We affirm and accept our responsibility to practice our profession according to the highest ethical standards. We acknowledge the magnitude of the profession we have chosen and engage ourselves, individually and collectively, to judge our colleagues and to be judged by them in accordance with the applicable provisions of this code.

Principle I: Commitment to the student. We measure success by the progress of each student toward achievement of their maximum potential. We therefore work to stimulate the spirit of inquiry, the acquisition of knowledge and understanding and the thoughtful formulation of worthy goals. We recognize the importance of cooperative relationships with other community institutions, especially the home. In fulfilling our obligation to the student, we:

- encourage the student to study and express varying points of view and respect the student's right to form their own judgment;
- conduct conferences with or concerning students in an appropriate place and manner;
- seek constantly to improve learning facilities and opportunities.

Principle II: Commitment to the community. We believe that patriotism in its highest form requires dedication to the principles of our democratic heritage. We share with all other citizens the responsibility for the development of sound public policy. As educators, we are particularly accountable for participating in the development of educational programs and policies and for interpreting them to the public. In fulfilling our obligations to the community, we:

- share the responsibility for improving the educational opportunities for all;
- recognize that each educational institution has a person authorized to interpret its official policies;
- acknowledge the right and responsibility of the public to participate in the formulation of educational policy;
- evaluate through appropriate professional procedures conditions within a district or institution of learning, make known serious deficiencies and take action deemed necessary and proper;
- assume full political and citizenship responsibilities, but refrain from exploiting the institutional privileges of our professional positions to promote political candidates of [or] partisan activities;
- protect the educational program against undesirable infringement and promote academic freedom.

Principle III: Commitment to the profession. We believe that the quality of the services of the education profession directly influence[s] the future of the nation and its citizens. We therefore exert every effort to raise educational standards, to improve our service, to promote a climate in which the exercise of professional judgment is encouraged, to demonstrate integrity in all work-related activities and interactions in the school setting and to achieve conditions which attract persons worthy of the trust to careers in education. Aware of the value of united effort, we contribute actively to the support, planning and programs of our professional organizations. In fulfilling our obligations to the profession, we:

- recognize that a profession must accept responsibility for the conduct of its members and understand that our own conduct may be regarded as representative of our profession;

- participate and conduct ourselves in a responsible manner in the development and implementation of policies affecting education;
- cooperate in the selective recruitment of prospective teachers and in the orientation of student teachers, interns and those colleagues new to their positions;
- accord just and equitable treatment to all members of the profession in the exercise of their professional rights and responsibilities;
- refrain from assigning professional duties to nonprofessional personnel when such assignment is not in the best interest of the student;
- refrain from exerting undue influence based on the authority of our positions in the determination of professional decisions by colleagues;
- keep the trust under which confidential information is exchanged;
- make appropriate use of the time granted for professional purposes;
- interpret and use the writings of others and the findings of educational research with intellectual honesty;
- maintain our integrity when dissenting by basing our public criticism of education on valid assumptions as established by careful evaluation of facts;
- respond accurately to requests for evaluation of colleagues seeking professional positions;
- provide applicants seeking information about a position with an honest description of the assignment, the conditions of work and related matters.

We regard the employment agreement as a solemn pledge to be executed both in spirit and in fact in a manner consistent with the highest ideals of professional service. Sound professional personnel relationships with governing boards are built upon integrity, dignity and mutual respect between employees, administrators and local school boards. In fulfilling our obligations to professional employment practices, we:

- apply for or offer a position on the basis of professional and legal qualifications;
- apply for a specific position only when it is known to be vacant and refrain from such practices as underbidding or commenting adversely about other candidates;
- fill no vacancy except where the terms, conditions and policies are known;
- adhere to and respect the conditions of a contract or to the terms of an appointment until either has been terminated legally or by mutual consent;

Description of Conflict:

(Standards of Professional Conduct)

We, licensed New Mexico educators acknowledge that ethical values in our schools cannot exist without ethical leadership. It is our ultimate goal to educate children so that they may become productive citizens; we understand that our guidance and ability to provide choices has a profound effect on reaching this goal. In affording students and each other choices, we agree to consider the consequence of each choice, the moral value best exemplified by the recommended choice, and our position on the choice if it were applied to us. These principles apply equally to all licensed educators in all schools except where they are uniquely applicable to public schools or where they conflict with principles of religious freedom.

Moral values are to ethical leadership what years of experience are to a successful educator. The former sets the stage for success of the latter. Abstract principles that espouse excellence do not easily equate into simple behavioral maxims. We are certain that some foundational concepts can be embraced because they truly celebrate desirable moral values. These concepts are: respect for one's self and others, honesty and openness, the delicate balance between absolute freedom and safety, the equally delicate balance between confidentiality and the right to know, equality of opportunity, fairness to all, and personal integrity.

In the final analysis it is our consistent ethical leadership that wins the most allies and produces the best results. Not only does this code highlight our professional responsibilities, but also it stimulates us to discuss the professional implications of our ethical choices and ethical recommendations, causes us to assess and reassess our application of moral values, and sets forth concrete behaviors appropriate for education professionals. We are committed to this code and understand that it provides minimally accepted standards of professional conduct in education.

Standard I – Duty to the student. We endeavor to stimulate students to think and to learn while at the same time we seek to protect them from any harm. Ethical leadership requires licensed educators to teach not only by use of pedagogical tools, but also by consistent and justifiable personal example. To satisfy this obligation, we:

- shall, in compliance with the Family Educational Rights and Privacy Act of 1974 (20 U.S.C. Section 1232g, 34C.F.R. Part 99), the Individuals with Disabilities Education Act (20 U.S.C. Section 1401 *et seq.*, 34 C.F.R. Part 80), the Mental Health and Developmental Disabilities Code (Section 43-1-19, NMSA 1978), the Inspection of Public Records Act (Section 14-2-1 *et seq.*, NMSA 1978), the Public School Code (Section 22-1-8, NMSA 1978), and the Children's Code (Sections 32A-2-32, 32A-4-3, NMSA 1978), withhold confidential student records or information about a student or his/her personal and family life unless release of information is allowed, permitted by the student's parent(s)/legal guardian, or required by law;
- shall not discriminate or permit students within our control, supervision or responsibility to discriminate against any other student on the basis of race, color, national origin, ethnicity, sex, sexual orientation, disability, religion, or serious medical condition;
- shall avoid using our positions as licensed school employees to exploit or unduly influence a student into engaging in an illegal act, immoral act, or any other behavior that would subject a licensed school employee or student to discipline for misconduct whether or not the student actually engages in the behavior;
- shall tutor students only in accordance with local board policies, if any, only after written permission from the student's parent(s)/legal guardian, and only at a place or time approved by the local school and/or the student's parent(s)/legal guardian;
- shall not give a gift to any one (1) student unless all students situated similarly receive or are offered gifts of equal value for the same reason;
- shall not lend a student money except in clear and occasional circumstances, such as where a student may go without food or beverage or be unable to participate in a school activity without financial assistance;

- shall not have inappropriate contact with any student, whether or not on school property, which includes but is not limited to:
 - ▪ all forms of sexual touching, sexual relations or romantic relations;
 - inappropriate touching which is any physical touching, embracing, petting, hand-holding, or kissing that is unwelcome by the student or is otherwise inappropriate given the age, sex and maturity of the student;
 - ▪ any open displays of affection toward mostly-boys or mostly-girls; and
 - ▪ offering or giving a ride to a student unless absolutely unavoidable as where a student has missed his/her usual transportation and is unable to make reasonable substitute arrangements;
- shall not interfere with a student's right to a public education by sexually harassing a student or permitting students within our control, supervision or responsibility to sexually harass any other student, which prohibited behavior includes:
 - making any sexual advances, requests for sexual favors, repeated sexual references, any name calling by means of sexual references or references directed at gender-specific students, any other verbal or physical conduct of a physical nature with a student even where the licensed educator believes the student consents or the student actually initiates the activity, and any display/distribution of sexually oriented materials where students can see them; and
 - creating an intimidating, hostile or offensive work/school environment by at a minimum engaging in any of the prohibited behaviors set forth at Paragraph (7) or Subparagraph (a) of Paragraph (8), Subsection B of 6.60.9.9 NMAC, above.

Standard II – Duty to the profession. The education profession has been vested by the public with an awesome trust and responsibility. To live up to that lofty expectation, we must continually engender public confidence in the integrity of our profession and must strive consistently in educating the children of New Mexico, all of whom will one-day shape the future. To satisfy this obligation, we:

- shall not make a false or misleading statement or fail to disclose a material fact in any application for educational employment or licensure;
- shall not orally or in writing misrepresent our professional qualifications;
- shall not assist persons into educational employment whom we know to be unqualified in respect to their character, education, or employment history;
- shall not make a false or misleading statement concerning the qualifications of anyone in or desiring employment in education;
- shall not permit or assist unqualified or unauthorized persons to engage in teaching or other employment within a school;
- shall not disclose personal, medical, or other confidential information about other educational colleagues to anyone unless disclosure is required or authorized by law;
- shall not knowingly make false or derogatory personal comments about an educational colleague, although first amendment protected comments on or off campus are not prohibited;
- shall not accept any gratuity, gift, meal, discount, entertainment, hospitality, loan, forbearance, favor, or other item having monetary value whose market value exceeds one hundred dollars (\$100), excluding approved educational awards, honoraria, plaques, trophies, and prizes;

- shall avoid conduct connected with official duties that is unfair, improper, illegal or gives the appearance of being improper or illegal;
- shall not sexually harass any school employee, any school visitor or anyone else we might encounter in the course of our official duties, which includes:
 - making any sexual advances, requests for sexual favors, repeated sexual references, and name calling by means of sexual references or references directed at any gender-specific individuals named above;
 - making any other verbal gesture or physical conduct with any of the above-named individuals even where the licensed educator believes they consent, or they actually initiate the activity;
 - displaying or distributing any sexually oriented materials where the above-named individuals can see them; and
 - creating an intimidating, hostile, or offensive work/school environment by engaging in any of the prohibited behaviors set forth at Subparagraphs (a), (b) or (c), Paragraph (10), Subsection C of 6.60.9.9 NMAC, above;
- ◆ • shall educate oneself at least annually about avoiding sexual harassment by either attending periodic training, reviewing sexual harassment literature or the Equal Employment Opportunity Commission (EEOC) guidelines found at Title 29 Code of Federal Regulations Part 1604 (29 C.F.R. Section 1604.1 *et seq.*) or contacting appropriate school human resources personnel;
- shall not engage in inappropriate displays of affection, even with consenting adults, while on school property or during school events off campus;
- shall not without permission of a supervisor use public school property to conduct personal business or our personal affairs;
- shall use educational facilities and property only for educational purposes or purposes for which they are intended consistent with applicable policy, law and regulation;
- shall not discriminate against any school employee, or any other person with whom we have any dealings or contact in the course of our official duties, on the basis of race, color, national origin, ethnicity, sex, sexual orientation, disability, religion, or serious medical condition;
- shall not engage in any outside employment:
 - • the performance of which conflicts with our public school duties, such as where a licensed educator takes a private job that would require performance in the very school district where he/she is employed;
 - • where we use confidential/privileged information obtained from our public school employment as part or all of our private employment duties; and
 - that impairs our physical ability to perform our school duties;
- shall not, with the intent to conceal/confuse a fact, change or alter any writing or encourage anyone else to change or alter any document:
 - in connection with our official school duties;
 - in connection with another licensed person's official school duties;
 - in connection with any standardized or non-standardized testing;

- in connection with any school application or disclosure process; and
- in connection with any writing submitted to the public education department related to our initial or continued licensure, including endorsements;
- shall not in connection with any State Board-approved teacher test knowingly make any misrepresentations about one's identity, or engage in any false or deceptive acts of test-taking or test-registering;
- shall not engage in any conduct or make any statement:
 - that would breach the security of any standardized or non-standardized tests;
 - that would ignore administering portions or the entirety of any standardized or non-standardized testing instructions;
 - that would give students an unfair advantage in taking a standardized or non-standardized test;
 - that would give a particular school or a particular classroom an unfair advantage in taking a standardized or non-standardized test; and
 - that would assist students in obtaining services or benefits for which they do not qualify or are not entitled;
- shall not, when on school property or off campus while representing the school or attending a school function, engage in violent, abusive, indecent, profane, boisterous, unreasonably loud or otherwise disorderly conduct which tends to disturb the peace.
- shall not hold, or continue to hold, employment for which educator licensure or certification is required when the individual knew, should have known or is informed by the State Public Education Department (PED), that the individual does not hold the required credentials; and
- shall not use school information technology equipment, hardware, software or internet access to view, download, display, store or print pornographic images or advertisements, nude images, or sexually explicit depictions or language;
- shall not engage in unprofessional conduct, which conduct shall include but not be limited to the following:
 - striking, assaulting or restraining a student for no valid reason;

 - bringing firearms onto school property or possessing them on school property, except with proper authorization;
 - possessing or consuming alcohol beverages at school;
 - possessing or using illegal drugs;
 - being under the influence of alcohol or illegal drugs at school;

- shall report any knowledge of inappropriate contact, as provided by Paragraph (7) of Subsection B of 6.60.9.9 NMAC with a student or other school employee to the local school authority within thirty (30) days of obtaining such knowledge.

Sanctions

The standards of professional conduct establish minimal standards of accepted professional conduct with which all educators and administrators are required to comply. Therefore, the Secretary of Education through the professional licensure unit ("licensure unit") of the public education department (PED), may revoke or suspend the licensure of any person, or may deny applications for licensure or relicensure to any person, who is within the scope of the department regulation and who after hearing is found to have failed to comply with one (1) or more of the enumerated provisions of the standards of professional conduct set forth in Section 6.60.9.9 NMAC, exclusive of the preamble.

In General

All employees of the District are expected to conduct themselves in a manner consistent with effective and orderly education and to protect students and District property. No employee shall, by action or inaction, interfere with or disrupt any District activity or encourage any such disruption. No employee, other than one who has obtained authorization from the appropriate school administrator, shall carry or possess a weapon on school grounds. All employees shall at all times attempt to maintain order, abide by the policies, rules, and regulations of the District, and carry out all applicable orders issued by the Superintendent.

Licensed personnel are to follow statements of ethics and standards of conduct indicated in NMAC 6.60.9.8 NMAC and 6.60.9.9 NMAC.

All School District personnel, employees and school volunteers are directed to make themselves aware of and follow federal and state laws, School Board policies, procedures and regulations regarding ethics and conduct.

Investigation and Reporting of Alleged Ethical Misconduct

Any School District personnel, school employee, school volunteer, contractor or contractor's employee who knows or has a reasonable suspicion that a child or student has been subject to ethical misconduct by any School District personnel, school employee, school volunteer, contractor or contractor's employee shall report the matter to:

- ◆ • the Superintendent; or
- ◆ • the department.

If a Superintendent receives a report of ethical misconduct, the Superintendent shall immediately transmit to the department by telephone the facts of the report and the name, address and telephone number of the reporter. The Superintendent shall transmit the same information in writing within forty-eight (48) hours. A school shall take immediate steps to ensure the safety of enrolled students. The identity of any alleged victims will be protected.

A written report shall contain the name, address and age of the child or student; the child's or student's parents, guardians or custodians; the School District personnel, school employee, school volunteer, contractor or contractor's employee who is alleged to have committed ethical misconduct; and any evidence of ethical misconduct, including the nature and extent of any injuries and other information that the maker of the report believes might be helpful to investigate a report of ethical misconduct. The written report shall be submitted upon a standardized form developed by the department. All written reports are to be filed by date and name and are to include any information received or gathered in any investigation. Such records are to be made available to the office of investigation: the Superintendent, Department or law enforcement.

The person making the report shall be notified by the office receiving the report within five (5) days (mailed within five [5] days) by mail or other notification that the report is being investigated.

The Superintendent shall investigate all allegations of ethical misconduct about any School District personnel, school employee, school volunteer, contractor or contractor's employee who resigns, is being discharged or terminated or otherwise leaves employment after an allegation has been made. If the investigation results in a finding of ethical misconduct by a licensed school employee, the Superintendent shall report the identity of the licensed school employee and attendant circumstances of the ethical misconduct on a standardized form to the department and the licensed school employee within thirty (30) days following the separation from employment or immediately if the finding of the ethical misconduct is sexual misconduct with an adult or child.

The Superintendent shall also report allegations of sexual assault or sexual abuse involving any School District personnel, school employee, school volunteer, contractor or a contractor's employee to the appropriate law enforcement agency.

No agreement between a departing school employee and the Governing Authority or Superintendent shall diminish or eliminate the responsibility of investigating and reporting the alleged ethical misconduct to the department or, if legally mandated, to law enforcement, and any such agreement to the contrary is void.

The Secretary of Education may initiate action to suspend, revoke or refuse to renew the license of:

- ❖ • a Superintendent who fails to report ethical misconduct;
- any licensed School District personnel or licensed school employee who fails to report child abuse or neglect pursuant to Section 32A-4-3 NMSA 1978;

Investigations shall be conducted in coordination with internal or external departments and agencies as appropriate.

The Whistleblower shall receive no retaliation or retribution for a report that was provided in good faith - that was not done primarily with malice to damage another or the organization and further, an allegation made in the belief that wrongful conduct may have occurred. However, an allegation is not in good faith if it is made with reckless disregard for willful ignorance of facts that would disprove the allegation. A Whistleblower who makes a report that is not done in good faith is subject to discipline, up to and including termination or other legal means to protect the reputation of the organization and members of its Board and staff. Anyone who retaliates against the Whistleblower (who reported an event in good faith) will be subject to discipline, up to and including termination. The identity of the Whistleblower shall remain confidential unless the issue requires investigation by law enforcement, in which case members of the organization are subject to subpoena.

Reports of suspected fraudulent activities shall be investigated in a manner that protects the confidentiality of the parties and avoid unfounded accusations. Employees involved in the investigation shall be advised to keep information about the investigation confidential.

If an investigation substantiates occurrence of a fraudulent activity, the Superintendent shall issue a report to appropriate personnel and to the Board of Education. Final disposition of the matter and any decision to file a criminal complaint or refer the matter shall rest with the Superintendent or designee. The Superintendent shall:

- inform the State Auditor's Office of any suspected fraud or misappropriation of funds,

G-1000 GBECA
NONMEDICAL USE OR ABUSE OF
DRUGS OR ALCOHOL

Policy Statement

Central Consolidated School District (CCSD) has established a program to assist employees who may be having difficulties with alcohol or drug use and emotional or behavioral problems. This policy is an adjunct to the Drug Free Work Place Policy that encourages employees to independently seek professional assistance. The District is concerned about the welfare of its staff, both certificated and noncertificated, and will support employees in seeking professional assistance. The District is equally committed to providing a safe learning environment.

Through referral, staff will be able to determine (1) the extent of their impairment, and (2) recommendations for resolution. This program will adhere to strict federal confidentiality guidelines as specifically designed.

The District will contract this service out and the awarding agency will report to the Superintendent. Assessment for short term counseling with the contractor will be limited to three (3) visits. At this point, a referral will be made to local resources.

Goals

To encourage employees to make self referrals for assistance through an assessment and referral process. This allows an employee to resolve a problem before it begins to affect work performance.

Supervisors will be able to (1) identify impairment, particularly as it relates to work performance; (2) refer employees for assessment to determine if the employee is fit for duty; and (3) be familiar with methods of legal documentation. These methods will comply with current policies.

Self Referral

Self-referral is the ultimate goal of this policy. The employee must first contact the Human Resources Director for approval in order to authorize payment to the contractor. The employee may then contact the contractor to schedule an appointment for an assessment. All cases are confidential. An employee must sign a Release of Information before the contracting agency can discuss the case with anyone. At the discretion of the administration, a self-referral may require that an employee sign a Release of Information so that the contractor can report the employee's general participation or lack of. The administration may also require that an employee sign an agreement to follow the aftercare plan as developed by the rehabilitation facility.

Management Referral

Management referrals result from identification and/or documentation when an employee is demonstrating poor work performance that may include, but not be limited to alcohol, drug, emotional or behavioral problems. Additionally, a management referral may be made when a condition exists which may jeopardize the health, safety, and/or well-being of students or staff. Supervisors shall document extenuating circumstances and take appropriate disciplinary action as recommended by personnel policy. The employee shall be directed to seek assistance through the District's referral process and shall be reminded that it is a free and confidential service.

Management referrals require that the employee sign a release of information form. This form allows the District and the contractor to discuss: (1) if employee is fit for duty; (2) the employee's participation; and (3) any other relevant issues.

A management referral will require that an employee sign an agreement to follow the aftercare plan as developed by the rehabilitation facility. All information is confidential and will be shared only with management on a "need to know" basis.

Failure to follow the aftercare plan may result in disciplinary action up to and including termination of the employee.

Billing for Service

The contracting agency shall bill the District on a monthly basis. All billing will be assigned codes or case numbers to ensure confidentiality of employees. The only access to this coding may be auditors that the District hires. Auditors only need to determine that billing, payments and codes are handled properly. Auditors will sign agreements to follow the confidentiality standards if patient names are exposed.

Billing will include counseling/assessment time, consultation time with supervisors or management, monitoring the employee's rehabilitation efforts during and post treatment and motivating the employee to follow through with the established and agreed upon aftercare plan.

Employees may be required by the Superintendent, for purposes of employment or retention, to submit to such tests or examinations as a licensed physician deems appropriate.

Exposure Control Plan

Employee(s) with occupational exposure to human blood, human blood components, products made from human blood, or pathogenic microorganisms, including but not limited to Hepatitis B virus or HIV, shall comply with this Exposure Control Plan designed to eliminate or minimize employee exposure.

This Exposure Control Plan contains the following elements:

- The exposure determination outlined below.
- The schedule and method of implementation.
- The procedure for the evaluation of circumstances surrounding exposure.

A copy of this Exposure Control Plan shall be accessible to employees.

This Exposure Control Plan shall be reviewed and updated at least annually and whenever necessary to reflect new or modified tasks and procedures that affect occupational exposure, and to reflect new or revised employee positions with occupational exposure.

This Exposure Control Plan shall be made available to the Assistant Secretary of Labor and the Director of the Occupational Safety and Health Administration upon request for examination and copying.

Exposure Determination

The District has determined that employee positions may involve the following levels of exposure to bloodborne pathogens as a collateral function to the primary job description:

- High risk - Coaches, physical education instructors, custodians, certain special education program personnel, playground duty personnel, health services personnel, and security personnel.
- Moderate risk - Regular instructional program personnel, other special education program personnel, school level office personnel, maintenance personnel, food services personnel, and special assignment personnel (e.g., counselors, librarians).
- Low risk - District level office personnel.

Methods of Compliance

General. Universal precautions shall be observed by all District employees to prevent contact with blood or other potentially infectious materials. Under circumstances in which differentiation between body fluid types is difficult or impossible, all body fluids shall be considered potentially infectious materials.

Engineering and work practice controls:

- Engineering and work practice controls shall be used to eliminate or minimize employee exposure. If occupational exposure remains after institution of these controls, personal protective equipment shall also be used.

- Engineering controls shall be examined and maintained or replaced on a regular schedule to ensure their effectiveness.
- The District shall provide hand-washing facilities that are readily accessible to employees.
- When provision of hand-washing facilities is not feasible, the District shall provide either an appropriate antiseptic hand cleanser in conjunction with clean cloth/paper towels or antiseptic towelettes. When antiseptic hand cleansers or towelettes are used, hands shall be washed with soap and running water as soon as feasible.
- The District requires that employees wash their hands immediately or as soon as feasible after removal of gloves or other personal protective equipment. Supervisory personnel shall ensure compliance.
- The District requires that employees wash hands and any other skin with soap and water, or flush mucous membranes with water immediately or as soon as feasible following contact of such body areas with blood or other potentially infectious materials. Supervisory personnel shall ensure compliance.
- Contaminated needles and other contaminated sharps shall not be bent, recapped, or removed except as noted below. Shearing or breaking of contaminated needles is prohibited.
 - Contaminated needles and other contaminated sharps shall not be recapped or removed unless no other alternative is feasible or such action is required by a specific medical procedure as determined by a competent medical professional qualified to make such determination.
 - Such recapping or needle removal must be accomplished through the use of a mechanical device or a one-handed technique.
- Immediately or as soon as possible after use, contaminated reusable sharps shall be placed in appropriate containers until properly reprocessed. These containers shall be:
 - Puncture resistant.
 - Labeled or color coded in accordance with this standard.
 - Leakproof on the sides and bottom.
 - In accordance with legal requirements for reusable sharps.
- Eating, drinking, smoking, applying cosmetics or lip balm, and handling contact lenses are prohibited in work areas where there is a reasonable likelihood of occupational exposure.
- Food and drink shall not be kept in refrigerators, freezers, shelves, or cabinets, or on countertops or benchtops where blood or other potentially infectious materials are present.
- All procedures involving blood or other potentially infectious materials shall be performed in such a manner as to minimize splashing, spraying, spattering, and generation of droplets of these substances.
- Mouth pipetting/suctioning of blood or other potentially infectious materials is prohibited.
- Specimens of blood or other potentially infectious materials shall be placed in a container that prevents leakage during collection, handling, processing, storage, transport, or shipping.
 - The container for storage, transport, or shipping shall be labeled or color coded according to law and closed prior to being stored, transported, or shipped. When a facility utilizes "universal precautions" in the handling of all specimens, the labeling/color coding of specimens is not necessary, provided containers are recognizable as containing specimens. This exemption applies only while such specimens/containers remain with the facility. Labeling or color coding is required when such specimens/containers leave the facility.

- If outside contamination of the primary container occurs, the primary container shall be placed within a second container that prevents leakage during handling, processing, storage, transport, or shipping and is labeled or color coded according to the requirements of this standard.
- If the specimen could puncture the primary container, the primary container shall be placed within a secondary container that is puncture resistant in addition to the above characteristics.
- Equipment that may become contaminated with blood or other potentially infectious materials shall be examined prior to servicing or shipping and shall be decontaminated as necessary, unless the decontamination of such equipment or portions of such equipment is not feasible as determined by a supervisory employee assigned to make such determination.
 - A readily observable label in accordance with law shall be attached to the equipment stating which portions remain contaminated.
 - This information shall be conveyed to all affected employees, the servicing representative, and/or the manufacturer, as appropriate, prior to handling, servicing, or shipping so that appropriate precautions will be taken.

Personal protective equipment:

- *Provision.* When occupational exposure occurs, the District shall provide, at no cost to the employee, appropriate personal protective equipment such as, but not limited to, gloves, gowns, laboratory coats, face shields or masks and eye protection, and mouthpieces, resuscitation bags, pocket masks, or other ventilation devices. Personal protective equipment will be considered "appropriate" only if it does not permit blood or other potentially infectious materials to pass through to or reach the employee's work clothes, street clothes, undergarments, skin, eyes, mouth, or other mucous membranes under normal conditions of use and for the duration of time that the protective equipment will be used.
- *Use.* The District requires that all exposed employees use appropriate personal protective equipment unless the District documents that a specific employee temporarily and briefly declined to use personal protective equipment when, under rare and extraordinary circumstances, it was such employee's professional judgment that in the specific instance its use would have prevented the delivery of health care or public safety services or would have posed an increased hazard to the safety of the worker or co-worker. When the employee makes this judgment, the circumstances shall be reported by the employee and investigated and documented by the District in order to determine whether changes can be instituted to prevent such occurrences in the future.
- *Accessibility.* Appropriate personal protective equipment in the appropriate sizes must be readily accessible at the work site or issued to employees. Hypoallergenic gloves, glove liners, powderless gloves, or other similar alternatives shall be readily accessible to employees who are allergic to the gloves normally provided.
- *Cleaning, laundering, and disposal.* The District shall clean, launder, and dispose of *personal protective equipment required* in this standard, at no cost to the employee.
- *Repair and replacement.* The District shall repair or replace personal protective equipment as needed to maintain its effectiveness, at no cost to the employee.
- Any garment(s) penetrated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible.
- All personal protective equipment shall be removed prior to leaving the work area.
- When personal protective equipment is removed it shall be placed in an appropriately designated area or container for storage, washing, decontamination, or disposal.
- *Gloves.* Gloves shall be worn when it can be reasonably anticipated that the employee may have hand contact with blood, other potentially infectious materials, mucous membranes, and nonintact skin; when performing vascular access procedures; and when handling or touching contaminated items or surfaces.

- Disposable (single-use) gloves, such as surgical or examination gloves, shall be replaced as soon as practical when contaminated or as soon as feasible if they are torn, punctured, or their ability to function as a barrier is compromised.
- Disposable (single-use) gloves shall not be washed or decontaminated for reuse.
- Utility gloves may be decontaminated for reuse if the integrity of the gloves is not compromised. However, they must be discarded if they are cracked, peeling, torn, punctured, or exhibit other signs of deterioration or when their ability to function as a barrier is compromised.

Housekeeping:

- *General.* The work site must be maintained in a clean and sanitary condition. The District shall establish, attach hereto, and implement an appropriate written schedule for cleaning and the method of decontamination based upon the location within the facility, type of surface to be cleaned, type of soil present, and tasks or procedures being performed in the area.
- All school activity areas are cleaned daily.
- In cleaning operations involving human blood, a cleaning solution consisting of ten to one (10:1) ratio of water and bleach will be used.
- All equipment and environmental and working surfaces shall be cleaned and decontaminated after contact with blood or other potentially infectious materials.
 - Contaminated work surfaces shall be decontaminated with an appropriate disinfectant after completion of procedures, immediately or as soon as feasible when surfaces are overtly contaminated or after any spill of blood or other potentially infectious materials, and at the end of the work shift if the surface may have become contaminated since the last cleaning.
 - Protective coverings - such as plastic wrap, aluminum foil, or imperviously backed absorbent paper used to cover equipment and environmental surfaces - shall be removed and replaced as soon as feasible when they become overtly contaminated or at the end of the work shift if they may have become contaminated during the shift.
 - All bins, pails, cans, and similar receptacles intended for reuse that have a reasonable likelihood of becoming contaminated with blood or other potentially infectious materials shall be inspected and decontaminated on a regularly scheduled basis and cleaned and decontaminated immediately or as soon as feasible upon visible contamination.
 - Broken glassware that may be contaminated shall not be picked up directly with the hands. It shall be cleaned up using mechanical means such as a brush and dust pan, tongs, or forceps.
 - Reusable sharps that are contaminated with blood or other potentially infectious materials shall not be stored or processed in a manner that requires employees to reach by hand into the containers where these sharps have been placed.
- *Regulated waste:*
 - Contaminated sharps discarding and containment:
 - ▲ Contaminated sharps shall be discarded immediately or as soon as feasible in containers that are:
 - ◆ Closable.
 - ◆ Puncture resistant.

- ♦ Leakproof on sides and bottom.
- ♦ Labeled or color coded.
- ▲ During use, containers for contaminated sharps shall be:
 - ♦ Easily accessible to personnel and located as close as is feasible to the immediate area where sharps are used or can be reasonably anticipated to be found (e.g., laundries).
 - ♦ Maintained upright throughout use.
 - ♦ Replaced routinely and not be allowed to overfill.
- ▲ When moving containers of contaminated sharps from the area of use, the containers shall be:
 - ♦ Closed immediately prior to removal or replacement to prevent spillage or protrusion of contents during handling, storage, transport, or shipping.

 - Closable.
 - Constructed to contain all contents and prevent leakage during handling, storage, transport, or shipping.
 - Labeled or color coded.
- ▲ Reusable containers shall not be opened, emptied, or cleaned manually or in any other manner that would expose employees to the risk of percutaneous injury.
- Other regulated waste containment:
 - ▲ Regulated waste shall be placed in containers that are:
 - ♦ Closable.
 - ♦ Constructed to contain all contents and prevent leakage of fluids during handling, storage, transport, or shipping.
 - ♦ Labeled or color coded.
 - ♦ Closed prior to removal to prevent spillage or protrusion of contents during handling, storage, transport, or shipping.
 - ▲ If outside contamination of the regulated waste container occurs, it shall be placed in a second container. The second container shall be:
 - ♦ Closable.
 - ♦ Constructed to contain all contents and prevent leakage of fluids during handling, storage, transport, or shipping.
 - ♦ Labeled or color coded.
 - ♦ Closed prior to removal to prevent spillage or protrusion of contents during handling, storage, transport, or shipping.

- Disposal of all regulated waste shall be in accordance with applicable regulations of the United States, states, territories, and political subdivisions of states and territories.
- Laundry:
 - Contaminated laundry shall be handled as little as possible, with a minimum of agitation.
 - ▲ Contaminated laundry shall be bagged or containerized at the location where it was used and shall not be sorted or rinsed in the location of use.
 - ▲ Contaminated laundry shall be placed and transported in bags or containers labeled or color coded. When a facility utilizes universal precautions in the handling of all soiled laundry, alternative labeling or color coding is sufficient if it permits all employees to recognize the containers as requiring compliance with universal precautions.
 - ▲ Whenever contaminated laundry is wet and presents a reasonable likelihood of soak-through or leakage from the bag or container, the laundry shall be placed and transported in bags or containers that prevent soaking-through and/or leakage of fluids to the exterior.
 - Employees who have contact with contaminated laundry must wear protective gloves and other appropriate personal protective equipment.
 - When a facility ships contaminated laundry off-site to a second facility, which does not utilize universal precautions in the handling of all laundry, the facility generating the contaminated laundry must place such laundry in bags or containers that are labeled or color-coded.

Hepatitis B vaccination:

- Hepatitis B vaccination shall be made available after the employee has received the training required and within ten (10) working days of initial assignment to all employees who have occupational exposure unless the employee has previously received the complete hepatitis B vaccination series, antibody testing has revealed that the employee is immune, or the vaccine is contraindicated for medical reasons.

- The District shall not make participation in a prescreening program a prerequisite for receiving hepatitis B vaccination.
- If the employee initially declines hepatitis B vaccination but at a later date while still covered under the standard decides to accept the vaccination, the District shall make available hepatitis B vaccination at that time.
- The District requires all employees who decline to accept hepatitis B vaccination that is offered to sign the following statement:

I understand that due to my occupational exposure to blood or other potentially infectious materials I may be at risk of acquiring hepatitis B virus (HBV) infection. I have been given the opportunity to be vaccinated with hepatitis B vaccine, at no charge to myself. However, I decline hepatitis B vaccination at this time. I understand that by declining this vaccine, I continue to be at risk of acquiring hepatitis B, a serious disease. If in the future I continue to have occupational exposure to blood or other potentially infectious materials and I want to be vaccinated with hepatitis B vaccine, I can receive the vaccination series at no charge to me.

- If a routine booster dose(s) of hepatitis B vaccine is recommended by the U.S. Public Health Service at a future date, such booster dose(s) shall be made available.

- Collection and testing of blood for HBV and HIV serological status:
 - The exposed employee's blood shall be collected as soon as feasible and tested after consent is obtained.
 - If the employee consents to base-line blood collection, but does not give consent at that time for HIV serologic testing, the sample shall be preserved for at least ninety (90) days. If within ninety (90) days of the exposure incident the employee elects to have the base-line sample tested, such testing shall be done as soon as feasible.

- The health care professional's written opinion for hepatitis B vaccination shall be limited to whether hepatitis B vaccination is indicated for an employee and whether the employee has received such vaccination.
- The health care professional's written opinion for postexposure evaluation and follow-up shall be limited to the following information:
 - That the employee has been informed of the results of the evaluation.
 - That the employee has been told about any medical conditions resulting from exposure to blood or other potentially infectious materials that require further evaluation or treatment.
- All other findings or diagnoses shall remain confidential and shall not be included in the written report.

WELLNESS PROGRAMS**

(Communicable Diseases)

The Board believes that the health and safety of the students and employees of the District are primary concerns, and that it is necessary, therefore, to adopt a policy governing the manner in which the Board and the administration address such concern when a current or potential employee is infected with a communicable disease. While designed to protect students and employees, this policy also protects the legitimate interests and rights of employees or potential employees having a communicable disease or are carriers of a communicable disease. Employees with a communicable disease or being a carrier of a communicable disease will be permitted to retain their positions, whenever, after reasonable accommodations and without undue hardship, there is no risk of transmission of the disease to others, provided an employee is able to continue to perform the essential functions of the position.

Any decision affecting the employment, continued employment, or suspension from duty will be based upon competent medical advice and will balance the rights of the infected individual against the legitimate interest of the District in protecting the health and safety of the students and remaining employees. Such decisions shall be made in accordance with the provisions of this policy and District administrative procedures. Applicants for employment who are carriers of or who have a communicable disease are obligated to disclose that fact before being employed. Current employees who are carriers of or who have a communicable disease are obligated to disclose that fact to their immediate supervisor as soon as the employee is aware of the condition. The District will not require mandatory testing or screening of individuals for communicable diseases as a condition of employment, either initially or annually, however, if District authorities have reasonable cause to believe that an employee has or is a carrier of a communicable disease, such individual may be required to submit to an appropriate medical examination at the expense of the District.

Employees may voluntarily choose to absent themselves from their position using the Board's other employment policies including sick leave or any other appropriate leaves for any period during which the employee's condition is infectious and/or communicable, provided that such absence is supported by a competent medical professional. Employees who have or are carriers of communicable diseases and who have not voluntarily absented themselves from their duties, will have their employment situation reviewed by a review team consisting of:

- The employee's physician,
- A physician selected by the District,
- The employee,
- The employee's immediate supervisor, and
- The Superintendent or designee.

The review team will make a recommendation to the Superintendent for employment or placement action. The Superintendent shall develop and implement administrative procedures for administering this policy.

Medical Examinations

If at any time there is a question as to the ability of a District employee to perform essential job-related functions, the District may require a complete medical examination by a District appointed physician at the expense of the District. Such action may be taken to protect the health and safety of the employee, other employees or the students while at the same time protecting the legitimate rights and interests of the employee. Such a medical examination will be considered job-related and consistent with business necessity, and therefore permissible, in the following situations:

- When an employee wishes to return to work following an absence due to illness or injury. An examination may be conducted to determine if the employee, with reasonable accommodation, can safely and effectively perform the essential functions of the job.

- When an employee requests an accommodation. If an employee requests an accommodation on the basis of a claimed disability, an examination may be conducted to determine if the employee is an "individual with a disability" to whom a duty of accommodation is owed and, if so, to help identify potential accommodations.
- When an employee is having difficulty performing the assigned job effectively, the District may require the employee to undergo a medical examination to determine if the performance problems are a result of an underlying medical condition.
- When the examination is required by law, medical examinations or monitoring are required under certain circumstances by regulations issued by the Department of Transportation and the Occupational Safety and Health Administration.

The District may conduct voluntary medical examinations as part of an employee health or wellness program. All information obtained through medical inquiries or examinations must be treated as confidential. Thus, medical information must be kept in a confidential file, separate from other personnel information about the employee. The Superintendent shall develop and implement administrative procedures necessary to administer this policy.

Universal Precautions

The District shall follow the "Universal Precautions Standard" set forth in the attached Exhibit GBGCA-E to protect employees who are at risk of being exposed to blood and body fluids in the course of their work.

Food Service Workers

The District shall follow the guidance of the U.S. Department of Health and Human Services concerning infectious and communicable diseases transmitted through the handling of food, and special precautions required for food services workers.

HIV/AIDS

Current medical information indicates that HIV can be transmitted by sexual intercourse with an infected partner, by injection of infected blood products, and by transmission from an infected mother to her child *in utero* or during the birth process. None of the identified cases of HIV infection in the United States are known to have been transmitted in a school setting or through any other casual person-to-person contact. There is no evidence that HIV is spread by sneezing, coughing, shaking hands, hugging, or sharing toilets, food, water, or utensils. According to best medical knowledge and judgments, the use of the "universal precautions" and other procedures that implement this policy are sufficient to protect staff members and students from transmission of HIV at school.

Handling Body Fluids in Schools

The following guidelines are meant to provide simple and effective precautions against transmission of disease for all people potentially exposed to the blood or body fluids of any person (student and/or school employee). No distinction is made between body fluids from persons with a known disease or those from persons without symptoms or with an undiagnosed disease.

The body fluids of all people should be considered to contain potentially infectious agents. The term *body fluids* includes blood, semen, drainage from scrapes and cuts, feces, urine, vomit, respiratory secretions (such as nasal discharge), and saliva.

- Whenever possible, avoid direct skin contact with body fluids. Disposable gloves are recommended when direct hand contact with body fluids is anticipated. If extensive contact is made with body fluids, hands must be washed afterwards. Gloves used for this purpose should be put in a plastic bag, secured, and disposed of daily.
- If direct skin contact does occur, hands and other affected skin areas of all exposed people shall be routinely washed with soap and water.
- Proper handwashing requires the use of soap and water and vigorous washing under a stream of running water for approximately ten (10) seconds.
- Clothing and other nondisposable items that are soaked through with body fluids should be rinsed and placed in plastic bags. If presoaking is required to remove stains, rinse or soak the item in cold water prior to bagging. Clothing should be sent home with the student for washing, with appropriate directions to parents and teachers (see *laundry instructions* below). Always wear gloves when handling items that have come in contact with body fluids.
- Contaminated disposable items shall be handled with disposable gloves, put in a plastic bag, secured, and disposed of daily.
- Body fluid spills on hard surfaces (i.e., floors, countertops, books, etc.) shall be disinfected with bleach (diluted to ten [10] parts water and one [1] part bleach). Gloves shall always be worn during cleanup.
- Cleaning equipment:
 - Nondisposable cleaning equipment (such as dust pans, brooms, and buckets) shall be disinfected by thoroughly rinsing in diluted bleach (ten [10] parts water and one [1] part bleach). Mops shall be soaked in the disinfectant after use and then rinsed with hot water. The disinfectant solution shall be promptly disposed of down a drain pipe.
 - Disposable cleaning equipment (such as paper towels, the vacuum bag, or sweepings) shall be placed in plastic bags, secured, and disposed of daily. No special handling is required for vacuuming equipment. Gloves shall always be used during cleanup.
- Laundry instructions:
 - Clothing soaked with body fluids shall be washed separately from other items. Presoaking may be required for heavily soiled clothing. Otherwise, wash and dry as usual. If the material can be bleached,

add one-half ($1/2$) cup of household bleach to the wash cycle. If the material is not colorfast, add one-half ($1/2$) cup of all-fabric bleach to the wash cycle.

REGULATION REGULATION

WORKERS' COMPENSATION

Reporting of Injury

An employee's immediate supervisor is to be notified immediately whenever an employee is injured or becomes ill due to a work related accident or illness. The District may provide transportation during scheduled work hours for employees who must be sent to a physician or hospital for medical care.

The immediate supervisor shall complete the employer's "Notice of Accident" form. Both the supervisor and the employee must sign and date the Notice of Accident. Failure to complete the Notice of Accident form by the employee within fifteen (15) days of the accident will result in a bar to all benefits provided by the Workers' Compensation Act.

The immediate supervisor will submit the Employer's Notice of Accident to the designated building secretary. The building secretary will submit all required paperwork to the worker's compensation secretary at the Business Office. This form will be completed on any accident or injury resulting in medical treatment or lost time.

The worker's compensation secretary shall provide to the worker's compensation plan provider the forms received from the supervisor of the injured employee.

Medical Services for Injured Employees

If medical attention is required, the Central Consolidated School District has agreed to let its employees decide for themselves what doctor to visit at time of injury. The Central Consolidated School District and CCMSI retain the right to have the employee see a difference physician after sixty (60) days, if they feel it is necessary.

STAFF PARTICIPATION IN
POLITICAL ACTIVITIES

The Board recognizes the rights of its employees, as citizens, to engage in political activity. The Board also recognizes, however, that school property and school time, paid for by the District, shall not be used for partisan political purposes except as provided for in those policies and regulations pertaining to the use of school buildings by civic or political organizations.

For purposes of this regulation, prohibited "political activities" is narrowly defined to mean "partisan political activities" which would include, but not be limited to, the posting of political circulars or petitions, collection and/or solicitation of campaign funds, solicitations for campaign workers, the use of pupils in writing or addressing campaign materials, or the distribution of campaign materials to pupils on District property or during school time in any matter which would indicate that a school employee is using their position in the school to further personal partisan views on candidates for public office or on unresolved question of public policy in the political arena.

Violations of any of the foregoing shall, at the discretion of the Board, constitute cause for reprimand, demotion, suspension, or dismissal.

Nothing in this policy shall be interpreted as prohibiting teachers from conducting appropriate activities which encourage students to become involved in the political processes of the party of the students' choice or as independents; nor does it prohibit the use of political figures as resource persons in the classroom.

Any individual requiring frequent or extended leave for political reasons (appointments, elected positions, et cetera) must have prior approval from the Superintendent and Board of Education.

STAFF GRIEVANCES**

Effective communication between District employees, the administrative staff, and the Board is essential for proper operation of the schools. The Board, therefore, authorizes the Superintendent to establish a grievance procedure for employees as the prescribed means of resolving grievances at the earliest date and the lowest possible administrative level.

Such procedure shall provide for Board review of any grievance that cannot be resolved at the administrative level. In such instances, the affected individual may request that the Board review the situation. Such request shall be in writing and shall contain the basis for the appeal, including the act or acts out of which the grievance arose, identification of the Board policies and/or administrative regulations involved, and the remedy sought. Within five (5) working days following notification of the Superintendent's decision, any written request for appeal shall be submitted to the Superintendent for transmittal to the Board. The Board, at a time of its choosing, shall review the grievance and issue a response within fifteen (15) working days following such review.

Limitations. The following situations are not covered by the grievance procedure:

- The discretionary act(s) of professional judgment relating to the evaluation of the work performance of any employee by the designated evaluator(s).
- A personnel decision made by the Superintendent including, but not limited to, a termination or discharge, a demotion, or Board action directly and adversely affecting an employee's employment that may be subject to redress through provisions of State law and regulation.
- Situations in which the Superintendent and the Board are without authority to act or where the power to remedy the employee's concern resides exclusively with some person, agency or authority other than the Board.
- Situations as to which a different procedure for remedy has been provided by the Board, or where District procedure is prescribed by State or Federal authority.

The decision of the Board is final.

Adopted: April 21, 2005

REGULATION REGULATION

STAFF GRIEVANCES

Definitions

A *grievance* is a complaint by a District employee alleging a violation or misinterpretation, as to the employee, of any District policy or regulation that directly and specifically governs the employee's terms and conditions of employment.

A *grievant* shall be any employee of the District filing a grievance.

Terms and conditions of employment means the hours of employment, the compensation therefor, including fringe benefits, and the employer's personnel policies directly affecting the employee. In the case of professional employees, the term does not include educational policies of the District. A *day* is any day during which the District conducts business. The *immediate supervisor* is the lowest-level administrator having line supervisory authority over the grievant.

Informal Level

Before filing a formal written grievance, the grievant must attempt to resolve the matter by one (1) or more informal conferences with the immediate supervisor. The first of these informal conferences must be conducted within ten (10) days after the employee knew, or should have known, of the act or omission giving rise to the grievance. A second or any subsequent conference must occur within five (5) days after the initial informal conference, or any subsequent conference.

Formal Level

Level I. Within fifteen (15) days after the employee knew, or should have known, of the act or omission giving rise to the grievance, the grievant must present the grievance in writing to the immediate supervisor.

The grievance shall be a clear, concise statement of the circumstances giving rise to the grievance, a citation of the specific article, section, and paragraph of the policy or regulation that directly and specifically governs the employee's terms and conditions of employment that are alleged to have been violated, the decision rendered at the informal conference, and the specific remedy sought.

The immediate supervisor shall communicate a decision to the employee in writing within five (5) days after receiving the grievance.

Within the above time limits either party may request a personal conference to attempt to resolve the matter.

Level II. In the event the grievant is not satisfied with the decision at Level I, the decision may be appealed to the Superintendent within five (5) days after receipt of the decision.

The appeal shall include a copy of the original grievance, the decision rendered, and a clear, concise statement of the reasons for the appeal. The Superintendent shall communicate a decision within five (5) days after receiving the appeal. Either the grievant or the Superintendent may request a personal conference within the above time limits.

Level III. If the grievant is not satisfied with the decision at Level II, the grievant may, within five (5) days, submit an appeal in writing to the Superintendent for consideration by the Board.

General Provisions

Failure at any step of this procedure to appeal a grievance to the next step within the specified time limits shall be deemed an acceptance of the decision rendered at that step, and there shall be no further right of appeal. Failure to file a grievance within fifteen (15) days after the employee knew, or should have known, of the circumstances upon

which the grievance is based shall constitute a waiver of that grievance. The filing or pendency of any grievance under the provisions of this policy shall in no way operate to impede, delay, or interfere with the jurisdiction of the Board or the Superintendent.

No person(s) shall suffer retaliation, recrimination, discrimination, harassment, or be otherwise adversely affected because of the use of the grievance procedure.

Whenever possible, a grievance conference or hearing, at any level, shall be scheduled during a mutually convenient time that does not conflict with the regularly scheduled school program.

A grievant requiring the attendance and testimony of other employees shall have the right to bring such witnesses as are willing to testify on behalf of the employee. When hearings must be scheduled during the work day, any necessary substitutes or released time shall be provided at District expense.

A separate file shall be maintained by the District for all grievances. All documents produced during the processing of a grievance shall be filed therein. All parties shall maintain confidentiality with regard to the proceedings and the resolution of the grievance shall not be made public unless agreed to by the grievant and the Superintendent, or unless the grievant pursues the matter beyond this policy.

Nothing contained herein shall be construed to limit, in any way, the ability of the District and the grievant to resolve any grievance by informal means, and nothing herein shall be construed as requiring resorting to the formal procedures when grievable problems arise.

A grievant may terminate the process at any level if the grievant indicates, in writing, a desire to do so, accepts the resolution at that level, or fails to pursue the grievance by filing at the next level within the specified time limit.

All grievances shall be filed and processed on grievance forms provided by the District and made available at each school and building site.

The time limits at any level may be extended by mutual agreement between the grievant and the appropriate respondent or hearing authority.

The grievant may be represented by legal counsel or union representative, if applicable, in conferences or hearings, except the informal conference. Any representative who intends to represent a grievant at a conference or hearing shall notify the Superintendent of that intention within a reasonable time before the conference or hearing. Failure to do so may justify postponement of the conference or hearing or suspension of the deadline while the Superintendent arranges for or consults with District legal counsel.

The grievance proceedings shall focus only on the issues raised by the written grievance as filed and any related issues as the parties in interest may agree to have considered.

SICK LEAVE BANK**

Purpose

The purpose of the Sick Leave Bank (SLB) is to provide an employee additional paid leave when he or she suffers a catastrophic illness, disability, or serious accident occurs that requires hospitalization and/or home confinement beyond accumulated sick leave. The Board of Education, by adopting the Sick Leave Bank policy, expressly reserves unto itself the right to change, modify, or terminate any or all provisions of this policy at any time it deems necessary.

The Board of Education does not intend for the Sick Leave Bank to create a trust relationship among the participating employees and/or employees and the Board. The Board's intent is to create a means of collectively protecting, to some limited extent, individual participating employees from the detrimental effect of absences from the job, without pay, due to those reasons outlined in the policy.

Definitions

Sick Leave Bank - a bank whereby each employee, on a voluntary basis, may contribute one (1) paid leave day to the Bank and become a member. A Bank member may apply to the Bank for paid leave days in the event the member or a member of his/her immediate family (mother or father, spouse, biological, step, adopted, or foster son or daughter) suffers a catastrophic illness, disability, or serious accident and the member has exhausted all accumulated sick leave.

Catastrophic Illness - major surgeries and/or life threatening illnesses / diseases, (e.g., cancer, heart attack, stroke).

Disability - illness, accident or injury disabling an individual from performing his/her work duties.

Serious Accident - accident requiring extensive hospitalization and/or home care that disables an individual from performing his/her work duties.

Eligibility

To establish eligibility, an employee must donate one (1) day of accrued paid leave during the first thirty (30) days of initial employment or during the open enrollment period. Beginning with the 2000 - 2001 school year, open enrollment for existing full time employees will be from September 1 - 15 annually. Each employee will be requested to sign a form either accepting or rejecting membership in the sick leave bank within the enrollment period. Cancellation of membership will not entitle the employee to previously donated days. Cancellation of membership must be received in writing by the SLB administrator no later than September 15.

Members do not donate again unless the number of days in the Sick Leave Bank drops below twenty (20). Each member in the bank will be required to donate an additional day of accrued sick leave to maintain eligibility.

The employee cannot receive any form of compensation for lost wages and Sick Leave Bank days at the same time.

All accrued leave must be used before an employee is eligible to receive days from the bank.

The applicant must be experiencing either a catastrophic illness, disability, or serious accident as defined above.

An employee who withdraws sick leave from the bank will not be required to pay back those days except as a regular contributing member of the bank.

Part-time staff shall be eligible for benefits if they work twenty (20) hours or more per week.

If a member has used all his/her sick leave when the Sick Leave Bank Committee calls for another donation to the Sick Leave Bank, that member will remain a member until the beginning of the next school year. At that time if they want to remain a member, they must donate another day of sick leave. A member may not draw days from the Sick Leave Bank before reporting to work at the beginning of a contract year unless he/she has been a member of the Sick Leave Bank the preceding year.

Exclusions:

- Routine pregnancy with normal delivery and no pre-postnatal complications.
- Catastrophic illness, disability, or serious accident may be defined to exclude chronic or congenital conditions that would lead to an employee's inability to fulfill his/her contractual obligations on a continual basis.
- Leave of absence.

The committee may deny claims if the employee's sick leave history does not show prudent use of past sick leave.

Administration of Sick Leave Bank

The policy shall expire on June 30, but may be renewed on an annual basis by the Board. If the Board renews the policy, then accumulated days in the Sick Leave Bank carry over to the next year. If the Board does not renew the policy, the accumulated days will be refunded to members on a prorated basis.

Donated days are not refundable unless the Sick Leave Bank policy is not renewed by the Board.

The contribution will be made by completing the "Contribution of Sick Leave Bank" form.

The Sick Leave Bank Committee will be composed of five (5) members. Employees nominated and elected by their peers:

- 1 - Elementary Teacher 2 Year Term
- 1 - Secondary Teacher 2 Year Term
- 1 - Non-Certificated Employee 3 Year Term

Employee appointed by NEA President:

- 1 - NEA Member 3 Year Term

Employee appointed by the Superintendent:

- 1 - Administrator 3 Year Term

The Sick Leave Bank Committee will develop guidelines for distribution of sick leave from the Sick Leave Bank. These guidelines are to be shared with SLB members and the Board. These guidelines then will be reviewed annually and approved by the Board.

Sick Leave Bank days that are granted to an employee and not used by the last day of the contract year will be returned to the Bank.

Application Process

An employee must submit an official Sick Leave Bank Request. A Physician's Statement form must accompany the request. All costs for medical services related to the employee's request for Bank benefits shall be assumed by the employee. Incomplete applications will not be accepted.

Personal contact with Sick Leave Bank Committee members relating to an application is prohibited.

The Sick Leave Bank Committee reserves the right to require a second physician's opinion.

The Sick Leave Bank Committee will review all applications for Sick Leave Bank days and render its decision in writing within ten (10) work days.

The decision of the Sick Leave Bank Committee is final with no appeal. All decisions made will be confidential.

An operational report of the Committee will be made to the members of the Board of Education on a yearly basis.

Members may apply for a maximum of thirty (30) Sick Leave Bank days per school year.

PERSONAL / EMERGENCY /
RELIGIOUS LEAVE**

(Paid Leave/Personal Leave)

Employees are urged to use professionalism, maturity, and judgment in using leave. Responsible use of leave will be a factor in every employee's summative evaluation.

Paid leave. Every eligible employee is credited with leave days to be used for any combination of illness, doctor appointments, family business, inclement weather if the employee deems it unsafe to drive to work, bereavement, childcare, or any other personal needs.

Personal leave will be defined as three (3) leave days for family business, inclement weather if the employee deems it unsafe to drive to work, childcare, bereavement, or any other personal needs.

Paid/personal leave is defined as the current years leave which is defined below.

Central Consolidated School District (CCSD) personnel are granted earned paid/personal leave as follows:

- For CCSD personnel employed within the range of one hundred seventy-six (176) through one hundred ninety-six (196) days according to the schedule:
 - Ten (10) - seven (7) paid leave days and three (3) personal leave days.
- For CCSD personnel employed within the range of one hundred ninety-seven (197) through two hundred nine (209) days according to the schedule:
 - Eleven (11) - eight (8) paid leave days and three (3) personal leave days.
- For CCSD personnel employed within the range of two hundred ten (210) through two hundred twenty-three (223) days according to the schedule:
 - Twelve (12) - nine (9) paid leave days and three (3) personal leave days.
- For CCSD personnel who are twelve (12) month employees:
 - Fourteen (14) - eleven (11) paid leave days and three (3) personal leave days.
- Late starts/half-time employees will receive a prorated amount of leave days. For example, if an employee works half time, the employee will receive half the number of appropriate leave days. If the employee works a sixty percent (60%) contract, the employee will receive sixty percent (60%) of the number of appropriate leave days.
- Paid/personal leave shall be accrued yearly. Any unused paid/personal leave will convert to accrued sick leave with unlimited accumulation. The annual leave will be allocated with the beginning of the contract year. However, upon termination of a contract, the District will check the amount of leave used by the employee. When more leave has been used than what would have been accumulated on an accrual basis, the District will deduct the overuse of leave from the payout of the contract. Total annual leave accruals for the school year shall not exceed total days allowed above. (Dock days shall result when all paid leave and vacation days are taken without sufficient accrued leave.)
- The supervisor will request a statement from the employee's doctor for patterned misuse of annual leave for medical reasons. Extended leave due to health reasons will require a statement from the employee's physician. Additionally, employees requiring extended leave for health reasons who are not eligible for Family and Medical Leave and/or whose leave exceeds twelve (12) weeks must request an unpaid leave of absence.

- Maternity leave, paternity leave, and other extended leave will be handled under the guidelines for FMLA leave and will count as part of an employee's FMLA rights.
- The Board may approve an incentive payment to CCSD employees for unused paid leave accumulated during the immediate prior fiscal year. If the District determines that sufficient budget exists to provide compensation to employees who did not use all annual leave during the previous year, the Superintendent may establish a fixed amount to be paid to employees based on unused annual leave.

In order to receive the incentive payment, the individual must have been employed by the District at the end of the previous fiscal year and have been employed continuously in the current year up to two (2) weeks prior to the established incentive payment date.

If, however, the District determines that sufficient budget does not exist to provide compensation to employees, no such payment shall be made in that fiscal year.

Employees will not lose any leave accumulated because of this incentive payment.

LEAVES OF ABSENCE WITHOUT PAY

The District recognizes that on occasion extenuating circumstances arise that may necessitate absence from duty that is not covered by other specific leave provisions of the District. To address such situations, a leave of absence, without pay, may be granted a member of the certificated or support staff for not longer than one (1) year.

Leave of absence may be requested for, but not limited to, the following purposes:

- For additional education that relates to the employee's primary assignment. A plan of contemplated course work must be presented.
- To provide for an unpaid leave in a situation where the employee will be absent from work because of (1) a reason that conforms to a policy currently in effect but the maximum number of days provided for in that policy will be exceeded, or (2) failure to report to work without prior notification to the Superintendent.
- For a leave of absence that benefits or is in the best interest of the District, as determined by the Superintendent upon review of the application.
- For leave under the Family and Medical Leave Act.

A leave of absence requested pursuant to this policy may be:

- Approved by the Superintendent if the leave period does not exceed twelve (12) weeks; or
- Recommended by the Superintendent and approved by the Superintendent if the leave period exceeds twelve (12) weeks.

A request for leave of absence shall not be denied by the District if the employee is entitled to the leave under the Family and Medical Leave Act. All other applications for leave of absence may be granted or denied by the District, in its sole discretion.

Each request for such a leave of absence shall be in a written application stating the purpose, starting date, and duration of the leave of absence, the reasons for its necessity or desirability, and any other information the applicant deems relevant to the request.

The leave of absence shall be only for the purpose and duration approved and may not be extended without written approval by the District.

All rights of continuing status (certificated teachers only), retirement, salary increments, and other benefits shall be restored at the level earned when the leave was granted. All accrued sick, vacation, personal, and other paid leave shall be applied to the leave period unless otherwise agreed to by the District or prohibited by the Family and Medical Leave Act.

Family and Medical
Leave Act (FMLA)

The District shall fully comply with the Family and Medical Leave Act and all interim and final regulations interpreting the FMLA issued by the U.S. Department of Labor. Accordingly, all portions of this policy that pertain to the FMLA shall be interpreted in a manner consistent with the FMLA and its regulations. Subject to the conditions set forth herein, any eligible employee of the District may take up to twelve (12) weeks of leave (FMLA leave) measured backward for each employee from the first time such employee uses leave under FMLA, without pay, for any one (1) or more of the following reasons:

- Because of the birth of a child of the employee and in order to care for such child.
- Because of the placement of a child with the employee for adoption or foster care.

- In order to care for the spouse or a son, daughter, or parent of the employee, if such person has a serious health condition.
- Because of a serious health condition that makes the employee unable to perform the functions of the position of such employee.
- Because of any qualifying exigency (as the Secretary shall, by regulation, determine) arising out of the fact that the spouse, or a son, daughter, or parent of the employee is on active duty (or has been notified of an impending call or order to active duty) in the Armed Forces in support of a contingency operation.

An *eligible* employee is one who has been employed by the District at least twelve (12) months and who has completed at least one thousand two hundred fifty (1,250) hours of service immediately prior to the time the FMLA leave is to commence, and if there are at least fifty (50) employees of the district within a seventy-five (75) mile radius.

Serious health condition means an illness, injury, impairment, or physical condition that involves inpatient care in a hospital, hospice, or residential medical facility, or outpatient care with continuing medical treatment by a licensed physician. Any employee who has been employed by the District at least twelve (12) months and who has completed at least one thousand two hundred fifty (1,250) hours of service immediately prior to the time the leave is to commence shall be eligible for FMLA leave. The amount of FMLA leave permitted will be subject to the time frame stated on the physician's certification but not to exceed the maximum of twelve (12) weeks.

Special conditions applicable to FMLA. Entitlement to leave for the birth of a child or the placement of a child for adoption or foster care ends at the expiration of a twelve (12)-month period, beginning on the date of the event. An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered servicemember shall be entitled to a total of twenty-six (26) workweeks of leave during a twelve (12)-month period to care for the servicemember. The leave described to care for a covered servicemember shall only be available during one (1) single twelve (12)-month period.

A husband and wife working for the District may be limited to a total of twelve (12) weeks of leave during each applicable twelve (12)-month period for leave for the birth of a child or the placement of a child for adoption or foster care and to care for an employee's parent with a serious health condition. The aggregate number of workweeks of leave to which both the husband and wife may be entitled under covered servicemember family leave combined with leave as described in the previous sentence shall be limited to twenty-six (26) workweeks during one (1) single twelve (12)-month period.

An employee's accrued sick, vacation, personal, or other applicable leave shall run concurrently with FMLA leave, to the extent available by policy, unless otherwise agreed to by the District.

Notice. An employee must provide at least thirty (30) days notice before the FMLA leave is to begin if the need for the leave is foreseeable based on an expected birth, placement for adoption, or foster care, planned medical treatment for a serious health condition, or military service leave of the employee or family member. If thirty (30) days notice is not practicable, notice must be given as soon as practicable. The District may deny FMLA leave to any eligible employee until such time as the employee has provided the required notice.

Certification. All FMLA leave shall be supported by medical certificate provided by the employee's health provider. In any instance where the FMLA leave must be preceded by thirty (30) days notice, the medical certificate should accompany the request for leave of absence. In any other instance, the medical certificate should be provided within fifteen (15) days after the receipt of notification of required certification.

Certification of active military duty or call to active duty in support of a contingency operation for purpose of receiving family leave shall be required under the same conditions as FMLA certification for leave indicated above.

The employee may be requested (at the District's expense) to provide recertification of medical conditions in support of leave if the District feels that the circumstances so warrant and notice is given. Recertification shall not be required for intervals shorter than thirty (30) days.

Whenever a medical certification or recertification is required of an employee, notice describing such requirement and providing the form of such certification shall be provided to the employee. An employee shall not be denied FMLA leave or other rights under the FMLA unless a notice required by FMLA in such situation has first been provided to the employee.

In the case of continuation, recurrence, or onset of a serious health condition to the employee, covered family of the employee (including a servicemember being cared for by an employee) and the employee is unable to return to work, certification issued by the health care provider of the entity with the serious health condition shall be required to support the inability of the employee to return to work.

Intermittent or reduced time (IRT) leave. FMLA leave may be taken intermittently or on a reduced leave schedule under the following circumstances:

- If medically necessary to care for a family member or for the employee's own serious health condition;
- Because of any qualifying exigency the spouse, or a son, daughter, or parent, of the employee is on active duty, or notified of an impending call or order to active duty in support of a contingency operation; or
- If approved by the District.

The District may, for the term of the leave, transfer the employee to an alternative position with equivalent pay and benefits.

If the IRT leave is for an *instructional employee* (one whose principal function is to instruct students in a class, small group, or as individuals), the District can require the employee either to take leave for a period or periods of a particular duration not greater than the duration of the planned treatment or to transfer temporarily to an available alternative position with equivalent pay and benefits that provides better accommodation of recurring periods of leave, provided the leave is:

- Requested to care for a qualifying family member or as a result of the employee's serious health condition preventing job performance;
- Foreseeable, based upon planned medical treatment; and
- For more than twenty percent (20%) of the working days in the leave period.

The employee may be granted leave under these circumstances, subject to reasonable efforts to schedule treatment so as not to unduly disrupt the educational program.

Special end-of-semester circumstances for instructional employees. Under each of the following conditions, leave for an instructional employee may be required to continue to the end of the academic semester:

- Leave begins more than five (5) weeks before the end of the semester, leave is for at least three (3) weeks, and return to employment would occur during the last three (3) weeks of the semester.
- Leave other than for the employee's serious health condition begins within the last five (5) weeks of the semester, leave is for greater than two (2) weeks duration, and return to employment would occur during the last two (2) weeks of the semester.
- Leave other than for the employee's serious health condition begins within the last three (3) weeks of the semester and leave exceeds five (5) working days.

Employee notification. With each request for FMLA leave, the employee shall be notified:

- About FMLA by provision of the FMLA fact sheet (eExhibit 2 EE).
- As appropriate concerning the expectations, obligations, and consequences of taking FMLA leave per 29 C.F.R. 825.301 of FMLA.

- That FMLA leave may be withheld until a requested notice is provided or the time frame is met.
- That if leave is granted to an employee who is unable to perform the work required, restoration may be denied until the employee has complied with the request to provide medical certification of ability to return to work.

The District will post notices in conspicuous places on the District premises that provide a summary of FMLA and information on how to file a charge for an FMLA violation.

Health care continuation. *An employee taking FMLA leave shall be entitled to have the health care plan in which the employee is participating continue under the same terms and conditions applicable to actively working employees. The District shall require the repayment of any health care premiums paid by the District for continuing coverage during the period of the FMLA leave if the employee fails to return to work after the FMLA leave expires and the failure to return is not due to circumstances beyond the employee's control.*

Position restoration. An employee on FMLA leave is required to give the District two (2) days advanced notice of the date that they intend to return to work. Upon return from FMLA leave, an employee shall be restored to the same position held before the FMLA leave commenced or to an equivalent position with equivalent pay, benefits, and working conditions. The District requires an employee to provide a medical certificate from a health care provider that the employee is able to resume work before returning from FMLA leave for a serious personal health condition. The District may delay the return of an instructional employee from FMLA leave at the end of a semester, in accordance with Section 825.602 of FMLA rules. The District may deny restoration of position to any key employee (i.e., one who is among the highest-paid ten percent [10%] of all employees of the District), in accordance with Section 825.218 of FMLA rules.

Family and Medical Leave Act of 1993

29 C.F.R. Part 825

LEAVES OF ABSENCE WITHOUT PAY**

MILITARY FAMILY LEAVE

On January 28, President Bush signed into law the National Defense Authorization Act for FY 2008 (NDAA), Public Law 110-181. Section 585(a) of the NDAA amended the Family and Medical Leave Act of 1993 (FMLA) to provide eligible employees working for covered employers two (2) important new leave rights related to military service:

(1) New Qualifying Reason for Leave. Eligible employees are entitled to up to twelve (12) weeks of leave because of "any qualifying exigency" arising out of the fact that the spouse, son, daughter, or parent of the employee is on active duty, or has been notified of an impending call to active duty status, in support of a contingency operation. By the terms of the statute, this provision requires the Secretary of Labor to issue regulations defining "any qualifying exigency." In the interim, employers are encouraged to provide this type of leave to qualifying employees.

(2) New Leave Entitlement. An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered servicemember who is recovering from a serious illness or injury sustained in the line of duty on active duty is entitled to up to twenty-six (26) weeks of leave in a single twelve (12)-month period to care for the servicemember. This provision became effective immediately upon enactment. This military caregiver leave is available during "a single twelve (12)-month period" during which an eligible employee is entitled to a combined total of twenty-six (26) weeks of all types of FMLA leave.

Additional information on the amendments and a version of Title I of the FMLA with the new statutory language incorporated are available on the FMLA amendments Web site at http://www.dol.gov/esa/whd/fmla/NDAA_fmla.htm.

FACT SHEET NO. 28:
THE FAMILY AND MEDICAL LEAVE ACT OF 1993

The U.S. Department of Labor's Employment Standards Administration, Wage and Hour Division, administers and enforces the Family and Medical Leave Act (FMLA) for all private, state and local government employees, and some federal employees. Most federal and certain congressional employees are also covered by the law and are subject to the jurisdiction of the U.S. Office of Personnel Management or the Congress.

The FMLA became effective on August 5, 1993 for most employers and entitles eligible employees to take up to twelve (12) weeks of unpaid, job-protected leave in a twelve (12)-month period for specified family and medical reasons. Amendments to the FMLA by the National Defense Authorization Act for FY 2008 (NDAA). Public Law 110-181, expanded the FMLA to allow eligible employees to take up to twelve (12) weeks of job-protected leave in the applicable twelve (12)-month period for any "qualifying exigency" arising out of the fact that a covered military member is on active duty, or has been notified of an impending call or order to active duty, in support of a contingency operation. The NDAA also amended the FMLA to allow eligible employees to take up to twenty-six (26) weeks of job-protected leave in a "single twelve (12)-month period" to care for a covered servicemember with a serious injury or illness.

Employer Coverage

FMLA applies to all public agencies, including state, local and federal employers, local education agencies (schools), and private-sector employers who employed fifty (50) or more employees in twenty (20) or more workweeks in the current or preceding calendar year, including joint employers and successors of covered employers.

Employee Eligibility

To be eligible for FMLA benefits, an employee *must*:

- work for a covered employer;
- have worked for the employer for a total of twelve (12) months;
- have worked at least one thousand two hundred fifty (1,250) hours over the previous twelve (12) months; and
- work at a location in the United States or in any territory or possession of the United States where at least fifty (50) employees are employed by the employer within seventy-five (75) miles.

While the twelve (12) months of employment need not be consecutive, employment periods prior to a break in service of seven (7) years or more need not be counted unless the break is occasioned by the employee's fulfillment of his or her National Guard or Reserve military obligation (as protected under the Uniformed Services Employment and Reemployment Rights Act (USERRA)), or a written agreement, including a collective bargaining agreement, exists concerning the employer's intention to rehire the employee after the break in service. *See, special rules for returning reservists under USERRA.*

Leave Entitlement

A covered employer must grant an eligible employee up to a total of *twelve (12) workweeks* of *unpaid* leave during any twelve (12)-month period for one (1) or more of the following reasons:

- For the birth and care of a newborn child of the employee;

- For placement with the employee of a son or daughter for adoption or foster care;
- To care for a spouse, son, daughter, or parent with a serious health condition;
- To take medical leave when the employee is unable to work because of a serious health condition; or
- For qualifying exigencies arising out of the fact that the employee's spouse, son, daughter, or parent is on active duty or call to active duty status as a member of the National Guard or Reserves in support of a contingency operation.

A covered employer also must grant an eligible employee who is a spouse, son, daughter, parent, or next of kin of a current member of the Armed Forces, including a member of the National Guard or Reserves, with a serious injury or illness up to a total of *twenty-six (26) workweeks* of *unpaid* leave during a "single twelve (12)-month period" to care for the servicemember.

Spouses employed by the same employer are limited in the *amount of* family leave they may take for the birth and care of a newborn child, placement of a child for adoption or foster care, or to care for a parent who has a serious health condition to a combined total of twelve (12) weeks (or twenty-six [26] weeks if leave to care for a covered servicemember with a serious injury or illness is also used). Leave for birth and care, or placement for adoption or foster care, must conclude within twelve (12) months of the birth or placement.

Under some circumstances, employees may take FMLA leave intermittently - taking leave in separate blocks of time for a single qualifying reason - or on a reduced leave schedule - reducing the employee's usual weekly or daily work schedule. When leave is needed for planned medical treatment, the employee must make a reasonable effort to schedule treatment so as not to unduly disrupt the employer's operation. If FMLA leave is for birth and care, or placement for adoption or foster care, use of intermittent leave is subject to the employer's approval.

Under certain conditions, employees or employers may choose to "substitute" (run concurrently) accrued *paid* leave (such as sick or vacation leave) to cover some or all of the FMLA leave. An employee's ability to substitute accrued paid leave is determined by the terms and conditions of the employer's normal leave policy.

"*Serious health condition*" means an illness, injury, impairment, or physical or mental condition that involves either:

- Inpatient care (i.e., an overnight stay) in a hospital, hospice, or residential medical-care facility, including any period of incapacity (i.e., inability to work, attend school, or perform other regular daily activities) or subsequent treatment in connection with such inpatient care; *or*
- Continuing treatment by a health care provider, which includes:
 - A period of incapacity lasting more than three (3) consecutive, full calendar days, and any subsequent treatment or period of incapacity relating to the same condition, that *also* includes:
 - ▲ treatment two (2) or more times by or under the supervision of a health care provider (i.e., in-person visits, the first within seven (7) days and both within thirty (30) days of the first day of incapacity); *or*
 - ▲ one (1) treatment by a health care provider (i.e., an in-person visit within seven (7) days of the first day of incapacity) with a continuing regimen of treatment (e.g., prescription medication, physical therapy); *or*
 - Any period of incapacity related to pregnancy or for prenatal care. A visit to the health care provider is not necessary for each absence; *or*
 - Any period of incapacity or treatment for a chronic serious health condition which continues over an extended period of time, requires periodic visits (at least twice a year) to a health care provider, and may involve occasional episodes of incapacity. A visit to a health care provider is not necessary for each absence; *or*
 - A period of incapacity that is permanent or long-term due to a condition for which treatment may not be effective. Only supervision by a health care provider is required, rather than active treatment; *or*

- Any absences to receive multiple treatments for restorative surgery or for a condition that would likely result in a period of incapacity of more than three (3) days if not treated.

Maintenance of Health Benefits

A covered employer is required to maintain group health insurance coverage for an employee on FMLA leave whenever such insurance was provided before the leave was taken and on the same terms as if the employee had continued to work. If applicable, arrangements will need to be made for employees to pay their share of health insurance premiums while on leave. In some instances, the employer may recover premiums it paid to maintain health coverage for an employee who fails to return to work from FMLA leave.

Job Restoration

Upon return from FMLA leave, an employee must be restored to the employee's original job, or to an equivalent job with equivalent pay, benefits, and other terms and conditions of employment. An employee's use of FMLA leave cannot result in the loss of any employment benefit that the employee earned or was entitled to *before* using FMLA leave, nor be counted against the employee under a "no fault" attendance policy. If a bonus or other payment, however, is based on the achievement of a specified goal such as hours worked, products sold, or perfect attendance, and the employee has not met the goal due to FMLA leave, payment may be denied unless it is paid to an employee on equivalent leave status for a reason that does not qualify as FMLA leave.

An employee has no greater right to restoration or to other benefits and conditions of employment than if the employee had been continuously employed.

Notice and Certification

Employee Notice

Employees seeking to use FMLA leave are required to provide thirty (30)-day advance notice of the need to take FMLA leave when the need is foreseeable and such notice is practicable. If leave is foreseeable less than thirty (30) days in advance, the employee must provide notice as soon as practicable - generally, either the same or next business day. When the need for leave is not foreseeable, the employee must provide notice to the employer as soon as practicable under the facts and circumstances of the particular case. Absent unusual circumstances, employees must comply with the employer's usual and customary notice and procedural requirements for requesting leave.

Employees must provide sufficient information for an employer reasonably to determine whether the FMLA may apply to the leave request. Depending on the situation, such information may include that the employee is incapacitated due to pregnancy, has been hospitalized overnight, is unable to perform the functions of the job, and/or that the employee or employee's qualifying family member is under the continuing care of a health care provider.

When an employee seeks leave for a FMLA-qualifying reason for the *first* time, the employee need not expressly assert FMLA rights or even mention the FMLA. When an employee seeks leave, however, due to a FMLA-qualifying reason for which the employer has previously provided the employee FMLA-protected leave, the employee *must* specifically reference either the qualifying reason for leave or the need for FMLA leave.

Employer Notice

Covered employers must post a notice approved by the Secretary of Labor explaining rights and responsibilities under FMLA. An employer that willfully violates this posting requirement may be subject to a fine of up to one hundred ten dollars (\$110) for each separate offense. Additionally, employers must either include this general notice in employee handbooks or other written guidance to employees concerning benefits, or must distribute a copy of the notice to each new employee upon hiring.

When an employee requests FMLA leave or the employer acquires knowledge that leave may be for a FMLA purpose, the employer must notify the employee of his or her eligibility to take leave, and inform the employee of his/her rights and responsibilities under FMLA. When the employer has enough information to determine that leave is being taken for a FMLA-qualifying reason, the employer must notify the employee that the leave is designated and will be counted as FMLA leave.

Certification

Employers may require that an employee's request for leave due to a serious health condition affecting the employee or a covered family member be supported by a certification from a health care provider. An employer may require second or third medical opinions (at the employer's expense) and periodic recertification of a serious health condition. An employer may use a health care provider, a human resource professional, a leave administrator, or a management official - but not the employee's direct supervisor - to authenticate or clarify a medical certification of a serious health condition. An employer may have a uniformly-applied policy requiring employees returning from leave for their own serious health condition to submit a certification that they are able to resume work. If reasonable safety concerns exist, an employer may, under certain circumstances, require such a certification for employees returning from intermittent FMLA leave.

Unlawful Acts

It is unlawful for any employer to interfere with, restrain, or deny the exercise of any right provided by FMLA. It is also unlawful for an employer to discharge or discriminate against any individual for opposing any practice, or because of involvement in any proceeding, related to FMLA.

Enforcement

The Wage and Hour Division investigates complaints. If violations cannot be satisfactorily resolved, the U.S. Department of Labor may bring action in court to compel compliance. Individuals may also be able to bring a private civil action against an employer for violations.

Other Provisions

Special rules apply to employees of local education agencies. Generally, these rules apply to intermittent leave or when leave is required near the end of a school term.

Salaried executive, administrative, and professional employees of covered employers who meet the Fair Labor Standards Act (FLSA) criteria for exemption from minimum wage and overtime under Regulations, 29 C.F.R. Part 541, do not lose their FLSA-exempt status by using any unpaid FMLA leave. This special exception to the "salary basis" requirements for FLSA's exemption extends only to an "eligible" employee's use of leave required by FMLA.

LEAVES OF ABSENCE WITHOUT PAY

The District recognizes that on occasion extenuating circumstances arise that may necessitate absence from duty that is not covered by other specific leave provisions of the District. To address such situations, a leave of absence, without pay, may be granted a member of the certificated or support staff for not longer than one (1) year.

Leave of absence may be requested for, but not limited to, the following purposes:

- For additional education that relates to the employee's primary assignment. A plan of contemplated course work must be presented.
 - To provide for an unpaid leave in a situation where the employee will be absent from work because of (1) a reason that conforms to a policy currently in effect but the maximum number of days provided for in that policy will be exceeded, or (2) failure to report to work without prior notification to the Superintendent.
 - For a leave of absence that benefits or is in the best interest of the District, as determined by the Board upon review of the application.
 - For leave under the Family and Medical Leave Act.

A leave of absence requested pursuant to this policy may be:

- Approved by the Superintendent if the leave period does not exceed twelve (12) weeks; or
- Recommended by the Superintendent and approved by the Governing Board if the leave period exceeds twelve (12) weeks.

A request for leave of absence shall not be denied by the District if the employee is entitled to the leave under the Family and Medical Leave Act. All other applications for leave of absence may be granted or denied by the District, in its sole discretion.

Each request for such a leave of absence shall be in a written application stating the purpose, starting date, and duration of the leave of absence, the reasons for its necessity or desirability, and any other information the applicant deems relevant to the request.

The leave of absence shall be only for the purpose and duration approved and may not be extended without written approval by the District.

All rights of continuing status (certificated teachers only), retirement, salary increments, and other benefits shall be restored at the level earned when the leave was granted. All accrued sick, vacation, personal, and other paid leave shall be applied to the leave period unless otherwise agreed to by the District or prohibited by the Family and Medical Leave Act.

Family and Medical Leave Act (FMLA)

The District shall fully comply with the Family and Medical Leave Act and all interim and final regulations interpreting the FMLA issued by the U.S. Department of Labor. Accordingly, all portions of this policy that pertain to the FMLA shall be interpreted in a manner consistent with the FMLA and its regulations. Subject to the conditions set forth herein, any eligible employee of the District may take up to twelve (12) weeks of leave (FMLA leave) during any one (1) fiscal year (July 1 to June 30), without pay, for any one (1) or more of the following reasons:

- Because of the birth of a child of the employee and in order to care for such child.
- Because of the placement of a child with the employee for adoption or foster care.

- In order to care for the spouse or a son, daughter, or parent of the employee, if such person has a serious health condition.
- Because of a serious health condition that makes the employee unable to perform the functions of the position of such employee.
- Because of any qualifying exigency (as the Secretary shall, by regulation, determine) arising out of the fact that the spouse, or a son, daughter, or parent of the employee is on active duty (or has been notified of an impending call or order to active duty) in the Armed Forces in support of a contingency operation.

Serious health condition means an illness, injury, impairment, or physical condition that involves inpatient care in a hospital, hospice, or residential medical facility, or outpatient care with continuing medical treatment by a licensed physician. Any employee who has been employed by the District at least twelve (12) months and who has completed at least one thousand two hundred fifty (1,250) hours of service immediately prior to the time the leave is to commence shall be eligible for FMLA leave.

Special conditions applicable to FMLA. Entitlement to leave for the birth of a child or the placement of a child for adoption or foster care ends at the expiration of a twelve (12)-month period, beginning on the date of the event. An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered servicemember shall be entitled to a total of twenty six (26) workweeks of leave during a twelve (12)-month period to care for the servicemember. The leave described to care for a covered servicemember shall only be available during a single twelve (12)-month period.

A husband and wife working for the District may be limited to a total of twelve (12) weeks of leave during each fiscal year for leave for the birth of a child or the placement of a child for adoption or foster care and to care for an employee's parent with a serious health condition. The aggregate number of workweeks of leave to which both the husband and wife may be entitled under covered servicemember family leave combined with leave as described in the previous sentence shall be limited to twenty six (26) workweeks during only one (1) twelve (12)-month period.

The District shall not require an employee to substitute accrued sick leave for FMLA leave used by reason of a birth, adoption, or foster placement. An employee shall substitute accrued vacation or personal leave for FMLA leave used by reason of a birth, adoption, or foster placement, to the extent available by policy, unless otherwise agreed to by the District. In any other circumstance, an employee's accrued sick, vacation, personal, or other applicable leave shall be substituted for FMLA leave, to the extent available by policy, unless otherwise agreed to by the District.

Notice. An employee must provide at least thirty (30) days notice before the FMLA leave is to begin if the need for the leave is foreseeable based on an expected birth, placement for adoption, or foster care, ~~or~~ planned medical treatment for a serious health condition, or military service leave of the employee or family member. If thirty (30) days notice is not practicable, notice must be given as soon as practicable. The notice shall be in the form of a request for leave of absence as specified in this policy. The District may deny FMLA leave to any eligible employee until such time as the employee has provided the required notice.

Certification. All FMLA leave shall be supported by medical certificate provided by the employee's health provider in the form of the exhibit accompanying this policy. In any instance where the FMLA leave must be preceded by thirty (30) days notice, the medical certificate should accompany the request for leave of absence. In any other instance, the medical certificate should be provided within fifteen (15) days after the FMLA leave commences.

Certification of active military duty or call to active duty in support of a contingency operation for purpose of receiving family leave shall be required under the same conditions as FMLA certification for leave indicated above.

The employee may be requested to provide recertification of medical conditions in support of leave if the District feels that the circumstances so warrant and notice is given. Recertification shall not be required for intervals shorter than thirty (30) days.

Whenever a medical certification or recertification is required of an employee, notice describing such requirement and providing the form of such certification shall be provided to the employee. An employee shall not be denied FMLA leave or other rights under the FMLA unless a notice required by FMLA in such situation has first been provided to the employee.

In the case of continuation, recurrence, or onset of a serious health condition to the employee, covered family of the employee (including a servicemember being cared for by an employee) and the employee is unable to return to work, certification issued by the health care provider of the entity with the serious health condition shall be required to support the inability of the employee to return to work.

Intermittent or reduced time (IRT) leave. FMLA leave may be taken intermittently or on a reduced leave schedule under the following circumstances:

- If medically necessary to care for a family member or for the employee's own serious health condition;
- Because of any qualifying exigency the spouse, or a son, daughter, or parent, of the employee is on active duty, or notified of an impending call or order to active duty in support of a contingency operation; or
- If approved by the District.

The District may, for the term of the leave, transfer the employee to an alternative position with equivalent pay and benefits.

If the IRT leave is for an *instructional employee* (one whose principle function is to instruct students in a class, small group, or as individuals), the District can require the employee either to take leave for a period or periods of a particular duration not greater than the duration of the planned treatment or to transfer temporarily to an available alternative position with equivalent pay and benefits that provides better accommodation of recurring periods of leave, provided the leave is:

- Requested to care for a qualifying family member or as a result of the employee's serious health condition preventing job performance;
- Foreseeable, based upon planned medical treatment; and
- For more than twenty percent (20%) of the working days in the leave period.

The employee may be granted leave under these circumstances, subject to reasonable efforts to schedule treatment so as not to unduly disrupt the educational program.

Special end-of-semester circumstances for instructional employees. Under each of the following conditions, leave for an instructional employee may be required to continue to the end of the academic semester:

- Leave begins more than five (5) weeks before the end of the semester, leave is for at least three (3) weeks, and return to employment would occur during the last three (3) weeks of the semester.
- Leave other than for the employee's serious health condition begins within the last five (5) weeks of the semester, leave is for greater than two (2) weeks duration, and return to employment would occur during the last two (2) weeks of the semester.
- Leave other than for the employee's serious health condition begins within the last three (3) weeks of the semester and leave exceeds five (5) working days.

Employee notification. With each request for FMLA leave, the employee shall be notified:

- About FMLA by provision of the FMLA fact sheet (exhibit 2).
- As appropriate concerning the expectations, obligations, and consequences of taking FMLA leave per 29 C.F.R. 825.301 of FMLA.
- That FMLA leave may be withheld until a requested notice is provided or the time frame is met.
- That if leave is granted to an employee who is unable to perform the work required, restoration may be denied until the employee has complied with the request to provide medical certification of ability to return to

work.

The District will post notices in conspicuous places on the District premises that provide a summary of FMLA and information on how to file a charge for an FMLA violation.

Health care continuation. *An employee taking FMLA leave shall be entitled to have the health care plan in which the employee is participating continue under the same terms and conditions applicable to actively working employees. The District shall require the repayment of any health care premiums paid by the District for continuing coverage during the period of the FMLA leave if the employee fails to return to work after the FMLA leave expires and the failure to return is not due to circumstances beyond the employee's control.*

Position restoration. Upon return from FMLA leave, an employee shall be restored to the same position held before the FMLA leave commenced or to an equivalent position with equivalent pay, benefits, and working conditions. The District requires an employee to provide a medical certificate from a health care provider that the employee is able to resume work before returning from FMLA leave for a serious personal health condition. The District may delay the return of an instructional employee from FMLA leave at the end of a semester, in accordance with Section 108(d) of FMLA. The District may deny restoration of position to any key employee (i.e., one who is among the highest-paid ten percent [10%] of all employees of the District), in accordance with Section 104(b) of FMLA.

MILITARY / LEGAL LEAVE**

The Board recognizes the fact that its employees have citizenship responsibilities. In order to make it possible for said employees to carry out their responsibilities to the city, county, state, or nation, the Board will grant leaves, in addition to jury duty, when an employee is called to military services or to attend training for the Military Reserve or National Guard.

When an employee receives notice that requires leave as delineated above, it is the responsibility of the employee to notify the Superintendent or principal.

Subpoena

You will be granted leave if you are served a subpoena for a deposition or a trial that is related to your employment. Please notify your supervisor as soon as you receive the subpoena and you must attach a copy of the subpoena to your Absence Report.

Jury Duty

It is recognized by the Board that no employee is exempt from jury duty and that leaves of absence for such duty must be granted.

- Only the regular salary may be received by an employee on jury duty.
 - It is the responsibility of the employee to reimburse the District for jury duty pay when such payment is made directly to the employee. Failure to reimburse the District at the completion of the jury duty service will result in a full deduction equal to the number of contract days missed.
 - An employee excused from jury duty after being summoned shall report for regular duty as soon as possible. Failure to report for duty will result in a deduction equal to that portion of a contract day missed.

Military Leave

- An employee who is a member of the uniformed service may use any vacation leave or other accumulated paid time off during their service, or may take unpaid leave of absence.
- The District must reemploy uniformed service members, as defined in 38 U.S.C. 4303, returning from a period of service, if the service member:
 - Was employed by the District.
 - Gave the District notice that he or she was leaving the job for service in the uniformed services, unless giving notice was precluded by military necessity or otherwise impossible or unreasonable.
 - Has a cumulative period of service in the uniformed services not exceeding five (5) years.

College credit earned while taking professional leave may be approved for salary enhancement if the leave is approved by the supervisor and if:

- The employee is requested by their supervisor to earn additional credits;
- The cost of the substitute is paid for by an external grant, and the tuition is paid by the employee; or
- The request is approved by the Superintendent or the Superintendent's designee.

If determined by the supervisor that the employee has been absent from the classroom too frequently and such absence is detrimental to the students' educational program, such leave may be denied.

VOLUNTARY TRANSFER OF
ACCRUED ANNUAL OR SICK LEAVE**

The District recognizes the existence of circumstances under which non-job-related, seriously incapacitating, and extended illnesses and injury may exhaust accrued leave of employees. To provide some measure of relief in such situations, a limited mechanism, based upon voluntary transfer of accrued annual or sick leave, is established. The mechanism will be termed transfer of accrued annual or sick leave for a medical emergency. The definition of a 'medical emergency' will be as follows: A medical condition of the employee or a family member of the employee that will require the prolonged absence of the employee from duty and will result in a substantial loss of income to the employee because the employee will have exhausted all paid leave available apart from the leave-sharing plan.

Limits to Donations:

- The donated leave will be limited to annual leave or sick leave (sick leave will be any paid leave that the District, by policy, allows to be used for that purpose).
- Donations will be limited by organizational structure to prevent undue influence and conflict of interest issues. (*)
 - Employees who are licensed (certificated) professional educators shall be limited to donating leave for use by those who are licensed (certificated) professional educators.
 - Other employees (support staff) shall be limited to donating leave for use by other support staff.
 - Central office and building level professional staff supervisory personnel may only donate to other professional staff supervisory employees.
- The person donating may only donate already accrued leave up to twenty (20) days and shall maintain in accrued leave at least twenty-eight (28) days of sick leave (or the equivalent) at the time of the donation. (*)
- Donations will be by accrued days of leave, using either the donor's current daily wages or hourly wages earned for each donated day. The recipient shall receive the donation converted to the daily wages they currently earn.
- All donations shall be for the current contract year and shall not exceed that period based upon the current contract earnings of the person to whom the donation is made. (*)
- All donations shall be on behalf of a specific recipient with the donation made to the district plan for transfer of leave based upon a medical emergency.
- All unused donated leave shall revert to the donating employees on a prorated basis.

Notice and receipt of donations.

- Notice of need for leave donations will be posted by need for licensed professional staff, central office and building level professional supervisory staff, and support staff including the name of the individual. (*)
- Posting will be by placing the notice of need at the central office, and by the mailboxes used for staff members of the District.
- Forms will be provided on which employees may make their donations known to the District office.

Eligibility (for use of transferred leave). The approved applicant shall:

- Be a full-time employee (an employee eligible to earn sick leave).

- Have a "medical emergency" as defined in this policy.
- Have exhausted all earned/accrued leave of any nature or kind including compensatory time and be eligible for an unpaid leave of absence.
- Not be eligible at the time of request for disability benefits, including but not limited to Social Security.
- Be one whose return to duty is projected to occur no later than the beginning of their next contract year. (*)
- Submit an application, which shall be received by the District office at least ten (10) days prior to the beginning of the applicant's unpaid leave status, when practicable.

Determining eligibility:

- The Superintendent shall appoint an advisory committee consisting of at a minimum, one (1) health education professional, one (1) support staff member, one (1) licensed teacher and one (1) professional supervisory person to review the applications and make a recommendation to the Superintendent.
- The Superintendent shall receive the applications and make the final determination of eligibility using the criterion of eligibility and in consideration of the recommendation of the advisory committee.

No continuing rights are established by this policy. In compliance with established procedure, the Governing Board reserves the right to modify, change, or delete any policy in accord with its own guidelines. An appeal of the decision of the Superintendent may only be taken using the Staff Grievance Policy GBK.

I request that annual or sick leave be transferred to the leave account of an approved leave recipient (name) [_____] under the Transfer of Annual or Sick Leave Policy of this District.

As of the date indicated below, I have enough leave accrued to my account to cover the transfer request in accord with the requirements of the District Policy. The amount of annual and sick leave I am transferring also does not reduce my accrued leave below that allowed by policy.

I understand that my decision to transfer leave is not revocable. If a sufficient balance of unused leave remains after the recipient's medical emergency has terminated, I will have a pro-rated share returned to me during either the current leave year or the following leave year.

I have not been directly or indirectly intimidated, threatened or coerce, or promised any benefit by any employee for the purpose of donating or using leave.

Conditions and Limitations to Donations:

As accumulated vacation days are used and drop below thirty-six (36) days, an eligible employee may again accumulate vacation up to the maximum limit. All vacation time will be scheduled according to the work load and in consultation with the immediate supervisor. If workloads disallow vacations as established, the Superintendent may approve vacation days during the school year.

Employees will be compensated for unused vacation leave upon termination with the District.

PROFESSIONAL STAFF HIRING

It shall be the policy of the District to employ and retain the best qualified personnel.

The Board adopts the following general criteria, which shall be utilized in the selection process for initial employment:

- There will be no discrimination in the hiring process due to race, color, religion, sex, sexual orientation, age, national origin, or disability of an otherwise qualified individual.
- A candidate for secondary school teaching should be eligible for licensure in the candidate's teaching field. An elementary school candidate should have a major or equivalent in elementary education or in the special area of assignment.
- Candidates for all teaching positions shall be able to deliver quality instruction.
- Each candidate shall provide evidence of meeting state requirements for licensure.
- Each candidate shall be requested to complete a consent-and-release form regarding conduct of a background investigation.
- Each candidate shall be required to provide two (2) fingerprint cards or equivalent electronic fingerprints upon being offered employment for purposes of obtaining a criminal history background record before finalization of employment.
- A "background investigation" - consisting of communication with the applicant's (or employee's) former employer that concerns education, training, experience, qualifications, and job performance for the purpose of evaluation for employment - shall be conducted on each individual to be considered for a recommendation of employment. Forms developed for this purpose are to be used.

Any employee's misstatement of fact that is material to qualifications for employment or the determination of salary shall be considered by the Board to constitute grounds for dismissal.

All offers of employment are contingent upon the satisfactory completion of background investigations.

A public school may terminate an individual's employment or contract or rescind an applicant's offer of employment or offer of a contract if the applicant is offered or commences employment with a public school after the effective date of this 2021 act and information regarding the applicant's history of child abuse or ethical misconduct that is determined to disqualify the applicant from employment or a contract is subsequently obtained by the public school.

Reemployment Contract

Each licensed teaching employee shall deliver an acceptance or rejection of reemployment to the Board within fifteen (15) days from the following:

- The date written notice of reemployment is served upon the person; or
- The last day of the school year when no written notice of reemployment or termination is served upon the licensed school employee on or before fifteen (15) working days prior to the last day of the school year.

Delivery of the written acceptance of reemployment by a licensed school employee creates a binding employment contract between the licensed school employee and the Superintendent until the parties enter into a formal written employment contract. Written employment contracts between the Superintendent and licensed school employees shall be executed by the parties not later than ten (10) days before the first day of a school year.

A person not directly involved in the employment decision affecting the specific applicant shall not be permitted unauthorized access to criminal history record information or background information.

SHORTAGE OF PROFESSIONAL STAFF

Special Education Teacher Waiver

If Central Consolidated School District (CCSD) finds itself short of certificated special education teachers to meet the needs of students with disabilities, the District can offer special education employment to a certificated elementary or secondary teacher with an alternative license issued by the New Mexico Public Education Department (NMPED). Per NMPED regulations, a teacher hired in this capacity must complete nine (9) semester hours in the field of special education each year the teacher is working under an internship license. Realizing the financial burden of the additional semester hours of course work, CCSD will reimburse the teacher working on a special education internship up to seventy-five dollars (\$75) per credit hour for nine (9) semester hours a year. The cost of books is not covered. The following conditions must be met by the teacher on an internship license:

- The teacher is responsible for obtaining admission into a NMPED-acceptable Special Education Licensure Program and has applied for a NMPED internship license. Course work must lead to special education certification in the State of New Mexico. Any admission costs remain the responsibility of the teacher.
- Per NMPED regulations, the teacher must fulfill internship requirements within three (3) years.
- Course work must be earned before the start of the next academic year for each school year the teacher works for CCSD in the capacity of a waived special education teacher.
- The teacher will submit to the CCSD Exceptional Program Office an official transcript of the credits earned and a tuition receipt no later than October 1. Reimbursement will be made to the teacher upon verification of the nine (9) hours earned.
- The teacher will submit to CCSD Human Resources Department an official transcript for the personnel file as required by the NMPED.
- Failure to fulfill the teaching contract shall require the teacher to repay the District the total amount of the tuition program.

Related Service Personnel Grant Program

CCSD has a need for additional related service personnel, specifically Occupational Therapists (OTs), Physical Therapists (PTs), Speech and Language Pathologists (SLPs), Occupational Therapy Assistants (OTAs), and Physical Therapy Assistants (PTAs). CCSD is willing to offer a grant for current District personnel to pursue these degrees under the following conditions:

- The CCSD employee must gain admittance into an accredited related service graduate or undergraduate program that leads to certification in the State of New Mexico. Any admission costs remain the responsibility of the employee.
- Any "leveling courses" are the responsibility of the employee and will not be reimbursed by CCSD.
- Once the two (2) preceding conditions are met by the employee, they are to submit a letter to the Director of Exceptional Programs and the Director of Human Resources indicating that they have been accepted into a related service licensure program. At that time a meeting will be scheduled to discuss the subsequent terms and conditions. A contract will be prepared once terms and conditions are agreed on.
- CCSD will reimburse the employee up to seventy-five dollars (\$75) per credit hour for nine (9) semester hours per year in the related service licensure program. The employee must submit official transcripts and a tuition receipt at the end of each semester to receive reimbursement. The cost of books is not covered.
- The employee must agree to work for CCSD as a licensed related service provider for a minimum of two (2) years once they complete their related service license.

- CCSD may grant a leave of absence for any employee enrolled in a full time course of study under the Extended Leave/Leave of Absence Policy. Accrued sick leave, accrued vacation leave and seniority will remain in place during the leave of absence.

- Failure to complete the licensure program shall require the employee to repay CCSD the total amount of the tuition and books paid under this grant program.

Bilingual/ESL Education Teacher Waiver

If CCSD finds itself short of endorsed bilingual teachers to meet the needs of language minority students, the District can offer employment to a certificated elementary or secondary teacher through a waiver. Per NMPED regulation, a teacher placed in this capacity must complete nine (9) semester hours in the field of Navajo, Spanish or ESL program each year the teacher is working on a waiver. Realizing the financial burden of the additional semester hours of coursework, CCSD will reimburse the teacher working on a bilingual education waiver up to seventy-five dollars (\$75) per credit hour for nine (9) semester hours a year. The following conditions must be met by the waived teacher:

- The teacher is responsible for obtaining admission into the post-secondary institution. Course work must lead to an endorsement in the State of New Mexico. Admission costs remain the responsibility of the teacher.
- TESOL classes are offered through the District at no cost to the teacher and are the preferred method of instruction. Outside coursework must be approved by the English Language Acquisition Coach for approval of content and reimbursement. Coursework must be before the start of the next academic year for each school year the teacher works for CCSD in the capacity of a waived bilingual teacher.
- The teacher will submit to the CCSD Bilingual Education Department and/or English Acquisition Coach an unofficial transcript of the credits earned and a tuition receipt no later than October 1. Reimbursement will be made to the teacher upon verification of the nine (9) hours earned.
- The teacher will submit to CCSD Human Resource Department an official transcript for the personnel file as required by the NMPED.
- Failure to fulfill the teaching endorsement contract shall require the teacher to repay the District the total amount of the tuition program.

EVALUATION OF PROFESSIONAL STAFF MEMBERS

Purpose

The purpose of evaluation shall be the improvement of performance. Such a process, to achieve the greater measure of success, shall be predicated on the assumption that the evaluation will be a cooperative procedure, with the evaluator and the evaluatee having full knowledge of the criteria, process, and results.

The following statements give more specific purposes for evaluation:

- Evaluations determine how well the objectives held by the school are being carried out. The success of the educational program is dependent upon the quality of classroom instruction, supervision, and administration.
- Evaluations provide the basis for motivation and for self-improvement, permitting personnel to be aware of their strengths and weaknesses in order to improve.
- Evaluations provide a basis for planning in-service training and supervisory activities. Such activities can be most effective when they are based upon clear evidence of need as shown by evaluation studies.
- Evaluations provide the basis for administrative decisions. Such decisions may include the employment of personnel, their assignment, promotion, demotion, or termination.
- Evaluations aid in determining satisfactory or unsatisfactory performance.

Evaluators

The Superintendent shall designate the evaluators. The evaluator shall be responsible for the final written and official statement of evaluation, which shall be in writing, and a copy shall be transmitted to the certificated teacher within five (5) days after completion of the evaluation.

The District is responsible for an in-service training program for evaluators. This program shall incorporate classroom observation techniques, conference skills, and growth planning. Evaluators shall attend a training program to improve their evaluation, administrative and instructional leadership skills at least every two (2) years.

Licensed Teacher Evaluation

Classroom visitations by evaluator. Formal observations shall be spaced and of sufficient duration (minimum of *thirty [30]* uninterrupted minutes) so as to ensure that the evaluators have an opportunity to grasp an overall concept of a person's performance over a full schedule.

Formal observations are prearranged through initiation by either the observer or the teacher. Formal observations shall be defined as those that are written and provide an opportunity for a pre-observation conference and follow-up conference.

Informal observations may be made at the discretion of the administrator.

Procedural steps in the process of evaluation:

- At the beginning of the school year, the principal shall assign a mentor for all Level one teachers whose responsibilities shall be defined in a program established by the District in accord with statute and submitted to the Public Education Department as required.

- At the beginning of the school year, the principal shall meet with the school's faculty for the purpose of orienting the teachers to the total evaluation plan. A teacher's use of personal leave and up to ten (10) days sick leave shall not affect that teacher's performance evaluation if used in accord with District policy. A low attendance score may be reflected in the evaluation if the teacher is determined to have used sick leave inconsistently with District policy.
- A professional development plan shall be devised by each teacher and provided to the evaluator on a schedule as determined by the evaluator.
- Observations in the classroom shall be completed.
- An opportunity for a conference shall precede and follow each formal observation-visitation.
- A written record shall be made of each formal observation, with a copy to the observed.
- The official evaluation, consisting of a minimum of two (2) formal observations, shall be reduced to writing and signed by both the teacher and the evaluator. The teacher's signature shall not mean concurrence. The teacher shall be allowed ten (10) days to write and submit any comments, which shall be attached to the evaluation.
- A copy of the written evaluation shall be transmitted to the teacher within five (5) days after completion of the evaluation, and a copy shall be retained for the principal's file. A third copy shall be placed in the teacher's personnel file and made available to authorized District officers and employees.
- All evaluations shall remain confidential.

Frequency of written evaluations. Evaluations shall be made at least two (2) times per year for Level one (1) teachers, and at least once per year for Level two (2) and three (3) teachers.

Evaluation schedule:

• *Level one (1) licensing:*

- During the week of orientation, evaluation procedures shall be reviewed at each school. Any teacher who is hired after orientation week shall be individually oriented by the evaluator.
- Prior to January 10, the first evaluation, including observations, written evaluation, and conference shall be completed. If unsatisfactory work performance is indicated pursuant to the evaluation a conference will be conducted and a plan prepared to allow correction of the work performance. Such information will be recorded in writing, signed by all parties present and provided to the person evaluated. (see 6.69.2.8 (B)(2) for refusal to sign)
- Prior to April 15, a second evaluation shall be completed. If unsatisfactory work performance is indicated pursuant to the evaluation a conference will be conducted and a plan prepared specifying the areas for correction of the work performance, while noting any areas of improvement if improvement is required. An employee whose performance continues to be unsatisfactory shall be given a notice of unsatisfactory performance. The notice shall specify the nature of the inadequacy with such particularity as to furnish the teacher an opportunity to correct the inadequacies and overcome the grounds for the charge of inadequacy of work performance.
- Prior to the last day of the school year, the Governing Authority shall authorize, as necessary, and send notice to employees who will be terminated. A copy of any evaluation(s) pertinent to the charges not to reemploy will be included in the written notice of intention not to reemploy.
- This written notice of termination shall be delivered personally or sent by registered or certified mail with delivery by a time certain at least fourteen (14) days prior to the last day of the school year, to the teacher's place of residence, as recorded in the District's records. Within ten (10) days of a request from the employee, the Superintendent shall provide the reason(s) for the decision to terminate.

- *Level two (2) and three (3) licensing:*

- Level two (2) and three (3) licensed employees shall be evaluated at least once each year. During the week of orientation, evaluation procedures shall be reviewed at each school. Any teacher who is hired after orientation week shall be individually oriented by the evaluator.
- Prior to March 15, the evaluation shall be completed. If less than satisfactory work performance and competency is indicated pursuant to the evaluation a conference will be conducted and a plan prepared specifying the areas for correction of the work performance, while noting any areas of improvement if improvement is required. An employee whose performance continues to be unsatisfactory shall be given a notice of unsatisfactory performance. A second conference shall be held at the time the notice is given. The notice shall specify the nature of the inadequacy with such particularity as to furnish the teacher an opportunity to correct the inadequacies and overcome the grounds for the charge of inadequacy of work performance.
- The principal shall establish a mentoring and peer intervention program as is seen necessary. Persons used for mentoring or intervention may be trained as evaluators. If the employee is unable to demonstrate satisfactory performance and competency by the end of a period of sixty (60) calendar days, the peer interveners may make a recommendation to the supervising administrator which may be termination. If the teacher does not demonstrate essential competency in a given school year, the School District shall provide the teacher with additional professional development and peer intervention during the following school year. If by the end of that school year the teacher fails to demonstrate essential competency, the District may choose not to contract with the teacher to teach in the classroom (terminate).
- At least fourteen (14) days prior to the last day of the school year, the Governing Authority shall authorize, as necessary, and send notice to employees who will be terminated. A copy of any evaluation(s) pertinent to the charges not to reemploy will be included in the written notice of termination.
- This written notice of termination shall be delivered personally or sent by registered or certified mail with delivery by a time certain prior to the last day of the school year, to the teacher's place of residence, as recorded in the District's records.
- Subject to the provisions of New Mexico Statutes Annotated (NMSA), the Superintendent shall offer to each Level two (2) and Level three (3) teacher under contract of employment with the District for the current year a contract renewal for the next ensuing school year unless the Governing Authority gives notice to the teacher of the intent not to offer a contract and to terminate the teacher as provided in NMSA.
- All provisions of the New Mexico Revised Statutes shall be complied with in the dismissal of continuing teachers.

Evaluation program. The specific format for the teacher evaluation system will be developed in compliance with Policy GCO, this regulation, NMSA, and New Mexico Administrative Code (NMAC) under the leadership of the Superintendent.

Compliance with Public Education Department (PED) Regulation 6.69.4, Performance Evaluation System Requirements for Teachers, will be completed as specified in the teacher performance evaluation for three (3)-tiered licensure.

Evaluation of Licensed Administrators and Other Licensed Non-Teaching Employees

Continuous evaluation of all aspects of the total educational program, including student progress, personnel, curriculum, and facilities, will include a formal process of evaluating all administrators and licensed non-teaching employees. The purpose of this evaluation shall be the improvement of the quality of the educational program in the

District and improvement of the performance of each employee. The evaluation will be a cooperative procedure, with the evaluator and the evaluatee having full knowledge of the criteria, process, and results.

The following statements give more specific purposes for evaluation:

- Evaluations determine how well the objectives held by the school and District are being carried out. The success of the educational program is dependent upon many factors, which include the quality supervision, and administration.
- Evaluations provide the basis for motivation and for self-improvement, permitting administrative personnel to be aware of strengths and weaknesses in order to improve the operation of the District's programs.

Procedural steps in the process of evaluation:

The specific format for the evaluation system for licensed administrators and licensed non-teaching employees will be developed under the leadership of the Superintendent and shall involve all principals and supervisors of principals in the development of evaluation criteria and data collection procedures. One (1) component of the evaluation tool for school administrators shall be evaluation by other school employees.

- At the beginning of the school year, the licensed administrators and licensed non-teaching employees will be oriented to the total evaluation plan.
- A professional development plan shall be devised by each employee and provided to the evaluator on a schedule as determined by the evaluator.
- Observations and data gathering shall be completed.
- The official evaluation shall be reduced to writing and signed by both the employee and the evaluator. The employee's signature shall not mean concurrence. The employee shall be allowed ten (10) days to write and submit any comments, which shall be attached to the evaluation.
- A copy of the written evaluation shall be transmitted to the administrator within five (5) days after completion of the evaluation, and a copy shall be retained for the employee's file. A third copy shall be placed in the employee's personnel file and made available to authorized District officers and employees.
- All evaluations shall remain confidential.

- *Amendments.* The District reserves the right to amend this policy in any way at any time. Any amendment shall have prospective application only.
- *Severability.* If any provision of this policy is held to be invalid for any reason, such action shall not invalidate the remainder of this policy. If any provision of this policy conflicts with any provisions in any other policies adopted by the District, the provisions of this policy shall prevail.

Minor Discipline

Minor disciplinary action includes, without limitation thereto, removal from grounds, written warning, written reprimand, or suspension. Minor disciplinary action shall be imposed by the staff member's administrative supervisor upon informing the employee of any violations of state or federal statutes, policies, rules or the New Mexico code of ethics and offering a minimum due process hearing and opportunity to express the employee's side of the issue before implementing the disciplinary action. The disciplinary action shall be confirmed in writing to the employee. The discipline may only be appealed to the next level of administration. The hearing procedure shall be as follows.

Step 1 - Notice:

- Upon the supervising administrator's determination of the existence of cause to impose discipline, the supervising administrator shall notify the staff member of intent to impose discipline. The notice shall be in writing and shall be delivered in person or by first-class mail. The notice shall include the following:
 - The conduct or omission on the part of the staff member that constitutes the reason for discipline.
 - A scheduled meeting time between the supervising administrator and the staff member. Such meeting shall be scheduled not more than ten (10) working days after the date the licensed staff member receives the notice.
 - A statement of the disciplinary action the supervising administrator intends to impose.
 - Copies of any available relevant documentation, at the discretion of the supervising administrator.

Step 2 - Hearing:

- At the hearing, the supervising administrator shall discuss with the staff member the conduct that warrants disciplinary action and shall provide the staff member with any appropriate evidence and a copy of relevant documentation if not previously provided.
- The supervising administrator shall conduct the hearing in an informal manner, without adherence to the rules of evidence and procedure required in judicial proceedings.
- A record of the hearing shall be made by electronic recordation.

Step 3 - Decision (in writing):

- At the hearing, or within seven (7) working days following the hearing, the supervising administrator shall, in writing, inform the licensed staff member of the decision. If the decision is to impose discipline, written notice of the discipline shall be enclosed.

Appeal of Minor Discipline

A staff member who wishes to object to a minor disciplinary action shall submit a written complaint to the supervisor's superior within five (5) work days of receiving notice of the disciplinary action. Failure to request the hearing in the time frame indicated will be considered acceptance of the discipline imposed. The appeal shall specifically describe the part of the determination with which the staff member disagrees, such as:

- Determination was founded upon error of construction or application of any pertinent regulations or policies.
- Determination was unsupported by any evidence as disclosed by the entire record.
- Determination was materially affected by unlawful procedure.
- Determination was based on violation of any statutory or constitutional right.
- Determination was arbitrary and capricious.

- The penalty was excessive.

The appeal shall be based on the record of the hearing. The supervising administrator, the Superintendent, or, when appropriate, the Governing Authority may, at the conclusion of the appeal, uphold the discipline, modify the decision, or refer the matter back to the level from which it was appealed for rehearing and additional information. Such decision, along with specific direction as to the effective date of any discipline, shall be communicated to the staff member within a reasonable amount of time following the appeal, not to exceed seven (7) working days. The decision upon appeal is final for all minor disciplinary actions.

Termination Pursuant to 22-10A-24 NMSA (1978)

The following procedures will be used to impose any termination permitted under 22-10A-24 NMSA (1978) except that it does not apply to:

- A licensed school employee employed to fill the position of a licensed school employee entering military service;
- A licensed school employee who is employed as a licensed school administrator; or
- An unlicensed school employee employed to perform primarily District-wide management functions; or
- A person who does not hold a valid license or has not submitted a complete application for licensure within the first three (3) months from beginning employment duties.

Step 1 - Notice:

- Upon the Superintendent's determination of the existence of cause to terminate, and on or before fifteen (15) working days prior to the last day of the school year, the Superintendent shall notify the staff member of intent to terminate. The notice shall be in writing and shall be delivered in person or by first-class mail to the last address provided for personnel records. The notice shall include the following:
 - The statement that the employee has the right to request written reasons for the decision to terminate and such reasons shall be provided within ten (10) working days of such request.
- *For a licensed employee who has not been offered and accepted a third-year contract for services and licensed educational assistants with less than one (1) year of employment the decision to terminate is not contestable under the School Personnel Act.*
 - For licensed employees who have been offered and accepted a third-year contract for service and licensed educational assistants employed for more than one (1) year the following appeal procedure shall apply.

Step 2 - Appeal Requirements and Content:

- Termination may be appealed to the Governing Authority by a professional staff employee who has been employed for more than two (2) consecutive years and licensed educational assistants employed for more than one (1) year by making a request to the Superintendent within five (5) working days of the date of receipt of the notice of termination requesting a meeting with the Governing Authority.
 - The appeal shall be granted if the employee responds to the Superintendent in writing within ten (10) working days of receiving the reasons for termination with the following information:
 - ▲ A statement of contention that the employee believes the decision is without just cause.
 - ▲ A brief statement of the reason(s) why the staff member believes the decision is without just cause.

- ▲ A statement of the facts that the employee believes support this contention.

Step 3 - Appeal Procedure:

- The Governing Authority shall meet to hear the employee's statement in no less than five (5) or more than fifteen (15) working days after receipt of the statement.
- The hearing shall be conducted informally in accordance with the provisions of the Open Meeting Act.
 - Hearing Procedure:
 - ▲ The employee and the Superintendent may each be accompanied by a person of their choice.
 - ▲ The Superintendent shall present the factual basis for determination that just cause exists for the termination, limited to the reasons provided to the employee.
 - ▲ The employee shall present contentions, limited to the reason(s) why the licensed staff member believes the decision is without just cause.
 - ▲ Rebuttal to the employee's presentation may be presented as deemed relevant by the Governing Authority.
 - ▲ Witnesses called may be questioned by the Governing Authority, the Superintendent or an appointed representative, and the employee or an appointed representative.
 - ▲ The Governing Authority may consider only such evidence as is presented at the hearing and need consider only such evidence as it considers reliable.
 - The Governing Authority shall take such action as is necessary in accordance with the Open Meeting Act to uphold or deny the recommendation to terminate. The Governing Authority shall notify the employee and the Superintendent of its decision in writing within five (5) working days from the conclusion of the meeting.

Termination - Arbitration Appeal Pursuant to 22-10A-25 NMSA (1978)

An employee still aggrieved by a decision of the Governing Authority may appeal the decision to an arbitrator by doing the following:

- Submitting a written appeal to the Superintendent within five (5) working days from receipt of the Governing Authority's written decision or refusal to grant a hearing on the issue of termination.
- Accompanying the written appeal shall be a statement of particulars specifying the grounds on which it is contended that the decision was impermissible pursuant to subsection E of Section 22-10A-24 NMSA (1978).
- Including in the contentions a statement of facts supporting the contentions.

Failure of the employee to submit a timely appeal or a statement of particulars with the appeal shall disqualify the employee for any appeal and render the Governing Authority's decision on termination final.

If the arbitration appeal is timely and complete, the Governing Authority and the employee shall meet within ten (10) working days from the receipt of the request for an appeal and select an independent arbitrator, qualified in accord with the applicable statute, to conduct the appeal. If the parties fail to agree on an arbitrator, they shall request the presiding judge in the judicial district in which the employee's public school is located to select an independent arbitrator within five (5) working days of the date of the request.

A de novo (new) hearing shall be conducted within thirty (30) working days of selection of the independent arbitrator. The arbitrator shall give written notice of the date, time and place of the hearing, sending such notice to the

employee and Governing Authority.

The parties shall be provided a copy of the relevant portion of this policy which shall include:

- Discovery shall be limited to depositions and requests for production of documents on a time schedule to be established by the arbitrator.
- ◆ • The arbitrator may issue subpoenas for the attendance of witnesses and to produce books, records, documents and other evidence at the request of either party and has the power to administer oaths. Subpoenas issued shall be served and enforced in the manner provided by law for the service and enforcement of subpoenas in a civil action or in the manner provided by the American Arbitration Association's voluntary labor arbitration rules if that entity is used by the parties.
- The Governing Authority shall be required to prove by a preponderance of the evidence that just cause to discharge the employee existed at the time of the notice of intent to discharge the employee by the administration.
- Hearing Procedure:
 - The employee and the Governing Authority may each be accompanied by counsel.
 - The Governing Authority shall present the basis for determination that just cause exists for the discharge.
 - The employee shall present reason(s) why the recommendation is without just cause.
 - Either party shall be permitted to call witnesses and to introduce documentary evidence.
 - Witnesses called may be questioned by the Governing Authority or a representative, and the employee or a representative.
 - Technical rules of evidence shall not apply, but, in ruling on the admissibility of evidence, the independent arbitrator may require reasonable substantiation of the statements or records tendered, the accuracy of truth of which is in reasonable doubt.
 - A record shall be made of the hearing and each party may order the record at the expense of the party.
- The arbitrator shall notify the employee and the Governing Authority of the decision in writing within ten (10) working days from the conclusion of the arbitration hearing. The decision shall contain findings of fact and conclusions of law affirming or reversing the action of the Governing Authority.

The parties shall be guided by the statute and arbitrator as to the conduct of the hearing, each party bearing its own costs. The arbiter's fees and other expenses in the conduct of the arbitration shall be assigned at the discretion of the independent arbitrator.

No official record shall be made of the proceeding but the party desiring a record may arrange for a record, paying the expense.

Discharge per 22-10A-27 NMSA (1978)

A licensed school employee may be discharged only for just cause following procedures as indicated below:

Notice:

- Upon the Superintendent's determination of the existence of cause to discharge, the Superintendent shall notify the licensed staff member of intent to recommend discharge. The notice shall state the cause for the

recommendation and shall advise the employee of a right to a discharge hearing before the Governing Authority.

- The notice shall be in writing and shall be provided in accordance with the law for service of process in civil actions.
- If the licensed school employee does not exercise that right to hearing, the Superintendent shall discharge the licensed school employee.

Employee's Request for Hearing:

- An employee who receives notice of intent to recommend discharge may exercise the right to a hearing before the Governing Authority by giving the Superintendent written notice of that election within ten (10) working days of receipt of the notice of intent to recommend discharge.
- The Governing Authority shall hold a discharge hearing no less than twenty (20) and no more than forty (40) working days after the receipt of the staff member's election of a hearing.

Preliminary Information

- At least ten (10) days written notice of the date, time and place of the discharge hearing shall be provided to the employee with such notice in the same form as used in civil proceedings. The notice shall indicate the following:
 - Both the Superintendent and the licensed school employee may be accompanied by a person of their choice.
 - Each party is to complete and respond to discovery by deposition and production of documents prior to the hearing date established.
 - The Governing Authority may issue subpoenas for the attendance of witnesses and to produce books, records, documents and other evidence at the request of either party and has the power to administer oaths.
 - The Superintendent shall be required to prove by preponderance of the evidence that just cause to discharge the licensed school employee existed at the time of the notice of intent to discharge.
 - Procedure for the conduct of the hearing shall be as follows:
 - ▲ The Superintendent shall present the factual basis for determination that just cause exists for the termination based upon information available at the time the employee was given notice of the intent to discharge.
 - ▲ The employee shall present reason(s) why the recommendation is without just cause.
 - ▲ Either party shall be permitted to call witnesses and to introduce documentary evidence.
 - ▲ Witnesses called may be questioned by the Superintendent or an appointed representative, and the employee or an appointed representative.
 - ▲ The Governing Authority may consider only such evidence as is presented at the hearing and need consider only such evidence as it considers reliable.
 - ▲ A record shall be made of the hearing and each party may have one (1) copy of the record at the expense of the Governing Authority.
 - The Governing Authority shall notify the employee and the Superintendent of its decision in writing within twenty (20) days from the conclusion of the hearing. The Governing Authority shall take such

action as is necessary in accordance with the Open Meeting Act.

**Discharge - Arbitration Appeal Pursuant
to 22-10A-28 NMSA (1978)**

An employee aggrieved by a decision of the Governing Authority to discharge may appeal the decision to an arbitrator by doing the following: Submitting a written appeal to the Governing Authority within ten (10) working days from receipt of the written decision of the Governing Authority.

The Governing Authority may delegate responsibility for the arbitration to the Superintendent.

If the arbitration appeal is timely the Governing Authority (or Superintendent as delegee) and the employee shall meet within ten (10) working days from the receipt of the request for an appeal and select an independent arbitrator, qualified in accord with the applicable statute, to conduct the appeal. If the parties fail to agree on an arbitrator, they shall request the presiding judge in the judicial district in which the public school is located to select an independent arbitrator within five (5) working days from the date of the request.

The hearing shall be conducted within thirty (30) working days of selection of the independent arbitrator. The arbitrator shall give written notice of the date, time and place of the hearing, sending such notice to the employee and Governing Authority.

The parties shall be provided a copy of the relevant portion of this policy which shall include:

- Discovery shall be limited to depositions and requests for production of documents on a time schedule to be established by the arbitrator.

Subpoenas issued shall be served and enforced in the manner provided by law for the service and enforcement of subpoenas in a civil action or in the manner provided by the American Arbitration Association's voluntary labor arbitration rules if that entity is used by the parties.
- The Governing Authority shall be required to prove by preponderance of the evidence that just cause to discharge the certificated employee existed at the time of the notice of intent to discharge the employee by the administration.

 - Either party shall be permitted to call witnesses and to introduce documentary evidence.
 - Witnesses called may be questioned by the Governing Authority or a representative, and the employee or a representative.
 - Technical rules of evidence shall not apply, but, in ruling on the admissibility of evidence, the independent arbitrator may require reasonable substantiation of the statements or records tendered, the accuracy of truth of which is in reasonable doubt.
 - Either party desiring a record of the arbitration proceedings may, at the party's own expense, record or otherwise provide for a transcript of the proceedings; provided, however, that the record so provided shall not imply any right of automatic appeal or review.

- The arbitrator shall notify the employee and the Governing Authority of the decision in writing within thirty (30) working days from the conclusion of the arbitration hearing. The decision shall contain findings of fact and conclusions of law affirming or reversing the action of the Governing Authority.

Additional Provisions and Conditions

During the pendency of any hearing, neither the licensed staff member nor the supervising administrator shall contact the Superintendent or a Governing Authority member to discuss the merits of the supervising administrator's recommendation except as provided by this policy.

Reporting Requirements

Standards of Professional Conduct - Upon taking final action to discharge or terminate the employment of an employee on the basis of a violation of the standards of professional conduct, if that employee was authorized to be present by license or waiver to provide instructional services, the Superintendent shall provide written notification to the director of the state licensure unit.

Regardless of any non-disclosure agreement upon separation, if the result is wrongdoing, a report of the identity of the licensed school employee and attendant circumstances shall be made on a standardized form to the department and the licensed school employee within thirty (30) days following the separation from employment. Copies of that form shall not be maintained in the school or District.

NONSCHOOL EMPLOYMENT BY
PROFESSIONAL STAFF MEMBERS

A regular, full-time employee's position in the District shall be given precedence over any type of outside work or self-employment. Employees are free to carry on individual work or self-employment projects as long as no District facilities, equipment, or school(s) are used, except as provided by policy, and the outside work or self-employment does not interfere with the employees' performance of District-assigned duties.

The outside work or self-employment by a staff member is of concern to the Board insofar as it may:

- Prevent the employee from performing assigned responsibilities in an effective manner.
- Be prejudicial to proper effectiveness in the position or compromise the District.
- Raise a question of conflict of interest - for example, where the employee's position in the District permits access to information or other advantage useful to the outside employer.

Consulting

Educational consulting work with other agencies or school districts, however, may be a rewarding experience in terms of professional growth for talented and experienced professional staff members. Such involvement also recognizes the District's obligation to the greater educational community.

All absences for consultation work will be approved by the Superintendent and will not normally exceed two (2) days at any one (1) assignment. The agency or district involved will pay to the District the cost of a substitute teacher. Inability to do so will not preclude the Superintendent's ability to grant the leave.

It shall be the policy of the District to employ and retain the best qualified personnel. This will be accomplished by giving careful consideration to qualifications and by providing competitive salaries within the financial capabilities of the District, adequate facilities, and good working conditions. Volunteers are to have background checks in accord with this policy.

Recruitment of support staff personnel is the responsibility of the Superintendent. Other members of the administration and supervisory staff will assist as responsibilities are delegated by the Superintendent.

The Board adopts the following general criteria and procedures, which shall be utilized in the selection process for initial employment:

- There will be no discrimination in the hiring process due to race, color, religion, sex, sexual orientation, age, national origin, or disability of an otherwise qualified individual.
- Candidates for all positions shall be able to perform the duties of their position job descriptions.
- Each applicant shall be required to provide fingerprint cards or electronic fingerprints upon being offered employment for purposes of obtaining a criminal history background record before finalization of employment.
- Each candidate shall be requested to complete a consent-and-release form regarding conduct of a background investigation.
- A "background investigation" - consisting of communication with the applicant's (or employee's) former employer that concerns education, training, experience, qualifications, and job performance for the purpose of evaluation for employment - shall be conducted on each individual to be considered for a recommendation of employment. Forms developed for this purpose are to be used.

In addition to the requirements in this policy and those of the fingerprint policy which follows, the District shall follow 6.41.4.9 NMAC M through S for the purposes indicated below. That part of the New Mexico Administrative Code shall be incorporated in this policy by reference.

- Commercial Driver's License (CDL) pre-employment screening.
- Returning CDL pre-employment screening.

Any employee's misstatement of fact that is material to qualifications for employment or the determination of salary shall be considered to constitute grounds for termination.

All offers of employment are contingent upon the satisfactory completion of background investigations.

A public school may terminate an individual's employment or contract or rescind an applicant's offer of employment or offer of a contract if the applicant is offered or commences employment with a public school after the effective date of this 2021 act and information regarding the applicant's history of child abuse or ethical misconduct that is determined to disqualify the applicant from employment or a contract is subsequently obtained by the public school.

Definition

A *background investigation* is defined as any communication with an applicant's (or employee's) former employer that concerns the education, training, experience, qualifications, and job performance of the individual and that is used for the purpose of evaluation for employment. Background investigation does not include the results of any state or federal criminal history records check.

Background Investigation Requirements

Only persons designated by the Superintendent shall perform background investigations. Prior to contacting former employers or other persons, the background investigator shall:

- Ascertain that the standard employment application for the type of position has been completed in full.
- Obtain from the individual a consent to background investigation and release as determined by the District.
- Make certain that the individual has identified at least two (2) persons from each past employer who can verify basic job information and discuss the individual's work performance and reason for leaving.
- Examine the application for a complete work history, accounting for any gaps in employment.

Two (2) persons should be contacted at each past employer if possible (any exceptions should be documented). Upon making contact, the contacts or the former employer or employer's agent should be provided the following information:

- The name and identifying information of the District.
- The name of the District representative making the inquiry and how the representative can be contacted.
- The name of the former employee and period of employment as indicated by the individual whose background is being investigated.
- The position for which the individual has applied, with descriptive information as to the duties, if requested or necessary to understanding of the inquiry.

The background investigator shall:

- Ask the questions, and complete the background check form(s) as provided by the District.
- Make impression notes as necessary based upon the questions and responses, and determine if there may be cause to contact others or make further inquiries based upon the responses.
- Provide the information to the Superintendent.

SUPPORT STAFF CERTIFICATION AND
CREDENTIALING REQUIREMENTS**

(Fingerprinting Requirements)

An applicant offered employment and a contractor or contractor's employee, or a school volunteer who will have unsupervised contact with children or students on school premises shall be required to provide fingerprint cards or electronic fingerprints to obtain a federal bureau of investigation criminal history record. The public school shall pay the cost of applicants offered employment. A school volunteer, contractor or contractor's employee may be required to pay the cost of obtaining criminal history records.

The candidate's fingerprints shall be submitted, along with the form required immediately upon being selected as a finalist for possible employment. The form shall be considered a part of the application for employment. Convictions of felonies or misdemeanor involving moral turpitude if directly related to employment which are contained in the criminal history investigation record shall be used to deny, suspend or revoke employment in accordance with the Criminal Offender Employment Act. However, if the conviction does not directly relate to employment, completion of probation or parole supervision or expiration of a period of three (3) years after final discharge or release from imprisonment without subsequent conviction shall create a presumption of sufficient rehabilitation. Other information contained in the investigation record, if supported by independent evidence, may also form the basis for the employment decisions for good and just cause. A candidate's conviction of trafficking in controlled substances, criminal sexual penetration or related sexual offenses or child abuse regardless of rehabilitation shall warrant denial, suspension or revocation of employment. Records of arrest not followed by conviction or misdemeanors *NOT* involving moral turpitude may not be used, distributed or disseminated regarding public employment.

A person who makes a false statement, representation, or certification in any application for employment with the School District may be denied employment or terminated.

Reasons for a decision not to employ an individual based upon conviction of any indicated crime or misdemeanor involving moral turpitude shall be provided to the candidate. An appeal of denial, suspension or revocation of employment based upon the Criminal Offender Employment Act may be requested in accord with the grievance procedure provided in policy.

The administration may also conduct a background investigation of current employees if it becomes aware of facts, circumstances, or conduct that indicate(s) an individualized reasonable suspicion that undisclosed aspects of the employee's background might disqualify him or her to continue in employment with the District.

A person not directly involved in the employment decision affecting the specific applicant shall not be permitted unauthorized access to criminal history record information or background information. All fingerprint or criminal history records are to be confidential records and are to be maintained as personnel records in accord with the "Rights to inspect public records, exceptions."

The Superintendent shall report to the Public Education Department any known conviction of any felony or misdemeanor involving moral turpitude of School District personnel, a school employee, a school volunteer, a contractor or contractor's employee.

REGULATION REGULATION

SUPPORT STAFF WORKLOAD

(Fair Labor Standards Act)

Nonexempt employees, those noncertificated employees subject to the minimum wages and overtime provisions of the Fair Labor and Standard Acts, may be required to complete an individual time card showing the daily hours worked.

Time stamps shall cover one (1) workweek and shall be completed at the close of each work day.

Employees shall record their starting time, time out for lunch, time in from lunch, quitting time, and total hours worked for each work day.

Employees are not permitted to sign in or commence work more than fifteen (15) minutes before their normal starting or to sign out or stop work later than fifteen (15) minutes after their normal quitting time without the prior approval of the building administrator/supervisor.

All employees are required to take a lunch or meal break. Exceptions may be made for lunch periods per a voluntarily signed and written agreement between the employee and administrator.

All employee time records shall be verified and signed by the building administrator/supervisor.

Reporting another employee's time or falsifying one's own time is prohibited and may be grounds for disciplinary action including termination.

Nonexempt employees who work more than forty (40) hours per week shall be awarded "compensatory time" at the rate of one and one-half (1 1/2) hours for each hour of overtime work. In cases of emergency, when the employee cannot be immediately released for this time and one-half compensation, the Superintendent will make the decision as to paying the employee at the rate of time and one-half or having the employee take the time off at a future date. The hours must be approved by the immediate supervisor before an employee works overtime or, in the case of an emergency, immediately upon completion of the work or as soon thereafter as possible.

Compensatory time off shall be taken during the following pay period or workweek in which it was earned unless the use of compensatory time off would unduly disrupt the operations of the District. In the event the supervisor determines compensatory time off during the week following the week it is earned would be unduly disruptive to the operations of the District, such compensatory time off may be taken as soon as is reasonably possible thereafter.

This overtime compensation plan does not apply to exempt employees or to volunteers.

The number and type of support staff positions required to implement the District's educational program will be determined annually by the Board after recommendation from the Superintendent.  - Qualifications of staff members to accomplish the District's program.

DISCIPLINE, SUSPENSION, TERMINATION
AND DISCHARGE OF
SUPPORT STAFF MEMBERS**

Unless limited by the provisions of a collective bargaining agreement or by other statutory provision, a public employer may:

- direct the work of, hire, promote, assign, transfer, demote, suspend, discharge or terminate public employees;
- determine qualifications for employment and the nature and content of personnel examinations;
- take actions as may be necessary to carry out the mission of the public employer in emergencies; and
- retain all rights not specifically limited by a collective bargaining agreement or by the Public Employee Bargaining Act.

For purposes of this policy:

- ❖ • "Terminate" means, in the case of a noncertificated school employee, the act of severing the employment relationship with the employee.
- ❖ • "Working day" means every calendar day, excluding Saturday, Sunday or legal holiday.
- ❖ • "Administrative leave" means the assignment of an employee to the employee's home to await further instructions pending the outcome of an investigation or inquiry into the actions of the employee in order to avoid interference in the inquiry. The use of "administrative leave" is not a disciplinary action.

Categories of Misconduct

Staff members may be disciplined for infractions that include, but are not limited to, the following categories:

• Absence without leave	• Incompetence or inefficiency
• Abuse of leave	• Insubordination
• Alcohol or drug impairment	• Neglect of duty
• Child abuse or molestation	• Unauthorized possession of a weapon on school grounds
• Discourteous treatment of the public	• Unauthorized use of school property
• Dishonesty	• Unlawful conduct

• Excessive absenteeism	• Use of illegal drugs
• Fraud in securing employment	• Violation of a directive of a supervisor
• Improper attitude	• Violation of a District policy or regulation

❖ *Racialized aggression defined as any aggressive act which can be characterized, categorized or which appears as such to be racial in nature is prohibited. A link to a state-wide hotline for reporting such incidents is provided on the District Website located at <https://www.ccsdnm.org>.*

General Provisions for Discipline are as follows:

- *Informal consultation.* Nothing contained herein will limit a supervising administrator's prerogative to engage in informal consultation with an employee to discuss matters of concern related to the employee's performance, conduct, etc.
- *Persons authorized to impose discipline.* Any supervising licensed administrator who is the immediate or primary supervisor of a staff member is authorized to impose a penalty or penalties, short of termination.
- *Administrative discretion.* In adopting these policies/procedures, it is the intention of the District that they be interpreted and applied in a reasonable fashion. The policies are not intended to restrict or eliminate the discretion traditionally afforded to supervising administrators to determine whether discipline is appropriate. Administrators are therefore directed to continue to use reasonable discretion in determining whether a particular alleged violation merits discipline.
- *Right not to impose discipline.* The District reserves the right not to discipline a staff member for conduct that violates this policy.
- *Additional reasons for discipline.* A staff member may be disciplined for conduct that has occurred but that, at or near the time of misconduct, was not the subject of or identified as a reason for a specific proceeding under this policy.
- *Amendments.* The District reserves the right to amend this policy in any way at any time. Any amendment shall have prospective application only.
- *Severability.* If any provision of this policy is held to be invalid for any reason, such action shall not invalidate the remainder of this policy. If any provision of this policy conflicts with any provisions in any other policies adopted by the District, the provisions of this policy shall prevail.

Minor Discipline

Minor disciplinary action includes, without limitation thereto, removal from the grounds, written warning, written reprimand, or suspension. Minor disciplinary action shall be imposed by the staff member's administrative supervisor upon informing the employee of any violations of state or federal statutes, policies, rules or the New Mexico code of ethics and offering a hearing and opportunity to express the employee's side of the issue before implementing the disciplinary action. The disciplinary action shall be confirmed in writing to the employee. The discipline may only be appealed to the next level of administration. The hearing procedure shall be as follows.

Step 1 - Notice and Hearing:

- Upon the supervising administrator's determination of the existence of cause to impose discipline, the supervising administrator shall notify the staff member of intent to impose discipline, the conduct or omission

on the part of the staff member that constitutes the reason for discipline, and provide the employee an opportunity to explain the employee's side of the issue. A reasonable effort to determine the circumstances of the incident will be made. The discipline may be imposed immediately or following any further investigation.

Step 2- Decision (in writing):

- At the hearing, or within seven (7) working days following the hearing, the supervising administrator shall inform the employee in writing of the disciplinary action, if imposed and summarize the discussion at the hearing.

Appeal of Minor Discipline

A staff member who wishes to object to a minor disciplinary action shall submit a written appeal request to the supervisor's superior within five (5) work days of receiving notice of the disciplinary action. Failure to request the appeal in the time frame indicated will be considered acceptance of the discipline imposed. The discipline shall be suspended if the appeal is timely made. The appeal shall specifically describe the part of the determination with which the staff member disagrees, such as:

- Determination was founded upon error of construction or application of any pertinent regulations or policies.
- Determination was unsupported by any evidence as disclosed by the entire record.
- Determination was materially affected by unlawful procedure.
- Determination was based on violation of any statutory or constitutional right.
- Determination was arbitrary and capricious.
- The penalty was excessive.

The appeal shall be based on the staff member's submission as listed above and the summary of the hearing made by the supervisor. The supervising administrator, the Superintendent, or, when appropriate, the Governing Authority may, at the conclusion of the appeal, uphold the discipline, modify the decision, or refer the matter back to the level from which it was appealed for rehearing and additional information. Such decision, along with specific direction as to the effective date of any discipline, shall be communicated to the staff member within a reasonable amount of time following the appeal, not to exceed seven (7) working days. The decision upon appeal is final for all minor disciplinary actions.

**Termination Pursuant to
22-10A-24 NMSA (1978)**

The following procedures will be used to impose any termination permitted under 22-10A-24 NMSA (1978) except that it does not apply to:

- A noncertificated school employee employed to perform primarily District-wide management. (22-10A-26 NMSA)

Step 1 - Notice:

- Upon the Superintendent's determination of the existence of cause to terminate, the Superintendent shall notify the staff member of intent to terminate. The notice shall be in writing and shall be delivered in person or by first-class mail. The notice shall include the following:
 - The statement that the employee has the right to request written reasons for the decision to terminate and such reasons shall be provided within five (5) working days of such request.

- *A local Board may terminate a nonlicensed school employee with less than one (1) year of employment for any reason it deems sufficient.*

- For a nonlicensed school employee who has been employed for more than one (1) year the following appeal procedure shall apply.

Step 2-3 Appeal Requirements and Content:

- Termination may be appealed to the Governing Authority by a nonlicensed school employee who has been employed for more than one (1) year by making a request to the Superintendent within five (5) working days of the date of receipt of the notice of termination requesting reasons for the termination decision and a meeting with the Governing Authority.
 - The appeal shall be granted if the employee responds to the Superintendent in writing within ten (10) working days of receiving the reasons for termination with the following information:
 - ▲ A statement of contention that the employee believes the decision is without just cause.
 - ▲ A brief statement of the reason(s) why the staff member believes the decision is without just cause.
 - ▲ A statement of the facts that the employee believes support this contention.

Step 4 - Appeal Procedure:

- The Governing Authority shall meet to hear the employee's statement in no less than five (5) or more than fifteen (15) working days after receipt of the statement.
- The hearing shall be conducted informally in accordance with the provisions of the Open Meeting Act.
 - Hearing Procedure:
 - ▲ The employee and the Superintendent may each be accompanied by a person of their choice.
 - ▲ The Superintendent shall present the factual basis for determination that just cause exists for the termination, limited to the reasons provided to the employee.
 - ▲ The employee shall present contentions, limited to the reason(s) why the staff member believes the decision is without just cause.
 - ▲ Rebuttal to the employee's presentation may be presented as deemed relevant by the Governing Authority.
 - ▲ Witnesses called may be questioned by the Governing Authority, the Superintendent or an appointed representative, and the employee or an appointed representative.
 - ▲ The Governing Authority may consider only such evidence as is presented at the hearing and need consider only such evidence as it considers reliable.
 - The Governing Authority shall take such action as is necessary in accordance with the Open Meeting Act to uphold or deny the recommendation to terminate. The Governing Authority shall notify the employee and the Superintendent of its decision in writing within five (5) working days from the conclusion of the meeting.

Termination - Arbitration Appeal Pursuant to 22-10A-25 NMSA (1978)

An employee still aggrieved by a decision of the Governing Authority may appeal the decision to an arbitrator by doing the following:

- Submitting a written appeal to the Superintendent within five (5) working days from receipt of the Governing Authority's written decision or refusal to grant a hearing on the issue of termination.
- Accompanying the written appeal shall be a statement of particulars specifying the grounds on which it is contended that the decision was impermissible pursuant to subsection E of Section 22-10A-24 NMSA (1978).
- Including in the contentions a statement of facts supporting the contentions.

Failure of the employee to submit a timely appeal or a statement of particulars with the appeal shall disqualify the employee for any appeal and render the Governing Authority's decision on termination final.

If the arbitration appeal request is timely and complete, the Governing Authority and the employee shall meet within ten (10) working days from the receipt of the request for an appeal and select an independent arbitrator, qualified in accord with the applicable statute, to conduct the appeal. If the parties fail to agree on an arbitrator, they shall request the presiding judge in the judicial district in which the employee's public school is located to select an independent arbitrator within five (5) working days of the date of the request.

A de novo (new) hearing shall be conducted within thirty (30) working days of selection of the independent arbitrator. The arbitrator shall give written notice of the date, time and place of the hearing, sending such notice to the employee and Governing Authority.

The parties shall be provided a copy of the relevant portion of this policy which shall include:

- Discovery shall be limited to depositions and requests for production of documents on a time schedule to be established by the arbitrator.
- The arbitrator may issue subpoenas for the attendance of witnesses and to produce books, records, documents and other evidence at the request of either party and has the power to administer oaths. Subpoenas issued shall be served and enforced in the manner provided by law for the service and enforcement of subpoenas in a civil action or in the manner provided by the American Arbitration Association's voluntary labor arbitration rules if that entity is used by the parties.
- The Governing Authority shall be required to prove by a preponderance of the evidence that just cause to discharge the employee existed at the time of the notice of intent to discharge the employee by the administration.
- Hearing Procedure:
 - The employee and the Governing Authority may each be accompanied by counsel.
 - The Governing Authority shall present the basis for determination that just cause exists for the discharge.
 - The employee shall present reason(s) why the recommendation is without just cause.
 - Either party shall be permitted to call witnesses and to introduce documentary evidence.
 - Witnesses called may be questioned by, the Governing Authority or a representative, and the employee or a representative.
 - Technical rules of evidence shall not apply, but, in ruling on the admissibility of evidence, the independent arbitrator may require reasonable substantiation of the statements or records tendered, the accuracy of truth of which is in reasonable doubt.
 - Either party desiring a record of the arbitration proceedings may, at the party's own expense, record or otherwise provide for a transcript of the proceedings; provided, however, that the record so provided shall not imply any right of automatic appeal or review.

- The arbitrator shall notify the employee and the Governing Authority of the decision in writing within ten (10) working days from the conclusion of the arbitration hearing. The decision shall contain findings of fact and conclusions of law affirming or reversing the action of the Governing Authority.

The parties shall be guided by the statute and arbitrator as to the conduct of the hearing, each bearing their own costs. The arbiter's fees and other expenses in the conduct of the arbitration shall be assigned at the discretion of the independent arbitrator.

NONSCHOOL EMPLOYMENT BY
SUPPORT STAFF MEMBERS

A regular, full-time employee's position in the District shall be given precedence over any type of outside work or self-employment. Employees are free to carry on outside work or self-employment projects as long as no District facilities, equipment, or school(s) are used, except as provided by policy, and the outside work or self-employment does not interfere with the employees' performance of District-assigned duties.

The outside work or self-employment by a staff member is of concern to the Board insofar as it may:

- Prevent the employee from performing assigned responsibilities in an effective manner.
- Be prejudicial to proper effectiveness in the position or compromise the District.
- Raise a question of conflict of interest - for example, where the employee's position in the District permits access to information or other advantage useful to the outside employer.

Therefore, an employee may not perform any duties related to outside work or self-employment during regular District working hours or during the additional time that is needed to fulfill the responsibilities of the District position. Employees who violate this policy are subject to reprimand, suspension, or termination.
