

GOOD MORNING JVS – Here are your DAILY ANNOUNCEMENTS for Monday, October 14th

October is Manufacturing Month in the State of Ohio. Each day in October we will be sharing a MANU-FACT about manufacturing locally, regionally or nationally! We hope you find them interesting.

Over the past 28 years, U.S.-manufactured goods exports have quadrupled. In 1990, for example, U.S. manufacturers exported \$329.5 billion in goods. By 2000, that number had more than doubled to \$708.0 billion. In 2018, it was just shy of the all-time high reached in 2014, which was \$1.403 trillion. Despite a stronger dollar, slowing global growth and lingering trade uncertainties, U.S.-manufactured goods exports were up 4.7 percent and 5.6 percent in 2017 and 2018, respectively.
