# Forecast Purpose/Objectives

Ohio Department of Education's purposes/objectives for the five-year forecast are:

- 1. To engage the local board of education and the community in the long range planning and discussions of financial issues facing the school district.
- 2. To serve as a basis for determining the school district's ability to sign the certificate required by O.R.C. §5705.412, commonly known as the "412 certificate."
- 3. To provide a method for the Department of Education and Auditor of State to identify school districts with potential financial problems.

Forecast Methodology - This forecast is prepared based upon historical trends and current factors. This information is then extrapolated into estimates for subsequent years. The forecast variables can change multiple times throughout the fiscal year and while cash flow monitoring helps to identify unexpected variances no process is guaranteed. The intent is to provide the district's financial trend over time and a roadmap for decisions aimed at encouraging financial sustainability and stability.

Note: Cash balance (Line 7.020) plus any existing levy modeled as renewed or new during the forecast.

In FY 2024 a revenue surplus is expected. This means that expenditures are expected to be less than revenue by -\$1,206,055 in FY 2024. By the last year of the forecast, FY 2028, the district is expected to have a revenue shortfall where expenditures are projected to be greater than revenue by \$562,279 The district would need to cut its FY 2028 projected expenses by 3.16% in order to balance its budget without additional revenue.

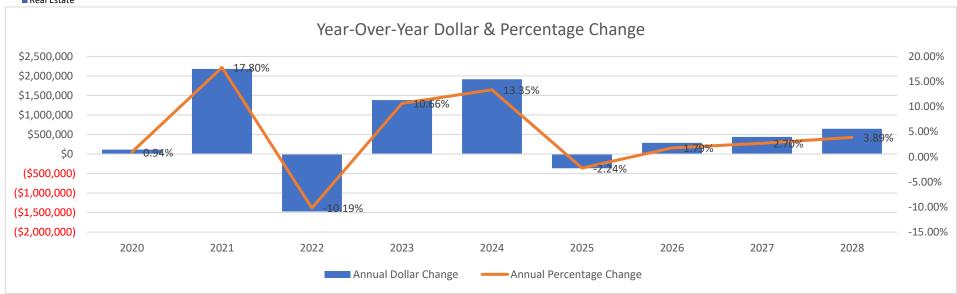

The district's cash balance is positive at year-end in FY 2024 and is projected to worsen by FY 2028. A worsening cash balance can erode the district's financial stability over time.

Ohio adopted the Fair School Funding Plan (FSFP) in FY 2022. The plan was continued with increasing phase-in of the formula results. In FY 2024 the per pupil base cost caclulations were updated from FY 2018 cost data to FY 2022. For Pleasant Local School District the calculated Base Cost total is \$10,143,646 in FY 2024. The Base Cost is currently calculated for two years using a statewide average from historical actual data.

For Pleasant Local School District the calculated Base Cost total is \$10,143,646 in FY 2024.

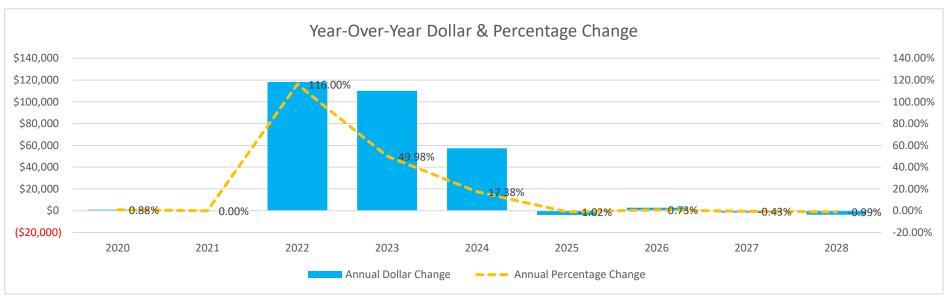

The state's share of the calculated Base Cost total is \$4,447,485 or \$3,572 per pupil.
