INTRODUCTION

The Board of Education requires high standards of personal conduct from each student to promote respect for the rights of others and to accomplish the purposes of the schools. The Board also requires compliance with established standards and rules of the district and the laws of the community, state, and nation.

The central purpose of the school system is to educate each student to the highest level possible. To support the success of the educational program, the Board directs employees to hold each student accountable to Code standards in a fair manner. Compliance with the standards is necessary to provide:

- Orderly operation of the schools,
- A safe environment for students, district employees, and visitors to the schools,
- Opportunities for students to achieve at a high academic level in a productive learning environment,
- Assistance for students at risk of failure or of engaging in disruptive behavior,
- Regular attendance of students, and
- Protection of property.

This Code applies to all students in the District while at school, on their way to and from school, while on the bus or other District vehicle, and while they are participating in, or attending school-sponsored trips and activities. The Superintendent/designee is responsible for the implementation and application of this Code throughout the District. The Principal is responsible for the administration and implementation of this Code within his/her school in a uniform and fair manner without partiality or discrimination.

Each school/council must select and implement appropriate discipline and classroom management techniques necessary to carry out this Code and shall be included in the school's SBDM policies. Teachers and other instructional personnel are responsible for administering Code standards in the classroom, halls, and other duty assignment locations.

This Code establishes minimum behavior standards. Recognizing that each school, grade, or class may require special provisions, school councils, administrators, and teachers have full authority to make rules to enforce these standards in keeping with their areas of responsibility.

- To promote the full implementation of conduct standards, and
- To maximize safety in the school environment. The Board requires all employees to make supervision of all students at all school activities a top priority among their assigned duties. The younger the child, the greater the need for adult guidance and protection.

A professionally planned and positive school atmosphere is necessary for academic progress and a safe environment. Therefore, students shall not interfere with the orderly environment of the school or school activity. Examples of prohibited behavior include, but are not limited to:

- Actions such as harassment of, or discrimination against, other students based on race, color, national origin, age, religion, marital status, political beliefs, sex, or disability.
- Insubordination (disobedient or defiant behavior)
- Sale of items for school fundraising purposes without prior approval of the Superintendent or Board of Education

Regular and punctual school attendance is both a privilege and a responsibility of the student. Good attendance is necessary for satisfactory progress and high academic achievement. Examples of attendance violations include but are not limited to:

- Absence from school without a valid excuse
- Tardy without a valid excuse

Students shall exercise self-control as required by the particular situation and in keeping with school and district rules, or be subject to removal from the regular classroom setting or transportation system. - Use of profanity
- Lying
- Cheating
- Ignoring or breaking rules and procedures established to maintain order
- Otherwise behaving in a manner disrespectful to others

DISCIPLINE

Discipline at Paris City Schools is predicated on the right of every student to the best education his/her abilities permit. Any action by the student that deprives others of that right will be grounds for disciplinary action, whether specifically stated in the rules or not.

It is hoped that all students will grow in self-discipline as they mature. An attitude of courtesy and respect for others by students, faculty, and staff is essential to a well-run school. Students should remember that in the eyes of the public, they represent Paris Schools and should conduct themselves as ladies and gentlemen at all times.

The Board has included samples of prohibited behaviors to help the reader understand how the behavior standard will be enforced. **Other behaviors not included in the examples may also be prohibited.**

PROCEDURES FOR DISCIPLINARY REFERRALS

1. The teacher completes an appropriate referral form (except in emergencies).
2. The principal or designee investigates the issue, observing the student's right to due process.
3. The principal or designee determines the action to be taken.

SUSPENSION AND EXPULSION DEFINED

Out-of-school suspension is a severe disciplinary action by which a student is prohibited from attending school, coming on the school grounds, participating in, or attending any school event. Parents or guardians are notified of all suspensions and are usually required to attend an administrative conference before the student may return to school.

The principal may suspend for five (5) days or less; the superintendent has the authority to suspend for longer periods. Most suspensions will be one (1) to three (3) days.

Expulsion is the most extreme penalty that can be imposed. It must be an action of the School Board on the recommendation of the superintendent if it involves the removal of the student's privilege of attending school and the loss of credits. Expulsion is most generally for the remainder of the school year.

The students and parents must appear for a hearing before the Board before a recommendation to expel is made. Expelled students are not permitted to be on the grounds of the Paris Schools or to attend any school-approved function wherever it is conducted.

SUSPENSION, EXPULSION & DUE PROCESS

For certain violations, the Superintendent may remove (suspend) a student from school for up to ten (10) days per incident. Unless immediate suspension is necessary to protect persons or property or to avoid disruption of the educational process, students shall not be suspended until they have been given due process (required by law). Due process must be given before educational benefits are taken away and shall include:

1. Oral or written notice of the charge(s) against them,
2. An explanation of the evidence, if the student denies the charge(s).
3. An opportunity to present their version of the facts concerning the charge(s).

A report of the suspension shall be made in writing to the Superintendent and to the parent of the student being suspended.

Suspension of primary school students shall be considered only in exceptional cases where there are safety issues for the child or others.

Following legally required due process; the Board may expel any pupil from the regular school setting for misconduct as defined by law for periods longer than ten (10) days. In cases of expulsion, provision of educational services will be required unless the Board determines, on the record and supported by clear and convincing evidence, that the expelled student poses a threat to the safety of other students or school staff and cannot be placed in a state-funded agency program. Action to expel a pupil shall not be taken until the parent of the pupil has had an opportunity for a hearing before the Board.

In cases of severe misconduct, the Principal may set up an administrative hearing with the student.

In cases which involve students with disabilities, the procedures mandated by federal and state law shall be followed.

VIOLATION OF SCHOOL RULES

It is expected that students follow the rules of the school. However, when violations occur, it becomes necessary to take disciplinary action. A list of main violations is listed. Other acts not listed could be disciplined if the act is disruptive to the educational process, hinders other students' learning, or is deemed inappropriate for a school setting. The penalties listed in the Behavior Violation grid are possible actions and not necessarily a step-by-step process. Penalties will depend upon the circumstances in the individual situation but will be consistently handled in like situations.

Behavioral violations of a minor nature should be handled by the classroom teacher, who may choose from a variety of response options to include, but not be limited to:

- Verbal Warning
- Teacher/Student Conference
- Notification of Parents
- Alternative Assignment
- Loss of Privileges
- Behavior Contract
- Detention
- Referral for Counseling/Mediation
- Other techniques established by council policy

For repeated or more serious violations, administrators may also use these options:

- Alternative Placement
- Suspension (up to 10 days)
- Referral to Board (possible expulsion)
- Referral to Law Enforcement
- Petition to Juvenile Court
- Referral to court-designated worker

In some instances, a combination of actions will be taken, such as suspension and social probation or monetary restitution and a formal reprimand.

SEARCH AND SEIZURE

Students have the right to be secure from unreasonable searches of their person and property. However, school authorities are authorized to search a student if they have reasonable suspicion that the search will reveal evidence that the student has violated or is violating this Code or a school rule or the law. Also, school authorities may conduct general inspections of jointly held property regularly. All searches will be conducted per Board policy. Unannounced searches by law enforcement officers using canine units may be conducted. Students cannot expect to have complete privacy in their use of school property assigned for their use, such as desks and lockers.

GRIEVANCES

Students and parents wishing to express an educational concern or grievance shall observe the following order of appeal:

1. Teacher
2. Principal
3. School council where appropriate
4. Superintendent
5. Board

Board Policy #09.4281 provides the opportunity for student grievances to be addressed and resolved at each level. Procedures and forms are available from the Policies and Procedures Manuals located in the counselor's and principal's offices.

PHYSICAL RESTRAINT/CORPORAL PUNISHMENT

All school personnel may restrain when a student's behavior poses an imminent danger of physical harm to self or others in clearly unavoidable emergency circumstances. The Board does not permit the use of corporal punishment as a disciplinary technique.

REPORTS TO LAW ENFORCEMENT OFFICIALS

When they have reasonable belief that certain violations have taken place, principals are required by law to immediately report them to law enforcement officials. Violations on school property or at a school-sponsored function requiring a report to law enforcement officials include:

- Assault resulting in serious physical injury;
- A sexual offense;
- Kidnapping;
- Assault involving the use of a weapon;
- Possession of a firearm in violation of the law;
- Possession of a controlled substance in violation of the law
- Damage to school property

In addition to violations of this Code, students may also be charged with criminal violations.

WEAPONS

Students are never allowed to bring a weapon to school. The Board urges parents and other citizens to make sure that students do not have inappropriate access to weapons. Both Board policy and the law prohibit the carrying, bringing, using, or possessing of any weapon or dangerous instrument in any school building, on school grounds, in any school vehicle, or at any school-sponsored activity. Except for authorized law enforcement officials, the Board specifically prohibits the carrying of concealed weapons on school property.

When a student violates the prohibition on weapons, the Principal shall immediately make a report to the Superintendent, who shall determine if charges for expulsion are to be brought before the Board. Unless the Board chooses to consider charges on a case-by-case basis, the penalty for students bringing a firearm or other deadly weapon, destructive device, or booby trap device to school or onto the school campus/property under the jurisdiction of the District shall be expulsion for a minimum of twelve (12) months. (The GunFree Schools Act of 1994 and KRS 158.150)

District employees must also report to law enforcement officials if they know or have reasonable cause to believe that conduct has occurred that constitutes the carrying, possession, or use of a deadly weapon on the school premises, on a school bus, or at a school-sponsored or sanctioned event.

HARASSMENT/SEXUAL HARASSMENT

Board Policy 09.42811 prohibits "Harassment/Discrimination due to an individual's race, color, national origin, age, religion, marital status, political beliefs, sex or disability." Procedures and forms are available from the Policy and Procedures Manuals located in the counselor's and principal's offices.

Sexual harassment is unwelcome, unsolicited, or undesired attention of a sexual nature. Unwelcomeness is determined by the person at whom the behavior is directed and/or by third parties not by one's intent.

additional time is necessary due to the matter being investigated by a law enforcement or governmental agency. The Superintendent/designee may take interim measures to protect complainants during the investigation.

3. A process to identify and implement, within five (5) school days of the submission of the written investigative report, methods to correct and prevent the recurrence of harassment/discrimination. If corrective action is not required, an explanation shall be included in the report.
4. Age-appropriate training during the first month of school to include an explanation of prohibited behavior and the necessity for prompt reporting of alleged harassment/discrimination.

If a supervisor is an alleged party in the harassment/discrimination complaint, procedures shall also provide for addressing the complaint to a higher level of authority.

Failure by an employee, immediate supervisor, Principal, and/or Superintendent to initiate an investigation of alleged harassment/discrimination, to follow approved procedures, or to take corrective action shall be cause for disciplinary action.

RETALIATION PROHIBITED

No one shall retaliate against an employee or student because s/he files a written grievance, assists or participates in an investigation, proceeding, or hearing regarding the charge of harassment/discrimination of an individual, or because s/he has opposed language or conduct that violates this policy.

BULLYING

A S.T.O.P. Tipline is available to report violence/bullying at www.paris.kyschools.us

To effectively participate in the democratic process as adults, students must learn to respect the rights of others and to interact with them civilly. Therefore, students are required to speak and behave civilly toward students, staff, and visitors to the schools.

Bullying refers to intentional acts by a student or groups of students directed against another student to ridicule, humiliate, or intimidate the other student while on school grounds, or at a school-sponsored activity, which acts are repeated against the same student over time.

These may include but are not limited to, name-calling, teasing, threatening, social exclusion, and cyberbullying. Cyberbullying refers to the use of Information and Communications Technology (ICT), particularly mobile phones and the internet, deliberately to upset someone else. Cyberbullying is a subset or method of bullying. Cyberbullying can include a wide range of unacceptable behaviors, including harassment, threats, and insults, and like face-to-face bullying, cyberbullying is designed to cause distress and harm. Bullying may be physical, verbal, emotional, or sexual.

The use of lewd, profane, or vulgar language is prohibited. In addition to bullying, students shall not engage in behaviors such as hazing, menacing, taunting, verbal or physical abuse of others, or other behavior that disrupts a student's access to education or is harmful to his/her well-being. Such behavior is disruptive to the educational process and interferes with the ability of other students to take advantage of the educational opportunities offered.

These provisions shall not be interpreted to prohibit the civil exchange of opinions or debate protected under the state or federal constitutions where the opinion expressed does not otherwise materially or substantially disrupt the education process.

However, students who violate this policy shall be subject to appropriate disciplinary action. Any student who feels he/she has been the victim of bullying/hazing or any violation of this Code should immediately report the incident to any teacher, counselor, or administrator in the student's school. In serious instances of peer-to-peer bullying/hazing/harassment, employees must report to the alleged victim's Principal as directed by Board policy 09.42811. The Principal/designee shall investigate and address alleged incidents of such misbehavior. Harassment/Discrimination allegations shall be governed by policy. [KRS 158.156 governs reporting requirements.](#)

STUDENT RECORDS

Records containing student information shall be made available to the parent of the student, guardian, or eligible student on written request. Eligible students include those 18 years of age or older or those enrolled in a postsecondary school program.

For information concerning access or corrections to student records, contact the Principal or the Superintendent at the Central Office (address and telephone number listed on the front cover).

Release of Information: The Paris Board of Education can release directory information. Directory information is not considered confidential as defined in KRS 160.700. Directory information means the student's name, address, telephone listing, date and place of birth, participation in school-recognized sports and activities, height and weight of members of athletic teams, dates of attendance, awards received, major field of study,

and the most recent previous educational agency or institution attended by the student, contained in educational records in the custody of the public schools. If a parent does not want directory information released, they must notify the Superintendent in writing. Upon request, the District will disclose records without consent to officials of another school district in which the student seeks or intends to enroll.

This opportunity may include, but not be limited to, participation in an educational foreign exchange program or an intensive instructional, experiential or performance program in one (1) of the core curriculum subjects of English, science, mathematics, social studies, foreign language, and the arts. An application form obtained from the school must be completed and returned to the Principal at least five (5) days before the absence. Unless the Principal determines there are extenuating circumstances, requests for dates falling within State or District testing periods shall not be granted. The Principal's determination may be appealed to the Superintendent/ designee, whose decision may then be appealed to the Board through the grievance procedure.

Students are expected to turn in excuses within three (3) days of the absence. Excuses will not be accepted after this period.

If a student is sent home for illness by the school, the student will be excused for that day, however, if the student is absent for subsequent days the note requirements apply.

UNEXCUSED ABSENCES

All absences or tardiness exceeding the five (5) parent note limit in a school year will be unexcused unless an excuse is provided as described under the "Excused Absence" section above or verified by medical statement (doctor's note), court order, or declared an emergency by school authorities.

Doctor's notes must show office name, location, and phone number, and must include:

1. Date and time of appointment
2. When student can return to school
3. Physician's signature

VERIFICATION REQUIRED

A signed statement of the parent, when presented upon the student's return to school, will be accepted as proper verification for up to five (5) days of absence per year. Absences verified by a doctor's statement shall not be counted as one of the initial five (5) days

Up to ten (10) absence events with doctor's statements shall be allowed. Any absences due to medical reasons over ten (10) shall require the presentation of a completed Medical Excuse Form 09.123 AP.2 before those absences shall be excused. Medical Excuse Forms shall be available at each school & the central office.

When a student returns to school following an absence, s/he must bring a signed note with the dates of the absence(s). When notes are turned in, the student will be issued an excused admit slip. The student is responsible for presenting the admit slip to each teacher upon return to class following the absence and at that time, turn in any work due and request any missed assignments.

Students are expected to turn in excuses within three (3) days of the absence. Excuses will not be accepted after this period. If a student is sent home for illness by the school, the student will be excused for that day. However, if the student is absent for subsequent days the note requirements apply.

If a child has a chronic illness, the parent/guardian may request additional parent notes by completing the Medical Excuse Form or contacting the Director of Pupil Personnel at Central Office.

TRUANCY DEFINED

Kentucky Revised Statutes (KRS 159.150) defines truancy as "Any student who has been absent from school without a valid excuse for 3 or more days, or tardy without a valid excuse on three (3) or more days, is a truant." Paris City Schools will send notification of truancy by standard mail to parents or guardians of students with 3 unexcused absences or 6 unexcused tardies. Parents with students in the middle and high schools will be encouraged to attend a Truancy Diversion meeting which will be held at Paris High School. This meeting brings together representatives from the school and the court system to provide information to parents on the school truancy process.

Habitual Truancy - Kentucky Revised Statutes (KRS 159.150) defines habitual truancy as "Any student who has been reported as a truant two (2) or more times is a habitual truant." This means a student who has accumulated six (6) unexcused absences or tardies is a habitual truant. Paris City Schools will send notification of habitual truancy via mail to the parents of students with 6 unexcused absences or 9 unexcused tardies. The DPP designee, or Family Resource and Youth Service Center representative will attempt to contact the parent or guardian to offer assistance to improve the student's truancy. If truancy is not resolved, additional unexcused absences or tardies may result in a "Final Notice" being issued personally or by certified mail, notifying the parent/guardian of the student's state of truancy. Any unexcused absence or tardiness after the final notice is issued will result in the school filing truancy charges and/or neglect charges with the Bourbon County Family Court system in compliance with state compulsory attendance laws.

Conference - If the Principal and DPP/designee believe the student's absences are without just cause or that the absences are questionable, a conference shall be held with the parent, student, Principal, and DPP/designee. The conference date and time shall be determined by the Principal and the parent's attendance shall be mandatory. If the parent fails to attend the conference, truancy proceedings shall be initiated.

Makeup Work - Students shall be given a reasonable amount of time to make up missed assignments. For unexcused absences, students need an opportunity via extended school services or other before/after school programs to learn the missed curriculum. Mastery of learning is the goal of every student. Each school's SBDM Council policy includes specifics regarding makeup work.

CHECK-IN & CHECK-OUT

Students who are leaving school before the end of the school day must have an adult who is listed on the student's emergency card physically sign the student out. The person signing a student out of school must present a valid form of identification.

OUT-OF-DISTRICT STUDENTS

All non-resident students (students who do not live within the Paris City Schools) agree to attend school regularly, maintain grade point averages appropriate for individual potential, and follow school rules. The district may return a child to the district of residence if any of these standards fail to be met. Changes shall be made during semester and end-of-year breaks.

AUTOMOBILE AND PARKING REGULATIONS

Students who drive to school shall adhere to all motor vehicle regulations and school regulations regarding driving. Any time a student fails to abide by these regulations, he/she may forfeit the right to drive a motor vehicle to school. A parent or guardian's signature/permission is necessary for a student to receive a parking permit. Anyone picking up or dropping off a student should do so in the designated area. Please make parents, guardians, brothers, sisters, etc. aware of this policy.

Students may not return to their vehicles during the day except with permission from the office.

TELEPHONES

No school telephone is to be used by students, except in emergencies or on behalf of a teacher. A telephone for student use, available in the office, is to be kept in use no more than two (2) minutes at a time. Students should advise parents and friends of the above regulations.

FIRST AID

Students who become ill or are injured during the school day are to obtain a pass from their teacher and present it to the school nurse. If the student is not able to return to class, the school nurse should make arrangements to go home.

FINANCES

All money collected for school purposes must be recorded in an internal account. Anyone collecting money shall, whenever practical, issue receipts in duplicate. An accurate record of all money collected should be turned in to the Central Fund Treasurer in a lump sum as soon as you have collected it. You will be given a receipt. You should keep all receipts. Under no circumstances should money be left in classrooms or lockers.

No student is authorized to write a check on school accounts. The bookkeeper should be given the name of the student in each class or club who is authorized to make purchases. The student must get a purchase request signed by the sponsor of his/her class or club and have it approved by the principal.

CAFETERIA REGULATIONS

All students are to report to the cafeteria at lunch unless they are given permission otherwise.

Students are expected to leave their tables as clean as possible. Therefore, it is the responsibility of all students and teachers to place their milk cartons, napkins, straws, and uneaten food in the trash, and to return their trays and silverware to the return area. Any food or milk spilled on the floor should be reported to the custodian or one of the lunchroom staff.

Student behavior in the lunchroom is subject to the policies of student behavior of the entire school. Loud noise and horseplay disturb other students and cannot be tolerated. Students should not move chairs from table to

table. No one is to leave the cafeteria at lunch without permission. During breakfast and lunch, only the restrooms next to the cafeteria are to be used. No food items are to be taken out of the cafeteria by students.

Students may bring their lunch but cannot leave school for lunch.

Restaurant or fast-food breakfast or lunch from outside of school cannot be brought into the school cafeteria.

HALLWAYS AND STAIRWAYS

In passing between classes, students are asked to keep to the right of the hallways as much as possible. This will allow for a better flow of hallway traffic.

Students are expected to be orderly when using the hallways and stairways. Running, horseplay, and other forms of disorder are dangerous and cannot be tolerated. Students are subject to the authority of all teachers while in the halls.

RESTROOMS

There will be no loitering in the restrooms at any time. Regulations concerning student conduct are also applicable in the restrooms. There shall be only one student per stall at one time.

Every effort is made to provide you with the cleanest restrooms possible. Take pride in helping keep your restrooms clean.

Defacing the restrooms by marking walls or by damaging fixtures will be considered a serious offense and will be handled accordingly.

PERSONAL POSSESSIONS

In promoting the process of education and protecting the health and welfare of all students, a search of school property and/or personal belongings may be conducted, including automobiles and lockers. Items such as firearms, knives, dangerous weapons, alcohol, and drugs are a threat to the safety and welfare of students and school personnel. Any items of this nature may be removed from the student's possession. Return of such items is subject to the nature of the item and the circumstances under which it was removed.

Random searches will be conducted using drug-sniffing dogs and/or metal detectors. They may also be used if there is reasonable suspicion that a violation has occurred.

STUDENT INSURANCE

A student accident insurance plan will be purchased by the Board of Education for every student. This policy will cover all students during the school day and involvement in school activities. Accident insurance claim forms are available in the office and are the responsibility of the student and the parent/guardian. This insurance pays a very minimum amount and should be considered secondary to personal/family coverage.

Paris City Schools are not responsible for any accidents occurring at school or for any medical expenses not covered by the insurance policy. In case of any injury or illness, every effort will be made to see that students are given proper first aid, or in case of emergency, get proper medical attention.

MEDIA PUBLICATIONS

As a part of recognizing student achievement and promoting the schools and district, photos and positive articles are often published in newspapers and other publications. By checking and signing on the return page of this booklet you are hereby permitting Paris City Schools to publish photographs of your child in any publication portraying a positive image of the child and the schools. Furthermore, you waive any right that you may have to inspect and/or approve the finished product or any written copy that may be used in conjunction therewith. ***YOUR CONSENT TO THESE TYPES OF PHOTOGRAPHS OR VIDEOTAPES IS ASSUMED UNLESS YOU NOTIFY YOUR CHILD'S SCHOOL IN WRITING THAT YOU DO NOT WANT YOUR CHILD INCLUDED IN SUCH PHOTOGRAPHS OR VIDEOTAPES. Surveillance cameras are in use in our school buildings for security purposes.***

PLANS FOR CLOSING SCHOOLS

Occasionally hazardous road conditions exist due to weather and it becomes necessary to make changes in the daily school schedule. Once a decision has been made to close schools or change the daily schedule, information will be given to media sources.

IF THERE IS NO ANNOUNCEMENT FROM THESE SOURCES, SCHOOL WILL BE IN SESSION AS USUAL.

INTEGRATED PEST MANAGEMENT (IPM)

The Board of Education has implemented a program that minimizes economic, health, and environmental risks. All individuals applying pesticides will be properly certified in keeping with applicable legal requirements. Applications will be done on Fridays after school is dismissed. If you wish to be notified 24 hours in advance of a planned pesticide application or as soon as possible when an emergency application is necessary, please register at the front office of the school. You may also register by phone by calling (859) 987-2160.

VISITORS

1. Parents and guardians are urged to visit the school at their convenience. Please call beforehand if possible.
2. All visitors must first register with the office.
3. Students are not allowed to bring visitors other than parents/guardians. Smaller brothers and sisters create disturbances and cannot be brought to school.
4. Upon request, all visitors must identify themselves to proper school authorities in the school building or on school grounds.
5. Paris High and Middle School offices will be staffed from 8:00 a.m. to 4:00 p.m. when school is in session. Paris Elementary School office will be staffed from 7:20 a.m. to 3:45 p.m. when school is in session.

ACCIDENTS

Any accident occurring on school premises that requires first aid or the services of a doctor should be reported to the office at once. He/she should obtain an insurance accident report from the office to submit to the insurance company.

TRANSPORTATION RULES AND REGULATIONS

The Rules and Regulations for Students Riding School Buses are published for good communication and to help provide an environment for excellence in learning. It is our objective to be firm, fair, and consistent with all students. Because the driver must pay attention to traffic flow, road conditions, and driving the bus, students must exhibit the best of behavior so as not to distract the driver. For the safety of all riders, the rules and regulations will and must be enforced. Passengers jeopardizing the safety and welfare of others through misbehavior will be denied the privilege of riding the bus to and from school.

PARENTS' RESPONSIBILITIES

It shall be the responsibility of the parent, guardian, or person authorized in writing by the parent of any Preschool or Elementary Student to provide safe supervision to and from the bus stop. If the parent/guardian or authorized person is not present upon delivery, the child shall be returned to the school he/she attends.

PUPILS' RESPONSIBILITIES

Pupils shall conform to transportation rules and regulations prescribed under state statutes and state and local regulations.

EMERGENCY

Students shall not leave the bus through the emergency doors except in an emergency or when instructed to do so in a practice drill. In the case of a road emergency involving the bus or the bus and another vehicle, the students shall remain on the bus unless given other instructions by the driver or monitor.

INSTRUCTION IN BUS CONDUCT AND SAFETY

Instruction in bus conduct and safety shall be provided to all transported students. Instruction shall include but not be limited to the following rules:

- Students shall be on time at the bus stop. The bus cannot wait for those who are late.
- Pupils shall wait at their assigned bus stop off the roadway and shall remain there until the driver has stopped the bus, opened the door, and signaled the students to enter the bus.
- Pupils shall not cross the roadway when entering the school bus until signaled to do so by the driver.
- When students are required to cross the roadway when entering or leaving the school bus, crossings shall be made in front of the bus. Pupils shall cross approximately ten (10) feet in front of the bus in order that they may be seen by the bus driver.
- When pupils enter the bus, they shall proceed directly to a seat assigned by the bus driver.

- Pupils shall remain seated until the bus has come to a complete stop.
- Pupils shall not extend their arms, legs, or heads out the bus window.
- Pupils shall not change from one bus seat to another at any time unless given permission by the bus driver or monitor.
- Only articles small enough to be held in the student's lap shall be brought onto the bus.
- Pupils shall not create noise on the bus to the extent that it might distract the driver or to the extent that it might interfere with the driver's ability to hear the signals of emergency vehicles or an approaching train.

DRIVER'S/MONITOR'S AUTHORITY

The driver and monitor shall be responsible for the bus and the behavior of the passengers. Students shall comply fully and promptly with the driver's and monitor's instructions and without arguing viewpoints.

STUDENT BEHAVIOR

- Students shall be courteous to the driver, monitor, and fellow students.
- Students shall not mar or otherwise deface the bus.
- If a student willfully damages a bus, he/she may lose his/her riding privileges until charges for the repair of damages have been paid in full.
- Students are not to tamper with mechanical equipment, accessories, or controls of the bus.
- Students shall assist in keeping the bus safe and clean at all times. They shall not throw litter of any kind onto the floor of the bus.

WITHHOLDING OF RIDING PRIVILEGES

The following improper behaviors may result in withholding of riding privileges and/or other disciplinary action: insolence, not following driver's/monitor's instructions, vulgar actions or gestures, obscene language, vandalism, fighting, pushing/shoving, smoking on the bus, throwing articles or objects on or from the bus, obstructing an aisle in any manner, occupying more space in a seat than is needed and refusing another passenger to sit down, and other disruptive and disturbing actions.

DUE PROCESS

Any student who violates these regulations shall be reported to the principal of the school for disciplinary action. The disciplinary action taken will depend on the nature of the student's behavior. If the behavior is severe and jeopardizes the safety and welfare of others, suspension can occur with the first offense and can be immediate. For less serious infractions, due warnings will be given to the student by the principal or designee. If the conduct does not become acceptable after three warnings, the driver will again report the student to the principal, who shall suspend the student from riding any Paris City Schools vehicle for whatever period is proper.

Only the Board of Education, acting upon the Superintendent's recommendation, has the authority to suspend the student from riding a vehicle for the remainder of the school year and then only after the due process procedure has been followed. Bus suspension by the principal stipulates that the student shall attend school for the period of suspension with transportation provided by means other than a Paris City Schools' vehicle until the period of suspension is completed. Violation of this regulation will be considered a serious infraction.

Written notice of the action taken by the principal shall be provided to the parents or guardians, the bus driver, and the transportation director. However, such notice need not precede the action of the principal.

Any complaints of students, parents, or drivers not specified in these regulations shall be reported to the principal first, then, if necessary, they may be reported through the administrative channel to the Superintendent.

When actions taken by the driver or other school employees are not supported by the parent or guardian, the proper channel for the hearing of the issues shall be as follows:

At the request of the parent or guardian, the principal will review the facts and hear the various viewpoints of the student, parent, driver, and monitor. After reviewing the facts and hearing all the viewpoints, the principal will decide as to the disposition of the case. Should the parent or guardian feel that a fair decision was not made, an appeal may be made to the Director of Transportation who will have a meeting with the student, parent, and principal to review the case and make recommendations to the Superintendent. The Superintendent will make the final decision.

DISPENSING MEDICATION

Medication Procedures

Paris City Schools adopted the Medication Training Manual for Non-Licensed School Personnel which is endorsed by the Kentucky Department for Public Health. All medication policies and procedures are aligned with the regulations of the Kentucky Department for Public Health and the Kentucky Department of Education.

1. Any medication dispensed or applied to any student while in the care of Paris City Schools, must be administered by staff trained in medication administration by the Kentucky Department for Public Health.
2. If medications can be given at home rather than at school, we ask that you please do so. (For example, medications indicating 2 times a day, or 3 times a day may be given at home rather than during the school day). In the event medication is needed for your student during school hours, we ask that the parent or guardian be responsible for the safe delivery of the medication to the respective school office. All medication is kept in the school office or other designated area and is stored according to specific guidelines.
3. All medications, ointments, etc. are required to be delivered to the school office in their original container. Medication permission forms are available in the office and must be completed when delivering medication to the school office. The dosage requested by the parent or guardian must match the instructions on the prescription label or box label. All medications will need to have a current date; expired medications cannot be accepted. Additionally, the school cannot provide medication for your student; it must be sent from the student's home.
4. All medications must be picked up by the parent/guardian or designee at the end of the school year. Any medications left at the school will be destroyed.
5. Students may never share medications with any other student or faculty member. Any medication in a student's possession must follow the regulations in this medication policy.
6. Types of medication and consent forms:
 - a. Over-the-counter medications – These medications are purchased without a doctor's order from local retail outlets. If the parent/guardian provides the medication and the signed "Medication Permission Form", the school will distribute these medications according to the instructions on the label. There is a three (3) CONSECUTIVE day limit on administering over-the-counter medications. If your student requires more than 3 consecutive days on an over-the-counter medication, a doctor's order must accompany the request.
 - b. Prescription Medications – These medications are purchased in pharmacies and are labeled according to a physician's order. A "Medication Permission Form" must be signed by the parent and the medication must be in the original container.
 - c. Emergency Medications – These medications are for students requiring emergency medication for
 - d. life-threatening conditions such as asthma, epilepsy, severe allergic reactions, or other serious conditions. A doctor is required to complete the "Emergency Medication and Permission Form" giving the school-specific instructions regarding the use of the specific medication.
 - e. Self-Carry Medications - If the student is required to keep a medication in their possession during the school day, a doctor must complete the "Self-Carry" portion of the "Emergency Medication and Permission Form." School health personnel will meet with the student and make certain the student understands all responsibilities of carrying the medication on school premises and a copy of the permission form will remain on file with the School Health Coordinator.

The school staff has the right to refuse any medication that does not follow these guidelines.

IMMUNIZATION LAWS

902 KAR 2:060 requires children who attend public school to maintain a current immunization certificate on file. Notices are sent home to the parents about immunizations that are expired or soon to be expired. If your child needs an immunization, has an expired immunization certificate, or needs any other required health documents, please turn those documents into the school office by the first day of the school year or within 10 days of receiving notification.

COMMON CHILDHOOD DISEASES – PINK EYE/RINGWORM/LICE

All cases of suspected Pink eye must be referred for medical evaluation. Students appearing to have symptoms of pink eye will be sent home and may return after receiving proper treatment.

Students with Ringworm may only attend school if they have been treated and the affected area remains covered throughout the school day.

Students with active head lice (bugs) are not permitted at school. Students who are sent home for lice treatment will be given one day of excused absence. Absences after the first day will be unexcused.

SMOKING

Board Policy number 09.4232 states, "Students shall not use or possess tobacco products on school property. Students who are determined by any means to violate this policy (i.e., cigarettes observed in pockets, strong smell of smoke on the breath, etc.) will be subject to disciplinary action." *This includes e-cigarettes and other related products.

State law prohibits smoking anywhere on Paris City Schools' property.

TECHNOLOGY USE

Students may only use school technology equipment (computers, etc.) after an Acceptable Use Policy (AUP) has been signed by both student and parent. Student AUPs will remain on file as long as the student is enrolled at Paris Schools. **Violation of AUP may result in revocation of Internet access.** The Paris City Schools has access to and use of the Internet and E-mail as part of the instructional process.

Students must sign a student Acceptable Use Policy agreement before direct access to the Internet or teacher-directed electronic mail will be provided. Written parental consent shall be required before any student is given direct, hands-on access to the Internet or teacher-directed electronic mail. However, educators may use the Internet during class-directed group demonstrations with or without parental consent. Students will be held accountable for violations of the Student Acceptable Use Policy agreement and understand that disciplinary action may be taken.

Because access to the Internet may expose users to items that are illegal, defamatory, inaccurate, or offensive, we require all students under the age of eighteen (18) to submit a completed Parent Permission/User Agreement Form to the Principal/designee before access/use. All other users will be required to complete and submit a User Agreement Form.

Except in cases involving students who are at least eighteen (18) years of age and have no legal guardian, parents/guardians may request that the school/District:

- Provide access so that the parent may examine the contents of their child(ren)'s email files;
- Terminate their child(ren)'s email account and/or Internet access; and
- Provide alternative activities for their child(ren) that do not require Internet access.

Parents/guardians wishing to challenge information accessed via the District's technology resources should refer to Policy 08.2322/Review of Instructional Materials and any related procedures.

GENERAL STANDARDS FOR USERS

Standards for users shall be included in the District's electronic access plan, which shall include specific guidelines for student, staff, and community member access to and use of electronic resources.

Access is a privilege—not a right. Users are responsible for good behavior on school computer networks. Independent access to network service is given to individuals who agree to act responsibly. Users are required to comply with District standards and to honor the access/usage agreements they have signed. Beyond clarification of user standards, the District is not responsible for restricting, monitoring, or controlling the communications of individuals utilizing the network independently.

The network is provided for users to conduct research and communicate with others. Within reason, freedom of speech and access to information will be honored. During school hours, teachers of younger children will guide their students to appropriate materials. Outside of school, families bear the same responsibility for such guidance as they exercise with information sources such as television, telephones, movies, radio, and other media that may carry/broadcast information.

NO PRIVACY GUARANTEE

The Superintendent/designee has the right to access information stored in any user directory, on the current user screen, or in electronic mail. S/he may review files and communications to maintain system integrity and ensure that individuals are using the system responsibly. Users should not expect files stored on District servers or through district-provided or sponsored technology services, to be private.

CHROMEBOOK USER AGREEMENT TERMS

Paris City Schools has initiated a 1:1 Chromebook initiative for students and teachers to embrace 21st Century Learning. Students will be using Chromebooks in the classroom as a part of routine instruction each day. After reading and returning the required agreement, students will be allowed to take their designated Chromebook home to continue school work; elementary school students may check out a Chromebook with parent permission. Please remember that Chromebooks are the property of the District and their contents may be viewed at any time. Students are expected to have their Chromebooks with them each day, fully charged and ready for use.

GOALS FOR STUDENT USERS

- Increase 21st Century Learning Skills
- Increase productivity and organization
- Increase student ownership of their learning and the learning process
- Utilize a wide array of digital educational materials

GUIDELINES

Student use of the Chromebook falls under the District Acceptable Use Policy for technology. Internet and Chromebook use will be monitored through district-level management software. Anyone found to be violating acceptable use will be disciplined. All software, applications, and documents stored on the Chromebook District are the property of the District and subject to review/monitoring.

Chromebooks should NOT:

- Be modified in any way other than instructed by administration or school personnel.
- Have applied marks, stickers, or other decorations placed on them or their case.
- Be exchanged with anyone.
- Have browsing history cleared or disabled.
- Be carried without being in the District-issued protective case.

- Have heavy objects placed on top of them.

Failure to comply with these guidelines will be treated as a violation of the District Acceptable Use Policy and will be handled according to the school discipline code.

CARE AND USE OF DISTRICT-ISSUED DEVICES

- Use a soft, lint-free towel to clean the screen—do not use spray or liquid cleaners.
- Make sure your hands are clean before using the device.
- Keep devices away from food and drink.
- Use only the included charger and a standard outlet to charge your device. Charge daily.
- Report software/hardware issues as soon as possible.
- Keep the district-issued device in a climate-controlled environment—do not expose it to extreme temperatures.

SAVING DOCUMENTS

Documents are saved with your Chromebook using cloud storage. This will require you to have a district-issued Google Apps for Education account. Using this account, you can save, export, and import documents. This allows you to access your documents from other devices via the Internet. You can also share your documents with other students or your teacher.

REPORTING TECHNICAL ISSUES

Errors or problems should be reported as soon as is practical. This can be done by informing school personnel so the issue can be addressed promptly. Damage due to a determined accidental cause will be addressed by the school through normal procedures. Damage due to negligence or carelessness will result in the student assuming financial responsibility for the replacement/repair of the Chromebook. Students taking the device from the school property must sign and submit the User Agreement Application. Student use of the Chromebook off school grounds may be revoked at any time by the administration.

SECURITY

Students should only use the district-supplied Google Apps for Education account. Students should never share their account passwords with others unless requested by an administrator, teacher, parent, or guardian.

Students are responsible for following the guidelines and rules outlined in the District Acceptable Use Policy. Violations of these policies may result in one or more of the following disciplinary actions:

- Restitution (money paid in compensation for theft, loss, or damage)
- Student/Parent Conference
- Removal of Unauthorized Files and Folders
- Restriction or Limitation of District Access Privileges
- Restriction or Limitation of Chromebook Use

- Short Term Suspension, in-school or out-of-school

GENERAL RULES

- After five (5) unexcused absences in a semester (or less by recommendation of Principal/DPP), the student may become a day user until regular attendance is established.

Please Remember:

- Devices may be monitored by the administration at any time.
- Administration reserves the right to take a District-issued device at any time.
- Teachers reserve the right to limit the device use during class.

DRESS CODE

The Paris Board of Education adopted a dress code policy for the entire school district. We believe that students should understand and appreciate the appropriate standards of dress. The Paris Board of Education expects educators to hold students accountable for appropriate school clothing. The District remains committed to developing individuals who are well-prepared for the demands of the future, including the expectations of appropriate attire.

Appropriate attire is expected for all who attend the District's schools. A school environment is not, nor should be, as casual as a social outing. A certain degree of decorum is expected. Some clarification of expectations follows:

GENERAL EXPECTATIONS

The wearing of any item that materially or significantly disrupts the educational process or threatens the health or safety of other students or staff members is prohibited. If a school/council chooses to develop a dress code, it shall be consistent with Board standards as set out in the District's Code of Acceptable Behavior and Discipline, which shall include, but not be limited to the following:

1. All garments must be of a type of material that will prevent exposure of undergarments or the body (For example- no see-through, mesh, etc.).
2. Any clothing, tattoos, make-up, or accessories that are or have patches, images, emblems, slogans, or words deemed unusual, disrespectful, prejudicial, profane, shocking, vulgar, or drugs/alcohol tobacco, sex, gang, or cult-related are prohibited.
3. Sunglasses are not to be worn in the school buildings except if approved by the principal for verified medical reasons.
4. In grades 4-12, students may only wear shirts, blouses, or dresses that have sleeves unless worn over a full shirt or blouse. At all grades, there will be NO bare midriffs, bare backs or low-cut necklines. For all grades, all shirts, blouses, or tops must extend completely to the lower garment; stomachs, upper back, and lower back must be covered at all times.
5. Pants, shorts, and skirts must be worn so that they are not sagging or exposing undergarments. Clothing with holes, exposing skin or undergarments above the knee, is banned.
6. Shorts, dresses, and skirts must be deemed appropriate by the administration and must be mid-thigh length or longer. (Exceptions to this rule apply for physical education classes during class time only— still no short shorts.)
7. Appropriate shoes or sandals must be worn at all times.
8. During the year, there may be special days when some departure from the dress code will be allowed by the school administration. These will be announced to all students.
9. The dress code may be stricter at individual schools based on SBDM decisions.

This code may be revised at any time during the school year by the Paris City Schools Board of Education. Students and parents will be notified of any changes.

The Board of Education expects that the dress code be enforced fairly and consistently within and across all schools.

The administrative staff at each school retains the right to determine what is an acceptable and modest appearance within the guidelines of this policy.

MILITARY RECRUITERS

Under current law, U.S. military recruiters have access to the names, addresses, and telephone numbers of secondary school students. A parent, guardian, or student may choose not to have this information released. To request that recruiters not receive information on a student, a Release of Information to Military Recruiters Opt-Out Form (available at each high school) must be completed and sent to the Superintendent's office. The opt-out request will remain in effect unless revoked by the parent/guardian or student.

WAIVER OF FEES

Students who qualify are eligible for fee waiver provisions for instructional resources, necessary school supplies, lab fees, etc. Parents must complete the required documentation to be eligible for exemption from payment of fees. Contact your school's office for more information.

NOTIFICATION OF RIGHTS UNDER FERPA FOR ELEMENTARY & SECONDARY SCHOOLS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights concerning the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the School receives an access request. Parents or eligible students should submit to the School principal a written request that identifies the record(s) they wish to inspect. The School principal will make access arrangements and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate. Parents or eligible students may ask the School to amend a record that they believe is inaccurate. They should write the School principal, clearly identify the part of the record they want changed, and specify why it is inaccurate. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record to fulfill his or her professional responsibility. Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

[NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.]

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW

REVIEW PROCEDURES

A committee representing schools, the Central Office, the Board of Education, students, parents, and the community developed this Code. Schools have distributed copies of the Code to all students and employees of the district and to parents of students, including those who enroll after the beginning of the school year. The Superintendent has directed that the Code be posted in each school, with the Principal being responsible for seeing that guidance counselors and other personnel discuss its contents with students in a timely and age-appropriate manner.

In addition, each school will reference the Code in the school's handbook(s). On request, the Principal shall provide help for non-English speaking, blind, deaf, or non-reading students and parents so that they can have access to the information contained in this Code. Each year, the Code Committee will review the Code in preparation for the coming school year. It welcomes suggestions as to how to improve this document. Individuals may send written comments to the address listed on the front cover and they will be forwarded to the Code Committee.
