In an exciting development for our community, new athletic facilities Charlotte Valley are officially open to the public! Whether you're a seasoned athlete or just looking for a place to enjoy a leisurely workout, these upgraded facilities offer a range of activities for everyone.

Upgraded Synthetic Track

The highlight of the reopening is our upgraded synthetic track. Designed for both performance and safety, this facility is available for public use on weekends and during non-school hours when students are not utilizing it. Whether you're training for a race, walking, or enjoying a casual jog, the track provides an ideal space to stay active.

Pickleball Courts

In response to the growing popularity of the sport, Charlotte Valley has introduced five pickleball courts featuring new movable nets and blue painted lines specifically for pickleball. Gather your friends and practice your serves—these courts are perfect for both casual play and competitive matches.

Tennis Courts

For tennis enthusiasts, the facility boasts three well-maintained courts. Whether you're looking to improve your game or just want to hit some balls with friends, these courts are available to serve your needs.

Basketball Courts

Sports fans will also be pleased to find basketball options available, with two hoops located inside the tennis courts and another conveniently located near the bus garage. It's a great place to shoot some hoops, work on your skills, or engage in friendly competition.
