School Year 2017-2018

Annual performance framework (academic, fiscal, and organizational/operational) evaluation is considered using a five (5) point scale as found below.

Excellent	Very Good	Fair	Poor	Not Evident	
5	4	3	2	1	

1. Epicenter Efficiency and Accountability (Epicenter = On-Line Compliance System)

Rate the 'on time' submission and correctness of required documents.

Epicenter percentage on-time: 100%

5 <u>4</u> 3 2 1

Comments:

Kaitlyn Kruse and Kathy Simpson submit compliance documents to us as Sponsor via Epicenter for TMAT. Epicenter is the online compliance repository for all required documents by the Sponsor and the Ohio Department of Education. The compliance rate is currently at 100%. There are, however, a few items that still need corrected after the initial submission

was incorrect. Also, the correction of many requirements submitted to Epicenter has taken multiple back-and-forth communications between the sponsor and school in 2017-18. Documents submitted cover governance, academic, fiscal, and operational requirements for both the school and governing authority. There are many intricacies involved with compliance due to changes in law, Ohio Department of Education requirement changes, and the detail of each requirement. We ask all those from whom Kathy and Kaitlyn must gather documentation to continue to work with them because there are some dates in Epicenter that have no room for adjustment due to statutory requirements.

2. Technical Assistance, Monitoring and Intervention

Rate the frequency and degree of severity of these processes. Have any Corrective Action Plans (CAP's) or probationary notices been issued?

5 4 <mark>3</mark> 2 1

<u>Comments</u>: TMAT was placed on a corrective action plan in January 2018 for communication with the sponsor. I am confident the criteria for communication of issues has been established, and this matter is resolved.

3. Financial Plan

Rate the degree to which the school performed its obligations noted in the Financial Plan.

5 4 3 2 1

<u>Comments</u>: All fiscal reports have been submitted on time for the school year. Alan Hutchinson has conducted monthly reviews which are all documented in Epicenter. We remind the school to be aware of the upcoming spring submission of the five-year forecast in Epicenter. ODE webinar information has been provided to each school. During the webinar, changes to the template will be discussed. We appreciate the detailed fiscal reports that are given in multiple formats.

4. Enrollment

Rate the level of student retention/transiency during life of the contract.

<u>5</u> 4 3 2 1

<u>Comments</u>: Enrollment has been fairly consistent with a slight decrease over the course of the school year. Enrollment in November 2017 during the Fall Site Visit was 284, and in March 2018 during the Spring Site Visit it was 289.

5. Governance/Organizational/Operational

Rate the overall leadership of the governing authority and operational organization.

<u>5</u> 4 3 2 1

<u>Comments</u>: Leadership has provided very positive support. All trainings are now completed. We would like to remind the governing authority that the ESC Board passed an amendment to the sponsorship agreement on March 23, 2018. That amendment has been shared with everyone multiple times. Thank you to the TMAT governing authority for voting on the amendment at the April meeting.

6. Academic Accountability

How is the school performing in relation to the Education Plan?

Table 1 – Comparing The Maritime Academy of Toledo to Toledo City School District

	Toledo City (K-12)	The Maritime Academy of Toledo (5-12)
Achievement (Component Grade)	F	F
Achievement (Performance Index)	D (53.3%)	F (47.1%)
Achievement (Indicators Met)	F (0% 0/27)	F (0% 0/7)
Gap Closing	F (21.1%)	F(8.4%)
K-3 Literacy	D (20.5%)	NR
Progress (Component)	D	D
Progress (Overall)	F	F
Progress (Gifted)	A	NR
Progress (Lowest 20%)	D	С
Progress (Students with Disabilities)	F	С

Graduation Rate (Component)	F	F
Graduation Rate (4 Year)	F (72.1%)	F (3.7%)
Graduation Rate (5 Year)	F (77.3%)	F (68.6%)
Prepared for Success	F (11.0%)	F (3.2%)

Key:

- NR = Not Rated due to grade level being N/A or not enough students in the sample.
- Green Indicates charter school scored higher than Toledo on that indicator.
- Red Indicates charter school scored lower than Toledo on that indicator.

How did the school say it would perform versus how it actually performed?

 Conversation surrounding report card data will occur as well as Exhibit 4 and spreadsheet from the contract.

5 4 3 <u>2</u> 1

<u>Comments</u>: We remind the school to incorporate all that it is doing into the accountability spreadsheets. We would like to see continued growth in all areas of the report card. It should be noted that the 4-year graduation rate, as well as the Prepared for Success report card indicators would have been better than they are, were it not for reporting errors by a previously employed EMIS coordinator. We will review the year in totality once all end of the year assessments are completed.

7. Contract Sufficiency (per ORC section 3314.03)

The level of contract sufficiency - ODE checklist will be used to determine whether contract has been updated to their standards once received. To date, all is compliant.

8. Conclusion

How is the school performing in relation to the contractual requirements?

<u>Comments</u>: It is a pleasure to work with everyone at the school, and the high level of professionalism and cooperation of all personnel is truly appreciated. The school continues to work to be compliant and timely in submissions related to performance framework

(academic, fiscal, organization/operational, and governance). We would like to see continued growth in the area of academics as well as integrating all goals and progress from monthly assessment reports into the accountability spreadsheets. The school will begin the renewal application process in the fall of 2018 because the current contract expires on June 30, 2019.

As part of the High Stakes Review during renewal time, data over the term of the contract will be reviewed. We have requested that the schools update their accountability spreadsheets as part of their academic performance framework. In addition to report card indicators, the following should be included:

- Contract should address all state report card measures and indicators
- Contracts should include mission-specific performance measures and targets
- Contracts should include additional measures and targets, beyond the Gap Closing, for applicable student subgroups

The above items are also referenced in the PowerPoint Presentation from our Annual Sponsor Community Schools Workshop at this link <u>workshop materials</u>. The language regarding these changes was added to the contract amendment.

- Annual Review sent via email to all school leaders and governing authority members for review on April 5, 2018.
- Report to be discussed in person at April/May 2018 Governing Authority Meetings.
- Annual Review to be provided to parents via push notifications, school website, and Sponsor website.
