Commitments

After completing the Student Interviews, discussing the Equity Self-Reflection, and reviewing recent data, including survey data, school teams should discuss what was learned and then review the document “[How Learning Happens](#),” particularly page 3. Then the team should ask, “**What should we prioritize to support our students and work toward the school we wish to be?**”

The team should take the answers to this question and identify 2 to 4 commitments for the 2022-23 school year. For each commitment, the team will identify strategies that will advance these commitments.

School teams have a lot of flexibility when selecting the commitments that are identified. There is no requirement that commitments must align with specific subject areas, as was required in the past. Any of the full statements that appear on page 3 of the [How Learning Happens](#) framework, such as “*Every child can see themselves reflected in teachers, leaders, curriculum, and learning materials*” could serve as a commitment. To be meaningful, it is important that the commitments be informed by the Student Interviews, Equity Self-Reflection, and review of recent data, and the commitments should connect to the school’s values and aspirations.

Strategies

After school teams identify their commitments, they should consider strategies that will allow the school to advance that commitment. School teams will need to identify how they will gauge success with this strategy, what the strategy entails, and any resources that are necessary to implement that strategy.

COMMITMENT 1

Our Commitment

<p>What is one commitment we will promote for 2022-23?</p>	<p>We are committed to fostering a positive school climate that strengthens relationships and creates a foundation for engaged learning.</p>
<p>Why are we making this commitment? <i>Things to potentially take into consideration when crafting this response:</i></p> <ul style="list-style-type: none"> • <i>How does this commitment fit into the school's vision?</i> • <i>Why did this emerge as something to commit to?</i> • <i>In what ways is this commitment influenced by the "How Learning Happens" document? The Equity Self-Reflection? Student Interviews?</i> • <i>What makes this the right commitment to pursue?</i> • <i>How does this fit into other commitments and the school's long-term plans?</i> 	<p>The mission of Charlotte Valley is <i>Empowering Students Today to Conquer the Challenges of Tomorrow</i>. Our goal is to engage all students in a manner that helps them understand the changing world they live in and how to navigate their world as an informed citizen. A community and staff climate survey and student interviews were conducted at the end of the 2021-2022 school year. Both provided useful feedback and data surrounding the school climate. Based on this data, school climate and culture will continue to be a top priority as we start the year. The hope is that as the climate of the district improves, so will our attendance rates and levels of academic achievement. Similarly, disciplinary referral numbers should diminish as students feel welcome and safe throughout the school day. As we improve our relationships with all stakeholders, we hope to foster an environment that is nurturing and valued by all members of the Charlotte Valley community. The district should and will be the center of support for our Wildcat students and their families.</p>

Evidence-Based Intervention

All CSI and TSI schools must implement at least one evidence-based intervention as part of its SCEP. The intervention identified must meet the criteria of a Tier 1, Tier 2, or Tier 3 evidence-based intervention under ESSA. More information can be found at: <http://www.nysed.gov/accountability/evidence-based-interventions>

Schools may choose **one of three options** for identifying their evidence-based intervention:

Option 1: Selecting a strategy from the **State-Supported Evidence Based Strategies** located at: <http://www.nysed.gov/accountability/state-supported-evidence-based-strategies>

Option 2: Selecting an evidence-based intervention **identified in one of three clearinghouses:** What Works Clearinghouse, Social Programs That Work, or Blueprints for Healthy Youth Development

Option 3: Reviewing research to identify its own evidence-based intervention that meets the criteria for ESSA evidence-based intervention Tier 1, Tier 2, or Tier 3 found at: <http://www.nysed.gov/accountability/evidence-based-interventions>

Directions: Place an "X" in the box next to the path the school has chosen for identifying its evidence-based intervention and follow the corresponding directions for that path.

If "X" is marked above, provide responses to the prompts below to identify the strategy and the commitment(s) it will support:

Our Team's Process

Background

NYSED requires that the SCEP is developed in consultation with parents and school staff, and in accordance with §100.11 of Commissioner's Regulations. All schools are expected to follow the guidelines outlined in the document "Requirements for Meaningful Stakeholder Participation" found at: <http://www.nysed.gov/common/nysed/files/programs/accountability/scep-requirements-stakeholder-participation.pdf> This section outlines how we worked together to develop our plan.

Learning As A Team

Directions

After completing the previous sections, the team should complete the reflective prompts below.

Student Interviews

Describe how the Student Interview process informed the team's plan

We interviewed students in grades 3-12; the collected data was reviewed by the team and themes extrapolated. For example, from student concerns about bullying, we created a School Climate Team that will address the themes identified in interviews.

Equity Self-Reflection

Describe how the Equity Self-Reflection informed the team's plan

The team's discussions of the Equity Self-Reflection led to strategies under Commitment 1 for increased student leadership, exploration of PBIS initiatives, and student-to-student mentoring.

Next Steps

Next Steps

1. **Sharing the Plan:**

- a. **CSI Schools:** As you develop your plan, please feel free to share the plan with your NYSED liaison for input when it would be helpful. When the SCEP team is satisfied with the plan, please indicate to your liaison that the school is ready to share its full plan for approval. Plans should be shared by August 1, 2022.
- b. **TSI Schools:** When your plan is ready for review, please share the plan with your District, which will approve your plan. Plans will need to be approved before the first day of the 2022-23 school year.
- c. **All Schools:** Ensure that the local Board of Education has approved the plan and that the plan is posted on the district website.

2. **Implementing the Plan** (for all schools):

- a. Ensure that the plan is implemented no later than the first day of school
- b. Monitor implementation closely and make adjustments as needed
- c. Ensure that there is professional development provided to support the strategic efforts described within this plan.
- d. Work with the district in developing the 1003 Title I School Improvement Grant application designed to support the implementation of the activities identified in the school and district plan.
