The DAC wants to share/spread through the district. Dana will send the link for this out.

4. Discussed #6 - TLA model - Dana said that JES is looking at it as a whole school model and OGES might be interested in this model for 1 grade level only at this time. Discussed staffing and what it looks like and why. She said that this was a way to help people complete/seek degrees through the ARL program and be able to get paid while learning and to help attract student teachers. Dana then showed slides with the TLA model and explained job descriptions:

Novice teacher (in years 1-5) - benefit from mentor and guidance
