

SUBJECT: PROBATION AND TENURE

Probation

For Common, Central, and Union Free School Districts:

Generally, teachers, all other members of the teaching staff, principals, administrators, supervisors, and all other members of the supervising staff will be appointed by the Board upon the recommendation of the Superintendent for a probationary period of four years.

The probationary period will not exceed three years for teachers previously appointed to tenure in any district or BOCES within the state, provided that the teacher was not dismissed from that district or BOCES as a result of charges brought pursuant to Education Law Section 3020-a or 3020-b and met the required annual professional performance review (APPR) rating in his or her final year of service there.

Additionally, up to two years of service as a regular substitute teacher may be applied toward probationary service. (This is sometimes referred to as Jarema Credit.)

The probationary period will not exceed three years for principals, administrators, supervisors, or other members of the supervising staff appointed on or after June 1, 2020 who were previously appointed to tenure as an administrator within an authorized administrative tenure area in any district or BOCES within the state provided that the individual was not dismissed from that district or BOCES as a result of charges brought pursuant to Education Law Section 3020-a or 3020-b.

During the probationary period, a staff member will be given assistance in adjusting to the new position, but the essential qualifications for acceptable performance will be assumed because the staff member attained the required certification or license.

A staff member's appointment may be discontinued at any time during his or her probationary period upon the recommendation of the Superintendent and by majority vote of the Board.

Any staff member not recommended for tenure appointment will be notified in writing by the Superintendent no later than 60 days before his or her probationary period expires.

SUBJECT: PROBATION AND TENURE (Cont'd.)

Tenure

The Board will comply with all applicable laws and regulations regarding tenure.

At the expiration of the probationary period or within six months prior, the Superintendent will make a written report to the Board recommending for appointment to tenure those who have been found competent, efficient, and satisfactory and, in the case of teachers and building principals, those who have received APPR ratings of effective or highly effective in at least three of the preceding four years, exclusive of any breaks in service.

If a teacher or building principal receives an APPR rating of ineffective in their final probationary year after receiving APPR ratings of effective or highly effective in the preceding probationary years, they will not be eligible for tenure. However, the Board may extend that teacher's or building principal's probationary time by an additional year. The teacher or building principal may be eligible for immediate tenure if he or she successfully appeals the ineffective rating.

The Board may then—by a majority vote—appoint to tenure any or all of the persons recommended by the Superintendent.

A teacher or building principal will remain on probationary status until the end of the school year in which he or she has received APPR ratings of effective or highly effective for at least three of the four preceding school years, exclusive of any breaks in service. During this time, the Board may grant tenure contingent upon a teacher's or building principal's receipt of a minimum APPR rating in the final year of his or her probationary period. If the contingency is not met after all appeals are exhausted, the grant of tenure will be void and unenforceable and the teacher's or building principal's probationary period may be extended for an additional year in accordance with law.

- a) The name of the appointee;
