

GW Community Members,

Welcome back! We are excited to be joining the GW community as your new building administrators. We are eager to meet our GW students and families, and we wish to partner with you to Inspire a Community of Achievement (our MCS Mission).

Our GW staff has been working diligently to prepare for the upcoming school year. As many of you were able to see at Open House, the building looks great. Our custodial team did an outstanding job of preparing the school for us. Our teachers have been getting their rooms ready, and we are ready to welcome students.

Our GW pledge focuses us on what we value as a school community. Our pledge is, "I am GW proud. I am respectful, responsible, and kind." As we go through daily school life, we will be watching for and recognizing students for being respectful, responsible, and kind. We have high expectations for our students, and we ask that you support us by having the same expectations for your child(ren) of being respectful, responsible, and kind.

This year, we are implementing a new literacy program. We have had the opportunity to have professional development with the new resources. We will share more information as we get into this work in the weeks and months ahead. You may see or hear of some new things as part of the new program. If you have any questions, please feel free to contact one of us in the main office.

It is going to be a great year. If you need anything from us throughout the year, please feel free to contact the school office.

Your partners in education,

Luke Carlisle
GW Principal

Allie Schumacher
GW Assistant Principal
