

## *Logan Elm Local School District*

9579 Tarlton Road  
Circleville OH 43113  
740-474-7501

The Ohio Department of Health released new COVID-19 guidelines for schools, which are now in effect. We have included links to documents from the Ohio Department of Health and Pickaway County Public Health with all of the new guidelines. Below is a bulleted list of some changes you will notice to our protocols based on these new guidelines:

- Contact tracing will no longer take place when there is a positive case in a K-12 classroom or school related activity.
- Students and staff are no longer required to quarantine if they come in contact with a positive case or reside with someone who is positive. Regardless of vaccination status, students exposed to COVID-19 outside of school should wear a mask to school for 10 days following exposure and remain asymptomatic. Unvaccinated contacts can continue to participate in extracurricular activities if they follow the ODH "Test to Play" guidelines
- Ill students should not attend school. Students who test positive will still isolate at home for 5 days until symptoms improve. They will wear a mask for an additional 5 days upon return (days 6-10).
- Parents will continue to be notified of confirmed cases of COVID-19 by classroom, grade or building level.
- There will continue to be a Logan Elm COVID dashboard on the Logan Elm website, under Nurse's Office/ Covid-19 Information.

Please see the links below for additional information. If you have any questions, contact Pickaway County Public Health at 740-477-9667.
