

How to set up your email on your iPad:

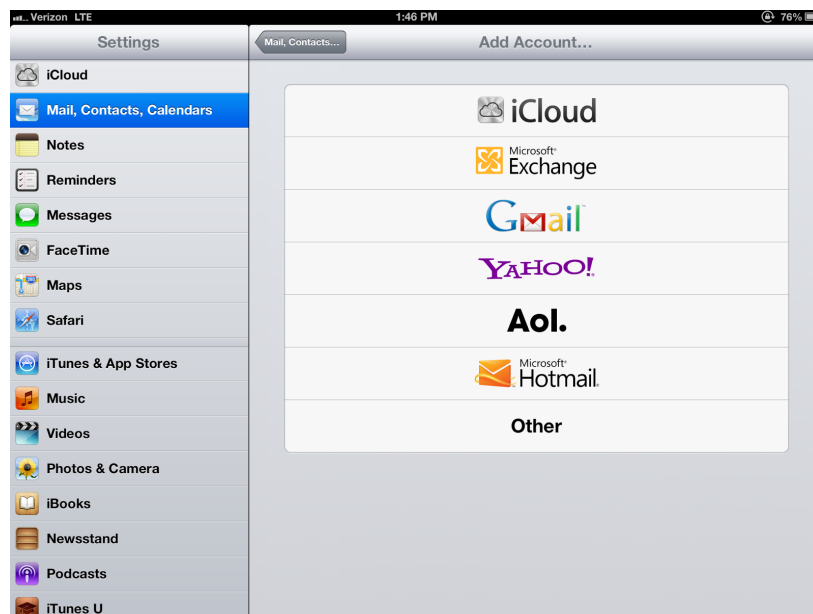

- Go to your settings tab.

- On the left side of your screen, if you scroll down, you will see “Mail, Contacts, Calendars.” Click on that. Then Click on “Add Account.”

- Next, click on “Exchange.”

- It will then ask for your email address. Your email address is the first letter of your first name, your last name, then your graduation year followed by @students.pdys.org. For example, mfriess55@students.pdys.org.
- Your password is your network password that you use to log in to the computers at school.
- Under description, put "School Email" and hit "Next."
- Under server, type in m.google.com.
- Leave Domain blank.
- For username, copy and past your email address and hit "Next."
- On the next page, simply click "Save" and you're done!
