# Dual-Enrollment College Composition: Unique situation

---

- This class is a unique situation. Students will earn college credit while still having somewhat of a high school experience. This class runs differently than ordinary HS courses: writing days, conference periods, a high set of expectations. If students are willing to write and spend about an hour reading and preparing outside of class for every hour spent in class, this will be enjoyable. If not, it will be quite a challenge.
- It's not a "write it the night before" type of class.
- A lot of energy and effort will fall on students.
- Two step registration process:
  - Students turn in [application packet](#) to either of the two instructors by JAN 17, and THEN:
  - Students apply directly to Stark State College [Admissions Application | Stark State College - North Canton, Ohio](#)
    - Must complete admissions application process and be accepted to Stark State by May 30th. If not complete or accepted, student will be moved to a Nardonia English 12 course.

STOP - Check your transcript. Is PE Waiver already listed? If so, you do NOT complete this step again. This only needs to be completed ONCE during your 4 years of HS.

## How to Earn a PE Waiver

- You must complete 2 seasons of a high school sport or marching band in order to waive the graduation requirement of completing a half credit (.5) of PE
- It does not have to be the same sport
- You can use one season of a sport and one season of marching band
- You may not combine one sport and complete a quarter credit (.25) of PE to earn the waiver
- If a student earns a waiver, they must complete an additional half (.5) credit of an elective of their choice, totaling 5 ele. credits

# SPECIAL SCHEDULING CONSIDERATIONS

## CVCC Students

- CVCC students should register for the 2nd year of their program and remaining academic requirements (typically English, Math, & Science) at NHS.
- If your CVCC program includes an English course at CVCC, you should then request an elective credit in your NHS schedule.

## CCP Students

(not including College Comp I/II at NHS)

- Schedule as if you will be here at NHS full-time
- Students should meet with Mrs. Ross to discuss CCP classes
- **Once you turn in your CCP schedule to Mrs. Ross, your schedule will be changed accordingly**

# Senior Experience (7th period early release)

- Seniors have the option to request 9901 Senior Experience (7th period release) - in place of study hall
- Senior Experience is not guaranteed and may conflict with other courses that you have chosen
- You must still have 6 credits requested in your schedule

# What if I change my mind?

## Schedule Changes/Dropping Classes

**YES!** You can change course requests BEFORE the first day of class.

**AND NO!** You cannot change course requests AFTER the first day of school.

### EXCEPTIONS

1. Scheduling conflict that cannot be resolved.
2. Changes necessitated by failures.
3. Satisfactory completion of a course in summer school.
4. A technical error was made in the process of scheduling the student's requests.

- o Students will have the opportunity to register for online credit recovery for failed courses (fee required).
- o The only courses available for first-time (original) credit will be: Health, PE, and Financial Literacy (fee required).
- o Please see your school counselor for further information.

- For more detailed information, click one of the links to the right 

## What are Honors Diplomas?

High school students can gain state recognition for exceeding Ohio's graduation requirements through an honors diploma. To meet honors diploma requirements, students challenge themselves by taking and succeeding at high-level coursework and in real-world experiences.
