April 13, 2021

Annual Fertilizer & Weed Control Notification

Between the dates of April 1 and October 31, 2021 the District's landscaping contractor will be conducting various weed control & fertilizer applications on turf areas throughout the District. The weed control application will utilize EPA registered products, and will be applied by licensed applicators. Weed control and fertilizer applications are conducted on weekends or non-attendance days throughout the course of the year.

Due to a number of variable weather conditions which must be met when applying fertilizer and weed control, exact dates of application are not available. Turf areas will be marked with flags after applications.

For any additional information, please contact Brian Rominski, Director of Buildings & Grounds at 1-847-870-3850.
