Dear Parents and Students,

Here are the assignments for Week 6. Please choose at least 3 activities from the math choice board and 3 activities from the language arts choice board. Once again, you may reach me by Remind or through email at wendy.serra@loganelm.org.

Keep up the great work and stay safe and healthy!
Mrs. Serra

MATH CHOICE BOARD FOR WEEK 6

Choose at least 3 math activities to complete for the week. You may choose as many as you want! The activities you choose do not have to be three in a row.

Collect items from your toy box. Sort them into groups. Tell how you sorted them.	Identify time to the hour and time to the half hour on digital and analog clocks.	Count your steps as you walk (by 1s, 10s, 5s, 2s).
Take a walk and tally the colored flowers you see. Make a graph from the data you collected.	Make a schedule of your day (to the hour and half hour).	Match up socks. Count the pairs by 2s.
Show someone a graph that you made. Ask them questions about the data.	Chalk Clock - Draw digital and analog clocks with chalk, showing time to the hour and time to the half hour.	Choose a card from a deck. Make tally marks to show that number.

Earth Day is Wednesday, April 22nd! Think about ways you can help the Earth!

* Put on some gloves and clean up trash or litter around your yard, a field, or along the roadside, with parents' help.
*Start or continue to recycle items such as plastic, paper, and glass.
*Help your parents around the yard: plant flowers or a tree, weed flowerbeds and gardens, help clean out the garage!
*Keep in mind...Reduce, Reuse, Recycle!
*Turn off the lights when you're not occupying a room.
*Turn off the water while brushing your teeth.
*If you live near a creek or pond, clean up trash around the water and in the water. Keep the water safe for animals and plants!
