About Marion City Schools

At Marion City Schools, we want to inspire a community of achievement. We offer innovative experiences, educational options and learning programs not available in surrounding school districts. We search for ways to prepare students for not only academic success but success in college and careers as well. Our Four Pillars follow four distinct themes including Leadership, Learning, Literacy and Legacy. We want our students to leave high school with not only their diploma, but also acceptance into a two or four-year college, an adult training program, the military, or a high-paying, in-demand job.
