### EDS Family of Annual Funds

The Eagle Fund and Auction make up our annual giving program at Bishop Noland Episcopal Day School. It is a critical part of our school's fundraising efforts. The funds provide resources that enrich the educational experiences of our students. These gifts have an immediate and direct benefit to each student and faculty member, as well as to the quality and scope of school programming.

The Annual Giving Program allows for a flexible response to the school's needs. Your gifts and support will help us preserve the school's unique educational experience while also preserving our beautiful campuses. We completed some very exciting projects last year on both school campuses. On the North Campus we painted the exterior of the building, installed new storm resistant windows, installed a special film to entry points for extra security, and purchased new furniture for office spaces. Construction has begun on another STEM wing on the South Campus. None of this would be possible without your support and donations to the Auction and the Eagle Fund. Thank you so much for your continued support of Bishop Noland Episcopal Day School. Each donation is valued, regardless of the size.

Gifts to the Eagle Fund and Auction Patrons are recognized in the following giving circles:

#### 19 "Breaux Bridge Band" Signed & Numbered Lithograph

Rodrigue Painted in 1971, The Breaux Bridge Band is a classic among George Rodrigue's paintings. Along with similar works from this period, it defines his style as a pictorial champion of the Cajun culture, recording snapshots of time within turn-of-the-century Southwest Louisiana. Ironically, however, it is only on the artist's canvas, and not in reality, that this band connects Acadiana's heritage to the music that today, along with Cajun food and joie de vivre, characterizes a culture. "There really was a Breaux Bridge Band around 1900," explains George Rodrigue, "but it was called a 'Classical Music Band.' They were very popular at the time. The members were Cajuns and Europeans, and their repertoire was classical. It had nothing to do with Cajun music." **Donated by:** Alexis Wilson
