

Connect on Sparkler to Support Your Child's Early Learning TOGETHER

1

Go to Settings

Tap on the **gear** in the upper right corner of the Sparkler app (see screenshot) to access app settings

2

Go to My Account

In settings, tap on **My Account**. Then tap **Add New**.

3

Invite an Adult

Press the **plus** and then add the email address of the other caregiver you want to invite to collaborate with you in Sparkler.

4

Collaborate

The primary account will see developmental screenings and coaching messages but both parents/caregivers can use the app to play and learn together with the child.

5

Update in Future

You can always edit who has access in the future in App Settings.
