

Commissioner's Determination on Indoor Masking, December 10, 2021 – here are some highlights:

This determination explicitly prohibits mask breaks in schools. It also says if there are gatherings on school grounds (education related for e.g. Board of ed meeting, band/concert) if the school can't enforce a mask mandate they are advised to go virtual for that event. Further, in all public places, the requirement does not apply to indoor public areas that is requiring proof of vaccination-so mask or vaccination (either or). The determination expires January 15th
