

LOGAN ELM MIDDLE SCHOOL

ELECTIVE SCHEDULING FOR 2023-2024

5th GRADE FAMILIES

The 2023-2024 school year will be exciting for many reasons; new building, new middle school grade-band that includes 6th grade, and more options for Impact and Elective Courses.

The basic schedule for all 6th grade students will include (not in this exact order):

ELA (Blocked for 2 periods)
Math (1 period)
Science (1 period)
Social Studies (1 period)
Impact (1 period)
Elective (1 period)

6th grade will eat lunch and then have a 30 minute Academic Enrichment period. This is a time for working on homework and getting necessary interventions or enrichments.

The Impact class will consist of the following subjects in a 1-period rotation, each for 9-weeks:

Art
Health
Physical Education
Technology

THE ELECTIVE PERIOD IS THE ONE CHOICE YOU WILL HAVE

6th graders will choose one of the following:

1. Band

Or

2. General Music (half of the year) / Guided Study (half of the year)

On Monday, March 27th, students will select whether they want to take "Band" or "General Music/Guided Study".

They will do this in class.
