

CREATING AN ONLINE MYMEALTIME ACCOUNT

You can access and monitor your child's lunch account through mymealtime.com. It's easy to set up an account for your child.

You will be entering YOUR information here not your student's information. The student ID number is not used to create your profile but is used in the next step when you add your student(s) onto your profile.

- Go to d23.org
- Parent quick links
- Food service
- MealTime login
- Create new profile
- Fill out the required fields

When setting up your account at mymealtime.com, remember to check the low balance notification button, and enter the dollar amount at which you choose to be notified. By doing this, you will receive an email when your child's account balance gets low and it is time to send in another payment. This will help prevent your child's account from becoming negative.

If you have questions about your account or your balance, please contact [mymealtime](http://mymealtime.com). The school offices do not have access to your account information. The number for [mymealtime](http://mymealtime.com) is: 847-870-5325.
