The Pickaway Community Band Scholarship

The Pickaway Community Band, formally the Circleville Pumpkin Show Band, is a community group with members of all ages. The band performs at numerous functions in central Ohio each year. The members are dedicated to a lifelong commitment to music and the joy that it brings to themselves and to the community. The purpose of this scholarship is to help high school instrumental music students further their education and to encourage them to continue to participate in musical ensembles in their adult years. The recipients do not need to pursue a major in music because the band members realize that most community instrumentalists have pursued other careers and dedicate their spare time to music.

Please type or print the following information:

Name _____

Address_____

Phone Number_____ **Date of Birth**_____
