits. At the parent's request, the record information shall either be destroyed or made available to the parent or to the student if eighteen (18) years or older. Reasonable effort shall be made to provide the parent with notification sixty (60) days prior to taking any action on destruction of records. Unless consent has been received from the parent to destroy the record, confidential information will be retained for five (5) years beyond legal school age.

F. Children's Rights

INSTRUCTION

Privacy rights shall be transferred from the parent to an adult student at the time the student attains eighteen (18) years of age, unless some form of legal guardianship has been designated due to the severity of the disabling condition.

Discipline

Students with disabilities may be suspended from school the same as students without disabilities for the same infractions or violations for up to ten (10) consecutive school days. Students with disabilities may be suspended for additional periods of not longer than ten (10) consecutive school days for separate, unrelated incidents, so long as such removals do not constitute a change in the student's educational placement. However, for any additional days of removal over and above ten (10) school days in the same school year, the District will provide educational services to a disabled student, which will be determined in consultation with at least one of the child's teachers, determining the location in which services will be provided. The District will implement the disciplinary procedures in accord with the requirements of CFR 300.530 - 300.537.

Traffic Education

Jefferson County High School will provide a drivers' training instruction program for students who live within the geographic boundaries of the public school district whether or not they are enrolled in the public school district and provided that students enrolled in the course will have reached their 15th birthday within six months of course completion, and has not yet reached 19 years of age on or before September 10 of the school year in which the student participates in traffic education.

Digital Academy Classes

The District recognizes that the District and students may have a need for greater flexibility in the educational program due to funding, teacher availability, individual learning styles, health conditions, employment responsibilities, lack of success in traditional school environments or a desire for students to accelerate their learning and work at the college level before leaving high school. The District acknowledges that online learning solutions offered by the Montana Digital Academy (MTDA) may fulfill these needs.

MTDA is authorized by Montana law to charge fees for students to access offered courses. The District shall pay fees for students enrolled in an MTDA class that is required for graduation as specified in District policy or the student handbook or as determined by the Superintendent or designee. The District may charge students a reasonable fee for an MTDA course or activity not required for graduation. The Board of Trustees authorizes the Superintendent to waive the fee in cases of financial hardship. Any courses the District does not pay for will not be included in the ANB calculation in accordance with Policy 3121.

The Superintendent, and/or designees, shall be responsible for developing procedures for the online learning program that address related topics that may include but are not limited to specification and determination of graduation requirements and fee collection for classes that are not required.

Further, the online learning solutions providers ensure that:

- A. Online course providers are accredited by a nationally recognized accreditation program or agency or are approved and endorsed by the Montana Office of Public Instruction.
- B. Qualified district staff provides information and guidance to students and parents regarding the selection of appropriate online courses to meet their needs, as well as a suitable number of online courses in which a student may enroll.
- C. The curriculum requirements of the state and school district are met.
- D. All online courses taken by the students will be approved by the administration in advance of enrollment.
- E. All teacher-led online courses include licensed, highly qualified teachers.

School Closure

All students, parents, and school employees should assume that school will be in session and buses running as scheduled, unless there is official notification from the Superintendent to the contrary. Such notice will be given via public media.

In the event extremely cold temperatures, wind chill factors, snow, wind, community disaster, public health emergency, or other circumstances require a modification of the normal routine, the Superintendent will make the modification decision prior to 6:00 a.m. and contact the public radio stations for broadcast to the community and will initiate the emergency fan-out communication procedure to all administrators.

The provisions of this procedure may be terminated, amended, or adjusted by the Board of Trustees in the event of circumstances requiring extended school closure due to a declaration of emergency.

Work Schedules and Responsibilities for School Closures

Superintendent

The Superintendent or Board of Trustees has authority to close schools. The Superintendent will be on duty throughout any existing or potential emergency situation, day or night. All orders of doubtful origin should be confirmed with the Superintendent.

Central Administrative Personnel

Central administrative personnel will be expected to report for duty on their assigned shifts in the event of any school closure, insofar as is safely possible, unless otherwise directed by the Superintendent or designee. Additional hours may be required, especially of the maintenance supervisor, business manager, and personnel director, depending on the nature of the emergency. (delete: If it is absolutely impossible for a central administrator to report for duty, the administrator may take the day as a personal leave day or vacation day, with the permission of the Superintendent.)

Building-Level Administrators, Non-Teaching “Exempt” Personnel, and Key Support Staff

All building-level administrators and non-teaching “exempt” personnel will report for duty per their normal shifts or as otherwise directed each day during the school closure, together with the head custodian and at least one (1) secretary, insofar as is safely possible. The building administrator will ascertain that the building has been adequately secured and that any child who mistakenly reports to school is properly and safely cared for and returned home per District policy. The administrator and this minimal support staff shall notify other staff and/or other support employees of the situation and will respond to telephone questions. Staff will be advised of schedule for the day by immediate supervisor.

12-Month Classified Employees

In the event of school closure, 12-month classified personnel may report for duty or not report for duty, as directed by their immediate supervisor. Building secretaries and secretaries to key central administrative personnel who are required to be on duty are expected to report for duty. If a 12-month classified employee is unable to or does not report for duty, the employee will complete a leave request form to declare the day as personal leave, vacation, or leave without pay.

10- and 11-Month Classified Employees

Ten- and 11-month employees may report for duty or not report for duty as directed by their immediate supervisor. If such employees do not report for duty, they will complete a District leave request form to declare the day as personal leave, vacation, or leave without pay.

Aides, Food Service Workers, and Other 9¼-Month Classified Employees

These employees work only those days school is in session and are not expected to work when school is not in session. If school has been closed, 9¼-month employees should not report for duty unless otherwise directed by their immediate supervisor. 9¼-month employees will complete a leave request form to declare the day as personal leave, vacation, or leave without pay.

Teachers (Teachers, Librarians, Psychologists, Counselors)

If schools are closed for weather or other emergency conditions, teachers are not expected to report for duty unless directed otherwise. Teachers do not need to submit an absence form. In cases of school closures, it is customary for the days to be made up at another time; thus teachers will typically still fulfill their contract days.

Selection of Library Materials

The Districts' library has the primary objective of implementing and supporting the educational program in the schools. It is the objective of the library to provide a wide range of materials on all appropriate levels of difficulty, with diversity of appeal and the presentation of different points of view.

The provision of a wide variety of library materials at all reading levels supports the District's basic principle that the school in a free society assists all students to develop their talents fully so that they become capable of contributing to the further good of that society.

In support of these objectives, the Board reaffirms the principles of intellectual freedom inherent in the First Amendment of the Constitution of the United States and expressed in the School Library Bill of Rights, endorsed by the American Association of School Librarians in 1969.

Although the Superintendent is responsible for selection of library materials, ultimate responsibility rests with the Board.

The Board, acting through the Superintendent, thereby delegates authority for selection of library materials to the principal in each of the schools. The principal further delegates that authority to the librarian in the school.

(NOTE: BY STATUTE, THE SUPERINTENDENT HAS AUTHORITY AND IS RESPONSIBLE FOR SELECTION OF LIBRARY MATERIALS, SUBJECT TO BOARD APPROVAL. THE SUPERINTENDENT AND BOARD MAY NOT WANT TO DELEGATE THIS RESPONSIBILITY.)

Selection of Library Materials

Selection of library materials is a professional task conducted by the librarian with advice from the appropriate staff members. In selecting library materials, the librarian will evaluate the existing collection; assess curricula needs; examine materials, and consult reputable, professionally prepared selection aids.

Weeding

When materials no longer meet criteria for selection, they will be weeded. Weeding is a necessary aspect of selection, since every library will contain works which may have answered a need at the time of acquisition, but which, with the passage of time, have become obsolete, dated, unappealing, or worn out.

Discarded materials will be clearly stamped:

“WITHDRAWAL FROM JEFFERSON SCHOOL PUBLIC SCHOOL LIBRARY”

Materials will be discarded in compliance with § 20-6-604, MCA. When the decision to sell or dispose of library materials is made, the Board will adopt a resolution to sell or otherwise dispose of the material because it is or is about to become abandoned, obsolete, undesirable, or unsuitable for the school purposes of the District. The Board will publish a notice of the resolution in the Boulder Monitor and Jefferson Courier. The resolution may not become effective for fourteen (14) days after notice is published.

Gifts

Gift materials may be accepted with the understanding they must meet criteria set for book selection.

Instructional Materials

The Board is legally responsible to approve and to provide the necessary instructional materials used in the District. Textbooks and instructional materials should provide quality learning experiences for students and:

- Enrich and support the curriculum;
- Stimulate growth in knowledge, literary appreciation, aesthetic value, and ethical standards;
- Provide background information to enable students to make intelligent judgments;
- Present opposing sides of controversial issues;
- Be representative of the many religious, ethnic, and cultural groups and their contributions to our American heritage;
- Depict in an accurate and unbiased way the cultural diversity and pluralistic nature of American society.

Basic instructional course material in the fundamental skill areas of language arts, mathematics, science, and social studies should be reviewed at intervals not exceeding five (5) years. All instructional materials must be sequential and must be compatible with previous and future offerings.

Instructional materials may be made available for loan to students when the best interest of the District and student will be served by such a decision. Students will not be charged for normal wear. They will be charged replacement cost, however, as well as for excessive wear, unreasonable damage, or lost materials. The professional staff will maintain records necessary for the proper accounting of all instructional materials.

Selection, Adoption, and Removal of Textbooks and Instructional Materials

Curriculum committees will generally be responsible to recommend textbooks and major instructional materials purchases. Recommendations will be made to the Superintendent. The function of the committee is to ensure that materials are selected in conformance with stated criteria and established District goals and objectives. A curriculum committee may consist of only those members in a particular department. The same basic selection procedures should be followed as with District-wide committees.

Selection and Adoption

Textbooks shall be selected by a curriculum committee representing the various staff who will likely be using the text. In most, but not all, cases an administrator will chair the committee. Each committee should develop, prior to selection, a set of selection criteria against which textbooks will be evaluated. The criteria should include the following, along with other appropriate criteria. Textbooks shall:

- Be congruent with identified instructional objectives;
- Present more than one viewpoint on controversial issues;
- Present minorities realistically;
- Present non-stereotypic models;
- Facilitate the sharing of cultural differences;
- Be priced appropriately.

Removal

Textbooks may be removed when they no longer meet the criteria for initial selection, when they are worn out, or when they have been judged inappropriate through the Learning Materials Review Process.

Copyright

The District recognizes that federal law makes it illegal to duplicate copyrighted materials without authorization of the holder of the copyright, except for certain exempt purposes. Severe penalties may be imposed for unauthorized copying or use of audio, visual, or printed materials and computer software, unless the copying or use conforms to the “fair use” doctrine.

Under the “fair use” doctrine, unauthorized reproduction of copyrighted materials is permissible for such purposes as criticism, comment, news reporting, teaching, scholarship, or research.

While the District encourages its staff to enrich learning programs by making proper use of supplementary materials, it is the responsibility of staff to abide by District copying procedures and obey requirements of law. Under no circumstances will it be necessary for staff to violate copyright requirements in order to properly perform their duties. The District cannot be responsible for any violations of the copyright law by its staff.

The display of dramatic performances, musical works, motion pictures, or television programming to students may only occur for educational purposes under the following standards:

- During onsite instruction
- When viewed in a classroom or designated place of instruction
- With a lawfully made copy or via an authorized account
- As a regular part of instruction and directly related to the curriculum

Employees should contact the administration with inquiries about accessing lawful copies of materials or accounts to access materials available via online platforms to ensure compliance with copyright laws.

Any staff member who is uncertain as to whether reproducing or using copyrighted material complies with District procedures or is permissible under the law should consult the Superintendent. The Superintendent will assist staff in obtaining proper authorization to copy or use protected materials, when such authorization is required.

Learning Materials Review

Citizens objecting to specific materials used in the District are encouraged to submit a complaint in writing and discuss the complaint with the building principal prior to pursuing a formal complaint.

A formal request to remove an item from the school or limit its use must be in writing and will be acted upon by the Superintendent. A spokesperson for each side of the issue will be heard by the Superintendent, if requested. A written decision will be delivered to the complainant within forty (40) school days. Any appeal of this decision must be delivered in writing to the Board within fourteen (14) calendar days. The Board will make final decisions on appeals.

Learning materials, for the purposes of this policy, are considered to be any material used in classroom instruction, library materials, or any materials to which a teacher might refer a student as part of the course of instruction.

If a complaint is made (a complaint is defined as a written statement of opposition to a resource, requesting that it be removed or restricted), the procedures are as follows:

1. Treat each complainant courteously and confidentially but make no commitments.
2. Each complainant should be directed to the building principal.
3. The building principal will invite the complainant to complete and return a prepared questionnaire.
4. The completed questionnaire will be submitted by the principal to the chairperson of the review committee.
5. The review committee shall be a committee consisting of two (2) teachers selected by the Superintendent; the librarian; the principal; and a parent selected by the Superintendent. The principal, the Superintendent, and the librarian or teacher involved will be promptly informed of the completed questionnaire.
6. Use of challenged resources shall not be restricted during reevaluation proceedings.
7. The chairperson of the review committee will:
 - a. Notify committee members of the challenge and set up a meeting.
 - b. Discuss the questionnaire with the librarian or teacher involved.
 - c. Inform the complainant and librarian or teacher involved of the time and place of the committee meeting.

Field Trips, Excursions, and Outdoor Education

The Board recognizes that field trips, when used as a device for teaching and learning integral to the curriculum, are an educationally sound and important ingredient in the instructional program of the schools. Such trips can supplement and enrich classroom procedures by providing learning experiences in an environment beyond the classroom. The Board also recognizes that field trips may result in lost learning opportunities in missed classes. Therefore, the Board endorses the use of field trips, when educational objectives achieved by the trip outweigh any lost in-class learning opportunities.

All field trips must be approved in advance by the building principal.

The building principal will develop procedures with respect to field trips, excursions, and outdoor education.

Staff members may not solicit students during instructional time for any privately arranged field trip or excursion without Board permission.

The presence of a person with a currently valid first aid card is required during school-sponsored activities, including field trips, athletic, and other off-campus events.

Contests for Students

Contests may be made available to students by outside organizations through the schools, subject to certain limitations. The administrator shall determine that the contest is not in conflict with nor will it diminish the primary educational aims of the schools and that it meets the needs and interests of students.

The schools shall confine their participation to those national contests which are currently placed on the approved list published annually by the Committee on National Contests and activities of the National Association of Secondary School Principals.

A state or local contest in which students participate shall be:

1. One that supplements and does not interfere with the regular school program.
2. One that is beneficial to youth in education, civic, social, or ethical development.
3. One that makes it possible for individual students to work out contributions by their own efforts and does not invite dishonest collaboration.
4. One whose subject is not commercial, controversial, sectarian, or concerned with propaganda. It must emphasize high moral standards, good citizenship, and intellectual competence.
5. One from which no contestant shall be excluded because of race, color, creed, sex, or payment of entry fee.
6. One which does not place an undue burden on students, teachers, or the school nor require frequent or lengthy absence of participants from the school.
7. One sponsored by an organization engaged in a creditable or acceptable enterprise, regardless of kind or amount of prizes offered. The contest or activity must not be used as a "front" for advertising a company name or product.

Contests will not be allowed unless they further the educational goals of the District.

Controversial Issues and Academic Freedom

The District will offer courses of study which will afford learning experiences appropriate to levels of student understanding. The instructional program respects the right of students to face issues, to have free access to information, to study under teachers in situations free from prejudice, and to form, hold, and express their own opinions without personal prejudice or discrimination.

Teachers will guide discussions and procedures with thoroughness and objectivity to acquaint students with the need to recognize various points of view, importance of fact, value of good judgment, and the virtue of respect for conflicting opinions.

The Board encourages and supports the concept of academic freedom, recognizing it as a necessary condition to aid in maintaining an environment conducive to learning and to the free exchange of ideas and information.

In a study or discussion of controversial issues or materials, however, the Board directs teaching staff to take into account the following criteria:

1. Relative maturity of students;
2. District philosophy of education;
3. Community standards, morals, and values;
4. Necessity for a balanced presentation; and
5. Necessity to seek administrative counsel and guidance in such matters.

Religion and Religious Activities

In keeping with the United States and Montana Constitutions and judicial decisions, the District may not support any religion or endorse religious activity. At the same time, the District may not prohibit private religious expression by students. This policy provides direction to students and staff members about the application of these principles to student religious activity at school.

Student Prayer and Discussion

Students may pray individually or in groups and may discuss their religious views with other students, as long as they are not disruptive or coercive. The right to engage in voluntary prayer does not include the right to have a captive audience listen, to harass other students, or to force them to participate. Students may pray silently in the classroom, except when they are expected to be involved in classroom instruction or activities.

Staff Members

Staff members are representatives of the District and must “navigate the narrow channel between impairing intellectual inquiry and propagating a religious creed.” They may not encourage, discourage, persuade, dissuade, sponsor, participate in, or discriminate against a religious activity or an activity because of its religious content. They must remain officially neutral toward religious expression.

Graduation Ceremonies

Graduation is an important event for students and their families. In order to assure the appropriateness and dignity of the occasion, the District sponsors and pays for graduation ceremonies and retains ultimate control over their structure and content.

District officials may not invite or permit members of the clergy to give prayers at graduation. Furthermore, District officials may not organize or agree to requests for prayer by other persons at graduation, including requests from students. The District may not prefer the beliefs of some students over the beliefs of others, coerce dissenters or nonbelievers, or communicate any endorsement of religion.

Baccalaureate Ceremonies

Students and their families may organize baccalaureate services, at which attendance must be entirely voluntary. Organizers of baccalaureate services may rent and have access to school facilities on the same basis as other private groups and may not receive preferential treatment. The District may not be identified as sponsoring or endorsing baccalaureate services. District funds, including paid staff time, may not be used directly or indirectly to support or subsidize any religious services.

Assemblies, Extracurricular and Athletic Events

District officials may not invite or permit members of the clergy, staff members, or outsiders to give prayers at school-sponsored assemblies and extracurricular or athletic events. District officials also may not organize or agree to student requests for prayer at assemblies and other school-sponsored events. Furthermore, prayer may not be broadcast over the school public address system, even if the prayer is nonsectarian, nonproselytizing, and initiated by students.

Student Religious Expression and Assignments

Students may express their individual religious beliefs in reports, tests, homework, and projects. Staff members should judge their work by ordinary academic standards, including substance, relevance, appearance, composition, and grammar. Student religious expression should neither be favored nor penalized.

Religion in the Curriculum

Staff members may teach students about religion in history, art, music, literature, and other subjects in which religious influence has been and continues to be felt. However, staff members may not teach religion or advocate religious doctrine or practice. The prohibition against teaching religion extends to curricular decisions which promote religion or religious beliefs.

School programs, performances, and celebrations must serve an educational purpose. The inclusion of religious music, symbols, art, or writings is permitted, if the religious content has a historical or independent educational purpose which contributes to the objectives of the approved curriculum. School programs, performances, and celebrations cannot promote, encourage, discourage, persuade, dissuade, or discriminate against a religion or religious activity and cannot be oriented to religion or a religious holiday.

Student Religious Groups

Students may gather as non-curricular groups to discuss or promote religion in accordance with District Policy 3233.

Distribution of Religious Literature

Students may distribute religious literature to their classmates, subject to the same constitutionally acceptable restrictions the District imposes on distribution of other non-school literature. Outsiders may not distribute religious or other literature to students on school property, consistent with and pursuant to the District policy on solicitations (Policy 4321).

Participation in Commencement ExercisesStatement of Policy

A student's right to participate in a commencement exercise of the graduating class at Jefferson High School is an honor. As such, participation in this ceremony is reserved for those members of the graduating class who have completed all state and local requirements for graduation before the date of the ceremony. Students who complete their requirements after the date of commencement exercises will receive their diplomas at that time.

Organization and Content of Commencement Exercises

The school district will permit students to honor their American Indian heritage through the display of culturally significant tribal regalia at commencement ceremonies. Any item that promotes drug use, weapon use, threats of violence, sexual harassment, bullying, or other intimidation, or violates another district policy, state, or federal law may not be worn during graduation.

The school administration may invite graduating students to participate in high school graduation exercises according to academic class standing or class officer status. Any student who, because of academic class standing, is requested to participate may choose to decline the invitation.

The school administrators will censor any presentation or require any specific content but may advise participants about appropriate language for the audience and occasion. Students selected to participate may choose to deliver an address, poem, reading, song, musical presentation, prayer, or any other pronouncement of their choosing.

The printed program for a commencement exercise will include the following paragraphs:

Any presentation by participants of graduation exercises is the private expression of an individual participant and does not necessarily reflect any official position of the District, its Board, administration, or employees, nor does it necessarily indicate the views of any other graduates.

The Board recognizes that at graduation time and throughout the course of the educational process, there will be instances when religious values, religious practices, and religious persons will have some interaction with the public schools and students. The Board, while not endorsing any religion, recognizes the rights of individuals to have the freedom to express their individual political, social, or religious views.

Health Enhancement

For purposes of this Policy, “human sexuality education or instruction” means teaching or otherwise providing information about human sexuality, including intimate relationships, human sexual anatomy, sexual reproduction, sexually transmitted infections, sexual acts, sexual orientation, gender identity, abstinence, contraception, or reproductive rights and responsibilities.

The Board believes HIV/AIDS and other STD instruction is most effective when integrated into a comprehensive health education program. Instruction must be appropriate to grade level and development of students and must occur in a systematic manner. The Board particularly desires that students receive proper education about HIV and other STD's, before they reach the age when they may adopt behaviors which put them at risk of contracting the disease.

In order for education about HIV and other STD's to be most effective, the Superintendent will require that faculty members who present this instruction receive continuing in-service training, which includes appropriate teaching strategies and techniques. Other staff members not involved in direct instruction, but who have contact with students, will receive basic information about HIV/AIDS and other STD's and instruction in use of universal precautions when dealing with body fluids.

In accordance with Board policy, parents will have an opportunity to review the HIV/STD education program, before it is presented to students.

High School Graduation Requirements

The Board will award a regular high school diploma to every student enrolled in the District who meets graduation requirements established by the District. The official transcript will indicate the specific courses taken and level of achievement.

The Board will establish graduation requirements which, at a minimum, satisfy those established by the Board of Public Education (A.R.M. 10.55.904 and 905). Generally, any change in graduation requirements promulgated by the Board will become effective for the next class to enter ninth grade. Exceptions to this general rule may be made, when it is determined by the Board that proposed changes in graduation requirements will not have a negative effect on students already in grades nine (9) through twelve (12). The Board will approve graduation requirements as recommended by the Superintendent.

To graduate from Jefferson High School, a student must have satisfactorily completed the last quarter prior to graduation as a Jefferson High School student. Highly unusual exceptions may be considered by the principal, such as a student exchange program in a recognized school.

A student with a disabling condition will satisfy those competency requirements incorporated into the individualized education program (IEP). Satisfactory completion of the objectives incorporated in the IEP will serve as the basis for determining completion of a course.

A student may be denied participation in graduation ceremonies in accordance with § 20-5-201(3), MCA. In such instances the diploma will be awarded after the official ceremony has been held.

High School Graduation Requirements

Publication of Graduation Requirements

Prior to registering in high school, each student will be provided with a copy of the current graduation requirements. Graduation requirements shall also be included in the student handbook.

Credits

Students shall be expected to earn a total of twenty-two (22) units in order to complete graduation requirements. Special education students who have successfully completed their IEP leading to completion of high school will be awarded a diploma.

Waiver of Requirement

Graduation requirements generally will not be waived under any circumstances. The Board may waive specific course requirements based on individual student needs and performance levels. Waiver requests shall also be considered with respect to age, maturity, interest, and aspirations of the students and shall be in consultation with the parents or guardians.

Alternative Programs

A student may be given credit for a course satisfactorily completed in a period of time shorter or longer than normally required and, provided that the course meets the district's curriculum and assessment requirements, which are aligned with the content standards stated in the education program. Credit toward graduation requirements may be granted for planned learning experiences from accredited programs, such as summer school, university courses, and correspondence courses, extension, and distance learning courses, adult education, summer school, work study, work-based learning partnerships, and other experiential learning opportunities, custom-designed courses, and challenges to current courses. The District shall accept units of credit taken with the approval of the District and which appear on the student's official school transcript.

Credit for work experience may be offered, when the work program is a part of and supervised by the school.

All classes attempted at Jefferson High School and all acceptable transfer credits shall be recorded on the transcript. All grades earned, including failures and retakes, shall be recorded as such and utilized in the calculation of Grade Point Average and class rank. Credit shall be awarded only once, regardless of repetition of the course.

Dual Credit

Dual credit allows high school students to simultaneously earn credit toward both a high school diploma and college coursework that can lead to a postsecondary degree or certificate, or toward transfer to another college. As noted in the Student Handbook, the District will assign the grade given by the classroom teacher to the student's report card. The primary purpose of offering dual credit courses is to deliver high quality, introductory, college level courses to high-performing high school students. The Jefferson High School district has dual credit partnerships with post-

INSTRUCTION

secondary institutions. Students interested in dual credit opportunities must meet with their building administration to determine available options.

Students should be aware of Montana High School Association on-campus attendance eligibility requirements for activity participation.

Honor Roll

A student must have a minimum grade-point average of 3.00 to be placed on the regular honor roll. Specific information regarding honors at graduation are included in the student handbook.

Class Rank (Grade Point Average)

Class Rank is compiled from semester grades. Courses not eligible for GPA are designated with an asterisk on the report card.

Early Graduation

Students who want to complete their high school career prior to eight semesters or the equivalent amount of attendance may do so under the following conditions:

1. They present a written request for early graduation to the principal prior to their last semester in attendance.
2. They have completed all classes for graduation either at JHS or in residence at an accredited high school.
3. No diploma will be issued until the date of normal graduation during the school year in which they complete their requirements.
4. They will be allowed to participate in graduation ceremonies during that year provided that they notify the school in writing not less than two (2) weeks prior to the date of graduation and that they attend scheduled rehearsals.

In accordance with provisions of § 20-9-313, MCA, the ANB of a school may be increased when a high school district provides early graduation for a student who completes graduation requirements in less than eight semesters or the equivalent amount of secondary school enrollment. The increase must be established by the trustees as though the student had attended to the end of the school fiscal year and must be approved, disapproved, or adjusted by the superintendent of public instruction.

The Board hereby authorizes the administration to grant permission to students who have completed the minimum requirements for graduation in less than eight semesters.

Post-Graduation

The Board may admit an individual who has graduated from high school but is not yet 19 years of age even though no special circumstances exist for waiver of the age requirements outlined in

INSTRUCTION

Policy 3310. The Board authorizes the administration to notify parents and students of this opportunity to enroll after earning a diploma for post-secondary purposes or career preparation. Any student enrolled under this provision shall be included in the District's ANB calculation.

Educational Disruption

If a student who has experienced an educational disruption meets the minimum high school credit requirement for graduation as established by administrative rules of the Board of Public Education but will not meet a higher credit requirement established by the Board of Trustees, the District shall award the student a diploma. The District may distinguish the diploma in a reasonable manner from standard diplomas issued under this policy.

For the purposes of this policy, "educational disruption" means a disruption experienced during grades nine through twelve caused by homelessness, involvement in the child welfare system or juvenile justice system, a medical or mental health crisis, or another event considered a qualifying educational disruption by the District.

Credit Transfer and Assessment for PlacementGrades 9-12

Requests for transfer of credit or grade placement from any non-accredited, nonpublic school will be subject to examination and approval before being accepted by the District. This will be done by a credit evaluation committee consisting of a counselor, a staff member from each subject area in which credit is being requested, parents/guardians, and the principal.

The parents/guardians must supply the following information prior to committee review:

1. Dates of instruction throughout the student's school career;
2. Verification that the student has spent approximately the same amount of classroom hours in the non-accredited school;
3. Academic grades for each completed course and verification that the content is essentially similar;
4. Current achievement scores and related data;
5. County superintendent's verification of school registration if a home school; and
6. Medical records and other pertinent data deemed necessary by the evaluation committee.

The credit evaluation committee will:

1. Document that the student has spent approximately the same number of classroom hours in home school as would have been spent in a regular class in the District;
2. Document that the student followed a curriculum essentially similar to that of a course for which credit is requested;
3. Document that in the event of a credit request in a lab, industrial arts, or music course, equipment and facilities were sufficient to meet required learning activities of the course;
4. Require that the student has satisfactorily passed, in all courses in which a final exam normally is given, a final exam prepared and administered by a District staff member.

The District will give credit only for home schools which have met all requirements specified in Montana law. Credit from home schools will be accepted only when a like course is offered in the District.

The school transcripts will record courses taken in home schools or non-accredited schools by indicating the title of the course, the school where the course was taken, and the grade.

Grading and Progress Reports

The Board believes cooperation of school and home is a vital ingredient in the growth and education of students and recognizes its responsibility to keep parents informed of student welfare and progress in school.

The issuance of grades and progress reports on a regular basis serves as a basis for continuous evaluation of student performance and for determining changes that should be made to effect improvement. These reports will be designed to provide information helpful to the students, teachers, counselors, and parents.

The Board directs the Superintendent to establish a system of reporting student progress and will require all staff to comply with such a system as part of their teaching responsibility. Staff and parents will be involved.

Homework

Homework is a constructive tool in the teaching/learning process when geared to the needs and abilities of students. Purposeful assignments not only enhance student achievement, but also develop self-discipline and associated good working habits. As an extension of the classroom, homework must be planned and organized, must be viewed as purposeful to the students, and should be evaluated and returned to students in a timely manner.

Homework may be assigned for one or more of the following purposes:

1. Practice: To help students to master specific skills which have been presented to class;
2. Preparation: To help students gain the maximum benefits from future lessons;
3. Extension: To provide students with opportunities to transfer specific skills or concepts to new situations; and
4. Creativity: To require students to integrate many skills and concepts in order to produce original responses.

The purpose of homework assignments, the basis for evaluating the work performed and the guidelines and/or rules will be made clear to the student at the time of the assignment.

Work Based Learning Program

The Board recognizes that education should be making classroom experiences a meaningful process of learning about all practical aspects of life. The Board believes that the inclusion of career education in the basic curriculum will provide students with information about the many career opportunities available and will establish a relationship between what is taught in the classroom and the world of work.

Work-based learning must provide all participating students with on-the-job experience and training along with career and complimentary vocational/technical classroom instruction to contribute to each student's employability. The students' classroom activities and on-the-job experiences must be planned and supervised by the school and the employer to ensure that both activities contribute to the student's employability. Students enrolled in a work-based learning program must receive credit for related classroom instruction and on-the-job training. In the absence of a proficiency model, the time requirement for students in work-based learning must be converted and is equivalent to the time requirement for credit to be earned.

Students may submit a proposal for a tailored Work Based Learning program that divides their time between instruction in school and specific learning at a job. Each proposed program will be planned by Work Based Learning coordinators and the employer (or employer groups) and shall be in accordance with state and federal laws and regulations governing employment of students under age 18. The Work Based Learning coordinators will communicate with employers on a monthly basis and will visit work sites to determine if the placement is appropriate for student employment.

The particular program designed for each student shall be set forth in a written protocol approved by the student, his or her parents or guardians, the work-experience coordinator, and the employer. This shall stipulate the terms of employment and the provision for academic credit.

The Work Based Learning coordinator shall make such arrangements as necessary with employers for evaluating the student's on-the-job performance and for keeping records of job attendance.

The employer or supervisor shall complete the District volunteer agreement form and satisfy a name-based and fingerprint criminal background check in accordance with District Policies 5120 and 5122. The employee and District shall also complete workers compensation insurance and general liability insurance requirements in accordance with the attached procedure in a manner consistent with the Work Based Learning opportunity provided to the student.

Entrance, Placement, and Transfer

Entrance, Date, and Age

All waivers are granted in the sole discretion of the Trustees. Non-resident students may be admitted at the discretion of the Trustees. Children will be enrolled in the grade identified in accordance with District policy or at the discretion of the administration in consultation with the student's parents or guardians. The District requires proof of identity and an immunization record for every child to be admitted to District schools. The trustees may at their discretion assign and admit a child to a school in the district who is under 5 years of age or an adult who is 19 years of age or older if there are exceptional circumstances that merit waiving the age provision. The trustees may also admit an individual who has graduated from high school but is not yet 19 years of age even though no special circumstances exist for waiver of the age provision of this Policy.

School Entrance

1. The District requires that a student's parents, legal guardian, or legal custodian present proof of identity of the child¹ to the school within forty (40) days of enrollment, as well as proof of residence in the District. Students who are not residents of the District may apply for admission pursuant to Policy 3141.
2. To be admitted to the District school, in accordance with the Montana Immunization Law, a child must have been immunized against varicella, diphtheria, pertussis, tetanus, poliomyelitis, rubella, mumps, and measles in the manner and with immunizing agents approved by the Department of Health and Human Services or the local county health department. Immunizations may not be required if a child qualifies for conditional attendance or an exemption is filed as provided by Montana law.
3. The above requirements are not to serve as barriers to immediate enrollment of students designated as homeless or foster children as required by the Every Student Succeeds Act (ESSA) and the McKinney-Vento Act as amended by ESSA. The District shall work with the local child welfare agency, the school last attended, or other relevant agencies to obtain necessary enrollment documentation and ensure a student receives education services in the best interests of the child. The superintendent or designee shall serve as point of contact with all applicable agencies to review records, facilitate services, and resolve disputes.

Placement

The District goal is to place students at levels and in settings that will increase the probability of student success. Developmental testing, together with other relevant criteria including, but not limited to, health, maturity, emotional stability, and developmental disabilities, may be

Children of Relocated Military Families

The Board shall assign and admit a child whose parent or guardian is being relocated to Montana under military orders to a school in the district and allow the child to preliminarily enroll in classes and apply for programs offered by the District prior to arrival and establishing residency.

The student will be placed in student data management system as soon as enrolled under this provision. The student will attend classes during preliminary enrollment, and the Board authorizes the administration to provide offsite instruction to the student if not present in the District. The District will include a student enrolled under this provision as part of the calculation of ANB.

Transfer

District policies regulating the enrollment of students from other accredited elementary and secondary schools are designed to protect the educational welfare of children.

Secondary Grades (9-12) Credit Transfer: A transfer of credits from any secondary school is subject to a satisfactory examination of the following:

1. Appropriate certificates of school accreditation;
2. Length of course, school day, and school year;
3. Content of applicable courses;
4. School building as it relates to credit earned (i.e., lab areas for appropriate science or vocational instruction);
5. Appropriate evaluation of student performance leading toward credit issuance.

The District will follow Montana Accreditation Rules and Standard, along with local alternate procedures for earning credit, in reviewing requests for transfer of credits. The high school principal has authority for approving credit transfers, subject to review by the Superintendent or the Board.

Compulsory Attendance

To reach the goal of maximum educational benefits for every child requires a regular continuity of instruction, classroom participation, learning experiences, and study. Regular interaction of students with one another in classrooms and their participation in instructional activities under the tutelage of competent teachers are vital to the entire process of education. This established principle of education underlies and gives purpose to the requirement of compulsory schooling in every state in the nation. A student's regular attendance also reflects dependability and is a significant component of a student's permanent record.

Parents or legal guardians or legal custodians are responsible for seeing that their children who are age seven (7) or older before the first day of school attend school until the later of the following dates:

1. Child's sixteenth (16th) birthday; or
2. Completion date of the work of eighth (8th) grade.

Compulsory attendance stated above will not apply when children:

1. Are provided with supervised correspondence or home study; or
2. Are excused because of a determination by a district judge that attendance is not in the best interests of the child; or
3. Are enrolled in a non-public or home school; or
4. Are enrolled in a school in another district or state; or
5. Are excused by the Board on a determination that attendance after age of sixteen (16) is not in the best interests of a child and a school.

Enrollment and Attendance Records

Since accurate enrollment and attendance records are essential both to obtain state financial reimbursement and to fulfill the District's responsibilities under the attendance laws, staff shall be diligent in maintaining such records.

A district may only include, for ANB purposes, any student who participates in pupil instruction as defined in Section 20-1-101(17), MCA and for whom ANB may be claimed under Title 20, including but not limited to an enrolled student who is:

- Unable to attend school due to a medical reason certified by a medical doctor and receiving individualized educational services supervised by the district, at district expense, at a home or facility that does not offer an educational program;
- Unable to attend school due to the student's incarceration in a facility, other than a youth detention center, and who is receiving individualized educational services supervised by the district, at district expense, at a home or facility that does not offer an educational program;
- Living with a caretaker relative under § 1-1-215, MCA

Enrollment and Attendance Records

Average Number Belonging

Average Number Belonging (ANB) is the enrollment measure used for the State Foundation Program calculations as defined in § 20-9-311, MCA. The ANB of one year is based on the attendance records of the preceding year. Funding for districts is based on ANB, which is based on “aggregate hours” per year and must be accurate. “Aggregate hours” means the hours of pupil instruction for which a school course or program is offered or for which a pupil is enrolled.

For a child to be counted for ANB purposes:

- a) The child must meet the definition of pupil as found in § 20-1-101(11), MCA;
- b) Attending 181 to 359 aggregate hours = One-quarter time enrollment
- c) Attending 360 to 539 aggregate hours = One-half time enrollment
- d) Attending 540 to 719 aggregate hours = Three-quarter time enrollment
- e) Attending 720 aggregate hours or more = Full-time enrollment

Enrollment in a program for fewer than 180 aggregate hours of pupil instruction per school year may not be included for ANB purposes unless the pupil has demonstrated proficiency in the content ordinarily covered by the instruction as determined by the school board using district assessments. The ANB must be converted to an hourly equivalent based on the hours of instruction ordinarily provided for the content over which the student has demonstrated proficiency. 20-9-311(4)(d).

Homebound Students

Students who are receiving instructional services, who were in the education program and, due to medical reasons certified by a medical doctor, are unable to be present for pupil instruction, may be counted as enrolled for ANB purposes, if the student:

- a) Is enrolled and is currently receiving organized and supervised pupil instruction;
- b) Is in a home or facility which does not offer a regular educational program; and
- c) Has instructional costs during the absence, which are financed by the District’s general fund.

If a homebound student does not meet the criteria set forth above, the District may request a variance through the Office of Public Instruction, for consideration of the student in the enrollment count for ANB purposes beyond the tenth (10th) day of absence.

Attendance Accounting

Days present and absent for every student are to be recorded in each building, for the purpose of informing parents of a student's attendance record.

On the first (1st) Monday in October, and on February 1st (or the next school day if those dates do not fall on a school day), the number of all enrolled students (whether present or absent) by grade level and class will be recorded on the forms provided by the District. Children who are enrolled in special programs sixteen (16) hours or more a week will be listed separately. The Director of Special Education should be contacted to verify this count. Monthly student counts of enrolled children by grade and classroom will be provided by the office.

Regular interaction of students with one another in the classroom and their participation in instructional activities under the tutelage of competent teachers are vital to the entire process of education. The good things schools have to offer can only be presented to students in attendance.

A student's regular school attendance also reflects dependability and is a significant component on a student's permanent record. Future employers are as much concerned about punctuality and dependability as they are about academic record. School success, scholarship, and job opportunity are greatly affected by a good attendance record.

Attendance Policy

In order to graduate from Jefferson High School, a student must complete twenty-one (21) credits. Completion of a course at Jefferson High School will be defined as receiving a grade of D- or higher and attendance to include not more than eight (8) absences per class per semester. This attendance criteria is based on the theory that prompt and regular attendance in school is the beginning of dependability in adult business, personal, and social life. Furthermore, regular attendance is important, because valuable skills and information gained in the classroom may or may not show up on tests or be reflected in an academic grade. The general welfare of all students is best served by regular attendance.

1. A student will be allowed eight (8) absences per class, per semester. Any absence beyond that number may mean a loss of credit in those subjects missed.
2. The ONLY absences that WILL NOT be used in calculating the attendance record are:
 - a. School-sponsored/Co-curricular Activities: Those that occur due to school-sponsored activities, since these are considered an equivalent educational experience. These exemptions will apply to students participating in sports events, cheerleading, music-related events, FFA trips, academic field trips, and others deemed co-curricular.
 - b. Bereavement: a death of an immediate family (grandmother, grandfather, father, mother, sister, brother) and the associated activities when properly excused.
 - c. College visitations: Juniors and seniors are granted two (2) days of college-organized college visitations per year.
 - d. Medical Illness: Illness or hospitalization verified by a doctor's statement.
 - e. Failure of a bus/Inclement Weather: Student's absence due to failure of a bus to provide them transportation and/or road closure to the student's swellings.
3. Absences which will be counted in the eight-(8)-day limit will include such areas as: family trips, work days, vacations, visiting friends or relatives, watching tournaments when not an actual participant, hair, medical, dental, or photography appointments, skiing, hunting, court appearances, attending concerts, shopping, or any others not mentioned which are unacceptable to the administration.
4. After the fourth (4th) and sixth (6th) and eighth (8th) absence from school/class, a letter or phone call to the parent or guardian will be made to notify them that their son/daughter is approaching the maximum limit.
5. Following the sixth (6th) absence the student will report to the principal and account for

STUDENTS

3122P
Page 2 of 2

the history of the six (6) absences.

6. The eighth (8th) absence will result in a conference with the principal, student, parent or guardian, or an adult representative.

7. After the student has exceeded the eight-(8)-day limit, the principal will meet with the student and formulate a plan to make up the excess absence(s). The Plan will be signed by student, parents, and administration.

8. If a student fails to meet the parameters of the Plan, he/she will be denied credit.

9. Any decision to withhold credit can be appealed to the Superintendent.

10. If the appeal is not granted, the student, parent, guardian, or adult representative may appeal the decision to the Board.

Rewards for Good Attendance

Students who have no absences or one (1) absence from a class in any quarter will be given special recognition.

The student/parent handbook further defines the consequences for absences.

Attendance Policy – Truancy

Students are expected to attend all assigned classes each day. Teachers shall keep a record of absences and tardiness. Before the end of the school day, each school shall attempt to contact every parent, guardian, or custodian whose child is absent from school but who has not reported the child as absent for the school day, to determine whether the parent, guardian, or custodian is aware of the child's absence from school.

For the purpose of this policy "truant" or truancy" means the persistent non-attendance without excuse, as defined by this policy, for all or any part of a school day equivalent to the length of one class period of a child required to attend a school under 20-5-13. "Habitual truancy" means recorded unexcused absences of 9 or more days or 54 or more parts of a day, whichever is less, in 1 school year.

The Jefferson High School district's definition of non-attendance without excuse is stated in the Student Handbook.

The Jefferson High School district has appointed the principal as the attendance officer. If the district does not appoint an attendance office, the county superintendent must be the attendance officer.

Upon the board designation one or more of its staff as the attendance officer, the attendance officer shall have the powers and duties as stated in 20-5-105(1) (Section 2), MCA

Military Compact Waiver

The State of Montana is one of numerous states across the country that is a member of the Interstate Compact on Educational Opportunity for Military Children. As a school district within the State of Montana subject to the laws of the State of Montana, the District shall follow the requirements of the Compact for students who enroll at the District for whom the Compact applies.

Purpose

The purpose of the Interstate Compact on Educational Opportunity for Military Children is to remove barriers to educational success for children of military families due to frequent relocation and deployment of their parents. The Compact facilitates educational success by addressing timely student enrollment, student placement, qualification and eligibility for programs (curricular, co-curricular, and extra-curricular), timely graduation, and the facilitation of cooperation and communication between various member states' schools.

Applicability

This Compact applies only to children of:

1. Active duty members of the uniformed services as defined in the Compact, including member of the national guard and reserve on active duty orders pursuant to 10 U.S.C., 12301(d) and 12304;
2. Members of the veterans of the uniformed services who are severely injured and medically discharged or retired for a period of 1 year after medical discharge or retirement; and
3. Members of the uniformed services who die on active duty or as a result of injuries sustained on active duty for a period of 1 year after death.

Educational Records and Enrollment

1. **Hand Carried/Unofficial Educational Records:** In the event that official educational records cannot be released to a parent for the purpose of school transfer, the custodian of records from the sending school shall prepare and furnish to the parent a complete set of unofficial educational records containing uniform information as determined by the Interstate Commission.

Upon receipt of the unofficial educational records, the District shall enroll and appropriately place the student based upon the information the school receives in the unofficial educational records, pending validation by the official records, as soon as possible.

STUDENTS

3124

Page 2 of 5

- 1
- 2 2. **Official Educational Records/Transcripts:** At the time of enrollment and conditional
- 3 placement of a qualifying student at the District, the District shall request the student's
- 4 official educational records from their last school of attendance.

5

6 A school receiving such a request shall process the official educational records request

7 and furnish such within a period of ten (10) days, or within the timeline determined to be

8 reasonable by the Interstate Commission.

9

- 10 3. **Immunizations:** The District shall provide a period of thirty (30) days from the date of
- 11 enrollment, or such other time frame as determined by the rules of the Interstate
- 12 Commission, within which students may obtain any immunizations required by the
- 13 District. Where the District's requirements include a series of immunizations, initial
- 14 vaccinations must be obtained within thirty (30) days, or within the timeline determined
- 15 to be reasonable by the Interstate Commission.
- 16

- 17 4. **Entrance Age:** Students shall be allowed to continue their enrollment at grade level at
- 18 the District, commensurate with their grade level from their receiving school, including
- 19 kindergarten, at the time of transition. However, the provisions of Montana Code 20-5-
- 20 101 regarding trustees enrolling a child in kindergarten or in first grade whose fifth (5th)
- 21 or sixth (6th) birthday occurs on or before the tenth (10th) day of September of the school
- 22 year in which the child is to enroll but is not yet 19 years of age, shall continue to apply.
- 23

24 A student who has satisfactorily completed the prerequisite grade level in the sending

25 school shall be eligible for enrollment in the next highest grade level in the District, at the

26 receiving school, regardless of age.

27

28 A student who is transferring into the District after the start of the school year shall enter

29 the District on the student's validated grade level from an accredited school in the

30 sending state.

31

32 Placement and Attendance

33

- 34 1. **Course Placement:** Upon transfer of a qualifying student, the receiving District shall
- 35 place the student in courses consistent with the student's courses in the sending school
- 36 and/or the school's educational assessments.
- 37

38 Course placement includes, but is not limited to honors, international baccalaureate,

39 advanced placement, vocational, technical, and career pathways courses.

40

41 Continuing the student's academic program from the previous school and promoting

42 placement in academically and career challenging courses should be paramount when

43 considering placement. This requirement does not preclude the District from performing

STUDENTS

3124

subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the course(s).

- 2. Educational Program Placement:** The District shall initially honor placement of the student in educational programs based on current educational assessments conducted at the sending school or participation/placement in similar programs at the sending school.

Educational program placement includes, but is not limited to, gifted and talented programs and English as a second language. This requirement does not preclude the District from performing subsequent evaluations to ensure appropriate placement of the student.

- 3. Special Education Services:** In compliance with the federal requirements of the Individuals with Disabilities Education Act, the District, as the receiving school, shall initially provide comparable services to a student with disabilities based on his or her current Individual Education Plan.

In compliance with Section 504 of the Rehabilitation Act and with Title II of the Americans with Disabilities Act, the District, as the receiving school, shall make reasonable accommodations and modifications to address the needs of incoming students with disabilities consistent with his or her existing 504 or Title II Plan.

This does not preclude the District, as the receiving school, from performing subsequent evaluations to ensure appropriate placement and/or accommodations are made for the student.

- 4. Placement Flexibility:** The District's Administration shall have the flexibility to waive course/program prerequisites or other preconditions for placement in courses/programs offered by the receiving District.

- 5. Absences Relating to Deployment Activities:** A student whose parent/legal guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or immediately returned from deployment in a combat zone or combat support position, shall be granted additional excused absences at the discretion of the District's Superintendent to visit with his or her parent/legal guardian relative to such leave or deployment of the parent/guardian.

Eligibility

- 1. Eligibility for Enrollment:** A Special Power of Attorney pertaining to the guardianship of a student of a military family and executed under applicable law shall be sufficient for the purposes of enrollment and all other actions requiring parental participation and consent.

STUDENTS

3124

Page 4 of 5

The receiving District shall not charge tuition to a transitioning military student placed in the care of a noncustodial parent or other person standing in loco parentis who lives in a jurisdiction other than that of the custodial parent.

A transitioning military student, placed in the care of a noncustodial parent or other person standing in loco parentis who lives in a jurisdiction other than that of the custodial parent, may continue to attend the school in which he or she was enrolled when residing with the custodial parent.

- 2. Eligibility for Extra-Curricular Activity Participation:** The District shall facilitate the opportunity for transitioning military students' inclusion in extracurricular activities, regardless of application deadlines, to the extent the student is otherwise qualified.

Graduation

In order to facilitate the on-time graduation of children of military families, the receiving District shall incorporate the following procedure:

- 1. Graduation Course Requirements – Waiver:** The receiving District's Administration, through the Superintendent or designee, shall waive specific courses that are required for graduation if similar coursework has been satisfactorily completed at another school.

If the District does not waive the specific course requirement for graduation, the District shall provide a reasonable justification for the denial. This justification shall be provided to the parent/legal guardian in writing.

If the receiving District does not waive the specific course requirement for graduation and the student would have otherwise qualified to graduate from the sending school, the receiving District shall provide an alternative means of acquiring required course work to ensure that the student's graduation will occur on time.

- 2. Exit Exams:** In lieu of testing requirements required for graduation at the receiving District, the District and the State of Montana shall accept any or all of the following:

- A. Exit exams or end-of-course exams required for graduation from the sending school;
- B. National norm-referenced achievement tests; or
- C. Alternative testing.

In the event the above alternatives cannot be accommodated by the receiving District for a student transferring during his or her senior year, subsection 3, below, shall apply.

- 3. Transfer During Senior Year of High School:** Should a military student transferring at the beginning of or during the senior year be ineligible to graduate from the receiving

STUDENTS

3124

Page 5 of 5

District after all alternatives have been considered, the sending school and the receiving District shall ensure the receipt of a diploma from the sending school if the student meets the graduation requirements of the sending school.

In the event that one of the states in question is not a member of this Compact, the member state shall use best efforts to facilitate the on-time graduation of the student.

Conflicts

All state laws and District policies that conflict with this policy and/or in conflict with the Compact are superseded to the extent of the conflict.

Cooperation

The receiving District, through its administration, shall timely cooperate with all state agency inquiries and other District/school inquiries relating to a student who is covered by the Compact.

Education of Homeless Children

Every child of a homeless individual and every homeless child are entitled to equal access to the same free, appropriate public education as provided to other students. The District must assign and admit a child who is homeless to a District school regardless of residence and irrespective of whether the homeless child is able to produce records normally required for enrollment. The District may not require an out-of-District attendance agreement and tuition for a homeless child.

The Superintendent will review and revise as necessary rules or procedures that may be barriers to enrollment of homeless children and youths. In reviewing and revising such procedures, the Superintendent will consider issues of transportation, immunization, residence, birth certificates, school records, and other documentation.

Homeless students will have access to services comparable those offered to other students, including but not limited to:

1. Transportation services;
2. Educational services for which a student meets eligibility criteria (e.g., Title I);
3. Educational programs for children with disabilities and limited English proficiency;
4. Programs in vocational and technical education;
5. Programs for gifted and talented students; and
6. School nutrition program.

The Superintendent will give special attention to ensuring the enrollment and attendance of homeless children and youths not currently attending school. The Superintendent will appoint a liaison for homeless children.

A “homeless individual” is defined as provided in the McKinney Homeless Assistance Act.

Anyone having a concern or complaint regarding placement or education of a homeless child will first present it orally and informally to the District homeless liaison. To further ensure that the District is removing barriers to the educational access and success of children and youths who are homeless, and to ensure that Title 1 funding is expended in an appropriate manner, the District has adopted the dispute resolution form at 3125F.

Discretionary Nonresident Student Attendance Policy

The parents or guardians of the student must complete and submit to the Superintendent an out-of-district attendance agreement form preceding the requested admission. The Superintendent may accept a late application if good cause is shown.

1. Except as required by § 20-5-321, MCA, the District will admit nonresident students at its discretion.
2. The Superintendent will recommend to the Board any nonresident student admission in accordance with this policy, with the Board making the final decision on admission.
3. The District will examine a student's records from this District and other school districts before any Board approval for admission. Review of the records and decisions regarding admission cannot be inconsistent with District policies regarding nondiscrimination.
4. The District will not admit nonresident students when doing so would cause the district to exceed the class size standards under 10.55.712 and 10.55.713, ARM.
5. All resident students who become nonresidents because their parents or guardians move out of the District may continue attendance for the school year, barring registration in another District. At the completion of the semester, a student must apply as a nonresident student.
6. The Board reserves the right to charge tuition for nonresident students. At its discretion, the Board may charge or waive tuition for all students whose tuition is required to be paid by one kind of entity, defined as either a parent or guardian or a school district. Any waiver of tuition will be applied equally to all students whose tuition is paid by the same kind of entity (i.e., if the District charges tuition in those circumstances where a resident district pays but waives tuition in those circumstances where a parent or guardian is responsible for tuition, the tuition waiver will be applicable to all students whose parents or guardians bear the responsibility for payment).
7. All nonresident students will be considered ineligible transportees for school transportation services (§ 20-10-101, MCA).
8. The Board will not admit any student who is expelled from another school district.

Part-Time Attendance

The District will review requests for part-time enrollment of students for purposes of academic courses on a case-by-case basis, with a building principal making a preliminary decision pursuant to the criteria set forth in this Policy. Denial of part-time enrollment may be appealed pursuant to policy 1700.

Criteria for accepting students for part-time enrollment are the following:

1. Accepting a student will not create excess student enrollment in a requested class;
2. Accepting a student will not create need for an additional staff member;
3. Accepting a student will not cause a new section of a course to be created.

The District will accept on a first-come, first-served basis students wishing to enroll in the same course. Whenever the enrollment position of a part-time student is needed for a regular, full-time student during the year, a full-time student has priority for the position beginning with the next semester.

Student Dress

The District recognizes that a student's choice of dress and grooming habits demonstrate personal style and preference. The District has the responsibility to ensure proper and appropriate conditions for learning, along with protecting the health and safety of its student body. The building administrator shall establish procedures for the monitoring of student dress and grooming in school or while engaging in extracurricular activities. Students attending public events sponsored by the school district are permitted to honor their American Indian heritage through the display of culturally significant tribal regalia at a public event sponsored by the school district. Sexual Harassment of Students

The District does not discriminate on the basis of sex in any education program or activity that it operates. The District is required by Title IX of the Education Amendments of 1972 and the regulations promulgated through the U.S. Department of Education not to discriminate in such a manner. Inquiries about the application of Title IX to the District may be referred to the District's Title IX Coordinator, to the Assistant Secretary for Civil Rights of the Department of Education, or both.

The Board designates the following individual to serve as the District's Title IX Coordinator:

Title: School Counselor _____
Office address: 312 S. Main St. Boulder, MT 59632 _____
Email: joe.michaud@jhs.k12.mt.us _____
Phone number: (406) 225-3317 _____

Any person may report sex discrimination, including sexual harassment, at any time, including during non-business hours. Such a report may be made in person, by mail, by telephone, or by electronic mail using the contact information listed for the Title IX Coordinator or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report.

For purposes of this policy and the grievance process, "sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

1. A District employee conditioning the provision of an aid, benefit, or service of the District on an individual's participation in unwelcome sexual conduct;
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's education program or activity; or
3. "Sexual assault" as defined in 20 USC 1092(f)(6)(A)(v), "dating violence" as defined in 34 USC 12291(a)(10), "domestic violence" as defined in 24 USC 12291(a)(8), or "stalking" as defined in 34 USC 12291(a)(30).

When the harassment or discrimination on the basis of sex does not meet the definition of sexual harassment, the Title IX Coordinator directs the individual to the applicable sex discrimination process for the investigation.

An individual is not required to submit a report of sexual harassment involving the Title IX Coordinator. In the event the Title IX Coordinator is responsible for or a witness to the alleged harassment, the individual may report the allegations to the building principal, superintendent, or other unbiased school official.

The District prohibits intimidation, threats, coercion, or discrimination against any individual for the purpose of interfering with any right or privilege secured by Title IX or this policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation proceeding or hearing, if applicable. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX or this part, constitutes retaliation.

Confidentiality

The district must keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any individual who has been alleged to be the victim or perpetrator of conduct that could constitute sexual harassment, and any witness, except as may be permitted by Family Educational Rights and Privacy Act (FERPA) or as required by law, or to carry out the purposes of the Title IX regulations, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder.

Notice Requirements

The District provides notice to applicants for admission and employment, students, parents, or legal guardians of elementary and secondary school students, employees and the union(s) with the name or legal title, office address, email address, and telephone number of the Title IX Coordinator and notice of the District grievance procedures and process, including how to report or file a complaint of sex discrimination, how to file a formal complaint of sexual harassment and how the District will respond. The District also posts the Title IX Coordinator's contact information and Title IX policies and procedures in a prominent location on the District website and in all handbooks made available by the District.

Training Requirements

The District ensures that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, receives training on the definition of sexual harassment, the scope of the District's education program or activity, how to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, when applicable, and how to serve impartially including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias. The District also ensures that decision-makers and investigators receive training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant as set forth in the formal procedures that follow, and training on any technology to be used at a live hearing, if applicable. Investigators also receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence. All

STUDENTS

materials used to train individuals who receive training under this section must not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment and are made publicly available on the District's website.

Conflict of Interest and Bias

The District ensures that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process do not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

Determination of Responsibility

The individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment is presumed not responsible for alleged conduct. A determination regarding responsibility will be made by the decision-maker at the conclusion of the investigation in accordance with the process outlined in Policy 3225P. No disciplinary sanctions will be imposed unless and until a final determination of responsibility is reached.

Sexual Harassment Grievance Procedure – Students

The Board requires the following grievance process to be followed for the prompt and equitable resolution of student complaints alleging any action that would be prohibited as sexual harassment by Title IX. The Board directs the process to be published in accordance with all statutory and regulatory requirements.

Definitions

The following definitions apply for Title IX policies and procedures:

“Actual knowledge”: notice of sexual harassment or allegations of sexual harassment to the District’s Title IX Coordinator or any official of the District who has authority to institute corrective measures on behalf of the District, or to any employee of an elementary or secondary school.

“Education program or activity”: includes locations, events, or circumstances over which the District exercised substantial control over both the individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment, and the context in which the sexual harassment occurs.

“Complainant”: an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

“Respondent”: an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Formal complaint”: a document filed by a Complainant or signed by the title IX Coordinator alleging sexual harassment against a Respondent and requesting that the District investigate the allegation of sexual harassment.

“Supportive measures”: non-disciplinary, non-punitive, individualized services offered as appropriate, as reasonably available and without fee or charge to the Complainant or Respondent before or after the filing of a formal complaint or where no formal complaint has been filed.

District Requirements

When the District has actual knowledge of sexual harassment in an education program or activity of the District, the District will respond promptly in a manner that is not deliberately indifferent. When the harassment or discrimination on the basis of sex does not meet the definition of sexual harassment, the Title IX Coordinator will direct the individual to the applicable sex discrimination process, bullying and harassment policy, or public complaint procedure for investigation.

The district treats individuals who are alleged to be the victim (Complainant) and perpetrator (Respondent) of conduct that could constitute sexual harassment equitably by offering supportive measures. Supportive measures are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the District's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, mutual restrictions on contact between the parties, leaves of absence, increased security and monitoring of certain areas of the District's property, campus escort services, changes in work locations, and other similar measures.

The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures. Upon the receipt of a complaint, the Title IX Coordinator must promptly contact the Complainant to discuss the availability of supportive measures, consider the Complainant's wishes with respect to supportive measures, inform the Complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the Complainant the process for filing a formal complaint. If the District does not provide the Complainant with supportive measures, then the District must document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

Timelines

The District has established reasonably prompt time frames for the conclusion of the grievance process, including time frames for filing and resolving appeals and informal resolution processes. The grievance process may be temporarily delayed or extended for good cause. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities. In the event the grievance process is temporarily delayed for good cause, the District will provide written notice to the Complainant and the Respondent of the delay or extension and the reasons for the action.

Response to a Formal Complaint

At the time of filing a formal complaint, a Complainant must be participating in or attempting to participate in the education program or activity of the District with which the formal complaint is filed. A formal complaint may be filed with the Title IX Coordinator in person, by mail, by electronic mail, or other means designated by the District.

The District must follow the formal complaint process before the imposition of any disciplinary sanctions or other actions that are not supportive measures. However, nothing in this policy precludes the District from removing a Respondent from the District's education program or activity on an emergency basis, provided that the District undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and

provides the Respondent with notice and an opportunity to challenge the decision immediately following the removal. A period of removal may include the opportunity for the student to continue instruction in an offsite capacity. The District may also place a non-student employee Responded on administrative leave during the pendency of the grievance process. This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Upon receipt of a formal complaint, the District must provide written notice to the known parties including:

1. Notice of the allegations of sexual harassment, including information about the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, the date and location of the alleged incident, and any sufficient details known at the time. Such notice must be provided with sufficient time to prepare a response before any initial interview;
2. An explanation of the District's investigation procedures, including any informal resolution process;
3. A statement that the Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made by the decision-maker at the conclusion of the investigation;
4. Notice to the parties that they may have an advisor of their choice who may be, but is not required to be, an attorney, and may inspect and review any evidence; and
5. Notice to the parties of any provision in the District's code of conduct or policy that prohibits knowingly making false statements or knowingly submitting false information.

If, in the course of an investigation, the District decides to investigate allegations about the complainant or Respondent that are not included in the notice initially provided, notice of the additional allegations must be provided to known parties.

The District may consolidate formal complaints as to allegations of sexual harassment against more than one Respondent, or by more than one Complainant against one or more Respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

Investigation of a Formal Complaint

When investigating a formal complaint and throughout the grievance process, the District must:

1. Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the District and not the parties;
2. Provide an equal opportunity for the parties to present witnesses and evidence;
3. Not restrict either party's ability to discuss the allegations under investigation or to gather and present relevant evidence;
4. Allow the parties to be accompanied with an advisor of the party's choice who may be, but is not required to be, an attorney. The District may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;
5. Provide written notice of the date, time, location, participants, and purpose of any interview or meeting at which a party is expected to participate, with sufficient time for the party to prepare to participate;
6. Provide the parties equal access to review all the evidence collected which is directly related to the allegations raised in a formal complaint and comply with the review periods outlined in this process;
7. Objectively evaluate all relevant evidence without relying on sex stereotypes;
8. Ensure that Title IX Coordinators, investigators, decision-makers, and individuals who facilitate an informal resolution process do not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent;
9. Not make credibility determinations based on the individual's status as Complainant, Respondent, or witness;
10. Not use questions or evidence that constitute or seek disclosure of privileged information unless waived.

Dismissal of Formal Complaints

If the conduct alleged in the formal complaint would not constitute sexual harassment, even if proved, did not occur in the District's education program or activity, or did not occur against a person in the United States, then the District must dismiss the formal complaint with regard to that conduct for purposes of sexual harassment under this policy.

The Title IX Coordinator also may dismiss the formal complaint or any allegations therein at any time during the investigation or hearing, if applicable, when any of the following apply:

- 1 1. A Complainant provides written notification to the Title IX Coordinator that the
2 Complainant would like to withdraw the formal complaint or any allegations therein;
3
- 4 2. The Respondent is no longer enrolled or employed by the District; or
5
- 6 3. Specific circumstances prevent the District from gathering evidence sufficient to reach
7 a determination as to the formal complaint or allegations therein.
8

9 Upon dismissal, the Title IX Coordinator promptly sends written notice of the dismissal and the
10 reasons for dismissal simultaneously to both parties. The grievance process will close in the
11 event a notice of dismissal is provided to the parties. Support measure may continue following
12 dismissal.
13

14 Evidence Review 15

16 The District provides both parties an equal opportunity to inspect and review any evidence
17 obtained as part of the investigation so that each party can meaningfully respond to the evidence
18 prior to the conclusion of the investigation. The evidence provided by the District must include
19 evidence that is directly related to the allegations in the formal complaint, evidence upon which
20 the District does not intend to rely in reaching a determination regarding responsibility, and any
21 inculpatory or exculpatory evidence whether obtained from a party or other source. Prior to
22 completion of the investigative report, the Title IX Coordinator must send to each party and the
23 party's advisor, if any, the evidence subject to inspection and review in an electronic format or a
24 hard copy. The parties have 10 calendar days to submit a written response to the Title IX
25 Coordinator, which the investigator will consider prior to completion of the investigative report.
26

27 Investigative Report 28

29 The investigator must prepare an investigative report that fairly summarizes relevant evidence
30 and send the report to the title IX Coordinator. The Title IX Coordinator must send to each party
31 and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for
32 their review and written response. The parties have 10 calendar days to submit a written response
33 to the Title IX Coordinator.
34

35 Decision-Maker's Determination 36

37 The investigative report is submitted to the decision-maker. The decision-maker cannot be the
38 same person(s) as the Title IX Coordinator or the investigator. The decision-maker cannot hold a
39 hearing or make a determination regarding responsibility until 10 calendar days from the date the
40 Complainant and Respondent receive the investigator's report.
41

42 Prior to reaching a determination regarding responsibility, the decision-maker must afford each
43 party the opportunity to submit written, relevant questions that a party wants asked of any party
44 or witness, provide each party with the answers, and allow for additional, limited follow-up

questions from each party. Questions and evidence about the Complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. Questions must be submitted to the Title IX Coordinator within three calendar days from the date the Complainant and Respondent receive the investigator's report.

The decision-maker must issue a written determination regarding responsibility based on a preponderance of the evidence standard. The decision-maker's written determination must:

1. Identify the allegations potentially constituting sexual harassment;
2. Describe the procedural steps taken, including any notifications to the parties, interviews with the parties and witnesses, site visits, methods used to gather evidence, and hearings held;
3. Include the findings of fact supporting the determination;
4. Draw conclusions regarding the application of any District policies and/or code of conduct rules to the facts;
5. Address each allegation and a resolution of the complaint including a determination regarding responsibility, the rationale therefor, any recommended disciplinary sanction(s) imposed on the Respondent, and whether remedies designed to restore or preserve access to the educational program or activity will be provided by the District to the Complainant; and
6. The procedures and permissible bases for the Complainant and/or Respondent to appeal the determination.

A copy of the written determination must be provided to both parties simultaneously, and generally will be provided within 60 calendar days from the District's receipt of a formal complaint.

The determination regarding responsibility becomes final either on the date that the District provides the parties with the written determination of the result of the appeal, if an appeal is filed, or, if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Where a determination of responsibility for sexual harassment has been made against the Respondent, the District will provide remedies to the Complainant that are designed to restore or preserve equal access to the District's education program or activity. Such remedies may include

supportive measures; however, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the Respondent. The Title IX Coordinator is responsible for effective implementation of any remedies. Following any determination of responsibility, the District may implement disciplinary sanctions in accordance with State or Federal law and/or the negotiated agreement. For students, the sanctions may include disciplinary action, up to and including permanent exclusion.

Appeals

Either the Complainant or Respondent may appeal the decision-maker's determination regarding responsibility or a dismissal of a formal complaint on the following bases:

1. Procedural irregularity that affected the outcome of the matter;
2. New evidence that was not reasonably available at the time that could affect the outcome; and
3. The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent that affected the outcome.

The District also may offer an appeal equally to both parties on additional bases.

The request to appeal must be made in writing to the Title IX Coordinator within seven calendar days after the date of the written determination. The appeal decision-maker must not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent and cannot be the Title IX Coordinator, the investigator, or the decision-maker from the original determination.

The appeal decision-maker must notify the other party in writing when an appeal is filed and give both parties a reasonable equal opportunity to submit a written statement in support of, or challenging, the outcome. After reviewing the evidence, the appeal decision-maker must issue a written decision describing the result of the appeal and the rationale for the result. The decision must be provided to both parties simultaneously, and generally will be provided within 10 calendar days from the date the appeal is filed.

Informal Resolution Process

Except when concerning allegations that an employee sexually harassed a student, at any time during the formal complaint process and prior to reaching a determination regarding responsibility, the District may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and determination of responsibility, provided that the District:

1. Provides to the parties a written notice disclosing:

a. The allegations;

b. The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the Title IX formal complaint process with respect to the formal complaint; and

c. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

2. Obtains the parties' voluntary, written consent to the informal resolution process.

The informal resolution process generally will be completed within 30 calendar days, unless the parties and the Title IX Coordinator mutually agree to temporarily delay or extend the process. The formal grievance process timelines are stayed during the parties' participation in the informal resolution process. If the parties do not reach resolution through the informal resolution process, the parties will resume the formal complaint grievance process, including timelines for resolution, at the point they left off.

Recordkeeping

The District must maintain for a period of seven years records of:

1. Each sexual harassment investigation, including any determination regarding responsibility, any disciplinary sanctions imposed on the Respondent, and any remedies provided to the Complainant designed to restore or preserve equal access to the District's education program or activity;
2. Any appeal and the result therefrom;
3. Any informal resolution and the result therefrom; and
4. All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The District must make these training materials publicly available on its website.

The District must create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the District must document the basis for its conclusion that its

response was not deliberately indifferent, and document that it has taken measure designed to restore or preserve equal access to the District's education program or activity.

Searches and Seizure

The goal of search and seizure with respect to students is meeting the educational needs of children and ensuring their security. The objective of any search and/or seizure is not the eradication of crime in the community. Searches may be carried out to recover stolen property, to detect illegal substances or weapons or to uncover any matter reasonably believed to be a threat to the maintenance of an orderly educational environment. The Board authorizes school authorities to conduct reasonable searches of school property and equipment, as well as of students and their personal effects, to maintain order and security in the schools

The search of a student, by authorized school authorities, is reasonable if it is both: (1) justified at its inception, and (2) reasonably related in scope to the circumstances which justified the interference in the first place.

School authorities are authorized to utilize any reasonable means of conducting searches, including but not limited to the following:

1. A “pat down” of the exterior of the student’s clothing.
2. A search of the student’s clothing including pockets;
3. A search of any container or object used by, belonging to or otherwise in the possession or control of a student; and/or
4. Devices or tools identified in school district policy or the student handbook or deemed necessary by the Superintendent or designee.

School Property and Equipment and Personal Effects of Students

School authorities may inspect and search school property and equipment owned or controlled by the District (such as lockers, desks, and parking lots).

The Superintendent may request the assistance of law enforcement officials, including their use of specially trained dogs, to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or material. The “pat down” or “search” of a student, if conducted, will be conducted by a school official or employee of the same gender as the student being searched.

Students

School officials may search any individual student, his/her property, or district property under his/her control when there is a reasonable suspicion that the search will uncover evidence that he/she is violating the law, Board policy, administrative regulation, or other rules of the district or the school. Reasonable suspicion shall be based on specific and objective facts that the search will produce evidence related to the alleged violation. The types of student property that may be searched by school officials include, but are not limited to, lockers, desks, purses, backpacks, student vehicles parked on district property, cellular phones, or other electronic communication devices.

STUDENTS

3231

Page 2 of 2

Students may not use, transport, carry, or possess illegal drugs or any weapons in their vehicles on school property. While on school property, vehicles may be inspected at any time by staff, or by contractors employed by the District utilizing trained dogs, for the presence of illegal drugs, drug paraphernalia, or weapons. In the event the school has reason to believe that drugs, drug paraphernalia, or weapons are present, including by alert trained dogs, the student's vehicle will be searched, and the student expressly consents to such a search.

Also, by parking in the school parking lots, the student consents to having his/her vehicle searched if the school authorities have any other reasonable suspicion to believe that a violation of school rules or policy has occurred.

Seizure of Property

When a search produces evidence that a student has violated or is violating either a law or District policies or rules, such evidence may be seized and impounded by school authorities and disciplinary action may be taken. As appropriate, such evidence may be transferred to law enforcement authorities.

Searches and Seizure

The following rules shall apply to any searches and the seizure of any property by school personnel:

1. The Superintendent, principal, and the authorized assistants of either shall be authorized to conduct any searches or to seize property on or near school premises, as further provided in this procedure.
If the authorized administrator has reasonable suspicion to believe that any locker, car, or other container of any kind on school premises contains any item or substance which constitutes an imminent danger to the health and safety of any person or to the property of any person or the District, the administrator is authorized to conduct a search of any car, locker, or container and to seize any such item or substance of any kind on school premises without notice or consent.
2. No student shall hinder, obstruct, or prevent any search authorized by this procedure.
3. Whenever circumstances allow, any search or seizure authorized in this procedure shall be conducted in the presence of at least one (1) adult witness, and a written record of the time, date, and results shall be made by the administrator. A copy shall be forwarded to the Superintendent as soon as possible.
4. In any instance where an item or substance is found which would appear to be in violation of the law, the circumstance shall be reported promptly to the appropriate law enforcement agency.

Student Use of Buildings: Equal Access

Non-curricular groups of students not previously recognized as curricular student organization under Policy 3510 or 3550 may gather on school premises under the following guidelines without restriction on the basis of the religious, political, philosophical, or other content of the meeting. Students wishing to form curricular groups or organizations recognized by the school administration may do so in accordance with Policy 3510 or 3550.

The following criteria must be met:

1. The meeting is voluntary and student-initiated.
2. There is no sponsorship of the meeting by the school, the government, or its agents or employees.
3. The meeting must occur during non-instructional time on regular school days.
4. Employees or agents of the school or government are present only in a non-participatory capacity.
5. The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school.
6. Non-school persons may not direct, conduct, control, or regularly attend activities.

Although the school assumes no sponsorship of these kinds of meetings, all meetings held on school premises must be scheduled and approved by the principal.

This policy pertains to student meetings. The school has the authority, through its agent or employees, to maintain order and discipline on school premises and to protect the well-being of students and faculty.

Suspension and Expulsion – Corrective Actions and Punishment

The Board recognizes that every student is entitled to due process rights that are provided by law.

Suspension

- “Suspension” means the exclusion of a student from attending individual classes or school and participating in school activities for an initial period not to exceed ten (10) school days. An administrator may order suspension of a student.

The procedure set forth below will be followed when a proposed punishment of a student is to include denial of the right of school attendance from any single class or from a full schedule of classes for at least one (1) day.

Before any suspension is ordered, a building administrator will meet with a student to explain charges of misconduct, and the student will be given an opportunity to respond to the charges.

When a student’s presence poses a continuing danger to persons or property or poses an ongoing threat of disruption to the educational process, a pre-suspension conference will not be required, and an administrator may suspend a student immediately. In such cases, a building administrator will schedule a conference as soon as practicable following the suspension and notify the student and parent or guardian of the conference.

A building administrator will report any suspension immediately to a student’s parent or legal guardian. An administrator will provide a written report of suspension that states reasons for a suspension, including any school rule that was violated, and a notice to a parent or guardian of the right to a review of a suspension. An administrator will send a copy of the report and notice to the Superintendent.

The Superintendent will conduct a review of any suspension on request of a parent or legal guardian. A student and parent or legal guardian may meet with the Superintendent to discuss suspension. After the meeting and after concluding a review, the Superintendent will take such final action as appropriate.

Upon a finding by a school administrator that the immediate return to school by a student would be detrimental to the health, welfare, or safety of others or would be disruptive of the educational process, a student may be suspended for one (1) additional period not to exceed ten (10) school days, if the student is granted an informal hearing with the school administrator prior to the additional suspension, and if the decision to impose the additional suspension does not violate the Individuals with Disabilities Education Act (IDEA) or Rehabilitation Act.

Students who are suspended from any class or from school entirely have the right to make up any work missed according to the student handbook.

- “Expulsion” is any removal of a student for more than twenty (20) school days without

STUDENTS

3300

Page 2 of 3

the provision of educational services. Expulsion is a disciplinary action available only to the Board.

The Board, and only the Board, may expel a student from school and may do so only after following due process procedures set forth below.

The Board will provide written notice to a student and parent or legal guardian of a hearing to consider a recommendation for expulsion, which will be sent by registered or certified mail at least five (5) school days before the date of the scheduled hearing. The notice will include time and place of hearing, information describing the process to be used to conduct the hearing, and notice that the Board intends to conduct the hearing in closed session unless a parent or legal guardian waives the student's right to privacy.

Within the limitation that a hearing must be conducted during a period of student suspension, a hearing to consider expulsion may be rescheduled when a parent or legal guardian submits a request showing good cause to the Superintendent at least two (2) school days before a hearing date as originally scheduled. The Superintendent will determine if a request shows good cause to reschedule a hearing.

At hearing the student may be represented by counsel, present witnesses and other evidence, and cross-examine witnesses. The Board is not bound by formal rules of evidence in conducting the hearing.

Each school shall maintain a record of any disciplinary action that is educationally related, with explanation, taken against the student. When the Board of Trustees takes disciplinary action against a student, the Board must keep a written record of the action taken, with detailed explanation, even if the disciplinary action is decided during a closed session. A disciplinary action that is educationally related is an action that results in the expulsion or out-of-school suspension of the student. This record must be maintained/destroyed consistent with Montana Local Government Records Schedule 7, and is subject to transfer to a local education agency, accredited school, or nonpublic school pursuant to 20-1-213, MCA.

The District will comply with provisions of the Individuals with Disabilities Education Act (IDEA) and Rehabilitation Act when disciplining students. The Board will not expel any special education student when the student's particular act of gross disobedience or misconduct is a manifestation of the student's disability. The Board may expel pursuant to its expulsion procedures any special education student whose gross disobedience or misconduct is not a manifestation of the student's disability. A disabled student will continue to receive education services as provided in the IDEA or Rehabilitation Act during a period of expulsion.

A building administrator may suspend a child with a disability from the child's current placement for not more than ten (10) consecutive school days for any violations of school rules, and additional removals of not more than ten (10) consecutive school days in that same school year for separate incidents of misconduct, as long as those removals do not constitute a change

of placement under 34 CFR 300.519(b), whether or not a student's gross disobedience or misconduct is a manifestation of a student's disabling condition. Any special education student who has exceeded or who will exceed the (10) days of suspension may temporarily be excluded from school by court order or by order of a hearing officer, if the District demonstrates that maintaining the student in the student's current placement is substantially likely to result in injury to the student or to others. After a child with a disability has been removed from his or her placement for more than ten (10) school days in the same school year, during any subsequent days of removal the public agency must provide services to the extent required under 34 CFR300.121(d).

An administrator may remove from current placement any special education student who has carried a weapon to school or to a school function or who knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function. The District will place such student in an appropriate interim alternative education setting for no more than forty-five (45) school days in accordance with the IDEA or Rehabilitation Act.

The trustees shall annually, at the regularly scheduled June meeting, review this policy and update this policy as determined necessary by the trustees based on changing circumstances pertaining to school safety

Corrective Actions and Punishment

The Board recognizes that every student is entitled to due process rights that are provided by law.

Suspension

The procedure set forth below will be followed when a proposed punishment of a student is to include denial of the right of school attendance from any single class or from a full schedule of classes for at least one (1) day.

Before any suspension is ordered, a building administrator will meet with a student to explain charges of misconduct and a student will be given opportunity to respond to the charges.

When a student's presence poses a continuing danger to persons or property or poses an ongoing threat of disruption to the educational process a pre-suspension conference will not be required and an administrator may suspend a student immediately. In such cases, a building administrator will provide notice of and schedule a conference as soon as practicable following the suspension.

A building administrator will report any suspension immediately to a student's parent or legal guardian. An administrator will provide a written report of suspension that states reasons for a suspension, including any school rule that was violated, and a notice to a parent or guardian of the right to a review of a suspension. An administrator will send a copy of the report and notice to the Superintendent.

The Superintendent will conduct a review of any suspension on request of a parent or legal guardian. A student and parent or legal guardian may meet with the Superintendent to discuss suspension. After the meeting and after concluding a review the Superintendent will take such final action as appropriate.

Specific discipline measures, regarding make-up work, for students who are suspended from any class or from school entirely can be found in the student handbook.

Expulsion

The Board and only the Board may expel a student from school and may do so only after following due process procedures set forth below.

The Board will provide written notice to a student and parent or legal guardian of a hearing to consider a recommendation for expulsion, which will be sent by registered or certified mail at least five (5) school days before the date of the scheduled hearing. A notice will include time and place of a hearing, information describing the process to be used to conduct a hearing and notice that the Board intends to conduct a hearing in closed session unless a parent or legal guardian waives a student's right to privacy.

Within the limitation that a hearing must be conducted during a period of student suspension, a hearing to consider expulsion may be rescheduled when a parent or legal guardian submits a request showing good cause to the Superintendent at least two (2) school days before a hearing

STUDENTS

date as originally scheduled. The Superintendent will determine if a request shows good cause to reschedule a hearing.

The student has the right to be present for the duration of the hearing. At hearing the student may be represented by counsel and ask questions, present perspectives, and provide witnesses or documentation. The Board is not bound by formal rules of evidence in conducting the hearing.

Procedures for Suspension and Expulsion of Students with Disabilities

The District will comply with provisions of the Individuals with Disabilities Education Act (IDEA) when disciplining students. The Board will not expel any special education student when a student's particular act of gross disobedience or misconduct is a manifestation of a student's disability. The Board may expel pursuant to its expulsion procedures any special education student whose gross disobedience or misconduct is not a manifestation of a student's disability. A disabled student will continue to receive education services as provided in the IDEA during a period of expulsion.

The building administrator may suspend a child with a disability from the child's current placement for not more than ten (10) consecutive school days for any violation of school rules, and additional removals of not more than ten (10) consecutive schools days in that same school year for separate incidents of misconduct, as long as those removals do not constitute a change of placement under 34 CFR 300.519(b), whether or not a student's gross disobedience or misconduct is a manifestation of a student's disabling condition. Any special education student who has exceeded or who will exceed ten (10) days of suspension may temporarily be excluded from school by court order or by order of a hearing officer, if the District demonstrates that maintaining a student in a student's current placement is substantially likely to result in injury to a student or to others. After a child with a disability has been removed from his or her placement for more than ten (10) school days in the same school year, during any subsequent days of removal the public agency must provide services to the extent required under 34 CF 300.121(d).

An administrator may remove from current placement any special education student who has carried a weapon to school or to a school function or who knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function or inflicts serious bodily injury on another person while at school, on school premises, or at a school function under the jurisdiction. A serious bodily injury is one that involves a substantial risk of death; extreme physical pain; protracted and obvious disfigurement; or protracted loss or impairment of the function of a bodily member, organ, or faculty.

The District will place such student in an appropriate interim alternative educational setting for no more than forty-five (45) school days in accordance with the IDEA.

Use of Restraint, Seclusion, and Aversive Techniques for Students

Conduct of Employees Directed Toward Students

The use by appropriately trained District personnel towards or directed at any student of any form of restraint or seclusion, as defined in this policy, is prohibited except in circumstances where proportional restraint or seclusion of a student is necessary when a student's conduct creates a reasonable belief in the perspective of a District employee that the conduct of the student has placed the student, the employee, or any other individual in imminent danger of serious bodily harm.

The employee or any employee who is a witness to this event shall immediately seek out the assistance of the school's administration or, if such administrator is not available, a certified or classified employee with special training in seclusion and restraint, if available. Upon the arrival of such individual, the administrator or, if no administrator is available, the most senior trained individual on seclusion or restraint shall take control over the situation.

Seclusion or restraint of a student shall immediately be terminated when it is decided that the student is no longer an immediate danger to him or herself or to any other third person or if it is determined that the student is exhibiting extreme distress or at such time that appropriate administrative personnel have taken custody of the child or upon such that the parent/legal guardian of the child has retaken custody of the child.

Regardless of employee training status, no District personnel shall use any form of aversive technique or corporal punishment against any student. All seclusion will be in compliance with a student's IEP or Section 504 Plan.

If a situation occurs where a properly trained District employee must use acts of restraint or seclusion against a school student, the following shall occur:

1. The employee shall immediately report to their building principal, in writing, the following information:
 - a. The date the event occurred;
 - b. The circumstances leading to the event;
 - c. The student involved; and
 - d. Other witnesses or participants to the event.
2. The building principal shall notify the Superintendent's office of the event, providing the Superintendent's office with a copy of the report of events.
3. The building principal shall ascertain if any of the school's video equipment captured the event on a recording. If such event was captured on recording, the principal shall take all best efforts to maintain a copy of the recording and provide such to the Superintendent's

Office for the Superintendent's official records of the event.

4. The Superintendent or designee shall ascertain the special needs status of the student involved in the seclusion or restraint and shall ascertain and maintain documentation as to whether or not such events were consistent with or contraindicated due to the student's psychiatric, medical, or physical condition(s).
5. The Superintendent or designee of the Superintendent shall notify the parent or legal guardian of the subject student of the situation and the event of restraint or seclusion via telephone and provide the parent/legal guardian with the name and telephone contact information of the building principal where the parent may obtain additional information regarding the event.
6. The Superintendent or designee of the Superintendent shall provide the parent/legal guardian of the student with written notice of the event of restraint or seclusion of their student.
7. The Superintendent's office shall maintain documentation as to events of restraint and seclusion and shall prepare any and all necessary reports to legal entities upon whom such reports are or may become due pursuant to State and federal regulations.

Training of School Personnel

As part of the training and preparation of each certified administrator, certified teacher, and in-building classified employee of the District, the following shall occur:

1. Training to personnel as to proper situations and events leading to student seclusion and intervention, including possible preventative alternatives to seclusion and restraint, safe physical escort, de-escalation of student crisis situations, and positive behavioral intervention techniques and supports;
2. Training of personnel in crisis/conflict management and emergency situations which may occur in the school setting, including examples and demonstrations of proper activities and techniques and trainers observing employee use of proper activities and techniques in the training setting;
3. Techniques to utilize to limit the possibility of injury to the student, the employee, and any other third party in the area;
4. Information as to the school's student seclusion areas in each respective school building to which the employee is assigned;
5. Training in CPR and basic first aid; and

6. Provision of the employee with a copy of this policy.

It is a goal that all new employees are trained in the area of student restraint and seclusion during their first week of employment. However, this may not be possible due to realities of the operation of a school district. If an employee has not yet undergone training and a situation necessitating student restraint or seclusion occurs, and another properly trained employee of the District is present at the event, the properly trained employee shall take the lead in addressing the student crisis.

Designated Locations

Each school building in which students are present must have a building designated location for student seclusion. It is the responsibility of the building's principal, or designee of the principal, to assure that the building's designated seclusion location is a safe and clean location and that such location has appropriate supervision when any student has been placed into seclusion pursuant to this policy. All seclusion will be in compliance with a student's IEP or Section 504 Plan. Appropriate supervision shall include an adult in the seclusion location which as continuous visual observation of the secluded student.

Definitions

For the purposes of this policy, the following definitions shall apply:

Restraint: The immobilization or reduction of a student's freedom of movement for the purpose of preventing harm to students or others through chemical, manual method, physical, or mechanical device, material, or equipment.

Seclusion: Involuntary confinement in a room or other space during which a student is prevented from leaving or reasonably believes that he or she can leave or be prevented from leaving through manually, mechanically, or electronically locked doors that, when closed, cannot be opened from the inside; blocking or other physical interference by staff; or coercive measures, such as the threat of restraint, sanctions, or the loss of privileges that the student would otherwise have, used for the purpose of keeping the student from leaving the area of seclusion.

Aversive Technique: Physical, emotional, or mental distress as a method of redirecting or controlling behavior including but not limited to corporal punishment.

- Using, possessing, distributing, purchasing, or selling tobacco products including alternative nicotine and vapor products as defined in 16-11-302, MCA.

- Engaging in academic misconduct which may include but is not limited to: cheating; unauthorized sharing of exam responses or graded assignment work; plagiarism; accessing websites or electronic resources without authorization to complete assigned coursework; and any other act designed to give unfair academic advantage to the student

These grounds stated above for disciplinary action apply whenever a student's conduct is reasonably related to school or school activities, including but not limited to the circumstances set forth below:

The Superintendent or designee is authorized to assign a student to non-disciplinary offsite instruction pending the results of an investigation or for reasons related to the safety or well-being of students and staff. During the period of non-disciplinary offsite instruction, the student will be permitted to complete all assigned schoolwork for full credit. The assignment of non-disciplinary offsite instruction does not preclude the Superintendent or designee from disciplining a student who has, after investigation, been found to have violated a School District policy, rule, or handbook provision.

Delegation of Authority

The Board grants authority to any teacher and to any other school personnel to impose on students under their charge any disciplinary measure, other than suspension or expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with policies and rules on student discipline. Discipline of Students With Disabilities

**Code of Conduct Violations by Students With Disabilities, Resulting
in Disciplinary Consequences of Ten (10) School Days or Less**

Beginning with the eleventh (11th) day of disciplinary removals in a school year, the IEP Team must address behavioral issues. If the removal does not result in a change of placement, the IEP Team must meet within ten (10) business days of first removing the student for more than ten (10) school days in a school year, to develop a plan to conduct a functional behavioral assessment, if one was not conducted before the behavior that resulted in the removal. *Reg. 300.520(b)(1)(i).*

After the functional behavioral assessment is completed, the IEP Team meets as soon as practicable to develop a behavioral intervention plan to address the behavior and implement the plan. *Reg. 300.520(b)(2).*

If the student is assigned subsequent disciplinary removals in a school year for ten (10) days or less that do not result in a change of placement, the IEP Team members (including the parent) informally review the behavior intervention plan and its implementation to determine if modifications are necessary. *Reg. 300.520(c)(2).*

If one or more team members believe modifications are needed, the IEP Team must meet to modify the plan and its implementation to the extent the IEP Team deems necessary. *Reg. 300.520(c)(2).*

If the student's IEP already includes a behavior intervention plan, within ten (10) business days of first removing the student for more than ten (10) school days in a school year, the IEP Team must meet to review the behavior intervention plan and its implementation, and modify the plan and its implementation as necessary to address the behavior. *Reg. 300.520(b)(1)(ii).*

Code of Conduct Violations by Students With Disabilities for Which Recommended Disciplinary Consequences Would Result in Change of Placement for More Than Ten (10) School Days (Excluding Drug and Weapon Offenses)

Student violates code of conduct, and the recommended disciplinary consequence would result in a removal from the current educational placement for more than ten (10) consecutive school days (alternate placement, expulsion). This constitutes a change of placement. *Reg. 300.519(a).*

The recommended disciplinary consequence may be for a removal from the current educational placement for less than ten (10) consecutive school days, but may constitute a change of placement because the student has already been removed for disciplinary reasons for ten (10) or more school days in the current school year, and the length of each removal, their proximity to each other, and the total amount of time the student has been removed result in a change of placement. *Reg. 300.519(b).*

School personnel may remove from current educational placement for ten (10) school days or less (*Reg. 300.520(a)(1)(i)*) and recommend further discipline according to the code of conduct. (The ten-(10)-day-or-less alternative must be one equally applicable to non-disabled. See pp. 1-2 for educational services to be provided during a short removal.) If a criminal act has been committed, charges may be filed, and law enforcement authorities to whom the crime was reported must be provided special education and disciplinary records to the extent disclosure is permitted by FERPA. *Sec. 1415(k)(9). Reg. 300.529.*

At the time the decision is made to take this action, school personnel must notify parent of decision and provide procedural safeguards notice in *Reg. 300.504. Sec. 1415(k)(4)(A)(i); Reg. 300.523(a)(1).*

Within ten (10) business days, IEP Team and other qualified personnel must meet and review relationship between disability and the behavior subject to disciplinary action (manifestation determination review – MDR). *Sec. 1415(k)(4)(A); Reg. 300.523(a)(2), (b).* If there has been no previous functional behavioral assessment and creation of a behavior intervention plan, the IEP Team must develop an assessment plan. *Reg. 300.520(b)(1)(i).* As soon as practicable after the assessment, the IEP Team must meet again to develop and implement the behavior intervention plan. *Reg. 300.520(b)(2).* If the IEP contains a behavior intervention plan, the IEP Team reviews the plan and its implementation and modifies them as necessary to address the behavior. *Reg. 300.520(b)(1)(ii).*

For the MDR, the IEP Team must look at all information relevant to the behavior subject to discipline, such as evaluation and diagnostic results, including such results and other relevant information from the parent, observation of the student, and the student's IEP and placement. The misbehavior is not a manifestation of the disability, if the IEP Team finds that in relationship to the misbehavior subject to discipline:

- The IEP and placement were appropriate;
- Consistent with the content of the student's IEP and placement, special education services, supplementary aids, and behavior intervention strategies were actually provided;
- The disability did not impair the ability of the student to understand the impact and consequences of the misbehavior; and
- The disability did not impair the ability of the student to control the misbehavior.

Sec. 1415(k)(4)(C); Reg. 300.523(c).

If the IEP Team determines any of the standards were not met, the misbehavior was a manifestation of the disability, and no punishment may be assessed. *Reg. 300.523(d).* If IEP Team identified deficiencies in IEP, placement, or implementation, it must take immediate steps to remedy. *Reg. 300.523(f).*

If the IEP Team determines the misbehavior was not a manifestation of the disability, regular disciplinary consequences may be applied to the student, except that the student must continue to be provided a free appropriate public education. *Sec. 1415(k)(5)(A); Sec. 1412(a)(1)(A); Reg. 300.121(a); Reg. 300.524(a).* The campus must ensure that special education and disciplinary records are transmitted for consideration by the school district person making the final determination regarding the disciplinary action. *Sec. 1415(k)(5)(B); Reg. 300.524(b).*

- - -

Parent may appeal a finding that the misbehavior was not a manifestation of the disability. The hearing is expedited before a special education hearing officer, who applies the same standards as the IEP Team. *Sec. 1415(k)(6); Reg. 300.525(a), (b).*

Parent may appeal decision to place student in forty-five-(45)-day interim placement. The hearing is expedited before a special education hearing officer, who applies the standards regarding a dangerous student in *Reg. 300.521. Sec. 1415(k)(6)(B)(ii); Reg. 300.525(b)(2).*

When a parent requests a hearing in a drug or weapon case to challenge the interim alternative placement or the manifestation determination, student remains in interim placement until decision of hearing officer or forty-five (45) days expires, whichever comes first, unless the parent and school agree otherwise. *Reg. 300.526(a).* Then student returns to current placement (defined as placement prior to interim alternative educational setting). School can ask for expedited hearing before special education hearing officer to prevent this return, if the student is substantially likely to injure self or others. *Reg. 300.526(b), (c).* The hearing officer applies the standards in *Reg. 300.121. Reg. 300.526(c).* Hearing officer can order another placement for up to forty-five (45) days. *Reg. 300.526(c)(3).* This procedure may be repeated as necessary. *Sec. 1415(k)(7); Reg. 300.526(c)(4).*

- - -

The standard the educational services must meet is to enable the child to appropriately progress in the general curriculum and appropriately advance toward achieving the goals in the IEP. *Reg. 300.121(d)(2)(i)(B); Reg. 300.524(a).* The IEP Team must determine what services are necessary to meet this standard. *Reg. 300.121(d)(3)(ii).*

Drug and Weapon Offenses by Students With Disabilities

Student carries weapon to school, or possesses, uses, sells, or solicits sale of illegal or controlled substance on school property or at a school function.

Illegal drug – controlled substance. Excludes legally used and possessed prescription drugs. *Sec. 1415(k)(10)(B); Reg. 300.520(d)(2).*

Controlled substance – drug or substance in 21 U.S.C. § 812(c), Schedules I-V. *Sec. 1415(k)(10)(A); Reg. 300.520(d)(1).*

Weapon – A firearm and more. Something used for or readily capable of causing death or serious bodily injury. Excludes pocket knife with blade of 2½ inches or less. *Sec. 1415(k)(10)(D); Reg. 300.520(d)(3).*

School personnel may remove from current educational placement for ten (10) school days or less, and recommend further discipline according to the code of conduct. *Sec. 1415(k)(1)(A)(i); Reg. 300.520(a)(1)(i).* (The ten-(10)-day-or-less alternative must be one equally applicable to non-disabled students. See pp. 1-2 for education services to be provided during a short removal.) If a criminal act has been committed, charges may be filed, and special education and disciplinary records will be transmitted to law enforcement authorities to whom the crime was reported, to the extent disclosure is permitted by FERPA. *Sec. 1415(k)(9); Reg. 300.529.*

At time decision is made to take this disciplinary action, school personnel must notify parent of decision and provide procedural safeguards notice in *Reg. 300.504. Sec. 1415(k)(4)(A)(i); Reg. 300.523(a)(1).*

Within ten (10) business days, IEP Team must meet and may extend the removal by placing student in appropriate interim alternative educational setting applicable to non-disabled student for same amount of time non-disabled student would be assigned, but not more than forty-five (45) calendar days. *Sec. 1415(k)(1)(A)(ii) and (3)(A); Reg. 300.520(a)(2); Reg. 300.522(a).* IEP Team must review the behavior intervention plan, if one exists, and its implementation and modify, as necessary, to address behavior. *Reg. 300.520(b)(1)(ii).* If there has been no previous functional behavioral assessment and creation of behavior intervention plan, IEP Team must develop assessment plan. *Sec. 1415(k)(1)(B); Reg. 300.520(b)(1)(i).* As soon as practicable after the assessment, the IEP Team must meet again to develop and implement the behavior intervention plan. *Reg. 300.520(b)(2).* The IEP Team and other qualified personnel must review the relationship between disability and the behavior subject to disciplinary action (manifestation determination review-MDR). *Sec. 1415(k)(4)(A); Reg. 300.523(a)(2)(b).*

The forty-five-(45)-day alternative interim placement must:

- Enable student to progress in general curriculum, although in another setting;
- Enable student to continue to receive those services and modifications, including those described in the student's IEP, that will enable the student to meet the goals set out in that IEP; and
- Include services and modifications designed to address the drug or weapon offense so that it does not recur. *Sec. 1415(k)(3)(B); Reg. 300.121(d)(2)(ii).*

Comments to regulations: Students may be subject to multiple forty - five - (45) - day interim placements for separate drug and weapon offenses. The forty - five - (45) - day interim placement may be completed even if drug or weapon offense was manifestation of disability. If misbehavior was not a manifestation of disability, regular disciplinary consequence can be applied in addition to forty - five - (45) - day interim placement.

For the MDR, the IEP Team must look at all information relevant to the behavior subject to discipline, such as evaluation and diagnostic results, including such results and other relevant information from the parent, observation of the student, and the student's IEP and placement. The misbehavior is not a manifestation of the disability if the IEP Team finds that, in relationship to the misbehavior subject to discipline:

- The IEP and placement were appropriate;
- Consistent with the content of the student's IEP and placement, special education services, supplementary aids and services, and behavior intervention strategies were actually provided;
- The disability did not impair the ability of student to understand the impact and consequences of the misbehavior; and
- The disability did not impair the ability of the student to control the misbehavior.

Sec. 1415(k)(4)(C); Reg. 300.523(c).

If the IEP Team determines any of the standards were not met, the misbehavior was a manifestation of the disability, and no punishment may be assessed. *Reg. 300.523(d)*. If IEP Team identifies deficiencies in IEP, placement, or implementation, it must take immediate steps to remedy. *Reg. 300.523(f)*.

- or -

If the IEP Team determines the misbehavior was not a manifestation of the disability, regular disciplinary consequences may be applied to the student, except that the student must continue to be provided a free appropriate public education. *Sec. 1415(k)(5)(A); Sec. 1412(a)(1)(A). Reg. 300.121(a). Reg. 300.524(a)*. The campus must ensure that special education and disciplinary record are transmitted for consideration by the school district person making the final determination regarding the disciplinary action. *Sec. 1415(k)(5)(B); Reg. 300.524(b)*.

Parent may appeal a finding that the misbehavior was not a manifestation of the disability. The hearing is expedited before a special education hearing officer, who applies the same standards as the IEP Team. *Sec. 1415(i)(6); Reg. 300.525(a), (b)*.

If IEP Team finds no manifestation and changes placement to comply with the disciplinary recommendation, parent may appeal the placement decision. The hearing is expedited before a special education hearing officer. *Sec. 1415(k)(6)(A); Reg. 300.525(a)(2)*.

During appeals, stay put applies. *Reg. 300.524(c)*. If child is substantially likely to injure self or others in the current placement, the school can request an expedited hearing and request the hearing officer to remove to an interim alternative educational placement for up to forty-five (45) days. Standards to be met are those in *Sec. 1415(k)(2)* and *Reg. 300.521*.

The standard the education services must meet is to enable the child to appropriately progress in the general curriculum and appropriately advance toward achieving the goals in the IEP. *Reg. 300.121(d)(2)(i)(B); Reg. 300.524(a)*. The IEP Team must determine what services are necessary to meet this standard. *Reg. 300.121(d)(3)(ii)*.

Students Dangerous to Self or Others

IDEA discipline procedures are followed for a non-drug or weapon offense, the penalty for which would result in expulsion or removal from the student's placement for more than ten (10) school days.

IEP Team meets, determines no manifestation and recommends discipline proceed. Parent disagrees and requests a due-process hearing. Stay put applies, and child stays in the current placement, unless school acts to change the placement. *Reg. 300.524.*

School requests hearing officer to change the placement during the pendency of the hearing because of the likelihood of injury to self or others. *Sec. 1415(k)(2); Reg. 300.521.*

Hearing officer holds expedited hearing to consider request. School has burden of proof to show by more than a preponderance of the evidence that maintaining the child in the current placement is substantially likely to result in injury to self or others. *Sec. 1415(k)(2)(A), (10)(D); Reg. 300.521(a).* Hearing officer must also:

- Consider the appropriateness of the current placement.
- Consider whether the school has made reasonable effort to minimize the risk of harm in the current placement, including the use of supplemental aids and services.
- Determine that the interim alternative setting proposed by the school personnel, in consultation with special education teacher:
 - Enables the student to participate in the general curriculum, although in another setting;
 - Enables the student to continue to receive those services and modifications, including those described in the student's current IEP, that will enable the student to meet the goals set out in the IEP; and
 - Include services and modification designed to address the behavior so that it does not recur.

Sec. 1415(k)(2); Reg. 300.521(b), (c), (d); Reg. 300.522(b); Reg. 300.121(d)(2)(ii)(B).

- - -

If parent appeals forty-five-(45)-day interim alternative placement by IEP Team in drug or weapon case, hearing officer applies these standards in expedited hearing. *Sec. 1415(k)(6)(B)(ii); Reg. 300.525(b)(2).*

If all requirements are met, hearing officer may order a change of placement to the interim alternative educational setting for up to forty-five (45) days. *Sec. 1415(k)(2); Reg. 300.521.*

Student returns to his or her current placement (the placement prior to the interim alternative educational setting) at end of forty-five (45) days, if no decision has been issued by hearing officer in pending due-process hearing. If school believes it would be dangerous for student to return to current placement while hearing is still pending, school may request another expedited hearing to again place student in forty-five-(45)-day interim placement while hearing continues to be pending. *Reg. 300.526(b), (c)(4)*. Hearing officer holds same type of hearing initially held when hearing officer ordered first forty-five-(45)-day interim placement. *Sec. 1415(k)(7); Reg. 300.526*. Any subsequent forty-five-(45)-day interim setting must meet the standards in *Reg. 300.522*.

Student Risk Assessments

The District may establish a risk assessment team for students whose behavior may pose a risk to the safety of school staff or students.

Each team shall:

1. Provide guidance to students, faculty, and staff regarding recognition of threatening or aberrant behavior that may represent a risk to the community, school, or self;
2. Include persons with expertise in counseling, instruction, school administration, and law enforcement;
3. Identify members of the school community who should be informed of behavior;
4. Implement school board policies for the assessment of and intervention with students whose behavior poses a risk to the safety of school staff or students including response plans; and
5. Utilize available forms and procedures.

All District employees, volunteers, and contractors are required to report any expressed risks or behavior that may represent a risk to the community, school, or self. In cases determined to be appropriate, teams shall follow established procedures for referrals to community services, boards, or health care providers for evaluation or treatment when appropriate.

Upon a preliminary determination that a student poses a risk of violence or physical harm to self or others, a risk assessment team shall immediately report its determination to the superintendent or designee. The superintendent or designee shall immediately attempt to notify the student's parent or legal guardian. Nothing in this policy shall prevent a District employee from acting immediately to address an imminent risk.

The superintendent may establish a committee charged with oversight of the risk assessment teams. An existing committee may be designated to assume the oversight responsibility; however, any such team shall include individuals with expertise in human resources, education, school administration, mental health, and law enforcement.

Regardless of risk assessment activities, disciplinary action and referral to law enforcement are to occur as required by school board policy and Montana law. The District may, in accordance with the provisions in Policy 3600P, release student records or information in connection with an emergency, without parental consent, if the knowledge of such information is necessary to protect the health or safety of the student or other persons.

Firearms and Other Weapons

Firearms

It is the policy of Jefferson High School District to comply with the federal Gun Free Schools Act of 1994 and state law 20-5-202 (2), MCA, pertaining to students who bring a firearm to, or possess a firearm at, any setting that is under the control and supervision of the school district.

The District does not allow students to possess firearms on District property or at any setting that is under the control and supervision of the District. In accordance with 20-5-202 (3), MCA, a teacher, superintendent, or principal shall suspend immediately for good cause a student who is determined to have brought a firearm to, or possess a firearm at, any setting that is under the control and supervision of the school district. The Policy does not govern conduct in a student's home, a locked vehicle, a parking lot, or a commercial business when the student is participating in an online, remote, or distance-learning setting. In accordance with Montana law, a student who is determined to have brought a firearm to, or possess a firearm at, any setting that is under the control and supervision of the school district must be expelled from school for a period of not less than 1 year.

For the purposes of the firearms section of this policy, the term "firearm" means (A) any weapon (including a starter gun) which will, is designed to, or may be readily converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device pursuant to 18 U.S.C. 921 (4). Such term does not include an antique firearm pursuant to 18 U.S.C. 921 (16).

Option 1: However, on a case-by-case basis, the Board of Trustees will convene a hearing to review the underlying circumstances and, in the discretion of the Board, may authorize the school administration to modify the requirement for expulsion of a student.

A decision to change the placement of a student with a disability who has been expelled pursuant to this section must be made in accordance with the Individuals with Disabilities Education Act.

Before holding a hearing to determine if a student has violated this Policy, the Board shall, in a clear and timely manner, notify the student if the student is an adult or notify the parent or guardian of a student if the student is a minor that the student may waive the student's privacy interest by requesting that the hearing be held in public and invite other individuals to attend the hearing.

Before expelling a student under this Policy, the Board shall hold a due process hearing that includes presentation of a summary of the information leading to the allegations and an opportunity for the student to respond to the allegations. The student may not be expelled unless the trustees find that the student knowingly, as defined in Section 1-1-204, MCA, brought a firearm to school or possessed a firearm at school.

STUDENTS

Page 2 of 3

1 When a student subject to a hearing is found to have not violated this Policy, the student's school
2 record must be expunged of the incident.

3
4 The provisions of this Policy do not require the Board to expel a student who has brought a
5 firearm to school or possesses a firearm at school if the firearm is secured in a locked container
6 approved by the school district or in a locked motor vehicle the entire time the firearm is at
7 school, except while the firearm is in use for a school-sanctioned instructional activity.

8
9 Possession of Weapons other than Firearms

10
11 The District does not allow students to possess other weapons on District property or at any
12 setting that is under the control and supervision of the District. Any student found to have
13 possessed, used, or transferred a weapon on school property will be subject to discipline in
14 accordance with the District's discipline policy. For purpose of this section, "weapon" means
15 any object, device or instrument designed as a weapon or through its use is capable of
16 threatening or producing bodily harm or which may be used to inflict self-injury, including but
17 not limited to air guns; pellet guns; BB guns; fake (facsimile) weapons; all knives; blades; clubs;
18 metal knuckles; numchucks (also known as nunchucks); throwing stars; explosives; fireworks;
19 mace or other propellants; stun guns; ammunition; poisons; chains; arrows; and objects that have
20 been modified to serve as a weapon.

21
22 No student shall possess, use, or distribute any object, device, or instrument having the
23 appearance of a weapon, and such objects, devices, or instruments shall be treated as weapons,
24 including but not limited to weapons listed above which are broken or non-functional, look-alike
25 guns, toy guns; and any object that is a facsimile of a real weapon. No person shall use articles
26 designed for other purposes (i.e., lasers or laser pointers, belts, combs pencils, files, scissors,
27 etc.) to inflict bodily harm and or intimidate, and such use will be treated as the possession and
28 use of a weapon.

29
30 Definitions, Exceptions, and Referral to Law Enforcement

31
32 The District may refer to law enforcement for immediate prosecution any student who possesses,
33 carries, or stores a weapon in a school building as specified in Section 45-8-361, MCA. In
34 addition, the District will refer for possible prosecution a parent or guardian of any minor
35 violating this policy on grounds of allowing a minor to possess, carry, or store a weapon in a
36 school building. For the purposes of this section only, "school property" means within school
37 buildings, in vehicles used for school purposes, or on owned or leased school land or grounds.
38 "Building" specifically means a combination of any materials, whether mobile, portable, or
39 fixed, to form a structure and the related facilities for the use or occupancy by persons or
40 property owned or leased by a school district that are used for instruction or for student activities
41 as specified in Section 50-60-101(2), MCA and Section 45-8-361, MCA. The term is construed
42 as though followed by the words "or part or parts of a building" and is considered to include all
43 stadiums, bleachers, and other similar outdoor facilities, whether temporary or permanently
44 fixed.

Activity Participation Code of Conduct

Policy Duration and Coverage

This policy applies to middle and high school students who are involved in the extra- and co-curricular activities program. This policy is in effect each school year from the date of the first practice for fall activities until the last day of school or activities, whichever is later. Violations are cumulative, through the student's period of attendance in grades 6-8 and in grades 9-12. The Administration shall publish the participation rules annually in the activities and student handbooks.

General Conduct

The School District requires adherence to a strict code of conduct athletes and other participants in any athletic activity and/or extra-curricular activity. The code of conduct noted at District Policy 3310 and the student handbook applies to all students participating in any athletic or extra-curricular activity sponsored or sanctioned by the Montana High School Association (MHSA) or the School District. A student participating in any athletic activity and/or extra-curricular activity and his or her parent/guardian shall sign a form acknowledging receipt of an adherence to the code of conduct.

Coaches and advisors will promptly report violations of the code of conduct to the principal. Violations of the code of conduct will result in discipline up to an including suspension from the activity, suspension from school and activities, and expulsion from school. Persistent violations of the code of conduct may also result in the removal of the student from activities. Failure to promptly report a possible violation may result in discipline of the coach or advisor. Suspicion of child abuse or neglect will be reported to the appropriate authorities.

Extra - and Co - Curricular Chemical Use Policy

Students participating in extra- and co-curricular activities, whether sponsored by the MHSA or not, shall not use, have in possession, sell, purchase, or distribute alcohol, tobacco products, alternative nicotine and vapor products, or illegal drugs or abuse prescription or non-prescription drugs during their extracurricular seasons. These rules are in effect twenty-four (24) hours a day. If a student receives a MIP or is seen using tobacco, alcohol, marijuana, or illicit drugs, the student will forfeit the ability of participating in accordance with the activities and student handbooks.

Student and Parent/Legal Guardian Due Process

If a determination is made that a student has violated this policy, the student and parent/guardian shall be notified of the violation by telephone and mail. Also at this time, the student and parent or guardian shall be notified of the type of discipline that will be administered or recommended to the Board.

Prior to the imposition of any suspension from activity participation the student and parent or legal guardian shall have the right to participate in any investigation into alleged misconduct.

This participation includes the opportunity for the student to explain the version of the events and provide any explanation or supporting evidence.

If the discipline involves the recommended expulsion of a high school student from participation in extra- and/or co-curricular activities for a period in excess of twenty (20) days, the parent and student will be notified of the date and time the Board will consider the recommendation. Only the Board can expel a high school student from participation in extra- and/or co-curricular activities except in the circumstance that an organization governing the rules and regulations of a particular extra- and/or co-curricular activity recommends the expulsion of a student from participation (i.e. – National Honor Society, Business Professionals of America, etc.).

Student Health/Physical Screenings/Examinations

The Board may arrange each year for health services to be provided to all students. Such services may include but not be limited to:

1. Development of procedures at each building for isolation and temporary care of students who become ill during the school day;
2. Consulting services of a qualified specialist for staff, students, and parents;
3. Vision and hearing screening;
4. Scoliosis screening;
5. Immunization as provided by the Department of Public Health and Human Services or the local county health department.

Parents/guardians will receive written notice of any screening result which indicates a condition that might interfere or tend to interfere with a student's progress.

In general, the District will not conduct physical examinations of a student without parental consent to do so or by court order, unless the health or safety of the student or others is in question. Further, parents will be notified of the specific or approximate dates during the school year when screening administered by the District is conducted, which is:

1. Required as a condition of attendance.
2. Administered by the school and scheduled by the school in advance.
3. Not necessary to protect the immediate health and safety of the student or other students.

Parents or eligible students will be given the opportunity to opt out of the above-described screenings.

Students who wish to participate in certain extracurricular activities may be required to submit to a physical examination to verify their ability to participate in the activity. Students participating in activities governed by the Montana High School Association will be required to follow the rules of that organization, as well as other applicable District policies, rules, and regulations.

All parents will be notified of requirements of the District's policy on physical examinations and screening of students, at least annually at the beginning of the school year and within a reasonable period of time after any substantive change in the policy.

Student Immunization

The Board requires all students to present evidence of their having been immunized against the following diseases: varicella, diphtheria, pertussis (whooping cough), poliomyelitis, measles (rubeola), mumps, rubella, and tetanus in the manner and with immunizing agents approved by the Department of Public Health and Human Services or the local county health department. Haemophilus influenza type “b” immunization is required for students under age five (5).

Upon initial enrollment, an immunization status form shall be completed by the student’s parent or guardian. The certificate shall be made a part of the student’s permanent record.

A student who transfers into the District may photocopy immunization records in the possession of the school of origin. The District will accept the photocopy as evidence of immunization. Within thirty (30) days after a transferring student ceases attendance at the school of origin, the school shall retain a certified copy for the permanent record and send the original immunization records for the student to the school district to which the student transfers.

Exemptions from one or more vaccines shall be granted for medical reasons upon certification by a licensed or certified health care provider in a manner provided by Section 20-5-405, MCA. Exemptions for religious reasons must be filed in a manner provided by Section 20-5-404, MCA.. The statement for an exemption shall be maintained as part of the student’s immunization record in accordance with FERPA as specified in Policy 3600P.

All students who are enrolled under an exemption and have a disease listed in this Policy, have been exposed to a disease listed in this Policy, or may be exposed to a disease listed in this Policy while attending school may be excluded from the school by the local health officer or the DPHHS until the excluding authority is satisfied that the student no longer risks contracting or transmitting that disease.

The Superintendent may allow the commencement of attendance in school by a student who has not been immunized against each disease listed in § 20-5-403, MCA, if that student has received one or more doses of varicella, polio, measles (rubeola), mumps, rubella, diphtheria, pertussis, and tetanus vaccine, except that Haemophilus influenza type “b” vaccine is required for children under 5 years of age.

The District shall exclude a student for noncompliance with the immunization laws and properly notify the parent or guardian. The local health department may seek an injunction requiring the parent to submit an immunization status form, take action to fully immunize the student, or file an exemption for personal or medical reasons.

This policy does not apply to or govern vaccinations against COVID-19. The Board does not require immunization against COVID-19 in order to enroll in the District in accordance with Montana law. District officials shall not inquire about the COVID-19 vaccination status of students, employees, or visitors. District officials shall not make decisions regarding access to District services for students, employees, or visitors based upon an individual’s COVID-19 vaccination status. Students enrolled in dual credit courses in accordance with District policies may be subject to distinct immunization requirements of the applicable post-secondary institution.

Management of Sports Related Concussions

The Jefferson High School District recognizes that concussions and head injuries are commonly reported injuries in children and adolescents who participate in sports and other recreational activities. The Board acknowledges the risk of catastrophic injuries or death is significant when a concussion or head injury is not properly evaluated and managed. Therefore, all K-12 competitive sport athletic activities in the District will be identified by the administration.

Consistent with guidelines provided by the U.S. Department of Health and Human Services, Centers for Disease Control and Prevention, the National Federation of High School (NFHS) and the Montana High School Association (MHSA), the District will utilize procedures developed by the MHSA and other pertinent information to inform and educate coaches, athletic trainers, officials, youth athletes, and their parents and/or guardians of the nature and risk of concussions or head injuries, including the dangers associated with continuing to play after a concussion or head injury. Resources are available on the Montana High School Association Sports Medicine page at www.mhsa.org; U.S. Department of Health and Human Services page at: www.hhs.gov; and; the Centers for Disease and Prevention page at www.cdc.gov/concussion/sports.index.html.

Annually, the district will distribute a head injury and concussion information and sign-off sheet to all parents and guardians of student-athletes in competitive sport activities prior to the student-athlete's initial practice or competition.

All coaches, athletic trainers, officials, including volunteers participating in organized youth athletic activities, shall complete the training program at least once each school year as required in the District procedure. Additionally, all coaches, athletic trainers, officials, including volunteers participating in organized youth athletic activities will comply with all procedures for the management of head injuries and concussions.

Student-Athlete & Parent/Legal Guardian Concussion Statement

Because of the passage of the Dylan Steigers' Protection of Youth Athletes Act, schools are required to distribute information sheets for the purpose of informing and educating student-athletes and their parents of the nature and risk of concussion and head injury to student athletes, including the risks of continuing to play after concussion or head injury. Montana law requires that each year, before beginning practice for an organized activity, a student-athlete and the student-athlete's parent(s)/legal guardian(s) must be given an information sheet, and both parties must sign and return a form acknowledging receipt of the information to an official designated by the school or school district prior to the student-athletes participation during the designated school year. The law further states that a student-athlete who is suspected of sustaining a concussion or head injury in a practice or game shall be removed from play at the time of injury and may not return to play until the student-athlete has received a written clearance from a licensed health care provider.

A Fact Sheet for **ATHLETES**

WHAT IS A CONCUSSION?

A concussion is a brain injury that:

- Is caused by a bump or blow to the head
- Can change the way your brain normally works
- Can occur during practices or games in any sport
- Can happen even if you haven't been knocked out
- Can be serious even if you've just been "dinged"

WHAT ARE THE SYMPTOMS OF A CONCUSSION?

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Bothered by light
- Bothered by noise
- Feeling sluggish, hazy, foggy, or groggy
- Difficulty paying attention
- Memory problems
- Confusion
- Does not "feel right"

WHAT SHOULD I DO IF I THINK I HAVE A CONCUSSION?

- **Tell your coaches and your parents.**

Never ignore a bump or blow to the head even if you feel fine. Also, tell your coach if one of your teammates might have a concussion.

- **Get a medical checkup.** A doctor or health care professional can tell you if you have a concussion and when you are OK to return to play.

- **Give yourself time to get better.** If you have had a concussion, your brain needs time to heal. While your brain is still healing, you are much more likely to have a second concussion. Second or later concussions can cause damage to your brain. It is important to rest until you get approval from a doctor or health care professional to return to play.

HOW CAN I PREVENT A CONCUSSION?

Every sport is different, but there are steps you can take to protect yourself.

- Follow your coach's rules for safety and the rules of the sport.
- Practice good sportsmanship at all times.
- Use the proper sports equipment, including personal protective equipment (such as helmets, padding, shin guards, and eye and mouth guards). In order for equipment to protect you, it must be:

- > The right equipment for the game, position, or activity
- > Worn correctly and fit well
- > Used every time you play

Remember, when in doubt, sit them out!

A Fact Sheet for PARENTS

WHAT IS A CONCUSSION?

A concussion is a brain injury. Concussions are caused by a bump or blow to the head. Even a “ding,” “getting your bell rung,” or what seems to be a mild bump or blow to the head can be serious.

You can’t see a concussion. Signs and symptoms of concussion can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If your child reports any symptoms of concussion, or if you notice the symptoms yourself, seek medical attention right away.

WHAT ARE THE SIGNS AND SYMPTOMS OF A CONCUSSION?

Signs Observed by Parents or Guardians

If your child has experienced a bump or blow to the head during a game or practice, look for any of the following signs and symptoms of a concussion:

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets an instruction
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows behavior or personality changes
- Can’t recall events prior to hit or fall
- Can’t recall events after hit or fall

Symptoms Reported by Athlete

- Headache or “pressure” in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Sensitivity to light
- Sensitivity to noise
- Feeling sluggish, hazy, foggy, or groggy
- Concentration or memory problems
- Confusion
- Does not “feel right”

HOW CAN YOU HELP YOUR CHILD PREVENT A CONCUSSION?

Every sport is different, but there are steps your children can take to protect themselves from concussion.

- Ensure that they follow their coach’s rules for safety and the rules of the sport.
- Encourage them to practice good sportsmanship at all times.
- Make sure they wear the right protective equipment for their activity (such as helmets, padding, shin guards, and eye and mouth guards). Protective equipment should fit properly, be well maintained, and be worn consistently and correctly.
- Learn the signs and symptoms of a concussion.

WHAT SHOULD YOU DO IF YOU THINK YOUR CHILD HAS A CONCUSSION?

1. Seek medical attention right away. A health care professional will be able to decide how serious the concussion is and when it is safe for your child to return to sports.

2. Keep your child out of play. Concussions take time to heal. Don’t let your child return to play until a health care professional says it’s OK. Children who return to play too soon—while the brain is still healing—risk a greater chance of having a second concussion. Second or later concussions can be very serious. They can cause permanent brain damage, affecting your child for a lifetime.

3. Tell your child’s coach about any recent concussion. Coaches should know if your child had a recent concussion in ANY sport. Your child’s coach may not know about a concussion your child received in another sport or activity unless you tell the coach.

Remember, when in doubt, sit them out!
It's better to miss one game than the whole season.

Be Prepared

A concussion is a type of traumatic brain injury, or TBI, caused by a bump, blow, or jolt to the head that can change the way your brain normally works. Concussions can also occur from a blow to the body that causes the head to move rapidly back and forth. Even a “ding,” “getting your bell rung,” or what seems to be mild bump or blow to the head can be serious. Concussions can occur in any sport or recreation activity. So, all coaches, parents, and athletes need to learn concussion signs and symptoms and what to do if a concussion occurs.

Administering Medication to Students

“Medication” means prescribed drugs and medical devices that are controlled by the U.S. Food and Drug Administration and are ordered by a health care provider. It includes over-the-counter medications prescribed through a standing order by an authorized physician or prescribed by the student’s health care provider.

The building principal or other administrator may authorize, in writing, any school employee:

To assist in self-administration of any drug that may lawfully be sold over the counter without a prescription to a student in compliance with the written instructions and with the written consent of a student’s parent or guardian; and

To assist in self-administration of a prescription drug to a student in compliance with written instructions of a medical practitioner and with the written consent of a student’s parent or guardian.

Except in an emergency situation, only a qualified health care professional may administer a drug or a prescription drug to a student under this policy. Diagnosis and treatment of illness and the prescribing of drugs are never the responsibility of a school employee and should not be practiced by any school personnel.

Administering Medication

The Board will permit administration of medication to students in schools in its jurisdiction. A school nurse (who has successfully completed specific training in administration of medication), pursuant to written authorization of a physician or dentist and that of a parent, an individual who has executed a caretaker relative educational authorization affidavit, or guardian, may administer medication to any student in the school or may delegate this task pursuant to Montana law.

Emergency Administration of Medication

In the event of an emergency, a school nurse or trained staff member, exempt from the nursing license requirement under § 37-8-103(1)(c), MCA, may administer emergency medication to any student in need thereof on school grounds, in a school building, at a school function, or on a school bus according to a standing order of an authorized physician or a student’s private physician. In the event that emergency medication is administered to a student, the school nurse or staff member shall call emergency responders and notify the student’s parents/guardians.

A building administrator or school nurse will enter any medication to be administered in an emergency on an individual student medication record and retain the documentation.

Assisting Students with Self-Administration of Medication

A building principal or other school administrator may authorize, in writing, any school employee:

To assist in self-administration of any drug that may lawfully be sold over the counter without a prescription to a student in compliance with the written instructions and with the written consent of a student's parent or guardian; and

To assist in self-administration of a prescription drug to a student in compliance with written instructions or standing order of an authorized physician or a student's private physician and with the written consent of a student's parent or guardian.

A school employee authorized, in writing, to assist students with self-administration of medications, may only rely on the following techniques:

- Making oral suggestions, prompting, reminding, gesturing, or providing a written guide for self-administering medications;
- Handing to a student a prefilled, labeled medication holder or a labeled unit dose container, syringe, or original marked and labeled container from a pharmacy;
- Opening the lid of a container for a student;
- Guiding the hand of a student to self-administer a medication;
- Holding and assisting a student in drinking fluid to assist in the swallowing of oral medications;
- and
- Assisting with removal of a medication from a container for a student with a physical disability that prevents independence in the act.
- Other guidance or restrictions previously provided in writing to the school by a student's parent, an individual who has executed a caretaker relative educational authorization affidavit, or guardian is on file.

Self-Administration or Possession of Asthma, Severe Allergy, or Anaphylaxis Medication

Students with allergies or asthma may be authorized by the building principal or Superintendent, in consultation with medical personnel, to possess and self-administer emergency medication during the school day, during field trips, school-sponsored events, or while on a school bus. The student shall be authorized to possess and self-administer medication if the following conditions have been met.

- A written and signed authorization from the parents, an individual who has executed a caretaker relative educational authorization affidavit, or guardians for self-administration of medication, acknowledging that the school district or its employees are not liable for injury that results from the student self-administering the medication.
- The student must have the prior written approval of his/her primary health care provider. The written notice from the student's primary care provider must specify the name and purpose of the medication, the prescribed dosage, frequency with which it may be administered, and the circumstances that may warrant its use.
- Documentation that the student has demonstrated to the health care practitioner and the school nurse, if available, the skill level necessary to use and administer the medication.
- Documentation of a doctor-formulated written treatment plan for managing asthma, severe allergies, or anaphylaxis episodes of the student and for medication use by the student during school hours.

Authorization granted to a student to possess and self-administer medication shall be valid for the current school year only and must be renewed annually.

A student's authorization to possess and self-administer medication may be limited or revoked by the building principal or other administrative personnel.

If provided by the parent, an individual who has executed a caretaker relative educational authorization affidavit, or guardian, and in accordance with documentation provided by the student's doctor, backup medication must be kept at a student's school in a predetermined location or locations to which the student has access in the event of an asthma, severe allergy, or anaphylaxis emergency.

Immediately after using epinephrine during school hours, a student shall report to the school nurse or other adult at the school who shall provide follow up care, including making a 9-1-1 emergency call.

Self-Administration of Other Medication

The District shall permit students who are able to self-administer specific medication to do so provided that all of the following have occurred:

- A physician, dentist, or other licensed health care provider provides a written order for self-administration of said medication;
- Written authorization for self-administration of medication from a student's parent, an individual who has executed a caretaker relative educational authorization affidavit, or guardian is on file; and
- A principal and any appropriate teachers are informed that a student is self-administering prescribed medication.

Administration of Glucagons

School employees may voluntarily agree to administer glucagons to a student pursuant to § 20-5-412, MCA, only under the following conditions: (1) the employee may administer glucagon to a diabetic student only in an emergency situation; (2) the employee has filed the necessary designation and acceptance documentation with the District, as required by § 20-5-412(2), MCA, and (3) the employee has filed the necessary written documentation of training with the District, as required by § 20-5-412(4), MCA. Designation of staff is to be made by a parent, an individual who has executed a caretaker relative authorization affidavit, or guardian of a diabetic student, and school employees are under no obligation to agree to designation. Glucagon is to be provided by the parent or guardian. All documentation shall be kept on file.

Handling and Storage of Medications

The Board requires that all medications, including those approved for keeping by students for self-medication, be first delivered by a parent, an individual who has executed a caretaker relative educational authorization affidavit, or other responsible adult to a nurse or employee assisting with self-administration of medication. A nurse or assistant:

- Shall examine any new medication to ensure it is properly labeled with dates, name of student, medication name, dosage, and physician's name;
- Shall develop a medication administration plan, if administration is necessary for a student, before any medication is given by school personnel;
- Shall record on the student's individual medication record the date a medication is delivered and the amount of medication received;
- Shall store medication requiring refrigeration at 36° to 46° F;

- 1 • Shall store prescribed medicinal preparations in a securely locked storage compartment;
2 and
- 3 • Shall store controlled substances in a separate compartment, secured and locked at all
4 times.
- 5 • All non-emergency medication shall be kept in a locked, nonportable container, stored in
6 its original container with the original prescription label. Epinephrine, naloxone, and
7 student emergency medication may be kept in portable containers and transported by the
8 school nurse or other authorized school personnel.
- 9 • Food is not allowed to be stored in refrigeration unit with medications.
- 10 • Shall notify the building administrator, school district nurse, and parent or guardian of
11 any medication error and document it on the medication administration record.

12
13 The District will permit only a forty-five-(45)-school-day supply of a medication for a student to
14 be stored at a school; and all medications, prescription and nonprescription, will be stored in
15 their original containers.

16
17 The District will limit access to all stored medication to those persons authorized to administer
18 medications or to assist in the self-administration of medications. The District requires every
19 school to maintain a current list of those persons authorized by delegation from a licensed nurse
20 to administer medications.

21
22 The District may maintain a stock supply of auto-injectable epinephrine to be administered by a
23 school nurse or other authorized personnel to any student or nonstudent as needed for actual or
24 perceived anaphylaxis. If the district intends to obtain an order for emergency use of epinephrine
25 in a school setting or at related activities, the district shall adhere to the requirements stated in
26 20-5-420, Section 2 MCA.

27
28 The District may maintain a stock supply of an opioid antagonist to be administered by a school
29 nurse or other authorized personnel to any student or nonstudent as needed for an actual or
30 perceived opioid overdose. A school that intends to obtain an order for emergency use of an
31 opioid antagonist in a school setting or at related activities shall adhere to the requirements in
32 law.

33
34 Disposal of Medication, Medical Equipment, Personal Protective Equipment

35
36 The District requires school personnel either to return to a parent, an individual who has
37 executed a caretaker relative educational authorization affidavit, or guardian or, with permission
38 of the parent, an individual who has executed a caretaker relative educational authorization

affidavit, or guardian, to destroy any unused, discontinued, or obsolete medication. A school nurse, in the presence of a witness, will destroy any medicine not repossessed by a parent or guardian within a seven-(7)-day period of notification by school authorities.

Medical sharps shall be disposed of in an approved sharps container. Building administrators should contact the school nurse or designated employee when such a container is needed. Sharps containers are to be kept in a secure location in the school building. Disposal of sharps containers, medical equipment, and personal protective equipment is the responsibility of the school nurse or designated employee in accordance with the Montana Infectious Waste Management Act and the manufacturer guidelines specific to the container or equipment.

Communicable Diseases

Note: For purposes of this policy, the term “communicable disease” refers to the diseases identified in 16.28.202, ARM, Reportable Diseases, with the exception of common colds and flu.

In all proceedings related to this policy, the District will respect a student’s right to privacy. All applicable district policies and handbook provision governing confidentiality of student medical information remain in full effect.

Although the District is required to provide educational services to all school-age children who reside within its boundaries, it may deny attendance at school to any child diagnosed as having a communicable disease that could make a child’s attendance harmful to the welfare of other students. The District also may deny attendance to a child with suppressed immunity in order to protect the welfare of that child when others in a school have an infectious disease, which, although not normally life threatening, could be life threatening to a child with suppressed immunity.

The District shall provide soap, and disposable towels or other hand-drying devices shall be available at all handwashing sinks. Common-use cloth towels are prohibited. Sanitary napkin disposal shall be provided for girls of age ten or older and in teachers’ toilet rooms and nurses’ toilet rooms. The District shall provide either sanitary napkin dispensers in the girls’, nurses’, and teachers’ toilet rooms or some other readily available on-site access to sanitary napkins.

The Board recognizes that communicable diseases that may afflict students range from common childhood diseases, acute and short-term in nature, to chronic, life-threatening diseases such as human immunodeficiency virus (HIV) infection. The District will rely on advice of the public health and medical communities in assessing the risk of transmission of various communicable diseases to determine how best to protect the health of both students and staff.

The District shall manage common communicable diseases in accordance with DPHHS guidelines and communicable diseases control rules. If a student develops symptoms of any reportable communicable or infectious illness as defined while at school, the responsible school officials shall do the following:

- (a) Isolate the student immediately from other students or staff; and
- (b) Inform the parent or guardian as soon as possible about the illness and request him or her to pick up the student; and
- (c) Consult with a physician, other qualified medical professional, or the local county health authority to determine if the case should be reported to the local health officer.

Students who express feelings of illness at school may be referred to a school nurse or other responsible person designated by the Board and may be sent home as soon as a parent or person designated on a student’s emergency medical authorization form has been notified. The District may temporarily exclude from onsite school attendance a student who exhibits symptoms of a communicable disease that is readily transmitted in a school setting. Offsite instruction will be

provided during the period of absence in accordance with Policy 2050. The District reserves the right to require a statement from a student's primary care provider authorizing a student's return to onsite instruction.

When information is received by a staff member or a volunteer that a student is afflicted with a serious communicable disease, the staff member or volunteer will promptly notify a school nurse or other responsible person designated by the Board to determine appropriate measures to be taken to protect student and staff health and safety. A school nurse or other responsible person designated by the Board, after consultation with and on advice of public health officials, shall determine which additional staff members, if any, have need to know of the affected student's condition.

Only those persons with direct responsibility for the care of a student or for determining appropriate educational accommodation will be informed of the specific nature of a condition, if it is determined that such individuals need to know this information.

The District may notify parents of other children attending a school that their children have been exposed to a communicable disease without identifying the particular student who has the disease.

Healthy Hand Hygiene Behavior

All students, staff, and others present in any school building shall engage in hand hygiene at the following times, which include but are not limited to:

- (a) Arrival to the facility and after breaks

Emergency Treatment

The Board recognizes that schools are responsible for providing first aid or emergency treatment to a student in case of sudden illness or injury; however, further medical attention is the responsibility of a parent or guardian.

The District requires that every parent or guardian provide a telephone number where a parent or designee of a parent may be reached in case of an emergency.

When a student is injured, staff will provide immediate care and attention until relieved by a superior, a nurse, or a doctor. The District will employ its normal procedures to address medical emergencies without regard to the existence of a do not resuscitate (DNR) request. A principal or designated staff member will call a parent or parental designee so that the parent may arrange for care or treatment of an injured student.

When a student develops symptoms of illness while at school, a responsible school official will do the following:

Isolate the student from other children to a room or area segregated for that purpose;

Inform a parent or guardian as soon as possible about the illness and request a parent or guardian to pick up the child; and

Report each case of suspected communicable disease the same day by telephone to a local health authority or as soon as possible thereafter if a health authority cannot be reached the same day.

When a parent or guardian cannot be reached, and it is the judgment of a principal or other person in charge that immediate medical attention is required, an injured student may be taken directly to a hospital. Once located, a parent or a guardian is responsible for continuing treatment or for making other arrangements.

Removal of Student During School Day

The Board recognizes its responsibility for the proper care of students during a school day. In accordance with District procedures, only a duly authorized person may remove a student from school grounds, any school building, or school function during a school day. A person seeking to remove a student from school must present evidence satisfactory to a principal of having proper authority to remove a student. A teacher should not excuse a student from class to confer with anyone unless a request is approved by a principal. The Superintendent will establish procedures for removal of a student during a school day.

Removal of Student During School Day

Schools must exercise a high order of responsibility for the care of students while in school. The removal of a student during the school day may be authorized in accordance with the following procedures:

1. Law enforcement officers, upon proper identification, may remove a student from school as provided in Policies 4410 and 4411.
2. Any other agencies must have a written administrative or court order directing the District to give custody to them. However, employees of the Department of Public Health and Human Services may take custody of a student under provisions of § 41-3-301, MCA, without a court order. Proper identification is required before the student shall be released.
3. A student shall be released to the custodial parent. When in doubt as to custodial rights, school enrollment records must be relied upon, as the parents (or guardians) have the burden of furnishing schools with accurate, up-to-date information.
4. The school should always check with the custodial parent before releasing the student to a non-custodial parent.
5. Prior written authorization from the custodial parent or guardian is required before releasing a student into someone else's custody, unless an emergency situation justifies a waiver.
6. Police should be called if a visitor becomes disruptive or abusive.

Student Fees and Fines

Within the concept of free public education, the District will provide an educational program for students as free of costs as possible.

The Board may charge a student a reasonable fee for any course or activity not reasonably related to a recognized academic and educational goal of the District or for any course or activity taking place outside normal school functions. The Board may waive fees in cases of financial hardship.

The Board delegates authority to the Superintendent to establish appropriate fees and procedures governing collection of fees and asks the Superintendent to make annual reports, at the regular June Board meeting, to the Board regarding fee schedules. The Board also may require fees for actual cost of breakage and for excessive supplies used in commercial, industrial arts, music, domestic science, science, or agriculture courses.

The District holds a student responsible for the cost of replacing materials or property that are lost or damaged because of negligence. A building administrator will notify a student and parent regarding the nature of violation or damage, how restitution may be made, and how an appeal may be instituted. The district may not refuse to transfer files to another district because a student owes fines or fees. The District may not withhold the school schedule of a student because the student owes fines or fees.

The district may withhold the grades, diploma, or transcripts of a current or former student who is responsible for the cost of school materials or the loss or damage of school property until the student or the student's parent or guardian pays the owed fines or fees..

In the event a student who owes fines or fees transfers to another school district in the state and the District has decided to withhold the student's grades, diploma, or transcripts from the student and the student's parent or guardian pursuant to the above paragraph, the District shall:

- i. Upon receiving notice that the student has transferred to another school district in the state, notify the student's parent or guardian in writing that the school district to which the student has transferred will be requested to withhold the student's grades, diploma, or transcripts until any obligation has been satisfied;
- ii. Forward appropriate grades or transcripts to the school district to which the student has transferred;
- iii. At the same time, notify the school district to which the student has transferred of any financial obligation of the student and request the withholding of the student's grades, diploma, or transcripts until any obligations are met;
- iv. When the student or the student's parent or guardian satisfies the obligation, inform the school district to which the student has transferred.

A student or parent may appeal the imposition of a charge for damages to the Superintendent and to the Board.

A logo attributable to the school or District, the District's name, or the school's team name or mascot may not be used by a noncurricular group. The permission to post notice of gatherings or use the school name does not constitute sponsorship of the group by the District.

Informal Gatherings

Students are permitted to informally gather at the school in accordance with Policy 3233. Informal gatherings of students are not permitted to use the District's name, a District school's name, or a District school's team name or mascot, or any logo attributable to the District, and

Notification to Parents and Students of Rights Concerning a Student's School Records

This notification may be distributed by any means likely to reach the parent(s)/guardian(s).

The District will maintain two (2) sets of school records for each student: a permanent record and a cumulative record. The permanent record will include:

- Basic identifying information
- Academic work completed (transcripts)
- Level of achievement (grades, standardized achievement tests)
- Immunization records (per § 20-5-506, MCA)
- Attendance record
- Statewide student identifier assigned by the Office of Public Instruction
- Record of any disciplinary action taken against the student, which is educationally related

The cumulative record may include:

- Intelligence and aptitude scores
- Psychological reports
- Participation in extracurricular activities
- Honors and awards
- Teacher anecdotal records
- Verified reports or information from non-educational persons
- Verified information of clear relevance to the student's education
- Information pertaining to release of this record
- Disciplinary information

The Family Educational Rights and Privacy Act (FERPA) affords parents/guardians and students over eighteen (18) years of age ("eligible students") certain rights with respect to the student's education records. They are:

1. **The right to inspect and copy the student's education records, within a reasonable time from the day the District receives a request for access.**

Students less than eighteen (18) years of age have the right to inspect and copy their permanent record. Parents/guardians or students should submit to the school principal (or appropriate school official) a written request identifying the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent(s)/guardian(s) or eligible student of the time and place the records may be inspected. The District charges a nominal fee for copying, but no one will be denied their right to copies of their records for inability to pay this cost.

The rights contained in this section are denied to any person against whom an order of protection has been entered concerning a student.

2. **The right to request amendment of the student's education records which the parent(s)/guardian(s) or eligible student believes are inaccurate, misleading, irrelevant, or improper.**

Parents/guardians or eligible students may ask the District to amend a record they believe is inaccurate, misleading, irrelevant, or improper. They should write the school principal or records custodian, clearly identifying the part of the record they want changed, and specify the reason.

If the District decides not to amend the record as requested by the parent(s)/guardian(s) or eligible student, the District will notify the parent(s)/guardian(s) or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent(s)/guardian(s) or eligible student when notified of the right to a hearing.

3. **The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that FERPA or state law authorizes disclosure without consent.**

Disclosure is permitted without consent to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent(s)/guardian(s) or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest, if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records, without consent, to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by state or federal law. Before information is released to individuals described in this paragraph, the parent(s)/guardian(s) will receive written notice of the nature and substance of the information and an opportunity to inspect, copy, and challenge such records. The right to challenge school student records does not apply to: (1) academic grades of their child, and (2) references to expulsions or out-of-school suspensions, if the challenge is made at the time the student's school student records are forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting, or planning, provided that no student or parent(s)/guardian(s) can be identified; any person named in a court order; and appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons.

4. **The right to a copy of any school student record proposed to be destroyed or deleted.**

5. **The right to prohibit the release of directory information concerning the parent's/guardian's child.**

Throughout the school year, the District may release directory information regarding students, limited to:

Student's name
Address
Telephone listing
Photograph (including electronic version)
Date and place of birth
Major field of study
Dates of attendance
Grade level
Enrollment status (e.g., undergraduate or graduate; full-time or part-time)
Participation in officially recognized activities and sports
Weight and height of members of athletic teams
Degrees
Honors and awards received
Most recent educational agency or institution attended

Any parent(s)/guardian(s) or eligible student may prohibit the release of any or all of the above information by delivering written objection to the building principal within ten (10) days of the date of this notice. No directory information will be released within this time period, unless the parent(s)/guardian(s) or eligible student are specifically informed otherwise. When a student transfers, leaves the District, or graduates, the school must continue to honor a decision to opt-out, unless the parent or student rescinds the decision.

A parent or student 18 years of age or an emancipated student, may not opt out of directory information to prevent the district from disclosing or requiring a student to disclose their name [identifier, institutional email address in a class in which the student is enrolled] or from requiring a student to disclose a student ID card or badge that exhibits information that has been properly designated directory information by the district in this policy.

6. **The right to request that information not be released to military recruiters and/or institutions of higher education.**

Pursuant to federal law, the District is required to release the names, addresses, and telephone numbers of all high school students to military recruiters and institutions of higher education upon request.

Parent(s)/guardian(s) or eligible students may request that the District not release this information, and the District will comply with the request.

An eligible student may not prevent their parents from accessing and inspecting their student records if they are a dependent of their parents in accordance with internal Revenue Service regulations.

Access will not be granted to the parent or the student to confidential letters and recommendations concerning admission to a post-secondary educational institution, applications for employment, or receipt of an honor or award, if the student has waived his or her right of access after being advised of his or her right to obtain the names of all persons making such confidential letters or statements.

2 3. The District may grant access to or release information from student records without
3 prior written consent to school officials with a legitimate education interest in the
4 information. A school official is a person employed by the district in an administrative,
5 supervisory, academic or support staff position (including but not limited to
6 administrators, teachers, counselors, paraprofessionals, coaches, and bus drivers), and the
7 board of trustees. A school official may also include a volunteer or contractor not
8 employed by the district but who performs an educational service or function for which
9 the District would otherwise use its own employees and who is under the direct control of
10 the district with respect to the use and maintenance of personally identifying information
11 from education records, or such other third parties under contract with the District to
12 provide professional services related to the District's educational mission, including, but
13 not limited to, attorneys and auditors. A school official has a legitimate educational
14 interest in student education information when the official needs the information in order
15 to fulfill his or her professional responsibilities for the District. Access by school
16 officials to student education information will be restricted to that portion of a student's
17 records necessary for the school official to perform or accomplish their official or
18 professional duties.
19
- 20 4. The District may grant access to or release information from student records without
21 parental consent or notification to any person, for the purpose of research, statistical
22 reporting, or planning, provided that no student or parent can be identified from the
23 information released, and the person to whom the information is released signs an
24 affidavit agreeing to comply with all applicable statutes and rules pertaining to school
25 student records.
26
- 27 5. The District may grant release of a child's education records to child welfare agencies
28 without prior written consent of the parents.
29
- 30 6. The District will grant access to or release information from a student's records pursuant
31 to a court order.
32
33
- 34 7. The District will grant access to or release information from any student record, as
35 specifically required by federal or state statute.
36
- 37 8. The District will grant access to or release information from student records to any person
38 possessing a written, dated consent, signed by the parent or eligible student, with
39 particularity as to whom the records may be released, the information or record to be
40 released, and reason for the release. One (1) copy of the consent form will be kept in the
41 records, and one (1) copy will be mailed to the parent or eligible student by the
42 Superintendent. Whenever the District requests consent to release certain records, the
43 records custodian will inform the parent or eligible student of the right to limit such
44 consent to specific portions of information in the records.

STUDENTS

9. The District may release student records to the superintendent or an official with similar responsibilities in a school in which the student has enrolled or intends to enroll, upon written request from such official.
10. Prior to release of any records or information under items 5, 6, 7, and 8, and 9, above, the District will provide prompt written notice to the parents or eligible student of this intended action. This notification will include a statement concerning the nature and substance of the records to be released and the right to inspect, copy, and challenge the contents.
11. The District may release student records or information in connection with an emergency, without parental consent, if the knowledge of such information is necessary to protect the health or safety of the student or other persons. The records custodian will make this decision, taking into consideration the nature of the emergency, the seriousness of the threat to the health and safety of the student or other persons, the need for such records to meet the emergency, and whether the persons to whom such records are released are in a position to deal with the emergency. The District will notify the parents or eligible student, as soon as possible, of the information released, date of the release, the person, agency, or organization to whom the release was made, and the purpose of the release.
12. The District may disclose, without parental consent, student records or information to the youth court and law enforcement authorities, pertaining to violations of the Montana Youth Court Act or criminal laws by the student.
13. The District will comply with an ex parte order requiring it to permit the U.S. Attorney General or designee to have access to a student's school records without notice to or consent of the student's parent(s)/guardian(s).
14. The District charges a nominal fee for copying information in the student's records. No parent or student will be precluded from copying information because of financial hardship.
15. A record of all releases of information from student records (including all instances of access granted, whether or not records were copied) will be kept and maintained as part of such records. This record will be maintained for the life of the student record and will be accessible only to the parent or eligible student, records custodian, or other person. The record of release will include:
 - a. Information released or made accessible.
 - b. Name and signature of the records custodian.

Military Recruiters/Institutions of Higher Education

Pursuant to federal law, the District is required to release the names, addresses, and telephone numbers of all high school students to military recruiters and institutions of higher education upon request.

Transfer of Student Records

The District will forward by mail or by electronic means a certified copy of a permanent or cumulative file of any student and a file of special education records of any student to a local educational agency or accredited school in which a student seeks to or intends to enroll within five (5) working days after receipt of a written or electronic request. The files to be forwarded must include education records in a permanent file – that is, name and address of a student, name of parent or legal guardian, date of birth, academic work completed, level of achievement (grades, standardized tests), immunization records, special education records, and any disciplinary actions taken against a student that are educationally related.

When the District cannot transfer records within five (5) days, the District will notify a requestor, in writing or electronically, and will provide reasons why the District is unable to comply with a five-(5)-day time period. The District also will include in that notice the date by which requested records will be transferred. The District will not refuse to transfer records because a student owes fines or fees.

Programs for At-Risk/Disadvantaged Students

The District will designate one (1) at-risk coordinator to collect and disseminate data regarding dropouts in the District and to coordinate the District's program for students who are at high risk of dropping out of school.

Each school year in September, the at-risk coordinator will prepare a dropout reduction plan that identifies:

1. The number of District students who dropped out in the preceding regular school term;
2. The number of students in grades 9-12 who are at risk of dropping out;
3. The District's dropout rate goal for the next school year;
4. The dropout reduction programs, resources, and strategies to be used during the school year.

The Board will review and approve the plan, at the regular October Board meeting, and will make it available to the public.

The District is not required to prepare a dropout reduction plan if fewer than five percent (5%) of its students are identified as "at risk" of dropping out.

At-Risk Students

In determining whether a student is at high risk of dropping out of school, the District will consider the student's academic performance as well as whether the student is adjudged delinquent; abuses drugs or alcohol; is a student of limited English proficiency; receives compensatory or remedial education; is sexually, physically, or psychologically abused; is pregnant; is a slow learner; enrolls late in the school year; stops attending school before the end of the school year; is an underachiever; is unmotivated; or exhibits other characteristics that indicate the student is at high risk of dropping out of school.

Programs and District Plan

The District will provide a remedial and support program for any student who is at risk of dropping out of school.

The District will have a plan designed to retain students in a school setting. The District plan will be the responsibility of the Superintendent or the designated at-risk coordinator and will:

1. Emphasize a comprehensive team approach that includes the Superintendent, principal,

STUDENTS

parent/guardian, teacher, student, community service provider, business representative, or others;

2. Include objectives designed to meet the identified needs of at-risk students and to retain those students in school;

3. Be designed to use community resources that are available to serve at-risk youth;

4. Provide for parental involvement, such as participation in developing student academic plans and training programs for parents; and

5. Provide for review of individual profiles for at-risk students.

The District plan may also:

1. Include alternatives; and

2. Provide for the referral of students who drop out to programs such as adult basic education, Job Training Partnership Act programs, or other options.

District-Provided Access to Electronic Information, Services, Equipment, and NetworksGeneral

The District makes Internet access and interconnected computer systems and equipment available to District students and faculty. The District provides equipment and electronic networks, including access to the Internet, as part of its instructional program and to promote educational excellence by facilitating resource sharing, innovation, and communication.

The District expects all students to take responsibility for appropriate and lawful use of this access, including good behavior on-line. The District may withdraw student access to its equipment, network, and to the Internet when any misuse occurs. District teachers and other staff will make reasonable efforts to supervise use of equipment, network, and Internet access; however, student cooperation is vital in exercising and promoting responsible use of this access.

Curriculum

Use of District equipment and electronic networks will be consistent with the curriculum adopted by the District, as well as with varied instructional needs, learning styles, abilities, and developmental levels of students, and will comply with selection criteria for instructional materials and library materials. Staff members may use the Internet throughout the curriculum, consistent with the District's educational goals.

Acceptable Uses

1. Educational Purposes Only. All use of the District's equipment and electronic network must be: (1) in support of education and/or research, and in furtherance of the District's stated educational goals; or (2) for a legitimate school business purpose. Use is a privilege, not a right. Students and staff members have no expectation of privacy in any materials that are stored, transmitted, or received via the District's electronic network or District computers. The District reserves the right to monitor, inspect, copy, review, and store, at any time and without prior notice, any and all usage of the equipment, computer network, and Internet access and any and all information transmitted or received in connection with such usage.
2. Unacceptable Uses of Equipment and Network. The following are considered unacceptable uses and constitute a violation of this policy:
 - A. Uses that violate the law or encourage others to violate the law, including but not limited to transmitting offensive or harassing messages; offering for sale or use any substance the possession or use of which is prohibited by the District's student discipline policy; viewing, transmitting, or downloading pornographic materials or materials that encourage others to violate the law; intruding into the networks or computers of others; and downloading or transmitting confidential, trade secret information, or copyrighted materials.
 - B. Uses that cause harm to others or damage to their property, including but not limited to engaging in defamation (harming another's reputation by lies); employing another's

C. Uses that jeopardize the security of student access and of the computer network or other networks on the Internet.

D. Uses that are commercial transactions. Students and other users may not sell or buy anything over the Internet. Students and others should not give information to others, including credit card numbers and social security numbers.

Warranties/Indemnification

The District makes no warranties of any kind, express or implied, in connection with its provision of access to and use of its equipment, computer networks, and the Internet provided under this policy. The District is not responsible for any information that may be lost, damaged, or unavailable when using the equipment, network, or for any information that is retrieved or transmitted via the Internet. The District will not be responsible for any unauthorized charges or fees resulting from access to the Internet. Any user is fully responsible to the District and will indemnify and hold the District, its trustees, administrators, teachers, and staff harmless from any and all loss, costs, claims, or damages resulting from such user’s access to its equipment, computer network, and the Internet, including but not limited to any fees or charges incurred through purchase of goods or services by a user. The District expects a user or, if a user is a minor, a user’s parents or legal guardian to cooperate with the District in the event of its initiating an investigation of a user’s use of access to its equipment, computer network, and the Internet.

Violations

Violation of this policy will result in a loss of access and may result in other disciplinary or legal action. The principal will make all decisions regarding whether or not a user has violated this policy and any related rules or regulations and may deny, revoke, or suspend access at any time.

That decision is final.
3. Unacceptable Use – The user is responsible for his or her actions and activities involving the equipment and network. Some examples of unacceptable uses are:

If possible, the notice should also include the Web address of the original source.

Public Relations

The District will strive to maintain effective two-way communications with the public to enable the Board and staff to interpret schools needs to the community and provide a means for citizens to express their needs and expectations to the Board and staff.

The Superintendent will establish and maintain a communication process within the school system and between it and the community. Such public information program will provide for news releases at appropriate times, arrange for media coverage of district programs and events, provide for regular direct communications between individual schools and the citizens they serve, and assist staff in improving their skills and understanding in communicating with the public.

The District may solicit community opinion through parent organizations, parent-teacher conferences, open houses, and other events or activities which may bring staff and citizens together.

The School District uses social media in conjunction with the School District's website. Staff members assigned to access/post information are:

- 1) Superintendent
- 2) Principal
- 3) Activities Director

School-Support Organizations, Boosters and Fundraising

The Board recognizes that parent, teacher, and student organizations are an invaluable resource to District schools and supports their formation and vitality. While parent, teacher, and student organizations have no administrative authority and cannot determine District policy, their suggestions and assistance are always welcome.

School-Support Organizations

Parent or booster organizations are recognized by the Board and permitted to use the District's name, a District school's name, or a District school's team name or any logo attributable to the District, provided they first receive the Board's approval during a duly constituted Board meeting. Unauthorized use of the District school's team name, logo, or imagery is strictly prohibited. The District reserves the right to seek all available legal remedies for unauthorized use of the District school's name, logo, or imagery.

In order for the School District to comply with the federal law, state law and MHSA By-Laws, Rules and Regulations, Board recognition as a parent or booster organization along with consent to use one of the above-mentioned names or logos will be granted if the organization has approved and submitted bylaws containing the following:

1. The organization's name and purpose. Acceptable purposes may include enhancement of students' educational experiences, assistance to meet educational needs of students, support of academic clubs, or enrichment of extracurricular activities.
2. The rules and procedures under which it operates.
3. A statement that the membership will adhere to applicable Board policies and administrative procedures when working on District premises or with District officials or programs.
4. A statement that membership is open and unrestricted and the organization will not engage in discrimination based on someone's innate characteristics or membership in a protected classification.
5. A statement that the District is not, and will not be, responsible for the organization's business or the conduct of its members.
6. A designation of the organization's treasurer. A statement that the organization will maintain finances consistent with General Finance Principles in a manner open to review by any member of the organization or the school district.

7. A recognition that money given to a school cannot be earmarked for any particular expense. Booster organizations may make recommendations, but cash or other valuable consideration must be given to the District to use at its discretion. The Board's legal obligation to comply with Title IX by providing equal athletic opportunity for members of both genders will supersede an organizations recommendation.¹

8. A recognition that the School District reserves the right to reject any and all donations.

Permission to use one of the above-mentioned names, logos or imagery may be suspended by the administration and rescinded by the Board for failure to comply with this policy. Authorization to use one of the above-mentioned names, logos, or imagery does not constitute permission to act as the District's representative. At no time does the District accept responsibility for the actions of any parent or booster organization, regardless of whether it was recognized and/or permitted to use any of the above-mentioned names or logos.² The Superintendent shall designate an administrative staff member to serve as the liaison to parent or booster organization. The liaison will serve as a resource person and provide information about school programs, resources, policies, problems, concerns, and emerging issues. Building staff may be encouraged to participate in the organizations.

Individual Boosters or Donors

Individual boosters or donors not covered by the bylaws of an organization governed by this policy may still assist in school operations. The Board encourages the involvement of local communities in school activities and operations. In order for the School District to comply with the federal law, state law and MHSB By-Laws, Rules and Regulations, individual boosters or donors must honor the following provisions:

1. The individual must have prior approval must be granted by the Board for use of the District's name, logo, or imagery.
2. The individual must comply with Board policies and administrative procedures when submitting donations.

¹ The School District may not accept booster organization assistance that creates vast gender differences or a school board may face claims that it has violated Title IX. Title IX's focus is on equal funding opportunities, equal facility availability, similar travel and transportation treatment, comparable coaching, and comparable publicity (34 C.F.R. Part 106).

² Booster organizations present potential liabilities to a school district beyond loss of funds, because they seldom are properly organized (they generally are not incorporated or otherwise legally recognized), carry no insurance, raise and handle large sums of money, and organization members hold themselves out as agents of the school (after all, no funds could be raised but for the school connection). A disclaimer, such as the one presented here, may not be sufficient. A district may take several actions, after discussion with its attorney, to minimize liability, such as adding a requirement to item 6 above that the organization: (1) operate under the school's authority (activity accounts); or (2) be properly organized and demonstrate fiscal responsibility by being a 501(c)(3) organization, obtaining a bond, and/or arranging regular audits. Ultimately, the best way to minimize liability is to be sure that the district's errors-and-omissions insurance covers parent organizations and booster organizations.

3. The individual may not violate federal law, state law, District policy or MHSA By-Laws, Rules and Regulations.
4. The individual acknowledges the District is not, and will not be, responsible for the individual booster or donor's business or their conduct.
5. The individual acknowledges that donations cannot be earmarked for any particular expense. Individual boosters or donors may make recommendations, but cash or other valuable consideration must be given to the District to use at its discretion in accordance with applicable laws. The Board's legal obligation to comply with Title IX by providing equal athletic opportunity for members of both genders will supersede any individual's recommendation.
6. The District reserves the right to reject any and all donations.

Fundraising

All donations completed by recognized organizations are subject to applicable School District policies regarding financial management. Funding endeavors are generally viewed as beneficial when coordinated with district goals, initiatives, and existing plans. The District reserves the right to reject any and all donations.

All funds raised by recognized organizations that are donated to the School District become public funds when placed in a School District account. All public funds must be monitored in accordance with state law. Donations must be reviewed to ensure compliance with equity rules, amateur rules and appropriateness under district policy. Donations may be conditional under state law if conditions are in compliance.

Funds spent by the School District will be done in accordance with District purchase order policy and spending limits regardless of the source of the donation. All expenditures should be preapproved to ensure equity and auditing standards are met.

Accommodating Individuals With Disabilities

Individuals with disabilities will be provided opportunity to participate in all school-sponsored services, programs, or activities on a basis equal to those without disabilities and will not be subject to illegal discrimination.

The District may provide auxiliary aids and services when necessary to afford individuals with disabilities equal opportunity to participate in or enjoy the benefits of a service, program, or activity.

The Superintendent is designated the Americans with Disabilities Act Title II Coordinator and, in that capacity, is directed to:

1. Oversee District compliance efforts, recommend necessary modifications to the Board, and maintain the District's final Title II self-evaluation document and keep it available for public inspection for at least three (3) years after its completion date (*for districts having fifty (50) or more full- or part-time employees*).
2. Institute plans to make information regarding Title II protection available to any interested party.

An individual with a disability should notify the Superintendent or building principal if they have a disability which will require special assistance or services and what services are required. This notification should occur as far as possible before the school-sponsored function, program, or meeting.

Individuals with disabilities may allege a violation of this policy or of federal law by reporting it to the Superintendent, as the Title II Coordinator, or by filing a grievance under the Uniform Complaint Procedure.

The principal may approve school assemblies on specific educational topics of interest and relevance to the school program. The District normally does not permit other types of contact by non-school personnel.

Unless authorized by the building administrator or otherwise required by District policy or state and federal law, the District will not allow access to the schools by outside individuals, entities, businesses, service providers, or organizations desiring to use the captive audience in a school for information, sales material, or special interest purposes or delivery of services to students or groups of students that are unrelated to District operations.

The District recognizes the importance and value of the school facilities to the public and is committed to providing public access to district facilities to the greatest extent possible while still

- providing primary facility availability for school activities
- being mindful of district budget and expense limitations
- providing adequate safeguards for the care and maintenance of the facilities and persons using the facilities.

Other than the regular conduct of school district teaching, athletics and activities for students, the types of use that can be approved in District facilities and their requirements include but are not limited to:

Adult Education activity			X		X	X

Student Open Gym and **Adult Education** activities are scheduled and coordinated through the regular instructional and activities/athletics program.

Generally, Montana High School Association (MHSA) Rules and Regulations preclude coaching of a student at events other than school practices and contests. Exceptions do exist, however, and the interested person should contact the Facilities Director for more information or consult the MHSA Official handbook.

Community Open Gym is scheduled and coordinated through the office of the Facilities Director as part of planning for all school activities. As a school-sponsored event, Community Open Gym must be supervised by a non-student adult supervisor paid by the district. Due to this expense, the availability of Community Open Gym will be limited. INSURANCE REQUIREMENTS FOR FACILITY USE APPLICATION/PERMIT

The District may, in the sole discretion of the Superintendent or the Board of Trustees, require a User of District facilities to provide proof of insurance coverage for the event. In determining whether to require such insurance, the Superintendent or Board will consider such factors as whether the event is being held for commercial purposes and/or if there is a probability of damage or injury to school property and any other factors having to do with the facility and its contents or individuals using the facility.

When required by the District, the User of the facility shall provide the School District with a certificate of insurance. Said certificate shall name the School District as an additional insured. Such certificate shall show coverage for comprehensive general liability insurance for injuries to or death of any person or damage to or loss of property arising out of or in any way resulting from the use of the facility. Said insurance shall provide for amounts not less than \$1,000,000 for bodily injury or death to any one person, \$1,000,000 for all bodily injuries and death resulting from any one accident and \$1,000,000 for property damage in any one accident or the policy may provide a combined single limit for bodily injury and property damage of \$1,000,000. Said certificate shall also contain information regarding the coverage for worker's compensation or self insured status as per Montana insurance guidelines. Said certificate shall contain a provision that the insurer not cancel or refuse to renew without giving the School District written notice at least 10 days before the effective date of the cancellation or non-renewal.

In an effort to give guidance to administration and the community regarding when separate insurance might be required, the Board has compiled the following examples. This is not a definitive list and these decisions will be made by administration or the Board on a case by case basis.

Types of events that would not usually require insurance include but are not limited to:

- District resident or group use (individuals, families, bake sales, Scouts, 4H, County Health, local funerals, community public forums)
- Local non-profit organizations (Booster Club, Local Development Corporation, Boulder Area Chamber, Christmas Bazaar)
- Similar low risk events

Types of events that would usually require insurance include but are not limited to: Commercial for profit or revenue-generating events (Tool sales event, professional performance events)

- Any event with potential risk to the district facilities (Donkey Basketball, circuses)
- Any event for any organization that maintains event or medical liability insurance so that their insurance is primary to ours
- Events with some risk but that provide proof of their own organization's insurance

that would cover this event (Little Guy Wrestling, Collegiate-sponsored or other sports camps or clinics, Helena Titans, Spay/Neuter Clinic, Red Cross Blood Drawing, other school's events)

7. Records or portions of records, the disclosure of which would violate personal rights of privacy.

8. Records or portions of records, the disclosure of which would violate governmental interests.

9. Records or information relating to individual or public safety or the security of public schools if release of the information jeopardizes the safety of facility personnel, the public students in a public school.

If the District denies any request, in whole or in part, for inspection and copying of records, the District will provide the requesting party with reasons for denial.

If the record requested for inspection and/or copying contains both information exempted from disclosure and non-exempt information, the District shall, to the extent practicable, produce the record with the exempt portion deleted and shall provide written explanation for the deletion.

The District will not provide access to lists of individuals, which the requesting party intends to use for commercial purposes or which the District reasonably believes will be used for commercial purposes if such access is provided. However, the District may provide mailing lists of graduating students to representatives of the U.S. armed forces and the National Guard for purpose of recruitment.

Relations with Law Enforcement and Child Protective Agencies

The staff is primarily responsible for maintaining proper order and conduct in the schools. Staff shall be responsible for holding students accountable for infractions of school rules, which may include minor violations of the law, occurring during school hours or at school activities. When there is substantial threat to the health and safety of students or others, such as in the case of bomb threats, mass demonstrations with threat of violence, individual threats of substantial bodily harm, trafficking in prohibited drugs, or the scheduling of events where large crowds may be difficult to handle, the law enforcement agency shall be called upon for assistance.

Information regarding major violations of the law shall be communicated to the appropriate law enforcement agency.

The District will strive to develop and maintain cooperative working relationships with the law enforcement agencies. Procedures for cooperation between law enforcement, child protective, and school authorities will be established. Such procedures will be made available to affected staff and will be periodically revised.

County Interdisciplinary Child Information and School Safety Team

The District will participate in the Jefferson County interdisciplinary child information and school safety team established by Section 52-2-211, MCA. This team consists of county-level representatives of the youth court, the county attorney, the department of public health and human services, the county superintendent of schools, the sheriff, the chief of any police force, the superintendents of public school districts in the County, and the department of corrections.

The purpose of the team is “to facilitate the exchange and sharing of information that one or more team members may be able to use in serving a child in the course of their professions and occupations, including but not limited to abused or neglected children, delinquent youth, and youth in need of intervention, and of information relating to issues of school safety.”

The Superintendent is authorized to participate in the formation of and request information from the interdisciplinary child information and school safety team regarding students in the School District. The Superintendent shall utilize this authority on a regular basis to ensure the safety and security of the District.

Investigations and Arrests by Police

All contact between the school and the police department on matters involving students shall be made through the administrative office. The District encourages police to talk to a student away from the school and before or after school hours. Law enforcement authorities should only be allowed to conduct an interview in the school, if they can show special circumstances exist or if the interview is at the request of the school. The Superintendent or principal should make this determination.

- A. If the police have a warrant for the student's arrest, they must be permitted to arrest the student; however, whenever possible, the arrest should be conducted in the principal's office out of view of other students. Before removing a student from school, the police shall sign a release form in which they assume full responsibility for the student.
- B. Law enforcement personnel should not be allowed to roam about the school until the student is found. They should remain in the administration office while school personnel seek out the student.
- C. If possible, the educational program of the student should not be disrupted to allow for police questioning.
- D. Any questioning by police should be conducted in a private room or area where confidentiality can be maintained.
- E. If law enforcement officials are to be allowed to question a student under the age of eighteen (18), a reasonable attempt shall be made to notify the parents, except in cases of suspected child abuse or child neglect involving the parent. The parents should be given the opportunity to come to the school prior to the questioning.
- F. If the parents are notified and able to attend, they should be allowed to be present at the interview. The administrator should be present at the interview, but should not take part in any questioning. The administrator should at all times remain a neutral observer.

Cooperative Programs With Other Districts, Public Agencies, and Businesses

Whenever it appears to the economic, administrative, and/or educational advantage of the District to participate in cooperative programs with other units of local government, the Superintendent will prepare and present for Board consideration an analysis of each cooperative proposal.

When formal cooperative agreements are developed, such agreements shall comply with requirements of the Interlocal Cooperation Act, with assurances that all parties to the agreement have legal authority to engage in the activities contemplated by the agreement.

The District may enter into interlocal agreements with a unit of the Montana University System, public community college, and/or tribal college, which would allow students enrolled in the 11th and 12th grades to attend and earn credit for classes not available in the District. Tuition and fees, if assessed, will be provided for in the interlocal agreement.

The District may enter into an interlocal agreement providing for the sharing of teachers, specialists, superintendents, or other professional persons licensed under Title 37, MCA. If the District shares a teacher or specialist with another district(s), the District's share of such teacher's or specialist's compensation will be based on the total number of instructional hours expended by the teacher or the specialist in the District.

Registered Sex Offenders

The State of Montana has determined that perpetrators of certain sex crimes pose a continuing threat to society as a whole even after completion of their criminal sentences. Recognizing that the safety and welfare of students is of paramount importance, the Jefferson High School District declares that, except in limited circumstances, Jefferson High School District should be off limits to registered sex offenders.

Employment

Notwithstanding any other Board policy, individuals listed by the State of Montana as registered sex offenders are ineligible for employment in any position within the Jefferson High School District. However, the Superintendent shall have discretion consistent with other Board policies to recommend an individual whose name has been expunged from the Sex Offender Registry.

School Off Limits

The District hereby declares that no registered sex offender whose victim was a minor may come on, about, or within 1,000 feet of any District owned buildings or property except as otherwise provided in this policy. If an administrator becomes aware that such a sex offender is on, about, or within 1,000 feet of school property, the administrator shall direct the sex offender to leave the area immediately. The School Board authorizes the administrator to request the assistance of the appropriate law enforcement authorities to secure the removal of any registered sex offender from the area. If a registered sex offender disregards the terms of this policy or the directives of the school administrator, then the Superintendent is authorized to confer with counsel and to pursue such criminal or civil action as may be necessary to enforce compliance with this policy.

This policy shall not be construed to impose any duty upon any administrator or any other employee of the District to review the Sex Offender Registry or to screen individuals coming on, or within 1,000 feet of school property to ascertain whether they are on the Registry. This policy shall only apply when administrators are actually aware that the person in question is on the Sex Offender Registry and that the offender's victim was a minor.

The provisions of this policy prohibiting a registered sex offender from coming on, about, or within 1,000 feet of school property shall not apply in the event that a sex offender's name should be expunged from the Registry.

Rights of Parents on the Sex Offender Registry

In the event that a registered sex offender whose victim was a minor has child attending the District, the administrator of the school where the child attends shall be authorized to modify this policy's restrictions to permit the parent to drop off and pick up the child from school and to

1 come onto campus to attend parent-teacher conferences. However, the parent may not linger on
2 or about school property before or after dropping of his or her child, and the parent is prohibited
3 from being in any part of the school building except the main office.
4

5 This policy does not impose a duty upon the administrator of any school or any other employee
6 of the District to review the Sex Offender Registry and the school system's directory information
7 to ascertain whether a registered sex offender may have a child attending school in the District.
8

9 The provisions of this policy shall apply only if an administrator actually becomes aware that a
10 parent of a student at the school is a registered sex offender.
11

12 To facilitate voluntary compliance with this policy, administrators are encouraged to speak with
13 any affected parents upon learning of their status as registered sex offenders to communicate the
14 restrictions of this policy. At all times, the administrator shall endeavor to protect the privacy of
15 the offender's child.
16

17 In the event of a truly exceptional situation such as graduation, a parent on the Sex Offender
18 Registry may ask the Superintendent for a waiver of this policy to permit the parent to attend
19 these special events. It is the intent of the Board, however, that these special circumstances be
20 truly unusual and infrequent occurrences.

Accommodating Individuals With Disabilities and Section 504 of the Rehabilitation Act of 1973

It is the intent of the District to ensure that qualified employees with disabilities under Section 504 of the Rehabilitation Act of 1973 are identified, evaluated, and provided with appropriate accommodations or other positive actions in assistance.

The District will not discriminate against a qualified individual on the basis of disability in regard to job application procedures, the hiring, advancement, or discharge of employees, employee compensation, job training, or other terms, conditions, and privileges of employment.

The Superintendent is designated the Americans with Disabilities Act Title II Coordinator and, in that capacity, is directed to:

1. Oversee District compliance efforts, recommend to the Board necessary modifications, and maintain the District's final Title II self-evaluation document and keep it available for public inspection.

Sexual Harassment of Employees The district does not discriminate on the basis of sex in any education program or activity that it operates. The District is required by Title IX of the Education Amendments of 1972 and the regulations promulgated through the U.S. Department of Education not to discriminate in such a manner. Inquiries about the application of title IX to the District may be referred to the District's Title IX Coordinator, to the Assistant Secretary for Civil Rights of the Department of Education, or both.

The Board designates the following individual to serve as the District's Title IX Coordinator:

Title: School Counselor _____
Office address: 312 S. Main St. Boulder, MT 59632 _____
Email: joe.michaud@jhs.k12.mt.us _____

Any person may report sex discrimination, including sexual harassment, at any time, including during non-business hours. Such a report may be made using the attached form, in person, by mail, by telephone, or by electronic mail using the contact information listed for the Title IX Coordinator or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report.

For purposes of this policy and the grievance process, "sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

1. A District employee conditioning the provision of an aid, benefit, or service of the District on an individual's participation in unwelcome sexual conduct;
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's education program or activity; or
3. "Sexual assault" as defined in 20 USC 1092(f)(6)(A)(v), "dating violence" as defined in 34 USC 12291(a)(10), "domestic violence" as defined in 34 USC 12291(a)(8), or "stalking" as defined in 34 USC 12291(a)(30).

When the harassment or discrimination on the basis of sex does not meet the definition of sexual harassment, the Title IX Coordinator shall direct the individual to the applicable sex discrimination process for investigation.

An individual is not required to submit a report of sexual harassment involving the Title IX Coordinator. In the event the Title IX Coordinator is responsible for or a witness to the alleged harassment, the individual may report the allegations to the building principal or superintendent or other unbiased school official.

and must promote impartial investigations and adjudications of formal complaints of sexual harassment and are made publicly available on the District's website.

Conflict of Interest and Bias

The District ensures that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process do not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent.

Determination of Responsibility

The individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment is presumed not responsible for alleged conduct. Sexual Harassment Grievance Procedure – Employees

The Board requires the following grievance process to be followed for the prompt and equitable resolution of employee complaints alleging any action that would be prohibited as sexual harassment by Title IX. The Board directs the process to be published in accordance with all statutory and regulatory requirements.

Definitions

The following definitions apply for Title IX policies and procedures:

“Actual knowledge”: notice of sexual harassment or allegations of sexual harassment to the District’s Title IX Coordinator or any official of the District who has authority to institute corrective measures on behalf of the District or to any employee of an elementary or secondary school.

“Education program or activity”: includes locations, events, or circumstances over which the District exercised substantial control over both the individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment and the context in which the sexual harassment occurs.

“Complainant”: an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

“Respondent”: an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Formal complaint”: a document filed by a Complainant or signed by the title IX Coordinator alleging sexual harassment against a Respondent and requesting that the District investigate the allegation of sexual harassment.

“Supportive measures”: non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the Complainant or Respondent before or after the filing of a formal complaint or where no formal complaint has been filed.

District Requirements

When the District has actual knowledge of sexual harassment in an education program or activity of the District, the District will respond promptly in a manner that is not deliberately indifferent. When the harassment or discrimination on the basis of sex does not meet the definition of sexual harassment, the Title IX Coordinator will direct the individual to the applicable sex discrimination process, bullying and harassment policy, or public complaint procedure for investigation.

The District treats individuals who are alleged to be the victim (Complainant) and perpetrator (Respondent) of conduct that could constitute sexual harassment equitably by offering supportive measures. Supportive measures are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the District's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, mutual restrictions on contact between the parties, leaves of absence, increased security and monitoring of certain areas of the District's property, campus escort services, changes in work locations, and other similar measures.

The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures. Upon the receipt of a complaint, the Title IX Coordinator must promptly contact the Complainant to discuss the availability of supportive measures, consider the Complainant's wishes with respect to supportive measures, inform the Complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the Complainant the process for filing a formal complaint. If the District does not provide the Complainant with supportive measures, then the District must document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

Timelines

The district has established reasonably prompt time frames for the conclusion of the grievance process, including time frames for filing and resolving appeals and informal resolution processes. The grievance process may be temporarily delayed or extended for good cause. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities. In the event the grievance process is temporarily delayed for good cause, the District will provide written notice to the Complainant and the Respondent of the delay or extension and the reasons for the action.

Response to a Formal Complaint

At the time of filing a formal complaint, a Complainant must be participating in or attempting to participate in the education program or activity of the District with which the formal complaint is filed. A formal complaint may be filed with the Title IX Coordinator in person, by mail, by electronic mail, or other means designated by the District.

The District must follow the formal complain process before the imposition of any disciplinary sanctions or other actions that are not supportive measures. However, nothing in this policy precludes the District from placing a non-student employee Respondent on administrative leave during the pendency of the grievance process. The District may also remove a student Respondent alleged to have harassed an employee Complainant from the education setting. The

student may receive instruction in an offsite capacity during the period of removal. This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Upon receipt of a formal complaint, the District must provide written notice to the known parties including:

1. Notice of the allegations of sexual harassment, including information about the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, the date and location of the alleged incident, and any sufficient details known at the time. Such notice must be provided with sufficient time to prepare a response before any initial interview;
2. An explanation of the District's investigation procedures, including any informal resolution process;
3. A statement that the Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made by the decision-maker at the conclusion of the investigation;
4. Notice to the parties that they may have an advisor of their choice who may be, but is not required to be, an attorney and may inspect and review any evident; and
5. Notice to the parties of any provision in the District's code of conduct or policy that prohibits knowingly making false statements or knowingly submitting false information.

If, in the course of an investigation, the District decides to investigate allegations about the Complainant or Respondent that are not included in the notice initially provided, notice of the additional allegations must be provided to known parties.

The District may consolidate formal complaints as to allegations of sexual harassment against more than one Respondent, or by more than one Complainant against one or more Respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

Investigation of a Formal Complaint

When investigating a formal complaint and throughout the grievance process, the District must:

1. Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the District and not the parties;

2. Provide an equal opportunity for the parties to present witnesses and evidence;
3. Not restrict either party's ability to discuss the allegations under investigation or to gather and present relevant evidence;
4. Allow the parties to be accompanied with an advisor of the party's choice who may be, but is not required to be, an attorney. The District may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;
5. Provide written notice of the date, time, location, participants, and purpose of any interview or meeting at which a party is expected to participate with sufficient time for the party to prepare to participate;
6. Provide the parties equal access to review all the evidence collected which is directly related to the allegations raised in a formal complaint and comply with the review periods outlined in this process;
7. Objectively evaluate all relevant evidence without relying on sex stereotypes;
8. Ensure that Title IX Coordinators, investigators, decision-makers, and individuals who facilitate an informal resolution process do not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent;
9. Not make creditability determinations based on the individual's status as Complainant, Respondent, or witness; and
10. Not use questions or evidence that constitute or seek disclosure of privileged information unless waived.

Dismissal of Formal Complaints

If the conduct alleged in the formal complaint would not constitute sexual harassment even if proved, did not occur in the district's education program or activity, or did not occur against a person in the United States, then the District must dismiss the formal complaint with regard to that conduct for purposes of sexual harassment under this policy.

The Title IX Coordinator also may dismiss the formal complaint or any allegations therein at any time during the investigation or hearing, if applicable, when any of the following apply:

1. a Complainant provides written notification to the Title IX Coordinator that the Complainant would like to withdraw the formal complaint or any allegations therein;

2. the Respondent is no longer enrolled or employed by the District; or
3. specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon dismissal, the Title IX Coordinator promptly sends written notice of the dismissal and the reasons for dismissal simultaneously to both parties. The grievance process will close in the event a notice of dismissal is provided to the parties. Support measures may continue following dismissal.

Evidence Review

The District provides both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation. The evidence provided by the District must include evidence that is directly related to the allegations in the formal complaint, evidence upon which the District does not intend to rely in reaching a determination regarding responsibility, and any inculpatory or exculpatory evidence whether obtained from a party or other source. Prior to completion of the investigative report, the Title IX Coordinator must send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties have 10 calendar days to submit a written response to the Title IX Coordinator, which the investigator will consider prior to completion of the investigative report.

Investigative Report

The investigator must prepare an investigative report that fairly summarizes relevant evidence and send the report to the Title IX Coordinator. The Title IX Coordinator must send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy for their review and written response. The parties have 10 calendar days to submit a written response to the Title IX Coordinator.

Decision-Maker's Determination

The investigative report is submitted to the decision-maker. The decision-maker cannot be the same person(s) as the Title IX Coordinator or the investigator. The decision-maker cannot hold a hearing or make a determination regarding responsibility until 10 calendar days from the date the Complainant and Respondent receive the investigator's report.

Prior to reaching a determination regarding responsibility, the decision-maker must afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the Complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the Complainant's prior sexual behavior are offered to prove that someone other than the

Respondent committed the conduct alleged by the Complainant or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent. Questions must be submitted to the Title IX Coordinator within three calendar days from the date the Complainant and Respondent receive the investigator's report.

The decision-maker must issue a written determination regarding responsibility based on a preponderance of the evidence standard. The decision-maker's written determination must:

1. Identify the allegations potentially constituting sexual harassment;
2. Describe the procedural steps taken, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather evidence, and hearing held;
3. Include the findings of fact supporting the determination;
4. Draw conclusions regarding the application of any District policies and/or code of conduct rules to the facts;
5. Address each allegation and a resolution of the complaint including a determination regarding responsibility, the rationale therefor, any recommended disciplinary sanction(s) imposed on the Respondent, and whether remedies designed to restore or preserve access to the educational program or activity will be provided by the District to the Complainant; and
6. The procedures and permissible bases for the Complainant and/or Respondent to appeal the determination.

A copy of the written determination must be provided to both parties simultaneously, and generally will be provided within 60 calendar days from the District's receipt of a formal complaint.

The determination regarding responsibility becomes final either on the date that the District provides the parties with the written determination of the result of the appeal if an appeal is filed, or, if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Whether a determination of responsibility for sexual harassment has been made against the Respondent, the District will provide remedies to the Complainant that are designed to restore or preserve equal access to the District's education program or activity. Such remedies may include supportive measures; however, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the Respondent. The Title IX Coordinator is responsible for effective implementation of any remedies. Following any determination of responsibility, the District may implement disciplinary sanctions in accordance with State or Federal law and/or the negotiated

1 agreement. For employees, the sanctions may include any form of responsive discipline, up to
2 and including termination.

3
4 Appeals

5
6 Either the Complainant or Respondent may appeal the decision-maker's determination regarding
7 responsibility or a dismissal of a formal complaint on the following bases:

- 8
9 1. Procedural irregularity that affected the outcome of the matter;
10
11 2. New evidence that was not reasonably available at the time that could affect the
12 outcome; and
13
14 3. The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or
15 bias for or against Complainants or Respondents generally or an individual
16 Complainant or Respondent that affected the outcome.

17
18 The District also may offer an appeal equally to both parties on additional bases.

19
20 The request to appeal must be made in writing to the Title IX Coordinator within seven calendar
21 days after the date of the written determination. The appeal decision-maker must not have a
22 conflict of interest or bias for or against Complainants or Respondents generally or an individual
23 Complainant or Respondent and cannot be the Title IX Coordinator, the investigator, or the
24 decision-maker from the original determination.

25
26 The appeal decision-maker must notify the other party in writing when an appeal is filed and
27 give both parties a reasonable equal opportunity to submit a written statement in support of or
28 challenging the outcome. After reviewing the evidence, the appeal decision-maker must issue a
29 written decision describing the result of the appeal and the rationale for the result. The decision
30 must be provided to both parties simultaneously, and generally will be provided within 10
31 calendar days from the date the appeal is filed.

32
33 Informal Resolution Process

34
35 Except when concerning allegations that an employee sexually harassed a student, at any time
36 during the formal complaint process and prior to reaching a determination regarding
37 responsibility, the District may facilitate an informal resolution process, such as mediation, that
38 does not involve a full investigation and determination of responsibility, provided that the
39 District:

- 40
41 1. Provides to the parties a written notice disclosing:
42
43 a. The allegations;
44

- b. The requirements of the informal resolution process including the circumstances under which is precludes the parties from resuming a formal complaint arising from the same allegations provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the Title IX formal complaint process with respect to the formal complaint; and
- c. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

2. Obtains the parties' voluntary, written consent to the informal resolution process.

The informal resolution process generally will be completed within 30 calendar days, unless the parties and the Title IX Coordinator mutually agree to temporarily delay or extend the process. The formal grievance process timelines are stayed during the parties' participation in the informal resolution process. If the parties do not reach resolution through the informal resolution process, the parties will resume the formal complaint grievance process, including timelines for resolution, at the point they left off.

Recordkeeping

The District must maintain for a period of seven years records of:

1. Each sexual harassment investigation, including any determination regarding responsibility, any disciplinary sanctions imposed on the Respondent, and any remedies provided to the Complainant designed to restore or preserve equal access to the District's education program or activity;
2. Any appeal and the result therefrom;
3. Any informal resolution and the result therefrom; and
4. All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The District must make these training materials publicly available on its website.

The district must create and maintain for a period of seven years records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the District must document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the District's education program or activity.

Hiring Process and Criteria

The Superintendent is responsible for recruiting personnel, in compliance with Board policy, and for making hiring recommendations to the Board. The principal will initially screen applicants for educational support positions. The District will hire personnel appropriately licensed and endorsed in accordance with state statutes and Board of Public Education rules, consistent with budget and staffing requirements and will comply with Board policy and state law on equal employment opportunities and veterans' preference. All applicants must complete a District application form to be considered for employment.

Every applicant must provide the District with written authorization for a criminal background investigation. The Superintendent will keep any conviction record confidential as required by law and District policy. The district will create a determination sheet from the criminal history record. The determination sheet will be kept on file at the District Office. The Criminal History Record with no disqualifiers will be shredded on site immediately after review. The Criminal History Record with disqualifiers will be retained on file at the District Office according to law. Every newly hired employee must complete an Immigration and Naturalization Service form, as required by federal law.

Certification

The District requires its contracted certified staff to hold valid Montana teacher or specialist certificates endorsed for the roles and responsibilities for which they are employed. Failure to meet this requirement shall be just cause for termination of employment. No salary warrants may be issued to a staff member, unless a valid certificate for the role to which the teacher has been assigned has been registered with the county superintendent within sixty (60) calendar days after a term of service begins. Every teacher and administrator under contract must bring their current, valid certificate to the personnel office at the time of initial employment, as well as at the time of each renewal of certification.

The personnel office will register all certificates, noting class and endorsement of certificates, and will update permanent records as necessary. The personnel office also will retain a copy of each valid certificate of a contracted certified employee in that employee's personnel file.

Reference Checks

The Board authorizes the Superintendent or the Superintendent's designee to inquire of past employers about an applicant's employment on topics including but not limited to: title, role, reason for leaving, work ethic, punctuality, demeanor, collegiality, putting the interests of students first, and suitability for the position in the District. Responses to these inquiries should be documented and considered as part of the screening and hiring process.

2. Jefferson High School District will obtain a signed waiver from all applicants and provide written communication of applicant rights (Applicant Rights and Consent to Fingerprint Form 5122F). Applicants shall also be provided the Applicant Privacy Statement (Policy 5120F). The Applicant Rights and Consent to Fingerprint Form will be kept on file for 5 years or for the length of employment, whichever is longer. The form will be filed in the employee's Personnel File.

Basis to Collect and Submit Fingerprints for Purposes of Federal Background Check

OPTION 3: Fingerprints are obtained via local law enforcement agencies: Jefferson County Jail on Thursdays and Sundays from 1:00pm to 6:30pm by appointment only. Call 406.225.4091.

A spreadsheet of those fingerprinted is kept by Jefferson High School District to identify the individual, position being hired for, date of fingerprint, date print received, and date print billed.

Jefferson High School District staff that have received training by CRISS will process the fingerprints and send them to the DOJ.

LASO

Lorie Carey has been appointed as the Local Agency Security Officer and acts as the primary point of contact between the School District and CRISS. Mrs. Carey is responsible for ensuring CJIS Policy compliance by all authorized recipients within the School District. LASO is also responsible of any Privacy and Security Agreements with those who do not use CHRI on a regular basis. Any change in appointment of the LASO or authorized personnel will be reported to CRISS immediately.

Access of CHRI

All background results are received by Lorie Carey through the State File Transfer Service. Results are printed and stored in a locked filing cabinet in the business office until a determination for employment is made. Only authorized personnel that have undergone Privacy and Security Information have access to printed criminal history record information. Authorized recipients of CHRI include Superintendent Tim Norbeck, Principal Mike Moodry, and the Business Manager Lorie Carey.

Printed background checks are reviewed by the Business Manager Lorie Carey and a determination form is completed. If any adverse results are present on the background check, it is given to the Superintendent and Principal for final determination of eligibility. Jefferson High School utilizes a determination form and the CHRI is then shredded.

Determination Procedures

Personnel staff that have been trained by CRISS and granted access to criminal history record information will receive the background results through their Montana State File Transfer account.

- a. Results are reviewed for determination of eligibility to hire.
- b. Any adverse reports are presented to the appropriate administrator for final approval.
- c. Determination is noted on a determination form and kept in a locked file cabinet.

Retention and Storage Procedure (Note: if the School District seeks to store electronically, you must contact DOJ's IT department.)

All criminal history record information is stored in a locked filing cabinet within the business office. Only authorized personnel, Superintendent, Principal, and the Business Manager as noted in this policy have access to this information. Only authorized personnel are present during the determination process when the criminal record is being reviewed.

OPTION 1: Printed background checks are stored until a final determination for employment has been made, two weeks or less. A determination form is then completed and CHRI is then destroyed in accordance with the Destruction Procedure outlined in this document.

Dissemination Logs are maintained for a period of 3 years from the date of dissemination or between audits, and the Applicant Rights and Consent to Fingerprint form is maintained for at least five years or the length of employment, whichever is longer.

Dissemination Procedure

OPTION 2: The Jefferson High School District does not disseminate criminal history record information with any other agency. A copy of our determination form can be provided to outside agencies upon request.

Destruction Procedure

OPTION 1: At the end of the retention and storage period outlined in this document, all CHRI and related information is shredded in house by Lorie Carey.

Applicant Procedures for Challenging or Correcting Their Record (Boards must select one option)

All applicants are given the opportunity to challenge or complete their record before a final determination is made.

OPTION 2: Applicants wishing to challenge their record are advised how to obtain a copy of their background report.

The applicant is then given 10 days to contact the state or agency in which the record was created to make corrections. After the allotted time, the applicant must then provide the School District with a copy of the corrected background report provided by and notarized by the State Identification Bureau. The fee associated for a copy of the state record provided by the State Identification Bureau will be the responsibility of the applicant.

Policy and Procedures for Misuse of CHRI

The School District does not allow dissemination of CHRI to persons or agencies that are not directly involved in the hiring and determination process. If CHRI is disseminated outside of the authorized receiving department, (agency LASO) will report this to CRISS immediately and provide CRISS with an incident response form. The incident response form will include the nature of the incident, any internal reprimands that may have resulted from the incident, as well as our agency's plan to ensure that this incident does not get repeated.

Training Procedure

- Local Agency Security Office (LASO)
 - Signed user agreement between district and CRISS
- Privacy and Security Training
 - CRISS training on CHRI required to receive background reports

Applicability of Personnel Policies

Except where expressly provided to the contrary, personnel policies apply uniformly to the employed staff of the District. However, where there is a conflict between terms of a collective bargaining agreement and District policy, the law provides that the terms of the collective bargaining agreement shall prevail for staff covered by that agreement.

Board policies will govern when a matter is not specifically provided for in an applicable collective bargaining agreement.

Each personnel position in the District will be directed by a position description that delineates the responsibilities of the employee. The employee will receive the position description with the employment contract. Position descriptions are available upon request. The Board of Trustees will regularly review the position descriptions.

Professional Development

If not otherwise addressed in the applicable collective bargaining agreements, the Board shall establish an advisory committee to evaluate the District's current school year professional development plan and develop and recommend a plan for the subsequent school year. The advisory committee shall include, but not be limited to, trustees, administrators, and teachers. A majority of the committee shall be teachers. Each school year the Board shall adopt a professional development plan for the subsequent school year based on the recommendation of the advisory committee that meets the requirements of ARM 10.55.714.

PERSONNELFingerprints and Criminal Background Investigations

Board policy requires that any finalist recommended to be employed in a paid or volunteer position with the District, involving regular unsupervised access to students in schools, as determined by the Superintendent, shall submit to a name-based and fingerprint criminal background investigation conducted by the appropriate law enforcement agency before consideration of the recommendation for employment or appointment by the Board. The results of the name-based check will be presented to the Board, concurrent with the recommendation for employment or appointment. Any subsequent offer of employment or appointment will be contingent on results of the fingerprint criminal background check, which must be acceptable to the Board, in its sole discretion.

The following applicants for employment, as a condition for employment, will be required, as a condition of any offer of employment, to authorize, in writing, a name-based and fingerprint criminal background investigation:

- A certified teacher seeking full- or part-time employment with the District;
- An educational support personnel employee seeking full- or part-time employment with the District;
- An employee of a person or firm holding a contract with the District, if the employee is assigned to the District;
- A volunteer assigned to work in the District, who has regular unsupervised access to students; and
- Substitute teachers.

Any requirement of an applicant to submit to a fingerprint background check will be in compliance with the Volunteers for Children Act of 1998 and applicable federal regulations. If an applicant has any prior record of arrest or conviction by any local, state, or federal law enforcement agency for an offense other than a minor traffic violation, the facts must be reviewed by the Superintendent, who will decide whether the applicant will be declared eligible for appointment or employment. Arrests resolved without conviction will not be considered in the hiring process, unless the charges are pending.

Applicant Rights and Consent to Fingerprint

As an applicant who is the subject of a national fingerprint-based criminal history record check for a noncriminal justice purpose (such as an application for employment or a license, an immigration or naturalization matter, security clearance, or adoption), you have certain rights which are discussed below.

- You must be provided written notification⁸ by Jefferson High School that your fingerprints will be used to check the criminal history records of the FBI.
- You must be provided, and acknowledge receipt of, an adequate Privacy Act Statement when you submit your fingerprints and associated personal information. This Privacy Act Statement should explain the authority for collecting your information and how your information will be used, retained, and shared.
- If you have a criminal history record, the officials making a determination of your suitability for employment, license, or other benefit must provide you the opportunity to complete or challenge the accuracy of the information in the record.
- The officials must advise you that the procedures for obtaining a change, correction, or updating of your criminal history record are set forth at Title 28, Code of Federal Regulations (CFR), Section 16.34.
- If you have a criminal history record, you should be afforded a reasonable amount of time to correct or complete the record (or decline to do so) before the officials deny you the employment, license, or other benefit based on information in the criminal history record.⁹

You have the right to expect that officials receiving the results of the criminal history record check will use it only for authorized purposes and will not retain or disseminate it in violation of federal statute, regulation or executive order, or rule, procedure or standard established by the National Crime Prevention and Privacy Compact Council.¹⁰

If agency policy permits, the officials may provide you with a copy of your FBI criminal history record for review and possible challenge. If agency policy does not permit it to provide you a copy of the record, you may obtain a copy of the record by submitting fingerprints and a fee to the FBI. Information regarding this process may be obtained at <http://www.fbi.gov/services/cjis/identity-history-summary-checks>.

If you decide to challenge the accuracy or completeness of your FBI criminal history record, you should send your challenge to the agency that contributed the questioned information to the FBI. Alternatively, you may send your challenge directly to the FBI at the same address as provided above. The FBI will then forward your challenge to the agency that contributed the questioned information and request the agency to verify or correct the challenged entry. Upon receipt of an official communication from that agency, the FBI will make any necessary changes/corrections to your record in accordance with the information supplied by that agency.

If a change, correction, or update needs to be made to a Montana criminal history record, or if you need additional information or assistance, please contact Montana Criminal Records and Identification Services at DOJCRISS@mt.gov or 406-444-3625.

Your signature below acknowledges this agency has informed you of your privacy rights for fingerprint-based background check requests used by the agency.

Staff Health

Medical Examinations

Through its overall safety program and various policies pertaining to school personnel, the Board will promote the safety of employees during working hours and assist them in the maintenance of good health. The Board will encourage all its employees to maintain optimum health through the practice of good health habits.

The Board may require physical examinations of its employees, under circumstances defined below. The District will maintain results of physical examinations in medical files separate from the employee's personnel file and will release them only as permitted by law.

Physical Examinations

The District participates in a Pre-Placement Physical Program for all custodial and maintenance personnel and other positions deemed inclusive of this policy as determined by specific Board action. Subsequent to a conditional offer of employment in a position for which the District may require participation in a pre-placement physical, but before commencement of work, the District may require an applicant to have a medical examination and to meet any other health requirements which may be imposed by the state. The District may condition an offer of employment on the results of such examination, if all employees who received a conditional offer of employment in the applicable job category are subject to such examination. The report shall certify the employee's ability to perform the job-related functions of the position for which the employee is being considered. Such examination shall be used only to determine whether the applicant is able to perform with reasonable accommodation job-related functions.

All bus drivers, whether full-time, regular part-time, or temporary part-time, are required by state law to have a satisfactory medical examination before employment.

Communicable Diseases

If a staff member has a communicable disease and has knowledge that a person with compromised or suppressed immunity attends the school, the staff member must notify the school nurse or other responsible person designated by the Board of the communicable disease which could be life threatening to an immune-compromised person. The school nurse or other responsible person designated by the Board must determine, after consultation with and on the advice of public health officials, if the immune-compromised person needs appropriate accommodation to protect their health and safety.

An employee with a communicable disease shall not report to work during the period of time in which the employee is infectious. An employee afflicted with a communicable disease capable of being readily transmitted in the school setting (e.g., airborne transmission of tuberculosis) shall be encouraged to report the existence of the illness so that precautions may be taken to

protect the health of others. The District reserves the right to require a statement from an employee's primary care provider, before the employee may return to work.

Confidentiality

In all instances, District personnel will respect an individual's right to privacy and treat any medical diagnosis as confidential information. Any information obtained regarding the medical condition or history of any employee will be collected and maintained on separate forms and in separate medical files and will be treated as confidential information. Only those individuals with a legitimate need to know (i.e., those persons with a direct responsibility for the care of or for determining workplace accommodation for the staff person) will be provided necessary medical information.

Supervisors and managers may be informed of necessary restrictions on the work or duties of an employee and necessary accommodations. First aid and safety personnel may be informed, when appropriate, if a staff member with a disability might require emergency treatment.

Classified Employment and Assignment

Employees designated as “classified” employees include all non-teaching positions or duties in the District.

Each newly hired classified employee will either be hired: (1) as a probationary employee, or (2) immediately be placed on a written contract for a specific term with a beginning and ending date, within the meaning of Section 39-2-912(2), MCA. Employees initially hired on a written contract for a specific term will have no expectation of continued employment beyond the current contract term, and in the absence of Board action to offer a subsequent contract, the employment will automatically conclude at the conclusion of the contract term.

For those employees hired as probationary employees, such employees will be required to complete a probationary period of 6 months. The Board authorizes the Superintendent to extend the probationary period in a manner permitted by law. Any extension of the probationary period by the Superintendent, together with the original probationary period, may not exceed a total of 18 months. Leaves of absence by an employee for a period of more than 5 consecutive working days other than holidays or vacations during the probationary period (select one: will/will not) be counted as part of the probationary period.

During the probationary period of employment, the employment may be terminated at the will of either the School District or the employee on notice to the other for any reason or no reason. Prior to the conclusion of the original or extended probationary period, the Superintendent will determine whether to retain the employee or make a recommendation to the Board for termination of probationary employment. If the employee is retained, the employee will be designated as one of the following types of employees depending on the factors noted.

Designation 1: If, before the probationary period concludes, the employee is placed on a written employment contract, the employment contract shall be a written contract of employment for a specific term with a beginning and ending date, within the meaning of Section 39-2-912(2), MCA. The employee will have no expectation of continued employment beyond the current contract term, and in the absence of Board action to offer a subsequent contract, the employment will automatically conclude at the conclusion of the contract term.

Designation 2: If, after the probationary period concludes, the employee is not placed on a written employment contract for a specific term, the employee’s service to the District will be subject to the provisions in Title 39, Chapter 2, Part 9, MCA.

Designation 3: If, after the probationary period concludes, the employee is subject to the provisions of a collective bargaining agreement, the employee’s service to the District will be subject to the terms of the collective bargaining agreement within the meaning of Section 39-2-912, MCA.

Subject to any applicable collective bargaining agreement, the District reserves the right to: (1) change employment conditions affecting an employee’s duties, assignment, supervisor, or grade and/or (2) determine the salary and benefits for classified employees.

Assignments, Reassignments, Transfers

The Superintendent may assign, reassign, and/or transfer positions and duties of all staff. Teachers will be assigned at the levels and in the subjects for which they are licensed and endorsed, or for which they are enrolled in an internship as defined in ARM 10.55.602 and meet the requirements of ARM 10.55.607. The Superintendent will provide for a system of assignment, reassignment, and transfer of classified staff, including voluntary transfers and promotions. Nothing in this policy prevents reassignment of a staff member during a school year.

Classified Staff

The District retains the right of assignment, reassignment, and transfer. Written notice of reassignment or involuntary transfer will be given to the employee. The staff member will be given opportunity to discuss the proposed transfer or reassignment with the Superintendent.

Teaching

Notice of their teaching assignments relative to grade level, building, and subject area will be given to teachers before the beginning of the school year. All District employees assigned extracurricular activities as a contract obligation must honor this obligation as a condition of employment unless released from this responsibility by the Board.

Provisions governing vacancies, promotions, and voluntary or involuntary transfers may be found in negotiated agreements or employee handbooks.

All employees are expected to maintain high standards of honesty, integrity, professionalism, decorum, and impartiality in the conduct of District business. All employees shall maintain appropriate employee-student relationship boundaries in all respects, including but not limited to personal, speech, print, and digital communications. Failure to honor the appropriate employee student relationship boundary will result in a report to the Department of Public Health and Human Services and the appropriate law enforcement agency.

A District employee, before acting in a manner which might impinge on any fiduciary duty, may disclose the nature of the private interest which would create a conflict. Care should be taken to avoid using or avoid the appearance of using official positions and confidential information for personal advantage or gain. Curriculum or materials created within the course of the employee's duties for the District using District resources are considered to be the property of the District.

Further, employees are expected to hold confidential all information deemed not to be for public consumption as determined by state law and Board policy. Employees also will respect the confidentiality of people served in the course of an employee's duties and use information gained in a responsible manner. The Board may discipline, up to and including discharge, any employee who discloses confidential and/or private information learned during the course of the employee's duties or learned as a result of the employee's participation in a closed (executive) session of the Board. Discretion should be used even within the school system's own network of communication, and confidential information should only be communicated on a need-to-know basis. Employees shall not record or cause to be recorded a conversation by use of a hidden electronic or mechanical device which may include any combination of audio or video that reproduces a human conversation without the knowledge of all parties to the conversation.

Drug and Alcohol Testing for School Bus and Commercial Vehicle Drivers

School bus and commercial vehicle drivers shall be subject to a drug and alcohol testing program that fulfills the requirements of the Code of Federal Regulations, Title 49, Part 382.

Other persons who drive vehicles designed to transport sixteen (16) or more passengers, including the driver, are likewise subject to the drug and alcohol testing program.

Testing procedures and facilities used for the tests shall conform with the requirements of the Code of Federal Regulations, Title 49, §§ 40, et seq.

Pre-Employment Tests

Tests shall be conducted before the first time a driver performs any safety-sensitive function for the District.

Safety-sensitive functions include all on-duty functions performed from the time a driver begins work or is required to be ready to work, until he/she is relieved from work and all responsibility for performing work. It includes driving; waiting to be dispatched; inspecting and servicing equipment; supervising, performing, or assisting in loading and unloading; repairing or obtaining and waiting for help with a disabled vehicle; performing driver requirements related to accidents; and performing any other work for the District or paid work for any entity.

The tests shall be required of an applicant only after he/she has been offered the position.

Exceptions may be made for drivers who have had the alcohol test required by law within the previous six (6) months and participated in the drug testing program required by law within the previous thirty (30) days, provided that the District has been able to make all verifications required by law.

Post-Accident Tests

Alcohol and controlled substance tests shall be conducted as soon after an accident as practicable on any driver:

1. Who was performing safety-sensitive functions with respect to the vehicle, if the accident involved loss of human life; or
2. Who receives a citation within 8 hours of the occurrence under state or local law, for a moving traffic violation arising from the accident if the accident involved:
 - a. Bodily injury to any person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident or
 - b. One or more motor vehicles incurring disabling damage as a result of the accident, requiring the motor vehicle to be transported away from the scene by a tow truck or other

motor vehicle.

Disabling damage under the law means damage which precludes departure of a motor vehicle from the scene of the accident in its usual manner in daylight after simple repairs.

Accidents will be reported to the Superintendent or designee immediately. Drivers shall make themselves readily available for testing, absent the need for immediate medical attention.

No such driver shall use alcohol for eight (8) hours after the accident, or until after he/she undergoes a post-accident alcohol test, whichever occurs first.

If an alcohol test is not administered within two (2) hours or if a drug test is not administered within thirty-two (32) hours, the District shall prepare and maintain records explaining why the test was not conducted. Tests will not be given if not administered within eight (8) hours after the accident for alcohol or within thirty-two (32) hours for drugs.

Tests conducted by authorized federal, state, or local officials will fulfill post-accident testing requirements, provided they conform to applicable legal requirements and are obtained by the District. Breath tests will validate only the alcohol test and cannot be used to fulfill controlled substance testing obligations.

Random Tests

Tests shall be conducted on a random basis at unannounced times throughout the year. Tests for alcohol shall be conducted just before, during, or just after the performance of safety-sensitive functions. The number of random alcohol tests annually must equal twenty-five percent (25%) of the average number of driver positions. The number of random drug tests annually must equal fifty percent (50%) of the average number of driver positions. Drivers shall be selected by a scientifically valid random process, and each driver shall have an equal chance of being tested each time selections are made.

Reasonable Suspicion Tests

Tests shall be conducted when a supervisor or District official trained in accordance with law has reasonable suspicion that the driver has violated the District's alcohol or drug prohibitions. This reasonable suspicion must be based on specific, contemporaneous, articulable observations concerning the driver's appearance, behavior, speech, or body odors. The observations may include indications of the chronic and withdrawal effects of controlled substances.

Alcohol tests are authorized for reasonable suspicion only if the required observations are made during, just before, or just after the period of the work day when the driver must comply with alcohol prohibitions. An alcohol test may not be conducted by the person who determines that reasonable suspicion exists to conduct such a test. If an alcohol test is not administered within two (2) hours of a determination of reasonable suspicion, the District shall prepare and maintain a record explaining why this was not done. Attempts to conduct alcohol tests shall terminate after eight (8) hours.

A supervisor or District official who makes observations leading to a controlled substance reasonable suspicion test shall make a written record of his/her observations within twenty-four (24) hours of the observed behavior or before the results of the drug test are released, whichever is earlier.

Enforcement

Any driver who refuses to submit to a post-accident, random, reasonable suspicion, or follow-up test shall not perform or continue to perform safety-sensitive functions.

Drivers who test positive for alcohol or drugs shall be subject to disciplinary action up to and including dismissal.

A driver who violates District prohibitions related to drugs and alcohol shall receive from the District the names, addresses, and telephone numbers of substance abuse professionals and counseling and treatment programs available to evaluate and resolve drug and alcohol-related problems. The employee shall be evaluated by a substance abuse professional who shall determine what help, if any, the driver needs in resolving such a problem. Any substance abuse professional who determines that a driver needs assistance shall not refer the driver to a private practice, person, or organization in which he/she has a financial interest, except under circumstances allowed by law.

An employee identified as needing help in resolving a drug or alcohol problem shall be evaluated by a substance abuse professional to determine that he/she has properly followed the prescribed rehabilitation program and shall be subject to unannounced follow-up tests after returning to duty.

Return-to-Duty Tests

A drug or alcohol test shall be conducted when a driver who has violated the District's drug or alcohol prohibition returns to performing safety-sensitive duties.

Employees whose conduct involved drugs cannot return to duty in a safety-sensitive function until the return-to-duty drug test produces a verified negative result.

Employees whose conduct involved alcohol cannot return to duty in a safety-sensitive function until the return-to-duty alcohol test produces a verified result that meets federal and District standards.

Follow-Up Tests

A driver who violates the District's drug or alcohol prohibition and is subsequently identified by a substance abuse professional as needing assistance in resolving a drug or alcohol problem shall be subject to unannounced follow-up testing as directed by the substance abuse professional in

Upon written request, a driver shall receive copies of any records pertaining to his/her use of drugs or alcohol, including any records pertaining to his/her drug or alcohol tests. Records shall be made available to a subsequent employer or other identified persons only as expressly requested in writing by the driver.

Personnel Records

The District shall maintain a cumulative personnel file in the administrative office for each of its employees, as required by the Office of Public Instruction and current personnel policies. These records are not to leave the administrative office except as specifically authorized by the Superintendent, and then only by signed receipt. Payroll records are maintained separately.

Contents of Personnel Files

A personnel file may contain, but is not limited to, transcripts from colleges or universities, information allowed by statute, a record of previous employment (other than college placement papers for periods beyond active candidacy for a position), evaluations, copies of contracts, and copies of letters of recommendation requested by an employee. All material in the personnel file must be related to the employee's work, position, salary, or employment status in the District. All documents, communications, and records dealing with the processing of a grievance shall be filed separately from the personnel files of the participants.

No material derogatory to an employee's conduct, service, character, or personality shall be placed in the file, unless such placement is authorized by the Superintendent, as indicated by his initials, and unless the employee has had adequate opportunity to read the material. For the latter purpose, the Superintendent shall take reasonable steps to obtain the employee's initials or signature verifying the employee has received a copy of the material. If the employee refuses to sign the document indicating they have had an opportunity to read it, the Superintendent will place an addendum to the document, noting that the employee was given a copy but refused to sign. The Superintendent will date and sign the addendum.

Disposition of Personnel Files

An employee, upon termination, may request transcripts of college and university work. Any confidential college or university placement papers shall be returned to the sender or destroyed at the time of employment. All other documents shall be retained and safeguarded by the District for such periods as prescribed by law.

Retirement Programs for Employees

All District employees shall participate in retirement programs under the Federal Social Security Act and either the Teachers' Retirement System or the Public Employees' Retirement System in accordance with state retirement regulations.

Certified employees who intend to retire at the end of the current school year should notify the Superintendent in writing prior to April 1.

Those employees intending to retire, who are not contractually obligated to complete the school year, should notify the Superintendent as early as possible and no less than sixty (60) days before their retirement date.

The relevant and most current negotiated agreements for all categories of employees shall specify severance stipends and other retirement conditions and benefits.

The District will contribute to the PERS whenever a classified employee is employed for more than the equivalent of one hundred twenty (120) full days (960 hours) in any one (1) fiscal year. Part-time employees who are employed for less than 960 hours in a fiscal year may elect PERS coverage, at their option and in accordance with § 19-3-412, MCA.

Payment of Employer Contributions and Interest on Previous Service

A Public Employees' Retirement System (PERS) member may purchase (1) all or a portion of the member's employment with an employer prior to the time the employer entered into a contract for PERS coverage and (2) all or a portion of the member's employment for which optional PERS membership was declined (both of which are known as previous service).

The member must file a written application with the PERS Board to purchase all or a portion of the employment for service credit and membership service. The application must include salary information certified by the member's employer or former employer.

The District has the option to pay, or not to pay, the employer's contributions due on previous service and the option to pay, or not to pay, the outstanding interest due on the employer's contributions for the previous service.

It is the policy of this District to not pay the employer's contributions due on previous service.

It is also the policy of this District to not pay the outstanding interest due on the employer's contributions for the previous service.

This policy will be applied indiscriminately to all employees and former employees of this District.

Payment of Employer Contributions and Interest on Previous Service

PERS employers must establish policies regarding payment of employer contributions and employer interest due for the previous service being purchased by an employee. The policy must be applied indiscriminately to all employees and former employees. Thus, it is our policy to:

not pay the employer's contributions due on previous service.

and to:

not pay the outstanding interest due on the employer's contributions for the previous service.

II. Section 19-3-504, MCA

Payment of Interest on Employer Contributions for Workers' Compensation Time

A PERS member may purchase time during which the member is absent from service because of an employment-related injury entitling the member to workers' compensation payments. PERS employers are required to pay employer contributions and must establish a policy for the payment of interest on employer contributions due for the workers' compensation time being purchased by an employee. The policy regarding payment of interest must be applied to all employees similarly situated. Thus, it is our policy to not pay the outstanding interest due on the employer's contributions for the employee's purchase of workers' compensation time.

Disciplinary Action

District employees who fail to fulfill their job responsibilities or to follow reasonable directions of their supervisors, or who conduct themselves on or off the job in ways that affect their effectiveness on the job, may be subject to discipline. Behavior, conduct, or action that may call for disciplinary action or dismissal includes but is not limited to reasonable job-related grounds based on a failure to satisfactorily perform job duties, disruption of the District's operation, or other legitimate reasons. The Superintendent or the Board may order an investigation into the employee's conduct when warranted by the circumstances.

Discipline will be reasonably appropriate to the circumstance and will include but not be limited to a supervisor's right to reprimand an employee and the Superintendent's right to suspend an employee, with or without pay, or to impose other appropriate disciplinary sanctions. In accordance with Montana law, only the Board may terminate an employee or non-renew employment.

The District's restrictions on students who have brought to, or possess a firearm at, any setting that is under the control and supervision of the school district and a student who has been found to have possessed, used or transferred a weapon on school district property apply to all employees of the District pursuant to Policy 3311.

Substitutes

The Board will regularly approve a list of acceptable substitutes for classified and certified staff that meet the guidelines as prescribed in this policy. Appearance on the substitute list authorizes the administration to call upon a substitute to temporarily work for the District, but does not guarantee employment.

All substitute employees will be required to undergo fingerprint and background checks. All substitute employees are subject to District Policies during their term of service to the District. All substitute employees shall abide by student and staff confidentiality standards during their term of service to the District.

Substitute Certified Staff

The Board authorizes the use of substitute teachers that appear on the list to replace teachers who are temporarily absent. The principal shall arrange for the substitute to work for the absent teacher. Under no condition is a teacher to select or arrange for their own substitute. A substitute teacher may be employed to carry on a teacher's duties not to exceed 35 consecutive teaching days.

If the absence of the regular, licensed, or authorized teacher continues for more than 35 consecutive teaching days, the Board of Trustees shall place a licensed teacher under contract or seek an emergency authorization of employment.

The Board annually, at the regular July Board meeting, establishes an hourly rate of pay for substitute teachers. No fringe benefits are given to substitute teachers.

Substitutes for Classified Staff

The Board authorizes the use of substitute employees that appear on the list to replace classified employees who are temporarily absent. The principal shall arrange for the substitute to work for the absent employee. Under no condition is an employee to select or arrange for their own substitute.

Substitutes for classified positions will be paid by the hour. When a classified employee is called upon to substitute for a teacher, the teacher sub rate shall apply unless the classified rate of pay is higher.

Leaves of Absence

Sick and Bereavement Leave

Certified employees will be granted sick leave according to terms of their collective bargaining agreement.

Classified employees will be granted sick leave according to the terms of their collective bargaining agreement. Sick leave may be used by an employee when they are unable to perform job duties because of:

- A physical or mental illness, injury, or disability;
- Maternity or pregnancy-related disability or treatment, including a prenatal care, birth, or medical care for the employee or the employee's child;
- Parental leave for a permanent employee as provided in 2-18-606, MCA;
- Quarantine resulting from exposure to a contagious disease;
- Examination or treatment by a licensed health care provider;
- Short-term attendance, in an agency's discretion to care for a person (who is not the employee or a member of the employee's immediate family) until other care can reasonably be obtained;
- Necessary care for a spouse, child or parent with a serious health condition, as defined in the Family and Medical Leave Act of 1993; or
- Death or funeral attendance of an immediate family member or, at an agency's discretion, another person.

Nothing in this policy guarantees approval of the granting of such leave in any instance. The District will judge each request in accordance with this policy and governing collective bargaining agreements.

It is understood that seniority will accumulate while a teacher or employee is utilizing sick leave credits. Seniority will not accumulate, unless an employee is in a paid status. Abuse of sick leave is cause for disciplinary action up to and including termination. The administration is authorized to request documentation or evidence supporting a leave request.

An employee who has suffered a death in the immediate family will be eligible for bereavement leave according to the terms of the current collective bargaining agreement.

Civic Duty Leave

Leaves for service on either a jury or in the Legislature will be granted in accordance with state and federal law. A certified staff member hired to replace one serving in the Legislature does not acquire tenure.

An employee who is summoned to jury duty or subpoenaed to serve as a witness may elect to receive regular salary or to take annual leave during jury time. An employee who elects not to take annual leave, however, must remit to the District all juror and witness fees and allowances (except for expenses and mileage). The District may request the court to excuse an employee from jury duty, when an employee is needed for proper operation of the school.

Conditions for Use of Leave

Certified staff may use sick leave for those instances listed in the current collective bargaining agreement. Classified staff may use sick leave for illness; injury; medical disability; maternity-related disability, including prenatal care, birth, miscarriage, or abortion; quarantine resulting from exposure to contagious disease; medical, dental, or eye examination or treatment; necessary care of or attendance to an immediate family member or, at the District's discretion, another relative for the above reasons until other attendants can reasonably be obtained, and death or funeral attendance for an immediate family member. Leave without pay may be granted to employees upon the death of persons not included in this list.

Accrual and Use of Sick Leave Credits

Certified employees will accrue and may use their sick leave credits according to the current collective bargaining agreement.

Classified employees serving in positions that are permanent full-time, seasonal full-time, or permanent part-time are eligible to earn sick leave credits, which will accrue from the first day of employment. A classified employee must be employed continuously for a qualifying period of ninety (90) calendar days in order to use sick leave. Unless there is a break in service, an employee only serves the qualifying period once. After a break in service, an employee must again complete the qualifying period to use sick leave. Sick leave may not be taken in advance nor may leave be taken retroactively. A seasonal classified employee may carry over accrued sick leave credits to the next season if management has a continuing need for the employee or, alternatively, may be paid a lump sum for accrued sick leave credits when the season ends, in accordance with ARM 2.21.141.

Employees, whether classified or certified, simultaneously employed in two (2) or more positions, will accrue sick leave credits in each position according to the number of hours worked or a proration of the contract (in the case of certified) worked. Leave credits will be used only from the position in which the credits were earned and with approval of the supervisor or appropriate authority for that position. Hours in a pay status paid at the regular rate will be used to calculate leave accrual. Sick leave credits will not accrue for those hours exceeding forty (40) hours in a work week, which are paid as overtime hours or recorded as compensatory time. A full-time employee will not earn less than nor more than the full-time sick leave accrual rate provided classified employees.

When an employee who has not worked the qualifying period for use of sick leave takes an approved continuous leave of absence without pay in excess of fifteen (15) working days, the amount of time an employee is on leave of absence will not count toward completion of the qualifying period. The approved leave of absence exceeding fifteen (15) working days is not a break in service, and the employee will not lose any accrued sick leave credits nor lose credit for time earned toward the qualifying period. An approved continuous leave of absence without pay of fifteen (15) working days or less will be counted as time earned toward the ninety-(90)-day qualifying period.

Calculation of Sick Leave Credits

Certified employees will earn sick leave credits at the rate stated in the current collective bargaining agreement.

Full-time classified employees will earn sick leave credits at the rate of twelve (12) working days for each year of service. Sick leave credits will be prorated for part-time employees who have worked the qualifying period. The payroll office will refine this data by keeping records per hour worked.

Sick Leave Banks

Donation of sick leave credits to and use of sick leave credits in the sick leave bank are governed by terms of the current collective bargaining agreement.

Lump-Sum Payment on Termination of Classified Employees

When a classified employee terminates employment with the District, the employee is entitled to cash compensation for one-fourth ($\frac{1}{4}$) of the employee's accrued and unused sick leave credits, provided the employee has worked the qualifying period. The value of unused sick leave is computed based on the employee's salary rate at the time of termination.

Industrial Accident

An employee who is injured in an industrial accident may be eligible for workers' compensation benefits. Use of sick leave must be coordinated with receipt of workers' compensation benefits on a case-by-case basis, by contacting the Montana Schools Group Workers' Compensation Risk Retention Program (WCRRP).

Sick Leave Substituted for Annual Leave

A classified employee who qualifies for use of sick leave while taking approved annual vacation leave, may be allowed to substitute accrued sick leave credits for annual leave credits. Medical certification of the illness or disability may be required.

Military Leave

Pursuant to the Uniformed Services Employment and Reemployment Rights Act (USERRA) and the Montana Military Service Employment Rights, the Superintendent shall grant military leave to employees of voluntary or involuntary service in the uniformed services of the United States, upon receipt of the required notice. Benefits shall be maintained for these employees as required by law and/or collective bargaining agreements. A service member who returns to the District for work following a period of active duty must be reinstated to the same or similar position and at the same rate of pay unless otherwise provided by law.

Time spent in active military service shall be counted in the same manner as regular employment for purposes of seniority or District service unless otherwise provided in a collective bargaining agreement.

The District will not discriminate in hiring, reemployment, promotion or benefits based upon membership or service in the uniformed services.

All requests for military leave will be submitted to the Superintendent in writing accompanied by copies of the proper documentation showing the necessity for the military leave request.

Unless otherwise impossible, all requests for military leave will be submitted at least one full month in advance of the date military service is to begin.

Persons returning from military leave are asked to give notice of intent to return to the Superintendent, in writing, as least one full month in advance of the return date.

Breastfeeding in the School and Workplace

Recognizing that breastfeeding is a normal part of daily life for mothers and infants and that Montana law authorizes mothers to breastfeed their infants where mothers and children are authorized to be, the District will support women who want to continue breastfeeding after returning from maternity leave.

The District shall provide reasonable unpaid break time each day to an employee who needs to express milk for a child. The District is not required to provide break time if to do so would unduly disrupt the District's operations. Supervisors are encouraged to consider flexible schedules when accommodating employees' needs. Building administrators are authorized to work with teachers to provide students necessary time to express milk for a child.

The District will make reasonable efforts to provide a room or other location, other than a toilet stall, where an employee or student can express breast milk and access to a place to store expressed breast milk safely. The available space will include the provision for lighting and electricity for the pump apparatus. If possible, supervisors and building administrators shall ensure that those employees or students in need of such accommodations shall be aware of them prior to maternity leave.

33 workweeks of leave in a 12-month period for the following FMLA-qualifying reasons:
34

- 35 • The birth of a son or daughter and bonding with the newborn child,
36 • The placement of a son or daughter with the employee for adoption or foster care
37 and bonding with the newly-placed child, and
38 • The care of a parent with a serious health condition.
39

40 Eligible spouses who work for the same employer are also limited to a combined total of 26
41 workweeks of leave in a single 12-month period to care for a covered servicemember with a
42 serious injury or illness (commonly referred to as "military caregiver leave") if each spouse is a
43 parent, spouse, son or daughter, or next of kin of the servicemember. When spouses take military
44 caregiver leave as well as other FMLA leave in the same leave year, each spouse is subject to the
45 combined limitations for the reasons for leave listed above.

PERSONNEL

Page 3 of 6

The limitation on the amount of leave for spouses working for the same employer does not apply to FMLA leave taken for some qualifying reasons. Eligible spouses who work for the same employer are each entitled to up to 12 workweeks of FMLA leave in a 12-month period, without regard to the amount of leave their spouses use, for the following FMLA-qualifying leave reasons:

- The care of a spouse or son or daughter with a serious health condition;
- A serious health condition that makes the employee unable to perform the essential functions of her or her job; and
- Any qualifying exigency arising out of the fact that the employee's spouse, son, daughter, or parent is a military member on "covered active duty".

Employee Notice Requirement

The employee must follow the employer's standard notice and procedural policies for taking FMLA.

Employer Notice Requirement (29 C.F.R. §825.300)

Employers are required to provide employees with notice explaining the FMLA through a poster and either a handbook or information upon hire. If an employee requests FMLA leave, an employer must provide notice to the employee within five (5) business days of whether the employee meets the FMLA eligibility requirements. If an employee is not eligible to take FMLA, the employer must provide a reason. The employer must also provide a rights and responsibilities notice outlining expectations and obligations relating to FMLA leave. If FMLA leave is approved by the employer, it must provide the employee with a designation notice stating the amount of leave that will be counted against an employee's FMLA entitlement.

Notice for Leave Due to Active Duty of Family Member

In any case in which the necessity for leave is foreseeable, whether because the spouse, or a son, daughter, or parent, of the employee is on active duty, or because of notification of an impending call or order to active duty in support of a contingency operation, the employee shall provide such notice to the employer as is reasonable and practicable.

Requests

A sick leave request form is to be completed whenever an employee is absent from work for more than three (3) days or when an employee has need to be absent from work for continuing treatment by (or under the supervision of) a health care provider.

An employer may require that a request for leave be supported by a certification issued at such time and in such manner as the Secretary may by regulation prescribe. If the Secretary issues a regulation requiring such certification, the employee shall provide, in a timely manner, a copy of such certification to the employer.

Medical Certification

The District will require medical certification to support a request for leave or any other absence because of a serious health condition (at employee expense) and may require second or third opinions (at the employer's expense) and a fitness-for-duty report or return-to-work statement.

Intermittent/Reduced Leave

FMLA leave may be taken "intermittently or on a reduced leave schedule" under certain circumstances. Where leave is taken because of birth or placement of a child for adoption or foster care, an employee may take leave intermittently or on a reduced leave schedule only with District approval. Where FMLA leave is taken to care for a sick family member or for an employee's own serious health condition, leave may be taken intermittently or on a reduced leave schedule when medically necessary. An employee may be reassigned to accommodate intermittent or reduced leave. When an employee takes intermittent leave or leave on a reduced leave schedule, increments will be limited to the shortest period of time that the District's payroll.

Insurance

An employee out on FMLA leave is entitled to continued participation in the appropriate group health plan, but it is incumbent upon the employee to continue paying the usual premiums throughout the leave period. An employee's eligibility to maintain health insurance coverage will lapse if the premium payment is more than thirty (30) days late. The District will mail notice of delinquency at least fifteen (15) days before coverage will cease.

Return

Upon return from FMLA leave, reasonable effort shall be made to place the employee in the original or equivalent position with equivalent pay, benefits, and other employment terms.

Recordkeeping

Employees, supervisors, and building administrators will forward requests, forms, and other material to payroll to facilitate proper recordkeeping.

Summer Vacation

The period during the summer vacation or other scheduled breaks (i.e., Christmas) an employee would not have been required to work will not count against that employee's FMLA leave entitlement.

Leave Less Than Five (5) Weeks Before End of Term

Long-Term Illness/Temporary Disability

The following procedures will be used when an employee has a long-term illness or temporary disability, including maternity:

1. When any illness or temporarily disabling condition is “prolonged,” an employee will be asked by the administration to produce a written statement from a physician, stating that the employee is temporarily disabled and is unable to perform the duties of his/her position until such a time.
2. In the case of any extended illness, procedures for assessing the probable duration of the temporary disability will vary. The number of days of leave will vary according to different conditions, individual needs, and the assessment of individual physicians. Normally, however, the employee should expect to return on the date indicated by the physician, unless complications develop which are further certified by a physician.
3. An employee who has signified his/her intent to return at the end of extended leave of absence shall be reinstated to his/her original job or an equivalent position with equivalent pay and accumulated seniority, retirement, fringe benefits, and other service credits.

Maternity Leave and Paternity Leave

The School District's maternity leave policy covers employees who are not eligible for FMLA leave at Policy 5328. Maternity leave includes only continuous absence immediately prior to adoption, delivery, absence for delivery, and absence for post-delivery recovery, or continuous absence immediately prior to and in the aftermath of miscarriage or other pregnancy-related complications.

The School District shall not refuse to grant an employee a reasonable leave of absence for pregnancy or require that an employee take a mandatory maternity leave for an unreasonable length of time. The School District has determined that maternity leave shall not exceed 12 weeks unless mandated otherwise by the employee's physician. Employees will be required to use appropriate accumulated paid leave concurrently while on FMLA leave.

The School District shall not deny to the employee who is disabled as a result of pregnancy any compensation to which the employee is entitled as a result of the accumulation of disability or leave benefits accrued pursuant to plans maintained by the employer, provided that the employer may require disability as a result of pregnancy to be verified by medical certification that the employee is not able to perform employment duties.

An employee who has signified her intent to return at the end of her maternity leave of absence shall be reinstated to her original job or an equivalent position with equivalent pay and accumulated seniority, retirement, fringe benefits, and other service credits.

The School District will review requests for Paternity Leave in accordance with any applicable policy or collective bargaining agreement provision governing use of leave for family purposes.

Holidays

Holidays for certified staff are dictated in part by the school calendar. Temporary employees will not receive holiday pay. Part-time employees will receive holiday pay on a prorated basis.

The holidays required for classified staff, by are according to the current collective bargaining agreement.

When an employee, as defined above, is required to work any of these holidays, another day shall be granted in lieu of such holiday, unless the employee elects to be paid for the holiday in addition to the employee's regular pay for all time worked on the holiday.

When one of the above holidays falls on Sunday, the following Monday will not be a holiday. When one of the above holidays falls on Saturday, the preceding Friday will not be a holiday.

Vacations

Classified and 12-month administrative employees will accrue annual vacation leave benefits in accordance with §§ 2-18-611, 2-18-612, 2-18-614 through 2-18-617 and 2-18-621, MCA. Nothing in this policy guarantees approval for granting specific days as annual vacation leave in any instance. The District will judge each request for vacation in accordance with staffing needs. Employees are not entitled to any vacation leave with pay until they have been continuously employed for a period of six (6) calendar months.

	§ 2-18-612, MCA	Rate earned
	§ 2-18-617, MCA	Accumulation of leave – cash for unused – transfer

Policy History:

Adopted on: February 2007

Revised on:

All classified employees, except those in a temporary status, serving more than six (6) months, are eligible to earn vacation leave credits retroactive to the date of employment. Leave credits may not be advanced nor may leave be taken retroactively. A seasonal employee's accrued vacation leave credits may be carried over to the next season, if management has a continuing need for the employee, or paid out as a lump-sum payment to the employee when the season ends (generally in June). The employee may request a lump-sum payment at the end of each season.

Vacation is earned according to the following schedule:

RATE-EARNED SCHEDULE

<u>Years of Employment</u>	<u>Working Days Credit per Year</u>
1 day - 10 years	15
10 - 15 years	18
15 - 20 years	21
20 years on	24

Time as an elected state, county, or city official, as a school teacher, or as an independent contractor, does not count toward the rate earned. For purposes of this paragraph, an employee of the District or the university system is eligible to have school district or university employment time count toward the rate-earned schedule, if that employee was eligible for annual leave in the position held with the school district or university system.

Maximum Accrual of Vacation Leave

All full-time and part-time employees serving in permanent and seasonal positions may accumulate two (2) times the total number of annual leave credits they are eligible to earn per year, according to the rate-earned schedule.

Sick Leave Bank

An employee may contribute accumulated vacation leave to the sick leave bank provided for in 2-18-618, MCA. Donation of vacation leave credits to and use of vacation leave credits in the sick leave bank are governed by terms of the current collective bargaining agreement.

Annual Pay-Out

The District will, subject to the terms of a collective bargaining agreement, provide cash compensation in January of each year for unused vacation leave in lieu of the accumulation of vacation leave.

Lump-Sum Payment Upon Termination

An employee who terminates employment for reasons not reflecting discredit on the employee shall be entitled, upon the date of such termination, to cash compensation for unused vacation leave, assuming that the employee has worked the qualifying periods set forth in § 2-18-611, MCA. The District shall not pay accumulated leaves to employees who have not worked the qualifying period.

Compensatory Time and Overtime for Classified Employees

Non-exempt classified employees who work more than forty (40) hours in a given workweek may receive overtime pay of one and one-half (1½) times the normal hourly rate, unless the District and the employee agree to the provision of compensation time at a rate of one and one-half (1½) times all hours worked in excess of forty (40) hours in any workweek. The Superintendent must approve any overtime work of a classified employee.

Under Montana law and the Federal Fair Labor Standards Act, a classified employee may not volunteer to work without pay in an assignment similar to his or her regular work.

A non-exempt employee who works overtime without authorization may be subject to disciplinary action.

Blended Time

Classified Employees working two or more jobs for the District at different rates of pay shall be paid overtime at a weighted average of the differing wages. This shall be determined by dividing the total regular remuneration for all hours worked by the number of hours worked in that week to arrive at the weighted average. One half that rate is then multiplied times the number of hours worked over 40 to arrive at the overtime compensation due.

Example: Employee works one job at 30 hrs./week at \$10.00/hr. The same employee works a different job at 20 hrs./week at \$12.00/hr. (Same district). The employee would get \$300.00 per week for the 30 hr/week job (\$10.00X30) and \$240.00 per week for the 20 hr./week job (\$12.00X20). A total of \$540.00 (regular remuneration). Divide \$540.00 by 50(total hours worked) = \$10.8/hr (weighted average). One-half that rate (\$10.80/2 = \$5.40) is multiplied by 10 (number of hours over 40). \$54.00 is the amount of overtime compensation due the employee based on the "blended time".

NOTE: *Please be advised that comp time is not required. If a district adopts a comp time policy, there are basically two (2) types of employees: 1) Those who are covered before the policy was adopted need to be treated on a case-by-case basis, and the agreement to allow comp time must be entered into before the work is performed. 2) Those hired after the policy is in place – the Department of Labor has determined that the employee agreed to the policy. Some experts have said comp time is a credit card, not a savings account. The employee has broad latitude to decide when the time will be taken.*

Workers' Compensation Benefits

All employees of the District are covered by workers' compensation benefits. In the event of an industrial accident, an employee should:

1. Attend to first aid and/or medical treatment during an emergency;
2. Correct or report as needing correction a hazardous situation as soon as possible after an emergency situation is stabilized;
3. Report the injury or disabling condition, whether actual or possible, to the immediate supervisor, within forty-eight (48) hours, on the Employer's First Report of Occupational Injury or Disease; and
4. Call or visit the administrative office after medical treatment, if needed, to complete the necessary report of accident and injury on an Occupational Injury or Disease form.

The administrator will notify the immediate supervisor of the report and will include the immediate supervisor as necessary in completing the required report.

An employee who is injured in an industrial accident may be eligible for workers' compensation benefits. By law, employee use of sick leave must be coordinated with receipt of workers' compensation benefits, on a case-by-case basis, in consultation with the Workers' Compensation Division, Department of Labor and Industry.

The District will not automatically and simply defer to a report of industrial accident but will investigate as it deems appropriate to determine: (1) whether continuing hazardous conditions exist which need to be eliminated; and (2) whether in fact an accident attributable to the District working environment occurred as reported. The District may require the employee to authorize the employee's physician to release pertinent medical information to the District or to a physician of the District's choice, should an actual claim be filed against the Workers' Compensation Division, which could result in additional fees being levied against the District.

Paraprofessional Paraprofessionals

Paraprofessionals, as defined in the appropriate job descriptions, are under the supervision of a principal and a teacher to whom the principal may have delegated responsibility for close direction. The nature of the work accomplished by paraprofessionals will encompass a variety of tasks that may be inclusive of “limited instructional duties.”

Paraprofessionals are employed by the District mainly to assist the teacher. A paraprofessional is an extension of the teacher, who legally has the direct control and supervision of the classroom or playground and responsibility for control and the welfare of the students.

It is the responsibility of each principal and teacher to provide adequate training for a paraprofessional. This training should take into account the unique situations in which a paraprofessional works and should be designed to cover the general contingencies that might be expected to pertain to that situation. During the first thirty (30) days of employment, the supervising teacher or administrator shall continue to assess the skills and ability of the paraprofessional to assist in reading, writing, and mathematics instruction.

The Superintendent shall develop and implement procedures for an annual evaluation of teachers’ aides/paraprofessionals. Evaluation results shall be a factor in future employment decisions.

If the school receives Title I funds, the District shall notify parents of students attending the school annually that they may request the District to provide information regarding the professional qualifications of their child’s paraprofessionals, if applicable.

District employees who work with volunteers shall clearly explain duties for supervising children in school, on the playground, and on field trips. An appropriate degree of training and/or supervision of each volunteer shall be administered commensurate with the responsibility undertaken.

Volunteers who have unsupervised access to children are subject to the District’s policy mandating background checks.

Chaperones

The Superintendent may direct that appropriate screening processes be implemented to assure that adult chaperones are suitable and acceptable for accompanying students on field trips or excursions.

When serving as a chaperone for the District, the parent(s)/guardian(s), or other adult volunteers, including employees of the District, assigned to chaperone, shall not use tobacco products in the presence of students, nor shall they consume any alcoholic beverages nor use any illicit drug during the duration of their assignment as a chaperone, including during the hours following the end of the day’s activities for students. Employee Use of Electronic Mail, Internet, Networks, and District Equipment

The District equipment, e-mail, and Internet systems are intended to be used for educational purposes only. While occasional personal use is allowed, employees should have no expectation of privacy in District-owned technology equipment, including but not limited to District-owned desktops, laptops, memory storage devices, and cell phones.

Users of District equipment, e-mail, and Internet systems are responsible for their appropriate use. All illegal and improper uses of the electronic mail and Internet system, including but not limited to extreme network etiquette violations including mail that degrades or demeans other individuals, pornography, obscenity, harassment, solicitation, gambling and violating copyright or intellectual property rights are prohibited. Abuse of the equipment, e-mail, or Internet systems through excessive personal use, or use in violation of the law or District policies, will result in disciplinary action, up to and including termination of employment.

All e-mail/Internet records are considered District records and should be transmitted only to individuals who have a need to receive them. If the sender of an e-mail or Internet message does not intend for the mail or Internet message to be forwarded, the sender should clearly mark the message "Do Not Forward".

In order to keep District equipment, records, and e-mail/Internet systems secure, users may not leave the terminal "signed on" when unattended and may not leave their password available in an obvious place near the terminal or share their password with anyone except the system administrator. The District reserves the right to bypass individual passwords at any time and to monitor the use of such systems by employees.

Additionally, District equipment, records, and e-mail/Internet records are subject to disclosure to law enforcement or government officials or to other third parties through subpoena or other process.

Consequently, the district retains the right to access stored records in cases where there is reasonable cause to expect wrong-doing or misuse of the system and to review, store, and disclose all information sent over the District e-mail systems for any legally permissible reason, including but not limited to determining whether the information is a public record, whether it contains information discoverable in litigation, and to access District information in the employee's absence. E-mail/Internet messages by employees may not necessarily reflect the views of the District.

All district employees should be aware that e - mail messages can be retrieved, even if they have been deleted, and that statements made in e - mail communications can form the basis of various legal claims against the individual author or the district.

All e - mail/Internet records are considered District records and should be transmitted only to individuals who have a need to receive them. E-mail sent or received by the District or the

District's employees may be considered a public record subject to public disclosure or inspection. All District e-mail and Internet communications may be monitored.

I understand and will abide by the technology, equipment, and network access policies. I understand that the District and/or its agents may access and monitor my use of the Internet, including my e-mail and downloaded material, without prior notice to me. I further understand that should I commit any violation, my access privileges may be revoked and school disciplinary action and/or appropriate legal action may be taken. In consideration for using the District's issuance of technology, electronic network connection, and having access to public networks, I hereby acknowledge the risk for any claims and damages arising from my use of, or inability to use, the equipment, network, and Internet. I understand any negligence arising out of my use of equipment or networks shall be attributed to me as comparative negligence within the meaning of Section 27-1-702, MCA.

HIPAA*Note:*

(1) Any school district offering a group “health care plan” for its employees is affected by HIPAA. School districts offering health plans that are self-insured will be entirely responsible for compliance with HIPAA, despite a third party administrator managing the plan. School districts may also be subject to HIPAA as a “health care provider” by either having a school-based health center or a school nurse. School-based health centers staffed and serviced by a hospital or local health department are responsible for complying with HIPAA if there is a sharing of records containing health information. For those districts providing the services of a school nurse, HIPAA regulations issued in 2000 commented that an “educational institution that employs a school nurse is subject to [the] regulations as a health care provider if the school nurse or the school engaged in a HIPAA transaction.” This transaction occurs when a school nurse submits a claim electronically.

(2) Any personally identifiable health information contained in an “education record” under FERPA is subject to FERPA, not HIPAA.

Background**Health Insurance Portability and Accountability Act of 1996 (HIPAA)**

The District’s group health plan is a Covered Entity under the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and its implementing regulations, the Standards for the Privacy of Individually Identifiable Information. In order to comply with HIPAA and its related regulations, the District has implemented the following HIPAA Privacy Policy:

The HIPAA Privacy Rule

HIPAA required the federal government to adopt national standards for *electronic health care transactions*. At the same time, Congress recognized that advances in electronic technology could erode the privacy of health information and determined there was a need for national privacy standards. As a result HIPAA included provisions which mandated the adoption of federal privacy standards for individually identifiable health information.

The standards found in the Privacy Rule are designed to protect and guard against the misuse of individually identifiable health information, with particular concern regarding employers using an employee’s (or dependent’s) health information from the group health plan to make adverse employment-related decisions. The Privacy Rule states that verbal, written, or electronic information that can be used to connect a person’s name or identity with medical, treatment, or health history information is Protected Health Information (PHI) under the HIPAA Privacy Rule.

Under the HIPAA Privacy Rule:

PERSONNEL

5510

Page 2 of 5

1. Individuals have a right to access and copy their health record to the extent allowed by HIPAA.
2. Individuals have the right to request an amendment to their health record. The plan may deny an individual's request under certain circumstances specified in the HIPAA Privacy Rule.
3. Individuals have the right to an accounting of disclosures of their health record for reasons other than treatment, payment, or healthcare operations.
4. PHI, including health, medical, and claims records, can be used and disclosed without authorization for specific, limited purposes (treatment, payment, or operations of the group health plan). A valid authorization from the individual must be provided for use or disclosure for other than those purposes.
5. Safeguards are required to protect the privacy of health information.
6. Covered entities are required to issue a notice of privacy practices to their enrollees.
7. Violators are held accountable with civil and criminal penalties for improper use or disclosure of PHI.

Compliance

The District Clerk has been designated Privacy Officer. The Privacy Officer will oversee all ongoing activities related to the development, implementation, maintenance of, and adherence to the District's policies and procedures covering the privacy of and access to patient health information in compliance with HIPAA, other applicable federal and state laws, and the District's privacy practices.

As required for a Covered Entity under HIPAA, the plan has developed these internal privacy policies and procedures to assure that PHI is protected and that access to and use and disclosure of PHI are restricted in a manner consistent with HIPAA's privacy protections. The policies and procedures recognize routine and recurring disclosures for treatment, payment, and healthcare operations and include physical, electronic, and procedural safeguards to protect PHI. The procedures include safeguards for sending PHI via mail or fax, receiving PHI for plan purposes, and workstation safeguards and procedures for securing and retaining PHI received by the plan. Plan participants are entitled to receive a copy of the plan's policies and procedures upon request.

Designating a limited number of privacy contacts allows the District to control who is receiving PHI from the contract claims payor for plan operations purposes. The contract claims payor will provide only the minimum PHI necessary for the stated purpose and, as required under the

PERSONNEL

5510

Page 3 of 5

1 Privacy Rule, will provide PHI only to individuals with a legitimate need to know for plan
2 operations purposes.

3
4 The District has distributed a notice of privacy practices to plan participants. The notice informs
5 plan participants of their rights and the District's privacy practices related to the use and
6 disclosure of PHI. A copy of this notice may be obtained by contacting the Privacy Officer.

7
8 The District has reviewed how PHI is used and disclosed by the plan and has limited disclosure
9 of that information to employees who have a legitimate need to know or possess the PHI for
10 healthcare operations and functions. The District will make reasonable efforts to use de-
11 identified information whenever possible in the operations of the plan and will only use the
12 minimum PHI necessary for the stated purpose.

13
14 Some of the District's employees need access to PHI in order to properly perform the functions
15 of their jobs. The District has identified these employees and has given them training in the
16 important aspects of the HIPAA Privacy Rule, the privacy policy, and procedures. New
17 employees who will have access to PHI will receive training on the HIPAA Privacy Rule and
18 related policies and procedures as soon as reasonably possible after they are employed.
19 Employees who improperly use or disclose PHI or misuse their access to that information may
20 be subject to discipline, as deemed appropriate.

21
22 In the event the group health plan must disclose PHI in the course of performing necessary plan
23 operations functions or as required by law or a governmental agency, the District has developed
24 a system to record those disclosures and requests for disclosures. An individual may request a
25 list of disclosures of his or her PHI made by the plan for other than treatment or claims payment
26 purposes. All requests for an accounting of PHI disclosures must be made in writing, and the
27 plan may impose fees for the cost of production of this information. Requests will be responded
28 to within sixty (60) days. If the plan is not able to provide the requested information within sixty
29 (60) days, a written notice of delay will be sent to the requesting individual, with the reasons for
30 the delay and an estimated time for response.

31
32 In order to comply with the new privacy regulations, the plan has implemented compliant
33 communication procedures. Except for its use in legitimate healthcare operations, written
34 permission will be required in order for the District to disclose PHI to or discuss it with a third
35 party.

36
37 The HIPAA Privacy Rule prohibits the District from disclosing medical information without the
38 patient's written permission other than for treatment, payment, or healthcare operations purposes.
39 An authorization signed by the patient and designating specified individuals to whom the District
40 may disclose specified medical information must be on file, before the plan can discuss a
41 patient's medical information with a third party (such as a spouse, parent, group health plan
42 representative, or other individual).

43
44 The District has taken the following steps to ensure PHI is safeguarded:

PERSONNEL

5510

Page 4 of 5

- The District has implemented policies and procedures to designate who has and who does not have authorized access to PHI.
- Documents containing PHI are kept in a restricted/locked area.
- Computer files with PHI are password protected and have firewalls making unauthorized access difficult.
- Copies of PHI will be destroyed when information is no longer needed, unless it is required by law to be retained for a specified period of time.
- The District will act promptly to take reasonable measures to mitigate any harmful effects known to the group health plan, due to a use or disclosure of PHI in violation of the plan's policies, procedures, or requirements of the HIPAA Privacy Rule.
- The District will appropriately discipline employees who violate the District's group health plan's policies, procedures, or the HIPAA Privacy Rule, up to and including termination of employment if warranted by the circumstances.

The District has received signed assurances from the plan's business associates that they understand the HIPAA Privacy Rule, applicable regulations, and the Privacy Policy and will safeguard PHI just as the plan would.

The contract claims payor and certain other entities outside the group health plan require access on occasion to PHI, if they are business associates of the group health plan and in that role need to use, exchange, or disclose PHI from the group health plan. The plan requires these entities to sign an agreement stating they understand HIPAA's privacy requirements and will abide by those rules just as the group health plan does, to protect the PHI to which they have access. For example the plan engages a certified public accountant to audit the plan annually and to make sure payments are made in compliance with the Plan Document. In order for the CPA to complete an audit, the auditor reviews a sample of the claims for accuracy.

The District will ensure health information will not be used in making employment and compensation decisions. The HIPAA Privacy Rule and other applicable laws expressly prohibit an employer from making adverse employment decisions (demotions, terminations, etc.) based on health information received from the group health plan. To the extent possible, the District has separated the plan operations functions from the employment functions and has safeguards in place to prevent PHI from the plan from going to or being used by an employee's supervisor, manager, or superior to make employment-related decisions.

Complaints

If an employee believes their privacy rights have been violated, they may file a written complaint

Goals

Because educational programs are dependent on adequate funding and the proper management of those funds, District goals can best be attained through efficient fiscal management. As trustee of local, state, and federal funds allocated for use in public education, the Board shall fulfill its responsibility to see that funds are used to achieve the intended purposes.

Because of resource limitations, fiscal concerns often overshadow the educational program. Recognizing this, the District must take specific action to ensure that education remains primary. This concept shall be incorporated into Board operations and into all aspects of District management and operation.

The Board seeks to achieve the following goals in the District's fiscal management:

1. Engage in advance planning, with staff and community involvement, to develop budgets which will achieve the greatest educational returns in relation to dollars expended.
2. Establish levels of funding which shall provide superior education for District students.
3. Provide timely and appropriate information to staff who have fiscal responsibilities.
4. Establish efficient procedures in all areas of fiscal management.

Budget Adjustments

When any budgeted fund line item is in excess of the amount required, the Board may transfer any of the excess appropriation to another line item(s) within the same fund.

The Board authorizes the administration to transfer line items within the same budgeted fund to adjust line item overdrafts or to meet special line item needs. Line item budget transfers to adjust line item overdrafts are at the discretion of the administrators.

Total budget expenditures for each fund as adopted in the final budget shall constitute the appropriations of the District for the ensuing fiscal year. The Board will be limited in the incurring of expenditures to the total of such appropriations.

With timely notice of a public meeting, trustees, by majority vote of those present, may declare by resolution that a budget amendment (in addition to the final budget) is necessary. Budget amendments are authorized for specified reasons by § 20-9-161, MCA. The resolution will state the facts of the budget amendment, the estimated amount of funds needed, and the time and place the Board will meet for the purpose of considering and adopting a budget amendment.

The meeting to adopt a budget amendment will be open and will provide opportunity for any taxpayer to appear and be heard. Budget procedures will be consistent with statutory requirements. Staff who obligate the District without proper authorization may be held personally responsible for payment of such obligations.

Bids and Contracts

Whenever the cost of any supplies, equipment, or work shall exceed Eighty Thousand Dollars (\$80,000), the District will call for formal bids by issuing public notice as specified in statute. Specifications will be prepared and made available to all vendors interested in submitting a bid. The contract shall be awarded to the lowest responsible bidder, except that the trustees may reject any or all bids. The Board, in making a determination as to which vendor is the lowest responsible bidder, ~~the Board~~ will take into consideration not only the amount of each bid, but will also consider the skill, ability, and integrity of a vendor to do faithful, conscientious work and to promptly fulfill the contract according to its letter and spirit. Bidding requirements do not apply to a registered professional engineer, surveyor, real estate appraiser, or registered architect; a physician, dentist, pharmacist, or other medical, dental, or health care provider; an attorney; a consulting actuary; a private investigator licensed by any jurisdiction; a claims adjuster; or an accountant licensed under Title 37, Chapter 50.

Advertisement for bid must be made once each week for two (2) consecutive weeks, and a second (2nd) publication must be made not less than five (5) nor more than twelve (12) days before consideration of bids.

The Superintendent will establish bidding and contract-awarding procedures. Bid procedures will be waived only as specified in statute. Any contract required to be let for bid shall contain language to the following effect:

In making a determination as to which vendor is the lowest responsible bidder, if any, the District will take into consideration not only the pecuniary ability of a vendor to perform the contract, but will also consider the skill, ability, and integrity of a vendor to do faithful, conscientious work and promptly fulfill the contract according to its letter and spirit. References must be provided and will be contacted. The District further reserves the right to contact others with whom

a vendor has conducted business, in addition to those listed as references, in determining whether a vendor is the lowest responsible bidder. Additional information and/or inquiries into a vendor's skill, ability, and integrity are set forth in the bid specifications.

Cooperative Purchasing

The District may enter into cooperative purchasing contracts with one or more districts for procurement of supplies or services. A district participating in a cooperative purchasing group may purchase supplies and services through the group without complying with the provisions of 20-9-204(3), MCA if the cooperative purchasing group has a publicly available master list of items available with pricing included and provides an opportunity at least twice yearly for any vendor, including a Montana vendor, to compete, based on a lowest responsible bidder standard, for inclusion of the vendor's supplies and services on the cooperative purchasing group's master list.

Purchasing will be done locally when it is in the best interest of the school district.

Advertising in Schools/Revenue Enhancement

Revenue enhancement through a variety of District-wide and District-approved marketing activities, including, but not limited to, advertising, corporate sponsorship, signage in or on District facilities, is a Board-approved venture. The Board may approve such opportunities subject to certain restrictions in keeping with the community standards of good taste. Advertising will model and promote positive values for District students through proactive educational messages and not be simply traditional advertising of a product. Preferred advertising includes messages encouraging student achievement and establishment of high standards of personal conduct.

All sponsorship contracts will allow the District to terminate the contract on at least an annual basis, if it is determined that it will have an adverse impact on implementation of curriculum or the educational experience of students.

The revenue derived should:

1. Enhance student achievement;
2. Assist in maintenance of existing District athletic and activity programs; and
3. Provide scholarships for students participating in athletic, academic, and activity programs, who demonstrate financial need and merit.

Appropriate opportunities for marketing activities include but are not limited to:

1. Fixed signage.
2. Banners.
3. District-level publications.
4. Television and radio broadcasts.
5. Athletic facilities, including stadiums, high school baseball fields, and high school gymnasiums.
6. District-level projects.
7. Expanded usage of facilities beyond traditional uses (i.e., concerts, rallies, etc.).
8. The interior and exterior of a limited number of District buses, if the advertising is associated with student art selected by the District. The only advertising information allowed will note sponsorship of the student art by the participant. Maintenance for these buses will include but not exceed normal maintenance costs.
9. Individual school publications (when not in conflict with current contracts).

Advertising will not be allowed in classrooms, other than corporate-sponsored curriculum materials approved subject to Board policy.

The following restrictions will be in place when seeking revenue enhancement. Revenue

enhancement activities will not:

1. Promote hostility, disorder, or violence;
1. Attack ethnic, racial, or religious groups;
2. Discriminate, demean, harass, or ridicule any person or group of persons on the basis of gender;
3. Be libelous;
4. Inhibit the functioning of the school and/or District;
5. Promote, favor, or oppose the candidacy of any candidate for election, adoption of any bond/budget issues, or any public question submitted at any general, county, municipal, or school election;
6. Be obscene or pornographic, as defined by prevailing community standards throughout the District;
7. Promote the use of drugs, alcohol, tobacco, firearms, or certain products that create community concerns;
8. Promote any religious or political organization;
9. Use any District or school logo without prior approval.

The Board permits the use of District credit cards by certain school officials and Board members to pay for actual and necessary expenses incurred in the performance of work-related duties for the District. A list of those individuals who will be issued a district credit card will be maintained in the business office and reported to the Board each year at its meeting in July. All credit cards will be pre-approved by the Board and will be in the name of the District.

The District shall establish a credit line not to exceed Fifteen Thousand Dollars (\$15,000) for each card issued and an aggregate credit limit of One hundred fifty Thousand Dollars (\$150,000) for all cards issued to the District.

Credit/procurement cards may only be used for legitimate District business expenditures. The use of credit/procurement cards is not intended to circumvent the District's policy on purchasing.

Users must take proper care of these credit/procurement cards and take all reasonable precautions against damage, loss, or theft. Any damage, loss, or theft must be reported immediately to the business office and to the appropriate financial institution. Failure to take proper care of credit cards or to report damage, loss, or theft may subject the employee to financial liability.

Purchases that are unauthorized, illegal, represent a conflict of interest, are personal in nature, or violate the intent of this policy may result in credit card revocation and discipline of the employee.

Users must submit detailed documentation, including itemized receipts for commodities, services, travel, and/or other actual and necessary expenses which have been incurred in connection with school-related business for which the credit/procurement card has been used.

The Superintendent shall establish regulations governing the issuance and use of credit/procurement cards. Each cardholder shall be apprised of the procedures governing the use of the credit/procurement card, and a copy of this policy and accompanying regulations shall be given to each cardholder.

The District Clerk shall monitor the use of each credit/procurement card every month and report any serious problems and/or discrepancies directly to the Superintendent and the Board.

Fund Balances

I. PURPOSE

The fund balance policy establishes a framework for the management of all excess funds managed by the Jefferson High School District. The policy is in accordance with GASB Statement 54; management of fund balance. It also provides guidance and direction for elected and appointed officials as well as staff in the use of excess funds at year-end.

II. SCOPE

This fund balance policy applies to all funds in the custody of the School District Business Manager/Clerk of the Jefferson High School District, Boulder, Montana. These funds are accounted for in the District's annual audited financial reports and include, but are not limited to, the following:

- General Fund
- Special Revenue Funds
- Capital Project Funds
- Enterprise Funds
- Any new funds created by the District, unless specifically exempted by the governing body; in accordance with state law or GASB pronouncements.

III. CLASSIFICATION OF FUND BALANCES

The school district shall classify its fund balances in its various funds in one or more of the following five classifications: nonspendable, restricted, committed, assigned, and unassigned.

IV. DEFINITIONS

- A. Fund balance---means the arithmetic difference between the assets and liabilities reported in a school district fund.
- B. Committed fund balance—amounts constrained to specific purposes by the District itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the District takes the same highest-level action to remove or change the constraint
- C. *Assigned fund balance*—amounts a school district *intends* to use for a specific purpose; intent can be expressed by the District or by an official to which the Board of Trustees delegates the authority
- D. *Nonspendable fund balance*—amounts that are not in a spendable form (such as inventory) or are required to be maintained intact (such as the corpus of an endowment fund)
- E. *Restricted fund balance*—amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation
- F. *Unassigned fund balance*—amounts that are available for any purpose; these amounts are reported only in the general fund.

V. MINIMUM FUND BALANCE

The school district will strive to maintain a minimum unassigned general fund balance of 10 percent of the annual budget.

VI. ORDER OF RESOURCE USE

If resources from more than one fund balance classification could be spent, the school district will strive to spend resources from fund balance classifications in the following order (first to last): restricted, committed, assigned, and unassigned.

VII. COMMITTING FUND BALANCE

A majority vote of the school board is required to commit a fund balance to a specific purpose and subsequently to remove or change any constraint so adopted by the board.

VIII. ASSIGNING FUND BALANCE

The school board, by majority vote, may assign fund balances to be used for specific purposes when appropriate. The board also delegates the power to assign fund balances to the following: Business Manager and Superintendent. Assignments so made shall be reported to the school board on a monthly basis, either separately or as part of ongoing reporting by the assigning party if other than the school board.

An appropriation of an existing fund balance to eliminate a projected budgetary deficit in the subsequent year's budget in an amount no greater than the projected excess of expected expenditures over expected revenues satisfies the criteria to be classified as an assignment of fund balance.

IX. REVIEW

The school board will conduct, at a minimum, an annual review of the sufficiency of the minimum unassigned general fund balance level.

Independent Investment Accounts

The Board may establish independent investment accounts separate and apart from those funds maintained by the county treasurer. The Board may transfer cash into an independent investment account from any budgeted or non-budgeted funds. A separate account shall be established for each fund from which transfers are made. The principal and any interest earned must be reallocated to the fund from which the deposit was originally made. Unless otherwise provided by law, all other revenue may be sent directly to a participating district's investment account.

The District may either:

1. Establish and use the account as a non-spending account, returning sufficient funds to the county treasurer in time to pay all claims against the applicable fund; or
2. Establish a subsidiary checking account and make expenditures from the investment account, provided all transactions are accounted for and reported, as required by applicable accounting principles. If the District desires to establish a subsidiary checking account for purposes of paying for expenditures directly from an investment account, the District must enter into a written agreement with the county treasurer, in accordance with § 20-9-235, MCA.

Transfers for School Safety

It is the policy of the District to increase the flexibility and efficiency of the District's resources by utilizing the provision of law allowing transfers of funds to improve school safety and security.

The District may transfer state or local revenue from any budgeted or non-budgeted fund, other than the debt service fund or retirement fund, to its building reserve fund in an amount not to exceed the school district's estimated costs of improvements to school and student safety and security

The transfer of such funds can be for:

1. planning for improvements to and maintenance of school and student safety, including but not limited to the cost of services provided by architects, engineers, school resource officers, counselors, and other staff or consultants assisting with improvements to school and student safety and security;
2. programs to support school and student safety and security, including but not limited to active shooter training, threat assessments, and restorative justice;
3. installing or updating locking mechanisms and ingress and egress systems at public school access points, including but not limited to systems for exterior egress doors and interior passageways and rooms, using contemporary technologies;
4. installing or updating bullet-resistant windows and barriers; and
5. installing or updating emergency response systems using contemporary technologies.

Any transfers made under this policy and Montana law are not considered expenditures to be applied against budget authority. Any revenue transfers that are not encumbered for expenditures in compliance with the four reasons stated above, within 2 full school fiscal years after the funds are transferred, must be transferred back to the originating fund from which the revenue was transferred.

If transfers of funds are made from a District fund supported by a non-voted levy, the District may not increase its non-voted levy for the purpose of restoring the transferred funds.

Goals

In order for students to obtain the maximum benefits from their educational program, a complex set of support services must be provided by the District. These services are essential to the success of the District, and the staff that provides them is an integral part of the educational enterprise. Because resources are always scarce, all assets of District operations, including noninstructional support services, shall be carefully managed in order to obtain maximum efficiency and economy. To that end, the goal of the District is to seek new ways of supporting the instructional program that shall maximize the resources directly available for students' learning programs.

Transportation

The District may provide transportation to and from school for a student who:

1. Resides three (3) or more miles, over the shortest practical route, from the nearest operating public elementary or public high school.
2. Is a student with a disability, whose IEP identifies transportation as a related service; or
3. Has another compelling and legally sufficient reason to receive transportation services.

The District may elect to reimburse the parent or guardian of a student for individually transporting any eligible student.

The District may provide transportation by school bus or other vehicle or through individual transportation such as paying the parent or guardian for individually transporting the student. The Board may pay board and room reimbursements, provide supervised correspondence study, or provide supervised home study. The Board may authorize children attending an approved private school to ride a school bus, provided that space is available and a fee to cover the per-seat cost for such transportation is collected. The District may transport and charge for an ineligible public school student, provided the parent or guardian pays a proportionate share of transportation services. Fees collected for transportation of ineligible students shall be deposited in the transportation fund. Transportation issues that cannot be resolved by the trustees may be appealed to the county transportation committee.

Homeless students shall be transported in accordance with the McKinney Homeless Assistance Act and state law.

In-Town Busing

In-town busing is defined as the busing of students within three (3) miles of their school. In-town busing is a privilege the District can discontinue at any time. The Superintendent will establish guidelines under which a student may request in-town busing.

Children in Foster Care

The Superintendent will appoint a Point of Contact (POC) to coordinate activities relating to the District's provisions of services to children placed in foster care, including transportation services. The Superintendent, or designee, will inform the Department of Health and Human Services who is the POC for the District. The District will collaborate with the Department of Health and Human Services when transportation is required to maintain children placed in foster care in a school of origin outside their usual attendance area or District when in the best interest of the student. Under the supervision of the Superintendent/designee, the POC will invite appropriate District officials, the Department of Health and Human Services POC, and officials

from other districts to consider how such transportation is to be arranged and funded in a cost-effective manner.

If there are additional costs to be incurred in providing transportation to maintain a student in the school of origin, the District will provide transportation to such school if:
The Department agrees to reimburse the District for the cost of such transportation or;
The District agrees to pay for the cost of such transportation; or
The District and the Department agree to share the cost of such transportation.

Definitions

“Foster Care” means 24-hour care for children placed away from their parents, guardians, or person exercising custodial control or supervision and for whom the Department has placement care and responsibility.

“School of origin” means the school in which a child is enrolled at the time of placement in foster care.

While “Best Interest” is not defined in ESSA, that determination shall take into account all relevant factors, including consideration of the appropriateness of the current educational setting, and the proximity to the school in which the child is enrolled at the time for foster care placement.

Contracting for Transportation Services

If the Board enters into a contract for transportation services, the contractor shall operate such equipment in accordance with District policy and the rules and regulations of the Board of Public Education. The contract shall be in effect for not more than five (5) years. Before entering into the first such contract, the District shall determine that the cost of contracting for the ensuing term will not exceed projected costs of operating its own system. Before any transportation contract is awarded to a private party or contractor, the trustees shall:

1. Secure bids by advertising for a twenty-one-(21)-day period (three (3) consecutive weeks); or
2. Negotiate a new contract with the current contractor, provided the new contract does not exceed by more than twelve percent (12%) per year the basic costs of the previous contract.

No money shall be expended unless a contract with a private carrier has been executed. The Board Chairperson will sign such contracts on behalf of the District.

The District reserves the right to own, operate, and to choose with respect to any other form of transportation, whether it be regular school, co-curricular, extracurricular, or District business programs, the means of transportation which best fits District needs at that particular time, as determined by the Board.

Bus Routes and Schedules

The Superintendent's designee is responsible for scheduling bus transportation, including determination of routes and bus stops. Such routes are subject to approval of the county transportation committee. The purpose of bus scheduling and routing is to achieve maximum service with a minimum fleet of buses consistent with providing safe and reasonably equal service to all bus students.

In order to operate the transportation system as safely and efficiently as possible, the following factors shall be considered in establishing bus routes:

1. A school bus route shall be established with due consideration of the sum total of local conditions affecting the safety, economic soundness, and convenience of its operation, including road conditions, condition of bridges and culverts, hazardous crossings, presence of railroad tracks and arterial highways, extreme weather conditions and variations, length of route, number of families and children to be serviced, availability of turn-around points, capacity of bus, and related factors.
2. The District may extend a bus route across another transportation service area, if it is necessary in order to provide transportation to students in the District's own transportation service area. A district may not transport students from outside its transportation service area.
3. School bus drivers are encouraged to make recommendations in regard to establishing or changing routes.
5. Parents should be referred to the Superintendent for any request of change in routes, stops, or schedules.

The Board reserves the right to change, alter, add, or delete any route at any time such changes are deemed in the best interest of the District, subject to approval by the county transportation committee.

Bus Stops

Buses should stop only at designated places approved by school authorities. Exceptions should be made only in cases of emergency and inclement weather conditions.

Bus stops shall be chosen with safety in mind. Points shall be selected where motorists approaching from either direction will have a clear view of the bus for a distance of at least three hundred (300) to five hundred (500) feet.

loading and unloading of students. The principal of each building is responsible for the conduct of students waiting in loading zones.

Delay in Schedule

The driver is to notify the administration of a delay in schedule. The administration will notify parents on routes and radio stations, if necessary.

Responsibilities - Students

Students must realize that safety is based on group conduct. Talk should be in conversational tones at all times. There should be no shouting or loud talking which may distract the bus driver. There should be no shouting at passersby. Students should instantly obey any command or suggestions from the driver and/or his/her assistants.

Responsibilities - Parents

The interest and assistance of each parent is a valued asset to the transportation program. Parents' efforts toward making each bus trip a safe and pleasant experience are requested and appreciated. The following suggestions are only three of the many ways parents can assist:

1. Ensure that students are at the bus stop in sufficient time to efficiently meet the bus.
2. Properly prepare children for weather conditions.
3. Encourage school bus safety at home. Caution children regarding safe behavior and conduct while riding the school bus.

Safety

The Superintendent will develop written rules establishing procedures for bus safety and emergency exit drills and for student conduct while riding buses.

If the bus and driver are present, the driver is responsible for the safety of his/her passengers, particularly for those who must cross a roadway prior to loading or after leaving the bus. Except in emergencies, no bus driver shall order or allow a student to board or disembark at other than his/her assigned stop unless so authorized by the Superintendent. In order to assure the safety of all, the bus driver may hold students accountable for their conduct during the course of transportation and may recommend corrective action against a student. Bus drivers are expressly prohibited from using corporal punishment.

The bus driver is responsible for the use of the warning and stop signaling systems and the

consequent protection of his/her passengers. Failure to use the system constitutes negligence on the part of the driver.

Inclement Weather

The Board recognizes the unpredictability and resulting dangers associated with weather in Montana. In the interest of safety and operational efficiency, the Superintendent is empowered to make decisions as to emergency operation of buses, cancellation of bus routes, and closing of school, in accordance with his or her best judgment. The Board may develop guidelines in cooperation with the Superintendent to assist the Superintendent in making such decisions.

NOTE: To receive full state/county reimbursement, budgets must have enough funds to cover the costs of any changes to the route.

NOTE: The county transportation committee has authority to establish transportation service areas, should circumstances and/or geography (demographics) warrant.

Transportation of Students With Disabilities

Transportation shall be provided as a related service, when a student with a disability requires special transportation in order to benefit from special education or to have access to an appropriate education placement. Transportation is defined as:

- (a) Travel to and from school and between schools;
- (b) Travel in and around school buildings or to those activities that are a regular part of the student's instructional program;
- (c) Specialized equipment (such as special or adapted buses, lifts, and ramps) if required to provide special transportation for a student with disabilities.

The Evaluation Team that develops the disabled student's Individualized Education Program will determine, on an individual basis, when a student with a disability requires this related service. Such recommendations must be specified on the student's IEP. Only those children with disabilities who qualify for transportation as a related service under the provisions of the IDEA shall be entitled to special transportation. All other children with disabilities in the District have access to the District's regular transportation system under policies and procedures applicable to all District students. Utilizing the District's regular transportation service shall be viewed as a "least restrictive environment."

Mode of Transportation

One of the contracted buses will be the preferred mode of transportation. Exceptions may be made in situations where buses are prohibited from entering certain subdivisions due to inadequate turning space, or when distance from school may seriously impact bus scheduling. In such situations other arrangements, such as an individual transportation contract, may be arranged with parents. Such voluntary agreement will stipulate in writing the terms of reimbursement.

Bus and Vehicle Maintenance, District

Buses used in the District's transportation program shall be in safe and legal operating condition. All buses shall be inspected by the Department of Justice, Montana Highway Patrol, before the beginning of each semester. At the beginning of each school year, the District will provide the contractor with a copy of the District's written rules for bus drivers and for student conduct on buses. It is the contractor's responsibility to make sure each driver receives a list of the written rules.

Each bus driver will meet the qualifications established by the Superintendent of Public Instruction, including possession of a valid Montana commercial driver's license (with a school bus "S" and passenger "P" endorsements), receive ten (10) hours of in-service annually, and Department of Transportation-approved physician's certification that he or she is medically qualified for employment as a bus driver. The bus driver shall secure a valid standard first aid certificate from an authorized instructor, within two (2) months after being employed, and maintain a valid first aid certificate throughout employment as a bus driver. The bus driver must have five (5) years driving experience.

A school bus driver is prohibited from operating a school bus while using a cellular phone, including hands free cellular phone devices, except:

- (1) During an emergency situation;
- (2) To call for assistance if there is a mechanical breakdown or other mechanical problem;
- (3) When the school bus is parked.

A teacher, coach, or other certified staff member assigned to accompany students on a bus will have primary responsibility for behavior of students in his or her charge. The bus driver has final authority and responsibility for the bus. The Superintendent will establish written procedures for bus drivers.

Maximum Driving Time

The district recognizes from a risk management and student safety standard the importance of driver safety while transporting students. Therefore, the district will meet the federal standard on maximum driving time for drivers.

Student Conduct on Buses

The general student code of conduct is applicable to conduct on school buses.

The Superintendent will establish written rules of conduct for students riding school buses. Such rules will be reviewed annually by the Superintendent and revised if necessary. If rules are substantially revised, they will be submitted to the Board for approval.

At the beginning of each school year, a copy of the rules of conduct for students riding buses will be provided to students. A copy of the rules will be posted in each bus and will be available upon request at the District office and in the principal's office.

The bus driver is responsible for enforcing the rules and will work closely with a parent and building principal to modify a student's behavior. Rules shall include consistent consequences for student misbehavior. A recommendation for permanent termination of bus privileges, accompanied by a written record of the incident(s) that led to the recommendation, shall be referred to the principal for final determination. Food Services

The District supports the philosophy of the National School Lunch Program and will provide wholesome, appetizing, and nutritious meals for children in District schools. The Board may authorize a portion of federal funds received in lieu of taxes to be used to provide free meals for federally connected indigent pupils.

Because of the potential liability of the District, the food services program will not accept donations of food without approval of the Board. Should the Board approve a food donation, the Superintendent will establish inspection and handling procedures for the food and determine that provisions of all state and local laws have been met before selling the food as part of school meals.

As an integral part of a school, the District's food service is operated in compliance with ARM Title 37, chapter 110, subchapter 2, rules for food service establishments.

Commodities

The District will use food commodities made available under the Federal Food Commodity Program for school meals.

Free and Reduced-Price Food Services

The District will provide free and reduced-price meals to students, according to the terms of the National School Lunch Program and the laws, rules, and regulations of the state. The District will inform parents of the eligibility standards for free or reduced-price meals. Identity of students receiving free or reduced-price meals will be confidential, in accordance with National School Lunch Program guidelines. A parent has the right to appeal to a designated hearing official any decision with respect to his or her application for free or reduced-price food services.

The Board may establish programs whereby meals may be provided in the District in accordance with National School Lunch Program guidelines.

The amount charged for such meals shall be sufficient to cover all costs of the meals, including preparation labor and food, handling, utility, and equipment depreciation costs. Meal fees will be established annually at the June board meeting.

Risk Management

The Board believes the District must identify and measure risks of loss which may result from damage to or destruction of District property or claims against the District by persons claiming to have been harmed by action or inaction of the District, its officers or staff. The District will implement a risk management program to reduce or eliminate risks where possible and to determine which risks the District can afford to assume. Such program will consider the benefits, if any, of joining with other units of local government for joint purchasing of insurance, joint self-insuring, or joint employment of a risk manager. The Board will assign primary responsibility for administration and supervision of the risk management program to a single person and will review the status of the risk management program each year at the regular April Board meeting.

The District will purchase surety bonds for the Superintendent, Clerk, and such other staff and in such amounts as the Board shall from time to time determine to be necessary for honest performance of the staff in the conduct of the District's financial operations.

Security

Security means not only maintenance of buildings, but also protection from fire hazards, intruders, damage, vandalism, and faulty equipment. The District shall implement safe practices in the use of electrical, plumbing, and heating equipment. The Board requires close cooperation with local police, fire, and sheriff departments and with insurance company inspectors.

Access to school buildings and grounds outside of regular school hours shall be limited to staff who have work requiring access. An adequate key control system shall be established which shall limit access to buildings to authorized staff and shall safeguard against the potential entry of unauthorized persons.

Records and funds shall be kept in a safe place and under lock and key when required.

Locks and other protective devices designed to be used as safeguards against illegal entry and vandalism shall be installed when appropriate to the individual situation. Employment of security officers may be approved in situations where special risks are involved. All incidents of vandalism, unauthorized access, and burglary shall be reported to the Superintendent immediately and to law enforcement agencies as appropriate.

The board of trustees has identified the following local hazards that exists within the boundaries of its school district: Fire, Earthquake, Avalanche, High Winds, Tornadoes, Intruders, Firearms, Flooding, etc.

The Superintendent **or** building principal shall design and incorporate drills in its school safety or emergency operations plan to address the above stated hazards. The trustees will certify to the office of public instruction that a school safety or emergency operations plan has been adopted. This plan and procedures will be discussed and distributed to each teacher at the beginning of each school year. There will be at least eight (8) disaster drills a year in a school. All teachers will discuss safety drill procedures with their class at the beginning of each year and will have them posted in a place next to the exit door. The drills must be held at different hours of the day or evening to avoid distinction between drills and actual disasters. A record will be kept of all fire drills.

The trustees shall review the school safety or emergency operations plan at its regular June meeting and update the plan as determined necessary by the trustees based on changing circumstances pertaining to school safety. Once the trustees have made the certification to the Office of Public Instruction, the trustees may transfer funds pursuant to Section 2, 20-1-401, MCA to make improvements to school safety and security.

The Superintendent will develop safety and health standards which comply with the Montana Safety Culture Act. The Superintendent shall ensure District employees are provided equipment, tools, and devices designed to ensure a safe and healthy workplace in accordance with this policy. Failure to use the provided equipment in a suitable or timely manner may be considered a violation of District policy. If a staff member requires equipment that is not available, an employee may submit a request to the administration in accordance with established District practice.

To ensure a safe school setting and to comply with regulations governing schools in Montana, the following safety measures shall be implemented in the District:

- (a) Janitorial and other storage areas that contain toxic or hazardous materials must be kept locked between periods of use. Custodial closets, boiler rooms, and other areas where hazardous or poisonous compounds are stored must be inaccessible to

students.

- (b) All cleaning compounds and other toxic chemicals not stored in the product container or package in which it was obtained must be stored in a labeled container that clearly identifies the product by name.
- (c) Chemicals must be stored as specified by the chemical's Safety Data Sheet.
- (d) The school and school site must be free of objects or conditions which create unreasonable or unnecessary dangers to health or safety.
- (e) First aid kits and AEDs must be provided and stored in accessible locations that are easily identifiable to staff and trained personnel.
- (f) Playground and school yards must be inspected every month by the facility manager or other school personnel, and the inspection must be recorded and records kept on the school site. Inspections must be conducted using a playground safety checklist approved by the DPHHS.
- (g) Playground inspection results must be made available for review by the local health authority or the DPHHS upon request.
- (h) Periodic maintenance and repair must be performed on playground equipment according to the manufacturer's specifications. Repairs, not including the leveling of fall protection material, must be documented.
- (i) Playground equipment must be maintained in a safe condition.

Noxious Plant and Animal Control

Each school and school site shall be maintained free of harborage for insects, rodents, and other pests. Extermination methods and other measures to control pests shall conform with the requirements of the DPHHS or the local health authority.

All areas shall be maintained free of accumulation of debris or standing water which may provide harborage for pests.

Storage areas shall be maintained so as to prevent pest harborage. Lumber, pipe, and other building materials shall be stored neatly.

The growth of brush, weeds, and grass shall be controlled to prevent harborage of pests. School grounds shall be maintained to prevent the growth of noxious weeds considered detrimental to health.

Integrated Pest Management Plan

The District has developed and implemented an Integrated Pest Management (IPM) program. Students, parents, and staff shall be notified when chemicals for IPM are going to be used. The school IPM shall include strategies to prevent the spread of pests.

The facility manager, superintendent, or other staff approved by the superintendent shall, whenever practical, ensure the use of nonchemical methods to control pests, including proper sanitation practices, structural repair, and window screens.

Pesticide Application Notification

Except as otherwise provided in this policy, the District shall notify parents or guardians of students of the application of a pesticide to an area of the school that is used by or is accessible to students at least 24 hours before the application. The notification shall state the following:

- (a) A description of the area where the pesticide will be applied;
- (b) The date and approximate time of application;
- (c) The common or brand name of each pesticide to be used;
- (d) The targeted pests to be controlled by the pesticide;
- (e) Each active ingredient in the pesticide;
- (f) The EPA registration number;
- (g) The telephone contact number, if any, on the label of the pesticide for additional information about each pesticide; and
- (h) A contact name and telephone number at the school.
- (i) If the application will be outdoors, the notification shall also include three dates in chronological order in case the preceding date is canceled due to weather.

During the school year, the notification required by this policy shall be made by individual notice delivered by phone, face-to-face oral communication, electronic mail, postal mail, or facsimile. The Board of Trustees authorizes the superintendent or other staff approved by the superintendent to develop a registration system to provide this notification only to those parents who wish to receive the notification. The registration shall provide written notice to the parents or guardians of the student at the beginning of the school year, or upon a child's enrollment, that pesticides may be used in or around the school. The administrator shall develop methods to permit each parent or guardian how to register to be notified at least 24 hours before a pesticide treatment.

If pesticides are used outside the school year and the school is open or to be accessible by the public, the notification required shall be prominently posted in a conspicuous location on the school premises at least 24 hours before the pesticide application is scheduled to occur.

Immediately before starting the application of a pesticide, the certified applicator shall post in the area of the school where the pesticide is to be applied a sign 8.5x11-inch in size or greater. Fonts shall be no smaller than 26 point (one-fourth inch). The administrator shall ensure the sign remains posted and students are kept out of the treated area until the reentry interval on the label, if any, has expired, or, if the label does not specify a reentry interval, for at least 24 hours.

Emergency Pesticide Application

The superintendent or other staff approved by the superintendent may authorize an immediate pesticide treatment without prior notification if the superintendent determines an emergency exists. An emergency includes an immediate and unanticipated threat to the health and safety of the individuals at the school. If a school administrator authorizes an emergency pesticide application, all the information that is required in a notice under this policy shall be included in the record maintained as required by this policy.

Exceptions to the Notice Requirements

The following pesticide applications are not subject to the notification or posting requirements of this rule:

- (a) Applications of antimicrobial pesticides;
- (b) An application where the school remains unoccupied for a continuous 72-hour period following the application of the pesticide;
- (c) Applications of rodenticides in tamper-resistant bait stations or in areas inaccessible to students; and
- (d) Applications of silica gels and other ready-to-use pastes, foams, or gels that will be used in areas inaccessible to students.

Record Keeping

The superintendent or other staff approved by the superintendent shall keep records of pesticide applications subject to the notification and posting requirements of this rule. Records shall include:

- (a) A copy of each notice issues;
- (b) The date of application;
- (c) The name and employer of the individual who applied the pesticide, including the individual's certification number;
- (d) The rate of application;
- (e) The concentration of the pesticide applied; and
- (f) The total amount of pesticide used.

Records shall be kept for at least five years and shall be made available to the local health authority, DPHHS, or the public for review upon request.

Facility Cleaning and Maintenance

District personnel shall routinely both clean by removing germs, dirt, and impurities and, when necessary, disinfect by using chemicals to kill germs on all surfaces and objects in any school building and on school property that are frequently touched. This process shall include cleaning objects/surfaces not ordinarily cleaned daily.

Personnel shall clean with the cleaners typically used and will use all cleaning products according to the directions on the label. When necessary, personnel shall disinfect with common EPA-registered household disinfectants. Personnel shall follow the manufacturer's instructions for all cleaning and disinfection products.

When necessary, the District shall provide EPA-registered disposable wipes to teachers, staff, and secondary students so that commonly used surfaces (e.g., keyboards, desks, remote controls) can be wiped down before use. The superintendent or other staff approved by the superintendent are required to ensure adequate supplies to support cleaning and disinfection practices. Specifically, the District shall comply with the following cleaning and maintenance requirements:

- (a) Daily cleaning and maintenance services will be provided whenever the school is in use.
- (b) Each janitor room will be kept clean, ventilated, lockable, and free from odors.
- (c) Soiled mop heads will be changed frequently using laundered replacements.
- (d) Toilets, lavatories, and showers will not be used for washing and rinsing of mops, brooms, brushes, or any other cleaning device.
- (e) Cleaners used in cleaning showers, lavatories, urinals, toilet bowls, toilet seats, and floors will contain fungicides or germicides.
- (f) Deodorizers and odor-masking agents will not be used.
- (g) Toilet bowl brushes, mops, and sponges will be used only for cleaning toilet bowls and urinals and will be stored separately from other cleaning devices. Cleaning devices used for lavatories and showers may not be used for any other purposes.
- (h) Dry dust mops and dry dust cloths for cleaning purposes are prohibited, except for use on gymnasium floors. Only treated mops, wet mops, treated cloths, moist cloths, or other means approved by the DPHHS or local health authority which will not spread soil from one place to another may be used for dusting and cleaning, with the exception of gymnasium floors.
- (i) All furnishings, fixtures, floors, walls, and ceilings will be clean and in good repair as outlined in this Policy.
- (j) Cleaning compounds and pesticides will be stored, used, and disposed of in accordance with the manufacturer's instructions.
- (k) Safety data sheets will be kept with all cleaning supplies in the area where the cleaning supplies are located.
- (l) As current non-green cleaning supplies are depleted, it is recommended that they are replaced with cleaning products that are "Green Products".

- (m) All cleaning supplies need to have an EPA registration number, a “use by” reading letter, be stored with approved ventilation, and stored out of the reach of students.
- (n) All vomit, blood, and fecal matter including diarrhea will be cleaned using appropriate personal protective equipment. Cleaning supplies and personal protective equipment used for vomit, blood, and fecal matter clean-up will be disposed in accordance with disposal of medical equipment in Policy 3416, if applicable. All affected areas will be disinfected in accordance with this Policy.
- (o) All therapeutic whirlpools will be constructed and maintained for easy cleaning. Whirlpools will be drained and sanitized after each use. Individuals with open sores or infections are prohibited from using therapeutic whirlpools.

Assigned Cleaning and Disinfecting

Personnel shall evaluate and identify surfaces and objects to be cleaned and disinfected in accordance with the knowledge, experience, and applicable guidance from federal, state, tribal, and local health officials. Personnel shall have access to or the opportunity to access the latest available guidance upon request to their supervisor.

Personnel shall coordinate with colleagues and supervisors to develop a plan, schedule, and routine to regularly clean identified surfaces and objects. Personnel shall honor this plan, schedule, and routine until adjusted. Reasons for adjustment may include but are not limited to change in school schedule, absence of colleagues, availability of equipment and supplies, and federal, state, tribal, or local health directives and guidance. If adjustment is necessary, personnel shall again coordinate with colleagues and supervisors to improve the plan, schedule, and routine. Personnel shall solicit and accept perspectives from colleagues and other school officials when considering improvements to the plan.

Personnel shall prioritize cleaning frequently touched and indoor surfaces. Hard and non-porous surfaces and objects that are touched daily shall be the top priority for cleaning on a daily basis. Hard and non-porous surfaces and objects that are not indoors or have not been occupied for seven days shall be routinely cleaned. Personnel shall always use chemicals, products, and substances in a manner consistent with the applicable instructions.

Personnel shall thoroughly clean or launder soft, porous, or fabric-based materials as permitted by location and substance. During evaluation and identification of surfaces, personnel shall consider removing soft and porous materials in high traffic areas that may increase risk of exposure.

Personnel shall establish and maintain safe work practices in accordance with these procedures and School District policy in order to reduce the risk of exposure. If disinfection of any surface or item is necessary, disinfection shall occur in accordance with stated guidance and substance instructions.

Physical Barriers and Guides

Personnel shall review school buildings and identify areas where installation of physical barriers, such as sneeze guards and partitions, shall assist or protect students and staff. Personnel shall coordinate with building or district administrators to complete or install any identified physical barrier.

Operation and Maintenance of District Facilities

The District seeks to maintain and operate facilities in a safe and healthful condition. The facilities manager, in cooperation with principal, fire chief, and county sanitarian, shall annually inspect plant and facilities or as necessary. The facilities manager shall develop a program to maintain the District physical plant by way of a continuous program of repair, maintenance, and reconditioning. Budget recommendations shall be made each year to meet these needs and any such needs arising from an emergency.

The facilities manager shall formulate and implement energy conservation measures. The principal and staff are encouraged to exercise other cost-saving procedures in order to conserve District resources in the buildings.

The District shall permit representatives of DPHHS or local health authority to enter any school at any reasonable time for the purpose of making inspections to determine compliance with applicable regulations. DPHHS or local health authority may determine that special circumstances or local conditions warrant inspections with greater or less frequency. Upon receiving a complaint, the local health authority may determine if more inspections are necessary.

Inspections of school facilities shall be done using forms approved by the DPHHS. Inspection records shall be kept on file at the school for at least three years from the time of inspection. Following each inspection, representatives of the DPHHS or local health authority shall give the school administration a copy of an inspection report which notes any deficiencies and sets a time schedule for compliance. The report shall document deficiencies.

The District shall comply with the Building and Fire Safety Codes administered by the State Building Codes Division and the State Fire Marshal or by local building officials.

Laundry Facilities

Laundries operated in conjunction with or utilized by the District shall be provided with:

- (a) A mechanical washer and hot air tumble dryer. Manual washing and line drying of towels and other laundry items is prohibited. Dryers shall be properly vented to prevent maintenance problems and buildup of moisture.
- (b) A hot water supply system capable of supplying water at a temperature of 120 degrees F to the washer during all periods of use.
- (c) Sufficient separation between the area used for sorting and storing soiled laundry and the area used for folding and storing clean laundry to prevent the possibility of cross-contamination.
- (d) Separate carts for transporting soiled and clean laundry.
- (e) Handwashing facilities including sink, soap, and disposable towels. A soak sink may double as a handwashing sink.

Towels and other laundry items shall be machine washed at a minimum temperature of 120 degrees F for a minimum time of ten minutes and dried to greater than or equal to 130 degrees F for ten minutes in a hot air tumble dryer.

Solid Waste and Recycling

In order to ensure that solid waste, including recycling material, is safely stored and disposed of, the School District shall:

- (a) Store all solid waste between collections in containers which have lids, are corrosion-resistant, and are constructed to minimize pest attraction and harborage;
- (b) Clean all solid waste containers with sufficient frequency to maintain them in a condition which minimizes pest attraction;
- (c) For exterior containers other than dumpsters or compactors, utilize stands which prevent the containers from being tipped, protect them from deterioration, and allow easy cleaning below and around them. Further, dumpsters or compactors shall be located on or above a smooth surface of non-absorbent material, such as concrete or asphalt, that is maintained in clean and good condition;
- (d) Transport, or utilize a private or municipal hauler to transport, the solid waste at least weekly to a landfill site approved by the DEQ in a covered vehicle or covered containers.

Physical Requirements

The School District shall comply with the following physical requirements:

- (a) Floors, walls, and ceilings in toilet, locker, and shower rooms, laundries, janitorial closets, and similar rooms subject to large amounts of moisture shall be maintained in a smooth and non-absorbent condition. Non-absorbent, non-skid floor matting may be used where appropriate to prevent injury.
- (b) Adequate coat/jacket and book storage for each student shall be provided;
- (c) Livestock and poultry shall be located more than 50 feet from food service areas, offices, or classrooms except those offices and classrooms associated with animal husbandry activities or other demonstrations as approved by the school administration. In classrooms, offices, or food service areas where livestock and poultry are approved by the administrator, animals shall not have contact with eating or serving surfaces.

Water Supply Systems and Wastewater

The District shall ensure an adequate and potable supply of water for school buildings and properties by either:

- (a) Connecting to a compliant public water supply system; or
- (b) Utilizing a non-public system whose construction and use meet the standards published by the DPHHS if the school is not utilized by more than 25 persons daily at least 60 days out of the calendar year, including staff and students, and a compliant public water supply system is not accessible. When using a system outlined in this subsection (b), a school shall submit a water sample at least quarterly to a laboratory licensed by the DPHHS to perform microbiological analysis of the water supplied in order to determine that the water does not exceed the maximum microbiological contaminant levels acceptable to DPHHS.

A water supply system of a type other than described in subsections (a) or (b) may be utilized only if it is designed by a professional engineer and offers equivalent sanitary protection as determined by DPHHS or local health authority. When using a system outlined in this paragraph, the District shall submit a water sample at least quarterly to a laboratory licensed by DPHHS to perform microbiological analysis of the water supplied in order to determine that the water does not exceed the maximum microbiological contaminant levels acceptable to DPHHS, DEQ, or local health authority.

The District shall replace or repair the water supply system serving it whenever the water supply:

- (a) Contains microbiological contaminants in excess of the maximum levels acceptable to DPHHS, DEQ, or local health authority.
- (b) Does not have the capacity to provide adequate water for drinking, cooking, personal hygiene, laundry, and water-carried waste disposal.

If the District cannot make water under pressure available, the drinking water from an approved source shall be stored in a clean and sanitized container having a tight-fitting lid and a suitable faucet apparatus for filling individual cups. In this situation, single service drinking cups shall be provided.

Flushing and Testing

The District shall review water systems and features including but not limited to sink faucets, drinking fountains, and decorative fountains to ensure they are safe to use after a prolonged facility shutdown. Drinking fountains shall be regularly cleaned and sanitized. The District shall create and implement a flushing program unless it meets the established waiver requirements established by DEQ. Flushing shall be required following any period of time during which the school is inactive.

The District shall maintain a schematic and inventory of fixtures in accordance with DEQ protocols as part of the District's water testing program. The District shall sample all water fountains and sinks used for food preparation. All other potential human consumption fixtures shall be sampled, unless the District receives approval for a testing plan from DEQ to test a representative sample of potential fixtures in the school in accordance with DEQ protocols. All samples shall be analyzed by a Montana certified lab using EPA-approved standard drinking water methods for the detection and quantification of lead. All test results will be considered public records.

Wastewater

The District shall ensure wastewater is completely and safely disposed of by:

- (a) Connecting to a compliant public wastewater system; or
- (b) If the school is not utilized by more than 25 persons daily at least 60 days out of the calendar year, including staff and students, and a compliant public wastewater system is not available, utilizing a non-public system whose construction and use meet DEQ construction and operation standards.

If the District uses pit privies, the privies shall be operated and maintained in compliance with the standards specified in DEQ Circular 4. If the District uses a wastewater system design of a type other than described in this policy, it shall be designed by a professional engineer and offers equivalent sanitary protection as determined by the DPHHS, DEQ, or local health authority.

Service Animals

For the purposes of this policy, state law defines a service animal as a dog or any other animal that is individually trained to do work or perform tasks for the benefit of an individual with a disability. Federal law definition of a disability includes a physical, sensory, psychiatric, intellectual, or other mental disability.

The District shall permit the use of a miniature horse by an individual with a disability, according to the assessments factors as outlined in Policy 8425P, if the miniature horse has been individually trained to do work or perform tasks for the benefit of the individual with a disability.

The Jefferson High School District will permit the use of service animals by an individual with a disability according to state and federal regulations. The School District will honor requests for service animals in accordance with the applicable Section 504 or Special Education policy adopted by the Board of Trustees. The work or tasks performed by a service animal must be directly related to the handler's disability.

Examples of work or tasks performed by the service animal to accommodate an identified disability include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing nonviolent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.

The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of this definition.

The District may ask an individual with a disability to remove a service animal from the premises if:

- The animal is out of control and the animal's handler does not take effective action to control it;
- or
- The animal is not housebroken

The District is not responsible for the care or supervision of the service animal.

Individuals with disabilities shall be permitted to be accompanied by their service animals in all areas of the District's facilities where members of the public, participants in services, programs or activities, or invitees, as relevant, are allowed to go.

Service Animal Allowance Procedure

The School District will honor requests for service animals by students or staff in accordance with the applicable Section 504 or Special Education policy adopted by the Board of Trustees. The following procedures have been developed which will help guide the administration when a request for the use of a service animal has been presented by an individual with a disability.

Inquiries: The administration shall not ask about the nature or extent of a person's disability, but may make two inquiries to determine whether an animal qualifies as a service animal. The administration may ask if the animal is required because of a disability and what work or task the animal has been trained to perform. The administration shall not require documentation, such as proof that the animal has been certified, trained, or licensed as a service animal. Generally, the administration may not make these inquiries about a service animal when it is readily apparent that an animal is trained to do work or perform tasks for an individual with a disability (*e.g.*, the dog is observed guiding an individual who is blind or has low vision, pulling a person's wheelchair, or providing assistance with stability or balance to an individual with an observable mobility disability).

Exclusions: The administration may ask the individual to remove the service animal from the premises if the animal is out of control and the handler does not take effective action to control it, or if the animal is not housebroken. If the administration properly excludes the service animal, it shall give the individual the opportunity to participate in the service, program, or activity without having the service animal on the premises.

Surcharges: The administration shall not ask or require the individual to pay a surcharge, even if people who are accompanied by pets are required to pay fees, or to comply with other requirements generally not applicable to people without pets. If the District normally charges individuals for the damage they cause, the individual may be charged for damage caused by his or her service animal.

Miniature horses assessment factors: In determining whether reasonable modifications can be made to allow a miniature horse into a specific facility, the District shall consider:

- The type, size, and weight of the miniature horse
- Whether the miniature horse is housebroken, and
- Whether the miniature horse's presence in a specific facility compromises legitimate safety requirements that are necessary for safe operation.

Revision Note:

The District supports the use of therapy dogs and other therapy animals by teachers or other qualified school personnel ("Owner") for the benefit of its students, subject to the conditions of this policy.

Therapy Animals

Therapy dogs and other therapy animals are family pets that are trained and registered or certified through therapy organizations. They are only half of the therapy team. The handler is the other half. Therapy teams enter the school by invitation or prior approval.

A therapy animal is not a service animal, and unlike a service animal, a therapy animal does not assist a person with a disability with activities of daily living, nor does it accompany a person with a disability at all times. Therapy animals do not have legal rights.

Requirements of Therapy Animals and User/Owners

Individuals with disabilities using therapy or companion animals are responsible for their animals at all times and must comply with the following requirements:

Request: An Owner must submit a written request to the Superintendent. The request must be renewed each school year or whenever a different therapy animal will be used.

Registration, Training and Certification: The Owner must register the therapy animal and provide documentation of the registration, certification, and training to the Superintendent. The registration and certification must remain current at all times.

Health and Vaccination: The therapy animal must be clean, well groomed, in good health, house broken, and immunized against diseases common to dogs. The Owner must submit proof of current licensure from the local licensing authority and proof of the therapy animal's current vaccinations and immunizations from a licensed veterinarian.

Control: A therapy animal must be under the control of the "Owner", at all times, through the use of a leash or other tether unless the use of a leash or other tether would interfere with the therapy animals' safe, effective performance of its work or tasks.

Identification: The therapy animals must wear appropriate visible identification that identifies in writing that the animal is a therapy animal.

Behavior: The Owner must take responsibility for the behavior of the animal in private and public places, and for due care and diligence in the use of the animal on school district property.

Health and Safety: The therapy animal must not pose a health and safety risk to any student, employee, or other person at the school.

Supervision and Care of Therapy Animals: The Owner is solely responsible for the supervision and care of the therapy dog, including any feeding, exercising, and clean-up while the animal is in the school building or on school property. The school district is not responsible for providing any care, supervision, or assistance for a therapy animal.

Authorized Areas: The Owner shall only allow the therapy animal to be in areas in school buildings or on school property that are authorized by the school administrators.

Insurance: The Owner must submit a copy of an insurance policy that provides liability coverage for the therapy animal while on school property.

Exclusion or Removal from School. A therapy animal may be excluded from school property and buildings if a school administrator determines that:

- (1) A handler does not have control of the therapy animal;
