Welcome to the first **Preschool Promise Play on Purpose** box!

Each month you will receive a box of treasures to **inspire play for your child**. The box will include a way to connect to your book of the month, with some bonus ideas for play, too. These ideas are based on **playful learning objectives** and are suggested to **help children practice Kindergarten readiness skills at home**. On the back of this card, we will include some additional activity ideas you and your child can do with the enclosed tools and toys, along with some information about which readiness skills the activities help develop.

What's in the box?

Journal

Colored Pencils

Glue stick

Feelings Poster

Mirror

Clothespins

The Play Plan

Take a look in the mirror. What do you see? What does your happy face look like? Use your notebook and pen to draw what you see/feel.

What can you do with...

clothespins?

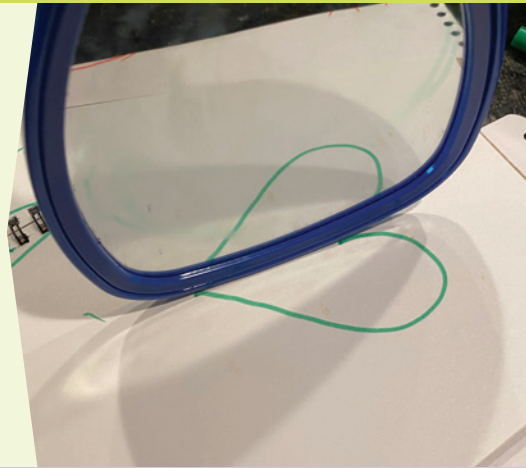

Let's make a cape like Lola!

Find your favorite blanket, or a small towel. How can you use the clothespin to make a cape and fly around? If you could have any superpower, what would it be?

a mirror?

Let's play with reflections

Draw a picture and put the mirror on the edge. What do you see? Can you draw a circle, a square, or a squiggle? How does it look when you put the mirror next to it like in the picture?

How do these activities help get my child ready for Kindergarten?

Social emotional learning: naming and describing emotions

Fine motor: using pen/pencil/crayon for writing or communicating ideas

Reading readiness skills: draw a picture to express an idea or feeling
