Annual performance framework (academic, fiscal, and organizational/operational) evaluation is considered using a five (5) point scale as found below.

Excellent	Very Good	Fair	Poor	Not Evident
5	4	3	2	1

1. Epicenter Efficiency and Accountability (Epicenter = On-Line Compliance System)

Rate the 'on time' submission and correctness of required documents.

Epicenter percentage on-time: 100%

5 4 3 2 1

Comments:

Stephanie Moore submits compliance documents to us as Sponsor via Epicenter. Epicenter is the online compliance repository for all required documents by the Sponsor and the Ohio Department of Education. The compliance rate is at 100%. Documents cover governance, academic, fiscal, and operational requirements for both the school and governing authority.

Comments: Leadership has provided positive support. All trainings have been completed. We would like to remind the governing authority that the ESC Board passed an amendment to the sponsorship agreement on March 23, 2018. That amendment has been shared with everyone multiple times. *We now need each school's governing authority to vote on the amendment at their next scheduled school governing authority meeting so that contracts can be appropriate updated with the Ohio Department of Education.*

6. Academic Accountability

How is the school performing in relation to the Education Plan?

Table 1 – Comparing Early College Academy to Life Skills Center of Columbus North (Dropout Prevention School)

	Life Skills Center of Columbus North (9-12)	Early College Academy (9-12)
High School Test Passage Rate	Meets Standards	Exceeds Standards

Graduation Rate (8 Year)	Does Not Meet Standards (11.2%)	Meets Standards (38.8%)
Graduation Rate (Combined)	Meets Standards (12.9%)	Meets Standards (32.6%)
Attendance Rate	51.5%	54.8%

- Contracts should include additional measures and targets, beyond the Gap Closing, for applicable student subgroups

The above items are also referenced in the PowerPoint Presentation from our Annual Sponsor Community Schools Workshop at this link [workshop materials](#). The language regarding these changes was added to the contract amendment.
