### What is taught in Good News Clubs?

Each week teachers present an exciting Bible lesson using colorful materials from CEF Press. This action-packed time also includes songs, scripture memory, a mission story and review games or other activities focused on the lesson's theme.

### Can we really teach the Bible in Public Schools?

Yes! The Supreme Court ruled in 2001 in Good News Clubs vs Milford Central School that GNC can meet in public schools after school hours. Public school GNC's are an asset to schools and do not add any cost or liability to the school district. Children who wish to participate stay after school at least one hour per week and must have a signed parental permission slip. Parents and guardians arrange for transportation home.
