

Self-Screening Requirements

We want to make sure it is safe and healthy for everyone to enter our schools in light of the COVID-19 pandemic. To help us, we ask everyone entering our schools to answer these questions for themselves.

Questions

1. Have you been in close contact with a confirmed case of COVID-19?
2. Have you had a fever or felt feverish in the last 72 hours?
3. Are you experiencing any respiratory symptoms including a runny nose, sore throat, cough, or shortness of breath?
4. Are you experiencing any new muscle aches or chills?
5. Have you experienced any new change in your sense of taste or smell?
6. Is your temperature at or above 100.0 Fahrenheit? (*Employees - please have your temperature screened at the main entrance.*)

What will happen next:

- If you answered NO to all of these questions, you may enter. Everyone is required to wear a face covering; exceptions are rare. Thank you!
- If you answered YES to any one question above, you need to stay home.

Students	You will wait in the school nurse's designated space until there are arrangements for you to get home.
Employees	Return home and contact your supervisor.
Visitors	Visitors are discouraged. Consider how to conduct your business without entering the school.

Employees arriving outside of the hours when the front desk is staffed:

- Complete the survey before entering the building and check your temperature. We will be unable to take your temperature at the school.
