Re: Turf Application

Turf Application is scheduled for Saturday, April 18, 2026, weather permitting.

The weed control application will utilize EPA registered products, and will be applied by licensed applicators. Weed control and fertilizer applications are conducted on weekends or non-attendance days throughout the course of the year.

“This application will be a turf pre-emergent weed control and fertilizer treatment. Once the application has dried, typically within 2–4 hours, all areas may be safely used.”

For any additional information, please contact Luis Gonzalez, Director of Operations at 1-847-870-5581.
