New PK-12 Building Update...Draft Concept Drawings and Floorplans Released

Logan Elm Schools, along with Ohio Facilities Construction Commission and Fanning Howey: Architecture, Interiors, Engineering are pleased to release several draft concept drawings and floor plans for the new PK-12 building. Please click [here](#) to visit our "Construction News" webpage to view more draft pictures and the floor plans.

Logan Elm Schools to Reopen on "Plan B": Students attend in alternating day groups

Logan Elm Local Schools will reopen on "Plan B" with students divided into two groups for attendance. The decision to reopen on "Plan B", even though both Pickaway County and Hocking County were not at the "red" level on the Public Health Alert system, was made to ensure we start the school year in the safest manner for "in person" learning.

To read a letter from Superintendent Williams on our reopening plans, please click [here](#).

Safety Measures Implemented

Our staff has been busy this summer making changes to provide a safer environment for our students! We have followed recommendations from state and local health departments, the Ohio Department of Education and the Center for Disease Control (CDC). A few of the many changes are pictured below.

Hand Sanitizing Stations have been added to classroom areas.

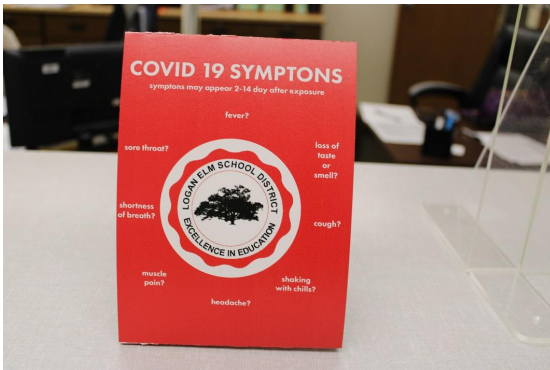

Arrows have been placed on floors to remind students of "one way" travel in rooms and hallways.

Cleaning and sanitizing supplies have been distributed to bus drivers.

Floor markers indicate 6 foot distances...the recommended social distancing measurement!

Symptom Charts are displayed in offices. Parents are asked to do a daily "symptom check" prior to sending their children to school.

Masks are required for K-12 students, staff and visitors!

LEave Your LEgacy capital campaign is off to a great start!

The LEave Your LEgacy capital campaign to enhance the athletic and performing arts areas of the new PK-12 building is off to a great start! Donations received and/or pledged to date total \$386,735.73! This is almost 26% of our \$1,500,000 goal.

LEave Your LEGacy

A Capital campaign to improve the Athletic & Performing Arts Areas in the Logan Elm PK-12 School.

A New Era Begins

In November 2018, the Logan Elm community came together to LEave a LEGacy. We voted to construct a new PK-12 school to ensure a safe, secure and modern learning environment for the future. The Ohio Facilities Construction Commission (OFCC) sets the basic standards for the design of new school buildings for academic instruction. However those basic standards do not support areas within the buildings for our student's extra activities.

We believe students are enriched through extra activities offered through music, art, drama, athletics, and other leadership opportunities that are not fully funded. To continue Logan Elm's mission of excellence in education, we need to expand on the state's provisions through private gifts, locally funded initiatives (LFI), to improve areas of the building. We are seeking donations from supporters like you who value education! Our goal is to raise \$1,500,000.

Our Plan to LEave Your LEGacy

A group of Logan Elm alumni and residents have stepped forward to form the Logan Elm: LEave Your LEGacy Committee. They've launched a focused capital campaign to improve areas of our new PK-12 building campus.

Capital campaign funds will:

- Improve the LE Event and Performing Arts Community Center with tiered theater seating for concerts, drama productions, assemblies, and community events.
- Enlarge the gymnasiums for increased seating capacity for spectators and athletic practices.
- Add additional locker and restrooms for athletes and visitors.
- Improve machines/technology for woods, metals, and agriculture labs.
- Preserve the history of Logan Elm school buildings.
