Lorain High School

NOVEMBER EDITION

## LCCC Program Spotlight

Every month we will spotlight a different fast-track program at LCCC. Some programs can be completed in 16 weeks or less and all programs can lead to amazing career opportunities.

## Phlebotomy (Completed in one Semester)

A phlebotomist is the highly-trained professional who collects blood specimens as well as other body fluids for laboratory testing. In many environments, the role of phlebotomist has evolved to include many other responsibilities besides specimen collection, so education in basic laboratory testing procedures is essential.

Did you know the average salary in Ohio is \$36,000/year.

Reach out to request an appointment.

Need to see your counselor. Look for these posters and scan the QR Code or enter the bit.ly to sign up.

**Are you  
ready for  
the new  
FAFSA?**

Paying for college-Do you know the difference?

**Scholarships:** Achievement award-usually based on student performance

**Grants:** Gift that does not have to be repaid

**Loans:** Money you can borrow and pay back.

### Be ready for these changes to the FAFSA....

- The FAFSA will not open until December 2023 (Be Ready)
- There is no more EFC. FAFSA will now use a Student Aid Index.
- Everyone needs an FSA ID to complete the FAFSA.
  - Students can pick their contributor.
- Tax information is linked once you give consent through FAFSA.
  - The new FAFSA will be easier to complete.
  - No more discount for multiple students in college.

### Create Your FSA ID

To help you and your family prepare take the time now to create your FSA ID.

[Click Here for steps to create a FSA ID.](#)

**Looking for more information on the new FAFSA. Visit [www.studentaid.gov](http://www.studentaid.gov) for more information.**

**Have you been accepted to college?  
Share your acceptance letters with  
your counselor. We want to celebrate  
you on our acceptance wall!**

**USE COLLEGE  
NOW AS A  
RESOURCE.  
FIND THEM IN  
C211**
