

# NORDONIA HILLS CITY SCHOOLS PRESENTS:

## Technology to Build & Support Study Skills

Presented by: Natalie Borrell, Licensed School Psychologist &  
Certified Academic Life Coach

### About the Tech Talk:

Technology can be a valuable tool for students to learn, build, and maintain strong study skills.

Technology can support students in each of these areas including keeping documents organized, effectively using a calendar, notetaking, memorization techniques, studying for tests and quizzes, focus techniques, and the writing process.

This session will be hosted by licensed school psychologist, academic life coach and trainer Natalie Borrell.

**Join us for this valuable learning event for parents and students:**
