

**FOR IMMEDIATE RELEASE**

## **Logan Elm Elementary Receives 2024 Momentum Award**

Logan Elm Elementary is excited to announce that it has received the prestigious 2024 Momentum Award, recognizing the school's outstanding progress in student achievement and continued growth.

The Momentum Award is given to schools and districts that have demonstrated notable progress in their performance while maintaining a trajectory of continued academic growth.

The Momentum Award is granted to schools and districts that have improved their performance index by 3 or more points from the previous year's report card (2022-2023) to the current year (2023-2024), in addition to achieving a value-added progress rating of 4 or more stars.

Only 193 schools in Ohio receive this award, making up less than 7% of all schools in the state. This statistic highlights the impressive growth taking place at Logan Elm Elementary.

Joanna Strawser, Principal at Logan Elm Elementary, was humbled by this recognition, simply stating that we can only thank our teachers for this growth.

"Our teachers meet students where they are. They acknowledge their current situation and emotions without judgement. Our staff makes sure each child can reach their educational potential," said Mrs. Strawser.

Tim Williams, Superintendent at Logan Elm, seconds this testament, stating that our staff is truly committed to empowering every student.

"This recognition further emphasizes the critical role of collaboration and a unified Pk-12 building, making it easy for us to work towards a common goal. These efforts would not be possible without a community that is invested in supporting education," said Mr. Williams.

This award is a reminder that each classroom at Logan Elm Elementary is filled with excitement to learn, and offers a caring space where children can grow.
