SB 29 STUDENT TECHNOLOGY NOTIFICATION

Dear Parent/Guardian and Students;

We are writing to inform you of a significant change in state law regarding student technology and privacy. Senate Bill 29 requires public schools to notify families of the technology providers that have access to their child's educational records. This is to ensure transparency and protect student privacy.

Affected Students: All students enrolled in Claymont City Schools are impacted by this legislation.

List of Technology Providers: Please find attached a list of technology providers that may have access to your child's educational records.

Data Privacy: We want to assure you that we prioritize the privacy and security of our students' data. We have implemented robust measures to protect this information. As you will see after reviewing the list, Claymont City works with several technology providers which provide teacher curriculum and resources as well as other necessary tools for our staff.

We understand that this may be a new state requirement, and we are committed to providing you with the information regarding your child's education.

Thank you for your continued support.

Sincerely,

A handwritten signature in black ink that reads "Brian Rentsch". The signature is written in a cursive style.

Brian Rentsch, Superintendent

Attachment

Vendor	System	Use	Grades	Information Stored
Attendance K12	Attendance K12	Tracking student attendance	K-12	Student ID, student attendance, student address
Clever	Clever	Curriculum login clearinghouse	K-12	Student name, ID, email, passwords
Edmentum	Online Learning	Credit recovery and online courses	7-12	Student name, ID, email, passwords
Frontline Education	Datamap	Student assessment trend data	K-12	Student test scores, student interventions
