

October 2021

Dear families:

On behalf of Marion City Schools, we would like to invite you to participate in a fun and exciting program designed to help your child with school now and in the future!

The 21st Century On Demand Program is a *free* after school program that allows students and families to access academic enrichment, positive youth development experiences, and family learning opportunities.

It's for the family! The 21st Century On Demand Program fosters positive youth development and engages families in exciting activities kits along with exclusive access to other community programming throughout Marion.

It's Flexible! Programming is accessible both as an in person option and for students who are enrolled in our Blended Learning Programs.

The Nita M. Lowry 21st Century Community Learning Center offered by Marion City Schools as the 21 On Demand Program, is on a first come first serve basis. Due to limited space, please return your enrollment forms to your child's school office as soon as possible. If the program is filled, you will be notified and your child will be placed on a waiting list. If you wish to decline, please return the decline letter, found at the back of this packet to your child's school office.

Space is limited so sign up today! Questions? Contact Lisa Morgan, 21st Century Program Manager at 740-223-4426 or email at lmorgan@mcspresidents.org.

We look forward to seeing you!

Sincerely,

Lisa Morgan
21st Century Program Manager
