

Preparing for the One Needs Assessment and ONE PLAN

What do the regional experts say?!

Description: Are you working through your [One Needs Assessment](#), wondering what data to use, what constitutes a quality root cause analysis, and what evidence-based practices could be used to shore up your Multi-Tiered System of Support (MTSS)? Have you ever wanted time to proactively talk with regional experts to help think about what should be in your [One Plan](#)?

Please join us virtually on February 6, 2023 to talk with regional and state experts as you develop a few areas on your One Needs Assessment and One Plan.

Who: ALL EDSTEPS Cohorts with emphasis on EDSTEPS Cohort 3, Superintendents, Administrators, Federal Programs Consultants, Instructional Coaches, ESC Consultants, Community School Leaders, and Community School Sponsors.

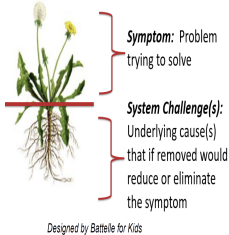

Date: February 6, 2023 (Virtual)

**Strategy Area:
Curriculum,
Instruction, and
Assessment -Math**

**SMART GOAL Area:
Mathematics**

Once you have selected math as a priority in the One Needs Assessment, are you wondering how this might connect to your One Plan with evidence-based strategies?

Please join Brian Brickley, ODE math expert, as he shares information to support the development of strategies and/or actions connected to a math goal.

- Accessing grade level content;
- Mathematical Practices, including available resources to support internal professional development;
- EdReports;
- How to leverage the Model Curriculum; and
- Rubrics for student and adult use.
